

Question 1

The encryption scheme providing security for data transmission on a wireless network is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=280605>

Question 2

Streaming transmission of radio or a concert is done via a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=280810>

Question 3

Some people complain that when a job is automated, it is _____, requiring less expertise.

- A) up-skilled
- B) reverse engineered
- C) de-skilled
- D) authenticated

Answer: <https://biology-forums.com/index.php?topic=281181>

Question 4

A business organization's environment includes all of the following EXCEPT:

- A) competitors.
- B) employees.
- C) customers.
- D) stockholders.

Answer: <https://biology-forums.com/index.php?topic=281263>

Question 5

A(n) _____ computer sends requests from the user to the server.

Answer: <https://biology-forums.com/index.php?topic=280572>

Question 6

Many laws and rules of organizations are reflections of

- A) requirements of specific people within organizations.
- B) moral principles.
- C) computer professionals.
- D) beliefs of individuals within the organization.

Answer: <https://biology-forums.com/index.php?topic=278973>

Question 7

An advantage of a downloadable font is

- A) that the curves and lines on the font are smooth.
- B) they are less expensive.
- C) they are easily moved to another computer.
- D) there are fewer pixels.

Answer: <https://biology-forums.com/index.php?topic=279818>

Question 8

Digital references include all EXCEPT:

- A) dictionaries.
- B) atlases.
- C) databases.
- D) almanacs.

Answer: <https://biology-forums.com/index.php?topic=279758>

Question 9

Computer crime often goes unreported because businesses fear negative publicity.

[br]Is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280946>

Question 10

A(n) _____ file is about one-tenth the size of a CD file.

- A) AAC
- B) WAV
- C) MP3
- D) MIDI

Answer: <https://biology-forums.com/index.php?topic=281087>

Question 11

_____ are prerecorded radio- and TV-like shows that you can download and listen to or watch any time.

Answer: <https://biology-forums.com/index.php?topic=281122>

Question 12

A typical knowledge base contains

- A) only facts.
- B) only a system of rules.
- C) neither facts nor a system of rules.
- D) both facts and a system of rules.

Answer: <https://biology-forums.com/index.php?topic=281594>

Question 13

Most Web-based email systems use _____ to retrieve mail and store the messages in a folder on a remote mail server.

- A) Listserv
- B) POP
- C) groupware
- D) P2P

Answer: <https://biology-forums.com/index.php?topic=280496>

Question 14

An alternative to Paypal is Google _____.

Answer: <https://biology-forums.com/index.php?topic=281406>

Question 15

_____ contain both data and instructions and can send and receive messages.

Answer: <https://biology-forums.com/index.php?topic=281528>

Question 16

_____ memory uses hard drive space when there isn't enough room in memory for data and idle instructions.

Answer: <https://biology-forums.com/index.php?topic=279707>

Question 17

The number of newspapers sold on May 30 would be kept in a _____ field.

- A) date
- B) numeric
- C) text
- D) key

Answer: <https://biology-forums.com/index.php?topic=280175>

Question 18

The typical computer criminal is a(n)

- A) young hacker.
- B) trusted employee with no criminal record.
- C) trusted employee with a long, but secret criminal record.
- D) experienced hacker.

Answer: <https://biology-forums.com/index.php?topic=280849>

Question 19

MIDI would include all of the following EXCEPT _____.

- A) trumpet
- B) voices
- C) keyboard
- D) drum

Answer: <https://biology-forums.com/index.php?topic=280064>

Question 20

Examples of broadband technologies include all of the following EXCEPT:

- A) DSL.
- B) dial-up.
- C) fiber-optic.
- D) All are broadband connections

Answer: <https://biology-forums.com/index.php?topic=280469>

Question 21

Connectivity for a new computer means

- A) allowing a printer to be connected to it.
- B) having a modem and/or network connection to communicate with other computers.
- C) connecting the software to the hardware of the system.
- D) connecting a mouse, a keyboard, and a printer—all essential hardware pieces for the average user.

Answer: <https://biology-forums.com/index.php?topic=279351>

Question 22

When collaborating with others on a project, it is helpful to _____ your documents so that all parties can edit and update the project.

Answer: <https://biology-forums.com/index.php?topic=281161>

Question 23

More than likely, we will see more _____ intelligence technology in future databases.

Answer: <https://biology-forums.com/index.php?topic=280379>

Question 24

Early work in _____ focused on games such as checkers and chess.

Answer: <https://biology-forums.com/index.php?topic=281621>

Question 25

In _____ view, the database program shows the data one record at a time.

Answer: <https://biology-forums.com/index.php?topic=280328>

Question 26

The two forms of IOS are business _____ and EDI.

Answer: <https://biology-forums.com/index.php?topic=281334>

Question 27

The elaborate, extensive network of networks that has changed how people work and communicate is known as the _____.

Answer: <https://biology-forums.com/index.php?topic=278887>

Question 28

Engelbart is widely recognized for his vision of a

- A) keyboard.
- B) mouse.
- C) monitor.
- D) multiprocessor system.

Answer: <https://biology-forums.com/index.php?topic=279812>

Question 29

In the 1970s, Xerox developed _____, which continues to be a popular networking architecture.

- A) Wi-Fi

- B) the Internet
- C) extranet
- D) Ethernet

Answer: <https://biology-forums.com/index.php?topic=280417>

Question 30

All of the following are top-level domains EXCEPT _____.

- A) .com
- B) .mil
- C) .army
- D) .org

Answer: <https://biology-forums.com/index.php?topic=280665>

Question 31

To represent values larger than 255, processor designers combine bytes. Two bytes, with 16 bits, can represent all the numbers from 0 to _____.

- A) 100,000
- B) 65,535
- C) 256
- D) 1,000,000

Answer: <https://biology-forums.com/index.php?topic=279046>

Question 32

A CD-ROM drive is the oldest type of optical drive.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279424>

Question 33

All EXCEPT _____ are music file formats.

- A) AAC
- B) MP3
- C) WMA
- D) SWF

Answer: <https://biology-forums.com/index.php?topic=279998>

Question 34

The hardware device commonly referred to as the "brain" of the computer is the

- A) RAM chip.
- B) printer.
- C) CPU.
- D) secondary storage.

Answer: <https://biology-forums.com/index.php?topic=279027>

Question 35

The user-oriented macro language is also called a _____ language.

Answer: <https://biology-forums.com/index.php?topic=281554>

Question 36

All of the following are examples of pointing devices used in painting software EXCEPT:

- A) mouse.
- B) joystick.
- C) keyboard.
- D) stylus.

Answer: <https://biology-forums.com/index.php?topic=280017>

Question 37

Computers have changed the way humans go about their day-to-day lives. Events and ideas radically change the way people work, live, and think.

This dramatic change is known as a(n)

- A) paradigm shift.
- B) industrial revolution within a country.

- C) shift in traditions.
- D) counterculture.

Answer: <https://biology-forums.com/index.php?topic=278932>

Question 38

In ASCII, _____ characters can be created.

- A) 255
- B) 1,024
- C) 256
- D) 128

Answer: <https://biology-forums.com/index.php?topic=279044>

Question 39

The rules for how data is exchanged between devices is known as a(n)

- A) protocol.
- B) algorithm.
- C) procedure.
- D) code.

Answer: <https://biology-forums.com/index.php?topic=280471>

Question 40

_____ founded Amazon.com.

- A) Alan Kay
- B) Jeff Bezos
- C) Steve Jobs
- D) Andy Grove

Answer: <https://biology-forums.com/index.php?topic=281361>

Question 41

Many of the jobs that have existed for hundreds of years are no longer needed due to

- A) computer crime.
- B) voice recognition software.
- C) poor ethical and moral decisions.
- D) automation.

Answer: <https://biology-forums.com/index.php?topic=278982>

Question 42

Hackers who hijack legitimate Web sites and redirect users to other sites are called

- A) hackers.
- B) Trojan horses.
- C) Webjackers.
- D) denial-of-service attackers.

Answer: <https://biology-forums.com/index.php?topic=280906>

Question 43

Bills, receipts, and packing lists are examples of _____ in a TPS.

- A) data warehouses
- B) batch processes
- C) action documents
- D) user inquiries

Answer: <https://biology-forums.com/index.php?topic=281274>

Question 44

When an instructor writes on a(n) _____ whiteboard, all information can be sent to a PC, simplifying and streamlining the note-taking process for meetings and classes.

Answer: <https://biology-forums.com/index.php?topic=279434>

Question 45

A computer system performs all of the following basic functions EXCEPT:

- A) output.
- B) input.
- C) networking.
- D) processing.

Answer: <https://biology-forums.com/index.php?topic=281248>

Question 46

_____ analysis is used by a DSS to vary the value of key input variables systematically and project output as each input variable is changed.

Answer: <https://biology-forums.com/index.php?topic=281347>

Question 47

Experts debate whether Internet addiction is a true addiction or simply a compulsion.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280769>

Question 48

Every host computer on the Internet has a(n) _____.

- A) similar IP address
- B) unique 15-digit number
- C) unique IP address
- D) DNS

Answer: <https://biology-forums.com/index.php?topic=280647>

Question 49

Digital video technology is being replaced by analog video technology.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280084>

Question 50

When you are using Google Docs, files are saved _____.

Answer: <https://biology-forums.com/index.php?topic=281160>

Question 51

A logical group of 8 bits is also known as a(an)

- A) hexadecimal code.
- B) octet.
- C) port.
- D) unique.

Answer: <https://biology-forums.com/index.php?topic=279084>

Question 52

Bitmapped graphics are also called _____ graphics.

Answer: <https://biology-forums.com/index.php?topic=280096>

Question 53

When corporations set up _____, their employees can commute to smaller offices closer to their homes.

- A) satellite offices
- B) virtual offices
- C) electronic cottages
- D) e-commerce sites

Answer: <https://biology-forums.com/index.php?topic=281041>

Question 54

Real estate agents can use a(n) _____ to view property data with extra information (such as schools, owner information, and city limits).

- A) GIS
- B) MIS
- C) EDI
- D) DSS

Answer: <https://biology-forums.com/index.php?topic=281293>

Question 55

Voice recognition systems that are speaker _____ have the ability to recognize speech without being trained by the person talking.

Answer: <https://biology-forums.com/index.php?topic=281639>

Question 56

Psychologists are interested in the field known by the acronym _____ because it provides new insights into natural intelligence and the workings of the human brain.

Answer: <https://biology-forums.com/index.php?topic=281618>

Question 57

T1 connections transmit data at this speed:

- A) 1 Mbps.
- B) 1.5 Mbps.
- C) 45 Mbps.
- D) 1 Gbps.

Answer: <https://biology-forums.com/index.php?topic=280441>

Question 58

The field of _____ deals with the way hardware and software work together.

- A) MIS
- B) computer theory
- C) software engineering
- D) computer architecture

Answer: <https://biology-forums.com/index.php?topic=281512>

Question 59

Which of the following statements best reflects the purpose of publishing?

- A) Publishing is a competitive business; therefore, you should use a lot of bells and whistles on your documents.
- B) Use as much technology as possible regardless of the outcome.
- C) Communication is important in publishing.
- D) It is most important to keep costs down in the publishing industry.

Answer: <https://biology-forums.com/index.php?topic=279845>

Question 60

A 3-D _____ program adds three-dimensional effects to graphic objects.

Answer: <https://biology-forums.com/index.php?topic=281114>

Question 61

Google's original algorithm was written to improve the way search engines looked for Web pages by

- A) counting the number of times other related Web pages linked to it.
- B) counting the number of times the key word or phrase appeared on the page.
- C) counting the number of hits the page had received from the linked page.
- D) having humans examine and rate each page.

Answer: <https://biology-forums.com/index.php?topic=280237>

Question 62

The _____ is the most common input device.

- A) mouse
- B) keyboard
- C) monitor
- D) printer

Answer: <https://biology-forums.com/index.php?topic=279251>

Question 63

Alpha testing is done in the _____ phase of the SDLC.

- A) implementation
- B) development
- C) design

D) analysis

Answer: <https://biology-forums.com/index.php?topic=281497>

Question 64

A(n) _____ is a machine controlled by a computer and designed to perform specific manual tasks.

- A) singularity
- B) expert system
- C) robot
- D) parser

Answer: <https://biology-forums.com/index.php?topic=281612>

Question 65

Open source fonts that work for both the Macintosh and Windows platforms are called _____.

Answer: <https://biology-forums.com/index.php?topic=279889>

Question 66

Some businesses replace PCs with _____, which are low-cost, low-maintenance machines that can access network information but cannot function without a server.

- A) PDAs
- B) laptops
- C) thin clients
- D) Macs

Answer: <https://biology-forums.com/index.php?topic=281017>

Question 67

A _____ is an example of input for an information system.

- A) financial report
- B) screen display
- C) paycheck
- D) sales transaction

Answer: <https://biology-forums.com/index.php?topic=281264>

Question 68

A negative aspect of laptop computers is

- A) the low price, thus low quality.
- B) the relatively high price and upgrade difficulties.
- C) their nonportability because they all weigh at least 10 pounds.
- D) the unlikelihood that the same high quality software on desktop PCs can be loaded onto a portable.

Answer: <https://biology-forums.com/index.php?topic=278925>

Question 69

When a bank teller takes on more responsibilities because the job is computerized, that job has been

- A) up-skilled.
- B) reverse engineered.
- C) de-skilled.
- D) authenticated.

Answer: <https://biology-forums.com/index.php?topic=281182>

Question 70

Wi-Fi technology can reach a range of 5 to 10 meters.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280540>

Question 71

When a browser needs to initiate a request before any information is delivered it's called _____ technology.

Answer: <https://biology-forums.com/index.php?topic=280838>

Question 72

A change in thinking that results in a new way of seeing the world is called a _____.

Answer: <https://biology-forums.com/index.php?topic=279000>

Question 73

Binary means

- A) there are two possibilities, on and off.
- B) the same as a byte, 8 bits.
- C) there are three options; 0, 1, and 2.
- D) that computers really need to have three or more options.

Answer: <https://biology-forums.com/index.php?topic=279038>

Question 74

The higher the resolution of a monitor, the

- A) larger the pixels.
- B) closer together the pixels.
- C) further apart the pixels.
- D) less clear the screen is.

Answer: <https://biology-forums.com/index.php?topic=279295>

Question 75

In 1943, the founding father of IBM predicted that the world would not need more than

- A) 500 computers.
- B) 5 computers.
- C) 300,000 computers.
- D) 3 computers per business.

Answer: <https://biology-forums.com/index.php?topic=278970>

Question 76

Computer professionals sometimes use the acronym _____ for input and output.

Answer: <https://biology-forums.com/index.php?topic=279430>

Question 77

When a user and a program react to one another within a modeling arena, it is known as a(n) _____ loop.

Answer: <https://biology-forums.com/index.php?topic=279925>

Question 78

The _____ phase of the SDLC includes end-user education and training, equipment replacement, and file conversion.

- A) implementation
- B) maintenance
- C) development
- D) design

Answer: <https://biology-forums.com/index.php?topic=281498>

Question 79

When a user purchases software, _____ is actually purchased.

- A) a license to use the software
- B) a set-up of CDs, therefore, the software itself
- C) digital rights management
- D) an open agreement allowing the user to copy the software

Answer: <https://biology-forums.com/index.php?topic=279523>

Question 80

Most business reports arrange data in tables with columns for individual records and rows for selected fields.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280304>

Question 81

The memory that stores the computer's date, time, and calendar is the

- A) RAM.
- B) flash memory.

- C) register.
- D) CMOS.

Answer: <https://biology-forums.com/index.php?topic=279067>

Question 82

The internal clock of a computer system is the

- A) software that shows the time on the taskbar.
- B) timing device that processes all instructions input into the computer.
- C) timing device that produces electrical pulses to synchronize the computer's operations.
- D) device that is the newest and most modern in a computer system.

Answer: <https://biology-forums.com/index.php?topic=279053>

Question 83

_____ is the term used for creation of worldwide businesses and markets.

Answer: <https://biology-forums.com/index.php?topic=281225>

Question 84

A manager at the _____ level deals with supervising the day-to-day activities of a business.

Answer: <https://biology-forums.com/index.php?topic=281338>

Question 85

Today, many people say DVD stands for _____ versatile disc because these high-capacity discs are used to store and distribute all kinds of data.

Answer: <https://biology-forums.com/index.php?topic=279464>

Question 86

The process of turning specifications into an actual working system occurs during the _____ phase.

- A) design
- B) analysis
- C) development
- D) implementation

Answer: <https://biology-forums.com/index.php?topic=281496>

Question 87

The Code Red worm attacked servers running operating systems from the company _____.

Answer: <https://biology-forums.com/index.php?topic=280978>

Question 88

Both viruses and _____ use computer hosts to replicate.

Answer: <https://biology-forums.com/index.php?topic=280976>

Question 89

Google _____ is a free application that enables users to store, create, edit, and share documents online by using their Google account.

Answer: <https://biology-forums.com/index.php?topic=281159>

Question 90

The process of creating motion from still pictures is called

- A) sampling.
- B) 3-D modeling.
- C) transition.
- D) animation.

Answer: <https://biology-forums.com/index.php?topic=279977>

Question 91

During the _____ age, the U.S. educational system was developed.

- A) agricultural
- B) information
- C) mechanical
- D) industrial

Answer: <https://biology-forums.com/index.php?topic=281189>

Question 92

_____ uses computers to create abstract replicas of objects, organisms, and processes.

Answer: <https://biology-forums.com/index.php?topic=279923>

Question 93

The greater than and less than symbols are examples of _____.

Answer: <https://biology-forums.com/index.php?topic=281061>

Question 94

An enterprise resource planning system

- A) increases the quality of the data of a transaction subsystem.
- B) decreases the costs for a business.
- C) increases information sharing between business processes.
- D) decreases the complexity of business systems.

Answer: <https://biology-forums.com/index.php?topic=281279>

Question 95

The four phases of predicting the future serve as a framework for thinking about

- A) tomorrow's technology.
- B) tomorrow's economy.
- C) improvements needed in completing tasks.
- D) a foolproof crystal ball.

Answer: <https://biology-forums.com/index.php?topic=278978>

Question 96

The kind of information a field can hold is determined by

- A) data type.
- B) number of records in the field.
- C) field size.
- D) default value.

Answer: <https://biology-forums.com/index.php?topic=280279>

Question 97

The accessibility of graphics and image processing tools have brought about an increased need for

- A) visual communication skills.
- B) keyboarding skills.
- C) artistic skills.
- D) less expensive computers.

Answer: <https://biology-forums.com/index.php?topic=278981>

Question 98

One part of the Internet is the World Wide _____, which contains interlinked documents made up of text and images.

Answer: <https://biology-forums.com/index.php?topic=278875>

Question 99

To enable customers to check their email using their laptop, a coffee shop may provide a _____, which is a publicly accessible wireless access point.

Answer: <https://biology-forums.com/index.php?topic=280603>

Question 100

_____ reality user interfaces create the illusion that the user is immersed in a world inside the computer to some degree.

Answer: <https://biology-forums.com/index.php?topic=279728>

Question 101

Each still picture in a video, known as a(n) _____, is displayed by the computer in rapid succession to create the appearance of motion.

Answer: <https://biology-forums.com/index.php?topic=280120>

Question 102

When a computer is off, what is in RAM?

- A) the operating system
- B) the BIOS
- C) the software applications
- D) nothing

Answer: <https://biology-forums.com/index.php?topic=279548>

Question 103

Microsoft Outlook is an example of a(n) _____, which is used to manage email, calendar, and tasks.

Answer: <https://biology-forums.com/index.php?topic=281102>

Question 104

A(n) _____ is a larger, planned update that addresses multiple problems or adds multiple features.

- A) service pack
- B) patch
- C) update
- D) hotfix

Answer: <https://biology-forums.com/index.php?topic=281101>

Question 105

Disk drives that are not found inside the system unit and are instead connected with cables are called _____ drives.

Answer: <https://biology-forums.com/index.php?topic=278868>

Question 106

The UNIVAC I was purchased by _____ and delivered to the U.S. Census Bureau in 1951.

- A) Underwood
- B) Remington Rand
- C) IBM
- D) the Germans

Answer: <https://biology-forums.com/index.php?topic=278966>

Question 107

Data mining is

- A) batch processing using files stored on a mainframe computer.
- B) finding and extracting hidden predictive information from the data in large databases.
- C) a specialized type of program that is used in the mining industry.
- D) creating a database warehouse from many smaller databases.

Answer: <https://biology-forums.com/index.php?topic=280223>

Question 108

An extensive network of interconnected networks is known as

- A) the Internet.
- B) the World Wide Web.
- C) a firewall.
- D) a LAN.

Answer: <https://biology-forums.com/index.php?topic=278859>

Question 109

Browsers can be enhanced with software extensions called plug-ins.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280753>

Question 110

Small Java programs that are automatically downloaded onto a client computer are called _____.

Answer: <https://biology-forums.com/index.php?topic=280812>

Question 111

In a database table, a _____ is all the information related to one person, product, or event.

- A) table
- B) report
- C) field
- D) record

Answer: <https://biology-forums.com/index.php?topic=280167>

Question 112

The following calculating tool had an immediate and profound effect on the human race:

- A) abacus
- B) mandrel
- C) handicraft
- D) lathe

Answer: <https://biology-forums.com/index.php?topic=278955>

Question 113

A touchpad responds to

- A) light.
- B) pressure.
- C) clicking.
- D) the sense of heat from fingertips.

Answer: <https://biology-forums.com/index.php?topic=279262>

Question 114

RAM chips are usually grouped on small circuit boards called

- A) CMOS.
- B) ROM.
- C) DIMMs.
- D) RAM boards.

Answer: <https://biology-forums.com/index.php?topic=279069>

Question 115

A(n) _____ virus attaches itself to a document that contains embedded programs to automate tasks.

Answer: <https://biology-forums.com/index.php?topic=280973>

Question 116

_____ IP addresses are commonly used for computers that are temporarily connected to the Internet.

Answer: <https://biology-forums.com/index.php?topic=280784>

Question 117

In _____ language, a programmer might type a command such as SUB, and the computer would translate that to the machine level equivalent such as 10110111.

Answer: <https://biology-forums.com/index.php?topic=281550>

Question 118

A flower company working closely with a credit card company to handle the store's payment logistics is an example of a business _____.

Answer: <https://biology-forums.com/index.php?topic=281336>

Question 119

A video _____ converts analog video signals from a TV broadcast or videotape into digital data.

Answer: <https://biology-forums.com/index.php?topic=280122>

Question 120

The Chart _____ can be used in Excel to help create a pie chart.

Answer: <https://biology-forums.com/index.php?topic=279918>

Question 121

The main outcome of the early automatic language translation efforts was the realization that

- A) translation without understanding is impossible.
- B) automatic translation is more effective than humans.
- C) computers had very few issues with automatic translation..
- D) computers can accurately translate 99 percent of the text.

Answer: <https://biology-forums.com/index.php?topic=281588>

Question 122

_____ translates the user's handwritten forms into computer-readable characters.

- A) Digitizers
- B) Scanners
- C) Optical mark readers
- D) Handwriting recognition software

Answer: <https://biology-forums.com/index.php?topic=279379>

Question 123

A standard interface used to send commands between computers and musical instruments is

- A) MP3.
- B) DRM.
- C) MIDI.
- D) AAC.

Answer: <https://biology-forums.com/index.php?topic=280005>

Question 124

Computer users can customize their computers by inserting special-purpose circuit boards called _____ cards.

Answer: <https://biology-forums.com/index.php?topic=279245>

Question 125

Bandwidth is measured in bits.
[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280528>

Question 126

Creating form letters can be done by _____ the information from the database and preparing the letter in a word processing tool.

Answer: <https://biology-forums.com/index.php?topic=280373>

Question 127

MS-DOS stands for _____ Disk Operating System.

Answer: <https://biology-forums.com/index.php?topic=279696>

Question 128

One example of a PIM is _____.

- A) Outlook
- B) SQL Server
- C) Access
- D) MapQuest

Answer: <https://biology-forums.com/index.php?topic=280194>

Question 129

A set of concepts and ideas designed to look like some kind of system is a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279927>

Question 130

One example of software that can create visual aids for lectures, training sessions, and sales demonstrations is Microsoft _____.

Answer: <https://biology-forums.com/index.php?topic=280118>

Question 131

A _____ file is a file allocated to noncontiguous clusters.
A) fragmented.
B) tracked.
C) blocked
D) scattered

Answer: <https://biology-forums.com/index.php?topic=279575>

Question 132

In a client/server environment, a desktop computer is known as the _____.

Answer: <https://biology-forums.com/index.php?topic=280363>

Question 133

Examples of CSFs include all of the following EXCEPT:

- A) quality customer service.
- B) loose control of manufacturing costs.
- C) correct pricing of products and services.
- D) efficient use of employees.

Answer: <https://biology-forums.com/index.php?topic=281298>

Question 134

A typical problem for machine translation is

- A) tone inflection.
- B) the limited vocabulary of natural language.
- C) the use of accents.
- D) the amount of knowledge required to understand the meaning of words.

Answer: <https://biology-forums.com/index.php?topic=281590>

Question 135

A common compression utility program is

- A) Winamp.
- B) Stuffit.
- C) Macintosh.
- D) Photoshop.

Answer: <https://biology-forums.com/index.php?topic=278857>

Question 136

The view that allows several records at a time to be viewed is

- A) field view.
- B) list view.
- C) form view.
- D) layout view.

Answer: <https://biology-forums.com/index.php?topic=280281>

Question 137

T1 and T3 connections are considered _____ connections.

- A) direct
- B) dial-up
- C) DSL
- D) slow-speed

Answer: <https://biology-forums.com/index.php?topic=280520>

Question 138

Advanced word-processing features include all of the following EXCEPT creation of

- A) alternate headers and footers.
- B) variable-width columns.
- C) detailed architectural drawings.
- D) styles.

Answer: <https://biology-forums.com/index.php?topic=279752>

Question 139

Restarting a computer is also known as rebooting.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279644>

Question 140

The _____ ratio is the fractional relationship between the width and height of a display.

Answer: <https://biology-forums.com/index.php?topic=279478>

Question 141

The _____ is an area of Access where you can view the security and privacy settings for your Access installation.

Answer: <https://biology-forums.com/index.php?topic=281056>

Question 142

Yahoo!, MSN, and AOL/Netscape are examples of _____.

- A) servers
- B) ISPs
- C) Web directories
- D) portals

Answer: <https://biology-forums.com/index.php?topic=280726>

Question 143

_____ feasibility may find our systems do not have sufficient information-processing capacity to handle the number of people who will use the system.

- A) Organizational
- B) Operational
- C) Economic
- D) Technical

Answer: <https://biology-forums.com/index.php?topic=281490>

Question 144

This type of drive is popular for storing data files created on publicly used computers (such as at a school):

- A) hub.
- B) CD.
- C) PC card.
- D) USB flash drive.

Answer: <https://biology-forums.com/index.php?topic=279407>

Question 145

_____ is the ability to save, share, search, and audit electronic documents throughout their life cycle.

Answer: <https://biology-forums.com/index.php?topic=281103>

Question 146

In general, computer modeling is the use of computers to create

- A) clothing and accessories for sale over the Internet.
- B) replicas of engineering drawings.
- C) clay models for commercials.
- D) abstract models.

Answer: <https://biology-forums.com/index.php?topic=279799>

Question 147

A(n) _____ information system has many components including an internal operations database, analytical models, and external databases.

Answer: <https://biology-forums.com/index.php?topic=281345>

Question 148

Dehumanization of work is often caused by which of the following:

- A) advances in automation.
- B) the hazards of high-tech crime.
- C) the difficulty of protecting one's intellectual property in the digital age.
- D) high-tech surveillance devices.

Answer: <https://biology-forums.com/index.php?topic=278980>

Question 149

An example of an object in a computer program might be

- A) an on-screen button.
- B) a single mouse click.
- C) the number 3.
- D) a double click.

Answer: <https://biology-forums.com/index.php?topic=281476>

Question 150

A(n) _____ field shows results of a calculation done using values in other numeric fields.

Answer: <https://biology-forums.com/index.php?topic=280318>

Question 151

These systems are helpful to people who cannot use their hands while they work:

- A) analog-to-digital converter.
- B) videoconferencing.
- C) speech recognition.
- D) OCR readers.

Answer: <https://biology-forums.com/index.php?topic=279386>

Question 152

Many phone companies offer _____, a technology for bringing broadband connections to homes and small businesses by sharing the copper telephone lines that carry voice calls.

- A) DSL
- B) cable modem connections
- C) satellite connections
- D) wireless connections

Answer: <https://biology-forums.com/index.php?topic=280473>

Question 153

Businesses may pay an annual fee to a domain name _____ company for domain names that are related closely to their organization name.

Answer: <https://biology-forums.com/index.php?topic=280806>

Question 154

A manager makes semistructured decisions when confronting a problem with some uncertainty, where they use judgment to fill the gaps.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281315>

Question 155

In the development phase, _____ testing is the initial testing done by the system development team.

Answer: <https://biology-forums.com/index.php?topic=281566>

Question 156

When looking for a specific customer in a large credit card database, _____ is more efficient than browsing.

- A) surfing
- B) keying
- C) scrubbing
- D) querying

Answer: <https://biology-forums.com/index.php?topic=280181>

Question 157

When printing an object-oriented graphic, resolution is limited only by the _____ device, such as the printer.

Answer: <https://biology-forums.com/index.php?topic=280108>

Question 158

In an inventory database, a product name would be stored as a(n) _____ field type.

Answer: <https://biology-forums.com/index.php?topic=280324>

Question 159

Software that allows different levels of security per user is known as access-control software.

[br]is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280954>

Question 160

When you discover a problem or mistake within a software program, you have found a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279665>

Question 161

The online community, Flickr, was originally founded

- A) to compete with MySpace.
- B) by a doctor in San Francisco.
- C) in 1999.
- D) to create a massive multiplayer Web game.

Answer: <https://biology-forums.com/index.php?topic=278951>

Question 162

You measure data transfer speed or memory size in

- A) gigabits.
- B) terabits.
- C) megabits.
- D) kilobits.

Answer: <https://biology-forums.com/index.php?topic=279049>

Question 163

_____ is what allows a computer to function as a word processor, then a browser, and then a spreadsheet.

- A) Hardware
- B) Firmware
- C) Software
- D) Drivers

Answer: <https://biology-forums.com/index.php?topic=279488>

Question 164

Match the following terms with their description.

- I. Software
- II. Application software
- III. Productivity program
- IV. Office application suite
- V. Presentation application
- A. Includes all the programs that direct the computer to carry out specific tasks
- B. Microsoft PowerPoint or Keynote
- C. The most commonly used productivity software used in business
- D. Tells the hardware how to perform a certain task
- E. The most popular general-purpose application

Answer: <https://biology-forums.com/index.php?topic=281132>

Question 165

A company's information systems hardware, software, and telecommunications equipment are all parts of the IT _____.

Answer: <https://biology-forums.com/index.php?topic=281352>

Question 166

PDA stands for

- A) personal digital assistant.

- B) personalized digital assistance.
- C) planned digital associate.
- D) practical digitized associate.

Answer: <https://biology-forums.com/index.php?topic=278926>

Question 167

A company that sells directly to end users is engaging in business-to-_____ sales.

Answer: <https://biology-forums.com/index.php?topic=281402>

Question 168

Flash memory chips, like RAM chips, can be written and erased rapidly and repeatedly.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279149>

Question 169

With the TCP protocol, a message is sent on the Internet broken into _____.

- A) addresses
- B) packets
- C) URLs
- D) clusters

Answer: <https://biology-forums.com/index.php?topic=280657>

Question 170

Google's _____ is an electronic mail service accessible through a standard Web browser.

Answer: <https://biology-forums.com/index.php?topic=278882>

Question 171

_____ refers to applications and services that are accessed over the Internet.

- A) Cloud computing
- B) Cloud storage
- C) DRM
- D) The cloud

Answer: <https://biology-forums.com/index.php?topic=281091>

Question 172

Expansion cards are inserted into

- A) slots inside the computer's housing.
- B) peripheral devices.
- C) the CPU.
- D) the back of the computer.

Answer: <https://biology-forums.com/index.php?topic=279072>

Question 173

A(n) _____ is a binary digit.

Answer: <https://biology-forums.com/index.php?topic=279169>

Question 174

In a politician's database, the names of all voters who contributed more than \$1,000 to last year's campaign and who also wrote letters to express concern over high taxes since the election can be found using _____ queries.

Answer: <https://biology-forums.com/index.php?topic=280375>

Question 175

_____ programs search for and eliminate viruses.

Answer: <https://biology-forums.com/index.php?topic=280979>

Question 176

Software's ability to recognize words without being trained by a specific speaker is known as A) GIGO.

- B) speaker independence.

- C) natural speak
- D) audio training.

Answer: <https://biology-forums.com/index.php?topic=279835>

Question 177

A(n) _____ area network is a network of local area networks.

Answer: <https://biology-forums.com/index.php?topic=280544>

Question 178

One purpose of an information system is to help people in an organization to gather and use information.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281320>

Question 179

The latest version of the Internet Protocol is IPv9.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280736>

Question 180

The number of sound snapshots the recording equipment takes each second is known as

- A) sampling rate.
- B) snapshot rate.
- C) digital count.
- D) recording rate.

Answer: <https://biology-forums.com/index.php?topic=280055>

Question 181

Which of the following statements best describes a raster graphic?

- A) an allocation of color cartridges to the design group
- B) an image drawn using a vector graphics program
- C) a map showing how the pixels on the screen should be represented
- D) a computer image that uses an outline to define a shape

Answer: <https://biology-forums.com/index.php?topic=280020>

Question 182

The digital divide separates people in the world with access to technology and digital information from those who do not.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280771>

Question 183

When the operating system concurrently executes many programs, it is called

- A) BIOS instructions.
- B) multitasking.
- C) multithreading.
- D) authentication.

Answer: <https://biology-forums.com/index.php?topic=279542>

Question 184

In the value chain model, the _____ activities directly relate to producing the product.

Answer: <https://biology-forums.com/index.php?topic=281327>

Question 185

When a company develops a new service that competitors have difficulty imitating, that company has created a(n)

- A) competitive advantage.
- B) switching cost mechanism.
- C) entry barrier.
- D) market equality.

Answer: <https://biology-forums.com/index.php?topic=281296>

Question 186

When multiple users who share data and hardware resources need access to one application, a _____ is necessary.

- A) mainframe
- B) server
- C) supercomputer
- D) workstation

Answer: <https://biology-forums.com/index.php?topic=278922>

Question 187

Presentations include graphical elements integrated in to _____ charts that list the main points of a presentation.

Answer: <https://biology-forums.com/index.php?topic=280115>

Question 188

The equivalent of PPI for print media is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=280102>

Question 189

Some popular _____ software extensions that add new features to Web browsers include Adobe Reader and Adobe Flash Player.

Answer: <https://biology-forums.com/index.php?topic=280823>

Question 190

_____ audio is used by Internet radio stations to play audio as it is being delivered to your computer.

- A) MIDI
- B) Streaming
- C) MP3
- D) Uncompressed

Answer: <https://biology-forums.com/index.php?topic=280000>

Question 191

ASCII stands for

- A) American Standard Code for Information Interface.
- B) American Standard Computer Interface Internet.
- C) American Standard Code for Information Interchange.
- D) Advanced Standard Code for Interface Interchange.

Answer: <https://biology-forums.com/index.php?topic=279043>

Question 192

_____ refers to the usability of software based on the operating system and the computer resources.

Answer: <https://biology-forums.com/index.php?topic=279672>

Question 193

The protocol used to transfer Web pages is _____.

- A) http
- B) ftp
- C) smtp
- D) dns

Answer: <https://biology-forums.com/index.php?topic=280700>

Question 194

When you want to revisit a page more often, it is advisable to bookmark that page, also called making it a _____.

Answer: <https://biology-forums.com/index.php?topic=278881>

Question 195

Networks of zombie computers are also known as _____.

Answer: <https://biology-forums.com/index.php?topic=280993>

Question 196

_____ databases spread data across networks on several different computers.

Answer: <https://biology-forums.com/index.php?topic=280359>

Question 197

The main folder on the C drive, called the _____ directory, contains all the other files and folders kept on the disk.

Answer: <https://biology-forums.com/index.php?topic=279658>

Question 198

Cables containing copper wires that resemble those in standard telephone cables are known as _____ cables.

- A) coaxial
- B) fiber-optic
- C) Wi-Fi
- D) twisted pair

Answer: <https://biology-forums.com/index.php?topic=280403>

Question 199

Databases do not make it easy to print and distribute information in a number of different ways.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280293>

Question 200

Following up on the feasibility studies, the steering committee decides whether to proceed with the _____ phase of the SDLC.

- A) investigation
- B) development
- C) analysis
- D) design

Answer: <https://biology-forums.com/index.php?topic=281492>

Question 201

When checking your bank account balance through the Internet, you use _____ processing.

- A) interactive
- B) analog
- C) digitization
- D) batch

Answer: <https://biology-forums.com/index.php?topic=280213>

Question 202

_____ means that the source code is published and made available to the public, enabling anyone to copy, modify, and redistribute it without paying fees.

Answer: <https://biology-forums.com/index.php?topic=281105>

Question 203

Because most human decision making involves ambiguity, _____ logic allows for conclusions that are based on probabilities rather than certainties.

Answer: <https://biology-forums.com/index.php?topic=281632>

Question 204

_____ is a type of erasable, reliable, and compact memory that is a viable alternative to disk storage.

- A) DVD
- B) RAM chip
- C) Flash memory
- D) CD-RW

Answer: <https://biology-forums.com/index.php?topic=279332>

Question 205

The most common pointing input device is the

- A) trackball.
- B) mouse.
- C) touchscreen.

D) touchpad.

Answer: <https://biology-forums.com/index.php?topic=279258>

Question 206

A code of ethics should address all of the following EXCEPT:

- A) policy on privacy.
- B) permission to record personal information.
- C) intended use of recorded personal information.
- D) scalability.

Answer: <https://biology-forums.com/index.php?topic=281384>

Question 207

When converting to the new system, a company uses the _____ approach by operating the old system along with the new system for a period of time.

- A) direct cutover
- B) phase-in
- C) pilot
- D) parallel systems

Answer: <https://biology-forums.com/index.php?topic=281499>

Question 208

Before condensed files can be opened and used, they must be

- A) decompressed.
- B) zipped.
- C) upgraded.
- D) defragmented.

Answer: <https://biology-forums.com/index.php?topic=279994>

Question 209

The type of monitor used on laptop computers is a liquid _____ display.

Answer: <https://biology-forums.com/index.php?topic=279448>

Question 210

In Google Sheets, the _____ is the horizontal axis in a two-dimensional chart.

- A) plot area
- B) z-axis
- C) y-axis
- D) x-axis

Answer: <https://biology-forums.com/index.php?topic=281144>

Question 211

A recent development in the software industry is _____ software, which allows users to make up custom applications using only the features they will need.

Answer: <https://biology-forums.com/index.php?topic=281556>

Question 212

Dial-up modem connections are sometimes called _____ connections because they don't offer much bandwidth when compared to other types of connections.

- A) narrowband
- B) smallband
- C) broadband
- D) minimal

Answer: <https://biology-forums.com/index.php?topic=280463>

Question 213

_____ are made up of the minimum hardware and software specifications required to run a software application.

Answer: <https://biology-forums.com/index.php?topic=281125>

Question 214

When a participant in a chat room represents himself using a cartoon character, he is using a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=280591>

Question 215

A(n) _____ card physically resembles a credit card, but contains an embedded microprocessor and memory.

Answer: <https://biology-forums.com/index.php?topic=281232>

Question 216

_____ combines virtual reality techniques with new vision technologies, allowing users to move around in shared virtual spaces, while keeping their unique points of view.

- A) Streaming
- B) Hypermedia
- C) Augmenting
- D) Tele-immersion

Answer: <https://biology-forums.com/index.php?topic=280014>

Question 217

Record matching is trivial and quick as long as

- A) a relational database is used.
- B) the DBMS is not Access.
- C) the tables in the database share a single unique field.
- D) the fields are the same data type.

Answer: <https://biology-forums.com/index.php?topic=280271>

Question 218

_____ computers, or bots, are Internet-connected computers that have been hijacked using viruses to perform malicious acts without the knowledge of the computer owner.

Answer: <https://biology-forums.com/index.php?topic=280989>

Question 219

Graphical representations for the tone of your message, such as :-) to express happiness or :- O to express surprise, are also known as _____.

Answer: <https://biology-forums.com/index.php?topic=280617>

Question 220

The difficulty of defining and protecting intellectual property in an all-digital age refers to all of the following EXCEPT:

- A) musical recordings.
- B) software programs.
- C) personal photographs.
- D) books.

Answer: <https://biology-forums.com/index.php?topic=278985>

Question 221

Experts predict that a paperless office will replace all of the following EXCEPT:

- A) reference books.
- B) newspapers and periodicals.
- C) letters.
- D) flow of paper-based information.

Answer: <https://biology-forums.com/index.php?topic=281029>

Question 222

Graphics software can store images as _____, or lines and shapes rather than individual pixels.

- A) vector graphics
- B) raster graphics
- C) bitmapped graphics
- D) presentation-graphics

Answer: <https://biology-forums.com/index.php?topic=279966>

Question 223

One example of video editing software is Adobe _____.

- A) Premiere
- B) Flash
- C) Dreamweaver
- D) Photoshop

Answer: <https://biology-forums.com/index.php?topic=279990>

Question 224

In the classic _____ test, a computer is considered to be intelligent if it can successfully pose as a human being when replying to questions.

Answer: <https://biology-forums.com/index.php?topic=281617>

Question 225

In a(n) _____ database, changes in one table are automatically reflected in other tables.

Answer: <https://biology-forums.com/index.php?topic=280352>

Question 226

The newest version of the Internet Protocol is known by the abbreviation _____.

Answer: <https://biology-forums.com/index.php?topic=280776>

Question 227

The first part of a URL refers to the _____ that must be used to access information, for example http.

- A) protocol
- B) user name
- C) host
- D) domain

Answer: <https://biology-forums.com/index.php?topic=280704>

Question 228

Queries locate information in a database based on _____ that you specify as part of the query.

Answer: <https://biology-forums.com/index.php?topic=281057>

Question 229

The hard plastic anti-theft cards attached to clothes at department stores are called _____ tags.

Answer: <https://biology-forums.com/index.php?topic=279473>

Question 230

The _____ made it illegal to remove DRM from protected files.

Answer: <https://biology-forums.com/index.php?topic=281124>

Question 231

Advanced speech recognition programs that are _____ have the ability to recognize speech without being trained by a speaker.

- A) OCR systems
- B) speaker independent
- C) digitized speech
- D) speech synthesizers

Answer: <https://biology-forums.com/index.php?topic=281606>

Question 232

For a faxed document with text to be edited, it must be processed by _____ software.

- A) modem
- B) fax modem
- C) OCR
- D) Word

Answer: <https://biology-forums.com/index.php?topic=279313>

Question 233

These are designed to monitor physical conditions, such as temperature and humidity:

- A) punch cards.

- B) microphones.
- C) lock boxes.
- D) sensors.

Answer: <https://biology-forums.com/index.php?topic=279389>

Question 234

Match the following terms with their description.

- I. Word processor
- II. Spreadsheet application
- III. Three-dimensional spreadsheet
- IV. DBMS
- V. PIM
- A. create, edit, and format text documents
- B. Microsoft Outlook
- C. Can have multiple worksheets that are linked together
- D. Microsoft Access
- E. Electronic worksheets composed of rows and columns

Answer: <https://biology-forums.com/index.php?topic=281133>

Question 235

A system performs three basic functions: input, _____, and output.

Answer: <https://biology-forums.com/index.php?topic=281322>

Question 236

_____ means that the source code is published and made available to the public, enabling anyone to copy, modify, and redistribute it without paying fees.

- A) Cross platform
- B) Public software
- C) Open project
- D) Open source

Answer: <https://biology-forums.com/index.php?topic=281081>

Question 237

The scrambling of code in an email message can be done using

- A) cryptography.
- B) programming.
- C) auditing.
- D) decryption.

Answer: <https://biology-forums.com/index.php?topic=280916>

Question 238

The NSA has invested heavily in _____, a program to secure electronic communication from eavesdroppers while enabling the U.S. government to intercept CE signals.

Answer: <https://biology-forums.com/index.php?topic=281002>

Question 239

In a data flow diagram, the destination is indicated by a(n)

- A) square.
- B) circle.
- C) arrow.
- D) triangle.

Answer: <https://biology-forums.com/index.php?topic=281506>

Question 240

Operating systems and utility programs are in a class of software known as

- A) application software.
- B) system software.
- C) software suites.
- D) BIOS software.

Answer: <https://biology-forums.com/index.php?topic=279535>

Question 241

A(n) _____ helps a manager make semistructured decisions by providing tools to help analyze information.

- A) EDI
- B) DSS
- C) TPS
- D) ES

Answer: <https://biology-forums.com/index.php?topic=281292>

Question 242

A smart card can contain

- A) embedded circuits and some kind of input/output device.
- B) memory.
- C) memory and a small CPU.
- D) all of the above.

Answer: <https://biology-forums.com/index.php?topic=281201>

Question 243

Security procedures eliminate all risks to computers.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280940>

Question 244

The CPU, all additional chips, and the electronic circuitry are all housed on the _____.

Answer: <https://biology-forums.com/index.php?topic=279182>

Question 245

The CPU is also known as the

- A) microprocessor.
- B) random access memory.
- C) primary storage.
- D) microunit.

Answer: <https://biology-forums.com/index.php?topic=279029>

Question 246

When converting to the new system, the _____ approach operates the old system along with the new system for a period of time.

Answer: <https://biology-forums.com/index.php?topic=281571>

Question 247

External devices such as printers and keyboards are known as

- A) add-on devices.
- B) peripherals.
- C) extra hardware devices.
- D) PC expansion slot add-ons.

Answer: <https://biology-forums.com/index.php?topic=279073>

Question 248

A smart phone is a(n) handheld _____ input device.

- A) detachable
- B) analog
- C) multi-touch
- D) tablet

Answer: <https://biology-forums.com/index.php?topic=279279>

Question 249

_____ is software that can be used to encrypt data.

- A) Malware
- B) Decrypting software
- C) PGP

D) Forensic software

Answer: <https://biology-forums.com/index.php?topic=280928>

Question 250

This device, a tiny handle, located in the middle of a keyboard (usually on laptop computers) is called a

- A) trackpoint.
- B) trackball.
- C) mouse.
- D) trackpad.

Answer: <https://biology-forums.com/index.php?topic=279370>

Question 251

The two primary companies developing OpenType font formats are Microsoft and

- A) Google.
- B) IBM.
- C) Apple.
- D) Adobe.

Answer: <https://biology-forums.com/index.php?topic=279744>

Question 252

_____ -graphics software helps automate the creation of visual aids for lectures, training sessions, and sales demonstrations.

Answer: <https://biology-forums.com/index.php?topic=280114>

Question 253

The actual execution of instructions is usually carried out by the

- A) prefetch unit.
- B) decode unit.
- C) control unit.
- D) arithmetic logic unit.

Answer: <https://biology-forums.com/index.php?topic=279119>

Question 254

Formatting a disk removes any information stored on a disk.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279652>

Question 255

In a client/server environment, the server

- A) processes a query from a client and then sends the answer back to the client.
- B) cannot be used to access a corporate data warehouse.
- C) must be a database system.
- D) must be in close proximity to all client computers in the network.

Answer: <https://biology-forums.com/index.php?topic=280219>

Question 256

A _____ network is a tunnel through the Internet that uses encryption and other security measures to keep out unauthorized users.

- A) mesh
- B) virtual private
- C) peer-to-peer
- D) local area

Answer: <https://biology-forums.com/index.php?topic=280491>

Question 257

A(n) _____ is a device or program used to push traffic through a series of networks.

Answer: <https://biology-forums.com/index.php?topic=280546>

Question 258

To save energy you can set your laptop computer to go to

- A) death mode.

- B) garbage collection mode.
- C) sleep.
- D) overclock mode.

Answer: <https://biology-forums.com/index.php?topic=279097>

Question 259

Most PCs run some version of the Microsoft _____ operating system.

Answer: <https://biology-forums.com/index.php?topic=278869>

Question 260

A challenge with high-tech weapons is that they reduce the amount of time people have to make life-and-death decisions.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280967>

Question 261

The software tools that enable a user to interact with a computer for specific purposes are known as

- A) hardware.
- B) networked software.
- C) shareware.
- D) applications.

Answer: <https://biology-forums.com/index.php?topic=278935>

Question 262

A system that combines transaction data from some or all of the company's TPS systems into a database or data warehouse is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281332>

Question 263

The part of the CPU that instructs the bus unit to read instructions stored at a certain memory address is known as the

- A) bus device.
- B) prefetch unit.
- C) decode unit.
- D) writeback.

Answer: <https://biology-forums.com/index.php?topic=279061>

Question 264

In programming, another term describing top-down design is

- A) reverse engineering.
- B) subproblem alteration.
- C) problem modification.
- D) stepwise refinement.

Answer: <https://biology-forums.com/index.php?topic=281451>

Question 265

The Mark I computer proved its worth by

- A) helping IBM financially.
- B) counting the population in 1944.
- C) computing ballistics tables for the U.S. Navy.
- D) solving systems of linear equations.

Answer: <https://biology-forums.com/index.php?topic=278963>

Question 266

Which law was used to silence Professor Edward Felton in 2001?

- A) Digital Millennium Copyright Act of 1998
- B) Telecommunications Act of 1996
- C) USA Patriot Act
- D) CIPA

Answer: <https://biology-forums.com/index.php?topic=280934>

Question 267

The _____ name is the portion of an email address after the at sign (@).

Answer: <https://biology-forums.com/index.php?topic=278883>

Question 268

If a user with an older tower system wants their computer to accept microphone input, they must install removable

- A) sound cards.
- B) audio software.
- C) synthesizers.
- D) speakers.

Answer: <https://biology-forums.com/index.php?topic=279316>

Question 269

Which of the following tips help to minimize your computer's impact on the environment?

- A) Use a laptop.
- B) Take advantage of energy-saving features.
- C) Avoid moving parts by saving to flash drives instead of a hard drive.
- D) All of the above.

Answer: <https://biology-forums.com/index.php?topic=279064>

Question 270

A _____ CPU can (with the right software) divide the work load between processors, assigning multiple cores to labor-intensive tasks such as photo or video editing.

Answer: <https://biology-forums.com/index.php?topic=279228>

Question 271

Sites such as Flickr, MySpace, Facebook, and YouTube are collectively referred to as

- A) archives.
- B) Web 1.0.
- C) Web 2.0.
- D) online learning communities.

Answer: <https://biology-forums.com/index.php?topic=278953>

Question 272

The binary system uses the power of

- A) 10.
- B) 4.
- C) 256.
- D) 2.

Answer: <https://biology-forums.com/index.php?topic=279040>

Question 273

The multiuser operating system historically used by academic and government institutions is _____.

Answer: <https://biology-forums.com/index.php?topic=279699>

Question 274

The future could bring the emergence of _____, computer chips embedded within human bodies.

- A) bio-electronic imaging
- B) human-scanning technology
- C) digital-assistance human-existence technology
- D) biodigital technology

Answer: <https://biology-forums.com/index.php?topic=278939>

Question 275

_____ delete files or folders on your PC, duplicate themselves and possibly cause harm to your computer.

Answer: <https://biology-forums.com/index.php?topic=278886>

Question 276

Asynchronous communication is when the sender and recipient

- A) directly connect to share files.
- B) do not use the same operating system.
- C) do not have to be online at the same time.
- D) use different software but are able to communicate through the Internet.

Answer: <https://biology-forums.com/index.php?topic=280500>

Question 277

An employee working from home is known as a

- A) CIO.
- B) remote employee.
- C) CAI.
- D) telecommuter.

Answer: <https://biology-forums.com/index.php?topic=281039>

Question 278

Increasing the clock speed of CPUs creates a negative side effect of

- A) loss of digits.
- B) slower performance.
- C) incompatibility.
- D) heat.

Answer: <https://biology-forums.com/index.php?topic=279105>

Question 279

The process of the CPU accessing an instruction of a program is known as _____.

Answer: <https://biology-forums.com/index.php?topic=279667>

Question 280

Three technological trends are already changing the way people think about and use computer peripherals:

- A) wireless technology, computer networks, and tablets.
- B) computer networks, FireWire and the Internet "cloud."
- C) wireless technology, SATA and the Internet "cloud."
- D) wireless technology, computer networks, and the Internet "cloud."

Answer: <https://biology-forums.com/index.php?topic=279354>

Question 281

A program that enables users to work with one file at a time is a(n) _____ manager.

- A) personal information
- B) structure
- C) file
- D) transaction

Answer: <https://biology-forums.com/index.php?topic=280249>

Question 282

The term _____ logic describes the use of a system to give a conclusion along with its probability of happening:

- A) fuzzy
- B) neural
- C) circular
- D) symbolic

Answer: <https://biology-forums.com/index.php?topic=281597>

Question 283

Automated factories pose the greatest threat to the employment of

- A) highly educated workers.
- B) office workers.
- C) blue-collar workers.
- D) white-collar workers.

Answer: <https://biology-forums.com/index.php?topic=281007>

Question 284

When a program assigns 8 bits to a pixel, that pixel can display up to _____ different shades of gray.

- A) 8
- B) 64
- C) 256
- D) 1,024

Answer: <https://biology-forums.com/index.php?topic=279956>

Question 285

A(n) _____ describes the action, dialogue, and music for each scene of a video.

Answer: <https://biology-forums.com/index.php?topic=280124>

Question 286

The _____ operating system used a command-line interface.

- A) Windows
- B) MS-DOS
- C) Mac OS
- D) Linux

Answer: <https://biology-forums.com/index.php?topic=279564>

Question 287

If you want to secure an email message, use a(n)

- A) decrypter.
- B) encryption key.
- C) encryption software package.
- D) cryptosystem.

Answer: <https://biology-forums.com/index.php?topic=280918>

Question 288

Users post _____ on the Flickr Web site.

- A) songs
- B) music videos
- C) photographs
- D) movies

Answer: <https://biology-forums.com/index.php?topic=278889>

Question 289

Which input device resembles an upside-down mouse?

- A) touchpad
- B) trackpoint
- C) trackpad
- D) trackball

Answer: <https://biology-forums.com/index.php?topic=279265>

Question 290

Programmers can use _____ programming tools to draw pictures or choose objects shown on the screen.

Answer: <https://biology-forums.com/index.php?topic=281553>

Question 291

Three fundamental categories of software are compilers, software applications, and system software.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279633>

Question 292

Vector graphics occupy less space than bitmapped graphics.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280071>

Question 293

Using a PC to copy software or data from a server, is known as

- A) uploading.
- B) mirroring.
- C) downloading.
- D) server sharing.

Answer: <https://biology-forums.com/index.php?topic=280488>

Question 294

Match the following terms with their description.

- I. DBMS
- II. Data
- III. Information
- IV. Flat database
- V. Relational database
- A. Facts about people, events, things, or ideas
- B. Data about the buildings, the courses, and the staff members at a college
- C. Your personal address book
- D. Software
- E. Organized in a useful manner

Answer: <https://biology-forums.com/index.php?topic=281064>

Question 295

Collecting personal information and effectively posing as another individual is known as the crime of

- A) spooling.
- B) identity theft.
- C) spoofing.
- D) phishing.

Answer: <https://biology-forums.com/index.php?topic=280860>

Question 296

Web authoring software includes all of the following EXCEPT _____.

- A) Microsoft Expression Web
- B) Adobe Dreamweaver
- C) Apple's iWeb
- D) Adobe Acrobat

Answer: <https://biology-forums.com/index.php?topic=280706>

Question 297

Creating strong computer security to prevent computer crime usually simultaneously helps protect privacy rights.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280965>

Question 298

_____ is used when information is delivered to a client computer through a server at the client's request.

- A) Pull technology
- B) Uploading
- C) P2P computing
- D) Peer-to-peer file sharing

Answer: <https://biology-forums.com/index.php?topic=280728>

Question 299

_____ language is functionally equivalent to machine language but it's easier for people to read, write, and understand.

Answer: <https://biology-forums.com/index.php?topic=281549>

Question 300

Typically, _____ are constructed out of thousands of microprocessors.

- A) mainframes

- B) supercomputers
- C) laptops
- D) personal computers

Answer: <https://biology-forums.com/index.php?topic=278986>

Question 301

The primary difference between RAM and secondary storage devices is

- A) the length of time data is stored.
- B) RAM is permanent, and secondary storage is temporary.
- C) RAM accepts input; secondary storage devices do not.
- D) the type of data that is stored in them.

Answer: <https://biology-forums.com/index.php?topic=279030>

Question 302

The control structure that allows a program to loop until a condition is met is called

- A) repetition.
- B) sequence.
- C) synchronization.
- D) selection.

Answer: <https://biology-forums.com/index.php?topic=281463>

Question 303

If the computer is on and the computer is running properly, the _____ must be active and running.

- A) BIOS instructions
- B) operating system
- C) large array of utility programs
- D) ROM

Answer: <https://biology-forums.com/index.php?topic=279539>

Question 304

How are the World Wide Web (WWW) and the Internet different?

- A) They aren't different; they are two different names for the same thing.
- B) The WWW is a vast tract of the Internet and makes the Internet accessible to just about anyone.
- C) The Internet is primarily used by businesses; the WWW can be used by home users.
- D) The WWW is faster than the more archaic Internet.

Answer: <https://biology-forums.com/index.php?topic=278931>

Question 305

To facilitate development of new expert systems, software companies sell expert system _____.

- A) knowledge bases
- B) Turing tests
- C) parsers
- D) shells

Answer: <https://biology-forums.com/index.php?topic=281600>

Question 306

Electronica is sequenced music that is designed from the ground up with _____ audio technology.

Answer: <https://biology-forums.com/index.php?topic=280132>

Question 307

In 2005, MySpace was purchased by

- A) ABC.
- B) Microsoft.
- C) News Corp.
- D) Bill Gates.

Answer: <https://biology-forums.com/index.php?topic=278949>

Question 308

After an HTML document is written and then completed, it must be _____ to a Web server to be viewable on the Web.

Answer: <https://biology-forums.com/index.php?topic=280802>

Question 309

Bar code readers use _____ to read universal product codes (UPCs), inventory codes, and other codes created from patterns of variable-width bars.

- A) light
- B) dark
- C) OCR
- D) lasers

Answer: <https://biology-forums.com/index.php?topic=279377>

Question 310

Most wireless keyboards use this technology to send signals to the rest of the system:

- A) Bluetooth.
- B) Blu-ray.
- C) LAN.
- D) USB.

Answer: <https://biology-forums.com/index.php?topic=279358>

Question 311

Most push technology outside of the corporate enterprise takes the form of notifications and _____.

Answer: <https://biology-forums.com/index.php?topic=280840>

Question 312

When the title of a book consistently appears at the top of every page, the user has formatted a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279887>

Question 313

One of the things you can do you if a program freezes or your system crashes is reboot the system.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279655>

Question 314

Match the following terms with their description.

- I. Open source
- II. Tax preparation software
- III. Genealogy program
- IV. Portable app
- V. Game software
- A. Used to create family trees
- B. Typically requires a lot of processing
- C. You can file electronically or print and mail it
- D. Can run from a flash drive
- E. The source code is published

Answer: <https://biology-forums.com/index.php?topic=281135>

Question 315

A computer system that links two or more computers is known as a _____.

Answer: <https://biology-forums.com/index.php?topic=279011>

Question 316

A field that contains formulas similar to those found in a spreadsheet is a called a computed field.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280297>

Question 317

Computer-controlled machines designed to perform specific manual tasks are known as robots.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281206>

Question 318

After data entry, the next step in the transaction process is

- A) document preparation.
- B) processing data.
- C) storing and updating data.
- D) user inquiry.

Answer: <https://biology-forums.com/index.php?topic=281271>

Question 319

One function of information technology is _____, the process of sending data to various locations.

- A) acquisition
- B) processing
- C) transmission
- D) storage

Answer: <https://biology-forums.com/index.php?topic=281265>

Question 320

Two examples of a(n) _____ operating system are Novell's Netware and Microsoft Windows Server.

Answer: <https://biology-forums.com/index.php?topic=280557>

Question 321

Computer _____ is used to track, record, and evaluate worker performance.

- A) trolling
- B) networking
- C) monitoring
- D) mediation

Answer: <https://biology-forums.com/index.php?topic=281183>

Question 322

MySpace differed from other popular social networking sites because

- A) it was free.
- B) it supplied high speed Internet to the member.
- C) it was originally designed for Harvard students.
- D) it enabled and encouraged members to create personal Web sites to share words and pictures with other members.

Answer: <https://biology-forums.com/index.php?topic=278948>

Question 323

_____ recognition software is invaluable for people with disabilities who are unable to use their hands.

Answer: <https://biology-forums.com/index.php?topic=279442>

Question 324

Which of the following is true regarding supercomputers?

- A) Supercomputers are smaller in size and processing capability than mainframe computers.
- B) Supercomputers are common in the majority of U.S. households.
- C) Supercomputers are the fastest, most powerful computers made.
- D) Supercomputers are rarely used by researchers due to their lack of computing capacity.

Answer: <https://biology-forums.com/index.php?topic=278919>

Question 325

When a customer shops online, a _____ email is sent to the customer once the transaction has been accepted.

Answer: <https://biology-forums.com/index.php?topic=281423>

Question 326

Software that is free to everyone is known as

- A) Microsoft Office.
- B) public domain software.
- C) public-access software.
- D) shareware.

Answer: <https://biology-forums.com/index.php?topic=279529>

Question 327

A system that uses a database to record customer preferences and purchases is known as a CRM system.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281397>

Question 328

MMORPGs are

- A) a group of asynchronous communication methods.
- B) software standards for wireless technology.
- C) circuit boards for enhanced handling of multimedia.
- D) online role-playing games involving hundreds of thousands of players.

Answer: <https://biology-forums.com/index.php?topic=280506>

Question 329

The smallest unit of information a computer can understand and process is known as a

- A) digit.
- B) byte.
- C) bit.
- D) kilobyte.

Answer: <https://biology-forums.com/index.php?topic=279036>

Question 330

A(n) _____ scanner can capture and digitize images from photographic negatives and slides.

Answer: <https://biology-forums.com/index.php?topic=279438>

Question 331

The _____-force technique rapidly repeats a simple operation until an answer is found.

Answer: <https://biology-forums.com/index.php?topic=281624>

Question 332

Experts predict growth in m-commerce, or _____ commerce, which is done by people who are on the move.

Answer: <https://biology-forums.com/index.php?topic=281222>

Question 333

A computer's overall performance is determined by

- A) Level 1 and Level 2 cache.
- B) CMOS and cache memory.
- C) peripheral and internal devices.
- D) clock speed, architecture, and wordsize.

Answer: <https://biology-forums.com/index.php?topic=279103>

Question 334

A three-minute song takes about _____ of space on a compact disc.

- A) 5 gigabytes
- B) 30 megabytes
- C) 15 gigabytes
- D) 300 kilobytes

Answer: <https://biology-forums.com/index.php?topic=280058>

Question 335

_____ is a coding scheme that supports 100,000 unique characters—more than enough for all major world languages.

Answer: <https://biology-forums.com/index.php?topic=279227>

Question 336

To translate a program to machine language, we can use either a compiler or an interpreter.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281518>

Question 337

A(n) _____ server maintains look-up tables that map domain names to IP addresses.

- A) DNS
- B) Web
- C) DHCP
- D) Ethernet

Answer: <https://biology-forums.com/index.php?topic=280669>

Question 338

Most email messages are junk email, also known as

- A) IM.
- B) a virus.
- C) spam.
- D) an avatar.

Answer: <https://biology-forums.com/index.php?topic=280511>

Question 339

Open standards refers to

- A) standards not owned by any company.
- B) standards used by all countries.
- C) standards that are free to all parties.
- D) software programs running on different types of operating systems.

Answer: <https://biology-forums.com/index.php?topic=280645>

Question 340

This is used to represent one character on a computer:

- A) byte.
- B) bit.
- C) digit.
- D) kilobyte.

Answer: <https://biology-forums.com/index.php?topic=279082>

Question 341

_____ is the quantity of information that can be transmitted through a communication medium in a given amount of time.

Answer: <https://biology-forums.com/index.php?topic=280567>

Question 342

Robots are effective for all of the following activities EXCEPT:

- A) salvaging undersea wreckage.
- B) doing repetitive jobs.
- C) working long hours.
- D) calculating pay for thousands of employees.

Answer: <https://biology-forums.com/index.php?topic=281614>

Question 343

When a user has access to a high-end desktop computer with a large amount of processing power, he or she is using a

- A) server.
- B) workstation.
- C) supercomputer.
- D) terminal.

Answer: <https://biology-forums.com/index.php?topic=278921>

Question 344

In structured programming, small programs or subprograms within a program are known as

- A) modules.
- B) basic programs.
- C) variables.

D) compiled statements.

Answer: <https://biology-forums.com/index.php?topic=281471>

Question 345

If you type "recieve" instead of "receive," _____ will automatically change it.

- A) autocorrect
- B) autoedit
- C) spell check
- D) a macro

Answer: <https://biology-forums.com/index.php?topic=279753>

Question 346

Creating a Web page that combines other people's multimedia is known as a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=280845>

Question 347

A(n) _____ system gives managers access to the knowledge of professionals in a narrow area of interest.

Answer: <https://biology-forums.com/index.php?topic=281342>

Question 348

What is it called when you can remove and replace devices without turning off your computer?

- A) Hot swapping
- B) Plug-N-Play
- C) Bay swap
- D) USB swapping

Answer: <https://biology-forums.com/index.php?topic=279340>

Question 349

In a database, a _____ field shows results of calculations performed on data in other numeric fields.

- A) configured
- B) concatenated
- C) key
- D) computed

Answer: <https://biology-forums.com/index.php?topic=280174>

Question 350

_____ allows animation programs to fill in the movement of the objects in the frames in between.

Answer: <https://biology-forums.com/index.php?topic=280151>

Question 351

The system of satellites used to determine any position on the Earth is known as

- A) GPS.
- B) LAN.
- C) Wi-Fi.
- D) MAN.

Answer: <https://biology-forums.com/index.php?topic=280415>

Question 352

Small files deposited on a visitor's hard disk that track activities are called _____.

Answer: <https://biology-forums.com/index.php?topic=280821>

Question 353

An example of _____ analysis is calculating the best price to charge for a product.

Answer: <https://biology-forums.com/index.php?topic=281348>

Question 354

A _____ is used to create a digital representation of typed text, handwritten text, graphics, and objects.

- A) scanner

- B) bar-code reader
- C) video digitizer
- D) videoconferencing device

Answer: <https://biology-forums.com/index.php?topic=279283>

Question 355

The operating system is responsible for authentication and authorization.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279642>

Question 356

Calculations that are performed on a group of records are called _____ functions.

Answer: <https://biology-forums.com/index.php?topic=281063>

Question 357

When students work together on collaborative, multimedia projects, this is referred to by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281234>

Question 358

CAD software is primarily used in

- A) engineering.
- B) software development.
- C) desktop publishing.
- D) accounting.

Answer: <https://biology-forums.com/index.php?topic=279969>

Question 359

The _____ setting is the default setting for documents on Google Docs.

Answer: <https://biology-forums.com/index.php?topic=281165>

Question 360

A complete expert system includes all of the following EXCEPT:

- A) a knowledge base.
- B) singularities.
- C) an inference engine.
- D) a human interface.

Answer: <https://biology-forums.com/index.php?topic=281616>

Question 361

A _____ uses pressure as a user presses it with a stylus to send signals.

- A) touchpad
- B) trackpoint
- C) graphics tablet
- D) trackball

Answer: <https://biology-forums.com/index.php?topic=279268>

Question 362

Computer forensics is a form of computer crime.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280944>

Question 363

When the operating system requests an application program to be executed, it is temporarily stored in memory, also known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=279692>

Question 364

The wire groups that transfer data between components on the motherboard are known as the _____ buses.

Answer: <https://biology-forums.com/index.php?topic=279210>

Question 365

_____ errors are mistakes that lead to the program behaving incorrectly.

Answer: <https://biology-forums.com/index.php?topic=281546>

Question 366

Autofocusing cameras on human faces or piloting cruise missiles can be done using _____ analysis.

Answer: <https://biology-forums.com/index.php?topic=281638>

Question 367

Rules for the exchange of data between two devices are called _____.

Answer: <https://biology-forums.com/index.php?topic=280609>

Question 368

Putting electronic marks on a disk as tracks and sectors is known as

- A) clustering.
- B) defragmenting.
- C) copying.
- D) formatting.

Answer: <https://biology-forums.com/index.php?topic=279573>

Question 369

When a company uses privately leased telephone lines to physically attach intranets to an extranet, the connection is referred to as a(n) _____ private network.

Answer: <https://biology-forums.com/index.php?topic=281415>

Question 370

RSS-reading applications which periodically visit Web sites, examine the feeds, and display new content are known as _____.

- A) blogs
- B) aggregators
- C) plug-ins
- D) cookies

Answer: <https://biology-forums.com/index.php?topic=280711>

Question 371

Minor revisions in software are often reflected in the use of

- A) whole numbers.
- B) decimal numbers.
- C) version letters.
- D) upgrade code letters.

Answer: <https://biology-forums.com/index.php?topic=279517>

Question 372

The problem with disk drives and their moving parts is that they will eventually fail.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279426>

Question 373

Most businesses today use a _____ approach in employing database servers.

- A) client/server
- B) centralized database
- C) thin client
- D) mainframe system

Answer: <https://biology-forums.com/index.php?topic=280261>

Question 374

A printer and a monitor are the most common _____ devices.

Answer: <https://biology-forums.com/index.php?topic=279159>

Question 375

The _____ Revolution ushered in the industrial age.

Answer: <https://biology-forums.com/index.php?topic=279012>

Question 376

With speech _____ software or hardware, PCs recite typed text using robotic voices.

Answer: <https://biology-forums.com/index.php?topic=281642>

Question 377

A _____, also known as a PB, is the astronomical value that is equivalent to 1,024 terabytes, or 1 quadrillion bytes.

Answer: <https://biology-forums.com/index.php?topic=279230>

Question 378

A _____ stores a user's preferences for a particular Web site on the user's computer.

- A) cookie
- B) VPN file
- C) Web authoring tool
- D) WAV file

Answer: <https://biology-forums.com/index.php?topic=281381>

Question 379

Programs, such as Microsoft Word, that allow a user to accomplish a task or goal are referred to as

- A) system software.
- B) applications.
- C) Web browsers.
- D) operating systems.

Answer: <https://biology-forums.com/index.php?topic=278845>

Question 380

Basic image editing done on the Mac usually uses the software package _____, which is shipped as a part of the iLife suite.

Answer: <https://biology-forums.com/index.php?topic=280112>

Question 381

To overcome the problem of "spaghetti code," _____ programming was developed.

- A) structured
- B) assembly
- C) low-level
- D) extreme

Answer: <https://biology-forums.com/index.php?topic=281472>

Question 382

All of the following are true about object-oriented databases EXCEPT:

- A) they can associate actions with objects, for example, the ability to generate a thumbnail from an image.
- B) many computer scientists believe relational databases will be replaced by object-oriented databases.
- C) they save time by reusing objects.
- D) they can not store and receive unstructured data, such as audio and video clips.

Answer: <https://biology-forums.com/index.php?topic=280269>

Question 383

A(n) _____ uses laser beams rather than magnets to read and write bits of data on a reflective aluminum layer of the disc.

- A) optical disc drive
- B) magnetic tape drive
- C) USB drive
- D) floppy drive

Answer: <https://biology-forums.com/index.php?topic=279334>

Question 384

_____ errors are violations of the grammar rules of a programming language.

Answer: <https://biology-forums.com/index.php?topic=281545>

Question 385

A(n) _____ chart is used by the systems analyst to plan the schedule deadlines and determine milestones for systems development.

Answer: <https://biology-forums.com/index.php?topic=281572>

Question 386

A computer system is not complete without _____, which tells the hardware what to do.

Answer: <https://biology-forums.com/index.php?topic=279166>

Question 387

Communicating with students in other countries and taking correspondence courses are part of

- A) CBT.
- B) telecommuting.
- C) courseware.
- D) distance education.

Answer: <https://biology-forums.com/index.php?topic=281199>

Question 388

Think of memory as millions of tiny storage _____, each of which can contain a single byte of information.

Answer: <https://biology-forums.com/index.php?topic=279235>

Question 389

All of the following are examples of transactions in an information system EXCEPT:

- A) acquiring products from vendors.
- B) selling items.
- C) paying employees.
- D) storage of sales records.

Answer: <https://biology-forums.com/index.php?topic=281269>

Question 390

Personal _____ software can be used to keep track of your bank accounts, monitor investments, create and stick to a budget, and file income taxes.

- A) accounting
- B) finance
- C) budgeting
- D) tax preparation

Answer: <https://biology-forums.com/index.php?topic=281082>

Question 391

Another name for the arrow keys on a keyboard is _____ keys.

- A) function
- B) cursor
- C) function
- D) alphanumeric

Answer: <https://biology-forums.com/index.php?topic=278841>

Question 392

A database that stores data in "cubes" rather than tables is known as a(n) _____ database.

- A) flat
- B) multidimensional
- C) object-oriented
- D) relational

Answer: <https://biology-forums.com/index.php?topic=280283>

Question 393

This is an open area in the system unit used to hold a disk drive:

- A) bay.
- B) port.
- C) sack.
- D) transducer.

Answer: <https://biology-forums.com/index.php?topic=279125>

Question 394

Contactless smart cards use wireless _____ technology to communicate with card readers.

Answer: <https://biology-forums.com/index.php?topic=281242>

Question 395

_____ -recognition software accepts a user's voice as sound waves, interprets them into patterns, and displays words on the screen.

Answer: <https://biology-forums.com/index.php?topic=279895>

Question 396

A(n) _____ is a private space where contacts can chat or initiate a video call from inside Google+.

- A) site
- B) blog
- C) hangout
- D) wiki

Answer: <https://biology-forums.com/index.php?topic=281156>

Question 397

When a college schedules courses for an upcoming semester, they are making a(n) _____ decision.

- A) unstructured
- B) semistructured
- C) structured
- D) strategic

Answer: <https://biology-forums.com/index.php?topic=281283>

Question 398

The following are considered basic components of a computer:

- A) analog and digital signals.
- B) motherboard, circuits, ports.
- C) bits and bytes.
- D) input devices, output devices, processors, memory, and storage devices.

Answer: <https://biology-forums.com/index.php?topic=279078>

Question 399

Data records with errors (for example, spelling errors or incorrect values) are called

- A) classified data.
- B) dirty data.
- C) scrubbed data.
- D) cleansed data.

Answer: <https://biology-forums.com/index.php?topic=280265>

Question 400

A file is an organized collection of information, such as a term paper or a set of names and addresses, stored in a computer-readable form.

[br]Is [b]true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279142>

Question 401

_____ refers to sharing information, developing and maintaining business relationships, and using telecommunications networks to conduct business.

- A) E-business
- B) CRM

- C) B2C
- D) SEO

Answer: <https://biology-forums.com/index.php?topic=281362>

Question 402

The term for the largest storage value is

- A) kilobytes.
- B) terabytes.
- C) gigabytes.
- D) petabytes.

Answer: <https://biology-forums.com/index.php?topic=279048>

Question 403

_____ refers to how customers rate the output of an organization's value chain.

- A) Inventory
- B) Sales
- C) Procurement
- D) Effectiveness

Answer: <https://biology-forums.com/index.php?topic=281261>

Question 404

Due to a need for smaller and more powerful computers, the _____ was invented and replaced transistor-based computers by the mid-1960s.

- A) keyboard
- B) RAM chip
- C) vacuum tube
- D) integrated circuit

Answer: <https://biology-forums.com/index.php?topic=278900>

Question 405

Smart cards and biometrics are two ways companies may add physical security to computer systems.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280952>

Question 406

Access to documents on Google Docs can be given at _____ levels.

Answer: <https://biology-forums.com/index.php?topic=281166>

Question 407

Which of the following is an example of a subsystem?

- A) A LAN is a subsystem of a WAN.
- B) The environment is a subsystem of boundaries.
- C) Input is a subsystem of output.
- D) An information system is a subsystem of customers.

Answer: <https://biology-forums.com/index.php?topic=281249>

Question 408

The _____ provides a manager with the information needed to make decisions regarding the firm's operational activities.

- A) EIS
- B) ES
- C) MIS
- D) EDI

Answer: <https://biology-forums.com/index.php?topic=281291>

Question 409

_____ television is a broadcast television show that encourages user input via phone calls or text messages.

Answer: <https://biology-forums.com/index.php?topic=281240>

Question 410

Holding the mouse button down while moving an object or text is known as

- A) double-clicking.
- B) dragging.
- C) dropping.
- D) highlighting.

Answer: <https://biology-forums.com/index.php?topic=278842>

Question 411

Which of the following is a legal IP address?

- A) 124.14.19
- B) 144.12.18.8
- C) 13.15.188.12.4
- D) 123.44.1.14.1.55

Answer: <https://biology-forums.com/index.php?topic=280663>

Question 412

The most widely used code for computer programming is _____ (an abbreviation) and represents each character as a unique 8-bit code.

Answer: <https://biology-forums.com/index.php?topic=279175>

Question 413

The science of collecting and analyzing data is _____.

Answer: <https://biology-forums.com/index.php?topic=279929>

Question 414

_____ is a radio-based wireless standard which provides Wi-Fi style access with approximately 70 Mbps speeds to a 25-square mile area.

- A) 3G
- B) WiMAX
- C) Bluetooth
- D) Infrared

Answer: <https://biology-forums.com/index.php?topic=280487>

Question 415

The following are all examples of broadband access EXCEPT _____.

- A) DSL
- B) cable
- C) satellite
- D) dial-up

Answer: <https://biology-forums.com/index.php?topic=280684>

Question 416

In 2000 the U.S. government found Microsoft guilty of operating a monopoly.

[br]is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280964>

Question 417

Microsoft's _____ is an example of PIM software.

Answer: <https://biology-forums.com/index.php?topic=280348>

Question 418

Unauthorized access to computer systems is called

- A) a virus.
- B) spoofing.
- C) phishing.
- D) hacking.

Answer: <https://biology-forums.com/index.php?topic=280902>

Question 419

A Web _____ is a program that allows access to the WWW.

Answer: <https://biology-forums.com/index.php?topic=279010>

Question 420

A(n) _____ is a subsystem supporting the information needs of other business processes within the organization.

- A) information system
- B) infrastructure
- C) technology management system
- D) procurement system

Answer: <https://biology-forums.com/index.php?topic=281268>

Question 421

Match the following function names with what they do.

- I. Sum
- II. Avg
- III. Where
- IV. Expression
- V. Min
- A. Locates the smallest value in a field
- B. Limits records to those that match a condition specified in the Criteria row
- C. Totals the values in a field
- D. Averages the values in a field
- E. Creates a calculated field that includes an aggregate function

Answer: <https://biology-forums.com/index.php?topic=281071>

Question 422

One billion clock cycles per second is

- A) gigahertz.
- B) hertz.
- C) Mbits.
- D) megahertz.

Answer: <https://biology-forums.com/index.php?topic=279107>

Question 423

A computer's overall performance is determined in part by the speed of its microprocessor's internal _____.

Answer: <https://biology-forums.com/index.php?topic=279152>

Question 424

Match the following terms with their description.

- I. Table
- II. Record
- III. Field
- IV. Normalization
- V. Redundant
- A. The foundation of an Access database
- B. Duplicate data
- C. Column
- D. The process of applying design rules and principles
- E. Row

Answer: <https://biology-forums.com/index.php?topic=281065>

Question 425

The phase of the systems development life cycle (SDLC) where the existing business problem or opportunity is studied is

- A) analysis.
- B) investigation.
- C) development.
- D) design.

Answer: <https://biology-forums.com/index.php?topic=281485>

Question 426

Internet connections that work through the same network of coaxial cables that deliver television signals work through a _____ modem.

- A) fax
- B) satellite
- C) cable
- D) POTS

Answer: <https://biology-forums.com/index.php?topic=280483>

Question 427

Match the following standard graphic file format with their description.

- I. GIF
- II. JPG
- III. PNG
- IV. BMP
- V. TIF
- A. Best suited for web use only
- B. Developed for Microsoft Windows
- C. A lossless graphic format used in publishing
- D. A graphic format that can store up to 16.7 million colors
- E. A 256-color graphic file format that uses lossless compression

Answer: <https://biology-forums.com/index.php?topic=281138>

Question 428

Match the following protocols with their function.

- I. 3-D
- II. 3-D rendering program
- III. Frame rate
- IV. Proprietary file
- V. Plug-in
- A. Protected and controlled by a single organization
- B. Shockwave Player and Flash Player
- C. Has all three spatial dimensions
- D. The results are strikingly realistic
- E. Images per second

Answer: <https://biology-forums.com/index.php?topic=281139>

Question 429

_____ help you work more efficiently and effectively on both personal and business-related documents.

- A) Operating systems
- B) Application software programs
- C) Productivity programs
- D) Office application suites

Answer: <https://biology-forums.com/index.php?topic=281072>

Question 430

You can use _____ programs to create family trees or slideshows of your family photos, view timelines and maps, and search through millions of historical records on the Internet.

Answer: <https://biology-forums.com/index.php?topic=281108>

Question 431

A(n) _____ is the shortened name of a Web site designed to enable anyone who accesses it to contribute to, and modify, content.

Answer: <https://biology-forums.com/index.php?topic=280633>

Question 432

RAID is a collection of Internet-based disks that serve to back up a hard drive.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280960>

Question 433

In a customer database table, all information for one customer is kept in a

- A) batch.
- B) field.

- C) record.
- D) query.

Answer: <https://biology-forums.com/index.php?topic=280169>

Question 434

The storage area for email messages is also referred to as a(n)

- A) URL.
- B) mailbox.
- C) directory.
- D) hard disk.

Answer: <https://biology-forums.com/index.php?topic=278865>

Question 435

If a computer user wishes to play music, the computer must include a(n) _____ card and speakers.

Answer: <https://biology-forums.com/index.php?topic=279458>

Question 436

_____ -and-practice software is based on B.F. Skinner's principles of behaviorist psychology.

Answer: <https://biology-forums.com/index.php?topic=281227>

Question 437

A system that gives a manager information they need to make decisions (typically, structured decisions) is known as a(n) _____ system.

- A) operational management
- B) ERP
- C) data warehousing
- D) management information

Answer: <https://biology-forums.com/index.php?topic=281289>

Question 438

The Outline View that is built into Microsoft Word could be seen as

- A) making tasks more time consuming.
- B) an idea processor.
- C) something to make mail merge easier.
- D) a collaboration tool.

Answer: <https://biology-forums.com/index.php?topic=279825>

Question 439

A _____ license allows multiple installations of software using the same product key.

- A) site
- B) proprietary software
- C) volume
- D) per-seat

Answer: <https://biology-forums.com/index.php?topic=281097>

Question 440

Tasks that have traditionally been performed by people but are now duplicated in an application are part of the software that is known as

- A) artificial intelligence.
- B) networking.
- C) artificial knowledge software.
- D) networking knowledgeable software.

Answer: <https://biology-forums.com/index.php?topic=278937>

Question 441

When a business can legally copy software to all of the computers they own, the company has a _____ license.

- A) site
- B) company
- C) pirate
- D) sharing

Answer: <https://biology-forums.com/index.php?topic=280492>

Question 442

A(n) _____ printer, also known as an MFP, combines a scanner, a laser or inkjet printer, and a fax modem into one device.

Answer: <https://biology-forums.com/index.php?topic=279454>

Question 443

_____ is content that integrates text and media.

Answer: <https://biology-forums.com/index.php?topic=281111>

Question 444

Pixels are

- A) dots of ink from an inkjet printer.
- B) tiny dots on a computer screen arranged in rows.
- C) a set of tools on-screen.
- D) points on the end of a PDA handheld device.

Answer: <https://biology-forums.com/index.php?topic=279952>

Question 445

An email message claiming your Facebook account has been hacked and you need to click on a link to restore your account is an example of a(n) _____ email.

Answer: <https://biology-forums.com/index.php?topic=280969>

Question 446

_____ is the part of electronic business having to do with sales.

- A) Netware
- B) E-commerce
- C) Intranet
- D) Extranet

Answer: <https://biology-forums.com/index.php?topic=281364>

Question 447

MySpace lost its "cool" to

- A) Facebook.
- B) Twitter.
- C) Email.
- D) Friendster.

Answer: <https://biology-forums.com/index.php?topic=278947>

Question 448

Excel supports _____, such as =B12*C12+D12.

Answer: <https://biology-forums.com/index.php?topic=279939>

Question 449

The time for the processor to retrieve data from memory is measured in

- A) megabits.
- B) nanoseconds.
- C) milliseconds.
- D) terabytes.

Answer: <https://biology-forums.com/index.php?topic=279068>

Question 450

Compilers and translators are one form of

- A) software.
- B) ROM.
- C) RAM.
- D) hardware.

Answer: <https://biology-forums.com/index.php?topic=279490>

Question 451

A(n) _____ is a private space where contacts can chat or initiate a video call from inside Google+.

Answer: <https://biology-forums.com/index.php?topic=281174>

Question 452

A business alliance linking systems of several companies who are in the same industry is called a(n) _____ network.

- A) ERP
- B) outsourced
- C) industrial
- D) transborder

Answer: <https://biology-forums.com/index.php?topic=281282>

Question 453

Google is different from other sites because it groups your _____ into circles for selective sharing of content.

Answer: <https://biology-forums.com/index.php?topic=281173>

Question 454

The Intel Core 2 processor is used in

- A) PCs and servers
- B) high-end network controllers
- C) Game machines
- D) MP3 players

Answer: <https://biology-forums.com/index.php?topic=279062>

Question 455

Which of the following is a game console that also connects to the Internet?

- A) Xbox 360
- B) Second Life
- C) Vimeo
- D) Digg

Answer: <https://biology-forums.com/index.php?topic=278943>

Question 456

In the value chain model, the primary activity _____ is concerned with finding customers and obtaining orders from them.

- A) marketing and sales
- B) operations
- C) service
- D) outbound logistics

Answer: <https://biology-forums.com/index.php?topic=281260>

Question 457

Adobe Flash and Microsoft Silverlight both can be used to create media-rich Web components.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280764>

Question 458

The feature that automatically corrects the spelling mistake is called _____.

Answer: <https://biology-forums.com/index.php?topic=279893>

Question 459

When a video, for example, is being displayed at the same time as it is being created, accessed, or imported, that means it's being displayed in _____ time.

- A) digital
- B) real
- C) quick
- D) batch

Answer: <https://biology-forums.com/index.php?topic=279986>

Question 460

Bars can be piled on top of one another in a(n) _____ chart that shows how proportions of a whole change over time.

Answer: <https://biology-forums.com/index.php?topic=279937>

Question 461

All of these are suggestions for safe computing EXCEPT:

- A) Don't borrow disks from other people.
- B) Pirate software.
- C) Download shareware and freeware with caution.
- D) Disinfect your system.

Answer: <https://biology-forums.com/index.php?topic=280924>

Question 462

The following are all examples of game controllers:

- A) joystick, cartridge, and remote control.
- B) touchpad, track point, console, and joystick.
- C) joystick, gamepad, and Nintendo Wii remote.
- D) touchpad, joystick, and stylus.

Answer: <https://biology-forums.com/index.php?topic=279364>

Question 463

The abbreviation, TB, stands for _____ when referring to computer storage.

Answer: <https://biology-forums.com/index.php?topic=279176>

Question 464

A(n) _____ control structure starts with the first instruction and stops with the last instruction.

Answer: <https://biology-forums.com/index.php?topic=281538>

Question 465

Information sharing that is outsourced to a community of people rather than to a group of contracted specialists is called _____.

Answer: <https://biology-forums.com/index.php?topic=280634>

Question 466

_____ is software for the home market combining education with entertainment.

Answer: <https://biology-forums.com/index.php?topic=281235>

Question 467

One example of a synchronous method of communication is

- A) blogs.
- B) instant messaging.
- C) forums.
- D) email.

Answer: <https://biology-forums.com/index.php?topic=280502>

Question 468

Using SQL requires the user to learn a new language each time they work with new hardware and software systems.

[br]Is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280308>

Question 469

In the _____ phase of the SDLC, the systems analyst gathers data about the current system and identifies requirements of the new system.

Answer: <https://biology-forums.com/index.php?topic=281562>

Question 470

This British mathematician, _____, spent much of his life trying to answer the central question of artificial intelligence "Can machines think?"

- A) Alan Turing
- B) Marvin Minsky

- C) Tim Berners-Lee
- D) Grace Murray Hopper

Answer: <https://biology-forums.com/index.php?topic=281583>

Question 471

A(n) _____ converts a message from digital to analog or from analog to digital.

- A) hub
- B) modem
- C) switch
- D) port

Answer: <https://biology-forums.com/index.php?topic=280439>

Question 472

To make words, sentences, and paragraphs fit into the computer's binary only circuitry, programmers have devised codes that represent each letter, digit, and special character as a unique string of bits.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279137>

Question 473

A common high-level programming language is

- A) C++.
- B) pseudocode.
- C) FTP.
- D) assembly language.

Answer: <https://biology-forums.com/index.php?topic=281458>

Question 474

An artist can use _____ software to draw, rotate, stretch, and combine model objects inside a complex "walk through" environment.

- A) 3-D modeling
- B) presentation-graphics
- C) photo management
- D) vector graphics

Answer: <https://biology-forums.com/index.php?topic=279968>

Question 475

A(n) _____ private network uses privately leased phone lines to physically connect intranets.

Answer: <https://biology-forums.com/index.php?topic=281412>

Question 476

Information on computers is _____, which means it can be made up of two values.

Answer: <https://biology-forums.com/index.php?topic=279222>

Question 477

This allows multiple operating systems to exist as one machine:

- A) cross-platform applications.
- B) virtualization.
- C) device drivers.
- D) networked operating systems.

Answer: <https://biology-forums.com/index.php?topic=279621>

Question 478

_____ language is a low-level language in which instructions are represented in binary.

Answer: <https://biology-forums.com/index.php?topic=281548>

Question 479

The most common input devices include

- A) monitors and keyboards.
- B) monitors and mice.
- C) mice and keyboards.

D) printer and mice.

Answer: <https://biology-forums.com/index.php?topic=279023>

Question 480

According to _____ law, it is illegal to produce, distribute, or use technology that circumvents digital rights management.

- A) groggy
- B) copyright
- C) write enhanced
- D) copy protected

Answer: <https://biology-forums.com/index.php?topic=279593>

Question 481

What handles communication between the CPU and the disk drive(s)?

- A) RAM
- B) the CPU
- C) the operating system
- D) ROM

Answer: <https://biology-forums.com/index.php?topic=279552>

Question 482

A(n) _____ server stores programs such as Microsoft Office and makes them available to client programs that request them.

Answer: <https://biology-forums.com/index.php?topic=280796>

Question 483

Some database programs require users to type requests using a special and more precise query _____.

Answer: <https://biology-forums.com/index.php?topic=280377>

Question 484

Which of the following is NOT true about spreadsheets?

- A) Spreadsheets are quite useful for managing business expenses, payroll, and billing.
- B) Spreadsheets organize data so that it can be sorted, filtered, and rearranged, making them useful for things that do not involve calculations at all.
- C) In a spreadsheet, the intersection of a row and a column is called a cell.
- D) By using a spreadsheet application, you can create tables to represent data visually.

Answer: <https://biology-forums.com/index.php?topic=281077>

Question 485

Microsoft Office, Adobe Photoshop, and TurboTax are all types of _____.

- A) retail software
- B) freeware
- C) donationware
- D) shareware

Answer: <https://biology-forums.com/index.php?topic=281094>

Question 486

The three additive primary colors in a computer display include

- A) red, green, black.
- B) green, brown, yellow.
- C) red, green, blue.
- D) yellow, blue, white.

Answer: <https://biology-forums.com/index.php?topic=279301>

Question 487

The default file type used by Apple's iTunes software is _____.

- A) WAV
- B) MIDI
- C) MP3
- D) AAC

Answer: <https://biology-forums.com/index.php?topic=281088>

Question 488

Acceptable behavior rules on the Internet is also known as _____.

Answer: <https://biology-forums.com/index.php?topic=280615>

Question 489

Vector graphics animations describe images in terms of objects and

- A) rotations.
- B) time.
- C) locations.
- D) colored pixels.

Answer: <https://biology-forums.com/index.php?topic=280042>

Question 490

A realistic term that captures the idea that the information that comes out of a computer system is only as good, accurate, and valid as the data that goes into it is known as

- A) virtual memory.
- B) EDI.
- C) GIGO.
- D) virtual reality.

Answer: <https://biology-forums.com/index.php?topic=279805>

Question 491

Formatting a disk prepares it for storing files.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279650>

Question 492

Computer scientist Alan Kay has said, "The best way to predict the future is to _____ it."

Answer: <https://biology-forums.com/index.php?topic=279019>

Question 493

Most new computers do not come with

- A) CD-ROM drives.
- B) DVD drives.
- C) floppy drives.
- D) internal hard drives.

Answer: <https://biology-forums.com/index.php?topic=279328>

Question 494

A form of digital paper that looks and feels somewhat like real paper is known as

- A) an e-book.
- B) e-paper.
- C) an iPad.
- D) e-sheet.

Answer: <https://biology-forums.com/index.php?topic=279784>

Question 495

Information travels between components on the motherboard through _____.

- A) buses
- B) transistors
- C) chips
- D) microprocessors

Answer: <https://biology-forums.com/index.php?topic=279127>

Question 496

A _____ is a 256-color graphic file format that uses lossless compression and is best for simple images with large areas of solid color.

- A) GIF
- B) JPG

- C) TIF
- D) BMP

Answer: <https://biology-forums.com/index.php?topic=281086>

Question 497

The project team finding the project is in violation of federal regulations are performing a(n) _____ feasibility study.

- A) organizational
- B) technical
- C) operational
- D) economic

Answer: <https://biology-forums.com/index.php?topic=281491>

Question 498

Video projects normally start with an outline and a(n)

- A) digitizer.
- B) analog backup.
- C) digital feed.
- D) storyboard.

Answer: <https://biology-forums.com/index.php?topic=280043>

Question 499

The following are tips for computer users to protect your health EXCEPT:

- A) stretch during breaks.
- B) rest your eyes 15 minutes for every 2 hours at your computer.
- C) if you type a lot of text consider using voice recognition software.
- D) choose equipment based on its color.

Answer: <https://biology-forums.com/index.php?topic=279400>

Question 500

Internet-based companies are often referred to as

- A) CRMs.
- B) brick-and-mortar companies.
- C) SEOs.
- D) dot-coms.

Answer: <https://biology-forums.com/index.php?topic=281365>

Question 501

Data _____ determine the logical structure of data.

Answer: <https://biology-forums.com/index.php?topic=281580>

Question 502

An example of a fourth-generation programming language is _____.

- A) machine language
- B) Java
- C) FORTRAN
- D) SQL

Answer: <https://biology-forums.com/index.php?topic=281480>

Question 503

With a simple _____ graphic, a single bit of computer memory represents each pixel.

- A) analog
- B) vector
- C) object-oriented
- D) bitmapped

Answer: <https://biology-forums.com/index.php?topic=279962>

Question 504

Companies that sell goods and services online generally have lower expenses.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281389>

Question 505

_____ is used to specify more than one condition in a query.

Answer: <https://biology-forums.com/index.php?topic=281062>

Question 506

To make short work of tasks that involve repetitive calculations, use _____ software.

- A) desktop publishing
- B) database
- C) spreadsheet
- D) presentation

Answer: <https://biology-forums.com/index.php?topic=279858>

Question 507

_____ scanners, also known as slide scanners, are used to scan slides and negatives.

Answer: <https://biology-forums.com/index.php?topic=279475>

Question 508

A(n) _____ private network uses special protocols on a public network to provide a secure "personal tunnel" between intranets.

Answer: <https://biology-forums.com/index.php?topic=281413>

Question 509

A _____ is a network of computers in a close physical area.

- A) WAN
- B) MAN
- C) LAN
- D) GAN

Answer: <https://biology-forums.com/index.php?topic=280397>

Question 510

_____ formats rely on compression, low frame rates, and small image size to deliver your video over the Internet.

- A) AVI
- B) MPEG
- C) QuickTime
- D) Streaming video

Answer: <https://biology-forums.com/index.php?topic=281089>

Question 511

OCR stands for

- A) optical coding recognizer.
- B) ostensibly characterized reader.
- C) optical character recognition.
- D) original character reader.

Answer: <https://biology-forums.com/index.php?topic=279276>

Question 512

If a word-processed document is straight on both margins, it is _____.

Answer: <https://biology-forums.com/index.php?topic=279885>

Question 513

Each unique Internet addresses had an applet.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280740>

Question 514

Rebooting a computer in _____ mode may allow a user the chance to diagnose any software conflicts.

Answer: <https://biology-forums.com/index.php?topic=279715>

Question 515

The first computers were designed to

- A) perform repetitive calculations and tasks.
- B) compose music.
- C) use punch cards.
- D) assist the U.S. government with defense.

Answer: <https://biology-forums.com/index.php?topic=278897>

Question 516

A programmer is _____ when he/she uses an algorithm to write programming language statements.

- A) debugging
- B) testing
- C) compiling
- D) coding

Answer: <https://biology-forums.com/index.php?topic=281457>

Question 517

When reading a program, the CPU _____ instructions from the program.

- A) runs and operates
- B) opens and reads
- C) fetches and executes
- D) executes and opens

Answer: <https://biology-forums.com/index.php?topic=279501>

Question 518

A report generally uses all the fields that are in the database.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280306>

Question 519

All of the following are one of the four basic models for software distribution EXCEPT _____.

- A) retail software
- B) freeware
- C) charityware
- D) shareware

Answer: <https://biology-forums.com/index.php?topic=281093>

Question 520

The act of obtaining data about an individual and then using that data to impersonate them is known as

- A) identity theft.
- B) spam.
- C) data mining.
- D) phishing.

Answer: <https://biology-forums.com/index.php?topic=280231>

Question 521

When you visit certain Web sites, spyware may be automatically downloaded. This is called a

- A) botnet.
- B) spybot.
- C) logic bomb.
- D) drive-by download.

Answer: <https://biology-forums.com/index.php?topic=280887>

Question 522

The ethical guideline, informed _____, states, "If in doubt about ethics or laws of a particular action, inform the people who might be effected by your action and obtain their consent before proceeding."

Answer: <https://biology-forums.com/index.php?topic=281359>

Question 523

A supermarket that uses network technology to buy inventory items directly from manufacturers engaging in the B2C e-commerce model.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281388>

Question 524

Google _____ OS is a Linux-based OS designed for low-cost PCs, netbooks, and tablet devices.

Answer: <https://biology-forums.com/index.php?topic=279703>

Question 525

In automated factories, engineers use _____ software to design new products.

- A) CAD
- B) CBT
- C) CTO
- D) CAI

Answer: <https://biology-forums.com/index.php?topic=281009>

Question 526

ERP systems are generally simplistic.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281321>

Question 527

In 1951 there were approximately a dozen computers in the world that spent most of their time

- A) calculating census data.
- B) calculating taxes.
- C) doing military calculations.
- D) supporting business operations.

Answer: <https://biology-forums.com/index.php?topic=279808>

Question 528

The Electronic Numerical Integrator and Computer (ENIAC) broke down on average every

- A) half hour.
- B) 7 minutes.
- C) other day.
- D) hour.

Answer: <https://biology-forums.com/index.php?topic=278964>

Question 529

A scheme called _____ is designed to capture sensitive financial information from the person visiting a Web site.

- A) spamming
- B) phishing
- C) VPN
- D) MMORPG

Answer: <https://biology-forums.com/index.php?topic=280513>

Question 530

In the _____ planning phase of IT planning, a company defines its mission and competitive strategy.

Answer: <https://biology-forums.com/index.php?topic=281351>

Question 531

A magnetic disk, hard disk, or a floppy disk, uses _____ access.

Answer: <https://biology-forums.com/index.php?topic=279462>

Question 532

Which of the following application types include features such as email, instant messaging, and Web browsing?

- A) multimedia

- B) network
- C) desktop publishing
- D) database

Answer: <https://biology-forums.com/index.php?topic=278944>

Question 533

According to the FBI, how much identity theft begins with email?

- A) all
- B) one-half
- C) one-quarter
- D) two-thirds

Answer: <https://biology-forums.com/index.php?topic=280862>

Question 534

The most successful natural-language applications limit their _____, or affected area, so that rules can be clean and unambiguous.

Answer: <https://biology-forums.com/index.php?topic=281626>

Question 535

Spreadsheet programs are good at answering "_____" questions, for example, "If B2 is greater than 60, pass, otherwise, fail."

- A) Why Not
- B) How Come
- C) What If
- D) Can I

Answer: <https://biology-forums.com/index.php?topic=279873>

Question 536

Connecting a computer to a telephone line requires a hardware device called a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=280562>

Question 537

_____ graphics, also known as object-oriented graphics, store pictures as a collection of lines and shapes.

Answer: <https://biology-forums.com/index.php?topic=280110>

Question 538

An example of machine learning in a game-playing program is

- A) learning from a successful move.
- B) recognizing patterns in a game.
- C) looking ahead at the possibilities generated by each move.
- D) applying a rule of thumb to a move.

Answer: <https://biology-forums.com/index.php?topic=281587>

Question 539

TCP/IP is the most famous protocol for computer networking.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280536>

Question 540

The .gov domain might be used by _____.

- A) U.S. Army
- B) US Senate
- C) an Internet service provider
- D) eBay

Answer: <https://biology-forums.com/index.php?topic=280673>

Question 541

The moment when greater-than-human intelligence is created is called the _____.

Answer: <https://biology-forums.com/index.php?topic=281645>

Question 542

A decision _____ system helps a manager make semistructured decisions using both internal and external information.

Answer: <https://biology-forums.com/index.php?topic=281340>

Question 543

_____ looks for patterns in sound waves and interprets sounds by locating familiar patterns.

- A) A voice recorder
- B) Speech recognition software
- C) A microphone
- D) A Wacom tablet

Answer: <https://biology-forums.com/index.php?topic=279839>

Question 544

The device or program that forwards messages between networks is known as a

- A) bridge.
- B) router.
- C) backbone.
- D) gateway.

Answer: <https://biology-forums.com/index.php?topic=280407>

Question 545

Condensing files so they can be stored in less space and transmitted over the Internet at a faster rate is known as data _____.

- A) downloading
- B) compression
- C) digitization
- D) defragmentation

Answer: <https://biology-forums.com/index.php?topic=279992>

Question 546

A(n) _____ is a collection of related information stored electronically.

Answer: <https://biology-forums.com/index.php?topic=280316>

Question 547

Moving image files are also referred to as _____.

Answer: <https://biology-forums.com/index.php?topic=280814>

Question 548

_____ and ELIZA are two systems which produced English language output without really understanding it.

Answer: <https://biology-forums.com/index.php?topic=281630>

Question 549

Entering and editing text can be done most efficiently using a

- A) spreadsheet.
- B) desktop publishing program.
- C) database.
- D) word-processing program.

Answer: <https://biology-forums.com/index.php?topic=279729>

Question 550

Generally, logic errors are easier to detect than syntax errors.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281519>

Question 551

What is the name of the operating system that is rarely found on personal computers or laptops but is used in servers and high-end workstations?

- A) UNIX
- B) Windows

- C) MS-DOS
- D) Mac OS

Answer: <https://biology-forums.com/index.php?topic=279568>

Question 552

A search string such as "universities AND Mexico AND NOT New" is an example of _____ logic.

Answer: <https://biology-forums.com/index.php?topic=280816>

Question 553

Like role-playing games, _____ Life is a 3-D virtual world populated by avatars of Web users from all over the world.

Answer: <https://biology-forums.com/index.php?topic=280631>

Question 554

_____ laws protect forms of literature, songs, paintings, and photographs.

Answer: <https://biology-forums.com/index.php?topic=279723>

Question 555

Computers grew out of a need to

- A) improve quality of life.
- B) quantify.
- C) socialize.
- D) communicate.

Answer: <https://biology-forums.com/index.php?topic=278954>

Question 556

With regard to privacy standards, the U.S. prefers a policy of self-_____, as opposed to legislation, because companies fear that legislation will quash e-commerce.

Answer: <https://biology-forums.com/index.php?topic=281424>

Question 557

When the output of one subsystem is used as input for another subsystem, the two systems have a shared

- A) memory.
- B) boundary.
- C) EDI.
- D) critical path.

Answer: <https://biology-forums.com/index.php?topic=281251>

Question 558

This type of memory is located in the CPU and is used to store data that is likely to be used next:

- A) flash memory.
- B) Level 1 cache.
- C) Level 2 cache.
- D) virtual storage.

Answer: <https://biology-forums.com/index.php?topic=279113>

Question 559

A reusable set of commands or steps saved by a user is called a

- A) macro.
- B) template.
- C) function.
- D) wizard.

Answer: <https://biology-forums.com/index.php?topic=279792>

Question 560

Assembly-language programming is considered _____ programming.

- A) macro language
- B) fourth-generation
- C) low-level
- D) high-level

Answer: <https://biology-forums.com/index.php?topic=281468>

Question 561

Windows Phone _____ is a relatively new operating system for mobile phones.

- A) 2011
- B) XP
- C) 7
- D) Vista

Answer: <https://biology-forums.com/index.php?topic=279571>

Question 562

All of the following are true statements about databases EXCEPT:

- A) Databases allow easy reorganization of data.
- B) Using a database simplifies retrieving information.
- C) Databases store large amounts of data.
- D) Information from the database cannot be printed.

Answer: <https://biology-forums.com/index.php?topic=280160>

Question 563

Match the following terms with their description.

- I. Pixel
- II. Jaggies
- III. Image editor
- IV. Vector graphic program
- V. PostScript
- A. Seen at a high viewing level
- B. Sophisticated graphic program
- C. An automated page-description language
- D. A single point on a display screen
- E. Creates graphics that are math based

Answer: <https://biology-forums.com/index.php?topic=281137>

Question 564

One function of information technology is _____, a process for capturing data about an event that is important to the organization.

- A) acquisition
- B) processing
- C) presentation
- D) storage

Answer: <https://biology-forums.com/index.php?topic=281267>

Question 565

_____ commerce is a new growing type of e-commerce using small computers, cellular phones, PDAs, and so forth connected to the Internet or an intranet.

Answer: <https://biology-forums.com/index.php?topic=281400>

Question 566

SQL Server and MySQL are two examples of a type of program known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=280342>

Question 567

The bulk of the production process for a book or magazine is done using _____ publishing software.

Answer: <https://biology-forums.com/index.php?topic=279897>

Question 568

Windows Explorer is an example of this type of utility:

- A) file management.
- B) defragmentation.
- C) Java.
- D) BlackBerry.

Answer: <https://biology-forums.com/index.php?topic=279625>

Question 569

Most publications in desktop publishing are printed using at least

- A) 600 dpi.
- B) 450 dpi.
- C) 900 dpi.
- D) 1,200 dpi.

Answer: <https://biology-forums.com/index.php?topic=279849>

Question 570

TCP/IP protocols define how information can be transferred between machines and how machines on the network can be identified with _____ addresses.

- A) unique
- B) similar
- C) identical
- D) multiple

Answer: <https://biology-forums.com/index.php?topic=280655>

Question 571

Prior to the development of the World Wide Web in the early 1990s, which of the following features was already available for Internet users?

- A) animation
- B) pictures
- C) sounds
- D) email

Answer: <https://biology-forums.com/index.php?topic=278942>

Question 572

A DSL connection can share signals with a telephone line.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280527>

Question 573

The creation of worldwide businesses and markets is called _____.

- A) electronic commerce
- B) globalization
- C) virtualization
- D) intranet

Answer: <https://biology-forums.com/index.php?topic=281186>

Question 574

The need to use _____-time computing has been accelerated by the Internet.

Answer: <https://biology-forums.com/index.php?topic=280381>

Question 575

Nonprofit organizations' URLs typically end with .net.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280738>

Question 576

In a(n) _____, a manager uses three time estimates: an optimistic, a pessimistic, and a most likely time for completion of each activity.

- A) data flow diagram
- B) PERT diagram
- C) GDSS
- D) Gantt chart

Answer: <https://biology-forums.com/index.php?topic=281304>

Question 577

Stating a conclusion as "There is a 90% chance..." instead of fact is known as

- A) an expert system.
- B) a Turing test.
- C) fuzzy logic.
- D) pattern recognition.

Answer: <https://biology-forums.com/index.php?topic=281596>

Question 578

_____ is a video file format developed by Apple Computer.

Answer: <https://biology-forums.com/index.php?topic=281117>

Question 579

Which of the following is Microsoft's tool for creating interactive media-rich Web components?

- A) Flash
- B) Silverlight
- C) Photoshop
- D) Expression Web

Answer: <https://biology-forums.com/index.php?topic=280721>

Question 580

A network of many distributed, parallel computing systems is called a _____ network.

- A) neural
- B) cerebral
- C) mesh
- D) robotic

Answer: <https://biology-forums.com/index.php?topic=281608>

Question 581

Prototyping is used in the _____ phase of the SDLC.

- A) analysis
- B) development
- C) design
- D) investigation

Answer: <https://biology-forums.com/index.php?topic=281494>

Question 582

_____ Law is the prediction by a chairman of Intel in the 1960s that the number of transistors that can be packed into a silicon chip of the same price would double approximately every 18 months.

Answer: <https://biology-forums.com/index.php?topic=279002>

Question 583

Sophisticated software that interprets pen movements as characters and words is called

- A) handwriting recognition.
- B) voice recognition.
- C) speech recognition.
- D) pen technology.

Answer: <https://biology-forums.com/index.php?topic=279833>

Question 584

When a company negotiates a contract, they are making a(n) _____ decision.

- A) structured
- B) semistructured
- C) unstructured
- D) strategic

Answer: <https://biology-forums.com/index.php?topic=281284>

Question 585

In the e-mail address bowles@sou.edu, "sou" is the

- A) host computer in a business with the name "sou."
- B) host computer in an educational domain.

- C) client computer in a commercial business.
D) client computer in an educational domain.

Answer: <https://biology-forums.com/index.php?topic=280679>

Question 586

A home having the necessary technology to enable working from home is known as an electronic _____.

Answer: <https://biology-forums.com/index.php?topic=281220>

Question 587

Most spreadsheet software packages include predefined _____ such as getting the square root of a number or summing and averaging numbers.

Answer: <https://biology-forums.com/index.php?topic=279919>

Question 588

Facebook and MySpace users may encounter the following issues:

- A) online stalking.
B) harassment.
C) bullying incidents.
D) all of the above.

Answer: <https://biology-forums.com/index.php?topic=278950>

Question 589

The field of AI called _____ includes fingerprint identification, handwriting recognition, and weather forecasting.

- A) pattern recognition
B) expert systems
C) parsing
D) fuzzy logic

Answer: <https://biology-forums.com/index.php?topic=281603>

Question 590

In object-oriented programming, objects

- A) contain instructions, but not data.
B) can only receive messages.
C) can only send messages.
D) can be reused.

Answer: <https://biology-forums.com/index.php?topic=281477>

Question 591

ARPANET was funded by _____.

- A) the U.S. government
B) IBM
C) CERN
D) a group of interested scientists

Answer: <https://biology-forums.com/index.php?topic=280641>

Question 592

Information can be recovered from a hard drive even after file have been deleted.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280942>

Question 593

In the SDLC, the investigation phase focuses on why, the analysis phase focuses on what, and the _____ phase focuses on how.

Answer: <https://biology-forums.com/index.php?topic=281563>

Question 594

The visionary research at XEROX more than three decades ago defined many of the essential qualities of today's PCs. Who was the person responsible for this research?

- A) Wright
B) Kay
C) Edison

D) Moore

Answer: <https://biology-forums.com/index.php?topic=278976>

Question 595

_____ is the measurement of things such as fingerprints and retinal scans used for security access.

- A) Biometrics
- B) DoS
- C) Computer security
- D) Computer forensics

Answer: <https://biology-forums.com/index.php?topic=280908>

Question 596

A _____ is a high-speed, high-end computer that shares data and other resources with client computers.

- A) server
- B) super computer
- C) client
- D) PDA

Answer: <https://biology-forums.com/index.php?topic=280475>

Question 597

An example of an IP _____ might be 192.168.17.22.

Answer: <https://biology-forums.com/index.php?topic=280782>

Question 598

Also known as a selection control structure, a(n) _____ control structure tells a computer what to do based on whether a condition is true or false.

Answer: <https://biology-forums.com/index.php?topic=281539>

Question 599

Computer monitoring at work leads to all of the following EXCEPT:

- A) decrease in privacy.
- B) negative impact on morale.
- C) increase in quality of work.
- D) devalued skills.

Answer: <https://biology-forums.com/index.php?topic=281185>

Question 600

In a company's customer table, all of the information for one specific customer (e.g. customer ID, name, address) would be stored in one _____.

Answer: <https://biology-forums.com/index.php?topic=280322>

Question 601

Theft of computers is most common for desktop computers.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280950>

Question 602

An example of B2C is

- A) a company buying computers for employees.
- B) Walmart buying pet food directly from the manufacturer, Iams.
- C) a student buying a textbook from Amazon's Web site.
- D) a hotel buying beds from a manufacturer.

Answer: <https://biology-forums.com/index.php?topic=281367>

Question 603

A programmed attack that destroys data files if a programmer is ever terminated is an example of what kind of Trojan horse?

- A) logic bomb
- B) Code Red
- C) Melissa
- D) spybot

Answer: <https://biology-forums.com/index.php?topic=280889>

Question 604

One way to describe resolution is by indicating the number of columns and rows of pixels, such as 1,024 x 768.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279415>

Question 605

A security _____ is a software program that closes possible security breaches in the operating system.

Answer: <https://biology-forums.com/index.php?topic=280981>

Question 606

One example of a file created by application software is a(n)

- A) BIOS.
- B) hard copy.
- C) operating system.
- D) document.

Answer: <https://biology-forums.com/index.php?topic=278848>

Question 607

_____ refers to the quantity of data that can be transmitted through a communication medium in a given amount of time.

- A) Attenuation
- B) Megahertz
- C) Bandwidth
- D) Ethernet

Answer: <https://biology-forums.com/index.php?topic=280425>

Question 608

_____ processing gathers data and processes it later.

- A) Real-time
- B) Transaction
- C) Batch
- D) Entry specific

Answer: <https://biology-forums.com/index.php?topic=281276>

Question 609

The Children's Online Privacy Protection Act requires Internet-based businesses to obtain parental consent before collecting information from children _____ years of age and younger.

- A) 9
- B) 12
- C) 17
- D) 18

Answer: <https://biology-forums.com/index.php?topic=280233>

Question 610

In the value chain model, secondary activities include all of the following EXCEPT:

- A) procurement.
- B) management and administrative services.
- C) outbound logistics.
- D) technology development.

Answer: <https://biology-forums.com/index.php?topic=281262>

Question 611

A _____ font, such as Courier, produced characters that always take up the same amount of space.

Answer: <https://biology-forums.com/index.php?topic=278871>

Question 612

The process of _____ would be used when sending data from a database to a word processor so that mailing labels could be produced.

- A) exporting
- B) sorting

- C) mining
- D) querying

Answer: <https://biology-forums.com/index.php?topic=280187>

Question 613

If a word processor shows you the words on screen formatted almost exactly as they appear on the printed page, it has _____.

- A) WYSIWYG
- B) macros
- C) TrueType
- D) justification

Answer: <https://biology-forums.com/index.php?topic=279731>

Question 614

When a job is automated so that it requires less skill, it has been up-skilled.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281209>

Question 615

The type of chart used in a spreadsheet to discover rather than display a relationship between two variables is a(n) _____ chart.

Answer: <https://biology-forums.com/index.php?topic=279935>

Question 616

Special-purpose computers use silicon chips that have the program etched into them. This hybrid of hardware and software is called

- A) programming.
- B) firmware.
- C) specialized software.
- D) embedded.

Answer: <https://biology-forums.com/index.php?topic=278927>

Question 617

With colleagues at MIT in the 1960s, Seymour Papert developed a computer language called _____ for children to use.

- A) Pascal
- B) COBOL
- C) Alice
- D) LOGO

Answer: <https://biology-forums.com/index.php?topic=281195>

Question 618

The _____ phase of the SDLC includes scheduling, hardware, software, and communications purchasing, documentation, and programming.

Answer: <https://biology-forums.com/index.php?topic=281565>

Question 619

Slots and _____ enable the CPU to communicate with the outside world via peripheral devices.

Answer: <https://biology-forums.com/index.php?topic=279216>

Question 620

A _____ is a journal-like website that the owner updates regularly to share opinions, observations, or information.

- A) blog
- B) wiki
- C) hangout
- D) group

Answer: <https://biology-forums.com/index.php?topic=281151>

Question 621

The design that determines how individual components of the CPU are put together and work together on the chip is called the

- A) construction.
- B) detailed plan.
- C) motherboard.
- D) architecture.

Answer: <https://biology-forums.com/index.php?topic=279059>

Question 622

A _____ is a hardware device that connects a computer to a telephone line.

- A) modem
- B) router
- C) network card
- D) hub

Answer: <https://biology-forums.com/index.php?topic=280452>

Question 623

An organization's _____ increases when its primary and support activities produce desired output with lower costs.

- A) inventory
- B) personnel level
- C) efficiency
- D) expenses

Answer: <https://biology-forums.com/index.php?topic=281259>

Question 624

Integrated circuits rapidly replaced transistors for all of the following reason(s) EXCEPT:

- A) efficiency.
- B) reliability.
- C) speed.
- D) size.

Answer: <https://biology-forums.com/index.php?topic=278895>

Question 625

Small Java programs are called _____ because they're like tiny applications.

Answer: <https://biology-forums.com/index.php?topic=280827>

Question 626

_____ -oriented databases do not store records in tables and hierarchies; they store instances of a class.

Answer: <https://biology-forums.com/index.php?topic=280368>

Question 627

The academic discipline of _____ includes programming, engineering, database management, graphic design, learning artificial intelligence, and creating and working with networks.

Answer: <https://biology-forums.com/index.php?topic=281578>

Question 628

Google _____ enables users to create word processing documents, spreadsheets, presentations, forms, and drawings.

- A) Docs
- B) Wikis
- C) Blogs
- D) Sites

Answer: <https://biology-forums.com/index.php?topic=281145>

Question 629

When a computer's speech sounds like a person's, it is using

- A) OCR technology.
- B) synthetic language.
- C) digitized speech.
- D) heuristics.

Answer: <https://biology-forums.com/index.php?topic=281607>

Question 630

Computer memory or primary memory is also known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=279197>

Question 631

Wikipedia, a collection of Web pages that can be edited by anyone, is an example of a

- A) Web application.
- B) PC application.
- C) Mac OS application.
- D) Microsoft Office application.

Answer: <https://biology-forums.com/index.php?topic=279601>

Question 632

This type of memory card is used in MP3 players, smart phones, and many other electronic devices:

- A) flash memory.
- B) CMOS.
- C) thumb.
- D) jump.

Answer: <https://biology-forums.com/index.php?topic=279409>

Question 633

An advantage that impact printers have over nonimpact printers is that impact printers

- A) are quieter than nonimpact printers.
- B) can print multipart forms.
- C) are much less expensive.
- D) are smaller than nonimpact printers.

Answer: <https://biology-forums.com/index.php?topic=279305>

Question 634

_____ Corp. is responsible for manufacturing the Pentium family of processors.

Answer: <https://biology-forums.com/index.php?topic=279237>

Question 635

Interaction between the application and the _____ of a computer is handled by the operating system.

Answer: <https://biology-forums.com/index.php?topic=279685>

Question 636

A(n) _____ Web portal is a specialized Web portal which contains information about a specific geographic area.

Answer: <https://biology-forums.com/index.php?topic=280837>

Question 637

_____ provides a programming environment to develop, test, and deploy custom web applications.

Answer: <https://biology-forums.com/index.php?topic=281130>

Question 638

DSL, cable modems, and wireless connections are classified as _____ connections.

Answer: <https://biology-forums.com/index.php?topic=280786>

Question 639

Videoconferencing requires the communicating computers to have _____ so the participants can see each other.

Answer: <https://biology-forums.com/index.php?topic=279440>

Question 640

A centralized database spreads data across multiple computers.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280312>

Question 641

In the 1950s, the popular domain for AI research was

- A) games such as checkers and chess.
- B) home computing.

- C) calculation of census data.
D) robotics.

Answer: <https://biology-forums.com/index.php?topic=281585>

Question 642

A type of computer called a _____, also known as a thin client, is a combination keyboard and monitor with little, if any, local power.

Answer: <https://biology-forums.com/index.php?topic=279004>

Question 643

The main difference between DVD and CD technology is

- A) the pits are packed much closer on a DVD.
B) information is written on both sides of a CD.
C) DVDs are larger than CDs.
D) DVDs spin much faster than CDs.

Answer: <https://biology-forums.com/index.php?topic=279405>

Question 644

One company selling to another company is known as

- A) C2C.
B) B2C.
C) B2B.
D) C2B.

Answer: <https://biology-forums.com/index.php?topic=281031>

Question 645

Transistors were invented in 1948 as a substitute for the vacuum tube. They appeared in computers

- A) 8 years later.
B) only in Canada.
C) once computers were networked.
D) the next year.

Answer: <https://biology-forums.com/index.php?topic=278967>

Question 646

The name for harassment on the Internet is

- A) cyberstalking.
B) cyberpersecution.
C) cyberdenigration.
D) cyberhounding.

Answer: <https://biology-forums.com/index.php?topic=280854>

Question 647

In real-time or _____ computing, users can view and change data online.

Answer: <https://biology-forums.com/index.php?topic=280357>

Question 648

Another name for the original Ethernet standard is _____.

- A) 10BASE-T Ethernet
B) Fast Ethernet
C) Gigabit Ethernet
D) 3G

Answer: <https://biology-forums.com/index.php?topic=280427>

Question 649

Producing output involves

- A) accepting information from the outside world.
B) communication with another computer.
C) moving and storing information.
D) communicating information to the outside world.

Answer: <https://biology-forums.com/index.php?topic=279021>

Question 650

Most sound cards have synthesizers on them.

[br]Is is [b>true[/b>] or [b>false[/b>]?

Thanks...
Answer: <https://biology-forums.com/index.php?topic=279413>

Question 651

A USB port allows a user to

- A) connect up to 126 devices.
- B) add hardware through more advanced expansion slots.
- C) install software in a matter of seconds.
- D) add an additional monitor and printer simultaneously.

Answer: <https://biology-forums.com/index.php?topic=279343>

Question 652

The most direct output for composers and performers

- A) is a webcam.
- B) are speakers.
- C) are CDs.
- D) is an iPod.

Answer: <https://biology-forums.com/index.php?topic=280065>

Question 653

Using Internet applications differs from using PC applications because the Internet is based on a _____ model.

- A) login
- B) distributed server
- C) digital server
- D) client/server

Answer: <https://biology-forums.com/index.php?topic=280687>

Question 654

An expert system _____ is used to develop an expert system using human interfaces and inference engines.

Answer: <https://biology-forums.com/index.php?topic=281636>

Question 655

A(n) _____ server accepts, prioritizes, and processes requests to create hard copies of documents from many computers.

Answer: <https://biology-forums.com/index.php?topic=280575>

Question 656

A bundle of bitmapped images that appear in a sequence is called an animated _____.

- A) TIFF
- B) GIF
- C) SWF
- D) JPG

Answer: <https://biology-forums.com/index.php?topic=280039>

Question 657

The difference between augmented reality and virtual reality is

- A) virtual reality is a newer format that was developed as an offshoot of augmented reality research.
- B) augmented reality has no real use in today's world.
- C) virtual reality creates the illusion of tweening.
- D) augmented reality supplements rather than replaces the world the user sees.

Answer: <https://biology-forums.com/index.php?topic=280030>

Question 658

A networked computer that contains software and data for other computers is a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279005>

Question 659

Which type of virus uses computer hosts to reproduce itself?

- A) time bomb
- B) worm
- C) Trojan horse
- D) macro virus

Answer: <https://biology-forums.com/index.php?topic=280874>

Question 660

Combining other people's works in to one Web page is known as a podcast.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280767>

Question 661

The term _____ refers to a combination of text, graphics, animation, video, music, voice, and sound effects used to communicate a message.

- A) multitasking
- B) hyperlinking
- C) multicasting
- D) multimedia

Answer: <https://biology-forums.com/index.php?topic=280010>

Question 662

In the value chain model, the primary activity that refers to delivering the products or services to customers is

- A) marketing and sales.
- B) outbound logistics.
- C) procurement.
- D) inbound logistics.

Answer: <https://biology-forums.com/index.php?topic=281256>

Question 663

Stories that offer game players some control over the plot are called _____ fiction.

- A) MMORPG
- B) virtual
- C) interactive
- D) edutainment

Answer: <https://biology-forums.com/index.php?topic=281205>

Question 664

_____ refers to electronic trespassing or criminal hacking.

Answer: <https://biology-forums.com/index.php?topic=280984>

Question 665

When a person uses language such as ordinary English to query a database, it is known as a(n) _____ language query.

- A) low-level
- B) object-oriented
- C) natural
- D) XML

Answer: <https://biology-forums.com/index.php?topic=280229>

Question 666

A computer interprets _____ as a series of 0s and 1s.

- A) machine language
- B) assembly language
- C) high-level language
- D) pseudocode

Answer: <https://biology-forums.com/index.php?topic=281466>

Question 667

All of the following are types of menus found in Windows, EXCEPT:

- A) hierarchical menus.
- B) graphical menus.
- C) context-sensitive menus.
- D) pop-up menus.

Answer: <https://biology-forums.com/index.php?topic=279565>

Question 668

A(n) _____ network, also known as a wireless network, connects computers using radio or infrared transmitters connected to network ports.

Answer: <https://biology-forums.com/index.php?topic=280554>

Question 669

All of the following are true about sharing documents on Google Docs EXCEPT _____.

- A) when you create a file by using Google Docs, it is available only to you unless you share the document
- B) when collaborating with others on a project, you should share your documents so that all parties can edit and update the project
- C) once you share your documents, all individuals who have access have full control of the document
- D) there are times when you may not want to share documents with others

Answer: <https://biology-forums.com/index.php?topic=281146>

Question 670

The typical mouse uses _____ to detect movement.

- A) microwave signals
- B) coaxial cable
- C) reflected light
- D) digital signals

Answer: <https://biology-forums.com/index.php?topic=279255>

Question 671

Because it is a unique identifier for a vehicle, a vehicle identification number (VIN) would be an example of a(n) _____ field used in a motor vehicles database.

Answer: <https://biology-forums.com/index.php?topic=280350>

Question 672

What is the name of an application program that gathers user information and sends it to someone through the Internet?

- A) worm
- B) spybot
- C) logic bomb
- D) botnet

Answer: <https://biology-forums.com/index.php?topic=280884>

Question 673

A(n) _____ system is a record-keeping system that keeps track of business dealings on a daily basis.

- A) interorganizational information
- B) executive information
- C) transaction processing
- D) expert

Answer: <https://biology-forums.com/index.php?topic=281270>

Question 674

Which historical macro virus sent emails out to the first 50 names of a user's Outlook address book if they opened an email from an unknown sender?

- A) Samy
- B) Melissa
- C) rxbot
- D) Code Red

Answer: <https://biology-forums.com/index.php?topic=280876>

Question 675

The IP protocol defines the _____ system of the Internet.

- A) packet

- B) browser
- C) addressing
- D) search engine

Answer: <https://biology-forums.com/index.php?topic=280661>

Question 676

Programming objects on the screen to react or behave in specific ways under specific circumstances is called _____ authoring.

Answer: <https://biology-forums.com/index.php?topic=280148>

Question 677

_____ printers are popular with home users and others whose printing needs are light to medium.

Answer: <https://biology-forums.com/index.php?topic=279450>

Question 678

All of the following are true statements regarding data warehouses EXCEPT:

- A) data warehouses are large.
- B) data warehouses are inexpensive.
- C) data warehouses give users more direct access to enterprise data.
- D) data warehouses are centralized for convenience.

Answer: <https://biology-forums.com/index.php?topic=280263>

Question 679

A new experimental approach to software development in which each system is developed individually and quality is certified before it is integrated with other systems is called _____ programming.

- A) clean-room
- B) structured
- C) component
- D) object-oriented

Answer: <https://biology-forums.com/index.php?topic=281514>

Question 680

When two different businesses agree to work together, it is known as a

- A) strategic plan.
- B) business alliance.
- C) value chain.
- D) supply chain.

Answer: <https://biology-forums.com/index.php?topic=281280>

Question 681

The science of creating work environments that are safe and efficient for workers is known as

- A) ergocentric.
- B) ectonomics.
- C) ergonomics.
- D) environmental.

Answer: <https://biology-forums.com/index.php?topic=279318>

Question 682

Match the following terms with their definition.

- I. Accounting software
- II. Finance software
- III. DMS
- IV. Document management
- V. Project management software
- A. Microsoft SharePoint, KnowledgeTree, and Alfresco
- B. Intuit QuickBooks and Sage Peachtree
- C. The leading web-based application is Basecamp
- D. The ability to save, share, search, and audit electronic documents
- E. Keep track of your bank accounts and monitor investments

Answer: <https://biology-forums.com/index.php?topic=281134>

Question 683

A computer small enough to fit into a shirt pocket or purse is a

- A) notebook.
- B) subnotebook.
- C) personal digital assistant
- D) mainframe.

Answer: <https://biology-forums.com/index.php?topic=278924>

Question 684

_____ programming allows programmers to create large portion of programming by drawing pictures and pointing to objects.

- A) Low-level
- B) Visual
- C) Object-oriented
- D) Pascal

Answer: <https://biology-forums.com/index.php?topic=281478>

Question 685

Organizing files in to different collections on a storage device is done by creating

- A) compression.
- B) folders.
- C) portfolios.
- D) extensions.

Answer: <https://biology-forums.com/index.php?topic=278855>

Question 686

Which of the following technologies does not make it easier for documents to be stored without loss of formatting?

- A) HTML
- B) rich-text
- C) XML
- D) PDF

Answer: <https://biology-forums.com/index.php?topic=281033>

Question 687

An integrated programming environment includes a text editor, a compiler, and a(n) _____ that locates and corrects errors.

Answer: <https://biology-forums.com/index.php?topic=281547>

Question 688

Database programs can do all of the following EXCEPT:

- A) store and organize data.
- B) create graphics.
- C) communicate data.
- D) alleviate information overload.

Answer: <https://biology-forums.com/index.php?topic=280156>

Question 689

A dual-layer DVD can hold up to _____ GB of information.

Answer: <https://biology-forums.com/index.php?topic=279467>

Question 690

_____ feasibility may determine whether the changes in work procedures required by the proposed system are acceptable or not.

- A) Technical
- B) Operational
- C) Economic
- D) Organizational

Answer: <https://biology-forums.com/index.php?topic=281489>

Question 691

When executing the _____ control structure, the computer performs each instruction in the order it which it appears.

- A) repetition
- B) decision
- C) sequence
- D) selection

Answer: <https://biology-forums.com/index.php?topic=281460>

Question 692

The size and style of typeface is a(n)

- A) serif.
- B) margin.
- C) point size.
- D) font.

Answer: <https://biology-forums.com/index.php?topic=278852>

Question 693

When a software engineer attempts to prove the correctness of the program, he/she is using _____ techniques.

- A) beta testing
- B) alpha testing
- C) prototype
- D) program verification

Answer: <https://biology-forums.com/index.php?topic=281513>

Question 694

A data _____ is a catalog of all the data flowing through a system.

Answer: <https://biology-forums.com/index.php?topic=281576>

Question 695

Information from the Internet to the subscriber, called _____ traffic, sometimes approaches speeds similar to a T1.

- A) upstream
- B) downstream
- C) asynchronous
- D) upload

Answer: <https://biology-forums.com/index.php?topic=280477>

Question 696

A bit can be

- A) 0 or 1.
- B) any number from 0 through 9.
- C) any number or letter.
- D) any letter A through E.

Answer: <https://biology-forums.com/index.php?topic=279954>

Question 697

Amazon selling products to users shopping from home is an example of

- A) B2B.
- B) C2C.
- C) B2C.
- D) m-business.

Answer: <https://biology-forums.com/index.php?topic=281378>

Question 698

Input and output secondary storage devices include all of the following EXCEPT:

- A) magnetic tape drives.
- B) CD-ROM.
- C) RAM.
- D) USB

Answer: <https://biology-forums.com/index.php?topic=279320>

Question 699

Amazon's e-book reader is known as the _____.

Answer: <https://biology-forums.com/index.php?topic=279905>

Question 700

The ability to capture a sequence of reusable steps is referred to as a

- A) wizard.
- B) formula.
- C) macro.
- D) template.

Answer: <https://biology-forums.com/index.php?topic=279862>

Question 701

_____ is defined as any crime completed through the use of computer technology.

- A) Computer forensics
- B) Computer crime
- C) Phishing
- D) Cracking

Answer: <https://biology-forums.com/index.php?topic=280930>

Question 702

For a complex procedure, a systems analyst uses a _____ to document if-then statements.

- A) data flow diagram
- B) system flowchart
- C) Gantt chart
- D) decision table

Answer: <https://biology-forums.com/index.php?topic=281509>

Question 703

In a spreadsheet, _____ are represented by letters.

Answer: <https://biology-forums.com/index.php?topic=279910>

Question 704

You can use _____ software to keep track of your bank accounts, monitor investments, create and stick to a budget, and file income taxes.

Answer: <https://biology-forums.com/index.php?topic=281106>

Question 705

The programming language _____ was developed at Bell Labs in the early 1970s as a tool for programming operating systems such as UNIX.

Answer: <https://biology-forums.com/index.php?topic=281532>

Question 706

A _____ enables you to type text and numerical data into the computer's memory.

- A) mouse
- B) printer
- C) disk
- D) keyboard

Answer: <https://biology-forums.com/index.php?topic=278836>

Question 707

_____ was a pioneer in allowing users to share photographs on the Web.

Answer: <https://biology-forums.com/index.php?topic=280597>

Question 708

_____ memory is nonvolatile and often used in digital cameras and cell phones.

Answer: <https://biology-forums.com/index.php?topic=279203>

Question 709

In a spreadsheet, _____ are represented by numbers.

Answer: <https://biology-forums.com/index.php?topic=279911>

Question 710

In the programming process, testing the algorithm checks the

- A) compiler.
- B) logic.
- C) syntax.
- D) pseudocode.

Answer: <https://biology-forums.com/index.php?topic=281456>

Question 711

Text formatting commands apply to both characters and

- A) graphics.
- B) spreadsheets.
- C) paragraphs.
- D) margins.

Answer: <https://biology-forums.com/index.php?topic=279814>

Question 712

_____ -processing software allows a photographer to manipulate digital photos and other high-resolution files with tools similar to those found in paint programs.

Answer: <https://biology-forums.com/index.php?topic=280106>

Question 713

All e-mail addresses consist of a user name, followed by the @ sign, followed by a host address.
[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280744>

Question 714

The fear of computers and technology is _____.

- A) webaphobia
- B) industraphobia
- C) computerphobia
- D) technophobia

Answer: <https://biology-forums.com/index.php?topic=281190>

Question 715

The primary permanent storage device for information is the _____ disk.

Answer: <https://biology-forums.com/index.php?topic=278867>

Question 716

Over _____ were spent by businesses and government to repair problems in regard to Y2K.

- A) 1 trillion dollars
- B) 100 million dollars
- C) 1 billion dollars
- D) 100 billion dollars

Answer: <https://biology-forums.com/index.php?topic=280936>

Question 717

The Children's _____ of 1998 requires certain commercial Web sites to obtain parental consent before collecting, using, or disclosing personal information about children under 13.

- A) Online Privacy Protection Act
- B) Data Protection Directive
- C) Rights Bill
- D) Code of Ethics

Answer: <https://biology-forums.com/index.php?topic=281387>

Question 718

Reworking of songs using new instrumentation, rhythms, and audio samples is called _____.

Answer: <https://biology-forums.com/index.php?topic=280145>

Question 719

_____ allow(s) drives to be built into a computer system.

- A) Ports
- B) Expansion slots
- C) The Motherboard
- D) Bays

Answer: <https://biology-forums.com/index.php?topic=279342>

Question 720

When software publishers release updates, these updates can address security holes or _____.

- A) codec
- B) jaggies
- C) machinima
- D) bugs

Answer: <https://biology-forums.com/index.php?topic=281100>

Question 721

_____ is an expert system that produces drawings of people, plants, and objects based on rules of human anatomy and behavior.

Answer: <https://biology-forums.com/index.php?topic=281634>

Question 722

A popular compression file type for digital video is

- A) JPG.
- B) SWF.
- C) MPEG.
- D) MP3.

Answer: <https://biology-forums.com/index.php?topic=280027>

Question 723

Data traveling from a home computer to the Internet is called

- A) downstream traffic.
- B) upstream traffic.
- C) T1 traffic.
- D) DSL traffic.

Answer: <https://biology-forums.com/index.php?topic=280481>

Question 724

Net neutrality is the principle that Internet access should be free from restrictions related to the type of communication taking place on it.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280772>

Question 725

B2B are B2C are two forms of electronic _____.

Answer: <https://biology-forums.com/index.php?topic=281219>

Question 726

Programs such as Internet Explorer that serve as navigable windows into the Web are called

- A) hypertext.
- B) networks.
- C) search engines.
- D) browsers.

Answer: <https://biology-forums.com/index.php?topic=278928>

Question 727

The number of bits devoted to each pixel is called _____ depth or color depth.

Answer: <https://biology-forums.com/index.php?topic=280098>

Question 728

A spell checker may not find an error in the word "wood" when it should have been "would" because

- A) spell checkers do not find context errors.
- B) the two words are synonyms.
- C) the two words are proper nouns.
- D) the two words are not in the thesaurus.

Answer: <https://biology-forums.com/index.php?topic=279829>

Question 729

What was the name of the worm that demonstrated that a system could be infected by email even if the mail wasn't opened?

- A) The Love Bug
- B) Melissa
- C) rxbot
- D) BubbleBoy

Answer: <https://biology-forums.com/index.php?topic=280900>

Question 730

In C++ programming, a programmer will use double dashes (--) to mark comments.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281516>

Question 731

OCR is

- A) hardware.
- B) firmware.
- C) an output device.
- D) software.

Answer: <https://biology-forums.com/index.php?topic=279278>

Question 732

To prevent loss of data during power failures, use a(n)

- A) encryption program.
- B) surge protector.
- C) firewall.
- D) UPS.

Answer: <https://biology-forums.com/index.php?topic=280920>

Question 733

What may happen if a font resides in a printer and you take your document to another computer system?

- A) The same printer font may not be available.
- B) The font will be saved with the document.
- C) The font cannot reside only in the printer.
- D) Fonts are all the same on every printer.

Answer: <https://biology-forums.com/index.php?topic=279750>

Question 734

In the early nineteenth century, Charles Babbage and Ada Lovelace conceived an idea for a mechanical computer that they referred to as a(n)

- A) Z1.
- B) ABC.
- C) Analytical Engine.
- D) calculator.

Answer: <https://biology-forums.com/index.php?topic=278956>

Question 735

One example of a GIS is _____.

- A) Outlook
- B) Facebook
- C) YouTube

D) MapQuest

Answer: <https://biology-forums.com/index.php?topic=280196>

Question 736

Employees who reside in different parts of the country and need to meet regularly, can use computer technology known as

- A) video-display software.
- B) video digitizing.
- C) videoconferencing.
- D) video scanning.

Answer: <https://biology-forums.com/index.php?topic=279286>

Question 737

In the context of business information systems, information technology performs functions such as processing and acquisition.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281319>

Question 738

A(n) _____ system is a limited working system that gives users and management an idea of what the completed system will look like.

- A) prototype
- B) beta
- C) human interface
- D) development

Answer: <https://biology-forums.com/index.php?topic=281495>

Question 739

The number of bits a CPU can process simultaneously is the CPU's _____ size.

Answer: <https://biology-forums.com/index.php?topic=279192>

Question 740

_____ can interpret voice data into words that can be understood by the computer.

- A) Speech input hardware
- B) Talking software
- C) Word recognition software
- D) Speech recognition software

Answer: <https://biology-forums.com/index.php?topic=279288>

Question 741

Wipe right animation gives audience members an opportunity to begin reading the text before it is completely written.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280082>

Question 742

The development phase of the SDLC includes ongoing monitoring, evaluating, repairing, and enhancing the new system.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281524>

Question 743

One popular open-source database is MySQL.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280301>

Question 744

If a user wants to show a trend or relationship over time in a graphical way, he or she should create a(n) _____ chart or a bar chart.

Answer: <https://biology-forums.com/index.php?topic=279921>

Question 745

In 2005, Google agreed to allow the _____ government to censor certain searches made by their citizens.

- A) United States

- B) German
- C) Indian
- D) Chinese

Answer: <https://biology-forums.com/index.php?topic=280243>

Question 746

_____ that extend the functionality of mobile devices should be downloaded only from trusted sources.

Answer: <https://biology-forums.com/index.php?topic=281126>

Question 747

The display screen is also called a

- A) monitor.
- B) resolution.
- C) DVD.
- D) pointing stick.

Answer: <https://biology-forums.com/index.php?topic=279297>

Question 748

When entering a text string in a query's criteria, Access places _____ around the criteria.

Answer: <https://biology-forums.com/index.php?topic=281058>

Question 749

A software robot that systematically searches the Web is a(n) _____.

- A) search engine
- B) indexer
- C) Web portal
- D) spider

Answer: <https://biology-forums.com/index.php?topic=280724>

Question 750

All of the following types of software can be legally copied and shared freely EXCEPT:

- A) copyrighted software.
- B) public domain software.
- C) Download.com
- D) open-source software.

Answer: <https://biology-forums.com/index.php?topic=279600>

Question 751

The program that allows I/O devices to communicate with the computer is known as a(n)

- A) device driver.
- B) utility program.
- C) operating device file.
- D) operating system.

Answer: <https://biology-forums.com/index.php?topic=279556>

Question 752

Modern PCs use _____ bits of memory to create photorealistic color.

- A) 8 or 16
- B) 64 or 128
- C) 32 or 64
- D) 24 or 32

Answer: <https://biology-forums.com/index.php?topic=280021>

Question 753

A simple program consists of three parts: program _____, declarations and definitions, and the body of the program.

Answer: <https://biology-forums.com/index.php?topic=281541>

Question 754

DSL is slower than fiber-optic Internet.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280531>

Question 755

At the end of the development phase, _____ testing is done by potential end users.

Answer: <https://biology-forums.com/index.php?topic=281567>

Question 756

OpenType is a combination of _____.

- A) TrueType and PostScript
- B) TrueType and Sans serif
- C) Javascript and Sans serif
- D) Javascript and TrueType

Answer: <https://biology-forums.com/index.php?topic=279742>

Question 757

Google _____ is a free application that enables users to store, create, edit, and share documents online by using their Google account.

- A) Wikis
- B) Docs
- C) Blogs
- D) Sites

Answer: <https://biology-forums.com/index.php?topic=281143>

Question 758

Windows _____ is included with the operating system and allows you to see both the contents of a folder and the location of the folder in the storage device's hierarchy.

Answer: <https://biology-forums.com/index.php?topic=279720>

Question 759

Visio is considered a CASE tool.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281526>

Question 760

This software is responsible for the location of all programs and files in the computer's file system:

- A) application software.
- B) Web applications.
- C) operating system.
- D) virtual memory.

Answer: <https://biology-forums.com/index.php?topic=279605>

Question 761

_____ is a set of rules that Access uses to ensure that the data between related tables is valid.

Answer: <https://biology-forums.com/index.php?topic=281050>

Question 762

_____ is the look and feel of the computing experience from a human point of view.

- A) RAM resident portion
- B) Device driver
- C) Application
- D) User interface

Answer: <https://biology-forums.com/index.php?topic=279559>

Question 763

A(n) _____ is a program that translates and transmits computer program statements one at a time.

Answer: <https://biology-forums.com/index.php?topic=281542>

Question 764

Transaction processing is a cyclical process involving entering data, processing data, storing and updating data, preparing documents and reports, and utilizing user _____.

Answer: <https://biology-forums.com/index.php?topic=281331>

Question 765

Virtual memory is broken into same-sized blocks called _____.

Answer: <https://biology-forums.com/index.php?topic=279691>

Question 766

Using software to search for and replace data that contains errors is called data cleansing or data _____.

Answer: <https://biology-forums.com/index.php?topic=280370>

Question 767

A voice message must be converted to a(n) _____ signal so it can be stored on a computer's hard drive.

- A) Wi-Fi
- B) hardcoded
- C) digital
- D) analog

Answer: <https://biology-forums.com/index.php?topic=280444>

Question 768

Primary storage is more commonly referred to as

- A) ROM.
- B) CPU
- C) Digital
- D) RAM

Answer: <https://biology-forums.com/index.php?topic=279031>

Question 769

The last step in the programming process is maintenance.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281522>

Question 770

Users of specialized database programs spend most of their time designing forms and file structures.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280310>

Question 771

Problems with the simulation approach to AI include all of the following EXCEPT:

- A) most people have trouble knowing and describing how they do things.
- B) the brain can perform parallel processing at a level the most powerful supercomputers can't approach.
- C) machines operate differently than the brain.
- D) machines cannot remember hundreds of numbers at the same time.

Answer: <https://biology-forums.com/index.php?topic=281584>

Question 772

Buying and selling products through a computer network is known as _____ commerce.

- A) electronic
- B) virtual
- C) point-of-sale
- D) HTML

Answer: <https://biology-forums.com/index.php?topic=281027>

Question 773

_____ -processing software removes unwanted reflections, eliminates "red eye", and brushes away blemishes.

Answer: <https://biology-forums.com/index.php?topic=280140>

Question 774

Computers store important start-up information on chips that are commonly known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=279238>

Question 775

Painting software creates pixels on a screen using a keyboard.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280076>

Question 776

Information stored in RAM is considered volatile, which means it is

- A) stored there permanently.
- B) not held permanently, only temporarily.
- C) stored when the electricity is shut off.
- D) stored permanently in the CPU device.

Answer: <https://biology-forums.com/index.php?topic=279065>

Question 777

Which of the following is NOT an output device?

- A) printer
- B) speakers
- C) trackball
- D) monitor

Answer: <https://biology-forums.com/index.php?topic=279074>

Question 778

A content-management system allows users to edit Web sites without having to deal with HTML and FTP.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280759>

Question 779

Data _____ uses artificial intelligence and statistical methods to find hidden predictive information, including trends and patterns, in databases.

Answer: <https://biology-forums.com/index.php?topic=280366>

Question 780

URLs uniquely identify _____.

- A) a Web site
- B) an email address
- C) a computer
- D) a Web page

Answer: <https://biology-forums.com/index.php?topic=280696>

Question 781

U.S. Navy officer _____ played a key role in developing the first compiler and the business programming language called COBOL.

- A) Grace Murray Hopper
- B) Jeff Bezos
- C) Howard Aiken
- D) Alan Kay

Answer: <https://biology-forums.com/index.php?topic=281449>

Question 782

Periodic evaluation of the new system is part of the _____ phase of the SDLC.

- A) implementation
- B) maintenance
- C) development
- D) retirement

Answer: <https://biology-forums.com/index.php?topic=281500>

Question 783

A(n) _____ is a named portion of a computer's memory whose contents can be examined and changed.

- A) variable
- B) library
- C) constant
- D) algorithm

Answer: <https://biology-forums.com/index.php?topic=281459>

Question 784

The primary output device for computers is a

- A) video monitor.
- B) printer.
- C) keyboard.
- D) mouse.

Answer: <https://biology-forums.com/index.php?topic=279026>

Question 785

With _____ software, a student who cannot speak is able to communicate using text, graphics, and sound.

- A) compilation
- B) augmentative communication
- C) utility communication
- D) screen reader

Answer: <https://biology-forums.com/index.php?topic=281198>

Question 786

A person who maintains an online journal may also be called a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=280629>

Question 787

_____ is working from home using a modem connection to the office computer system.

Answer: <https://biology-forums.com/index.php?topic=281221>

Question 788

Every file and folder has a unique _____, which describes the nesting of folders containing it.

Answer: <https://biology-forums.com/index.php?topic=279663>

Question 789

_____ are hardware devices or software programs that direct messages as they travel between networks.

- A) Routers
- B) Modems
- C) Satellites
- D) Ports

Answer: <https://biology-forums.com/index.php?topic=280423>

Question 790

Data _____ rate is the major difference between USB 1.0 and USB 3.0.

Answer: <https://biology-forums.com/index.php?topic=279432>

Question 791

_____ identifies objects and shapes in a photograph, drawing, video, or other visual images.

- A) An expert system
- B) Image analysis
- C) OCR
- D) Fuzzy logic

Answer: <https://biology-forums.com/index.php?topic=281605>

Question 792

The first step when creating a Web site should be to

- A) write the program.
- B) use HTML to write the code.
- C) offer links to popular Web sites.
- D) start with a plan.

Answer: <https://biology-forums.com/index.php?topic=280717>

Question 793

A value chain's primary activities include all of the following EXCEPT:

- A) marketing and sales.
- B) technology development.
- C) operations.
- D) outbound logistics.

Answer: <https://biology-forums.com/index.php?topic=281254>

Question 794

_____ is a popular free blogging service available by using a Google account.

Answer: <https://biology-forums.com/index.php?topic=281169>

Question 795

What is the third step of the problem solving process?

- A) Evaluating the solution
- B) Carrying out the plan
- C) Devising a plan for solving the problem
- D) Understanding the problem

Answer: <https://biology-forums.com/index.php?topic=281452>

Question 796

Streaming audio

- A) stops playing when the user disconnects from the Internet.
- B) is available through file-sharing networks.
- C) must be recorded and played using a synthesizer.
- D) must be stored on a MIDI instrument.

Answer: <https://biology-forums.com/index.php?topic=280002>

Question 797

_____ is the process of breaking problems into smaller and smaller problems.

- A) Reverse engineering
- B) Sub problem alteration
- C) Problem modification
- D) Stepwise refinement

Answer: <https://biology-forums.com/index.php?topic=281454>

Question 798

The typical CPU is divided into several functional units: control, arithmetic logic, decode, _____, and prefetch.

Answer: <https://biology-forums.com/index.php?topic=279155>

Question 799

Programs geared toward home markets that combine education and entertainment are called

- A) pointcasting.
- B) SOHO.
- C) edutainment.
- D) filtering.

Answer: <https://biology-forums.com/index.php?topic=281202>

Question 800

An example of a formula with an absolute reference is

- A) =B4*B5.
- B) =^b^4*^b^5.

C) =@b@4*@b@5.

D) =\$b\$4*\$b\$5.

Answer: <https://biology-forums.com/index.php?topic=279860>

Question 801

To register a business name and create a unique URL, a business pays a fee that goes to _____.

A) a domain name registry company

B) the Department of Commerce

C) Google

D) Microsoft

Answer: <https://biology-forums.com/index.php?topic=280707>

Question 802

Many output devices take bit patterns and turn them into nondigital movements or _____.

Answer: <https://biology-forums.com/index.php?topic=279481>

Question 803

According to the value chain model, when the value added by an activity exceeds the cost of the activity, the result is a profit for the business.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281313>

Question 804

The programming language _____ was developed as an easy-to-learn, interactive alternative to FORTRAN for beginning programmers.

Answer: <https://biology-forums.com/index.php?topic=281531>

Question 805

_____ software helps you to organize and complete projects, keep within budget, stay on schedule, and collaborate with team members.

Answer: <https://biology-forums.com/index.php?topic=281104>

Question 806

The top-level domains for countries consist of two letters.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280742>

Question 807

A(n) _____ network allows a message to jump from wireless device to wireless device until it finds the correct destination.

Answer: <https://biology-forums.com/index.php?topic=280548>

Question 808

Programs now resemble _____ much more than in the past.

A) natural language

B) machine language

C) low-level language

D) compiler and translation software

Answer: <https://biology-forums.com/index.php?topic=279511>

Question 809

The _____ diagram is a modeling tool that shows how data moves through a system.

Answer: <https://biology-forums.com/index.php?topic=281575>

Question 810

What is the most recent version of Windows?

A) Windows XP

B) Windows Vista

C) Windows 2000

D) Windows 7

Answer: <https://biology-forums.com/index.php?topic=279569>

Question 811

Computer _____ integration links computers and telephones to increase productivity.

Answer: <https://biology-forums.com/index.php?topic=280542>

Question 812

An email address contains two parts --the user name and the

- A) ISP.
- B) host name.
- C) URL.
- D) WWW address.

Answer: <https://biology-forums.com/index.php?topic=278863>

Question 813

The emergence of low-cost computers and the Internet make it possible for more people to access information. This may cause

- A) too much Internet traffic.
- B) total loss of computer usage for daily tasks.
- C) abuse of information for political and economic power.
- D) businesses to fail.

Answer: <https://biology-forums.com/index.php?topic=278979>

Question 814

In virtual reality, a video digitizer imports signals from a source and displays them on the computer screen immediately.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280073>

Question 815

To the shock of many, IBM's Deep Blue supercomputer beat Garry Kasparov in 1997 in a game of _____.

Answer: <https://biology-forums.com/index.php?topic=281623>

Question 816

The three management levels are operational, strategic, and _____.

Answer: <https://biology-forums.com/index.php?topic=281337>

Question 817

All of the following are top-level domains EXCEPT _____.

- A) .com
- B) .net
- C) .info
- D) .bus

Answer: <https://biology-forums.com/index.php?topic=280667>

Question 818

Adobe Flash is a program used to create designs on-screen for products ranging from computer chips to public buildings.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280069>

Question 819

_____ ink character readers can read those odd-shaped numbers printed with magnetic ink on checks.

Answer: <https://biology-forums.com/index.php?topic=279471>

Question 820

Babel Fish is a(n)

- A) language translation program.
- B) robot.
- C) AI search engine.
- D) Turing test.

Answer: <https://biology-forums.com/index.php?topic=281589>

Question 821

Most computer systems rely solely on _____ for authentication.

- A) logins
- B) passwords
- C) encryption
- D) lock and key

Answer: <https://biology-forums.com/index.php?topic=280932>

Question 822

Backup media include all of the following EXCEPT:

- A) external hard drives.
- B) CD-ROMs.
- C) USB drives.
- D) DVD-Rs.

Answer: <https://biology-forums.com/index.php?topic=278858>

Question 823

In an employee database, a field which multiplies an hours worked field by an hourly wage field can be calculated using a(n) _____ field.

Answer: <https://biology-forums.com/index.php?topic=280326>

Question 824

What is a complex system that takes on nearly complete responsibility for a task eliminating the need for human input, verification, or decision making?

- A) autonomous system
- B) robotic system
- C) smart system
- D) independent system

Answer: <https://biology-forums.com/index.php?topic=280938>

Question 825

Pages that are ready to be photographed and printed are considered _____-ready.

Answer: <https://biology-forums.com/index.php?topic=279941>

Question 826

A secure private network physically attaches intranets to an extranet through

- A) coaxial cables.
- B) LANs.
- C) private leased phone lines.
- D) satellite transmissions.

Answer: <https://biology-forums.com/index.php?topic=281374>

Question 827

Match the following terms with their description.

- I. Sound file
- II. Speech recognition software
- III. Video editor
- IV. Streaming video
- V. Screen capture software
- A. Formats rely on compression, low frame rates, and small image size
- B. Machinima is one creative use of this
- C. Digitized, recorded live sounds or music
- D. The more you use it, the better it becomes
- E. Can cost hundreds or even thousands of dollars

Answer: <https://biology-forums.com/index.php?topic=281140>

Question 828

A flexible, portable, paperlike material that can display black-and-white text and images on its surface is _____ paper (also called e-paper).

Answer: <https://biology-forums.com/index.php?topic=279903>

Question 829

Color-_____ technology is advancing to fix inconsistencies in display colors between different operating systems and output devices.

Answer: <https://biology-forums.com/index.php?topic=279945>

Question 830

A single silicon chip, which contains all of a computer's computational components, is called a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279003>

Question 831

A(n) _____ is a modeling tool that uses a tabular method of visualizing and specifying rules based on multiple factors.

- A) decision table
- B) system flowchart
- C) CASE
- D) data flow diagram

Answer: <https://biology-forums.com/index.php?topic=281508>

Question 832

An example of an object-oriented programming language is

- A) Java.
- B) machine language.
- C) C.
- D) assembly language.

Answer: <https://biology-forums.com/index.php?topic=281473>

Question 833

Information is made up of discrete, countable units called _____, so it can be subdivided.

- A) digits.
- B) analog units.
- C) input.
- D) bytes.

Answer: <https://biology-forums.com/index.php?topic=279035>

Question 834

A collection of information stored in an organized form on a computer is a(n)

- A) database.
- B) query.
- C) operating system.
- D) utility.

Answer: <https://biology-forums.com/index.php?topic=280164>

Question 835

An inkjet printer used to print high-quality photographs is called a(n) _____ printer.

Answer: <https://biology-forums.com/index.php?topic=279452>

Question 836

A contextual search tool might ask "Did you mean Newark, Delaware or Newark, NJ?" if you query the word Newark.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280287>

Question 837

Programs designed to enable several networked users to work on the same documents at the same time are called _____.

Answer: <https://biology-forums.com/index.php?topic=280611>

Question 838

Traditional AI techniques include all of the following EXCEPT:

- A) machine learning.
- B) heuristics.

- C) pattern recognition.
- D) batch processing.

Answer: <https://biology-forums.com/index.php?topic=281586>

Question 839

A compiler is

- A) the same thing as a device driver.
- B) physically located in the CPU.
- C) English-like instructions.
- D) the most common type of translator program.

Answer: <https://biology-forums.com/index.php?topic=279510>

Question 840

Oracle offers support for multidimensional database products.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280314>

Question 841

When two processors are employed in a computer, it is known as

- A) double processing.
- B) parallel processing.
- C) multi-tasking.
- D) twin processing.

Answer: <https://biology-forums.com/index.php?topic=279057>

Question 842

Some software CDs and DVDs are _____ with digital rights management (DRM) technology to ensure that they can't be duplicated with conventional copying techniques.

- A) groggy
- B) copyright
- C) write enhanced
- D) copy protected

Answer: <https://biology-forums.com/index.php?topic=279595>

Question 843

You should always read the _____, which is the contract between the software user and the software publisher.

- A) site license
- B) software license
- C) product key
- D) EULA

Answer: <https://biology-forums.com/index.php?topic=281095>

Question 844

Nearly all commercial software is

- A) trademarked.
- B) copyrighted.
- C) free for copying.
- D) shareware.

Answer: <https://biology-forums.com/index.php?topic=279527>

Question 845

A company's CEO acts at the _____ level.

- A) tactical
- B) operational
- C) middle management
- D) strategic

Answer: <https://biology-forums.com/index.php?topic=281287>

Question 846

This unit of the CPU translates instructions for the CPU processing:

- A) prefetch unit.
- B) decode unit.
- C) ALU.
- D) Bus Interface Unit.

Answer: <https://biology-forums.com/index.php?topic=279121>

Question 847

The inventor of the first programmable, general-purpose digital computer invented the computer because

- A) he was not good at calculations.
- B) he was too lazy to calculate.
- C) he had dropped out of school and was looking for something to do with his spare time.
- D) he needed some quick cash to start a business.

Answer: <https://biology-forums.com/index.php?topic=278960>

Question 848

The circuit board that contains a computer's CPU is called the

- A) motherboard.
- B) wafer.
- C) memory chip.
- D) daughter board.

Answer: <https://biology-forums.com/index.php?topic=279099>

Question 849

A(n) _____ could be used to replicate how a specialist diagnoses lung cancer.

- A) expert system
- B) Turing test
- C) artificial life
- D) knowledge base

Answer: <https://biology-forums.com/index.php?topic=281595>

Question 850

The typical hard disk consists of several

- A) platters.
- B) tapes.
- C) fragments.
- D) layers.

Answer: <https://biology-forums.com/index.php?topic=279401>

Question 851

To arrange students in an university database table in alphabetical order on their last name, the user must perform a(n) _____ on the database.

Answer: <https://biology-forums.com/index.php?topic=280338>

Question 852

The most commonly used productivity software used in business is a(n) _____.

- A) operating system
- B) application
- C) general purpose application
- D) office application suite

Answer: <https://biology-forums.com/index.php?topic=281073>

Question 853

High-level language falls between natural human language and precise human language.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279636>

Question 854

The most common form of computer crime is theft.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280948>

Question 855

The _____ name goes before the at sign (@) in an email address.

Answer: <https://biology-forums.com/index.php?topic=278884>

Question 856

Each Web page has a unique address, referred to as a(n)

- A) hyperlink.
- B) uniform resource locator (URL).
- C) Web site.
- D) file name.

Answer: <https://biology-forums.com/index.php?topic=278861>

Question 857

_____ makes it possible for users with diverse computing needs to share expensive computing equipment.

- A) Shareware
- B) Virtual Sharing
- C) Timesharing
- D) Network Sharing

Answer: <https://biology-forums.com/index.php?topic=278987>

Question 858

Managers bombarded with too many reports and summaries are experiencing

- A) business intelligence.
- B) data warehousing.
- C) information overload.
- D) social responsibility.

Answer: <https://biology-forums.com/index.php?topic=281297>

Question 859

A DVD/CD-RW drive is known as a(n) _____ drive.

- A) magnetic
- B) USB
- C) optical
- D) floppy

Answer: <https://biology-forums.com/index.php?topic=278838>

Question 860

_____ is the fear of technology.

Answer: <https://biology-forums.com/index.php?topic=281226>

Question 861

The process of creating colors by combining colored lights is called _____ color synthesis.

- A) RGB
- B) Hexadecimal codes
- C) additive
- D) Monochrome

Answer: <https://biology-forums.com/index.php?topic=279411>

Question 862

When a user accesses a remote server and copies a file to his/her own personal computer, it is known as _____.

Answer: <https://biology-forums.com/index.php?topic=280793>

Question 863

In client/server computing, connectivity software can also be called _____.

Answer: <https://biology-forums.com/index.php?topic=280361>

Question 864

Pointing to an object and clicking the right button on the mouse will most likely generate a

- A) contextual menu.
- B) delete option.
- C) toolbar.
- D) table of options.

Answer: <https://biology-forums.com/index.php?topic=278843>

Question 865

What type of font looks fine on a monitor but is not smooth when printed?

- A) bitmapped
- B) TrueType
- C) OpenType
- D) unscalable

Answer: <https://biology-forums.com/index.php?topic=279745>

Question 866

Linux is a(n)

- A) computer system.
- B) operating system.
- C) piece of application software.
- D) type of CPU device.

Answer: <https://biology-forums.com/index.php?topic=279052>

Question 867

The wheel located between the two standard buttons on a mouse is used to

- A) click in Web pages.
- B) scroll.
- C) click and select items.
- D) jump to different Web pages.

Answer: <https://biology-forums.com/index.php?topic=279260>

Question 868

GUI refers to

- A) graphical user interaction.
- B) guaranteed user interface.
- C) graphical user interface.
- D) graphics utilized internally.

Answer: <https://biology-forums.com/index.php?topic=279562>

Question 869

A Web _____ is an invisible piece of code that silently notifies the sender when a message was opened and may also report other information from the user's computer.

Answer: <https://biology-forums.com/index.php?topic=280583>

Question 870

_____ are groups linked by a common interest.

Answer: <https://biology-forums.com/index.php?topic=281175>

Question 871

Software companies will release free _____ when they have a bundled update for a program.

- A) downgrades
- B) Trojan horses
- C) service packs
- D) new versions

Answer: <https://biology-forums.com/index.php?topic=279589>

Question 872

The World Wide Web was introduced in _____.

- A) 1969
- B) 1984
- C) 1991
- D) 2000

Answer: <https://biology-forums.com/index.php?topic=280693>

Question 873

From the ground, a GPS _____ interacts with signals from a satellite to determine its position.

- A) clock
- B) drive
- C) connector
- D) receiver

Answer: <https://biology-forums.com/index.php?topic=280435>

Question 874

Flickr was purchased by

- A) MySpace.
- B) Caterina Fake.
- C) Yahoo.
- D) Facebook.

Answer: <https://biology-forums.com/index.php?topic=278952>

Question 875

On Google's calendar, a single event can be shared with others by adding their _____ to the event.

Answer: <https://biology-forums.com/index.php?topic=281167>

Question 876

In the _____ age, most people earn their living working with words, numbers, and ideas.

Answer: <https://biology-forums.com/index.php?topic=279013>

Question 877

A manager could use _____ to determine if an information system project is economically worthwhile.

- A) Gantt charts
- B) PERT diagrams
- C) cost-benefit analysis
- D) expert systems

Answer: <https://biology-forums.com/index.php?topic=281300>

Question 878

A(n) _____ can shield electronic equipment from power spikes.

- A) encryption program
- B) surge protector
- C) firewall
- D) power supply

Answer: <https://biology-forums.com/index.php?topic=280922>

Question 879

When a computer is turned on, where does it get the first instructions that it loads into RAM?

- A) from RAM
- B) from ROM
- C) from the hard disk
- D) from a CD

Answer: <https://biology-forums.com/index.php?topic=279550>

Question 880

Which of the following statements about Web page authoring is FALSE?

- A) Web pages can be written without any special Web authoring tool.
- B) Microsoft Expression Web is an example of a Web authoring tool.

C) Programs such as Microsoft Word cannot be used to author Web pages.
D) Web authoring tools generate the underlying HTML code for a Web page.
Answer: <https://biology-forums.com/index.php?topic=280702>

Question 881

This software is the bridge between your application software and the computer's hardware:
A) virtual memory.
B) freeware.
C) operating system.
D) virtual reality.
Answer: <https://biology-forums.com/index.php?topic=279603>

Question 882

_____ dimensional spreadsheets can have multiple worksheets that are linked together.
A) One-
B) Two-
C) Three-
D) Four-
Answer: <https://biology-forums.com/index.php?topic=281078>

Question 883

All of the following are essential components of every computer system EXCEPT:
A) software.
B) hardware.
C) people.
D) networks.
Answer: <https://biology-forums.com/index.php?topic=280387>

Question 884

All of the following are examples of transaction processing systems EXCEPT:
A) accounts receivable.
B) ticket reservations.
C) group decision support system.
D) inventory.
Answer: <https://biology-forums.com/index.php?topic=281273>

Question 885

Many laptops and handheld computers have _____ ports that can send and receive digital information over short distances (approximately 1 meter) without the use of cables.
Answer: <https://biology-forums.com/index.php?topic=280568>

Question 886

A company's supply _____ includes the network of organizations that supply raw materials, manufacture products, and distribute products to customers.
Answer: <https://biology-forums.com/index.php?topic=281333>

Question 887

Which software is free to use for a trial period, but requires some minimal payment after the trial period?
A) freeware
B) open-source software.
C) graphics program
D) shareware
Answer: <https://biology-forums.com/index.php?topic=279531>

Question 888

_____ -authoring software is used to create and edit documents that can include graphics, text, video clips, and sounds.
Answer: <https://biology-forums.com/index.php?topic=280137>

Question 889

A(n) _____ translates an entire program before passing it on to the computer for execution.

- A) parser
- B) debugger
- C) compiler
- D) interpreter

Answer: <https://biology-forums.com/index.php?topic=281464>

Question 890

The most widely used code that represents each character as a unique 8-bit code is

- A) ASCII.
- B) Unicode.
- C) binary numbering system.
- D) EBCDIC.

Answer: <https://biology-forums.com/index.php?topic=279042>

Question 891

The branch of computer science where specialists apply the theoretical concepts of computer science to real-world, practical business problems are known as

- A) management information systems.
- B) computer theory.
- C) software engineering.
- D) computer architecture.

Answer: <https://biology-forums.com/index.php?topic=281511>

Question 892

Replicating the knowledge of an engineer for training of new employees is a good use of a(n) _____ system.

Answer: <https://biology-forums.com/index.php?topic=281343>

Question 893

The device that controls the workings of a PC system is the

- A) RAM.
- B) microprocessor.
- C) memory.
- D) hard disk.

Answer: <https://biology-forums.com/index.php?topic=278831>

Question 894

When converting to a new system, the _____ approach implements subsystems of the new system gradually over a period of time.

Answer: <https://biology-forums.com/index.php?topic=281570>

Question 895

Bar-code readers use light to read

- A) UPCs.
- B) UPSs.
- C) POSs.
- D) optical marks.

Answer: <https://biology-forums.com/index.php?topic=279270>

Question 896

All extranets are VPNs.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281390>

Question 897

Network transmission speeds are measured in _____ per second.

- A) bits
- B) bytes
- C) binaries
- D) lines

Answer: <https://biology-forums.com/index.php?topic=280459>

Question 898

Mail merge allows users to create a(n)

- A) form letter.
- B) presentation.
- C) database.
- D) font.

Answer: <https://biology-forums.com/index.php?topic=279831>

Question 899

Text on a Web page that is usually underlined and shown in a different color is a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=278877>

Question 900

Not all software is compatible with every CPU.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279139>

Question 901

_____ intelligence is the branch of computer science that explores the use of computers in tasks that require intelligence, imagination, and insight.

Answer: <https://biology-forums.com/index.php?topic=278996>

Question 902

A _____ is a modeling tool that shows where an information system physically stores data.

- A) data flow diagram
- B) decision table
- C) Gantt chart
- D) system flowchart

Answer: <https://biology-forums.com/index.php?topic=281510>

Question 903

Removable media devices are examples of secondary storage, otherwise known as _____ storage.

Answer: <https://biology-forums.com/index.php?topic=279160>

Question 904

A program which does calculations and allows users to create charts is in the category of _____ software.

Answer: <https://biology-forums.com/index.php?topic=279907>

Question 905

For patients living in remote places, doctors use the Web to practice

- A) anamorphic projection.
- B) remote imaging.
- C) telemedicine.
- D) automated surgery.

Answer: <https://biology-forums.com/index.php?topic=281005>

Question 906

Software programs that close potential security breaches in an operating system or application are known as

- A) security breach fixes.
- B) refresh patches.
- C) security repairs.
- D) security patches.

Answer: <https://biology-forums.com/index.php?topic=280896>

Question 907

EULA stands for

- A) end-use license arrangement.

- B) environmental use licensing agreement.
- C) employee-use legal arrangement.
- D) end-user license agreement.

Answer: <https://biology-forums.com/index.php?topic=279522>

Question 908

The physical components of a computer system are known as _____.

Answer: <https://biology-forums.com/index.php?topic=279157>

Question 909

All types of documents can be stored, viewed, and modified on a Mac or PC in PDF format using Adobe

- A) Acrobat.
- B) PageMaker.
- C) InDesign.
- D) Dreamweaver.

Answer: <https://biology-forums.com/index.php?topic=279778>

Question 910

Characters displayed on a monitor or printed on paper are simply a collection of dots.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279875>

Question 911

When radio or TV broadcasts are streaming at the same time they are happening, it is called

- A) real-time.
- B) plug-in.
- C) 3-D.
- D) RealOne.

Answer: <https://biology-forums.com/index.php?topic=280732>

Question 912

A _____ compression system can usually achieve better compression than other types of compression, but it may lose some information in the process; the decompressed file isn't always identical to the original.

Answer: <https://biology-forums.com/index.php?topic=280127>

Question 913

A markup language that combines features of XML and HTML is _____.

Answer: <https://biology-forums.com/index.php?topic=280830>

Question 914

A(n) _____ protects mechanical inventions.

Answer: <https://biology-forums.com/index.php?topic=279722>

Question 915

When you purchase an item from eBay, the electronic payment can be processed using

- A) SQL.
- B) Microsoft.
- C) PayPal.
- D) CRM.

Answer: <https://biology-forums.com/index.php?topic=281382>

Question 916

Research suggests that the cost of hardware and software for a PC is a small part of the total cost of _____.

Answer: <https://biology-forums.com/index.php?topic=281215>

Question 917

The _____ encryption scheme improves the security of wireless networks.

- A) WPA

- B) phishing
- C) VPN
- D) WEP

Answer: <https://biology-forums.com/index.php?topic=280517>

Question 918

_____ processing has been replaced by interactive processing for most applications.

Answer: <https://biology-forums.com/index.php?topic=280383>

Question 919

With respect to neural networks, all of the following are true EXCEPT:

- A) neural networks distribute knowledge throughout the network.
- B) neural networks store information in the same way as traditional computers.
- C) neural networks use distributed, parallel computing systems.
- D) neural networks continue to function even if some of its neurons are destroyed.

Answer: <https://biology-forums.com/index.php?topic=281611>

Question 920

In many organizations, address books and appointment calendars have been replaced by

- A) Outlook.
- B) Access.
- C) Excel.
- D) InDesign.

Answer: <https://biology-forums.com/index.php?topic=280257>

Question 921

If a computer is locked up, you can force a _____ by holding down the power button on your computer for a few seconds.

Answer: <https://biology-forums.com/index.php?topic=279713>

Question 922

_____ means that an organization uses servers in the cloud instead of purchasing and maintaining the servers on site.

- A) IaaS
- B) CPS
- C) SaaS
- D) PaaS

Answer: <https://biology-forums.com/index.php?topic=281098>

Question 923

A(n) _____ is a collection of related information stored in a database program.

Answer: <https://biology-forums.com/index.php?topic=280320>

Question 924

At the most basic level, a computer processes software instructions in a native _____ language.

Answer: <https://biology-forums.com/index.php?topic=279669>

Question 925

When a company opens their intranet to clients, customers, and suppliers, they are creating a(n)

- A) intranet.
- B) extranet.
- C) mesh network.
- D) local area network.

Answer: <https://biology-forums.com/index.php?topic=281023>

Question 926

In the email address realgeorge999@aol.com, the host name is

- A) realgeorge999.
- B) aol.com.
- C) .com.
- D) @.

Answer: <https://biology-forums.com/index.php?topic=278864>

Question 927

Creating form letters that appears to be personally addressed with customized content can be done using the _____ feature.

- A) mail merge
- B) database
- C) letter generator
- D) collaboration

Answer: <https://biology-forums.com/index.php?topic=279762>

Question 928

The goals for speech recognition software are to recognize words without being trained, handle speech without limiting vocabulary, and

- A) handle incongruous speech.
- B) less expensive training and software.
- C) make the software less expensive and faster.
- D) handle natural speech.

Answer: <https://biology-forums.com/index.php?topic=279837>

Question 929

Bringing data from a word processing program into a database program is known as

- A) exporting.
- B) batch processing.
- C) importing.
- D) scrubbing.

Answer: <https://biology-forums.com/index.php?topic=280178>

Question 930

CTO stands for chief _____ officer.

Answer: <https://biology-forums.com/index.php?topic=281213>

Question 931

How is a magnetic disk drive read?

- A) randomly
- B) sequentially
- C) through a laser beam
- D) in sequential blocks

Answer: <https://biology-forums.com/index.php?topic=279326>

Question 932

A computer doesn't understand words, numbers, pictures, musical notes, or even letters of the alphabet.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279146>

Question 933

A bit can have two values:

- A) bit and byte.
- B) 0 and 1.
- C) 2 and 4.
- D) 1 and 2.

Answer: <https://biology-forums.com/index.php?topic=279037>

Question 934

A program that lets a user copy, move, and rename files is called a file-_____ utility.

Answer: <https://biology-forums.com/index.php?topic=279676>

Question 935

The most basic kind of C2C site is the digital equivalent of a newspaper's classified ad section.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281394>

Question 936

A microprocessor used as a component of a larger system is called a(n) _____ system.

Answer: <https://biology-forums.com/index.php?topic=279017>

Question 937

Large organizations may operate a _____ network to connect its LANs and transmit data at more than 1 gigabit per second.

- A) node
- B) local area
- C) backbone
- D) mesh

Answer: <https://biology-forums.com/index.php?topic=280405>

Question 938

In the late 1940s and 1950s, which invention helped computers become more widely used by businesses as well as in science and engineering?

- A) transistors
- B) vacuum tubes
- C) CPUs
- D) RAM

Answer: <https://biology-forums.com/index.php?topic=278898>

Question 939

Before a computer can recognize handwriting, an input device must

- A) be programmed.
- B) optimize the information.
- C) digitize the information.
- D) show the information on a screen.

Answer: <https://biology-forums.com/index.php?topic=279281>

Question 940

A(n) _____ cable uses light waves to transmit multimedia and voice data.

- A) copper
- B) twisted-pair
- C) fiber-optic
- D) coaxial

Answer: <https://biology-forums.com/index.php?topic=280457>

Question 941

A(n) _____ is an Access object with which you can enter, edit, or display data from a table or a query.

Answer: <https://biology-forums.com/index.php?topic=281052>

Question 942

_____ are compression algorithms that reduce the size of digital media files.

Answer: <https://biology-forums.com/index.php?topic=281112>

Question 943

The way in which information is transmitted to multiple, Internet-connected devices is called

- A) Internet connectivity.
- B) domaining.
- C) multitasking.
- D) multicasting.

Answer: <https://biology-forums.com/index.php?topic=280659>

Question 944

_____ is perusing data in a database as if looking through pages in a notebook.

- A) Browsing
- B) Keying
- C) Scrubbing

D) Cleansing

Answer: <https://biology-forums.com/index.php?topic=280179>

Question 945

_____ is when the operating system is loaded into RAM.

- A) Copying
- B) Device driving
- C) Booting
- D) Multitasking

Answer: <https://biology-forums.com/index.php?topic=279558>

Question 946

An advantage of using CAD software to create a model is that

- A) it is slower, which allows for better accuracy.
- B) it is cheaper to use.
- C) it is easier to train personnel to use.
- D) once the design is finished, it cannot be altered.

Answer: <https://biology-forums.com/index.php?topic=280026>

Question 947

Magnetic devices such as the _____ diskette have all but disappeared due to the advances in optical disc and flash memory storage technology.

Answer: <https://biology-forums.com/index.php?topic=279485>

Question 948

ISP stands for Internet _____ provider.

Answer: <https://biology-forums.com/index.php?topic=280789>

Question 949

A typical commercial Web storefront costs _____ to build.

- A) \$10,000
- B) \$3,000
- C) \$500
- D) \$1 million dollars

Answer: <https://biology-forums.com/index.php?topic=279854>

Question 950

_____ and compilers translate high-level programs into machine language.

Answer: <https://biology-forums.com/index.php?topic=281529>

Question 951

The total cost of ownership of a PC in the workplace includes all of the following EXCEPT:

- A) user training.
- B) user wages.
- C) support.
- D) troubleshooting.

Answer: <https://biology-forums.com/index.php?topic=281015>

Question 952

What is the most common tool used to restrict access to a computer system?

- A) user logins
- B) passwords
- C) computer keys
- D) access-control software

Answer: <https://biology-forums.com/index.php?topic=280909>

Question 953

Potential source documents for desktop publishing include all of the following EXCEPT:

- A) drawings.
- B) articles.

- C) photographs.
- D) database folders.

Answer: <https://biology-forums.com/index.php?topic=279770>

Question 954

The CPU and main memory are housed in _____ chips on the motherboard and other circuit boards inside the computer.

- A) storage
- B) silicon
- C) plastic
- D) peripheral

Answer: <https://biology-forums.com/index.php?topic=279115>

Question 955

SDLC is made up of the five phases a system passes through between the time it is conceived and the time it is phased out.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281523>

Question 956

_____ software is used to block users from viewing certain Web sites on the computer.

- A) Web browser
- B) Filtering
- C) Edutainment
- D) Monitoring

Answer: <https://biology-forums.com/index.php?topic=281204>

Question 957

A(n) _____ is a larger, planned software update that addresses multiple problems or adds multiple features.

Answer: <https://biology-forums.com/index.php?topic=281131>

Question 958

Database technology increases privacy threats due to all of the following technologies EXCEPT:

- A) surveillance satellites.
- B) standalone computers.
- C) RFID chips.
- D) workplace monitoring.

Answer: <https://biology-forums.com/index.php?topic=280275>

Question 959

A _____ is a single point on a display screen.

- A) pixel
- B) jaggies
- C) PostScript
- D) Page description language

Answer: <https://biology-forums.com/index.php?topic=281084>

Question 960

Remote access means that a(n)

- A) computer is linked directly to a network.
- B) technical support agent can access your computer.
- C) user is connecting to a network through a phone line, television cable, or wireless link.
- D) LAN is set up in an office in a remote location.

Answer: <https://biology-forums.com/index.php?topic=280419>

Question 961

A(n) _____ is a computer or shared peripheral attached to a network.

Answer: <https://biology-forums.com/index.php?topic=280552>

Question 962

A storyboard serves as a guide for shooting and editing scenes.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280091>

Question 963

File _____ distribute programs, media files, and other data files across LANs and the Internet.

Answer: <https://biology-forums.com/index.php?topic=280794>

Question 964

An Mbit is equal to

- A) one million bytes.
- B) 8 megabytes.
- C) one million bits.
- D) one million petabytes.

Answer: <https://biology-forums.com/index.php?topic=279093>

Question 965

A(n) _____ is a set of steps used to solve a problem.

- A) syntax
- B) module
- C) prototype
- D) algorithm

Answer: <https://biology-forums.com/index.php?topic=281455>

Question 966

A(n) _____ table uses rows and columns to document rules and what happens when certain conditions occur.

Answer: <https://biology-forums.com/index.php?topic=281577>

Question 967

The European Union's _____ establishes a high level of legal protection for the privacy of individuals and personal data.

- A) Health Insurance Portability and Accountability Act
- B) National Infrastructure Protection Center
- C) Data Protection Directive
- D) Code of Ethics

Answer: <https://biology-forums.com/index.php?topic=281386>

Question 968

The step in the problem-solving process that determines the resources that are available for a project is

- A) understanding the problem.
- B) devising a plan.
- C) evaluating.
- D) carrying out the plan.

Answer: <https://biology-forums.com/index.php?topic=281450>

Question 969

Raw video footage can be copied to a tape then to a computer through the use of a(n)

- A) FireWire port.
- B) USB port.
- C) flash drive.
- D) frame.

Answer: <https://biology-forums.com/index.php?topic=280045>

Question 970

_____ enable(s) users to control computers without having to think like programmers.

- A) Software applications
- B) Hardware devices
- C) CMOS
- D) Binary number systems

Answer: <https://biology-forums.com/index.php?topic=279585>

Question 971

Timesheet transactions collected and used to update payroll files once a week, is an example of _____ processing.

Answer: <https://biology-forums.com/index.php?topic=280355>

Question 972

The acronym for a specialized database program that can store addresses and phone numbers, keep a calendar, and set alarms is _____.

Answer: <https://biology-forums.com/index.php?topic=280340>

Question 973

A system's _____ provides input resources to the system and uses the output from the system.

- A) environment
- B) functions
- C) subsystem
- D) processor

Answer: <https://biology-forums.com/index.php?topic=281252>

Question 974

If one attempts to send a message to an email address which does not exist, it will return to you, or _____.

- A) bounce
- B) backup
- C) overload
- D) export

Answer: <https://biology-forums.com/index.php?topic=280508>

Question 975

All of the following are advantages of SQL EXCEPT:

- A) easy-to-understand statements.
- B) the ability to have code generated from DBMS GUIs.
- C) availability across many different DBMSs.
- D) the power and features are similar to C# and Java.

Answer: <https://biology-forums.com/index.php?topic=280259>

Question 976

A _____ preview of your blog displays how your blog will look on a computer and a mobile device.

- A) dashboard
- B) thumbnail
- C) screenshot
- D) design

Answer: <https://biology-forums.com/index.php?topic=281154>

Question 977

The current Macintosh operating system is called _____ OS X.

Answer: <https://biology-forums.com/index.php?topic=279701>

Question 978

Which department of the U.S. government developed the initial stages of the Internet?

- A) Department of Commerce
- B) Department of Defense
- C) CIA
- D) Judicial Department

Answer: <https://biology-forums.com/index.php?topic=280636>

Question 979

A continuous wave of bits transmitted through a device is known as a(n) _____ signal.

Answer: <https://biology-forums.com/index.php?topic=280560>

Question 980

What is the correct sequence of the four-step programming process?

- A) define the problem, test the algorithm, write the program, debug the program
- B) test the algorithm, write the program, debug the program, define the problem
- C) define the problem, test the algorithm, debug the algorithm, write the program
- D) write the program, debug the program, define the problem, test the algorithm

Answer: <https://biology-forums.com/index.php?topic=281453>

Question 981

_____ software can be used to organize and play multimedia files such as music, videos, and podcasts.

Answer: <https://biology-forums.com/index.php?topic=281120>

Question 982

A parent may install _____ software to keep children from viewing offensive and inappropriate Web content.

Answer: <https://biology-forums.com/index.php?topic=281238>

Question 983

_____ developed the microprocessor.

- A) Intel
- B) IBM
- C) Microsoft
- D) Apple

Answer: <https://biology-forums.com/index.php?topic=278902>

Question 984

In 1999, the Melissa virus was a widely publicized

- A) email virus.
- B) worm.
- C) Trojan horse.
- D) time bomb.

Answer: <https://biology-forums.com/index.php?topic=280870>

Question 985

_____ are programs that you can carry with you and run from a flash drive.

Answer: <https://biology-forums.com/index.php?topic=281110>

Question 986

Magnetic disks are divided into

- A) heads and fragments.
- B) rays and cones.
- C) tracks and sectors.
- D) semi-reflective layers.

Answer: <https://biology-forums.com/index.php?topic=279404>

Question 987

An easy way to keep computer documents organized is to create _____, which store files.

Answer: <https://biology-forums.com/index.php?topic=278870>

Question 988

A _____ license grants a license to use one or more copies of the software, but ownership of those copies remains with the software publisher.

- A) site
- B) proprietary software
- C) volume
- D) per-seat

Answer: <https://biology-forums.com/index.php?topic=281096>

Question 989

Another term for e-learning 2.0 is computer-based training.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281208>

Question 990

Neural networks can be used for all of the following EXCEPT:

- A) finding fraud in credit card use.
- B) analyzing the stock market.
- C) processing loans.
- D) communicating in natural-language.

Answer: <https://biology-forums.com/index.php?topic=281609>

Question 991

_____ is the delivery of applications over the Internet.

- A) IaaS
- B) CPS
- C) SaaS
- D) PaaS

Answer: <https://biology-forums.com/index.php?topic=281099>

Question 992

Which of the following is NOT a reason that integrated circuits replaced transistors?

- A) speed
- B) cost
- C) availability
- D) size

Answer: <https://biology-forums.com/index.php?topic=278968>

Question 993

The microprocessor, also known by the acronym _____ is considered the "brain" of the computer.

Answer: <https://biology-forums.com/index.php?topic=279221>

Question 994

The general-interest _____ Web portals serve as entry points to many federal Web sites.

Answer: <https://biology-forums.com/index.php?topic=280835>

Question 995

ALU stands for arithmetic logical unit.

[br]Is it [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279133>

Question 996

A single fiber-optic cable can replace _____ copper telephone cables.

- A) 10,000
- B) 16,000
- C) 20,000
- D) 30,000

Answer: <https://biology-forums.com/index.php?topic=280433>

Question 997

_____ processing is used when a college accumulates course registrations and processes them at the same time in one large set.

- A) Interactive
- B) Analog
- C) Real-time
- D) Batch

Answer: <https://biology-forums.com/index.php?topic=280211>

Question 998

Software companies use several methods to stop _____ because programming is difficult and software development is expensive.

- A) Web applications
- B) public domain software
- C) volume licenses

D) software piracy

Answer: <https://biology-forums.com/index.php?topic=279597>

Question 999

The final phase of IT planning is

- A) IT infrastructure analysis.
- B) resource allocation.
- C) project planning.
- D) strategic planning.

Answer: <https://biology-forums.com/index.php?topic=281302>

Question 1000

Match the following terms with their description.

- I. Datasheet view
- II. Design view
- III. Object window
- IV. Data type
- V. Title bar
- A. Displays the open item
- B. Displays the name and location of your database
- C. Displays the underlying design
- D. Defines what can be entered into a field
- E. Displays the data as columns and rows

Answer: <https://biology-forums.com/index.php?topic=281067>

Question 1001

When computer software developed for one processor does not work on another processor, it is not _____.

Answer: <https://biology-forums.com/index.php?topic=279232>

Question 1002

TrueType fonts are more popular with general computer users because

- A) they are included with the Microsoft and Apple operating systems.
- B) they look better in documents.
- C) they are animated.
- D) they are all the same size.

Answer: <https://biology-forums.com/index.php?topic=279820>

Question 1003

Types of charts that can be created in a spreadsheet program include all EXCEPT a _____ chart.

- A) pie
- B) scatter
- C) bar
- D) block

Answer: <https://biology-forums.com/index.php?topic=279794>

Question 1004

Legal and ethical behavior is also known as

- A) social responsibility.
- B) the higher ethic.
- C) a code of ethics.
- D) informed consent.

Answer: <https://biology-forums.com/index.php?topic=281305>

Question 1005

_____ software uses shape, location in space, color, brightness, and motion to help us understand relationships that are invisible to us.

- A) Desktop publishing
- B) Technical drawing
- C) Statistical-analysis
- D) Scientific-visualization

Answer: <https://biology-forums.com/index.php?topic=279864>

Question 1006

The most common misstatement of Moore's Law is that computer power doubles every 18 _____.

Answer: <https://biology-forums.com/index.php?topic=279018>

Question 1007

Grace Murray Hopper is given credit for coining the term _____ to describe errors or defects in software code.

Answer: <https://biology-forums.com/index.php?topic=281533>

Question 1008

The use of a single color (or sometimes two) in a desktop publishing document is called _____ color.

Answer: <https://biology-forums.com/index.php?topic=279943>

Question 1009

The _____ primarily take(s) care of the behind-the-scenes details and manages the hardware.

- A) operating system
- B) application software
- C) peripheral devices
- D) hard disk

Answer: <https://biology-forums.com/index.php?topic=278847>

Question 1010

Every natural language has a(n) _____, a set of rules for constructing sentences from words.

Answer: <https://biology-forums.com/index.php?topic=281625>

Question 1011

The first general-purpose commercial computer built in the United States was called the

- A) ENIAC.
- B) UNIVAC 1.
- C) Small-Scale Experimental Machine.
- D) Z1.

Answer: <https://biology-forums.com/index.php?topic=278959>

Question 1012

EarthLink is an example of an ISP.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280746>

Question 1013

Computer simulations allow _____, so a student can see and understand potential relationships that are otherwise difficult or impossible to see.

- A) virtualities
- B) wizards
- C) macros
- D) visualization

Answer: <https://biology-forums.com/index.php?topic=279803>

Question 1014

A URL can specify the IP address of the Web _____ that houses a Web page.

- A) server
- B) client
- C) page
- D) email recipient

Answer: <https://biology-forums.com/index.php?topic=280671>

Question 1015

In a data flow diagram, a process is indicated by a(n)

- A) diamond.
- B) triangle.

- C) arrow.
- D) circle.

Answer: <https://biology-forums.com/index.php?topic=281505>

Question 1016

A light-weight, flat-screen, battery-powered computer that can be carried in a briefcase is known by many terms including portable computer, laptop computer, notebook computer, and _____.

Answer: <https://biology-forums.com/index.php?topic=279007>

Question 1017

When the _____ added by an activity exceeds the cost of that activity, the result is profit for a business.

Answer: <https://biology-forums.com/index.php?topic=281326>

Question 1018

If you are having problems with an application because it is frozen, you can use the system's _____ option to get the program to close.

- A) profiler
- B) disk defragmenter
- C) force quit
- D) power on self test

Answer: <https://biology-forums.com/index.php?topic=279615>

Question 1019

Google is an example of a

- A) URL.
- B) network.
- C) Web browser.
- D) search engine.

Answer: <https://biology-forums.com/index.php?topic=278862>

Question 1020

The demonstration of the Augment system by Engelbart consisted of

- A) an interactive multimedia workstation for enhancing individual abilities.
- B) a demonstration of military computer use.
- C) an interactive workstation used in simulating robotics.
- D) Kay and Engelbart playing an interactive game.

Answer: <https://biology-forums.com/index.php?topic=279810>

Question 1021

Which of the following are examples of primary activities directly related to producing a product?

- A) marketing and sales, operations, and outbound logistics
- B) inbound logistics, operations, and management
- C) marketing and sales, service, and human resource management
- D) technology development and procurement

Answer: <https://biology-forums.com/index.php?topic=281257>

Question 1022

This application allows millions of people to share music, movies, and other files over the Internet:

- A) Pandora.
- B) Kazaa.
- C) ConAgra.
- D) virtual reality.

Answer: <https://biology-forums.com/index.php?topic=279629>

Question 1023

The following are all high-level languages EXCEPT:

- A) C.
- B) assembly language.
- C) Java.
- D) BASIC.

Answer: <https://biology-forums.com/index.php?topic=281470>

Question 1024

Data transfer speed is measured in _____, or Mb, per second.

Answer: <https://biology-forums.com/index.php?topic=279178>

Question 1025

A(n) _____ broadcasts messages to all devices connected to a LAN.

- A) switch
- B) port
- C) hub
- D) NIC

Answer: <https://biology-forums.com/index.php?topic=280393>

Question 1026

Computer _____ involves the study and integration of how hardware and software are coordinated into an integrated system.

Answer: <https://biology-forums.com/index.php?topic=281579>

Question 1027

Most modern robots include _____ that accept new input enabling robots to correct or modify their actions based on feedback from the outside world.

Answer: <https://biology-forums.com/index.php?topic=281640>

Question 1028

According to the AMA, _____ U.S. companies engage in some kind of electronic surveillance of their employees.

- A) about one in four
- B) about fifty percent of
- C) more than three in four
- D) over ninety five percent of

Answer: <https://biology-forums.com/index.php?topic=281187>

Question 1029

A(n) _____ Web site is designed to collect confidential and sensitive information from visitors to the site.

Answer: <https://biology-forums.com/index.php?topic=280599>

Question 1030

A _____ control structure tells a computer what to do, based on whether a condition is true or false.

- A) sequence
- B) selection
- C) pseudocode
- D) repetition

Answer: <https://biology-forums.com/index.php?topic=281461>

Question 1031

The most common MIDI controller for sequencing is a

- A) keyboard.
- B) guitar.
- C) bass guitar.
- D) drum.

Answer: <https://biology-forums.com/index.php?topic=280062>

Question 1032

When customers of a Web site are unable to access it due to a bombardment of fake traffic, it is known as

- A) a virus.
- B) a Trojan horse.
- C) cracking.
- D) a denial-of-service attack.

Answer: <https://biology-forums.com/index.php?topic=280898>

Question 1033

_____ is the Adobe application that creates an environment in which you develop webpages visually or directly in code.

- A) Photoshop
- B) Flash
- C) Dreamweaver
- D) Fireworks

Answer: <https://biology-forums.com/index.php?topic=281090>

Question 1034

Bluetooth technology can reach a range of 10 meters.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280538>

Question 1035

Mailing lists and newsgroups use _____ communications so that the sender and recipient do not have to be logged on at the same time.

Answer: <https://biology-forums.com/index.php?topic=280589>

Question 1036

A request for information from a database that can be saved and reused later is known as a(n) _____ query.

Answer: <https://biology-forums.com/index.php?topic=280332>

Question 1037

A(n) _____ is a person who resists changes due to automation.

Answer: <https://biology-forums.com/index.php?topic=281224>

Question 1038

Programs such as MapQuest and Google Maps are examples of _____ information systems.

Answer: <https://biology-forums.com/index.php?topic=280346>

Question 1039

Storage devices serve as short-term repositories for data.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279135>

Question 1040

Colors on a monitor are formed by adding different amounts of red, yellow, and blue.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279417>

Question 1041

Project managers use CSF to keep track of a project's schedule.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281317>

Question 1042

If a document is made available to _____, the link can be forwarded to anyone and they would then be able to access the document.

Answer: <https://biology-forums.com/index.php?topic=281164>

Question 1043

The _____ number system is a system that denotes all numbers with combinations of two digits.

Answer: <https://biology-forums.com/index.php?topic=279225>

Question 1044

Resource _____ is the process of selecting the information system projects in which to invest time and money.

Answer: <https://biology-forums.com/index.php?topic=281353>

Question 1045

When both margins are ragged, the document contains

- A) left justification.
- B) center justification.
- C) full justification.
- D) right justification.

Answer: <https://biology-forums.com/index.php?topic=279737>

Question 1046

A transaction processing system which reduces the number of items in stock would be recorded in a(n) _____ system.

- A) EDI
- B) ERP
- C) accounts payable
- D) inventory control

Answer: <https://biology-forums.com/index.php?topic=281277>

Question 1047

If a user needs information instantly available to the CPU, it should be stored

- A) in the CPU.
- B) in RAM.
- C) in secondary storage.
- D) on a USB device.

Answer: <https://biology-forums.com/index.php?topic=279032>

Question 1048

The mathematical model known by the acronym _____ determines when a project's activities will be completed.

Answer: <https://biology-forums.com/index.php?topic=281355>

Question 1049

Diagonal lines, curves, and text characters have tiny _____, or jagged, stair-step-like bumps that advertise the image's identity as a collection of pixels.

Answer: <https://biology-forums.com/index.php?topic=280094>

Question 1050

The permanently etched program that automatically begins executing the computer's instructions is stored in:

- A) TRANSDUCER.
- B) ROM.
- C) CMOS.
- D) RAM.

Answer: <https://biology-forums.com/index.php?topic=279070>

Question 1051

_____ is the original video file format for Microsoft Windows.

Answer: <https://biology-forums.com/index.php?topic=281118>

Question 1052

A feasibility study is part of the _____ phase.

- A) investigation
- B) analysis
- C) design
- D) development

Answer: <https://biology-forums.com/index.php?topic=281488>

Question 1053

_____ is the early operating system developed by Microsoft.

- A) Serial-ATA
- B) MS-DOS
- C) Windows 7

D) Linux

Answer: <https://biology-forums.com/index.php?topic=279247>

Question 1054

Google provides a Web-based _____ to help you stay organized.

- A) toolbar
- B) blogger
- C) hangouts
- D) calendar

Answer: <https://biology-forums.com/index.php?topic=281149>

Question 1055

A(n) _____ receivable TPS keeps records of amounts owed by customers.

Answer: <https://biology-forums.com/index.php?topic=281329>

Question 1056

In a company, the main decisions concerning enterprise computer systems and technology are made by the

- A) CIO and CTO.
- B) CEO and CTO.
- C) CEO and CIO.
- D) CFO and CEO.

Answer: <https://biology-forums.com/index.php?topic=281019>

Question 1057

This device, when dragged across a line of printed text acts as an OCR and recognizes and stores the text to be transferred to your computer:

- A) pen scanner.
- B) yellow sticky pen.
- C) highlighter.
- D) POS terminal.

Answer: <https://biology-forums.com/index.php?topic=279375>

Question 1058

_____ rate refers to the number of sound "snapshots" the sound recording equipment takes each second.

Answer: <https://biology-forums.com/index.php?topic=280125>

Question 1059

Educational software used specifically in a classroom setting is often referred to as

- A) edutainment.
- B) courseware.
- C) groupware.
- D) e-learning.

Answer: <https://biology-forums.com/index.php?topic=281192>

Question 1060

In desktop publishing, the spacing between lines of text is called _____.

Answer: <https://biology-forums.com/index.php?topic=279948>

Question 1061

On multiuser systems, the _____ is responsible for authentication.

- A) compiler
- B) operating system
- C) large array of utility programs
- D) user

Answer: <https://biology-forums.com/index.php?topic=279546>

Question 1062

Application compatibility is usually defined by these two items:

- A) RAM and ROM.
- B) operating system and hardware.

- C) user interface and Internet connection.
D) GUI and CMOS.

Answer: <https://biology-forums.com/index.php?topic=279607>

Question 1063

A(n) _____ system is a software program designed to replicate the decision-making process of a human specialist.

Answer: <https://biology-forums.com/index.php?topic=281631>

Question 1064

_____ is an XML-based family of formats used to publish frequently updated documents, including blogs.

- A) Pull technology
B) RSS
C) Internet2
D) Peer-to-peer file sharing

Answer: <https://biology-forums.com/index.php?topic=280730>

Question 1065

Which of the following statements is true of bitmapped image-editing programs?

- A) Bitmapped image-editing programs are able to use lines and shapes and move them without affecting those objects around them.
B) Bitmapped image-editing programs give photo editors more control over textures.
C) Bitmapped image-editing programs are an American standard, and are not used in Europe.
D) Bitmapped image-editing programs are generally inexpensive or free.

Answer: <https://biology-forums.com/index.php?topic=280031>

Question 1066

A family owned traditional restaurant is an example of a(n) _____ and mortar company.

Answer: <https://biology-forums.com/index.php?topic=281401>

Question 1067

_____ is a high-speed connection developed by Apple.

- A) Hot swap
B) FireWire
C) LAN
D) USB

Answer: <https://biology-forums.com/index.php?topic=279345>

Question 1068

A(n) _____ is an online public discussion on a particular subject.

Answer: <https://biology-forums.com/index.php?topic=280587>

Question 1069

_____ is a newer, powerful data description language used to construct Web pages as well as access and query databases using the Internet.

- A) SQL
B) PHP
C) Javascript
D) XML

Answer: <https://biology-forums.com/index.php?topic=280225>

Question 1070

Microsoft's Surface, a computer embedded in a table with a large touch-sensitive tabletop that serves as the monitor, is based on this type of technology

- A) historical.
B) futuristic.
C) multi-touch.
D) laser-touch.

Answer: <https://biology-forums.com/index.php?topic=279373>

Question 1071

A(n) _____ provides a secure, private environment for communication between vendors and suppliers.

Answer: <https://biology-forums.com/index.php?topic=281414>

Question 1072

The most basic computer network can be described as

- A) a minimum of five computers linked together.
- B) the Internet.
- C) two or more computers that are linked together.
- D) the use of satellites linking computers together.

Answer: <https://biology-forums.com/index.php?topic=280385>

Question 1073

Information system projects are selected during the _____ phase of IT planning.

- A) IT infrastructure analysis
- B) resource allocation
- C) project planning
- D) strategic planning

Answer: <https://biology-forums.com/index.php?topic=281301>

Question 1074

Which of the following domains is restricted?

- A) .org
- B) .net
- C) .edu
- D) .info

Answer: <https://biology-forums.com/index.php?topic=280685>

Question 1075

Match the following terms with their description.

- I. iOS device
- II. Podcast
- III. Cloud computing
- IV. Cloud storage
- V. Cloud
- A. Prerecorded radio- and TV-like shows
- B. Applications and services that are accessed over the Internet
- C. iPod, iPhone, or iPad
- D. The Internet
- E. You can access your data from different places or devices

Answer: <https://biology-forums.com/index.php?topic=281141>

Question 1076

Which of the following is NOT a true statement about IPv6?

- A) IPv6 increases the amount of available IP addresses.
- B) IPv6 supports multicast.
- C) IPv6 is a more efficient way to transmit data.
- D) IPv6 is supported on all machines.

Answer: <https://biology-forums.com/index.php?topic=280649>

Question 1077

All of the following are phases of any technology or media business EXCEPT:

- A) social networking.
- B) hardware.
- C) service.
- D) software.

Answer: <https://biology-forums.com/index.php?topic=278977>

Question 1078

A(n) _____ is a peripheral device that generates hard copies.

- A) printer
- B) monitor

- C) scanner
- D) speaker

Answer: <https://biology-forums.com/index.php?topic=278840>

Question 1079

A _____ enables you to create electronic worksheets composed of rows and columns.

- A) spreadsheet application
- B) word processor
- C) presentation application
- D) database

Answer: <https://biology-forums.com/index.php?topic=281076>

Question 1080

A popular storage device which plugs in to a port on the computer is called a(n) _____ drive.

- A) floppy
- B) DVD
- C) USB
- D) network

Answer: <https://biology-forums.com/index.php?topic=278839>

Question 1081

In desktop publishing, the spacing between pairs of letter is called _____.

Answer: <https://biology-forums.com/index.php?topic=279949>

Question 1082

A newer PC will likely have an Ethernet _____ on the main circuit board so it can directly connect to an Ethernet network.

- A) router
- B) cable
- C) port
- D) jack

Answer: <https://biology-forums.com/index.php?topic=280421>

Question 1083

The first computer language designed for developing system software (known by the acronym _____), was developed in 1960 when the U.S. government needed a new language oriented toward business data-processing problems.

Answer: <https://biology-forums.com/index.php?topic=281530>

Question 1084

Apple launched a new product called a(an) _____, which is designed to bridge the shrinking gap between the smart phone and the notebook/netbook PC.

- A) Galaxy S
- B) Android
- C) iPad
- D) Blackberry

Answer: <https://biology-forums.com/index.php?topic=278930>

Question 1085

For computers, adding binary numbers is simpler than adding decimal numbers because

- A) there are fewer rules to remember.
- B) you must have a calculator to do it.
- C) all numeric values can be represented in two digits.
- D) binary numbers are longer.

Answer: <https://biology-forums.com/index.php?topic=279086>

Question 1086

Which of the following is not an example of hardware?

- A) a CPU
- B) software
- C) an application

D) a printer

Answer: <https://biology-forums.com/index.php?topic=278830>

Question 1087

Broadband connections include all of the following EXCEPT:

- A) cable modems.
- B) satellites.
- C) telephone modems.
- D) DSL.

Answer: <https://biology-forums.com/index.php?topic=280523>

Question 1088

Worms execute until

- A) there is a lack of free memory or disk space.
- B) it reaches a certain time or date.
- C) a user pays a ransom.
- D) all of the above.

Answer: <https://biology-forums.com/index.php?topic=280881>

Question 1089

The main decision makers concerning enterprise computer systems and technology are known by the acronyms CTO and _____.

Answer: <https://biology-forums.com/index.php?topic=281214>

Question 1090

The program counter keeps track of

- A) the address of the next instruction.
- B) the next instruction.
- C) the address of the result.
- D) the compiler code.

Answer: <https://biology-forums.com/index.php?topic=279579>

Question 1091

_____ -room programming is a new experimental approach to software development that combines formal notation, proofs of correctness, and statistical quality control.

Answer: <https://biology-forums.com/index.php?topic=281582>

Question 1092

During system design, the systems analyst uses a systems _____ with standard symbols to show the sequence of activities as well as the type of media or technology used in each step.

Answer: <https://biology-forums.com/index.php?topic=281573>

Question 1093

A server that allows transmission of electronic messages is also known as a(n) _____ server.

Answer: <https://biology-forums.com/index.php?topic=280791>

Question 1094

Sectors on disk drives are grouped into

- A) clusters.
- B) cones.
- C) tracks.
- D) fragments.

Answer: <https://biology-forums.com/index.php?topic=279623>

Question 1095

Software designed to allow several networked users to work on the same document at the same time is known as _____.

Answer: <https://biology-forums.com/index.php?topic=280579>

Question 1096

The agricultural age lasted until about two centuries ago, when advances in machine technology triggered what has come to be known as the

- A) digital age.
- B) technology age.
- C) industrial age.
- D) information age.

Answer: <https://biology-forums.com/index.php?topic=278933>

Question 1097

Hardware used to convert analog video into digital video is called a video

- A) analoger.
- B) digitizer.
- C) medium.
- D) converter.

Answer: <https://biology-forums.com/index.php?topic=279982>

Question 1098

_____ can be delivered to a PC through an email attachment and are can do harm to a computer.

- A) Viruses
- B) Spam
- C) Cookies
- D) Phishing

Answer: <https://biology-forums.com/index.php?topic=278866>

Question 1099

Most professional typesetters use a minimum of _____ dpi for printing top-quality work.

- A) 600
- B) 1,200
- C) 1,800
- D) 4,800

Answer: <https://biology-forums.com/index.php?topic=279776>

Question 1100

A _____ is a coaching or help feature found in many word processing and spreadsheet programs.

- A) wizard
- B) template
- C) bot
- D) macro

Answer: <https://biology-forums.com/index.php?topic=279806>

Question 1101

Streaming _____ files are video clips that play while you're downloading them.

Answer: <https://biology-forums.com/index.php?topic=280819>

Question 1102

Massively _____ online role-playing games allow thousands of people to interact in virtual worlds.

Answer: <https://biology-forums.com/index.php?topic=281246>

Question 1103

_____ software turns a computer into a musical composing, recording, and editing machine.

Answer: <https://biology-forums.com/index.php?topic=280142>

Question 1104

The Google Calendar's default view is the current _____.

- A) day
- B) week
- C) month
- D) year

Answer: <https://biology-forums.com/index.php?topic=281150>

Question 1105

The direct, computer-to-computer exchange of standard business transaction documents is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281335>

Question 1106

The Apple _____ is one example of a smart phone, which combines features of PDAs, Internet access devices, phones, digital cameras, and media players.

Answer: <https://biology-forums.com/index.php?topic=279015>

Question 1107

Instruments that play sounds that are part sampled and part synthesized are known as

- A) sample synthesizers.
- B) elevated instruments.
- C) embedded instruments.
- D) hybrid instruments.

Answer: <https://biology-forums.com/index.php?topic=280059>

Question 1108

A pixel is a

- A) picture element or dot on a screen.
- B) point of ink on a laser-printed page.
- C) point of ink on an inkjet printed page.
- D) light beam used as an input device.

Answer: <https://biology-forums.com/index.php?topic=279303>

Question 1109

When one company uses the Internet to purchase inventory items from a vendor company, it is using the _____ e-commerce model.

- A) C2C
- B) B2B
- C) B2E
- D) B2C

Answer: <https://biology-forums.com/index.php?topic=281366>

Question 1110

An electronic _____ is a workplace where employees experience poor working conditions, low wages, and repetitive stress injuries.

Answer: <https://biology-forums.com/index.php?topic=281223>

Question 1111

Most monitors fall into these two categories:

- A) video and analog.
- B) cathode-ray tube and liquid crystal display.
- C) video projectors and desktop.
- D) video projectors and non-gas plasma.

Answer: <https://biology-forums.com/index.php?topic=279392>

Question 1112

Which of the following statements is FALSE?

- A) VPNs encode information using a process called encapsulation.
- B) VPNs are less expensive than using a public network.
- C) VPNs use public networks to enable communication.
- D) A VPN is a type of extranet.

Answer: <https://biology-forums.com/index.php?topic=281377>

Question 1113

Java is referred to as a(n)

- A) high-level language.
- B) low-level language.
- C) programming mid-level language.

D) hardware device driver.

Answer: <https://biology-forums.com/index.php?topic=279508>

Question 1114

Processing information involves

- A) accepting information from the outside world.
- B) communication with another computer.
- C) performing arithmetic or logical operations on information that is input.
- D) All of these answers are forms of processing information.

Answer: <https://biology-forums.com/index.php?topic=279020>

Question 1115

Software _____ is a branch of computer science that attempts to apply engineering principles and techniques to computer software.

Answer: <https://biology-forums.com/index.php?topic=281581>

Question 1116

The Internet is controlled by _____.

- A) the U.S. government
- B) IBM, Intel, and Microsoft
- C) no one in particular
- D) the U.S. taxpayers

Answer: <https://biology-forums.com/index.php?topic=280642>

Question 1117

An expert system can perform all of the following tasks EXCEPT:

- A) help train new employees.
- B) reduce the number of human errors.
- C) develop a strong planning strategy.
- D) combine the knowledge of several experts.

Answer: <https://biology-forums.com/index.php?topic=281601>

Question 1118

Which of the following is NOT true about video game applications?

- A) Game software typically requires a lot of processing, memory, and video power to run well.
- B) Video game sales, which includes mobile apps, games for video game systems, and computer games, reached \$16.6 billion in the United States in 2011.
- C) Games and simulations are no more than just first-person actors in which you play the game from the perspective of the game character.
- D) The average age of a video game player is 32 to 35 years old, 20 percent are over 50, and about 40 percent are female.

Answer: <https://biology-forums.com/index.php?topic=281083>

Question 1119

_____ means that an organization uses servers in the cloud instead of purchasing and maintaining the servers on site.

Answer: <https://biology-forums.com/index.php?topic=281129>

Question 1120

Two methods to keep track of a project's schedule are PERT and CPM.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281318>

Question 1121

Placing a phone call pretending to be someone else, in order to trick someone into doing something is also known as

- A) phishing.
- B) identity theft.
- C) spoofing.
- D) hacking.

Answer: <https://biology-forums.com/index.php?topic=280853>

Question 1122

All of the following are advantages of using a computer network EXCEPT that it

- A) reduces costs by sharing hardware.
- B) promotes independence so users have exclusive control over their own data and applications.
- C) increases efficiency when software is shared.
- D) increases communication and productivity.

Answer: <https://biology-forums.com/index.php?topic=280389>

Question 1123

_____ is a technology applied to digital media files such as music, ebooks, and videos to impose restrictions on the use of these files.

Answer: <https://biology-forums.com/index.php?topic=281123>

Question 1124

Most mice have two or more buttons; the right mouse button is usually used for

- A) clicking and dragging.
- B) opening applications.
- C) dragging.
- D) issuing other commands.

Answer: <https://biology-forums.com/index.php?topic=279368>

Question 1125

Match the following terms with their description.

- I. Query
- II. Form
- III. Report
- IV. Select query
- V. Data source
- A. Easy-to-read format suitable for printing
- B. Creates subsets of data to answer specific questions
- C. The objects from which a query selects its data
- D. A question formed in a manner that Access can answer
- E. Fields are laid out in an attractive format on the screen

Answer: <https://biology-forums.com/index.php?topic=281070>

Question 1126

Documents converted to _____ can be published to the Web.

- A) a .docx file
- B) HTML
- C) .xlsx format
- D) machine language

Answer: <https://biology-forums.com/index.php?topic=279740>

Question 1127

_____ worlds create the illusion of immersion.

- A) Virtual
- B) Hypermedia
- C) Synthesized
- D) CIM

Answer: <https://biology-forums.com/index.php?topic=280011>

Question 1128

The process of reducing the size of a file is known as

- A) formatting.
- B) WYSIWYG.
- C) compressing.
- D) truncating.

Answer: <https://biology-forums.com/index.php?topic=278856>

Question 1129

_____.com, the revolutionary Internet bookseller, was founded in 1995.

Answer: <https://biology-forums.com/index.php?topic=281398>

Question 1130

Microsoft Office includes a scripting variation of Visual Basic known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281555>

Question 1131

System software is a type of software that includes the operating system and _____ programs.

Answer: <https://biology-forums.com/index.php?topic=279683>

Question 1132

The invention of the _____ has had the greatest impact on computers.

- A) CPU
- B) RAM chip
- C) microprocessor
- D) monitor

Answer: <https://biology-forums.com/index.php?topic=278901>

Question 1133

When using MIDI instruments, _____ is used to correct a musician's timing.

Answer: <https://biology-forums.com/index.php?topic=280133>

Question 1134

A(n) _____ TPS records employee work hours and produces paychecks.

Answer: <https://biology-forums.com/index.php?topic=281330>

Question 1135

Digital versions of books are also known as _____ books (also known as e-books).

Answer: <https://biology-forums.com/index.php?topic=279901>

Question 1136

The World Wide Web Consortium, also known by the acronym _____, is an organization dedicated to helping evolve the Web in positive directions.

Answer: <https://biology-forums.com/index.php?topic=280092>

Question 1137

A company using an intranet to conduct business is engaging in business-to-_____.

Answer: <https://biology-forums.com/index.php?topic=281403>

Question 1138

To display only the records where a value has been entered in a field, use _____ as the criteria.

Answer: <https://biology-forums.com/index.php?topic=281059>

Question 1139

What two federal laws establish the goal that every student has equal access to school programs and services?

- A) COPPA and IDEA
- B) ADA and COPPA
- C) IDEA and ADA
- D) COPPA and LOGO

Answer: <https://biology-forums.com/index.php?topic=281197>

Question 1140

The following are all examples of pattern recognition EXCEPT:

- A) algorithm design.
- B) weather forecasting.
- C) fingerprint identification.
- D) voice recognition.

Answer: <https://biology-forums.com/index.php?topic=281602>

Question 1141

The principles of electronic _____, conducting business transactions through telecommunications networks, became Internet based in the 1990s.
Answer: <https://biology-forums.com/index.php?topic=281399>

Question 1142

_____ feasibility determines if the cost for the proposed system will be offset by the anticipated benefits.
Answer: <https://biology-forums.com/index.php?topic=281561>

Question 1143

The U.S. Department of Defense uses a(n) _____, which is a specialized network used to determine locations, maps, and directions using signals from satellites that are orbiting the Earth.

- A) mesh network
- B) NIC
- C) MAN
- D) GPS

Answer: <https://biology-forums.com/index.php?topic=280413>

Question 1144

Which of the following is NOT true about Google Docs?

- A) The Google Docs application runs completely online, so no downloads are required.
- B) With Google Docs you can share files with others in real time for collaboration.
- C) With Google Docs you can access files and folders from any computer, with or without an Internet connection.
- D) Documents can be created by using Google Docs or can be uploaded to Google Docs if they are created by using something else.

Answer: <https://biology-forums.com/index.php?topic=281142>

Question 1145

One main reason MySpace was created was to

- A) create personal Web sites.
- B) advertise.
- C) post photographs.
- D) hear music videos.

Answer: <https://biology-forums.com/index.php?topic=278888>

Question 1146

The following term could be used to quantify the size of a computer file:

- A) Megabyte.
- B) RAM.
- C) ROM.
- D) CMOS.

Answer: <https://biology-forums.com/index.php?topic=279091>

Question 1147

In the example <http://www.pccc.edu/cis/index.htm>, the part /cis/index.htm is referred to as the _____ to the particular resource on the host.

Answer: <https://biology-forums.com/index.php?topic=280800>

Question 1148

TCP/IP specifications were published as _____ standards, meaning that they are not owned by any company or government.

Answer: <https://biology-forums.com/index.php?topic=280778>

Question 1149

The special-purpose computer that allowed British military intelligence to eavesdrop on even the most secret German messages was named

- A) the Turing.
- B) the BMI.
- C) Z1.
- D) Colossus.

Answer: <https://biology-forums.com/index.php?topic=278961>

Question 1150

Match the following terms with their description.

- I. Relationship
- II. One-to-many relationship
- III. Foreign key
- IV. Referential integrity
- V. Join line
- A. The most common type of relationship in Access
- B. Used to connect tables
- C. Displays between two tables in the Relationships window
- D. An association between two tables
- E. Ensures that the data between related tables is valid

Answer: <https://biology-forums.com/index.php?topic=281069>

Question 1151

An experimental network backed by the U.S. government eventually evolved into the _____.

Answer: <https://biology-forums.com/index.php?topic=279009>

Question 1152

Match the following terms with their description.

- I. Database template
- II. Blank database
- III. Object
- IV. Navigation Pane
- V. Object tab
- A. The basic parts of a database
- B. A preformatted database
- C. Identifies and enables you to select the open object
- D. Displays the database objects
- E. Has no data and no database items

Answer: <https://biology-forums.com/index.php?topic=281066>

Question 1153

A(n) _____ engine is a tool used to locate Web pages which contain what a user is looking for on the Internet.

Answer: <https://biology-forums.com/index.php?topic=280808>

Question 1154

What device is considered the "brains" of the computer?

- A) CPU
- B) RAM
- C) hard disk
- D) System unit

Answer: <https://biology-forums.com/index.php?topic=278832>

Question 1155

A(n) _____ is a computer-controlled machine designed to perform specific manual tasks.

Answer: <https://biology-forums.com/index.php?topic=281644>

Question 1156

Expert systems use _____ recognition to identify recurrences in input data.

Answer: <https://biology-forums.com/index.php?topic=281637>

Question 1157

Navigation by browsing through the records in a database is the most efficient way to search for information.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280303>

Question 1158

The following is an example of a _____ language:

Select Student_ID From Students Where Credits >= 46

- A) query
- B) Java
- C) HTML
- D) PHP

Answer: <https://biology-forums.com/index.php?topic=280192>

Question 1159

B5, C15, and BC11 are examples of

- A) cell addresses.
- B) values.
- C) database locators.
- D) worksheet page numbers.

Answer: <https://biology-forums.com/index.php?topic=279790>

Question 1160

A(n) _____ network is comprised of a few thousand simple processors working simultaneously.

Answer: <https://biology-forums.com/index.php?topic=281643>

Question 1161

An intentionally disruptive program that spreads either from program-to-program or from disk-to-disk is known as a

- A) Trojan horse.
- B) virus.
- C) worm.
- D) botnet.

Answer: <https://biology-forums.com/index.php?topic=280868>

Question 1162

Downloadable fonts are stored in the printer.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279877>

Question 1163

_____ -seeking analysis is used by a DSS to find the input that would produce the desired result.

Answer: <https://biology-forums.com/index.php?topic=281346>

Question 1164

Data _____ software can squeeze data out of movies so they can be stored in much smaller places.

Answer: <https://biology-forums.com/index.php?topic=280150>

Question 1165

A group of 8 bits is known as a

- A) kilobyte.
- B) binary digit.
- C) byte.
- D) megabit.

Answer: <https://biology-forums.com/index.php?topic=279039>

Question 1166

A modern automated factory may contain computer-controlled machines called _____.

Answer: <https://biology-forums.com/index.php?topic=281212>

Question 1167

At the receiving end of a phone call, an analog signal must be converted back into a(n) _____ signal.

- A) auditory
- B) digital
- C) analog
- D) direct

Answer: <https://biology-forums.com/index.php?topic=280450>

Question 1168

Approximately 1,000 megabytes is a

- A) terabyte.
- B) kilobyte.
- C) petabyte.
- D) gigabyte.

Answer: <https://biology-forums.com/index.php?topic=279047>

Question 1169

Microsoft PowerPoint and Keynote are examples of _____.

- A) document management systems
- B) presentation applications
- C) personal information managers
- D) project management software

Answer: <https://biology-forums.com/index.php?topic=281079>

Question 1170

_____ systems are collections of people, machines, data, and methods organized to accomplish specific functions and solve specific problems.

Answer: <https://biology-forums.com/index.php?topic=281557>

Question 1171

With a VPN data is specially coded through a process called

- A) encapsulation.
- B) indexing.
- C) disaggregation.
- D) pagination.

Answer: <https://biology-forums.com/index.php?topic=281375>

Question 1172

_____ is connecting different types of networks and computer systems.

Answer: <https://biology-forums.com/index.php?topic=280774>

Question 1173

_____ is the creation of custom newscasts and entertainment features, directed to well-defined groups or individuals, which are broadcast to the desktop.

Answer: <https://biology-forums.com/index.php?topic=281236>

Question 1174

A sensor is an example of a(n) _____ device for a robot.

- A) output
- B) input
- C) storage
- D) memory

Answer: <https://biology-forums.com/index.php?topic=281613>

Question 1175

A _____ manipulates data in a large collection of tables and cross references those tables.

- A) SPSS
- B) GIS
- C) PIM
- D) DBMS

Answer: <https://biology-forums.com/index.php?topic=280201>

Question 1176

Telecommuting does all of the following EXCEPT:

- A) increases the importance of geography.
- B) reduces pollution.

- C) saves time.
- D) increases productivity.

Answer: <https://biology-forums.com/index.php?topic=281180>

Question 1177

To speed up processing, CPUs obtain data that is likely to be used next from

- A) cache.
- B) CMOS.
- C) hard drive.
- D) USB port.

Answer: <https://biology-forums.com/index.php?topic=279111>

Question 1178

In a client/server model, a client program _____.

- A) asks for information
- B) provides information and files
- C) serves software files to other computers
- D) distributes data files to other computers

Answer: <https://biology-forums.com/index.php?topic=280692>

Question 1179

Optical computing is sometimes called photonic computing because it uses _____ instead of electrons to transmit bits.

- A) light wands
- B) electrons
- C) photons
- D) superconductors

Answer: <https://biology-forums.com/index.php?topic=279066>

Question 1180

The density of pixels on a computer screen is known as

- A) resolution.
- B) pixelity.
- C) pixel depth.
- D) DPI.

Answer: <https://biology-forums.com/index.php?topic=279958>

Question 1181

A(n) _____ is a contract distributed with a program that gives you the right to install and use the program on one or more computers.

Answer: <https://biology-forums.com/index.php?topic=281127>

Question 1182

A(n) _____ refers to the international business environment factors which affect the flow of data between countries.

- A) intracontinental network
- B) industrial network
- C) transborder data flow
- D) international information partnership

Answer: <https://biology-forums.com/index.php?topic=281281>

Question 1183

All of the following are standard features of word processors EXCEPT _____.

- A) Personal information manager
- B) Collaboration tools
- C) Content guides
- D) Statistics

Answer: <https://biology-forums.com/index.php?topic=281074>

Question 1184

PIMs are popular among people with

- A) physical disabilities.

- B) busy schedules.
- C) poor handwriting.
- D) poor Internet service in their area.

Answer: <https://biology-forums.com/index.php?topic=280255>

Question 1185

Putting multiple CPUs on a single chip is defined as

- A) clustering.
- B) multitasking.
- C) a multicore processor.
- D) heat sinking.

Answer: <https://biology-forums.com/index.php?topic=279109>

Question 1186

_____ in a spreadsheet, often text such as Quarter 1, Quarter 2, and Northwest District in the top row and far left column, are meaningless to the computer, but useful for the reader.

Answer: <https://biology-forums.com/index.php?topic=279916>

Question 1187

Which of the following techniques is NOT a data collection technique used as part of the SDLC?

- A) document review
- B) interviews
- C) sampling
- D) modeling

Answer: <https://biology-forums.com/index.php?topic=281502>

Question 1188

Sometimes our legal system does not define what is right and wrong. The law is especially lenient in technology related areas, because

- A) there is a lack of evidence.
- B) the proof can be deleted.
- C) of limited technology knowledge by the legal system.
- D) technology changes too fast.

Answer: <https://biology-forums.com/index.php?topic=278975>

Question 1189

A(n) _____ chart depicts a project schedule showing each step with its planned start and completion dates.

Answer: <https://biology-forums.com/index.php?topic=281354>

Question 1190

This machine was used to crack Nazi military codes:

- A) IBM PC.
- B) Univac I.
- C) Macintosh.
- D) Colossus.

Answer: <https://biology-forums.com/index.php?topic=278892>

Question 1191

Which of the following statements about intranets is FALSE?

- A) Intranets require substantial user training.
- B) Intranets reduce hardware costs for an organization.
- C) Intranets support internal value-chain activities.
- D) Intranets allow users to increase collaboration.

Answer: <https://biology-forums.com/index.php?topic=281370>

Question 1192

Email stands for _____ mail.

Answer: <https://biology-forums.com/index.php?topic=279008>

Question 1193

Documents can be saved in _____ format in order to be published to the Web.

Answer: <https://biology-forums.com/index.php?topic=279891>

Question 1194

Another word for synthesizing sound is

- A) morphing.
- B) animating.
- C) ripping.
- D) digitizing.

Answer: <https://biology-forums.com/index.php?topic=279996>

Question 1195

When was MySpace founded?

- A) 2001
- B) 2002
- C) 2003
- D) 2004

Answer: <https://biology-forums.com/index.php?topic=278946>

Question 1196

The _____ function evaluates feedback data and accordingly adjusts the system's input and processing functions.

Answer: <https://biology-forums.com/index.php?topic=281324>

Question 1197

A(n) _____ is a combination of a MIS and DSS which helps top managers make decisions.

- A) GIS
- B) EIS
- C) EDI
- D) ES

Answer: <https://biology-forums.com/index.php?topic=281295>

Question 1198

This variation on keyboard design displays keys that react to touch or movement:

- A) one handed keyboards.
- B) laser projections.
- C) wireless keyboards.
- D) QWERTY keyboards.

Answer: <https://biology-forums.com/index.php?topic=279360>

Question 1199

_____ must be saved in HTML format.

- A) Web pages
- B) Word documents
- C) Excel spreadsheets
- D) Access databases

Answer: <https://biology-forums.com/index.php?topic=279780>

Question 1200

An analog-to-digital converter (ADC) converts electrical charges into

- A) discrete values.
- B) analog clusters.
- C) midi files.
- D) .wav files.

Answer: <https://biology-forums.com/index.php?topic=279388>

Question 1201

The set of rules that allows hypertext documents to be linked across the Internet is

- A) HTML.
- B) HTTP.

- C) WWW.
- D) URL.

Answer: <https://biology-forums.com/index.php?topic=280015>

Question 1202

This is a tool that you would use to enter your handwriting into a tablet PC:

- A) stylus.
- B) track stick.
- C) pen.
- D) pointer.

Answer: <https://biology-forums.com/index.php?topic=279366>

Question 1203

The World Wide Web is a distributed browsing and searching system originally developed at _____.

- A) CSPAN
- B) CERN
- C) POTS
- D) Microsoft

Answer: <https://biology-forums.com/index.php?topic=280698>

Question 1204

One email message from a mail list that includes all the postings from one day is called a _____.

Answer: <https://biology-forums.com/index.php?topic=280620>

Question 1205

Networks that use electrical lines are sometimes called _____.

- A) power-line networks
- B) electrical-line networks
- C) twisted pair networks
- D) power-line paired networks

Answer: <https://biology-forums.com/index.php?topic=280411>

Question 1206

The default circles include Friends, Family, Acquaintances, and _____.

Answer: <https://biology-forums.com/index.php?topic=281176>

Question 1207

A high-end desktop computer with massive computing power, which is used for computationally intensive interactive applications such as large-scale scientific data analysis, is called a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279016>

Question 1208

Identifying recurring arrangements in input data and eventually understanding or categorizing that input is known as

- A) fuzzy logic.
- B) automatic translation.
- C) parsing.
- D) pattern recognition.

Answer: <https://biology-forums.com/index.php?topic=281604>

Question 1209

Electronic music studios are being replaced by virtual instruments.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280089>

Question 1210

Many companies use intranets to facilitate collaboration within and among their departments.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281391>

Question 1211

A(n) _____ system combines text, numbers, graphics, animations, sound effects, music, and other media into hyperlinked documents.

Answer: <https://biology-forums.com/index.php?topic=280136>

Question 1212

The challenging part of using databases is retrieving information in a

- A) timely manner.
- B) format readable on the Internet.
- C) file that can be exported to another program.
- D) cost effective manner.

Answer: <https://biology-forums.com/index.php?topic=280251>

Question 1213

_____ allows direct computer-to-computer exchange of standardized, common business transaction documents such as invoices.

- A) EDI
- B) IOS
- C) ERP
- D) MIS

Answer: <https://biology-forums.com/index.php?topic=281275>

Question 1214

A(n) _____ is the commonly used acronym that represents a complete Web site address, such as <http://www.pccc.edu/cis/index.html>.

Answer: <https://biology-forums.com/index.php?topic=280798>

Question 1215

_____ is the best known example of open-source software.

Answer: <https://biology-forums.com/index.php?topic=279662>

Question 1216

The most common passwords in the United States or Britain include all EXCEPT:

- A) letmein.
- B) password.
- C) opensesame.
- D) 123456.

Answer: <https://biology-forums.com/index.php?topic=280911>

Question 1217

_____ uses high-bandwidth connections to communicate multimedia over wireless networks, but lacks true broadband speed.

- A) 4G
- B) DSL
- C) 3G
- D) Wi-Fi

Answer: <https://biology-forums.com/index.php?topic=280467>

Question 1218

Computer-aided systems engineering tools generally include charting and diagramming tools to draw system flowcharts and data flow diagrams.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281525>

Question 1219

A relational database requires one or more

- A) forms.
- B) tables.
- C) queries.
- D) reports.

Answer: <https://biology-forums.com/index.php?topic=280166>

Question 1220

All of the following are true of object-oriented programming EXCEPT:

- A) it is easy to use features from one program in another program.
- B) it was first used in the 1970s.
- C) it supports hierarchical categorization of objects so that a new object can inherit properties and methods of the object from which it descends.
- D) it cannot be used with databases.

Answer: <https://biology-forums.com/index.php?topic=281474>

Question 1221

Speech-recognition software is most popular for

- A) people with physical limitations.
- B) doctors to input patient notes.
- C) CEOs who then have less need for transcription by support staff.
- D) PDA users.

Answer: <https://biology-forums.com/index.php?topic=279766>

Question 1222

Which two factors are important to a casual computer user when you choose a computer?

- A) speed and design
- B) monitor size and resolution
- C) compatibility and performance
- D) compatibility and peripherals

Answer: <https://biology-forums.com/index.php?topic=279024>

Question 1223

Which of the following is an example of a legacy port?

- A) parallel port
- B) USB port
- C) Ethernet port
- D) interface port

Answer: <https://biology-forums.com/index.php?topic=279336>

Question 1224

All of the following statements are true EXCEPT:

- A) Wireless networks are convenient for people on the move.
- B) Wireless networks are easier to install because they don't require drilling or digging.
- C) Wireless networks use radio transmitters.
- D) Wireless networks are faster than wired networks.

Answer: <https://biology-forums.com/index.php?topic=280391>

Question 1225

_____ such as MSN and Yahoo! are designed as a first stop for a Web user because they offer a wide variety of options.

Answer: <https://biology-forums.com/index.php?topic=278878>

Question 1226

When you change fonts, how text looks, or how a paragraph looks on a page, you are changing the

- A) formatting.
- B) point size.
- C) structure.
- D) print setup.

Answer: <https://biology-forums.com/index.php?topic=278851>

Question 1227

The four basic computer functions are

- A) receive the kernel, process information, produce output, and store CMOS.
- B) receive input, process information, produce output, and store information.
- C) gather data, access memory, print, and store information.
- D) receive input, process information, produce terabytes, and store information.

Answer: <https://biology-forums.com/index.php?topic=279076>

Question 1228

The first step in the problem-solving process is investigation.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281515>

Question 1229

Storage devices include all of the following EXCEPT:

- A) a recordable CD/DVD.
- B) RAM.
- C) a hard drive.
- D) USB device.

Answer: <https://biology-forums.com/index.php?topic=279033>

Question 1230

Computer modeling can be done with all the following EXCEPT:

- A) mathematical applications.
- B) spreadsheets.
- C) desktop-publishing software.
- D) standard programming languages.

Answer: <https://biology-forums.com/index.php?topic=279865>

Question 1231

A specialized vocabulary is associated with databases.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280295>

Question 1232

Programmers use stepwise refinement or _____ design when they start with the main idea and work their way down to the details of the problem.

Answer: <https://biology-forums.com/index.php?topic=281534>

Question 1233

The _____ commands are designed to help answer the common computer user's question, "Where's my stuff?"

- A) Locate and Open
- B) Open and Save
- C) Save and Save As
- D) Search and Find

Answer: <https://biology-forums.com/index.php?topic=279627>

Question 1234

Database technology has given us convenience in gathering data; however at the same time, many times it takes away

- A) the ability to find trends in data.
- B) security.
- C) independence.
- D) privacy.

Answer: <https://biology-forums.com/index.php?topic=280247>

Question 1235

PowerPoint is an example of

- A) presentation graphics software.
- B) image compression software.
- C) vector graphics software.
- D) 3-D modeling software.

Answer: <https://biology-forums.com/index.php?topic=279974>

Question 1236

The temporary area where a user can store text and other data that can be pasted to another location is known as

- A) the Clipboard.

- B) ROM.
- C) the hard disk.
- D) the printer.

Answer: <https://biology-forums.com/index.php?topic=278850>

Question 1237

The combination of CAD and CAM is called computer-integrated manufacturing.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280067>

Question 1238

To save a previously saved file to a different location or with a different name, you use the _____ menu option.

Answer: <https://biology-forums.com/index.php?topic=279679>

Question 1239

What character/number does ASCII binary code 0 0 1 1 0 1 1 0 translate to?

- A) 6
- B) 10
- C) 100
- D) 8

Answer: <https://biology-forums.com/index.php?topic=279025>

Question 1240

One of the first successful expert systems was MYCIN, which uses fuzzy logic to solve problems in the _____ field.

Answer: <https://biology-forums.com/index.php?topic=281635>

Question 1241

Which of the following IS NOT an example of a Web authoring tool?

- A) Adobe Dreamweaver
- B) Microsoft Expression Web
- C) Apple's iWeb
- D) Adobe Acrobat

Answer: <https://biology-forums.com/index.php?topic=280710>

Question 1242

A(n) _____ is the field in the related table used to connect to the primary key in another table.

Answer: <https://biology-forums.com/index.php?topic=281049>

Question 1243

A(n) _____ uses HTML and Web browsers to share information within an organization.

Answer: <https://biology-forums.com/index.php?topic=281216>

Question 1244

A broadband connection could be any of the following EXCEPT:

- A) cable modem.
- B) fiber-optic.
- C) wireless connection.
- D) dial-up.

Answer: <https://biology-forums.com/index.php?topic=280454>

Question 1245

CMOS stands for

- A) computer mouse operating system.
- B) cost per minute of semiconductor.
- C) conducting memory of systems.
- D) complementary metal-oxide semiconductor.

Answer: <https://biology-forums.com/index.php?topic=279129>

Question 1246

Word processing applications are used for producing which of the following?

- A) slides
- B) email
- C) letters
- D) spreadsheets

Answer: <https://biology-forums.com/index.php?topic=278945>

Question 1247

_____ movies feature one or more characters or plot lines that are controlled by viewers.

Answer: <https://biology-forums.com/index.php?topic=281245>

Question 1248

A Web server receives incoming mail, stores it, and provides it to the email client program when requested.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280749>

Question 1249

Input, output, and storage devices are known as

- A) peripherals.
- B) secondary storage.
- C) firmware.
- D) hardware drivers.

Answer: <https://biology-forums.com/index.php?topic=279034>

Question 1250

Which of the following is NOT true about determining system requirements?

- A) System requirements pertain to the minimum hardware and software specifications required to run a software application.
- B) You can verify that you have enough free space in Windows 8 by opening Internet Explorer.
- C) For most software you buy in a store, you will need a DVD drive to perform the installation.
- D) On a Windows computer, one of the easiest ways to obtain the system information you need is to open the System Control Panel window.

Answer: <https://biology-forums.com/index.php?topic=281092>

Question 1251

Hypertext was developed to allow textual information to be linked in a _____ manner.

- A) multicasting
- B) real-time
- C) nonsequential
- D) linear

Answer: <https://biology-forums.com/index.php?topic=280008>

Question 1252

_____ memory is a type of erasable memory chip that is low energy, quiet, and portable.

Answer: <https://biology-forums.com/index.php?topic=279469>

Question 1253

This type of menu offers choices based on what object you have selected in a program:

- A) command line.
- B) GUI.
- C) context-sensitive menu.
- D) iconic.

Answer: <https://biology-forums.com/index.php?topic=279613>

Question 1254

To find a word to replace "happiness," use the

- A) spelling checker.
- B) dictionary.
- C) autocorrect feature.

D) thesaurus.

Answer: <https://biology-forums.com/index.php?topic=279755>

Question 1255

The term _____ was first coined to describe a shared virtual reality.

Answer: <https://biology-forums.com/index.php?topic=280847>

Question 1256

YouTube is an example of a popular _____ website.

Answer: <https://biology-forums.com/index.php?topic=281119>

Question 1257

_____ cards are obvious candidates to replace magnetic-strip credit cards.

Answer: <https://biology-forums.com/index.php?topic=281243>

Question 1258

All of the following are helpful ways to deal with software problems EXCEPT:

- A) restart the application.
- B) install current updates.
- C) replace the computer.
- D) reboot the system.

Answer: <https://biology-forums.com/index.php?topic=279617>

Question 1259

A campus or a mid-size company may purchase _____ so all users have legal access to the software.

- A) a standard software license
- B) just one license and copy it to all machines
- C) simultaneous-user licenses
- D) volume licenses

Answer: <https://biology-forums.com/index.php?topic=279526>

Question 1260

Of the following, a(n) _____ language is the easiest to use and closest to natural English.

- A) first-generation
- B) object-oriented
- C) assembly
- D) fourth-generation

Answer: <https://biology-forums.com/index.php?topic=281481>

Question 1261

Which of the following is a popular scripting language for programming Web servers?

- A) XML
- B) ActiveX
- C) PHP
- D) JavaScript

Answer: <https://biology-forums.com/index.php?topic=280734>

Question 1262

What markup language includes all of the features of HTML and includes customized tags that give information more meaning?

- A) HTTP
- B) XML
- C) SGML
- D) applets

Answer: <https://biology-forums.com/index.php?topic=280719>

Question 1263

The most widely used data recovery technique is making regular backups.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280958>

Question 1264

Match the following Blogger designer options with their description.

- I. Template
- II. Background
- III. Adjust width
- IV. Layout
- V. Advanced
- A. Displays suggested color theme choices
- B. Displays a menu of additional features
- C. Displays a variety of options from one to three columns each
- D. Includes a set of variations to customize further
- E. Displays a slider

Answer: <https://biology-forums.com/index.php?topic=281178>

Question 1265

PC stands for _____ computer.

Answer: <https://biology-forums.com/index.php?topic=279006>

Question 1266

The process of eliminating problems and errors and improving the software is known as

- A) free service packs.
- B) software advancement.
- C) upgrading.
- D) downgrading.

Answer: <https://biology-forums.com/index.php?topic=279516>

Question 1267

During the _____ phase of the SDLC, the systems analyst may identify requirements by observing the current system in action.

- A) analysis
- B) development
- C) design
- D) investigation

Answer: <https://biology-forums.com/index.php?topic=281493>

Question 1268

Cross-platform software can be used on PCs and Macs.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279648>

Question 1269

Mac OS is created by a company named

- A) Microsoft.
- B) Apple.
- C) Dell.
- D) Intel.

Answer: <https://biology-forums.com/index.php?topic=278844>

Question 1270

Database queries must be

- A) contiguous.
- B) unambiguous.
- C) based on reports.
- D) filtered.

Answer: <https://biology-forums.com/index.php?topic=280191>

Question 1271

Lately Microsoft's digital domain has been threatened by this Web-based company:

- A) Facebook.

- B) YouTube.
- C) Google.
- D) Yahoo!.

Answer: <https://biology-forums.com/index.php?topic=279356>

Question 1272

"If in doubt, get permission before proceeding" is an example of which ethical guideline?

- A) code of ethics
- B) informed consent
- C) most restrictive action
- D) higher ethic

Answer: <https://biology-forums.com/index.php?topic=281308>

Question 1273

Bringing a list of names and addresses from a spreadsheet into a database program is called _____ data.

Answer: <https://biology-forums.com/index.php?topic=280330>

Question 1274

Engineering blueprints are typically printed on a

- A) laser printer.
- B) scanner.
- C) digitized tablet.
- D) plotter.

Answer: <https://biology-forums.com/index.php?topic=279311>

Question 1275

The _____ is the top manager responsible for the overall planning of information systems within a company.

- A) CEO
- B) Controller
- C) CIO
- D) CFO

Answer: <https://biology-forums.com/index.php?topic=281288>

Question 1276

Prior to Google, early search engines ranked Web pages by

- A) counting the number of times other Web pages linked to it.
- B) counting the number of times the key word or phrase appeared on the page.
- C) counting the number of hits the page had received from the linked page.
- D) having a human view and rate each page.

Answer: <https://biology-forums.com/index.php?topic=280277>

Question 1277

A system where users can check their email message through most browsers is known as _____.

Answer: <https://biology-forums.com/index.php?topic=280613>

Question 1278

MS-DOS used a command-line _____ that required the user to type commands that the computer responded to.

Answer: <https://biology-forums.com/index.php?topic=279694>

Question 1279

In the value chain model, the primary activity _____ includes receiving, storing, and distributing raw materials.

- A) operations
- B) procurement
- C) service
- D) inbound logistics

Answer: <https://biology-forums.com/index.php?topic=281255>

Question 1280

Copying software or data files to a client computer from a server is known as _____.

Answer: <https://biology-forums.com/index.php?topic=280577>

Question 1281

If a word-processed document is straight on the right margin but ragged on the left, it is _____ aligned.

Answer: <https://biology-forums.com/index.php?topic=279884>

Question 1282

_____ applications are stored on the Web so they can be accessed and used by multiple computers with Internet access.

- A) Database
- B) Network
- C) Web
- D) Spreadsheet

Answer: <https://biology-forums.com/index.php?topic=278936>

Question 1283

In relation to a computer's monitor, DPI stands for _____ per inch.

Answer: <https://biology-forums.com/index.php?topic=279446>

Question 1284

A set of computer instructions designed to solve a specific problem is referred to as a

- A) solution.
- B) device.
- C) program.
- D) hardware concept.

Answer: <https://biology-forums.com/index.php?topic=279486>

Question 1285

Which of the following is NOT true regarding Google+?

- A) Users can connect with communities to meet and share with new people.
- B) Google+ was introduced in 2011.
- C) Google is different from other sites because it groups your contacts into outlines.
- D) Google+ offers its users hangouts.

Answer: <https://biology-forums.com/index.php?topic=281157>

Question 1286

At the end of a filename, there is a(n) _____, which is a string of characters after a period that gives information on the file's origin or use.

- A) extension
- B) folder
- C) locator
- D) pointer

Answer: <https://biology-forums.com/index.php?topic=278854>

Question 1287

Ron White, in *How Computers Work*, states that "The microprocessor that makes up your personal computer's central processing unit, or CPU, is the ultimate computer brain, messenger, ringmaster, and boss."

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279131>

Question 1288

The acronym _____ is the standard interface that enables a computer to connect to different digital musical instruments.

Answer: <https://biology-forums.com/index.php?topic=280129>

Question 1289

The Code Red worm attacked

- A) UNIX operating systems.
- B) Microsoft Word.
- C) Microsoft server software.
- D) personal computers.

Answer: <https://biology-forums.com/index.php?topic=280879>

Question 1290

A query may be a simple search for a specific record (say, one containing information on a specific student) or a request to _____ (or choose) all records that match a set of criteria.

Answer: <https://biology-forums.com/index.php?topic=280334>

Question 1291

Successful expert systems were first developed in the field of

- A) insurance.
- B) medicine.
- C) accounting.
- D) law enforcement.

Answer: <https://biology-forums.com/index.php?topic=281599>

Question 1292

In the 1960s, Seymour Papert developed a computer language called _____ so children could program computers rather than the other way around.

Answer: <https://biology-forums.com/index.php?topic=281228>

Question 1293

Computer-based training offers all of the following advantages over workbooks EXCEPT:

- A) individualized learning.
- B) motivation.
- C) creativity.
- D) confidence.

Answer: <https://biology-forums.com/index.php?topic=281193>

Question 1294

A hard-wired Internet connection through a LAN is called a(n) _____ connection.

- A) dedicated
- B) complete
- C) indirect
- D) virtual

Answer: <https://biology-forums.com/index.php?topic=280438>

Question 1295

_____ is information that incorporates the relationship among facts.

Answer: <https://biology-forums.com/index.php?topic=281627>

Question 1296

To prevent children from seeing inappropriate content on the Web, _____ software can be installed.

Answer: <https://biology-forums.com/index.php?topic=280843>

Question 1297

Screen savers do not save energy or money.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279141>

Question 1298

_____ software tools enable a user to construct an application using only the features he/she will need.

- A) Object-oriented
- B) Packaged
- C) Component
- D) 4GL

Answer: <https://biology-forums.com/index.php?topic=281484>

Question 1299

Locating and identifying printed characters embedded in images is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281633>

Question 1300

The convergence of computer and network technology was responsible for the shift from the industrial economy to a(n)

- A) digital economy.
- B) economic surge.
- C) information economy.
- D) loss of economy.

Answer: <https://biology-forums.com/index.php?topic=278969>

Question 1301

In 2004, Google

- A) developed a set of open standards for mobile phones.
- B) offered shares of stock to the public.
- C) launched its first search engine.
- D) renamed itself from BackRub.

Answer: <https://biology-forums.com/index.php?topic=280241>

Question 1302

The two main types of nonimpact printers are

- A) dot matrix and plotters.
- B) laser and inkjet.
- C) laser and photo.
- D) dot matrix and photo.

Answer: <https://biology-forums.com/index.php?topic=279394>

Question 1303

A _____ is a code embedded as a one-pixel graphics file in an email message which notifies the sender that the message was opened.

- A) phish
- B) Web bug
- C) cookie
- D) virus

Answer: <https://biology-forums.com/index.php?topic=280494>

Question 1304

Which of the following is an example of social engineering?

- A) malware
- B) spoofing
- C) botnets
- D) spam

Answer: <https://biology-forums.com/index.php?topic=280858>

Question 1305

All of the following are true of e-learning 2.0 EXCEPT:

- A) few schools can afford the hardware, software, and floor space.
- B) teachers have had no problem transitioning to this type of educational experience.
- C) students collaborate and use technology.
- D) school administrations prefer more orthodox methods of education because there is a focus on standardized test scores.

Answer: <https://biology-forums.com/index.php?topic=281191>

Question 1306

The typical CPU is divided into these functional units:

- A) control, arithmetic logic, decode, bus, and prefetch.
- B) presort, sort, process, export, and save.
- C) fetch, decode, execute, and shred.
- D) registers, prefetch, decode, and store.

Answer: <https://biology-forums.com/index.php?topic=279117>

Question 1307

The _____ is the area below the ribbon that displays information such as security alerts.

Answer: <https://biology-forums.com/index.php?topic=281055>

Question 1308

A vector graphics format that is associated with Adobe Flash is

- A) SWF.
- B) SVG.
- C) GIF.
- D) JPG.

Answer: <https://biology-forums.com/index.php?topic=280024>

Question 1309

Sophisticated software is essential for a computer to recognize handwriting.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279879>

Question 1310

The acronym SOHO refers to

- A) one of the fastest growing computer markets today.
- B) software which assists students with disabilities.
- C) a computer programming language.
- D) a person who resists computer use.

Answer: <https://biology-forums.com/index.php?topic=281200>

Question 1311

This type of computer uses less energy than a desktop computer:

- A) notebook.
- B) supercomputer.
- C) mainframe.
- D) Blu-ray.

Answer: <https://biology-forums.com/index.php?topic=279095>

Question 1312

To have a page number and chapter title appear in the _____ margin of every page, create a footer.

- A) top
- B) left
- C) bottom
- D) right

Answer: <https://biology-forums.com/index.php?topic=279734>

Question 1313

In comparison to animated GIFs, vector graphics animations

- A) download slower.
- B) occupy more space.
- C) describe images in terms of objects and locations.
- D) describe images in terms of colored pixels.

Answer: <https://biology-forums.com/index.php?topic=279980>

Question 1314

Augmented reality is the use of a computer display to add virtual information to a user's sensory perceptions.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280075>

Question 1315

One site that facilitates C2C commerce is

- A) eBay.
- B) Google.
- C) Walmart.
- D) United Airlines.

Answer: <https://biology-forums.com/index.php?topic=281368>

Question 1316

If a health care provider does not protect customer's medical records, they likely have violated the Health Information Portability and Accountability Act.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281396>

Question 1317

During the output function of a computer system, the result is transferred to customers, clients, and other systems.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281310>

Question 1318

A(n) _____ system is designed based on the knowledge of a highly skilled professional in a particular field.

- A) EDI
- B) knowledge
- C) expert
- D) management information

Answer: <https://biology-forums.com/index.php?topic=281294>

Question 1319

When you use a disk in several different computers on the same day, you are taking the chance of contracting a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=280971>

Question 1320

A grade book which calculates grades could best be created in a

- A) spreadsheet program.
- B) word processing program.
- C) desktop publishing program.
- D) database program.

Answer: <https://biology-forums.com/index.php?topic=279786>

Question 1321

One example of a scripting language is PHP.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280757>

Question 1322

Unsolicited email is called _____.

Answer: <https://biology-forums.com/index.php?topic=280601>

Question 1323

These programs serve as tools for doing system maintenance and repairs that are not handled by the operating system:

- A) Control Panel.
- B) utility programs.
- C) Windows Explorer.
- D) user profile setters.

Answer: <https://biology-forums.com/index.php?topic=279609>

Question 1324

Microsoft Disk Operating System used a _____-line interface.

Answer: <https://biology-forums.com/index.php?topic=279711>

Question 1325

The three major categories of software defined by your textbook are

- A) system software, software applications, and utility programs.
- B) system software, software applications, and shareware.

C) system software, software applications, and hardware.
D) compilers and translator programs, software applications, and system software.
Answer: <https://biology-forums.com/index.php?topic=279581>

Question 1326

In the email address bowles@sou.edu, "bowles" is the _____.
A) password
B) server name
C) user name
D) client computer
Answer: <https://biology-forums.com/index.php?topic=280675>

Question 1327

A user needs to create a(n) _____ when he or she wants to multiply the cost of a book by the quantity desired in a spreadsheet.
Answer: <https://biology-forums.com/index.php?topic=279914>

Question 1328

A computer's built-in memory is also referred to as
A) the processor.
B) a USB drive.
C) RAM.
D) a monitor.
Answer: <https://biology-forums.com/index.php?topic=278833>

Question 1329

A(n) _____ is a database object that displays the fields and records in an easy-to-read format suitable for printing.
Answer: <https://biology-forums.com/index.php?topic=281053>

Question 1330

_____ software, also known as compiler software, makes programming easier and less error prone.
Answer: <https://biology-forums.com/index.php?topic=279709>

Question 1331

_____ replaced MS-DOS.
A) Serial ATA
B) Microsoft Windows
C) Mouse
D) Linux
Answer: <https://biology-forums.com/index.php?topic=279249>

Question 1332

The fastest Ethernet devices today follow the _____ standard.
A) 10Base-T Ethernet
B) Fast Ethernet
C) 100BASE-T
D) Gigabit Ethernet
Answer: <https://biology-forums.com/index.php?topic=280430>

Question 1333

Another word for sites like Twitter, which allow users to post short status updates is _____-blogs.
Answer: <https://biology-forums.com/index.php?topic=280625>

Question 1334

Match the following terms with their description.
I. Multimedia
II. Media
III. Codecs
IV. Desktop publishing program
V. Paint program

- A. Graphics, video, animation, and sound
- B. Compression/decompression
- C. Integrates text and media
- D. Used to create bitmapped graphics
- E. Create documents that require unusual design

Answer: <https://biology-forums.com/index.php?topic=281136>

Question 1335

Some programs have features that a user may need to learn how to utilize. One way to learn how to utilize features in software is

- A) hardware.
- B) tutorials.
- C) service packs.
- D) compartments.

Answer: <https://biology-forums.com/index.php?topic=279577>

Question 1336

Which of the following statements is good advice when creating an attractive design using desktop publishing software?

- A) Use a minimum of five fonts for variety and to increase interest.
- B) Choose a simple format and use it throughout your document.
- C) Use at least one of each of the styles such as underlining, bold, all caps, small caps, and other styles for emphasis.
- D) Use as many colors as possible.

Answer: <https://biology-forums.com/index.php?topic=279843>

Question 1337

To play digitized sound, the computer must do all the following EXCEPT:

- A) load the data file into memory.
- B) convert it into an analog sound.
- C) play it through a speaker.
- D) compress the file.

Answer: <https://biology-forums.com/index.php?topic=280054>

Question 1338

The critical success factors approach identifies the variables that are crucial for the success of the business from the top managers' point of view and identifies IT plans for systems.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281316>

Question 1339

"Since you bought x, we thought you might like y" would most likely be seen on a business-to-_____ Web site.

Answer: <https://biology-forums.com/index.php?topic=281405>

Question 1340

A(n) _____ committee, comprised of representatives from each functional area in a company, is responsible for deciding which IT project will be done first.

Answer: <https://biology-forums.com/index.php?topic=281559>

Question 1341

A(n) _____ is an example of output from an information system.

- A) printer
- B) payroll statement
- C) customer address change
- D) scanner

Answer: <https://biology-forums.com/index.php?topic=281266>

Question 1342

Match the following Google+ profile menu options with their description.

- I. +1
- II. About
- III. Review

- IV. Video
- V. Photo
- A. Displays the things around the web that you like
- B. Displays your images stored in Google+
- C. Displays any thoughts that you have shared
- D. Displays your clips stored in Google+
- E. Displays categories of information

Answer: <https://biology-forums.com/index.php?topic=281179>

Question 1343

_____ provides custom newscasts and entertainment features aimed at one individual.

- A) Pointcasting
- B) Webcasting
- C) Podcasting
- D) Edutainment

Answer: <https://biology-forums.com/index.php?topic=281203>

Question 1344

The alignment of text on a line is referred to as

- A) spacing.
- B) alignment.
- C) justification.
- D) margin alignment.

Answer: <https://biology-forums.com/index.php?topic=279735>

Question 1345

Which of these items is included in the guidelines of the ACM Code that might help you to decide how to "do the right thing" when faced with ethical dilemmas at school, at work, or at home?

- A) Remember the golden rule.
- B) It's okay if it's legal.
- C) Someone else will be responsible.
- D) When in doubt, don't do it.

Answer: <https://biology-forums.com/index.php?topic=278941>

Question 1346

_____ is the name of the famous online encyclopedia that lets anyone with an Internet connection modify or add to its content.

Answer: <https://biology-forums.com/index.php?topic=280595>

Question 1347

A(n) _____ combines data tables with demographic information.

- A) PIM
- B) DBMS
- C) SPSS
- D) GIS

Answer: <https://biology-forums.com/index.php?topic=280199>

Question 1348

A(n) _____ font, such as Verdana and Helvetica, has plainer, cleaner lines than other types of fonts.

- A) monospaced
- B) TrueType
- C) sans-serif
- D) serif

Answer: <https://biology-forums.com/index.php?topic=278853>

Question 1349

As of December 2012, _____ users had created a Google+ profile.

- A) 5 million
- B) 500,000
- C) 50 million
- D) 500 million

Answer: <https://biology-forums.com/index.php?topic=281155>

Question 1350

A(n) _____ signal is represented by a continuous wave.

- A) analog
- B) digital
- C) bandwidth
- D) network

Answer: <https://biology-forums.com/index.php?topic=280432>

Question 1351

Unlike optical storage, magnetic tape is

- A) laser read.
- B) random.
- C) sequential.
- D) written with a laser beam.

Answer: <https://biology-forums.com/index.php?topic=279324>

Question 1352

Google is a play on the term googol, which means

- A) a 1 followed by 100 zeroes.
- B) a number more than can be counted.
- C) one trillion.
- D) infinity in the negative direction.

Answer: <https://biology-forums.com/index.php?topic=280239>

Question 1353

On Google Docs, if a document is made _____, anyone can access the document by using the Internet.

- A) Private
- B) Anyone with the link
- C) Public on the web
- D) Personal

Answer: <https://biology-forums.com/index.php?topic=281147>

Question 1354

A workplace where hundreds of clerks use terminals in a massive, windowless room is called an electronic _____.

- A) factory
- B) cottage
- C) storefront
- D) sweatshop

Answer: <https://biology-forums.com/index.php?topic=281184>

Question 1355

A video project usually starts with an outline and a _____ that describes the action.

- A) story edit
- B) flow chart
- C) storyboard
- D) flow script

Answer: <https://biology-forums.com/index.php?topic=279988>

Question 1356

The most common cabling for a LAN is _____ pair.

Answer: <https://biology-forums.com/index.php?topic=280550>

Question 1357

Semantics, a problem with natural-language communication, refers to the

- A) underlying meaning of words and phrases.
- B) set of rules used to construct sentences from words.
- C) natural accent of the human voice.

D) tone inflection of human speech.

Answer: <https://biology-forums.com/index.php?topic=281592>

Question 1358

In the value chain model, primary activities support a company's secondary activities.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281312>

Question 1359

_____ law protects symbols, pictures, and sounds used by a business to identify goods.

Answer: <https://biology-forums.com/index.php?topic=279705>

Question 1360

_____ television is seen as the next step in television, where social networks, smart remotes, and multiway video-conferencing will be tied to television shows.

Answer: <https://biology-forums.com/index.php?topic=281241>

Question 1361

A _____ is a graphic format that can store up to 16.7 million colors.

- A) GIF
- B) JPG
- C) PNG
- D) BMP

Answer: <https://biology-forums.com/index.php?topic=281085>

Question 1362

A special low-energy kind of RAM that can store small amounts of data for long periods of time on battery power is known as

- A) CPU.
- B) system clock.
- C) system buses.
- D) CMOS.

Answer: <https://biology-forums.com/index.php?topic=279071>

Question 1363

_____ fiction is a story that allows readers some control over the plot.

Answer: <https://biology-forums.com/index.php?topic=281239>

Question 1364

Which of the following statements describes a code of ethics?

- A) It generally contains information about the company's privacy policies.
- B) It offers users almost unlimited freedom of choice in merchandise.
- C) It increases Web site traffic by improving search engine rankings.
- D) It allows users to make payments online.

Answer: <https://biology-forums.com/index.php?topic=281385>

Question 1365

The storage area for the next likely data or instruction to be processed, preventing bottlenecks and slowing of the system, is known as

- A) cache.
- B) the register.
- C) RAM.
- D) the CPU.

Answer: <https://biology-forums.com/index.php?topic=279063>

Question 1366

What is the name of the storage technology that enables multiple hard disks to operate as single logical units?

- A) RAID
- B) DoS
- C) UPS
- D) PGP

Answer: <https://biology-forums.com/index.php?topic=280926>

Question 1367

A(n) _____ is a journal-like website that the owner updates regularly to share opinions, observations, or information.

Answer: <https://biology-forums.com/index.php?topic=281168>

Question 1368

In 1999, researchers at Carnegie Mellon developed _____, an open source educational programming language written in Java.

Answer: <https://biology-forums.com/index.php?topic=281230>

Question 1369

Java is a platform-neutral programming language that was developed by Sun Microsystems.

[br]Is is [b>true[b] or [b>false[b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279631>

Question 1370

In the value chain model, _____ activities include services like procurement and technology development.

Answer: <https://biology-forums.com/index.php?topic=281328>

Question 1371

A common storage device on mainframe computers, but not common on PCs, is a

- A) tape drive.
- B) DVD.
- C) CD.
- D) hard drive.

Answer: <https://biology-forums.com/index.php?topic=279322>

Question 1372

An internal company network available through a Web browser is known as a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=281407>

Question 1373

A computer may have a(n) _____ connection to a network-cables might connect it to other computers, printers, and devices in an office or student lab.

Answer: <https://biology-forums.com/index.php?topic=278874>

Question 1374

When converting to a new system, the direct _____ approach involves stopping the old system and then starting the new system.

Answer: <https://biology-forums.com/index.php?topic=281569>

Question 1375

Games and simulations are more than just _____ in which you play the game from the perspective of the game character and much of the action involves some sort of weapon.

Answer: <https://biology-forums.com/index.php?topic=281109>

Question 1376

_____ costs are the time, effort, and money a customer or supplier would have to expend to change to a competitor's product or service.

Answer: <https://biology-forums.com/index.php?topic=281350>

Question 1377

The control structure used to make logical decisions is known as

- A) selection.
- B) pseudocode.
- C) sequence.
- D) repetition.

Answer: <https://biology-forums.com/index.php?topic=281462>

Question 1378

Database software can help alleviate

- A) the need to use spreadsheets.
- B) disk space issues.
- C) information overload.
- D) the need for validation of data.

Answer: <https://biology-forums.com/index.php?topic=280245>

Question 1379

CD-RW stands for

- A) compact disc-rewritable.
- B) compact diskette, read, write.
- C) compact disc, read-only then write.
- D) compact diskette with random write capability.

Answer: <https://biology-forums.com/index.php?topic=279330>

Question 1380

Backward compatibility means that

- A) a Core i7 chip can handle processing previously done by a Core 2 Duo.
- B) all hardware will work with other hardware.
- C) a mouse will work with more advanced hardware that comes out after the date the mouse was produced.
- D) all software will work on all other computer systems.

Answer: <https://biology-forums.com/index.php?topic=279051>

Question 1381

On Google Docs, if a document is made _____, anyone who is granted permission to view the document must sign in to access it.

- A) Private
- B) Anyone with the link
- C) Public on the web
- D) Personal

Answer: <https://biology-forums.com/index.php?topic=281148>

Question 1382

_____ weapons are missiles that use computerized guidance systems to locate their targets.

Answer: <https://biology-forums.com/index.php?topic=281004>

Question 1383

An iPod, iPhone, and iPad are examples of _____ devices.

Answer: <https://biology-forums.com/index.php?topic=281121>

Question 1384

Cross-platform fonts that travel with documents in compressed form are _____ fonts.

- A) serif
- B) TrueType
- C) OpenType
- D) bitmapped

Answer: <https://biology-forums.com/index.php?topic=279823>

Question 1385

Graphical bodies used to represent a person in a virtual meeting place are known as

- A) agents.
- B) emulators.
- C) avatars.
- D) memes.

Answer: <https://biology-forums.com/index.php?topic=280504>

Question 1386

Most database programs can import text files.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280299>

Question 1387

A bitmapped graphic is also called a(n) _____ graphic.

- A) vector
- B) raster
- C) animated
- D) digital

Answer: <https://biology-forums.com/index.php?topic=279964>

Question 1388

The _____ systems model represents an interorganizational information system in which a company handles transactions within its own value chain and other businesses and organizations.

- A) B2B
- B) B2C
- C) C2C
- D) B2E

Answer: <https://biology-forums.com/index.php?topic=281369>

Question 1389

_____ speech is the playing of prerecorded speech stored on a computer.

Answer: <https://biology-forums.com/index.php?topic=281641>

Question 1390

Adobe Reader and Adobe Acrobat display PDF documents.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280755>

Question 1391

A(n) _____ modem translates documents into signals that can be sent over phone wires and decoded by a receiving fax machine.

Answer: <https://biology-forums.com/index.php?topic=279457>

Question 1392

Monitoring, evaluating, and enhancing a system are done throughout the _____ phase of the SDLC.

- A) design
- B) investigation
- C) maintenance
- D) development

Answer: <https://biology-forums.com/index.php?topic=281501>

Question 1393

A byte can represent any number between 0 and

- A) 2.
- B) 255.
- C) 256.
- D) 1,024.

Answer: <https://biology-forums.com/index.php?topic=279041>

Question 1394

You can use a file-management utility to see the location of a file or folder in a storage device's hierarchy and view its pathname.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279646>

Question 1395

The Electronic Numerical Integrator and Computer (ENIAC)

- A) was the first general-purpose commercial computer built in the United States.
- B) could calculate 500 times faster than the existing electromechanical calculators.

C) predicted that Eisenhower would win the election.

D) was developed just before World War II.

Answer: <https://biology-forums.com/index.php?topic=278893>

Question 1396

A virus that is programmed to destroy PC files on a specific date is known as what kind of virus?

A) botnet

B) macro virus

C) time bomb

D) spyware

Answer: <https://biology-forums.com/index.php?topic=280891>

Question 1397

The first programmable, general-purpose digital computer was called the

A) Babbage.

B) Analytical Engine.

C) Z1.

D) Zuse.

Answer: <https://biology-forums.com/index.php?topic=278958>

Question 1398

When you see a movie at a theater, you are actually looking at still images shown at a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=281115>

Question 1399

The most widely known code of conduct specifically for computer professionals is the

A) Association for Computing Machinery Code of Ethics.

B) Computer Users Code of Ethics.

C) Association of Digital Code of Ethics.

D) ICCA Code of Ethics.

Answer: <https://biology-forums.com/index.php?topic=278972>

Question 1400

_____ is a mix of English and a computer language used to write algorithms.

Answer: <https://biology-forums.com/index.php?topic=281535>

Question 1401

In the early days of the Internet, a(n) _____ was known as a person who enjoyed learning details of computer systems and writing clever programs.

Answer: <https://biology-forums.com/index.php?topic=280985>

Question 1402

Most computer games are _____, containing replicas of objects, organisms, organizations, and processes.

A) models.

B) simulations created by younger adults.

C) artificial.

D) sport games.

Answer: <https://biology-forums.com/index.php?topic=279867>

Question 1403

A computer's clock speed is measured in

A) gigabytes.

B) bits.

C) megahertz.

D) gigahertz.

Answer: <https://biology-forums.com/index.php?topic=279054>

Question 1404

_____ produced the first 64-bit processor.

- A) Pentium
- B) Microsoft
- C) AMD
- D) Apple

Answer: <https://biology-forums.com/index.php?topic=279056>

Question 1405

In the early nineteenth century, a "computer" was

- A) not considered useful.
- B) paper used to perform calculations.
- C) a person who performed calculations.
- D) unreliable.

Answer: <https://biology-forums.com/index.php?topic=278957>

Question 1406

A(n) _____ is a single point on a display screen.

Answer: <https://biology-forums.com/index.php?topic=281113>

Question 1407

"Keep checkers in the king's row as long as possible" is an example of a(n) _____, or rule of thumb.

Answer: <https://biology-forums.com/index.php?topic=281619>

Question 1408

Carpal _____ syndrome is a painful affliction of the wrist and hand that results from repeating the same movements over long periods.

Answer: <https://biology-forums.com/index.php?topic=279460>

Question 1409

A public key is only available to the user originating a message.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280956>

Question 1410

A coaching or help feature that walks a reader through a process step-by-step is known as a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279882>

Question 1411

Which of the following is NOT true about creating a blog?

- A) Blogs are created and maintained by individuals, businesses, and other groups.
- B) A blog can contain text, images, video, or links to other websites.
- C) Hangout is a popular free blogging service available by using a Google account.
- D) Often blogs provide a forum in which readers can comment on, or discuss, a topic.

Answer: <https://biology-forums.com/index.php?topic=281152>

Question 1412

_____ ensures that users have permission to perform a particular action on a multiuser system.

Answer: <https://biology-forums.com/index.php?topic=279686>

Question 1413

One type of 4GL is the _____ language that enables a user to request information from a database with English-like questions.

- A) query
- B) assembly
- C) Java
- D) C++

Answer: <https://biology-forums.com/index.php?topic=281482>

Question 1414

In a local area network, a _____ only transmits data to the destination node.

- A) switch

- B) port
- C) hub
- D) NIC

Answer: <https://biology-forums.com/index.php?topic=280395>

Question 1415

A virus that attaches itself to documents that contain macros is called a(n)

- A) email virus.
- B) macro virus.
- C) Trojan horse.
- D) time bomb.

Answer: <https://biology-forums.com/index.php?topic=280872>

Question 1416

The systems analyst can choose one of four approaches for converting to a new system: direct cutover, parallel, phase-in or _____.

Answer: <https://biology-forums.com/index.php?topic=281568>

Question 1417

Some spreadsheet programs use _____ solvers that allow you to define a formula, enter target results, and solve for the missing values.

Answer: <https://biology-forums.com/index.php?topic=279933>

Question 1418

The first step in the transaction processing cycle is

- A) processing data.
- B) storing and updating data.
- C) data entry.
- D) user inquiry.

Answer: <https://biology-forums.com/index.php?topic=281272>

Question 1419

_____ transactions account for the most online sales.

- A) C2C
- B) B2C
- C) C2B
- D) B2B

Answer: <https://biology-forums.com/index.php?topic=281035>

Question 1420

This search engine is the most visited site on the planet:

- A) Bing.
- B) Google.
- C) Dogpile.
- D) MSN.

Answer: <https://biology-forums.com/index.php?topic=280235>

Question 1421

_____ technology allows users to use multifinger or multihand gestures to accomplish complex tasks quickly.

- A) Think pad
- B) Laser
- C) Multi-touch input device
- D) Wireless mouse

Answer: <https://biology-forums.com/index.php?topic=279372>

Question 1422

A personal area network is possible because of the wireless technology known as

- A) USB.
- B) FireWire.
- C) Bluetooth.
- D) PDA.

Answer: <https://biology-forums.com/index.php?topic=280465>

Question 1423

Email discussion groups on special-interest topics are called _____ lists.

Answer: <https://biology-forums.com/index.php?topic=280619>

Question 1424

When the output of one subsystem is used as input for another subsystem, the two systems have a shared subsystem.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281311>

Question 1425

After typing keywords in to a search engine, it will return pages that contain the keywords, also known as _____.

Answer: <https://biology-forums.com/index.php?topic=278880>

Question 1426

Which invention, developed in 1948, replaced vacuum tubes?

- A) silicon wafers
- B) transistors
- C) CPUs
- D) RAM

Answer: <https://biology-forums.com/index.php?topic=278899>

Question 1427

A(n) _____ list is used to send electronic messages to many people.

Answer: <https://biology-forums.com/index.php?topic=280585>

Question 1428

The motherboard is the

- A) circuit board that contains a CPU and other chips.
- B) circuit board that houses peripheral devices.
- C) same as the CPU chip.
- D) the first chip that is accessed when the computer is turned on.

Answer: <https://biology-forums.com/index.php?topic=279050>

Question 1429

Common in today's software, _____ supplement(s) the help files that are available at the user's request.

- A) printed manuals
- B) read Me files
- C) help DVDs
- D) online help

Answer: <https://biology-forums.com/index.php?topic=279514>

Question 1430

Handheld computers are also known as

- A) laptop computers.
- B) personal digital assistants.
- C) thin clients.
- D) subnotebooks.

Answer: <https://biology-forums.com/index.php?topic=278984>

Question 1431

Network transmission speeds are measured in _____ per second, and this term can be preceded by units such as kilo, mega or giga.

Answer: <https://biology-forums.com/index.php?topic=280564>

Question 1432

In the value chain model, the primary activity _____ is the process of creating products or services from raw materials.

- A) marketing and sales

- B) operations
- C) procurement
- D) inbound logistics

Answer: <https://biology-forums.com/index.php?topic=281258>

Question 1433

Donn B. Parker developed the ethical guideline, the _____ ethic, that states "You should take the action that achieves the greater good for everyone involved."

Answer: <https://biology-forums.com/index.php?topic=281358>

Question 1434

For a program to be read by the CPU, it must be loaded into

- A) memory or random access memory (RAM).
- B) the hard disk.
- C) read-only memory (ROM).
- D) the BIOS.

Answer: <https://biology-forums.com/index.php?topic=279498>

Question 1435

A business organization's environment includes all of the following EXCEPT:

- A) customers.
- B) suppliers.
- C) managers.
- D) competitors.

Answer: <https://biology-forums.com/index.php?topic=281253>

Question 1436

H&R Block At Home is an example of _____ software.

Answer: <https://biology-forums.com/index.php?topic=281107>

Question 1437

In addition to the three basic functions, a system has two additional functions: feedback and _____.

Answer: <https://biology-forums.com/index.php?topic=281323>

Question 1438

The acronym for a programming tool used in interactive Web pages that relies on a combination of HTML, JavaScript, and XML is known as _____.

Answer: <https://biology-forums.com/index.php?topic=280833>

Question 1439

A special type of DSS that includes maps and demographic data is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281341>

Question 1440

_____ programs are software tools that transform general-purpose computers into special-purpose tools.

Answer: <https://biology-forums.com/index.php?topic=279014>

Question 1441

The acronym for a device that can pinpoint any location in the world is _____.

Answer: <https://biology-forums.com/index.php?topic=280558>

Question 1442

A limitation of software that digitizes voice data is that it

- A) is not very reliable.
- B) must be trained to recognize individual voices.
- C) can only be used on high-end computers.
- D) cannot be used on laptop computers.

Answer: <https://biology-forums.com/index.php?topic=279289>

Question 1443

Downloadable software extensions that add new features to a browser are known as _____.

- A) plug-ins
- B) cookies
- C) search engines
- D) toolbars

Answer: <https://biology-forums.com/index.php?topic=280715>

Question 1444

A computer invented in 1939 that was capable of solving systems of linear equations was called the

- A) Atanasoff.
- B) ABC.
- C) IBM.
- D) Berry.

Answer: <https://biology-forums.com/index.php?topic=278962>

Question 1445

The major difference between e-learning and e-learning 2.0 is collaboration.

[br]Is it true or false?
[br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281207>

Question 1446

Natural language Web searches have not made much headway in replacing existing database technology searches.

[br]Is it true or false?
[br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280285>

Question 1447

This IP address doesn't change every day:

- A) static IP address.
- B) dynamic IP address.
- C) unique IP address.
- D) common name and number.

Answer: <https://biology-forums.com/index.php?topic=280653>

Question 1448

When you use a digital camera, your photo is stored as a(n) _____ image.

- A) bitmapped
- B) vector
- C) raster
- D) animated

Answer: <https://biology-forums.com/index.php?topic=279984>

Question 1449

Which of the following statements about plagiarism is FALSE?

- A) The electronic availability of documents has led to plagiarism being simpler.
- B) Plagiarism is easier to detect than it was before the Internet.
- C) Plagiarism is defined as using someone else's words without giving credit.
- D) Plagiarism only happens in the educational system.

Answer: <https://biology-forums.com/index.php?topic=279826>

Question 1450

An advanced coding scheme that incorporates Arabic, Chinese, Hebrew, and Japanese is known as

- A) ASCII.
- B) World Wide Interchange (WWI).
- C) Worldcode.
- D) Unicode.

Answer: <https://biology-forums.com/index.php?topic=279045>

Question 1451

Most companies use _____ numbers to indicate minor revisions and whole numbers to indicate major revisions.

- A) whole
- B) decimal
- C) version
- D) codes

Answer: <https://biology-forums.com/index.php?topic=279519>

Question 1452

Microsoft SharePoint, KnowledgeTree, and Alfresco are examples of _____.

- A) document management systems
- B) presentation applications
- C) personal information managers
- D) project management software

Answer: <https://biology-forums.com/index.php?topic=281080>

Question 1453

Digital cameras store bit patterns on _____.

- A) film
- B) flash memory cards or other digital storage media
- C) negatives
- D) audio files

Answer: <https://biology-forums.com/index.php?topic=279381>

Question 1454

Problems that software users encounter can be solved by using the following EXCEPT:

- A) reference materials.
- B) help files.
- C) tutorials.
- D) lifelines.

Answer: <https://biology-forums.com/index.php?topic=279587>

Question 1455

Games such as Eve Online and World of Warcraft, which support hundreds of thousands of people playing games in an online virtual world, are commonly known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=280593>

Question 1456

Machine language is often translated into _____, a number system with base 16.

Answer: <https://biology-forums.com/index.php?topic=281551>

Question 1457

_____ is the standard query language that is used to find information in a database.

- A) SQL
- B) C++
- C) Assembly
- D) LISP

Answer: <https://biology-forums.com/index.php?topic=281483>

Question 1458

Wi-Fi refers to

- A) wireless LAN connections.
- B) a new connection which uses fiber-optic cables to connect a PC to the Internet.
- C) a drive on a laptop that connects to the Internet.
- D) the bandwidth of the server to which a laptop connects.

Answer: <https://biology-forums.com/index.php?topic=280525>

Question 1459

Downloadable fonts are also called

- A) serif fonts.
- B) soft fonts.
- C) hard fonts.
- D) PostScript fonts.

Answer: <https://biology-forums.com/index.php?topic=279816>

Question 1460

The CPU's ALU contains

- A) RAM spaces.
- B) registers.
- C) byte spaces.
- D) secondary storage space.

Answer: <https://biology-forums.com/index.php?topic=279060>

Question 1461

The operating system is loaded from the hard disk onto ROM when the computer is starting up.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279145>

Question 1462

The creation of slides to serve as visual aids for presentations is done using

- A) desktop publishing software.
- B) picture editing software.
- C) presentation-graphics software.
- D) 3-D modeling software.

Answer: <https://biology-forums.com/index.php?topic=279976>

Question 1463

The most common color printers are

- A) lasers.
- B) dot-matrix.
- C) inkjet.
- D) line printers.

Answer: <https://biology-forums.com/index.php?topic=279307>

Question 1464

The combination of CAD and _____ programs is a major step toward a fully automated factory.

- A) CAM
- B) PDF
- C) desktop publishing
- D) NLE

Answer: <https://biology-forums.com/index.php?topic=280038>

Question 1465

In an object-oriented database, every object is an instance of a

- A) table.
- B) field.
- C) class.
- D) query.

Answer: <https://biology-forums.com/index.php?topic=280227>

Question 1466

The time it takes a processor to retrieve data from memory is called _____ time.

Answer: <https://biology-forums.com/index.php?topic=279241>

Question 1467

_____ contains instructions that tell the central processing unit what to do.

- A) A USB drive
- B) A monitor
- C) Software
- D) Peripheral devices

Answer: <https://biology-forums.com/index.php?topic=278846>

Question 1468

For a _____ network to learn to recognize a pattern, it goes through many trials, weakening the circuit pattern for incorrect guesses and strengthening circuit patterns for correct guesses.

- A) cerebral
- B) mesh
- C) neural
- D) robotic

Answer: <https://biology-forums.com/index.php?topic=281610>

Question 1469

An integrated programming _____ includes a text editor, a compiler, a debugger, and many other utilities.

Answer: <https://biology-forums.com/index.php?topic=281543>

Question 1470

The word size of a typical PC's CPU is

- A) 1 or 2 bytes.
- B) 32 or 64 bits.
- C) 32 or 64 bytes.
- D) 8 or 16 bits.

Answer: <https://biology-forums.com/index.php?topic=279055>

Question 1471

Most successful B2C Web sites offer all of the following EXCEPT:

- A) personalization.
- B) customization.
- C) product support forums.
- D) product creation.

Answer: <https://biology-forums.com/index.php?topic=281380>

Question 1472

In the Web address www.bbc.co.uk, "uk" is a(n) _____.

- A) country code
- B) protocol
- C) domain name
- D) file path

Answer: <https://biology-forums.com/index.php?topic=280682>

Question 1473

A database contains only facts, while a(n) _____ base also contains a system of rules for determining and changing relationships among those facts.

Answer: <https://biology-forums.com/index.php?topic=281628>

Question 1474

Utility programs make it easier to complete all of the following EXCEPT:

- A) write a letter.
- B) translate files.
- C) repair damaged data files.
- D) guard against viruses.

Answer: <https://biology-forums.com/index.php?topic=279553>

Question 1475

With VoIP, phone calls are carried over the public phone network.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280533>

Question 1476

Bill Gates was the original developer of the World Wide Web.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280751>

Question 1477

Optical disc drives use _____ rather than magnets to read and write bits of data on a reflective aluminum layer of a disc.

- A) laser beams
- B) black light
- C) ultrasound
- D) electrical currents

Answer: <https://biology-forums.com/index.php?topic=279396>

Question 1478

A logic bomb that was created to erupt on Michelangelo's birthday is an example of a

- A) malware.
- B) spyware.
- C) time bomb.
- D) macro virus.

Answer: <https://biology-forums.com/index.php?topic=280883>

Question 1479

Hardware or software designed to guard against unauthorized access to a computer network is known as a(n)

- A) router.
- B) firewall.
- C) antivirus.
- D) server.

Answer: <https://biology-forums.com/index.php?topic=280914>

Question 1480

A worldwide public newsgroup available on the Internet is

- A) TCP/IP.
- B) Usenet.
- C) Listserv.
- D) Blogger.

Answer: <https://biology-forums.com/index.php?topic=280498>

Question 1481

A(n) _____ private network provides a "tunnel" through the Internet preventing unauthorized access or eavesdropping.

Answer: <https://biology-forums.com/index.php?topic=280607>

Question 1482

Using deception to get individuals to reveal sensitive information is also known as a(n) _____ attack.

- A) social engineering
- B) hacking
- C) identity theft
- D) trojan horse

Answer: <https://biology-forums.com/index.php?topic=280857>

Question 1483

Silicon Valley, where numerous microprocessor manufacturing companies are located, is in

- A) Oregon.
- B) California.
- C) Texas.
- D) Washington.

Answer: <https://biology-forums.com/index.php?topic=278903>

Question 1484

The top portion of the Blogger _____ displays any blogs you currently have, including any blogs already associated with your account.
Answer: <https://biology-forums.com/index.php?topic=281170>

Question 1485

_____control software monitors and records computer transactions as they happen, so they can be traced and identify suspicious computer activity after the fact.
Answer: <https://biology-forums.com/index.php?topic=280996>

Question 1486

CPU stands for
A) central production unit.
B) central processing unit.
C) computer processing unit.
D) central printing unit.
Answer: <https://biology-forums.com/index.php?topic=279028>

Question 1487

AARON is an example of
A) expert systems.
B) automatic language translators.
C) neural networks.
D) robots.
Answer: <https://biology-forums.com/index.php?topic=281598>

Question 1488

Which of the following Web sites was the first social networking site that allowed users to create their own personal Web pages to share words and pictures with others?
A) Friendster
B) Twitter
C) MySpace
D) Facebook
Answer: <https://biology-forums.com/index.php?topic=278940>

Question 1489

A data-driven Web site is a site with content that rarely changes.
[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...
Answer: <https://biology-forums.com/index.php?topic=280760>

Question 1490

Arranging all customer records in customer number order is an example of
A) querying.
B) sorting.
C) inquiring.
D) filtering.
Answer: <https://biology-forums.com/index.php?topic=280184>

Question 1491

Programs written for _____, a popular operating system cannot run on Windows.
Answer: <https://biology-forums.com/index.php?topic=279171>

Question 1492

_____ is a function that may prevent the loss of information when an application freezes.
Answer: <https://biology-forums.com/index.php?topic=279718>

Question 1493

Software designed to be used by several people simultaneously is known as

- A) shareware.
- B) cluster software.
- C) groupware.
- D) cloudware.

Answer: <https://biology-forums.com/index.php?topic=279764>

Question 1494

_____ is the process of using automatically generated links from bogus sites to fool search engines into giving sites higher rankings than they deserve.

Answer: <https://biology-forums.com/index.php?topic=281408>

Question 1495

MIS specialists apply the theoretical concepts of computer science to real-world, practical business problems.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281527>

Question 1496

Unlike books, which are linear in form, _____ and hypermedia are nonlinear and focus more on the relationship of ideas rather than the layout of the page.

Answer: <https://biology-forums.com/index.php?topic=280143>

Question 1497

The physical parts of a computer are known as

- A) hardware.
- B) software.
- C) firmware.
- D) the operating system.

Answer: <https://biology-forums.com/index.php?topic=278829>

Question 1498

_____ contain digitized data in the form of recorded live sounds or music.

Answer: <https://biology-forums.com/index.php?topic=281116>

Question 1499

Producing paychecks twice a month is an example of _____ processing.

- A) interactive
- B) digitization
- C) real-time
- D) batch

Answer: <https://biology-forums.com/index.php?topic=280215>

Question 1500

Gray-scale graphics allows each pixel to appear in black, white, or one of several shades of gray.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280079>

Question 1501

When a message is sent through the Internet, it is broken into _____ and then sent.

Answer: <https://biology-forums.com/index.php?topic=280781>

Question 1502

The number of bits devoted to each pixel is called

- A) resolution.
- B) bit depth.
- C) byte depth.
- D) vector graphics.

Answer: <https://biology-forums.com/index.php?topic=279960>

Question 1503

The _____ of a computer monitor refers to the total number of pixels displayed on the screen.

Answer: <https://biology-forums.com/index.php?topic=279444>

Question 1504

This type of pointing device requires batteries and uses tiny radio transmitters to send signals:

- A) scrolling mouse.
- B) touch screen.
- C) game controller.
- D) wireless mouse.

Answer: <https://biology-forums.com/index.php?topic=279362>

Question 1505

Devices housed outside the system unit and connected via cable are known as

- A) input devices.
- B) storage devices.
- C) peripherals.
- D) diskettes.

Answer: <https://biology-forums.com/index.php?topic=278834>

Question 1506

This relatively new interface standard for connecting computers to most external peripherals is a

- A) Serial-ATA.
- B) FireWire.
- C) SCSI port.
- D) parallel port.

Answer: <https://biology-forums.com/index.php?topic=279338>

Question 1507

The resolution of a screen measures the density of the _____ on the screen.

Answer: <https://biology-forums.com/index.php?topic=280101>

Question 1508

Who is the founder of Facebook?

- A) Chris DeWolf
- B) Charles Babbage
- C) Tom Anderson
- D) Mark Zuckerberg

Answer: <https://biology-forums.com/index.php?topic=278891>

Question 1509

4GLs include query languages such as SQL.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281521>

Question 1510

The technology that recognizes individual characters on a printed page, so they can be stored and eventually edited, is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=279436>

Question 1511

Vacuum tubes were eventually replaced by

- A) calculating machines.
- B) laptops.
- C) chips.
- D) integrated circuits.

Answer: <https://biology-forums.com/index.php?topic=278896>

Question 1512

A _____ is a professionally designed "empty" document that can be adapted to the user's needs.

- A) template
- B) file
- C) wizard
- D) user guide file

Answer: <https://biology-forums.com/index.php?topic=279774>

Question 1513

Common problems with Web publishing include all of the following EXCEPT:

- A) access is still somewhat limited.
- B) attracting people to the Web site.
- C) copyright protection.
- D) a Web site can be copied by anyone.

Answer: <https://biology-forums.com/index.php?topic=279782>

Question 1514

Several employees working on a document together is a good use of

- A) groupware.
- B) virtualization.
- C) thin clients.
- D) CAD software.

Answer: <https://biology-forums.com/index.php?topic=281021>

Question 1515

_____ is an iterative process in which the systems analyst uses a limited working system to show users how the completed system will work.

Answer: <https://biology-forums.com/index.php?topic=281564>

Question 1516

Learning how to fly a jet through the use of a computer system is known as

- A) a computer simulation.
- B) a realistic simulation captivation.
- C) virtual reality.
- D) computer virtual space.

Answer: <https://biology-forums.com/index.php?topic=279801>

Question 1517

_____ is the process of separating commerce into its component parts and outsourcing those parts that can better be handled somewhere else.

Answer: <https://biology-forums.com/index.php?topic=281448>

Question 1518

Hardware components are

- A) physical parts of a computer system.
- B) fully functional without computer software.
- C) impossible to add on after the initial purchase of a computer.
- D) the intangible parts of a computer system.

Answer: <https://biology-forums.com/index.php?topic=279022>

Question 1519

Most online shopping sites are dynamic.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281395>

Question 1520

When a Microsoft Word document or picture file is included along with an email message, it is known as a file _____.

Answer: <https://biology-forums.com/index.php?topic=280581>

Question 1521

The phase of the SDLC where a decision is made to launch an investigation for a newer system is

- A) maintenance.
- B) retirement.
- C) development.
- D) implementation.

Answer: <https://biology-forums.com/index.php?topic=281487>

Question 1522

Internet usage in this country will dramatically decline in the future.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=278988>

Question 1523

In modern integrated circuits, high and low electrical charges represent bits, but these circuits work as if they were really made up of tiny _____.

Answer: <https://biology-forums.com/index.php?topic=279206>

Question 1524

The most successful natural-language applications

- A) involve computers having meaningful conversations with humans.
- B) use narrow, carefully defined domains.
- C) keep rules very flexible and variable.
- D) include a lot of trial and error.

Answer: <https://biology-forums.com/index.php?topic=281593>

Question 1525

Databases make it simple to store small quantities of information, but are not suited for large quantities of information.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280289>

Question 1526

The World Wide Web has been around since the

- A) 1970s.
- B) 1980s.
- C) 2000s.
- D) 1990s.

Answer: <https://biology-forums.com/index.php?topic=278890>

Question 1527

Match the following terms with their description.

- I. Field properties
- II. Truncated
- III. Primary key
- IV. Orientation
- V. Best Fit
- A. Shortened
- B. Uniquely identifies a record
- C. Control how the field displays
- D. Used to resize columns
- E. Portrait or Landscape

Answer: <https://biology-forums.com/index.php?topic=281068>

Question 1528

The pointing device that comes built-in on a laptop computer can be any device EXCEPT a

- A) mouse.
- B) trackball.
- C) touchpad.
- D) trackpoint.

Answer: <https://biology-forums.com/index.php?topic=279264>

Question 1529

Translating a computer algorithm to computer program statements is known as _____.

Answer: <https://biology-forums.com/index.php?topic=281536>

Question 1530

_____ applications combine audio, video, graphics, text, and interactivity all into one application.

Answer: <https://biology-forums.com/index.php?topic=278994>

Question 1531

A company creates a(n) _____ barrier when it develops a new product that a competitor has difficulty imitating.

Answer: <https://biology-forums.com/index.php?topic=281349>

Question 1532

A compiler translates the source code of a program to machine language one statement at a time.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281517>

Question 1533

Which of the following statements about computer simulations is FALSE?

- A) Simulations are generally more expensive than producing a product.
- B) It is safer in some situations (i.e. learning to fly a plane) to use simulations to help training.
- C) Computer simulations can explore possible futures using projection.
- D) Simulations allow replication of research with slightly different conditions.

Answer: <https://biology-forums.com/index.php?topic=279869>

Question 1534

A _____ helps block unauthorized access to a computer.

- A) bridge
- B) VPN
- C) WEP
- D) firewall

Answer: <https://biology-forums.com/index.php?topic=280514>

Question 1535

An automated factory is more efficient than a traditional factory for all the following reasons EXCEPT:

- A) it reduces complication.
- B) it reduces the amount of time materials and machines sit idle.
- C) it reduces raw materials.
- D) it reduces labor.

Answer: <https://biology-forums.com/index.php?topic=281013>

Question 1536

Middle managers primarily manage at the _____ level.

- A) tactical
- B) operational
- C) top management
- D) strategic

Answer: <https://biology-forums.com/index.php?topic=281286>

Question 1537

For subtraction, if a SUB statement is used instead of 10110111, the programmer is using _____ language.

- A) fourth-generation
- B) assembly
- C) high-level
- D) machine

Answer: <https://biology-forums.com/index.php?topic=281467>

Question 1538

_____ are used to automate tasks that are repeated frequently.

- A) Pseudocodes
- B) Macros
- C) ROMs
- D) Templates

Answer: <https://biology-forums.com/index.php?topic=281479>

Question 1539

_____ commands can be interpreted by a variety of music synthesizers.

- A) DRM
- B) MIDI
- C) MP3
- D) AIFF

Answer: <https://biology-forums.com/index.php?topic=280004>

Question 1540

Software for organizing storage and retrieval of information is a(n)

- A) record.
- B) database program.
- C) platform.
- D) data warehouse.

Answer: <https://biology-forums.com/index.php?topic=280161>

Question 1541

By setting up a(n) _____, Procter & Gamble computers see when their items are purchased at a Walmart.

- A) intranet
- B) extranet
- C) Long Tail
- D) CRM

Answer: <https://biology-forums.com/index.php?topic=281373>

Question 1542

Languages such as C# and C++ are known as low-level languages.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279637>

Question 1543

A(n) _____ control structure allows a series of steps to be repeated a number of times, usually until some condition is satisfied.

Answer: <https://biology-forums.com/index.php?topic=281540>

Question 1544

For a computer to recognize and understand analog data, it first must be

- A) sent to a mainframe for interpretation.
- B) analyzed by the ALU of the CPU.
- C) digitized.
- D) analyzed for viruses.

Answer: <https://biology-forums.com/index.php?topic=279291>

Question 1545

In order to transmit and electronically store documents without formatting loss, one can use the standard by Adobe known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281218>

Question 1546

Large organizations generally have exactly two management levels: operational and strategic.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281314>

Question 1547

A desktop computer is also known as a(n)

- A) iPad.
- B) laptop.
- C) server.
- D) PC.

Answer: <https://biology-forums.com/index.php?topic=278828>

Question 1548

The AI technique called _____ is the process of looking at possibilities and choosing one that has the best chance of being successful.

Answer: <https://biology-forums.com/index.php?topic=281620>

Question 1549

After an HTML document is completed, it needs to be uploaded onto a _____ server before it's visible on the Web.

- A) FTP
- B) Web
- C) Email
- D) File

Answer: <https://biology-forums.com/index.php?topic=280714>

Question 1550

A(n) _____ program translates all Windows-related instructions into instructions the Mac's operating system and CPU can understand.

- A) Macintosh
- B) emulation
- C) translation
- D) iOS

Answer: <https://biology-forums.com/index.php?topic=279619>

Question 1551

A computerized _____ is a good comparison to a database.

- A) file cabinet
- B) typewriter
- C) overhead projector
- D) calculator

Answer: <https://biology-forums.com/index.php?topic=280157>

Question 1552

Using full color in desktop publishing can be challenging because

- A) it is hard to find colors that an organization wants to use.
- B) the designer must work with inconsistencies of different output devices.
- C) palettes are expensive to purchase.
- D) special training is needed to use more than one color in desktop publishing software.

Answer: <https://biology-forums.com/index.php?topic=279847>

Question 1553

The gap between information technology "haves" and "have nots" is called the _____ divide.

Answer: <https://biology-forums.com/index.php?topic=278997>

Question 1554

The ethical guideline called the _____ states that a person should take the action that achieves the greatest good for all involved.

- A) code of ethics
- B) informed consent
- C) most restrictive action
- D) higher ethic

Answer: <https://biology-forums.com/index.php?topic=281307>

Question 1555

The person responsible for making key planning decisions for a company's information systems is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281339>

Question 1556

The programming language _____ 3.0 incorporates 3-D character models from The Sims.

Answer: <https://biology-forums.com/index.php?topic=281231>

Question 1557

A(n) _____ is a code supplied with the license that you must enter when you install the software.

Answer: <https://biology-forums.com/index.php?topic=281128>

Question 1558

Popular page-layout software includes all of the following EXCEPT:

- A) QuarkXPress.
- B) PageMaker.
- C) PowerPoint.
- D) InDesign.

Answer: <https://biology-forums.com/index.php?topic=279772>

Question 1559

Which of the following statements about producing professional looking desktop publishing documents in-house is FALSE?

- A) More software is required.
- B) Producing documents in-house saves time.
- C) Price will be more expensive.
- D) Quality control is easier to maintain.

Answer: <https://biology-forums.com/index.php?topic=279852>

Question 1560

The objects from which a query selects its data are referred to as the query's _____.

Answer: <https://biology-forums.com/index.php?topic=281054>

Question 1561

Guidelines for creating a first-rate PowerPoint presentation include all of the following EXCEPT:

- A) don't use all capital letters.
- B) focus each slide on one idea.
- C) limit yourself to seven lines per slide.
- D) use a large variety and quantity of fonts.

Answer: <https://biology-forums.com/index.php?topic=279972>

Question 1562

_____ are people who hijack legitimate Web pages and redirect users to other sites.

Answer: <https://biology-forums.com/index.php?topic=280991>

Question 1563

Typical computer programming languages used today include all of the following EXCEPT:

- A) Visual Basic.
- B) C++.
- C) Java.
- D) machine language.

Answer: <https://biology-forums.com/index.php?topic=279505>

Question 1564

_____ preparation software works like a prefabricated worksheet.

Answer: <https://biology-forums.com/index.php?topic=279931>

Question 1565

The traditional QWERTY keyboard has been shown to cause

- A) relaxation-caused injuries.

- B) repetitive-related sores.
- C) ergonomic vein problems.
- D) repetitive-stress injuries.

Answer: <https://biology-forums.com/index.php?topic=279253>

Question 1566

An advantage that LCD monitors have over CRT monitors is that LCDs are

- A) used only on laptops.
- B) more difficult to steal because they are considerably larger.
- C) less expensive.
- D) use less energy.

Answer: <https://biology-forums.com/index.php?topic=279300>

Question 1567

ASCII is a subset of this larger coding scheme:

- A) ASCII 2..
- B) lingo.
- C) EBCDIC.
- D) Unicode.

Answer: <https://biology-forums.com/index.php?topic=279089>

Question 1568

A(n) _____ is a set of rules for exchange of data between devices.

Answer: <https://biology-forums.com/index.php?topic=280571>

Question 1569

The _____ was the first smart phone to truly capture the imagination of consumers and software developers.

Answer: <https://biology-forums.com/index.php?topic=279162>

Question 1570

Most current databases are _____ databases, where data from more than one table can be linked.

- A) flat file
- B) relational
- C) object-oriented
- D) multidimensional

Answer: <https://biology-forums.com/index.php?topic=280209>

Question 1571

A standardized test that you may have taken in school could have been scored by a(n) _____.

- A) optical mark reader
- B) bar code reader
- C) magnetic ink character reader
- D) scanner

Answer: <https://biology-forums.com/index.php?topic=279272>

Question 1572

All of the following are true of assembly language EXCEPT:

- A) it is a low-level language.
- B) it is used when speed and direct communication with hardware is essential.
- C) it can be used interchangeably on any machine.
- D) it is considered more difficult to write in than C++.

Answer: <https://biology-forums.com/index.php?topic=281469>

Question 1573

_____ is connectivity software that hides the complex interaction between client and server computers and creates a three-tier design separating actual data from the programming logic used to access it.

- A) SQL
- B) Groupware
- C) Middleware

D) Firmware

Answer: <https://biology-forums.com/index.php?topic=280221>

Question 1574

An account that has additional access privileges is known as a system _____ account.

Answer: <https://biology-forums.com/index.php?topic=280997>

Question 1575

The most common input devices include a keyboard and mouse. One less common input device that requires voice use is a _____.

Answer: <https://biology-forums.com/index.php?topic=279150>

Question 1576

An attack that creates so much bogus traffic it shuts down a network is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=280987>

Question 1577

The acronym for a system that combines tables of data with demographic information is _____.

Answer: <https://biology-forums.com/index.php?topic=280344>

Question 1578

A _____ network is a configuration that allows every computer on the network to act as both a client and a server.

- A) client/server
- B) host system
- C) metropolitan area
- D) peer-to-peer

Answer: <https://biology-forums.com/index.php?topic=280479>

Question 1579

A program that masquerades as a useful program, but is really a destructive program, is a(n)

- A) worm.
- B) Trojan horse.
- C) virus.
- D) botnet.

Answer: <https://biology-forums.com/index.php?topic=280866>

Question 1580

The Blogger Template Designer enables you to customize the appearance of your blog in a(n) _____ environment.

Answer: <https://biology-forums.com/index.php?topic=281171>

Question 1581

A graph showing the movement of data through a system is known as a

- A) data flow diagram.
- B) system flowchart.
- C) pseudocode.
- D) data dictionary.

Answer: <https://biology-forums.com/index.php?topic=281504>

Question 1582

Perl, Python, ASP, and _____ are programming languages designed for building server-side scripts or programs.

Answer: <https://biology-forums.com/index.php?topic=280828>

Question 1583

Over 90 percent of the world's microprocessors are found in embedded computers or systems.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=278989>

Question 1584

Educational _____ are based on the idea that children learn best through exploration and invention.

Answer: <https://biology-forums.com/index.php?topic=281233>

Question 1585

Search engine _____ is the process of increasing Web site traffic by improving search engine rankings for targeted keywords.

Answer: <https://biology-forums.com/index.php?topic=281409>

Question 1586

A systems _____ is an IT professional primarily responsible for developing and managing a system.

- A) designer
- B) engineer
- C) analyst
- D) manager

Answer: <https://biology-forums.com/index.php?topic=281486>

Question 1587

This device captures an analog video signal and converts it to a digital signal that can be stored in memory and displayed on a computer screen:

- A) video digitizer.
- B) synthesizer.
- C) midi port.
- D) video transducer.

Answer: <https://biology-forums.com/index.php?topic=279383>

Question 1588

The errors in the sentence "Their is a read house on this block" would be caught by the

- A) spelling checker.
- B) thesaurus.
- C) autocorrect checker.
- D) grammar and style checker.

Answer: <https://biology-forums.com/index.php?topic=279760>

Question 1589

_____ software is used to teach many topics at an individualized pace using small steps and positive feedback.

- A) Drill-and-practice
- B) Edutainment
- C) LOGO
- D) Alice

Answer: <https://biology-forums.com/index.php?topic=281194>

Question 1590

Transforming one image into another is called

- A) podcasting.
- B) morphing.
- C) synthesizing.
- D) sampling.

Answer: <https://biology-forums.com/index.php?topic=280052>

Question 1591

The simultaneous communication process between a mainframe and several users is known as

- A) timesharing.
- B) networking.
- C) serving.
- D) processing.

Answer: <https://biology-forums.com/index.php?topic=278917>

Question 1592

A popular specialized accounting and financial-management software program is

- A) Excel.
- B) Access.
- C) Quicken.

D) Dreamweaver.

Answer: <https://biology-forums.com/index.php?topic=279796>

Question 1593

Digital video can basically be reduced to a series of

- A) letters.
- B) numbers.
- C) streams.
- D) logistics.

Answer: <https://biology-forums.com/index.php?topic=280047>

Question 1594

_____ are professionally designed documents included with a program.

Answer: <https://biology-forums.com/index.php?topic=279899>

Question 1595

A(n) _____ network is often used to set up a temporary communications system that requires no centralized router.

- A) local area
- B) wide area
- C) mesh
- D) metropolitan area

Answer: <https://biology-forums.com/index.php?topic=280409>

Question 1596

PayPal is an example of a modern electronic payment system.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281393>

Question 1597

A(n) _____ information system combines the features of MIS and DSS and supports unstructured decision making by a CEO.

Answer: <https://biology-forums.com/index.php?topic=281344>

Question 1598

Dell selling computers directly to customers is known as _____.

- A) C2C
- B) B2C
- C) C2B
- D) B2B

Answer: <https://biology-forums.com/index.php?topic=281037>

Question 1599

If a document is made _____, anyone can access the document by using the Internet.

Answer: <https://biology-forums.com/index.php?topic=281163>

Question 1600

Unwanted email received from mass mailers is also known as _____.

Answer: <https://biology-forums.com/index.php?topic=278885>

Question 1601

The access time for most memory is measured in _____ (billionths of a second).

Answer: <https://biology-forums.com/index.php?topic=279243>

Question 1602

Every general-purpose computer must have a(n)

- A) word-processor program.
- B) software license agreement.
- C) software suite.

D) operating system.

Answer: <https://biology-forums.com/index.php?topic=279537>

Question 1603

Anything outside a system's boundary is referred to as the system's _____.

Answer: <https://biology-forums.com/index.php?topic=281325>

Question 1604

_____ servers store Web pages and send them to Web browsers as requested.

Answer: <https://biology-forums.com/index.php?topic=280804>

Question 1605

When newer processors can process all of the instructions handled by earlier models, the processor is considered

- A) Core 2 Duo.
- B) backward compatible.
- C) Motorola.
- D) Apple.

Answer: <https://biology-forums.com/index.php?topic=279101>

Question 1606

_____ is a secure electronic "tunnel" through the Internet that prevents unauthorized access or eavesdropping.

- A) WEP
- B) VPN
- C) Bluetooth
- D) Peer-to-peer

Answer: <https://biology-forums.com/index.php?topic=280519>

Question 1607

All of the following domains are open to anyone without restriction EXCEPT _____.

- A) .net
- B) .org
- C) .info
- D) .gov

Answer: <https://biology-forums.com/index.php?topic=280677>

Question 1608

Because the OS and application are in constant communication, control—the location in memory where the CPU is reading program instructions—stays in the same location.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279654>

Question 1609

_____ is the use of computer communications to facilitate medical practice outside the hospital.

Answer: <https://biology-forums.com/index.php?topic=281211>

Question 1610

A _____ network is an extranet with poor security that is relatively inexpensive to set up and maintain.

- A) public
- B) local area
- C) virtual private
- D) cyber

Answer: <https://biology-forums.com/index.php?topic=281376>

Question 1611

One popular type of removable media is

- A) an internal hard disk.
- B) RAM.
- C) a DVD.
- D) a printer.

Answer: <https://biology-forums.com/index.php?topic=278837>

Question 1612

A _____ is an application with which you can create, edit, and format text documents.

- A) spreadsheet application
- B) word processor
- C) presentation application
- D) database

Answer: <https://biology-forums.com/index.php?topic=281075>

Question 1613

A(n) _____ uses radio waves to carry information at high speed.

- A) T1 connection
- B) fiber-optic cable
- C) wireless connection
- D) phone cable

Answer: <https://biology-forums.com/index.php?topic=280460>

Question 1614

The most professional software for publishing a book is

- A) desktop publishing software.
- B) word processing software.
- C) a database program.
- D) presentation graphics software.

Answer: <https://biology-forums.com/index.php?topic=279768>

Question 1615

An application designed for a particular business is called

- A) a vertical-market application.
- B) a compiler.
- C) a programming language.
- D) open-source software.

Answer: <https://biology-forums.com/index.php?topic=279533>

Question 1616

A _____ is the fastest, most powerful computer.

Answer: <https://biology-forums.com/index.php?topic=278998>

Question 1617

When information is sent from the CPU to memory or some other device this is considered

- A) backflow.
- B) garbage collection.
- C) writeback.
- D) communication.

Answer: <https://biology-forums.com/index.php?topic=279123>

Question 1618

TCP/IP was developed as an experiment in _____, connecting different types of networks and computer systems.

- A) internetworking
- B) intranetworking
- C) connecting
- D) wiring

Answer: <https://biology-forums.com/index.php?topic=280651>

Question 1619

An organization may develop a code of _____ to guide the behavior of its workers.

Answer: <https://biology-forums.com/index.php?topic=281357>

Question 1620

_____ programming addresses the problem of spaghetti code in computer programs.

Answer: <https://biology-forums.com/index.php?topic=281552>

Question 1621

When selling online which of the following items is not true?

- A) Don't show multiple views (pictures) of the same item.
- B) Offer varied payment options.
- C) Optimize your site so that search engines can find you.
- D) Factor the cost of transaction services into prices.

Answer: <https://biology-forums.com/index.php?topic=281383>

Question 1622

In 1999, researchers at Carnegie Mellon developed _____, a language designed to teach programming concepts.

- A) Pascal
- B) COBOL
- C) Alice
- D) LOGO

Answer: <https://biology-forums.com/index.php?topic=281196>

Question 1623

Some large companies keep all of their corporate data in an integrated data repository called a data _____.

Answer: <https://biology-forums.com/index.php?topic=280364>

Question 1624

A(n) _____-driven Web site can display dynamic content without having to constantly redesign pages due to an evolving database.

Answer: <https://biology-forums.com/index.php?topic=280824>

Question 1625

Unlike optical storage, magnetic tape can store massive amounts of information in a small space at a relatively low cost.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279428>

Question 1626

The delivery of video on demand is known as

- A) audio podcasting.
- B) video podcasts.
- C) video blogs.
- D) multimedia.

Answer: <https://biology-forums.com/index.php?topic=280049>

Question 1627

You can view Web pages on your own PC through the use of an application software program called a(n)

- A) Web browser.
- B) operating system.
- C) search engine.
- D) ISP.

Answer: <https://biology-forums.com/index.php?topic=278860>

Question 1628

The company that introduced PageMaker software to the desktop publishing world was

- A) Adobe.
- B) Aldus.
- C) Microsoft.
- D) Macromedia.

Answer: <https://biology-forums.com/index.php?topic=279840>

Question 1629

When a programmer checks to see if a program functions correctly and then corrects errors, it is known as

- A) debugging.

- B) de-erroring.
- C) default-error checking.
- D) error-proofing a program.

Answer: <https://biology-forums.com/index.php?topic=279496>

Question 1630

Extra-light notebook computers are sometimes known as

- A) workstations.
- B) notebooks.
- C) tablets.
- D) laptops.

Answer: <https://biology-forums.com/index.php?topic=278923>

Question 1631

To make repetitive changes throughout a document, use the find-and-_____ tool.

Answer: <https://biology-forums.com/index.php?topic=278876>

Question 1632

Errors in a software program are referred to as

- A) software omissions.
- B) bugs.
- C) viruses.
- D) bad recipe.

Answer: <https://biology-forums.com/index.php?topic=279492>

Question 1633

The display size of a monitor is measured

- A) diagonally.
- B) horizontally.
- C) vertically.
- D) from center to the furthest corner.

Answer: <https://biology-forums.com/index.php?topic=279293>

Question 1634

Computers can threaten our privacy, security, and way of life.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=278990>

Question 1635

_____ software allows engineers, designers, and architects to create three-dimensional models with physical characteristics such as volume.

- A) CAD
- B) MIDI
- C) Image-processing
- D) Interpolation

Answer: <https://biology-forums.com/index.php?topic=280036>

Question 1636

_____ photographs, drawings, text, or company logos should not be used without permission from the creator.

Answer: <https://biology-forums.com/index.php?topic=280104>

Question 1637

The majority of computer crimes are committed by

- A) domestic hackers.
- B) company employees.
- C) foreign hackers.
- D) teenage computer geniuses.

Answer: <https://biology-forums.com/index.php?topic=280851>

Question 1638

When a file contains instructions that can be carried out by the computer, it is often called a(n) _____ file.

- A) data
- B) executable
- C) information
- D) application

Answer: <https://biology-forums.com/index.php?topic=278849>

Question 1639

A typical SQL statement filters the _____ of a database, presenting only those that meet the criteria given.

Answer: <https://biology-forums.com/index.php?topic=280336>

Question 1640

One example of a C2C site is the online auction site _____.

Answer: <https://biology-forums.com/index.php?topic=281404>

Question 1641

Optimistic, pessimistic, and most likely are the three time estimates incorporated into a(n) _____ diagram.

Answer: <https://biology-forums.com/index.php?topic=281356>

Question 1642

In a typical client/server environment, the client can be any of the following EXCEPT:

- A) a desktop computer.
- B) a mainframe.
- C) a smart phone.
- D) a laptop.

Answer: <https://biology-forums.com/index.php?topic=280217>

Question 1643

Criminal hacking is also known as

- A) phishing.
- B) a Trojan horse.
- C) cracking.
- D) computer forensics.

Answer: <https://biology-forums.com/index.php?topic=280903>

Question 1644

To analyze their information requirements, many companies use _____ to define their IT infrastructure.

- A) organizational information requirements analysis
- B) spreadsheet modeling
- C) project planning
- D) cost-benefit analysis

Answer: <https://biology-forums.com/index.php?topic=281299>

Question 1645

For software to run optimally it must be _____ with hardware.

- A) shared
- B) compatible
- C) co-authored
- D) multitasking

Answer: <https://biology-forums.com/index.php?topic=279591>

Question 1646

With a database, switching between organizational schemes can be done easily.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280291>

Question 1647

Which technological advancement made it possible for computers to become as small as they are today?

- A) repeater

- B) vacuum tube
- C) transistor
- D) silicon chip

Answer: <https://biology-forums.com/index.php?topic=278894>

Question 1648

A(n) _____ is a program that translates all statements in a computer program at the same time.

Answer: <https://biology-forums.com/index.php?topic=281544>

Question 1649

Unlike the Web protocol, the _____ protocol is designed solely to allow files to be transferred from a server to a client.

- A) HTTP
- B) HTTPS
- C) SMTP
- D) FTP

Answer: <https://biology-forums.com/index.php?topic=280689>

Question 1650

The difference between application programs and development tools is blurred through the use of _____ in databases.

- A) saved reports.
- B) stored queries.
- C) parameter queries.
- D) triggers.

Answer: <https://biology-forums.com/index.php?topic=280253>

Question 1651

People who monitor discussions in newsgroups but do not contribute to conversation are known as _____.

Answer: <https://biology-forums.com/index.php?topic=280626>

Question 1652

Program instructions are represented in binary notation through the use of

- A) buzzwords.
- B) pacts.
- C) sets.
- D) codes.

Answer: <https://biology-forums.com/index.php?topic=279087>

Question 1653

What is a computer that provides software and other resources to computers over a network?

- A) server
- B) workstation
- C) calculator
- D) supercomputer

Answer: <https://biology-forums.com/index.php?topic=278920>

Question 1654

In an automated environment, as the number of factory jobs declines, _____ jobs increase and play a more important role in the economy.

- A) office worker
- B) blue-collar
- C) physical laborer
- D) top management

Answer: <https://biology-forums.com/index.php?topic=281012>

Question 1655

Machine language uses

- A) numeric codes.
- B) English language codes.
- C) Java language.
- D) human instructions.

Answer: <https://biology-forums.com/index.php?topic=279503>

Question 1656

Laser and inkjet printers typically produce documents that have high-resolution output—usually 600 or more dots per inch.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279419>

Question 1657

A set of step-by-step procedures for accomplishing a task is known as a(n)

- A) hardware program.
- B) algorithm.
- C) software bug.
- D) firmware program.

Answer: <https://biology-forums.com/index.php?topic=279494>

Question 1658

By putting multiple CPUs on a single chip, chip makers have created

- A) parallel processors.
- B) multicore processors.
- C) CPU-duplicate processors.
- D) clusters.

Answer: <https://biology-forums.com/index.php?topic=279058>

Question 1659

Techniques that were used in films such as Up and Avatar have pioneered efforts in live action and

- A) augmented reality.
- B) virtual reality.
- C) 3-D animation.
- D) data compression.

Answer: <https://biology-forums.com/index.php?topic=280033>

Question 1660

Specialized software such as medical billing, library cataloging, or auto parts purchasing, are applications known as vertical-market or _____ applications.

Answer: <https://biology-forums.com/index.php?topic=279681>

Question 1661

_____ development is a problem-solving process that begins when someone recognizes a problem or opportunity and ends with evaluation of the solution.

Answer: <https://biology-forums.com/index.php?topic=281558>

Question 1662

As opposed to monospaced fonts, _____ spaced fonts enable more room for wide characters, such as Ws, than for narrow characters, such as Is.

Answer: <https://biology-forums.com/index.php?topic=278873>

Question 1663

_____, a simulator, is considered the beginning of the age of automated therapy.

- A) ELIZA
- B) RACTER
- C) Colossus
- D) AARON

Answer: <https://biology-forums.com/index.php?topic=281615>

Question 1664

Structured programming is generally less popular nowadays than object-oriented programming.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281520>

Question 1665

_____ applications are commonly used by people who work with numbers.

Answer: <https://biology-forums.com/index.php?topic=278993>

Question 1666

Eight bits are called an octet or a _____.

Answer: <https://biology-forums.com/index.php?topic=279173>

Question 1667

A(n) _____ is a database object that retrieves specific data from one or more database objects.

Answer: <https://biology-forums.com/index.php?topic=281051>

Question 1668

Google _____ provides templates that can be customized to create an online presence for an individual, a class, or a family.

Answer: <https://biology-forums.com/index.php?topic=281177>

Question 1669

A personal digital assistant (PDA) also has cell phone capabilities.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=278991>

Question 1670

Of the following, which one is NOT a way to protect yourself from identity theft?

- A) Be sure to use a secure Web site.
- B) Handle email with care.
- C) Make all online purchases with a debit card.
- D) Do not put bills in the trash.

Answer: <https://biology-forums.com/index.php?topic=280864>

Question 1671

Painting tools allow users to manipulate objects and edit text without affecting the objects around it.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280086>

Question 1672

What utility do you use to transfer files and exchange messages?

- A) Email
- B) WWW
- C) Web browsers
- D) Hypertext

Answer: <https://biology-forums.com/index.php?topic=278929>

Question 1673

The acronym WORM stands for

- A) write-once, read-many.
- B) write only recordable memories.
- C) work overtime, reap money.
- D) write-office, read-most.

Answer: <https://biology-forums.com/index.php?topic=279397>

Question 1674

XML is used to write small programs called applets.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280763>

Question 1675

FireWire allows

- A) multiple devices to be connected to the same port.
- B) only one device to be connected.
- C) power to be provided to iLinks.
- D) the cloud to function.

Answer: <https://biology-forums.com/index.php?topic=279347>

Question 1676

When productivity increases due to the work of machines rather than the work of humans, it is known as

- A) workerless growth.
- B) unemployment accessible gains.
- C) electronic advancement.
- D) jobless growth.

Answer: <https://biology-forums.com/index.php?topic=281188>

Question 1677

A Web _____ is functionally similar to a newsgroup but it's instead built on a Web application accessed through a Web browser.

Answer: <https://biology-forums.com/index.php?topic=280622>

Question 1678

To make employees and customers clearly aware of a company's Web and e-commerce policies, the company should publish a code of _____ on its Web site.

Answer: <https://biology-forums.com/index.php?topic=281427>

Question 1679

Narrowband is a network of newsgroups available worldwide through the Internet.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280535>

Question 1680

A _____ program would analyze sentence structure and identify each word according to whether it was a subject, verb, or other part of speech.

Answer: <https://biology-forums.com/index.php?topic=281629>

Question 1681

The process of printing a term paper while entering data into a spreadsheet while also downloading clip art from the Internet is known as _____.

Answer: <https://biology-forums.com/index.php?topic=279688>

Question 1682

A _____ is a refrigerator-sized computer used by large organizations.

Answer: <https://biology-forums.com/index.php?topic=278999>

Question 1683

The explosive growth of the Internet is largely fueled by the rapid expansion of gaming on the Web.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=278992>

Question 1684

Gigahertz is a measure of the computer's clock speed and is a measure of _____ of clock cycles per second.

Answer: <https://biology-forums.com/index.php?topic=279186>

Question 1685

Given that the presence of an electrical charge is a positive and the absence of an electrical charge is a negative, this is an example of

- A) digital.
- B) hexadecimal code.
- C) a binary choice.
- D) information overload.

Answer: <https://biology-forums.com/index.php?topic=279080>

Question 1686

The primary difference between a LAN and a WAN is the

- A) speed.
- B) geographical area.
- C) variety of hardware devices.
- D) number of hardware devices.

Answer: <https://biology-forums.com/index.php?topic=280399>

Question 1687

A(n) _____ transaction processing system reports business income and expenses in monthly reports so that the financial health can be determined.

- A) general ledger
- B) accounts payable
- C) inventory control
- D) EDI

Answer: <https://biology-forums.com/index.php?topic=281278>

Question 1688

Most game machines and smart phones store their operating systems permanently in RAM.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279640>

Question 1689

The instruction execution cycle three-step rhythm is

- A) fetch the instruction, decode the compiler, and defer the specified task.
- B) fetch the instruction, increment the program counter, and defer the specified task.
- C) fetch the instruction, increment the program counter, and perform the specified task.
- D) fetch the instruction, decode the compiler, and store the result on the hard drive.

Answer: <https://biology-forums.com/index.php?topic=279583>

Question 1690

_____ is software that is initially free with eventual payment of a fee if the user chooses to continue using the software.

Answer: <https://biology-forums.com/index.php?topic=279674>

Question 1691

Printer fonts are stored in the

- A) RAM of the computer system.
- B) ROM of the computer system.
- C) hard drive.
- D) ROM of the printer.

Answer: <https://biology-forums.com/index.php?topic=279747>

Question 1692

When a company forecasts sales, they are making a(n) _____ decision.

- A) unstructured
- B) semistructured
- C) unstructured
- D) strategic

Answer: <https://biology-forums.com/index.php?topic=281285>

Question 1693

An encryption _____ is the secret numerical code a user will utilize to encrypt a message.

Answer: <https://biology-forums.com/index.php?topic=281000>

Question 1694

A(n) _____ translates one program statement at a time.

- A) compiler
- B) debugger
- C) parser
- D) interpreter

Answer: <https://biology-forums.com/index.php?topic=281465>

Question 1695

Relational databases may eventually be replaced by

- A) flat databases.
- B) object-oriented databases.
- C) external relational databases.
- D) hierarchical databases.

Answer: <https://biology-forums.com/index.php?topic=280267>

Question 1696

Controllers with force feedback, also known as _____ feedback, can receive signals from a computer and give tactile feedback—jolts, scrapes, and bumps—that matches the visual output of the game or simulation.

Answer: <https://biology-forums.com/index.php?topic=279483>

Question 1697

The biggest challenge once a Web storefront has been built is

- A) attracting visitors to your site.
- B) getting someone to update the Web site.
- C) training employees.
- D) keeping the Web site online.

Answer: <https://biology-forums.com/index.php?topic=279856>

Question 1698

When a student posts a clip from a recent movie on her Web site, the ethical issue of the actions is known as

- A) protecting intellectual property.
- B) protecting privacy.
- C) using private university property for personal gain.
- D) All of these answers are ethical issues related to this action.

Answer: <https://biology-forums.com/index.php?topic=278938>

Question 1699

A named portion of memory whose contents is examined and changed by a computer program is called a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=281537>

Question 1700

A Blu-ray uses a blue-violet laser to pack almost six times as many bits on a disc as a DVD.

[br]Is is [b>true[b] or [b>false[b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279422>

Question 1701

In a study between NASA and the Eastern Virginia Medical School, it was found that students diagnosed with the disorder known by the acronym _____ were successfully treated by playing games on a PlayStation.

Answer: <https://biology-forums.com/index.php?topic=281244>

Question 1702

An ordered list of selected records and fields printed in an easy-to-read format is known as a(n)

- A) query.
- B) sort.
- C) inquiry.
- D) report.

Answer: <https://biology-forums.com/index.php?topic=280186>

Question 1703

A(n) _____ connects private networks from different companies, typically business partners, to remove communication barriers.

- A) intranet
- B) extranet
- C) Internet
- D) LAN

Answer: <https://biology-forums.com/index.php?topic=281372>

Question 1704

In a data flow diagram, data flow is indicated by a(n)

- A) rectangle.
- B) square.
- C) circle.
- D) arrow.

Answer: <https://biology-forums.com/index.php?topic=281507>

Question 1705

A key field must

- A) uniquely identify a record.
- B) be stored in its own separate table.
- C) be located in a minimum of three tables.
- D) be a text field.

Answer: <https://biology-forums.com/index.php?topic=280207>

Question 1706

All of the following were items that helped move the market past the 2000 dot-com bust EXCEPT:

- A) technology better supports dialup connections.
- B) an increase of broadband into peoples homes.
- C) technology better supports instant feedback to customers.
- D) technology better supports media-rich Web sites.

Answer: <https://biology-forums.com/index.php?topic=281363>

Question 1707

Which statement is NOT true regarding antivirus programs?

- A) They are designed to search for and remove viruses.
- B) They will notify users when a virus is found.
- C) They always detect every virus on a PC.
- D) They must be updated to remain effective.

Answer: <https://biology-forums.com/index.php?topic=280894>

Question 1708

The ethical guideline, most _____ action, states, "When deciding on an action, assume the worst possible consequence and act accordingly."

Answer: <https://biology-forums.com/index.php?topic=281360>

Question 1709

In a customer database, a customer's surname would be keyed into a(n) _____ field.

- A) key
- B) text
- C) numeric
- D) computed

Answer: <https://biology-forums.com/index.php?topic=280172>

Question 1710

All of the following are benefits of record matching EXCEPT:

- A) easier to establish reputations in getting credit for consumers.
- B) allows systems like the U.S. National Crime Information Center to function.
- C) easier to use credit cards around the world.
- D) data is more secure.

Answer: <https://biology-forums.com/index.php?topic=280273>

Question 1711

Mobile tickets, mobile coupons, and mobile purchases are examples of mobile _____ applications that will become increasingly common in the next few years.

Answer: <https://biology-forums.com/index.php?topic=281425>

Question 1712

Compatibility, with regard to computers, refers to

- A) the software doing the right job for the user.
- B) being versatile enough to handle the job.
- C) the software being able to run on the computer.
- D) software that is likely to cause problems.

Answer: <https://biology-forums.com/index.php?topic=279349>

Question 1713

Drum _____ are high-end devices that are used by museums and high-end publishing where image quality is critical.

Answer: <https://biology-forums.com/index.php?topic=279476>

Question 1714

_____ is useful when there isn't enough RAM to store all of the necessary data and instructions for currently running applications.

- A) Applications software
- B) RAM
- C) Virtual memory
- D) System software

Answer: <https://biology-forums.com/index.php?topic=279544>

Question 1715

The phenomenon _____ allows for more freedom of purchasing choices for users and makes retailers less dependent upon hits.

Answer: <https://biology-forums.com/index.php?topic=281426>

Question 1716

When you are looking for specific information on the Web, a search _____ can assist you in finding the information that you need.

Answer: <https://biology-forums.com/index.php?topic=278879>

Question 1717

The organization One Laptop Per _____ has the goal of creating a state-of-the-art laptop that costs less than \$75.

Answer: <https://biology-forums.com/index.php?topic=281247>

Question 1718

Windows and Mac OS X systems have advanced energy-saver control panels that can be used to switch the monitor, hard drive, and CPU to lower-power _____ modes automatically after specified periods of inactivity.

Answer: <https://biology-forums.com/index.php?topic=279165>

Question 1719

Opportunities for entertainment and information exploration have been made available because

- A) PCs today have an array of audio, video, and multimedia capabilities.
- B) Intel donated money towards the exploration of multimedia.
- C) the government requires it on all PCs manufactured after 1999.
- D) Baby Boomers demanded it.

Answer: <https://biology-forums.com/index.php?topic=278983>

Question 1720

_____ is another term for millions of bits.

- A) Kilobits
- B) Megabits
- C) Terabits
- D) Gigabits

Answer: <https://biology-forums.com/index.php?topic=280447>

Question 1721

Although using computer simulations for training have many advantages, a major disadvantage is

- A) the cost far outweighs any disadvantage.
- B) it is not reality.

- C) the time required for training.
- D) personnel needed to oversee the training.

Answer: <https://biology-forums.com/index.php?topic=279871>

Question 1722

A _____ stores data and software that can then be shared by several users.

- A) file server
- B) firewall
- C) thread
- D) client

Answer: <https://biology-forums.com/index.php?topic=280484>

Question 1723

A keyboard and screen that has little, if any, local processing power is known as a

- A) supercomputer.
- B) mainframe computer.
- C) timesharing device.
- D) terminal.

Answer: <https://biology-forums.com/index.php?topic=278918>

Question 1724

When a job has been transformed so that it now requires more expertise, it has been de-skilled.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281210>

Question 1725

_____ uses standard symbols to show the overall structure of a system, the sequence of activities in the system, and the type of media or technology used at each step.

- A) A data flow diagram
- B) A system flowchart
- C) Pseudocode
- D) A decision table

Answer: <https://biology-forums.com/index.php?topic=281503>

Question 1726

The ENIAC could calculate 500 times faster than the existing electromechanical calculators, which was about as fast as

- A) the Gloster Meteor.
- B) a current day Nascar winner.
- C) the Tonan Maru.
- D) a modern pocket calculator.

Answer: <https://biology-forums.com/index.php?topic=278965>

Question 1727

PGP uses the popular RSA public key cryptosystem.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280961>

Question 1728

An example of biodigital technology would be

- A) a computer chip embedded in a person's body.
- B) a chip embedded in a robot.
- C) a car with digital electronics.
- D) the use of a microscope for diagnosing a plant disease.

Answer: <https://biology-forums.com/index.php?topic=278971>

Question 1729

What is the intersection of a column and a row in a spreadsheet called?

- A) label
- B) value

C) locator

D) cell

Answer: <https://biology-forums.com/index.php?topic=279788>

Question 1730

A management information system receives input from the

A) EDI.

B) CPM.

C) DSS.

D) TPS.

Answer: <https://biology-forums.com/index.php?topic=281290>

Question 1731

_____ fonts, such as Times, are embellished with fine lines at the end of the main strokes of each character.

Answer: <https://biology-forums.com/index.php?topic=278872>

Question 1732

Removable media include all of the following EXCEPT:

A) CD-ROMs.

B) floppy disks.

C) DVDs.

D) internal hard disks.

Answer: <https://biology-forums.com/index.php?topic=278835>

Question 1733

"When deciding on an action, assume its most severe consequence and act accordingly." This is which ethical guideline?

A) code of ethics

B) informed consent

C) most restrictive action

D) higher ethic

Answer: <https://biology-forums.com/index.php?topic=281309>

Question 1734

_____ enables you to create and format a blog easily, and then you can post to it from anywhere that you have an Internet connection.

A) Orkut

B) Blogger

C) Hangout

D) Group

Answer: <https://biology-forums.com/index.php?topic=281153>

Question 1735

High contrast between font color and background improves _____.

Answer: <https://biology-forums.com/index.php?topic=280154>

Question 1736

The purpose of the _____ phase of the SDLC is to study an existing problem or opportunity and determine if a new system is feasible.

Answer: <https://biology-forums.com/index.php?topic=281560>

Question 1737

As of December 2012, _____ users had created a Google+ profile.

Answer: <https://biology-forums.com/index.php?topic=281172>

Question 1738

When two systems share a boundary, the output of one subsystem is used as _____ for another subsystem.

A) input

B) bus

C) storage

D) memory

Answer: <https://biology-forums.com/index.php?topic=281250>

Question 1739

A drawing program such as Adobe Illustrator stores pictures as a collection of dots, or pixels.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280081>

Question 1740

For a customer database, a good choice of key field would be

- A) first name.
- B) customer ID.
- C) phone number.
- D) last name.

Answer: <https://biology-forums.com/index.php?topic=280205>

Question 1741

_____ is a form of electronic commerce that focuses on handling activities that take place within an organization.

- A) B2C
- B) C2C
- C) B2B
- D) B2E

Answer: <https://biology-forums.com/index.php?topic=281379>

Question 1742

_____ law has protected trade secrets.

Answer: <https://biology-forums.com/index.php?topic=279725>

Question 1743

Adobe developed _____, which allows documents to be transmitted and stored without loss of formatting.

- A) CTO
- B) CAD
