

Question 1

A(n) _____ virus attaches itself to a document that contains embedded programs to automate tasks.

Answer: <https://biology-forums.com/index.php?topic=280973>

Question 2

In many organizations, address books and appointment calendars have been replaced by

- A) Outlook.
- B) Access.
- C) Excel.
- D) InDesign.

Answer: <https://biology-forums.com/index.php?topic=280257>

Question 3

This search engine is the most visited site on the planet:

- A) Bing.
- B) Google.
- C) Dogpile.
- D) MSN.

Answer: <https://biology-forums.com/index.php?topic=280235>

Question 4

_____ such as MSN and Yahoo! are designed as a first stop for a Web user because they offer a wide variety of options.

Answer: <https://biology-forums.com/index.php?topic=278878>

Question 5

One of the first successful expert systems was MYCIN, which uses fuzzy logic to solve problems in the _____ field.

Answer: <https://biology-forums.com/index.php?topic=281635>

Question 6

If a user with an older tower system wants their computer to accept microphone input, they must install removable

- A) sound cards.
- B) audio software.
- C) synthesizers.
- D) speakers.

Answer: <https://biology-forums.com/index.php?topic=279316>

Question 7

Broadband connections include all of the following EXCEPT:

- A) cable modems.
- B) satellites.
- C) telephone modems.
- D) DSL.

Answer: <https://biology-forums.com/index.php?topic=280523>

Question 8

A(n) _____ font, such as Verdana and Helvetica, has plainer, cleaner lines than other types of fonts.

- A) monospaced
- B) TrueType
- C) sans-serif
- D) serif

Answer: <https://biology-forums.com/index.php?topic=278853>

Question 9

A company's supply _____ includes the network of organizations that supply raw materials, manufacture products, and distribute products to customers.

Answer: <https://biology-forums.com/index.php?topic=281333>

Question 10

A common high-level programming language is

- A) C++.
- B) pseudocode.
- C) FTP.
- D) assembly language.

Answer: <https://biology-forums.com/index.php?topic=281458>

Question 11

The latest version of the Internet Protocol is IPv9.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280736>

Question 12

The three additive primary colors in a computer display include

- A) red, green, black.
- B) green, brown, yellow.
- C) red, green, blue.
- D) yellow, blue, white.

Answer: <https://biology-forums.com/index.php?topic=279301>

Question 13

The process of eliminating problems and errors and improving the software is known as

- A) free service packs.
- B) software advancement.
- C) upgrading.
- D) downgrading.

Answer: <https://biology-forums.com/index.php?topic=279516>

Question 14

This machine was used to crack Nazi military codes:

- A) IBM PC.
- B) Univac I.
- C) Macintosh.
- D) Colossus.

Answer: <https://biology-forums.com/index.php?topic=278892>

Question 15

One popular open-source database is MySQL.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280301>

Question 16

In the development phase, _____ testing is the initial testing done by the system development team.

Answer: <https://biology-forums.com/index.php?topic=281566>

Question 17

Computer-controlled machines designed to perform specific manual tasks are known as robots.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281206>

Question 18

A(n) _____ is a named portion of a computer's memory whose contents can be examined and changed.

- A) variable
- B) library
- C) constant
- D) algorithm

Answer: <https://biology-forums.com/index.php?topic=281459>

Question 19

A key on your keyboard can be used in combination with another key to modify meanings of keystrokes. For example, holding the Shift key while pressing the "S" key types a capital S, while Ctrl+S tell a Windows application to

- A) search the current document.
- B) save the current document.
- C) scroll.
- D) shift.

Answer: <https://biology-forums.com/index.php?topic=279274>

Question 20

A program that masquerades as a useful program, but is really a destructive program, is a(n)

- A) worm.
- B) Trojan horse.
- C) virus.
- D) botnet.

Answer: <https://biology-forums.com/index.php?topic=280866>

Question 21

When a job has been transformed so that it now requires more expertise, it has been de-skilled.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281210>

Question 22

A set of concepts and ideas designed to look like some kind of system is a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279927>

Question 23

Transistors were invented in 1948 as a substitute for the vacuum tube. They appeared in computers

- A) 8 years later.
- B) only in Canada.
- C) once computers were networked.
- D) the next year.

Answer: <https://biology-forums.com/index.php?topic=278967>

Question 24

A group of 8 bits is known as a

- A) kilobyte.
- B) binary digit.
- C) byte.
- D) megabit.

Answer: <https://biology-forums.com/index.php?topic=279039>

Question 25

Expert systems use _____ recognition to identify recurrences in input data.

Answer: <https://biology-forums.com/index.php?topic=281637>

Question 26

What handles communication between the CPU and the disk drive(s)?

- A) RAM
- B) the CPU
- C) the operating system
- D) ROM

Answer: <https://biology-forums.com/index.php?topic=279552>

Question 27

In 2000 the U.S. government found Microsoft guilty of operating a monopoly.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280964>

Question 28

A _____ stores data and software that can then be shared by several users.

- A) file server
- B) firewall
- C) thread
- D) client

Answer: <https://biology-forums.com/index.php?topic=280484>

Question 29

Natural language Web searches have not made much headway in replacing existing database technology searches.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280285>

Question 30

Information sharing that is outsourced to a community of people rather than to a group of contracted specialists is called _____.

Answer: <https://biology-forums.com/index.php?topic=280634>

Question 31

Given that the presence of an electrical charge is a positive and the absence of an electrical charge is a negative, this is an example of

- A) digital.
- B) hexadecimal code.
- C) a binary choice.
- D) information overload.

Answer: <https://biology-forums.com/index.php?topic=279080>

Question 32

A realistic term that captures the idea that the information that comes out of a computer system is only as good, accurate, and valid as the data that goes into it is known as

- A) virtual memory.
- B) EDI.
- C) GIGO.
- D) virtual reality.

Answer: <https://biology-forums.com/index.php?topic=279805>

Question 33

FireWire allows

- A) multiple devices to be connected to the same port.
- B) only one device to be connected.
- C) power to be provided to iLinks.
- D) the cloud to function.

Answer: <https://biology-forums.com/index.php?topic=279347>

Question 34

_____ recognition software is invaluable for people with disabilities who are unable to use their hands.

Answer: <https://biology-forums.com/index.php?topic=279442>

Question 35

_____ is the early operating system developed by Microsoft.

- A) Serial-ATA
- B) MS-DOS
- C) Windows 7
- D) Linux

Answer: <https://biology-forums.com/index.php?topic=279247>

Question 36

All of the following are phases of any technology or media business EXCEPT:

- A) social networking.
- B) hardware.

- C) service.
- D) software.

Answer: <https://biology-forums.com/index.php?topic=278977>

Question 37

Most businesses today use a _____ approach in employing database servers.

- A) client/server
- B) centralized database
- C) thin client
- D) mainframe system

Answer: <https://biology-forums.com/index.php?topic=280261>

Question 38

The main difference between DVD and CD technology is

- A) the pits are packed much closer on a DVD.
- B) information is written on both sides of a CD.
- C) DVDs are larger than CDs.
- D) DVDs spin much faster than CDs.

Answer: <https://biology-forums.com/index.php?topic=279405>

Question 39

Presentations include graphical elements integrated in to _____ charts that list the main points of a presentation.

Answer: <https://biology-forums.com/index.php?topic=280115>

Question 40

Most PCs run some version of the Microsoft _____ operating system.

Answer: <https://biology-forums.com/index.php?topic=278869>

Question 41

A(n) _____ Web portal is a specialized Web portal which contains information about a specific geographic area.

Answer: <https://biology-forums.com/index.php?topic=280837>

Question 42

All of the following domains are open to anyone without restriction EXCEPT _____.

- A) .net
- B) .org
- C) .info
- D) .gov

Answer: <https://biology-forums.com/index.php?topic=280677>

Question 43

A continuous wave of bits transmitted through a device is known as a(n) _____ signal.

Answer: <https://biology-forums.com/index.php?topic=280560>

Question 44

What is the correct sequence of the four-step programming process?

- A) define the problem, test the algorithm, write the program, debug the program
- B) test the algorithm, write the program, debug the program, define the problem
- C) define the problem, test the algorithm, debug the algorithm, write the program
- D) write the program, debug the program, define the problem, test the algorithm

Answer: <https://biology-forums.com/index.php?topic=281453>

Question 45

A campus or a mid-size company may purchase _____ so all users have legal access to the software.

- A) a standard software license
- B) just one license and copy it to all machines
- C) simultaneous-user licenses
- D) volume licenses

Answer: <https://biology-forums.com/index.php?topic=279526>

Question 46

In the _____ phase of the SDLC, the systems analyst gathers data about the current system and identifies requirements of the new system.
Answer: <https://biology-forums.com/index.php?topic=281562>

Question 47

This allows multiple operating systems to exist as one machine:

- A) cross-platform applications.
- B) virtualization.
- C) device drivers.
- D) networked operating systems.

Answer: <https://biology-forums.com/index.php?topic=279621>

Question 48

This type of computer uses less energy than a desktop computer:

- A) notebook.
- B) supercomputer.
- C) mainframe.
- D) Blu-ray.

Answer: <https://biology-forums.com/index.php?topic=279095>

Question 49

Most Web-based email systems use _____ to retrieve mail and store the messages in a folder on a remote mail server.

- A) Listserv
- B) POP
- C) groupware
- D) P2P

Answer: <https://biology-forums.com/index.php?topic=280496>

Question 50

Remote access means that a(n)

- A) computer is linked directly to a network.
- B) technical support agent can access your computer.
- C) user is connecting to a network through a phone line, television cable, or wireless link.
- D) LAN is set up in an office in a remote location.

Answer: <https://biology-forums.com/index.php?topic=280419>

Question 51

Stating a conclusion as "There is a 90% chance..." instead of fact is known as

- A) an expert system.
- B) a Turing test.
- C) fuzzy logic.
- D) pattern recognition.

Answer: <https://biology-forums.com/index.php?topic=281596>

Question 52

Screen savers do not save energy or money.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279141>

Question 53

All of the following are top-level domains EXCEPT _____.

- A) .com
- B) .net
- C) .info
- D) .bus

Answer: <https://biology-forums.com/index.php?topic=280667>

Question 54

When executing the _____ control structure, the computer performs each instruction in the order it which it appears.

- A) repetition
- B) decision
- C) sequence
- D) selection

Answer: <https://biology-forums.com/index.php?topic=281460>

Question 55

What character/number does ASCII binary code 0 0 1 1 0 1 1 0 translate to?

- A) 6
- B) 10
- C) 100
- D) 8

Answer: <https://biology-forums.com/index.php?topic=279025>

Question 56

What is the most common tool used to restrict access to a computer system?

- A) user logins
- B) passwords
- C) computer keys
- D) access-control software

Answer: <https://biology-forums.com/index.php?topic=280909>

Question 57

Arranging all customer records in customer number order is an example of

- A) querying.
- B) sorting.
- C) inquiring.
- D) filtering.

Answer: <https://biology-forums.com/index.php?topic=280184>

Question 58

_____ is another term for millions of bits.

- A) Kilobits
- B) Megabits
- C) Terabits
- D) Gigabits

Answer: <https://biology-forums.com/index.php?topic=280447>

Question 59

The part of the CPU that instructs the bus unit to read instructions stored at a certain memory address is known as the

- A) bus device.
- B) prefetch unit.
- C) decode unit.
- D) writeback.

Answer: <https://biology-forums.com/index.php?topic=279061>

Question 60

A _____ license grants a license to use one or more copies of the software, but ownership of those copies remains with the software publisher.

- A) site
- B) proprietary software
- C) volume
- D) per-seat

Answer: <https://biology-forums.com/index.php?topic=281096>

Question 61

Match the following Google+ profile menu options with their description.

- I. +1
- II. About
- III. Review

- IV. Video
V. Photo
A. Displays the things around the web that you like
B. Displays your images stored in Google+
C. Displays any thoughts that you have shared
D. Displays your clips stored in Google+
E. Displays categories of information

Answer: <https://biology-forums.com/index.php?topic=281179>

Question 62

The _____ number system is a system that denotes all numbers with combinations of two digits.

Answer: <https://biology-forums.com/index.php?topic=279225>

Question 63

The difference between augmented reality and virtual reality is

- A) virtual reality is a newer format that was developed as an offshoot of augmented reality research.
B) augmented reality has no real use in today's world.
C) virtual reality creates the illusion of tweening.
D) augmented reality supplements rather than replaces the world the user sees.

Answer: <https://biology-forums.com/index.php?topic=280030>

Question 64

One purpose of an information system is to help people in an organization to gather and use information.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281320>

Question 65

MySpace differed from other popular social networking sites because

- A) it was free.
B) it supplied high speed Internet to the member.
C) it was originally designed for Harvard students.
D) it enabled and encouraged members to create personal Web sites to share words and pictures with other members.

Answer: <https://biology-forums.com/index.php?topic=278948>

Question 66

The pointing device that comes built-in on a laptop computer can be any device EXCEPT a

- A) mouse.
B) trackball.
C) touchpad.
D) trackpoint.

Answer: <https://biology-forums.com/index.php?topic=279264>

Question 67

A(n) _____ is the field in the related table used to connect to the primary key in another table.

Answer: <https://biology-forums.com/index.php?topic=281049>

Question 68

_____ printers are popular with home users and others whose printing needs are light to medium.

Answer: <https://biology-forums.com/index.php?topic=279450>

Question 69

_____ is software that is initially free with eventual payment of a fee if the user chooses to continue using the software.

Answer: <https://biology-forums.com/index.php?topic=279674>

Question 70

To overcome the problem of "spaghetti code," _____ programming was developed.

- A) structured
B) assembly

- C) low-level
- D) extreme

Answer: <https://biology-forums.com/index.php?topic=281472>

Question 71

The delivery of video on demand is known as

- A) audio podcasting.
- B) video podcasts.
- C) video blogs.
- D) multimedia.

Answer: <https://biology-forums.com/index.php?topic=280049>

Question 72

The top portion of the Blogger _____ displays any blogs you currently have, including any blogs already associated with your account.

Answer: <https://biology-forums.com/index.php?topic=281170>

Question 73

To save energy you can set your laptop computer to go to

- A) death mode.
- B) garbage collection mode.
- C) sleep.
- D) overclock mode.

Answer: <https://biology-forums.com/index.php?topic=279097>

Question 74

The following are all examples of pattern recognition EXCEPT:

- A) algorithm design.
- B) weather forecasting.
- C) fingerprint identification.
- D) voice recognition.

Answer: <https://biology-forums.com/index.php?topic=281602>

Question 75

The creation of slides to serve as visual aids for presentations is done using

- A) desktop publishing software.
- B) picture editing software.
- C) presentation-graphics software.
- D) 3-D modeling software.

Answer: <https://biology-forums.com/index.php?topic=279976>

Question 76

The U.S. Department of Defense uses a(n) _____, which is a specialized network used to determine locations, maps, and directions using signals from satellites that are orbiting the Earth.

- A) mesh network
- B) NIC
- C) MAN
- D) GPS

Answer: <https://biology-forums.com/index.php?topic=280413>

Question 77

Potential source documents for desktop publishing include all of the following EXCEPT:

- A) drawings.
- B) articles.
- C) photographs.
- D) database folders.

Answer: <https://biology-forums.com/index.php?topic=279770>

Question 78

A video project usually starts with an outline and a _____ that describes the action.

- A) story edit
- B) flow chart
- C) storyboard
- D) flow script

Answer: <https://biology-forums.com/index.php?topic=279988>

Question 79

Dell selling computers directly to customers is known as _____.

- A) C2C
- B) B2C
- C) C2B
- D) B2B

Answer: <https://biology-forums.com/index.php?topic=281037>

Question 80

Flash memory chips, like RAM chips, can be written and erased rapidly and repeatedly.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279149>

Question 81

Which of the following IS NOT an example of a Web authoring tool?

- A) Adobe Dreamweaver
- B) Microsoft Expression Web
- C) Apple's iWeb
- D) Adobe Acrobat

Answer: <https://biology-forums.com/index.php?topic=280710>

Question 82

When a student posts a clip from a recent movie on her Web site, the ethical issue of the actions is known as

- A) protecting intellectual property.
- B) protecting privacy.
- C) using private university property for personal gain.
- D) All of these answers are ethical issues related to this action.

Answer: <https://biology-forums.com/index.php?topic=278938>

Question 83

When checking your bank account balance through the Internet, you use _____ processing.

- A) interactive
- B) analog
- C) digitization
- D) batch

Answer: <https://biology-forums.com/index.php?topic=280213>

Question 84

A contextual search tool might ask "Did you mean Newark, Delaware or Newark, NJ?" if you query the word Newark.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280287>

Question 85

When a company uses privately leased telephone lines to physically attach intranets to an extranet, the connection is referred to as a(n) _____ private network.

Answer: <https://biology-forums.com/index.php?topic=281415>

Question 86

Transforming one image into another is called

- A) podcasting.
- B) morphing.
- C) synthesizing.
- D) sampling.

Answer: <https://biology-forums.com/index.php?topic=280052>

Question 87

When you purchase an item from eBay, the electronic payment can be processed using

- A) SQL.
- B) Microsoft.
- C) PayPal.
- D) CRM.

Answer: <https://biology-forums.com/index.php?topic=281382>

Question 88

The _____ is an area of Access where you can view the security and privacy settings for your Access installation.

Answer: <https://biology-forums.com/index.php?topic=281056>

Question 89

Access to documents on Google Docs can be given at _____ levels.

Answer: <https://biology-forums.com/index.php?topic=281166>

Question 90

_____ memory uses hard drive space when there isn't enough room in memory for data and idle instructions.

Answer: <https://biology-forums.com/index.php?topic=279707>

Question 91

When converting to the new system, the _____ approach operates the old system along with the new system for a period of time.

Answer: <https://biology-forums.com/index.php?topic=281571>

Question 92

Streaming audio

- A) stops playing when the user disconnects from the Internet.
- B) is available through file-sharing networks.
- C) must be recorded and played using a synthesizer.
- D) must be stored on a MIDI instrument.

Answer: <https://biology-forums.com/index.php?topic=280002>

Question 93

_____ software tools enable a user to construct an application using only the features he/she will need.

- A) Object-oriented
- B) Packaged
- C) Component
- D) 4GL

Answer: <https://biology-forums.com/index.php?topic=281484>

Question 94

In a data flow diagram, the destination is indicated by a(n)

- A) square.
- B) circle.
- C) arrow.
- D) triangle.

Answer: <https://biology-forums.com/index.php?topic=281506>

Question 95

Removable media include all of the following EXCEPT:

- A) CD-ROMs.
- B) floppy disks.
- C) DVDs.
- D) internal hard disks.

Answer: <https://biology-forums.com/index.php?topic=278835>

Question 96

Queries locate information in a database based on _____ that you specify as part of the query.

Answer: <https://biology-forums.com/index.php?topic=281057>

Question 97

Most companies use _____ numbers to indicate minor revisions and whole numbers to indicate major revisions.

- A) whole
- B) decimal
- C) version
- D) codes

Answer: <https://biology-forums.com/index.php?topic=279519>

Question 98

Managers bombarded with too many reports and summaries are experiencing

- A) business intelligence.
- B) data warehousing.
- C) information overload.
- D) social responsibility.

Answer: <https://biology-forums.com/index.php?topic=281297>

Question 99

When you see a movie at a theater, you are actually looking at still images shown at a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=281115>

Question 100

The most common form of computer crime is theft.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280948>

Question 101

_____ allows animation programs to fill in the movement of the objects in the frames in between.

Answer: <https://biology-forums.com/index.php?topic=280151>

Question 102

Programs designed to enable several networked users to work on the same documents at the same time are called _____.

Answer: <https://biology-forums.com/index.php?topic=280611>

Question 103

Semantics, a problem with natural-language communication, refers to the

- A) underlying meaning of words and phrases.
- B) set of rules used to construct sentences from words.
- C) natural accent of the human voice.
- D) tone inflection of human speech.

Answer: <https://biology-forums.com/index.php?topic=281592>

Question 104

An example of an object in a computer program might be

- A) an on-screen button.
- B) a single mouse click.
- C) the number 3.
- D) a double click.

Answer: <https://biology-forums.com/index.php?topic=281476>

Question 105

With _____ software, a student who cannot speak is able to communicate using text, graphics, and sound.

- A) compilation
- B) augmentative communication
- C) utility communication
- D) screen reader

Answer: <https://biology-forums.com/index.php?topic=281198>

Question 106

In virtual reality, a video digitizer imports signals from a source and displays them on the computer screen immediately.

[br]Is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280073>

Question 107

Computers grew out of a need to

- A) improve quality of life.
- B) quantify.
- C) socialize.
- D) communicate.

Answer: <https://biology-forums.com/index.php?topic=278954>

Question 108

Another name for the original Ethernet standard is _____.

- A) 10BASE-T Ethernet
- B) Fast Ethernet
- C) Gigabit Ethernet
- D) 3G

Answer: <https://biology-forums.com/index.php?topic=280427>

Question 109

Which invention, developed in 1948, replaced vacuum tubes?

- A) silicon wafers
- B) transistors
- C) CPUs
- D) RAM

Answer: <https://biology-forums.com/index.php?topic=278899>

Question 110

_____ is the Adobe application that creates an environment in which you develop webpages visually or directly in code.

- A) Photoshop
- B) Flash
- C) Dreamweaver
- D) Fireworks

Answer: <https://biology-forums.com/index.php?topic=281090>

Question 111

Vector graphics animations describe images in terms of objects and

- A) rotations.
- B) time.
- C) locations.
- D) colored pixels.

Answer: <https://biology-forums.com/index.php?topic=280042>

Question 112

All of the following are helpful ways to deal with software problems EXCEPT:

- A) restart the application.
- B) install current updates.
- C) replace the computer.
- D) reboot the system.

Answer: <https://biology-forums.com/index.php?topic=279617>

Question 113

The process of creating colors by combining colored lights is called _____ color synthesis.

- A) RGB
- B) Hexadecimal codes
- C) additive
- D) Monochrome

Answer: <https://biology-forums.com/index.php?topic=279411>

Question 114

_____ software is used to teach many topics at an individualized pace using small steps and positive feedback.

- A) Drill-and-practice
- B) Edutainment
- C) LOGO
- D) Alice

Answer: <https://biology-forums.com/index.php?topic=281194>

Question 115

Microsoft PowerPoint and Keynote are examples of _____.

- A) document management systems
- B) presentation applications
- C) personal information managers
- D) project management software

Answer: <https://biology-forums.com/index.php?topic=281079>

Question 116

Because the OS and application are in constant communication, control—the location in memory where the CPU is reading program instructions—stays in the same location.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279654>

Question 117

A _____ is a network of computers in a close physical area.

- A) WAN
- B) MAN
- C) LAN
- D) GAN

Answer: <https://biology-forums.com/index.php?topic=280397>

Question 118

When printing an object-oriented graphic, resolution is limited only by the _____ device, such as the printer.

Answer: <https://biology-forums.com/index.php?topic=280108>

Question 119

The four phases of predicting the future serve as a framework for thinking about

- A) tomorrow's technology.
- B) tomorrow's economy.
- C) improvements needed in completing tasks.
- D) a foolproof crystal ball.

Answer: <https://biology-forums.com/index.php?topic=278978>

Question 120

This type of pointing device requires batteries and uses tiny radio transmitters to send signals:

- A) scrolling mouse.
- B) touch screen.
- C) game controller.
- D) wireless mouse.

Answer: <https://biology-forums.com/index.php?topic=279362>

Question 121

With speech _____ software or hardware, PCs recite typed text using robotic voices.

Answer: <https://biology-forums.com/index.php?topic=281642>

Question 122

Over 90 percent of the world's microprocessors are found in embedded computers or systems.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=278989>

Question 123

A magnetic disk, hard disk, or a floppy disk, uses _____ access.

Answer: <https://biology-forums.com/index.php?topic=279462>

Question 124

When a user purchases software, _____ is actually purchased.

- A) a license to use the software
- B) a set-up of CDs, therefore, the software itself
- C) digital rights management
- D) an open agreement allowing the user to copy the software

Answer: <https://biology-forums.com/index.php?topic=279523>

Question 125

Adobe developed _____, which allows documents to be transmitted and stored without loss of formatting.

- A) CTO
- B) CAD
- C) CBT
- D) PDF

Answer: <https://biology-forums.com/index.php?topic=281025>

Question 126

A(n) _____ is a program that translates all statements in a computer program at the same time.

Answer: <https://biology-forums.com/index.php?topic=281544>

Question 127

"When deciding on an action, assume its most severe consequence and act accordingly." This is which ethical guideline?

- A) code of ethics
- B) informed consent
- C) most restrictive action
- D) higher ethic

Answer: <https://biology-forums.com/index.php?topic=281309>

Question 128

TCP/IP was developed as an experiment in _____, connecting different types of networks and computer systems.

- A) internetworking
- B) intranetworking
- C) connecting
- D) wiring

Answer: <https://biology-forums.com/index.php?topic=280651>

Question 129

_____ -graphics software helps automate the creation of visual aids for lectures, training sessions, and sales demonstrations.

Answer: <https://biology-forums.com/index.php?topic=280114>

Question 130

_____ applications are stored on the Web so they can be accessed and used by multiple computers with Internet access.

- A) Database
- B) Network

- C) Web
- D) Spreadsheet

Answer: <https://biology-forums.com/index.php?topic=278936>

Question 131

Unlike books, which are linear in form, _____ and hypermedia are nonlinear and focus more on the relationship of ideas rather than the layout of the page.

Answer: <https://biology-forums.com/index.php?topic=280143>

Question 132

Software companies will release free _____ when they have a bundled update for a program.

- A) downgrades
- B) Trojan horses
- C) service packs
- D) new versions

Answer: <https://biology-forums.com/index.php?topic=279589>

Question 133

Open standards refers to

- A) standards not owned by any company.
- B) standards used by all countries.
- C) standards that are free to all parties.
- D) software programs running on different types of operating systems.

Answer: <https://biology-forums.com/index.php?topic=280645>

Question 134

When a computer is turned on, where does it get the first instructions that it loads into RAM?

- A) from RAM
- B) from ROM
- C) from the hard disk
- D) from a CD

Answer: <https://biology-forums.com/index.php?topic=279550>

Question 135

A markup language that combines features of XML and HTML is _____.

Answer: <https://biology-forums.com/index.php?topic=280830>

Question 136

OpenType is a combination of _____.

- A) TrueType and PostScript
- B) TrueType and Sans serif
- C) Javascript and Sans serif
- D) Javascript and TrueType

Answer: <https://biology-forums.com/index.php?topic=279742>

Question 137

Massively _____ online role-playing games allow thousands of people to interact in virtual worlds.

Answer: <https://biology-forums.com/index.php?topic=281246>

Question 138

A computer system performs all of the following basic functions EXCEPT:

- A) output.
- B) input.
- C) networking.
- D) processing.

Answer: <https://biology-forums.com/index.php?topic=281248>

Question 139

Unwanted email received from mass mailers is also known as _____.

Answer: <https://biology-forums.com/index.php?topic=278885>

Question 140

Microsoft's _____ is an example of PIM software.

Answer: <https://biology-forums.com/index.php?topic=280348>

Question 141

_____ means that an organization uses servers in the cloud instead of purchasing and maintaining the servers on site.

Answer: <https://biology-forums.com/index.php?topic=281129>

Question 142

When two different businesses agree to work together, it is known as a

- A) strategic plan.
- B) business alliance.
- C) value chain.
- D) supply chain.

Answer: <https://biology-forums.com/index.php?topic=281280>

Question 143

To facilitate development of new expert systems, software companies sell expert system _____.

- A) knowledge bases
- B) Turing tests
- C) parsers
- D) shells

Answer: <https://biology-forums.com/index.php?topic=281600>

Question 144

What is a complex system that takes on nearly complete responsibility for a task eliminating the need for human input, verification, or decision making?

- A) autonomous system
- B) robotic system
- C) smart system
- D) independent system

Answer: <https://biology-forums.com/index.php?topic=280938>

Question 145

In the SDLC, the investigation phase focuses on why, the analysis phase focuses on what, and the _____ phase focuses on how.

Answer: <https://biology-forums.com/index.php?topic=281563>

Question 146

_____ software can be used to organize and play multimedia files such as music, videos, and podcasts.

Answer: <https://biology-forums.com/index.php?topic=281120>

Question 147

A set of computer instructions designed to solve a specific problem is referred to as a

- A) solution.
- B) device.
- C) program.
- D) hardware concept.

Answer: <https://biology-forums.com/index.php?topic=279486>

Question 148

After typing keywords in to a search engine, it will return pages that contain the keywords, also known as _____.

Answer: <https://biology-forums.com/index.php?topic=278880>

Question 149

_____ refers to applications and services that are accessed over the Internet.

- A) Cloud computing

- B) Cloud storage
- C) DRM
- D) The cloud

Answer: <https://biology-forums.com/index.php?topic=281091>

Question 150

- A computer small enough to fit into a shirt pocket or purse is a
- A) notebook.
 - B) subnotebook.
 - C) personal digital assistant
 - D) mainframe.

Answer: <https://biology-forums.com/index.php?topic=278924>

Question 151

A change in thinking that results in a new way of seeing the world is called a _____.

Answer: <https://biology-forums.com/index.php?topic=279000>

Question 152

Contactless smart cards use wireless _____ technology to communicate with card readers.

Answer: <https://biology-forums.com/index.php?topic=281242>

Question 153

In the _____ planning phase of IT planning, a company defines its mission and competitive strategy.

Answer: <https://biology-forums.com/index.php?topic=281351>

Question 154

Diagonal lines, curves, and text characters have tiny _____, or jagged, stair-step-like bumps that advertise the image's identity as a collection of pixels.

Answer: <https://biology-forums.com/index.php?topic=280094>

Question 155

The principles of electronic _____, conducting business transactions through telecommunications networks, became Internet based in the 1990s.

Answer: <https://biology-forums.com/index.php?topic=281399>

Question 156

In a client/server environment, a desktop computer is known as the _____.

Answer: <https://biology-forums.com/index.php?topic=280363>

Question 157

Match the following terms with their description.

- I. Open source
- II. Tax preparation software
- III. Genealogy program
- IV. Portable app
- V. Game software
- A. Used to create family trees
- B. Typically requires a lot of processing
- C. You can file electronically or print and mail it
- D. Can run from a flash drive
- E. The source code is published

Answer: <https://biology-forums.com/index.php?topic=281135>

Question 158

All of these are suggestions for safe computing EXCEPT:

- A) Don't borrow disks from other people.
- B) Pirate software.
- C) Download shareware and freeware with caution.
- D) Disinfect your system.

Answer: <https://biology-forums.com/index.php?topic=280924>

Question 159

The programming language _____ was developed at Bell Labs in the early 1970s as a tool for programming operating systems such as UNIX.
Answer: <https://biology-forums.com/index.php?topic=281532>

Question 160

A popular specialized accounting and financial-management software program is

- A) Excel.
- B) Access.
- C) Quicken.
- D) Dreamweaver.

Answer: <https://biology-forums.com/index.php?topic=279796>

Question 161

TCP/IP specifications were published as _____ standards, meaning that they are not owned by any company or government.

Answer: <https://biology-forums.com/index.php?topic=280778>

Question 162

On Google Docs, if a document is made _____, anyone can access the document by using the Internet.

- A) Private
- B) Anyone with the link
- C) Public on the web
- D) Personal

Answer: <https://biology-forums.com/index.php?topic=281147>

Question 163

Software _____ is a branch of computer science that attempts to apply engineering principles and techniques to computer software.

Answer: <https://biology-forums.com/index.php?topic=281581>

Question 164

The greater than and less than symbols are examples of _____.

Answer: <https://biology-forums.com/index.php?topic=281061>

Question 165

Which of the following is a legal IP address?

- A) 124.14.19
- B) 144.12.18.8
- C) 13.15.188.12.4
- D) 123.44.1.14.1.55

Answer: <https://biology-forums.com/index.php?topic=280663>

Question 166

An enterprise resource planning system

- A) increases the quality of the data of a transaction subsystem.
- B) decreases the costs for a business.
- C) increases information sharing between business processes.
- D) decreases the complexity of business systems.

Answer: <https://biology-forums.com/index.php?topic=281279>

Question 167

A system where users can check their email message through most browsers is known as _____.

Answer: <https://biology-forums.com/index.php?topic=280613>

Question 168

The total cost of ownership of a PC in the workplace includes all of the following EXCEPT:

- A) user training.
- B) user wages.
- C) support.

D) troubleshooting.

Answer: <https://biology-forums.com/index.php?topic=281015>

Question 169

The most basic computer network can be described as

- A) a minimum of five computers linked together.
- B) the Internet.
- C) two or more computers that are linked together.
- D) the use of satellites linking computers together.

Answer: <https://biology-forums.com/index.php?topic=280385>

Question 170

_____ is working from home using a modem connection to the office computer system.

Answer: <https://biology-forums.com/index.php?topic=281221>

Question 171

The demonstration of the Augment system by Engelbart consisted of

- A) an interactive multimedia workstation for enhancing individual abilities.
- B) a demonstration of military computer use.
- C) an interactive workstation used in simulating robotics.
- D) Kay and Engelbart playing an interactive game.

Answer: <https://biology-forums.com/index.php?topic=279810>

Question 172

Cables containing copper wires that resemble those in standard telephone cables are known as _____ cables.

- A) coaxial
- B) fiber-optic
- C) Wi-Fi
- D) twisted pair

Answer: <https://biology-forums.com/index.php?topic=280403>

Question 173

A _____ is a modeling tool that shows where an information system physically stores data.

- A) data flow diagram
- B) decision table
- C) Gantt chart
- D) system flowchart

Answer: <https://biology-forums.com/index.php?topic=281510>

Question 174

U.S. Navy officer _____ played a key role in developing the first compiler and the business programming language called COBOL.

- A) Grace Murray Hopper
- B) Jeff Bezos
- C) Howard Aiken
- D) Alan Kay

Answer: <https://biology-forums.com/index.php?topic=281449>

Question 175

External devices such as printers and keyboards are known as

- A) add-on devices.
- B) peripherals.
- C) extra hardware devices.
- D) PC expansion slot add-ons.

Answer: <https://biology-forums.com/index.php?topic=279073>

Question 176

Programs written for _____, a popular operating system cannot run on Windows.

Answer: <https://biology-forums.com/index.php?topic=279171>

Question 177

If a word-processed document is straight on both margins, it is _____.

Answer: <https://biology-forums.com/index.php?topic=279885>

Question 178

Email discussion groups on special-interest topics are called _____ lists.

Answer: <https://biology-forums.com/index.php?topic=280619>

Question 179

An email address contains two parts --the user name and the

- A) ISP.
- B) host name.
- C) URL.
- D) WWW address.

Answer: <https://biology-forums.com/index.php?topic=278863>

Question 180

Creating form letters can be done by _____ the information from the database and preparing the letter in a word processing tool.

Answer: <https://biology-forums.com/index.php?topic=280373>

Question 181

_____ memory is nonvolatile and often used in digital cameras and cell phones.

Answer: <https://biology-forums.com/index.php?topic=279203>

Question 182

_____ processing has been replaced by interactive processing for most applications.

Answer: <https://biology-forums.com/index.php?topic=280383>

Question 183

A(n) _____ private network uses privately leased phone lines to physically connect intranets.

Answer: <https://biology-forums.com/index.php?topic=281412>

Question 184

A _____ license allows multiple installations of software using the same product key.

- A) site
- B) proprietary software
- C) volume
- D) per-seat

Answer: <https://biology-forums.com/index.php?topic=281097>

Question 185

Large organizations generally have exactly two management levels: operational and strategic.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281314>

Question 186

The newest version of the Internet Protocol is known by the abbreviation _____.

Answer: <https://biology-forums.com/index.php?topic=280776>

Question 187

Google's original algorithm was written to improve the way search engines looked for Web pages by

- A) counting the number of times other related Web pages linked to it.
- B) counting the number of times the key word or phrase appeared on the page.
- C) counting the number of hits the page had received from the linked page.
- D) having humans examine and rate each page.

Answer: <https://biology-forums.com/index.php?topic=280237>

Question 188

Email stands for _____ mail.

Answer: <https://biology-forums.com/index.php?topic=279008>

Question 189

_____ is used when information is delivered to a client computer through a server at the client's request.

- A) Pull technology
- B) Uploading
- C) P2P computing
- D) Peer-to-peer file sharing

Answer: <https://biology-forums.com/index.php?topic=280728>

Question 190

_____ is when the operating system is loaded into RAM.

- A) Copying
- B) Device driving
- C) Booting
- D) Multitasking

Answer: <https://biology-forums.com/index.php?topic=279558>

Question 191

You measure data transfer speed or memory size in

- A) gigabits.
- B) terabits.
- C) megabits.
- D) kilobits.

Answer: <https://biology-forums.com/index.php?topic=279049>

Question 192

The inventor of the first programmable, general-purpose digital computer invented the computer because

- A) he was not good at calculations.
- B) he was too lazy to calculate.
- C) he had dropped out of school and was looking for something to do with his spare time.
- D) he needed some quick cash to start a business.

Answer: <https://biology-forums.com/index.php?topic=278960>

Question 193

The two main types of nonimpact printers are

- A) dot matrix and plotters.
- B) laser and inkjet.
- C) laser and photo.
- D) dot matrix and photo.

Answer: <https://biology-forums.com/index.php?topic=279394>

Question 194

An attack that creates so much bogus traffic it shuts down a network is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=280987>

Question 195

An inkjet printer used to print high-quality photographs is called a(n) _____ printer.

Answer: <https://biology-forums.com/index.php?topic=279452>

Question 196

A vector graphics format that is associated with Adobe Flash is

- A) SWF.
- B) SVG.
- C) GIF.
- D) JPG.

Answer: <https://biology-forums.com/index.php?topic=280024>

Question 197

A request for information from a database that can be saved and reused later is known as a(n) _____ query.

Answer: <https://biology-forums.com/index.php?topic=280332>

Question 198

Every general-purpose computer must have a(n)

- A) word-processor program.
- B) software license agreement.
- C) software suite.
- D) operating system.

Answer: <https://biology-forums.com/index.php?topic=279537>

Question 199

Which of the following is Microsoft's tool for creating interactive media-rich Web components?

- A) Flash
- B) Silverlight
- C) Photoshop
- D) Expression Web

Answer: <https://biology-forums.com/index.php?topic=280721>

Question 200

The density of pixels on a computer screen is known as

- A) resolution.
- B) pixelity.
- C) pixel depth.
- D) DPI.

Answer: <https://biology-forums.com/index.php?topic=279958>

Question 201

What is the most recent version of Windows?

- A) Windows XP
- B) Windows Vista
- C) Windows 2000
- D) Windows 7

Answer: <https://biology-forums.com/index.php?topic=279569>

Question 202

A _____ enables you to type text and numerical data into the computer's memory.

- A) mouse
- B) printer
- C) disk
- D) keyboard

Answer: <https://biology-forums.com/index.php?topic=278836>

Question 203

_____ allow(s) drives to be built into a computer system.

- A) Ports
- B) Expansion slots
- C) The Motherboard
- D) Bays

Answer: <https://biology-forums.com/index.php?topic=279342>

Question 204

A standardized test that you may have taken in school could have been scored by a(n) _____.

- A) optical mark reader
- B) bar code reader
- C) magnetic ink character reader

D) scanner

Answer: <https://biology-forums.com/index.php?topic=279272>

Question 205

The first general-purpose commercial computer built in the United States was called the

- A) ENIAC.
- B) UNIVAC 1.
- C) Small-Scale Experimental Machine.
- D) Z1.

Answer: <https://biology-forums.com/index.php?topic=278959>

Question 206

Restarting a computer is also known as rebooting.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279644>

Question 207

A server that allows transmission of electronic messages is also known as a(n) _____ server.

Answer: <https://biology-forums.com/index.php?topic=280791>

Question 208

To find a word to replace "happiness," use the

- A) spelling checker.
- B) dictionary.
- C) autocorrect feature.
- D) thesaurus.

Answer: <https://biology-forums.com/index.php?topic=279755>

Question 209

The program that allows I/O devices to communicate with the computer is known as a(n)

- A) device driver.
- B) utility program.
- C) operating device file.
- D) operating system.

Answer: <https://biology-forums.com/index.php?topic=279556>

Question 210

In the 1960s, Seymour Papert developed a computer language called _____ so children could program computers rather than the other way around.

Answer: <https://biology-forums.com/index.php?topic=281228>

Question 211

The operating system is loaded from the hard disk onto ROM when the computer is starting up.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279145>

Question 212

Traditional AI techniques include all of the following EXCEPT:

- A) machine learning.
- B) heuristics.
- C) pattern recognition.
- D) batch processing.

Answer: <https://biology-forums.com/index.php?topic=281586>

Question 213

A(n) _____ refers to the international business environment factors which affect the flow of data between countries.

- A) intracontinental network
- B) industrial network
- C) transborder data flow

D) international information partnership

Answer: <https://biology-forums.com/index.php?topic=281281>

Question 214

Mail merge allows users to create a(n)

- A) form letter.
- B) presentation.
- C) database.
- D) font.

Answer: <https://biology-forums.com/index.php?topic=279831>

Question 215

Some large companies keep all of their corporate data in an integrated data repository called a data _____.

Answer: <https://biology-forums.com/index.php?topic=280364>

Question 216

A(n) _____ is a peripheral device that generates hard copies.

- A) printer
- B) monitor
- C) scanner
- D) speaker

Answer: <https://biology-forums.com/index.php?topic=278840>

Question 217

The view that allows several records at a time to be viewed is

- A) field view.
- B) list view.
- C) form view.
- D) layout view.

Answer: <https://biology-forums.com/index.php?topic=280281>

Question 218

The goals for speech recognition software are to recognize words without being trained, handle speech without limiting vocabulary, and

- A) handle incongruous speech.
- B) less expensive training and software.
- C) make the software less expensive and faster.
- D) handle natural speech.

Answer: <https://biology-forums.com/index.php?topic=279837>

Question 219

When entering a text string in a query's criteria, Access places _____ around the criteria.

Answer: <https://biology-forums.com/index.php?topic=281058>

Question 220

A(n) _____ uses radio waves to carry information at high speed.

- A) T1 connection
- B) fiber-optic cable
- C) wireless connection
- D) phone cable

Answer: <https://biology-forums.com/index.php?topic=280460>

Question 221

Two companies with a business alliance can use a(n) _____ to connect to each other's intranets.

Answer: <https://biology-forums.com/index.php?topic=281410>

Question 222

By putting multiple CPUs on a single chip, chip makers have created

- A) parallel processors.
- B) multicore processors.

- C) CPU-duplicate processors.
- D) clusters.

Answer: <https://biology-forums.com/index.php?topic=279058>

Question 223

Computer _____ is used to track, record, and evaluate worker performance.

- A) trolling
- B) networking
- C) monitoring
- D) mediation

Answer: <https://biology-forums.com/index.php?topic=281183>

Question 224

With the TCP protocol, a message is sent on the Internet broken into _____.

- A) addresses
- B) packets
- C) URLs
- D) clusters

Answer: <https://biology-forums.com/index.php?topic=280657>

Question 225

A(n) _____ network is often used to set up a temporary communications system that requires no centralized router.

- A) local area
- B) wide area
- C) mesh
- D) metropolitan area

Answer: <https://biology-forums.com/index.php?topic=280409>

Question 226

When a computer is off, what is in RAM?

- A) the operating system
- B) the BIOS
- C) the software applications
- D) nothing

Answer: <https://biology-forums.com/index.php?topic=279548>

Question 227

Windows _____ is included with the operating system and allows you to see both the contents of a folder and the location of the folder in the storage device's hierarchy.

Answer: <https://biology-forums.com/index.php?topic=279720>

Question 228

Google _____ is a free application that enables users to store, create, edit, and share documents online by using their Google account.

- A) Wikis
- B) Docs
- C) Blogs
- D) Sites

Answer: <https://biology-forums.com/index.php?topic=281143>

Question 229

What may happen if a font resides in a printer and you take your document to another computer system?

- A) The same printer font may not be available.
- B) The font will be saved with the document.
- C) The font cannot reside only in the printer.
- D) Fonts are all the same on every printer.

Answer: <https://biology-forums.com/index.php?topic=279750>

Question 230

Which technological advancement made it possible for computers to become as small as they are today?

- A) repeater
- B) vacuum tube
- C) transistor
- D) silicon chip

Answer: <https://biology-forums.com/index.php?topic=278894>

Question 231

A simple program consists of three parts: program _____, declarations and definitions, and the body of the program.

Answer: <https://biology-forums.com/index.php?topic=281541>

Question 232

Hypertext was developed to allow textual information to be linked in a _____ manner.

- A) multicasting
- B) real-time
- C) nonsequential
- D) linear

Answer: <https://biology-forums.com/index.php?topic=280008>

Question 233

_____ is information that incorporates the relationship among facts.

Answer: <https://biology-forums.com/index.php?topic=281627>

Question 234

A single silicon chip, which contains all of a computer's computational components, is called a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279003>

Question 235

Which of the following statements about computer simulations is FALSE?

- A) Simulations are generally more expensive than producing a product.
- B) It is safer in some situations (i.e. learning to fly a plane) to use simulations to help training.
- C) Computer simulations can explore possible futures using projection.
- D) Simulations allow replication of research with slightly different conditions.

Answer: <https://biology-forums.com/index.php?topic=279869>

Question 236

The feature that automatically corrects the spelling mistake is called _____.

Answer: <https://biology-forums.com/index.php?topic=279893>

Question 237

If a user wants to show a trend or relationship over time in a graphical way, he or she should create a(n) _____ chart or a bar chart.

Answer: <https://biology-forums.com/index.php?topic=279921>

Question 238

Prior to the development of the World Wide Web in the early 1990s, which of the following features was already available for Internet users?

- A) animation
- B) pictures
- C) sounds
- D) email

Answer: <https://biology-forums.com/index.php?topic=278942>

Question 239

When a message is sent through the Internet, it is broken into _____ and then sent.

Answer: <https://biology-forums.com/index.php?topic=280781>

Question 240

A coaching or help feature that walks a reader through a process step-by-step is known as a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279882>

Question 241

Software programs that close potential security breaches in an operating system or application are known as

- A) security breach fixes.
- B) refresh patches.
- C) security repairs.
- D) security patches.

Answer: <https://biology-forums.com/index.php?topic=280896>

Question 242

What is the third step of the problem solving process?

- A) Evaluating the solution
- B) Carrying out the plan
- C) Devising a plan for solving the problem
- D) Understanding the problem

Answer: <https://biology-forums.com/index.php?topic=281452>

Question 243

_____ audio is used by Internet radio stations to play audio as it is being delivered to your computer.

- A) MIDI
- B) Streaming
- C) MP3
- D) Uncompressed

Answer: <https://biology-forums.com/index.php?topic=280000>

Question 244

In 1999, researchers at Carnegie Mellon developed _____, a language designed to teach programming concepts.

- A) Pascal
- B) COBOL
- C) Alice
- D) LOGO

Answer: <https://biology-forums.com/index.php?topic=281196>

Question 245

The biggest challenge once a Web storefront has been built is

- A) attracting visitors to your site.
- B) getting someone to update the Web site.
- C) training employees.
- D) keeping the Web site online.

Answer: <https://biology-forums.com/index.php?topic=279856>

Question 246

_____ computers, or bots, are Internet-connected computers that have been hijacked using viruses to perform malicious acts without the knowledge of the computer owner.

Answer: <https://biology-forums.com/index.php?topic=280989>

Question 247

The circuit board that contains a computer's CPU is called the

- A) motherboard.
- B) wafer.
- C) memory chip.
- D) daughter board.

Answer: <https://biology-forums.com/index.php?topic=279099>

Question 248

In a client/server model, a client program _____.

- A) asks for information
- B) provides information and files
- C) serves software files to other computers

D) distributes data files to other computers

Answer: <https://biology-forums.com/index.php?topic=280692>

Question 249

The phase of the systems development life cycle (SDLC) where the existing business problem or opportunity is studied is

- A) analysis.
- B) investigation.
- C) development.
- D) design.

Answer: <https://biology-forums.com/index.php?topic=281485>

Question 250

A standard interface used to send commands between computers and musical instruments is

- A) MP3.
- B) DRM.
- C) MIDI.
- D) AAC.

Answer: <https://biology-forums.com/index.php?topic=280005>

Question 251

_____ reality user interfaces create the illusion that the user is immersed in a world inside the computer to some degree.

Answer: <https://biology-forums.com/index.php?topic=279728>

Question 252

A programmed attack that destroys data files if a programmer is ever terminated is an example of what kind of Trojan horse?

- A) logic bomb
- B) Code Red
- C) Melissa
- D) spybot

Answer: <https://biology-forums.com/index.php?topic=280889>

Question 253

To play digitized sound, the computer must do all the following EXCEPT:

- A) load the data file into memory.
- B) convert it into an analog sound.
- C) play it through a speaker.
- D) compress the file.

Answer: <https://biology-forums.com/index.php?topic=280054>

Question 254

Streaming _____ files are video clips that play while you're downloading them.

Answer: <https://biology-forums.com/index.php?topic=280819>

Question 255

When was MySpace founded?

- A) 2001
- B) 2002
- C) 2003
- D) 2004

Answer: <https://biology-forums.com/index.php?topic=278946>

Question 256

The explosive growth of the Internet is largely fueled by the rapid expansion of gaming on the Web.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=278992>

Question 257

A _____ control structure tells a computer what to do, based on whether a condition is true or false.

- A) sequence

- B) selection
- C) pseudocode
- D) repetition

Answer: <https://biology-forums.com/index.php?topic=281461>

Question 258

A user needs to create a(n) _____ when he or she wants to multiply the cost of a book by the quantity desired in a spreadsheet.

Answer: <https://biology-forums.com/index.php?topic=279914>

Question 259

This British mathematician, _____, spent much of his life trying to answer the central question of artificial intelligence "Can machines think?"

- A) Alan Turing
- B) Marvin Minsky
- C) Tim Berners-Lee
- D) Grace Murray Hopper

Answer: <https://biology-forums.com/index.php?topic=281583>

Question 260

The need to use _____-time computing has been accelerated by the Internet.

Answer: <https://biology-forums.com/index.php?topic=280381>

Question 261

Identifying recurring arrangements in input data and eventually understanding or categorizing that input is known as

- A) fuzzy logic.
- B) automatic translation.
- C) parsing.
- D) pattern recognition.

Answer: <https://biology-forums.com/index.php?topic=281604>

Question 262

Instruments that play sounds that are part sampled and part synthesized are known as

- A) sample synthesizers.
- B) elevated instruments.
- C) embedded instruments.
- D) hybrid instruments.

Answer: <https://biology-forums.com/index.php?topic=280059>

Question 263

Like role-playing games, _____ Life is a 3-D virtual world populated by avatars of Web users from all over the world.

Answer: <https://biology-forums.com/index.php?topic=280631>

Question 264

_____ refers to the usability of software based on the operating system and the computer resources.

Answer: <https://biology-forums.com/index.php?topic=279672>

Question 265

_____ -recognition software accepts a user's voice as sound waves, interprets them into patterns, and displays words on the screen.

Answer: <https://biology-forums.com/index.php?topic=279895>

Question 266

After an HTML document is completed, it needs to be uploaded onto a _____ server before it's visible on the Web.

- A) FTP
- B) Web
- C) Email
- D) File

Answer: <https://biology-forums.com/index.php?topic=280714>

Question 267

Today, many people say DVD stands for _____ versatile disc because these high-capacity discs are used to store and distribute all kinds of data.
Answer: <https://biology-forums.com/index.php?topic=279464>

Question 268

A _____ is a coaching or help feature found in many word processing and spreadsheet programs.

- A) wizard
- B) template
- C) bot
- D) macro

Answer: <https://biology-forums.com/index.php?topic=279806>

Question 269

Eight bits are called an octet or a _____.

Answer: <https://biology-forums.com/index.php?topic=279173>

Question 270

Because it is a unique identifier for a vehicle, a vehicle identification number (VIN) would be an example of a(n) _____ field used in a motor vehicles database.

Answer: <https://biology-forums.com/index.php?topic=280350>

Question 271

One function of information technology is _____, a process for capturing data about an event that is important to the organization.

- A) acquisition
- B) processing
- C) presentation
- D) storage

Answer: <https://biology-forums.com/index.php?topic=281267>

Question 272

A virus that attaches itself to documents that contain macros is called a(n)

- A) email virus.
- B) macro virus.
- C) Trojan horse.
- D) time bomb.

Answer: <https://biology-forums.com/index.php?topic=280872>

Question 273

When a software engineer attempts to prove the correctness of the program, he/she is using _____ techniques.

- A) beta testing
- B) alpha testing
- C) prototype
- D) program verification

Answer: <https://biology-forums.com/index.php?topic=281513>

Question 274

In an inventory database, a product name would be stored as a(n) _____ field type.

Answer: <https://biology-forums.com/index.php?topic=280324>

Question 275

All of the following are true statements about databases EXCEPT:

- A) Databases allow easy reorganization of data.
- B) Using a database simplifies retrieving information.
- C) Databases store large amounts of data.
- D) Information from the database cannot be printed.

Answer: <https://biology-forums.com/index.php?topic=280160>

Question 276

A(n) _____ is the commonly used acronym that represents a complete Web site address, such as <http://www.pccc.edu/cis/index.html>.

Answer: <https://biology-forums.com/index.php?topic=280798>

Question 277

A _____ is a code embedded as a one-pixel graphics file in an email message which notifies the sender that the message was opened.

- A) phish
- B) Web bug
- C) cookie
- D) virus

Answer: <https://biology-forums.com/index.php?topic=280494>

Question 278

When a file contains instructions that can be carried out by the computer, it is often called a(n) _____ file.

- A) data
- B) executable
- C) information
- D) application

Answer: <https://biology-forums.com/index.php?topic=278849>

Question 279

This application allows millions of people to share music, movies, and other files over the Internet:

- A) Pandora.
- B) Kazaa.
- C) ConAgra.
- D) virtual reality.

Answer: <https://biology-forums.com/index.php?topic=279629>

Question 280

Holding the mouse button down while moving an object or text is known as

- A) double-clicking.
- B) dragging.
- C) dropping.
- D) highlighting.

Answer: <https://biology-forums.com/index.php?topic=278842>

Question 281

A _____ network is an extranet with poor security that is relatively inexpensive to set up and maintain.

- A) public
- B) local area
- C) virtual private
- D) cyber

Answer: <https://biology-forums.com/index.php?topic=281376>

Question 282

The following term could be used to quantify the size of a computer file:

- A) Megabyte.
- B) RAM.
- C) ROM.
- D) CMOS.

Answer: <https://biology-forums.com/index.php?topic=279091>

Question 283

The systems analyst can choose one of four approaches for converting to a new system: direct cutover, parallel, phase-in or _____.

Answer: <https://biology-forums.com/index.php?topic=281568>

Question 284

Languages such as C# and C++ are known as low-level languages.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279637>

Question 285

Using a PC to copy software or data from a server, is known as

- A) uploading.
- B) mirroring.
- C) downloading.
- D) server sharing.

Answer: <https://biology-forums.com/index.php?topic=280488>

Question 286

Lately Microsoft's digital domain has been threatened by this Web-based company:

- A) Facebook.
- B) YouTube.
- C) Google.
- D) Yahoo!.

Answer: <https://biology-forums.com/index.php?topic=279356>

Question 287

When a company forecasts sales, they are making a(n) _____ decision.

- A) unstructured
- B) semistructured
- C) unstructured
- D) strategic

Answer: <https://biology-forums.com/index.php?topic=281285>

Question 288

Which of the following statements describes a code of ethics?

- A) It generally contains information about the company's privacy policies.
- B) It offers users almost unlimited freedom of choice in merchandise.
- C) It increases Web site traffic by improving search engine rankings.
- D) It allows users to make payments online.

Answer: <https://biology-forums.com/index.php?topic=281385>

Question 289

Programmers use stepwise refinement or _____ design when they start with the main idea and work their way down to the details of the problem.

Answer: <https://biology-forums.com/index.php?topic=281534>

Question 290

The higher the resolution of a monitor, the

- A) larger the pixels.
- B) closer together the pixels.
- C) further apart the pixels.
- D) less clear the screen is.

Answer: <https://biology-forums.com/index.php?topic=279295>

Question 291

A broadband connection could be any of the following EXCEPT:

- A) cable modem.
- B) fiber-optic.
- C) wireless connection.
- D) dial-up.

Answer: <https://biology-forums.com/index.php?topic=280454>

Question 292

Integrated circuits rapidly replaced transistors for all of the following reason(s) EXCEPT:

- A) efficiency.
- B) reliability.
- C) speed.
- D) size.

Answer: <https://biology-forums.com/index.php?topic=278895>

Question 293

Which of the following statements about producing professional looking desktop publishing documents in-house is FALSE?

- A) More software is required.
- B) Producing documents in-house saves time.
- C) Price will be more expensive.
- D) Quality control is easier to maintain.

Answer: <https://biology-forums.com/index.php?topic=279852>

Question 294

The first programmable, general-purpose digital computer was called the

- A) Babbage.
- B) Analytical Engine.
- C) Z1.
- D) Zuse.

Answer: <https://biology-forums.com/index.php?topic=278958>

Question 295

Criminal hacking is also known as

- A) phishing.
- B) a Trojan horse.
- C) cracking.
- D) computer forensics.

Answer: <https://biology-forums.com/index.php?topic=280903>

Question 296

A content-management system allows users to edit Web sites without having to deal with HTML and FTP.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280759>

Question 297

_____ contain both data and instructions and can send and receive messages.

Answer: <https://biology-forums.com/index.php?topic=281528>

Question 298

A system performs three basic functions: input, _____, and output.

Answer: <https://biology-forums.com/index.php?topic=281322>

Question 299

All of the following are essential components of every computer system EXCEPT:

- A) software.
- B) hardware.
- C) people.
- D) networks.

Answer: <https://biology-forums.com/index.php?topic=280387>

Question 300

A(n) _____ private network uses special protocols on a public network to provide a secure "personal tunnel" between intranets.

Answer: <https://biology-forums.com/index.php?topic=281413>

Question 301

Most current databases are _____ databases, where data from more than one table can be linked.

- A) flat file
- B) relational
- C) object-oriented
- D) multidimensional

Answer: <https://biology-forums.com/index.php?topic=280209>

Question 302

Google is different from other sites because it groups your _____ into circles for selective sharing of content.

Answer: <https://biology-forums.com/index.php?topic=281173>

Question 303

To the shock of many, IBM's Deep Blue supercomputer beat Garry Kasparov in 1997 in a game of _____.

Answer: <https://biology-forums.com/index.php?topic=281623>

Question 304

_____ -seeking analysis is used by a DSS to find the input that would produce the desired result.

Answer: <https://biology-forums.com/index.php?topic=281346>

Question 305

Expansion cards are inserted into

- A) slots inside the computer's housing.
- B) peripheral devices.
- C) the CPU.
- D) the back of the computer.

Answer: <https://biology-forums.com/index.php?topic=279072>

Question 306

Cross-platform fonts that travel with documents in compressed form are _____ fonts.

- A) serif
- B) TrueType
- C) OpenType
- D) bitmapped

Answer: <https://biology-forums.com/index.php?topic=279823>

Question 307

Data _____ determine the logical structure of data.

Answer: <https://biology-forums.com/index.php?topic=281580>

Question 308

Timesheet transactions collected and used to update payroll files once a week, is an example of _____ processing.

Answer: <https://biology-forums.com/index.php?topic=280355>

Question 309

Search engine _____ is the process of increasing Web site traffic by improving search engine rankings for targeted keywords.

Answer: <https://biology-forums.com/index.php?topic=281409>

Question 310

The _____ diagram is a modeling tool that shows how data moves through a system.

Answer: <https://biology-forums.com/index.php?topic=281575>

Question 311

Connectivity for a new computer means

- A) allowing a printer to be connected to it.
- B) having a modem and/or network connection to communicate with other computers.
- C) connecting the software to the hardware of the system.
- D) connecting a mouse, a keyboard, and a printer—all essential hardware pieces for the average user.

Answer: <https://biology-forums.com/index.php?topic=279351>

Question 312

In programming, another term describing top-down design is

- A) reverse engineering.
- B) subproblem alteration.
- C) problem modification.

D) stepwise refinement.

Answer: <https://biology-forums.com/index.php?topic=281451>

Question 313

When a computer's speech sounds like a person's, it is using

- A) OCR technology.
- B) synthetic language.
- C) digitized speech.
- D) heuristics.

Answer: <https://biology-forums.com/index.php?topic=281607>

Question 314

The European Union's _____ establishes a high level of legal protection for the privacy of individuals and personal data.

- A) Health Insurance Portability and Accountability Act
- B) National Infrastructure Protection Center
- C) Data Protection Directive
- D) Code of Ethics

Answer: <https://biology-forums.com/index.php?topic=281386>

Question 315

When you change fonts, how text looks, or how a paragraph looks on a page, you are changing the

- A) formatting.
- B) point size.
- C) structure.
- D) print setup.

Answer: <https://biology-forums.com/index.php?topic=278851>

Question 316

A(n) _____ server maintains look-up tables that map domain names to IP addresses.

- A) DNS
- B) Web
- C) DHCP
- D) Ethernet

Answer: <https://biology-forums.com/index.php?topic=280669>

Question 317

_____ is a coding scheme that supports 100,000 unique characters—more than enough for all major world languages.

Answer: <https://biology-forums.com/index.php?topic=279227>

Question 318

In ASCII, _____ characters can be created.

- A) 255
- B) 1,024
- C) 256
- D) 128

Answer: <https://biology-forums.com/index.php?topic=279044>

Question 319

Painting tools allow users to manipulate objects and edit text without affecting the objects around it.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280086>

Question 320

Computer professionals sometimes use the acronym _____ for input and output.

Answer: <https://biology-forums.com/index.php?topic=279430>

Question 321

_____, a simulator, is considered the beginning of the age of automated therapy.

- A) ELIZA

- B) RACTER
- C) Colossus
- D) AARON

Answer: <https://biology-forums.com/index.php?topic=281615>

Question 322

In a database table, a _____ is all the information related to one person, product, or event.

- A) table
- B) report
- C) field
- D) record

Answer: <https://biology-forums.com/index.php?topic=280167>

Question 323

The most common cabling for a LAN is _____ pair.

Answer: <https://biology-forums.com/index.php?topic=280550>

Question 324

A _____ uses pressure as a user presses it with a stylus to send signals.

- A) touchpad
- B) trackpoint
- C) graphics tablet
- D) trackball

Answer: <https://biology-forums.com/index.php?topic=279268>

Question 325

The convergence of computer and network technology was responsible for the shift from the industrial economy to a(n)

- A) digital economy.
- B) economic surge.
- C) information economy.
- D) loss of economy.

Answer: <https://biology-forums.com/index.php?topic=278969>

Question 326

Pages that are ready to be photographed and printed are considered _____-ready.

Answer: <https://biology-forums.com/index.php?topic=279941>

Question 327

A computer's built-in memory is also referred to as

- A) the processor.
- B) a USB drive.
- C) RAM.
- D) a monitor.

Answer: <https://biology-forums.com/index.php?topic=278833>

Question 328

Which of the following is NOT a true statement about IPv6?

- A) IPv6 increases the amount of available IP addresses.
- B) IPv6 supports multicast.
- C) IPv6 is a more efficient way to transmit data.
- D) IPv6 is supported on all machines.

Answer: <https://biology-forums.com/index.php?topic=280649>

Question 329

A scheme called _____ is designed to capture sensitive financial information from the person visiting a Web site.

- A) spamming
- B) phishing
- C) VPN
- D) MMORPG

Answer: <https://biology-forums.com/index.php?topic=280513>

Question 330

The number of bits devoted to each pixel is called _____ depth or color depth.

Answer: <https://biology-forums.com/index.php?topic=280098>

Question 331

The ethical guideline called the _____ states that a person should take the action that achieves the greatest good for all involved.

- A) code of ethics
- B) informed consent
- C) most restrictive action
- D) higher ethic

Answer: <https://biology-forums.com/index.php?topic=281307>

Question 332

The three management levels are operational, strategic, and _____.

Answer: <https://biology-forums.com/index.php?topic=281337>

Question 333

An application designed for a particular business is called

- A) a vertical-market application.
- B) a compiler.
- C) a programming language.
- D) open-source software.

Answer: <https://biology-forums.com/index.php?topic=279533>

Question 334

The World Wide Web is a distributed browsing and searching system originally developed at _____.

- A) CSPAN
- B) CERN
- C) POTS
- D) Microsoft

Answer: <https://biology-forums.com/index.php?topic=280698>

Question 335

Digital references include all EXCEPT:

- A) dictionaries.
- B) atlases.
- C) databases.
- D) almanacs.

Answer: <https://biology-forums.com/index.php?topic=279758>

Question 336

Videoconferencing requires the communicating computers to have _____ so the participants can see each other.

Answer: <https://biology-forums.com/index.php?topic=279440>

Question 337

A report generally uses all the fields that are in the database.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280306>

Question 338

The two forms of IOS are business _____ and EDI.

Answer: <https://biology-forums.com/index.php?topic=281334>

Question 339

Unauthorized access to computer systems is called

- A) a virus.

- B) spoofing.
- C) phishing.
- D) hacking.

Answer: <https://biology-forums.com/index.php?topic=280902>

Question 340

Computer forensics is a form of computer crime.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280944>

Question 341

_____ makes it possible for users with diverse computing needs to share expensive computing equipment.

- A) Shareware
- B) Virtual Sharing
- C) Timesharing
- D) Network Sharing

Answer: <https://biology-forums.com/index.php?topic=278987>

Question 342

An experimental network backed by the U.S. government eventually evolved into the _____.

Answer: <https://biology-forums.com/index.php?topic=279009>

Question 343

Visio is considered a CASE tool.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281526>

Question 344

_____ is a newer, powerful data description language used to construct Web pages as well as access and query databases using the Internet.

- A) SQL
- B) PHP
- C) Javascript
- D) XML

Answer: <https://biology-forums.com/index.php?topic=280225>

Question 345

The process of reducing the size of a file is known as

- A) formatting.
- B) WYSIWYG.
- C) compressing.
- D) truncating.

Answer: <https://biology-forums.com/index.php?topic=278856>

Question 346

Educational _____ are based on the idea that children learn best through exploration and invention.

Answer: <https://biology-forums.com/index.php?topic=281233>

Question 347

Graphical representations for the tone of your message, such as :-) to express happiness or :- O to express surprise, are also known as _____.

Answer: <https://biology-forums.com/index.php?topic=280617>

Question 348

The most common input devices include a keyboard and mouse. One less common input device that requires voice use is a _____.

Answer: <https://biology-forums.com/index.php?topic=279150>

Question 349

To make employees and customers clearly aware of a company's Web and e-commerce policies, the company should publish a code of _____ on its Web site.

Answer: <https://biology-forums.com/index.php?topic=281427>

Question 350

A video _____ converts analog video signals from a TV broadcast or videotape into digital data.

Answer: <https://biology-forums.com/index.php?topic=280122>

Question 351

Match the following terms with their description.

- I. DBMS
- II. Data
- III. Information
- IV. Flat database
- V. Relational database
- A. Facts about people, events, things, or ideas
- B. Data about the buildings, the courses, and the staff members at a college
- C. Your personal address book
- D. Software
- E. Organized in a useful manner

Answer: <https://biology-forums.com/index.php?topic=281064>

Question 352

An expert system _____ is used to develop an expert system using human interfaces and inference engines.

Answer: <https://biology-forums.com/index.php?topic=281636>

Question 353

During the output function of a computer system, the result is transferred to customers, clients, and other systems.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281310>

Question 354

The most widely known code of conduct specifically for computer professionals is the

- A) Association for Computing Machinery Code of Ethics.
- B) Computer Users Code of Ethics.
- C) Association of Digital Code of Ethics.
- D) ICCA Code of Ethics.

Answer: <https://biology-forums.com/index.php?topic=278972>

Question 355

_____ is the look and feel of the computing experience from a human point of view.

- A) RAM resident portion
- B) Device driver
- C) Application
- D) User interface

Answer: <https://biology-forums.com/index.php?topic=279559>

Question 356

Match the following function names with what they do.

- I. Sum
- II. Avg
- III. Where
- IV. Expression
- V. Min
- A. Locates the smallest value in a field
- B. Limits records to those that match a condition specified in the Criteria row
- C. Totals the values in a field
- D. Averages the values in a field
- E. Creates a calculated field that includes an aggregate function

Answer: <https://biology-forums.com/index.php?topic=281071>

Question 357

Application compatibility is usually defined by these two items:

- A) RAM and ROM.
- B) operating system and hardware.
- C) user interface and Internet connection.
- D) GUI and CMOS.

Answer: <https://biology-forums.com/index.php?topic=279607>

Question 358

One example of a GIS is _____.

- A) Outlook
- B) Facebook
- C) YouTube
- D) MapQuest

Answer: <https://biology-forums.com/index.php?topic=280196>

Question 359

Which department of the U.S. government developed the initial stages of the Internet?

- A) Department of Commerce
- B) Department of Defense
- C) CIA
- D) Judicial Department

Answer: <https://biology-forums.com/index.php?topic=280636>

Question 360

An example of a formula with an absolute reference is

- A) =B4*B5.
- B) =^b^4*^b^5.
- C) =@b@4*@b@5.
- D) =\$b\$4*\$b\$5.

Answer: <https://biology-forums.com/index.php?topic=279860>

Question 361

A byte can represent any number between 0 and

- A) 2.
- B) 255.
- C) 256.
- D) 1,024.

Answer: <https://biology-forums.com/index.php?topic=279041>

Question 362

The UNIVAC I was purchased by _____ and delivered to the U.S. Census Bureau in 1951.

- A) Underwood
- B) Remington Rand
- C) IBM
- D) the Germans

Answer: <https://biology-forums.com/index.php?topic=278966>

Question 363

Which type of virus uses computer hosts to reproduce itself?

- A) time bomb
- B) worm
- C) Trojan horse
- D) macro virus

Answer: <https://biology-forums.com/index.php?topic=280874>

Question 364

In C++ programming, a programmer will use double dashes (--) to mark comments.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281516>

Question 365

All of the following statements are true EXCEPT:

- A) Wireless networks are convenient for people on the move.
- B) Wireless networks are easier to install because they don't require drilling or digging.
- C) Wireless networks use radio transmitters.
- D) Wireless networks are faster than wired networks.

Answer: <https://biology-forums.com/index.php?topic=280391>

Question 366

According to the value chain model, when the value added by an activity exceeds the cost of the activity, the result is a profit for the business.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281313>

Question 367

Data _____ rate is the major difference between USB 1.0 and USB 3.0.

Answer: <https://biology-forums.com/index.php?topic=279432>

Question 368

Which of the following is NOT true regarding Google+?

- A) Users can connect with communities to meet and share with new people.
- B) Google+ was introduced in 2011.
- C) Google is different from other sites because it groups your contacts into outlines.
- D) Google+ offers its users hangouts.

Answer: <https://biology-forums.com/index.php?topic=281157>

Question 369

When multiple users who share data and hardware resources need access to one application, a _____ is necessary.

- A) mainframe
- B) server
- C) supercomputer
- D) workstation

Answer: <https://biology-forums.com/index.php?topic=278922>

Question 370

More than likely, we will see more _____ intelligence technology in future databases.

Answer: <https://biology-forums.com/index.php?topic=280379>

Question 371

A flower company working closely with a credit card company to handle the store's payment logistics is an example of a business _____.

Answer: <https://biology-forums.com/index.php?topic=281336>

Question 372

An example of an object-oriented programming language is

- A) Java.
- B) machine language.
- C) C.
- D) assembly language.

Answer: <https://biology-forums.com/index.php?topic=281473>

Question 373

Internet connections that work through the same network of coaxial cables that deliver television signals work through a _____ modem.

- A) fax
- B) satellite
- C) cable
- D) POTS

Answer: <https://biology-forums.com/index.php?topic=280483>

Question 374

The objects from which a query selects its data are referred to as the query's _____.

Answer: <https://biology-forums.com/index.php?topic=281054>

Question 375

All EXCEPT _____ are music file formats.

- A) AAC
- B) MP3
- C) WMA
- D) SWF

Answer: <https://biology-forums.com/index.php?topic=279998>

Question 376

A(n) _____ information system combines the features of MIS and DSS and supports unstructured decision making by a CEO.

Answer: <https://biology-forums.com/index.php?topic=281344>

Question 377

Excel supports _____, such as =B12*C12+D12.

Answer: <https://biology-forums.com/index.php?topic=279939>

Question 378

Information can be recovered from a hard drive even after file have been deleted.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280942>

Question 379

The special-purpose computer that allowed British military intelligence to eavesdrop on even the most secret German messages was named

- A) the Turing.
- B) the BMI.
- C) Z1.
- D) Colossus.

Answer: <https://biology-forums.com/index.php?topic=278961>

Question 380

Databases make it simple to store small quantities of information, but are not suited for large quantities of information.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280289>

Question 381

Typically, _____ are constructed out of thousands of microprocessors.

- A) mainframes
- B) supercomputers
- C) laptops
- D) personal computers

Answer: <https://biology-forums.com/index.php?topic=278986>

Question 382

All of the following types of software can be legally copied and shared freely EXCEPT:

- A) copyrighted software.
- B) public domain software.
- C) Download.com
- D) open-source software.

Answer: <https://biology-forums.com/index.php?topic=279600>

Question 383

Documents converted to _____ can be published to the Web.

- A) a .docx file

- B) HTML
- C) .xlsx format
- D) machine language

Answer: <https://biology-forums.com/index.php?topic=279740>

Question 384

A(n) _____ server accepts, prioritizes, and processes requests to create hard copies of documents from many computers.

Answer: <https://biology-forums.com/index.php?topic=280575>

Question 385

The combination of CAD and _____ programs is a major step toward a fully automated factory.

- A) CAM
- B) PDF
- C) desktop publishing
- D) NLE

Answer: <https://biology-forums.com/index.php?topic=280038>

Question 386

YouTube is an example of a popular _____ website.

Answer: <https://biology-forums.com/index.php?topic=281119>

Question 387

_____ can interpret voice data into words that can be understood by the computer.

- A) Speech input hardware
- B) Talking software
- C) Word recognition software
- D) Speech recognition software

Answer: <https://biology-forums.com/index.php?topic=279288>

Question 388

Using full color in desktop publishing can be challenging because

- A) it is hard to find colors that an organization wants to use.
- B) the designer must work with inconsistencies of different output devices.
- C) palettes are expensive to purchase.
- D) special training is needed to use more than one color in desktop publishing software.

Answer: <https://biology-forums.com/index.php?topic=279847>

Question 389

Perl, Python, ASP, and _____ are programming languages designed for building server-side scripts or programs.

Answer: <https://biology-forums.com/index.php?topic=280828>

Question 390

The most successful natural-language applications

- A) involve computers having meaningful conversations with humans.
- B) use narrow, carefully defined domains.
- C) keep rules very flexible and variable.
- D) include a lot of trial and error.

Answer: <https://biology-forums.com/index.php?topic=281593>

Question 391

Program instructions are represented in binary notation through the use of

- A) buzzwords.
- B) pacts.
- C) sets.
- D) codes.

Answer: <https://biology-forums.com/index.php?topic=279087>

Question 392

The most direct output for composers and performers

- A) is a webcam.
- B) are speakers.
- C) are CDs.
- D) is an iPod.

Answer: <https://biology-forums.com/index.php?topic=280065>

Question 393

A high-end desktop computer with massive computing power, which is used for computationally intensive interactive applications such as large-scale scientific data analysis, is called a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279016>

Question 394

A security _____ is a software program that closes possible security breaches in the operating system.

Answer: <https://biology-forums.com/index.php?topic=280981>

Question 395

The term _____ refers to a combination of text, graphics, animation, video, music, voice, and sound effects used to communicate a message.

- A) multitasking
- B) hyperlinking
- C) multicasting
- D) multimedia

Answer: <https://biology-forums.com/index.php?topic=280010>

Question 396

The _____ Revolution ushered in the industrial age.

Answer: <https://biology-forums.com/index.php?topic=279012>

Question 397

Software that allows different levels of security per user is known as access-control software.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280954>

Question 398

_____ fonts, such as Times, are embellished with fine lines at the end of the main strokes of each character.

Answer: <https://biology-forums.com/index.php?topic=278872>

Question 399

Database queries must be

- A) contiguous.
- B) unambiguous.
- C) based on reports.
- D) filtered.

Answer: <https://biology-forums.com/index.php?topic=280191>

Question 400

A bit can have two values:

- A) bit and byte.
- B) 0 and 1.
- C) 2 and 4.
- D) 1 and 2.

Answer: <https://biology-forums.com/index.php?topic=279037>

Question 401

Backup media include all of the following EXCEPT:

- A) external hard drives.
- B) CD-ROMs.
- C) USB drives.
- D) DVD-Rs.

Answer: <https://biology-forums.com/index.php?topic=278858>

Question 402

The name for harassment on the Internet is

- A) cyberstalking.
- B) cyberpersecution.
- C) cyberdenigration.
- D) cyberhounding.

Answer: <https://biology-forums.com/index.php?topic=280854>

Question 403

_____ programs search for and eliminate viruses.

Answer: <https://biology-forums.com/index.php?topic=280979>

Question 404

A logical group of 8 bits is also known as a(an)

- A) hexadecimal code.
- B) octet.
- C) port.
- D) unique.

Answer: <https://biology-forums.com/index.php?topic=279084>

Question 405

The number of bits a CPU can process simultaneously is the CPU's _____ size.

Answer: <https://biology-forums.com/index.php?topic=279192>

Question 406

When the output of one subsystem is used as input for another subsystem, the two systems have a shared

- A) memory.
- B) boundary.
- C) EDI.
- D) critical path.

Answer: <https://biology-forums.com/index.php?topic=281251>

Question 407

Users post _____ on the Flickr Web site.

- A) songs
- B) music videos
- C) photographs
- D) movies

Answer: <https://biology-forums.com/index.php?topic=278889>

Question 408

Unlike optical storage, magnetic tape can store massive amounts of information in a small space at a relatively low cost.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279428>

Question 409

Real estate agents can use a(n) _____ to view property data with extra information (such as schools, owner information, and city limits).

- A) GIS
- B) MIS
- C) EDI
- D) DSS

Answer: <https://biology-forums.com/index.php?topic=281293>

Question 410

An example of B2C is

- A) a company buying computers for employees.
- B) Walmart buying pet food directly from the manufacturer, Iams.
- C) a student buying a textbook from Amazon's Web site.

D) a hotel buying beds from a manufacturer.

Answer: <https://biology-forums.com/index.php?topic=281367>

Question 411

This is a tool that you would use to enter your handwriting into a tablet PC:

- A) stylus.
- B) track stick.
- C) pen.
- D) pointer.

Answer: <https://biology-forums.com/index.php?topic=279366>

Question 412

In the _____ age, most people earn their living working with words, numbers, and ideas.

Answer: <https://biology-forums.com/index.php?topic=279013>

Question 413

Magnetic devices such as the _____ diskette have all but disappeared due to the advances in optical disc and flash memory storage technology.

Answer: <https://biology-forums.com/index.php?topic=279485>

Question 414

The Code Red worm attacked

- A) UNIX operating systems.
- B) Microsoft Word.
- C) Microsoft server software.
- D) personal computers.

Answer: <https://biology-forums.com/index.php?topic=280879>

Question 415

All of the following are true about object-oriented databases EXCEPT:

- A) they can associate actions with objects, for example, the ability to generate a thumbnail from an image.
- B) many computer scientists believe relational databases will be replaced by object-oriented databases.
- C) they save time by reusing objects.
- D) they can not store and receive unstructured data, such as audio and video clips.

Answer: <https://biology-forums.com/index.php?topic=280269>

Question 416

In the early nineteenth century, a "computer" was

- A) not considered useful.
- B) paper used to perform calculations.
- C) a person who performed calculations.
- D) unreliable.

Answer: <https://biology-forums.com/index.php?topic=278957>

Question 417

Replicating the knowledge of an engineer for training of new employees is a good use of a(n) _____ system.

Answer: <https://biology-forums.com/index.php?topic=281343>

Question 418

_____ and ELIZA are two systems which produced English language output without really understanding it.

Answer: <https://biology-forums.com/index.php?topic=281630>

Question 419

Which of the following is NOT true about determining system requirements?

- A) System requirements pertain to the minimum hardware and software specifications required to run a software application.
- B) You can verify that you have enough free space in Windows 8 by opening Internet Explorer.
- C) For most software you buy in a store, you will need a DVD drive to perform the installation.
- D) On a Windows computer, one of the easiest ways to obtain the system information you need is to open the System Control Panel window.

Answer: <https://biology-forums.com/index.php?topic=281092>

Question 420

Which of the following is NOT true about Google Docs?

- A) The Google Docs application runs completely online, so no downloads are required.
- B) With Google Docs you can share files with others in real time for collaboration.
- C) With Google Docs you can access files and folders from any computer, with or without an Internet connection.
- D) Documents can be created by using Google Docs or can be uploaded to Google Docs if they are created by using something else.

Answer: <https://biology-forums.com/index.php?topic=281142>

Question 421

At the most basic level, a computer processes software instructions in a native _____ language.

Answer: <https://biology-forums.com/index.php?topic=279669>

Question 422

Match the following terms with their definition.

- I. Accounting software
- II. Finance software
- III. DMS
- IV. Document management
- V. Project management software
- A. Microsoft SharePoint, KnowledgeTree, and Alfresco
- B. Intuit QuickBooks and Sage Peachtree
- C. The leading web-based application is Basecamp
- D. The ability to save, share, search, and audit electronic documents
- E. Keep track of your bank accounts and monitor investments

Answer: <https://biology-forums.com/index.php?topic=281134>

Question 423

A(n) _____ network, also known as a wireless network, connects computers using radio or infrared transmitters connected to network ports.

Answer: <https://biology-forums.com/index.php?topic=280554>

Question 424

When a participant in a chat room represents himself using a cartoon character, he is using a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=280591>

Question 425

One billion clock cycles per second is

- A) gigahertz.
- B) hertz.
- C) Mbits.
- D) megahertz.

Answer: <https://biology-forums.com/index.php?topic=279107>

Question 426

A _____ font, such as Courier, produced characters that always take up the same amount of space.

Answer: <https://biology-forums.com/index.php?topic=278871>

Question 427

_____ refers to the quantity of data that can be transmitted through a communication medium in a given amount of time.

- A) Attenuation
- B) Megahertz
- C) Bandwidth
- D) Ethernet

Answer: <https://biology-forums.com/index.php?topic=280425>

Question 428

A parent may install _____ software to keep children from viewing offensive and inappropriate Web content.

Answer: <https://biology-forums.com/index.php?topic=281238>

Question 429

A(n) _____ program translates all Windows-related instructions into instructions the Mac's operating system and CPU can understand.

- A) Macintosh
- B) emulation
- C) translation
- D) iOS

Answer: <https://biology-forums.com/index.php?topic=279619>

Question 430

If a user needs information instantly available to the CPU, it should be stored

- A) in the CPU.
- B) in RAM.
- C) in secondary storage.
- D) on a USB device.

Answer: <https://biology-forums.com/index.php?topic=279032>

Question 431

A touchpad responds to

- A) light.
- B) pressure.
- C) clicking.
- D) the sense of heat from fingertips.

Answer: <https://biology-forums.com/index.php?topic=279262>

Question 432

Which of the following statements best reflects the purpose of publishing?

- A) Publishing is a competitive business; therefore, you should use a lot of bells and whistles on your documents.
- B) Use as much technology as possible regardless of the outcome.
- C) Communication is important in publishing.
- D) It is most important to keep costs down in the publishing industry.

Answer: <https://biology-forums.com/index.php?topic=279845>

Question 433

An advantage that LCD monitors have over CRT monitors is that LCDs are

- A) used only on laptops.
- B) more difficult to steal because they are considerably larger.
- C) less expensive.
- D) use less energy.

Answer: <https://biology-forums.com/index.php?topic=279300>

Question 434

The binary system uses the power of

- A) 10.
- B) 4.
- C) 256.
- D) 2.

Answer: <https://biology-forums.com/index.php?topic=279040>

Question 435

A(n) _____ converts a message from digital to analog or from analog to digital.

- A) hub
- B) modem
- C) switch
- D) port

Answer: <https://biology-forums.com/index.php?topic=280439>

Question 436

Programming objects on the screen to react or behave in specific ways under specific circumstances is called _____ authoring.

Answer: <https://biology-forums.com/index.php?topic=280148>

Question 437

Hackers who hijack legitimate Web sites and redirect users to other sites are called

- A) hackers.
- B) Trojan horses.
- C) Webjackers.
- D) denial-of-service attackers.

Answer: <https://biology-forums.com/index.php?topic=280906>

Question 438

When a company opens their intranet to clients, customers, and suppliers, they are creating a(n)

- A) intranet.
- B) extranet.
- C) mesh network.
- D) local area network.

Answer: <https://biology-forums.com/index.php?topic=281023>

Question 439

The device or program that forwards messages between networks is known as a

- A) bridge.
- B) router.
- C) backbone.
- D) gateway.

Answer: <https://biology-forums.com/index.php?topic=280407>

Question 440

Computer-aided systems engineering tools generally include charting and diagramming tools to draw system flowcharts and data flow diagrams.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281525>

Question 441

A compiler translates the source code of a program to machine language one statement at a time.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281517>

Question 442

Sophisticated software is essential for a computer to recognize handwriting.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279879>

Question 443

Computer memory or primary memory is also known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=279197>

Question 444

Yahoo!, MSN, and AOL/Netscape are examples of _____.

- A) servers
- B) ISPs
- C) Web directories
- D) portals

Answer: <https://biology-forums.com/index.php?topic=280726>

Question 445

_____ memory is a type of erasable memory chip that is low energy, quiet, and portable.

Answer: <https://biology-forums.com/index.php?topic=279469>

Question 446

All e-mail addresses consist of a user name, followed by the @ sign, followed by a host address.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280744>

Question 447

Before a computer can recognize handwriting, an input device must

- A) be programmed.
- B) optimize the information.
- C) digitize the information.
- D) show the information on a screen.

Answer: <https://biology-forums.com/index.php?topic=279281>

Question 448

The field of AI called _____ includes fingerprint identification, handwriting recognition, and weather forecasting.

- A) pattern recognition
- B) expert systems
- C) parsing
- D) fuzzy logic

Answer: <https://biology-forums.com/index.php?topic=281603>

Question 449

ARPANET was funded by _____.

- A) the U.S. government
- B) IBM
- C) CERN
- D) a group of interested scientists

Answer: <https://biology-forums.com/index.php?topic=280641>

Question 450

Moving image files are also referred to as _____.

Answer: <https://biology-forums.com/index.php?topic=280814>

Question 451

A management information system receives input from the

- A) EDI.
- B) CPM.
- C) DSS.
- D) TPS.

Answer: <https://biology-forums.com/index.php?topic=281290>

Question 452

Dehumanization of work is often caused by which of the following:

- A) advances in automation.
- B) the hazards of high-tech crime.
- C) the difficulty of protecting one's intellectual property in the digital age.
- D) high-tech surveillance devices.

Answer: <https://biology-forums.com/index.php?topic=278980>

Question 453

RSS-reading applications which periodically visit Web sites, examine the feeds, and display new content are known as _____.

- A) blogs
- B) aggregators
- C) plug-ins
- D) cookies

Answer: <https://biology-forums.com/index.php?topic=280711>

Question 454

The programming language _____ 3.0 incorporates 3-D character models from The Sims.

Answer: <https://biology-forums.com/index.php?topic=281231>

Question 455

Games and simulations are more than just _____ in which you play the game from the perspective of the game character and much of the action involves some sort of weapon.

Answer: <https://biology-forums.com/index.php?topic=281109>

Question 456

Translating a computer algorithm to computer program statements is known as _____.

Answer: <https://biology-forums.com/index.php?topic=281536>

Question 457

T1 connections transmit data at this speed:

- A) 1 Mbps.
- B) 1.5 Mbps.
- C) 45 Mbps.
- D) 1 Gbps.

Answer: <https://biology-forums.com/index.php?topic=280441>

Question 458

A named portion of memory whose contents is examined and changed by a computer program is called a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=281537>

Question 459

An advantage of using CAD software to create a model is that

- A) it is slower, which allows for better accuracy.
- B) it is cheaper to use.
- C) it is easier to train personnel to use.
- D) once the design is finished, it cannot be altered.

Answer: <https://biology-forums.com/index.php?topic=280026>

Question 460

The organization One Laptop Per _____ has the goal of creating a state-of-the-art laptop that costs less than \$75.

Answer: <https://biology-forums.com/index.php?topic=281247>

Question 461

In a spreadsheet, _____ are represented by numbers.

Answer: <https://biology-forums.com/index.php?topic=279911>

Question 462

Opportunities for entertainment and information exploration have been made available because

- A) PCs today have an array of audio, video, and multimedia capabilities.
- B) Intel donated money towards the exploration of multimedia.
- C) the government requires it on all PCs manufactured after 1999.
- D) Baby Boomers demanded it.

Answer: <https://biology-forums.com/index.php?topic=278983>

Question 463

A data-driven Web site is a site with content that rarely changes.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280760>

Question 464

Which of the following technologies does not make it easier for documents to be stored without loss of formatting?

- A) HTML
- B) rich-text
- C) XML

D) PDF

Answer: <https://biology-forums.com/index.php?topic=281033>

Question 465

_____ is an expert system that produces drawings of people, plants, and objects based on rules of human anatomy and behavior.

Answer: <https://biology-forums.com/index.php?topic=281634>

Question 466

In the value chain model, _____ activities include services like procurement and technology development.

Answer: <https://biology-forums.com/index.php?topic=281328>

Question 467

The CPU is also known as the

- A) microprocessor.
- B) random access memory.
- C) primary storage.
- D) microunit.

Answer: <https://biology-forums.com/index.php?topic=279029>

Question 468

Google is an example of a

- A) URL.
- B) network.
- C) Web browser.
- D) search engine.

Answer: <https://biology-forums.com/index.php?topic=278862>

Question 469

Voice recognition systems that are speaker _____ have the ability to recognize speech without being trained by the person talking.

Answer: <https://biology-forums.com/index.php?topic=281639>

Question 470

In the 1950s, the popular domain for AI research was

- A) games such as checkers and chess.
- B) home computing.
- C) calculation of census data.
- D) robotics.

Answer: <https://biology-forums.com/index.php?topic=281585>

Question 471

A(n) _____ is a combination of a MIS and DSS which helps top managers make decisions.

- A) GIS
- B) EIS
- C) EDI
- D) ES

Answer: <https://biology-forums.com/index.php?topic=281295>

Question 472

A centralized database spreads data across multiple computers.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280312>

Question 473

A pixel is a

- A) picture element or dot on a screen.
- B) point of ink on a laser-printed page.
- C) point of ink on an inkjet printed page.
- D) light beam used as an input device.

Answer: <https://biology-forums.com/index.php?topic=279303>

Question 474

The gap between information technology "haves" and "have nots" is called the _____ divide.

Answer: <https://biology-forums.com/index.php?topic=278997>

Question 475

A(n) _____ system is a software program designed to replicate the decision-making process of a human specialist.

Answer: <https://biology-forums.com/index.php?topic=281631>

Question 476

A(n) _____ is a code supplied with the license that you must enter when you install the software.

Answer: <https://biology-forums.com/index.php?topic=281128>

Question 477

When one company uses the Internet to purchase inventory items from a vendor company, it is using the _____ e-commerce model.

- A) C2C
- B) B2B
- C) B2E
- D) B2C

Answer: <https://biology-forums.com/index.php?topic=281366>

Question 478

The term _____ logic describes the use of a system to give a conclusion along with its probability of happening:

- A) fuzzy
- B) neural
- C) circular
- D) symbolic

Answer: <https://biology-forums.com/index.php?topic=281597>

Question 479

Pointing to an object and clicking the right button on the mouse will most likely generate a

- A) contextual menu.
- B) delete option.
- C) toolbar.
- D) table of options.

Answer: <https://biology-forums.com/index.php?topic=278843>

Question 480

File _____ distribute programs, media files, and other data files across LANs and the Internet.

Answer: <https://biology-forums.com/index.php?topic=280794>

Question 481

Google _____ enables users to create word processing documents, spreadsheets, presentations, forms, and drawings.

- A) Docs
- B) Wikis
- C) Blogs
- D) Sites

Answer: <https://biology-forums.com/index.php?topic=281145>

Question 482

The _____ name goes before the at sign (@) in an email address.

Answer: <https://biology-forums.com/index.php?topic=278884>

Question 483

A _____ is the fastest, most powerful computer.

Answer: <https://biology-forums.com/index.php?topic=278998>

Question 484

The acronym for a specialized database program that can store addresses and phone numbers, keep a calendar, and set alarms is _____.

Answer: <https://biology-forums.com/index.php?topic=280340>

Question 485

The use of a single color (or sometimes two) in a desktop publishing document is called _____ color.

Answer: <https://biology-forums.com/index.php?topic=279943>

Question 486

At the end of a filename, there is a(n) _____, which is a string of characters after a period that gives information on the file's origin or use.

- A) extension
- B) folder
- C) locator
- D) pointer

Answer: <https://biology-forums.com/index.php?topic=278854>

Question 487

AARON is an example of

- A) expert systems.
- B) automatic language translators.
- C) neural networks.
- D) robots.

Answer: <https://biology-forums.com/index.php?topic=281598>

Question 488

Legally, the definition of _____ property includes the results of intellectual activities in the arts, science, and industry.

Answer: <https://biology-forums.com/index.php?topic=279660>

Question 489

_____.com, the revolutionary Internet bookseller, was founded in 1995.

Answer: <https://biology-forums.com/index.php?topic=281398>

Question 490

Every host computer on the Internet has a(n) _____.

- A) similar IP address
- B) unique 15-digit number
- C) unique IP address
- D) DNS

Answer: <https://biology-forums.com/index.php?topic=280647>

Question 491

Which of the following is an example of a legacy port?

- A) parallel port
- B) USB port
- C) Ethernet port
- D) interface port

Answer: <https://biology-forums.com/index.php?topic=279336>

Question 492

The most widely used code that represents each character as a unique 8-bit code is

- A) ASCII.
- B) Unicode.
- C) binary numbering system.
- D) EBCDIC.

Answer: <https://biology-forums.com/index.php?topic=279042>

Question 493

The Chart _____ can be used in Excel to help create a pie chart.

Answer: <https://biology-forums.com/index.php?topic=279918>

Question 494

The critical success factors approach identifies the variables that are crucial for the success of the business from the top managers' point of view and identifies IT plans for systems.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281316>

Question 495

A _____ is a graphic format that can store up to 16.7 million colors.

- A) GIF
- B) JPG
- C) PNG
- D) BMP

Answer: <https://biology-forums.com/index.php?topic=281085>

Question 496

In real-time or _____ computing, users can view and change data online.

Answer: <https://biology-forums.com/index.php?topic=280357>

Question 497

_____ programming allows programmers to create large portion of programming by drawing pictures and pointing to objects.

- A) Low-level
- B) Visual
- C) Object-oriented
- D) Pascal

Answer: <https://biology-forums.com/index.php?topic=281478>

Question 498

A(n) _____ is a person who resists changes due to automation.

Answer: <https://biology-forums.com/index.php?topic=281224>

Question 499

Google provides a Web-based _____ to help you stay organized.

- A) toolbar
- B) blogger
- C) hangouts
- D) calendar

Answer: <https://biology-forums.com/index.php?topic=281149>

Question 500

Which of the following statements is true of bitmapped image-editing programs?

- A) Bitmapped image-editing programs are able to use lines and shapes and move them without affecting those objects around them.
- B) Bitmapped image-editing programs give photo editors more control over textures.
- C) Bitmapped image-editing programs are an American standard, and are not used in Europe.
- D) Bitmapped image-editing programs are generally inexpensive or free.

Answer: <https://biology-forums.com/index.php?topic=280031>

Question 501

What markup language includes all of the features of HTML and includes customized tags that give information more meaning?

- A) HTTP
- B) XML
- C) SGML
- D) applets

Answer: <https://biology-forums.com/index.php?topic=280719>

Question 502

Security procedures eliminate all risks to computers.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280940>

Question 503

When converting to a new system, the direct _____ approach involves stopping the old system and then starting the new system.

Answer: <https://biology-forums.com/index.php?topic=281569>

Question 504

The difficulty of defining and protecting intellectual property in an all-digital age refers to all of the following EXCEPT:

- A) musical recordings.
- B) software programs.
- C) personal photographs.
- D) books.

Answer: <https://biology-forums.com/index.php?topic=278985>

Question 505

Programs such as Internet Explorer that serve as navigable windows into the Web are called

- A) hypertext.
- B) networks.
- C) search engines.
- D) browsers.

Answer: <https://biology-forums.com/index.php?topic=278928>

Question 506

Three fundamental categories of software are compilers, software applications, and system software.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279633>

Question 507

A(n) _____ is the shortened name of a Web site designed to enable anyone who accesses it to contribute to, and modify, content.

Answer: <https://biology-forums.com/index.php?topic=280633>

Question 508

Browsers can be enhanced with software extensions called plug-ins.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280753>

Question 509

Which of the following Web sites was the first social networking site that allowed users to create their own personal Web pages to share words and pictures with others?

- A) Friendster
- B) Twitter
- C) MySpace
- D) Facebook

Answer: <https://biology-forums.com/index.php?topic=278940>

Question 510

The emergence of low-cost computers and the Internet make it possible for more people to access information. This may cause

- A) too much Internet traffic.
- B) total loss of computer usage for daily tasks.
- C) abuse of information for political and economic power.
- D) businesses to fail.

Answer: <https://biology-forums.com/index.php?topic=278979>

Question 511

A large corporation would use a _____ to keep records for employees and customers along with all of its inventory data.

- A) GIS
- B) spreadsheet program
- C) PIM
- D) database management system

Answer: <https://biology-forums.com/index.php?topic=280203>

Question 512

Raw video footage can be copied to a tape then to a computer through the use of a(n)

- A) FireWire port.
- B) USB port.
- C) flash drive.
- D) frame.

Answer: <https://biology-forums.com/index.php?topic=280045>

Question 513

What two federal laws establish the goal that every student has equal access to school programs and services?

- A) COPPA and IDEA
- B) ADA and COPPA
- C) IDEA and ADA
- D) COPPA and LOGO

Answer: <https://biology-forums.com/index.php?topic=281197>

Question 514

A(n) _____ system is a record-keeping system that keeps track of business dealings on a daily basis.

- A) interorganizational information
- B) executive information
- C) transaction processing
- D) expert

Answer: <https://biology-forums.com/index.php?topic=281270>

Question 515

The most common input devices include

- A) monitors and keyboards.
- B) monitors and mice.
- C) mice and keyboards.
- D) printer and mice.

Answer: <https://biology-forums.com/index.php?topic=279023>

Question 516

Acceptable behavior rules on the Internet is also known as _____.

Answer: <https://biology-forums.com/index.php?topic=280615>

Question 517

Which of the following statements about plagiarism is FALSE?

- A) The electronic availability of documents has led to plagiarism being simpler.
- B) Plagiarism is easier to detect than it was before the Internet.
- C) Plagiarism is defined as using someone else's words without giving credit.
- D) Plagiarism only happens in the educational system.

Answer: <https://biology-forums.com/index.php?topic=279826>

Question 518

Think of memory as millions of tiny storage _____, each of which can contain a single byte of information.

Answer: <https://biology-forums.com/index.php?topic=279235>

Question 519

The first part of a URL refers to the _____ that must be used to access information, for example http.

- A) protocol
- B) user name
- C) host
- D) domain

Answer: <https://biology-forums.com/index.php?topic=280704>

Question 520

The science of collecting and analyzing data is _____.

Answer: <https://biology-forums.com/index.php?topic=279929>

Question 521

When a programmer checks to see if a program functions correctly and then corrects errors, it is known as

- A) debugging.
- B) de-erroring.
- C) default-error checking.
- D) error-proofing a program.

Answer: <https://biology-forums.com/index.php?topic=279496>

Question 522

Primary storage is more commonly referred to as

- A) ROM.
- B) CPU
- C) Digital
- D) RAM

Answer: <https://biology-forums.com/index.php?topic=279031>

Question 523

_____ is the creation of custom newscasts and entertainment features, directed to well-defined groups or individuals, which are broadcast to the desktop.

Answer: <https://biology-forums.com/index.php?topic=281236>

Question 524

_____ replaced MS-DOS.

- A) Serial ATA
- B) Microsoft Windows
- C) Mouse
- D) Linux

Answer: <https://biology-forums.com/index.php?topic=279249>

Question 525

When the _____ added by an activity exceeds the cost of that activity, the result is profit for a business.

Answer: <https://biology-forums.com/index.php?topic=281326>

Question 526

_____ uses standard symbols to show the overall structure of a system, the sequence of activities in the system, and the type of media or technology used at each step.

- A) A data flow diagram
- B) A system flowchart
- C) Pseudocode
- D) A decision table

Answer: <https://biology-forums.com/index.php?topic=281503>

Question 527

Special-purpose computers use silicon chips that have the program etched into them. This hybrid of hardware and software is called

- A) programming.
- B) firmware.
- C) specialized software.
- D) embedded.

Answer: <https://biology-forums.com/index.php?topic=278927>

Question 528

In _____ language, a programmer might type a command such as SUB, and the computer would translate that to the machine level equivalent such as 10110111.

Answer: <https://biology-forums.com/index.php?topic=281550>

Question 529

Many of the jobs that have existed for hundreds of years are no longer needed due to

- A) computer crime.
- B) voice recognition software.
- C) poor ethical and moral decisions.
- D) automation.

Answer: <https://biology-forums.com/index.php?topic=278982>

Question 530

The phase of the SDLC where a decision is made to launch an investigation for a newer system is

- A) maintenance.
- B) retirement.
- C) development.
- D) implementation.

Answer: <https://biology-forums.com/index.php?topic=281487>

Question 531

A(n) _____ can shield electronic equipment from power spikes.

- A) encryption program
- B) surge protector
- C) firewall
- D) power supply

Answer: <https://biology-forums.com/index.php?topic=280922>

Question 532

Due to a need for smaller and more powerful computers, the _____ was invented and replaced transistor-based computers by the mid-1960s.

- A) keyboard
- B) RAM chip
- C) vacuum tube
- D) integrated circuit

Answer: <https://biology-forums.com/index.php?topic=278900>

Question 533

A manager at the _____ level deals with supervising the day-to-day activities of a business.

Answer: <https://biology-forums.com/index.php?topic=281338>

Question 534

Asynchronous communication is when the sender and recipient

- A) directly connect to share files.
- B) do not use the same operating system.
- C) do not have to be online at the same time.
- D) use different software but are able to communicate through the Internet.

Answer: <https://biology-forums.com/index.php?topic=280500>

Question 535

4GLs include query languages such as SQL.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281521>

Question 536

B5, C15, and BC11 are examples of

- A) cell addresses.
- B) values.
- C) database locators.
- D) worksheet page numbers.

Answer: <https://biology-forums.com/index.php?topic=279790>

Question 537

In the value chain model, primary activities support a company's secondary activities.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281312>

Question 538

The kind of information a field can hold is determined by

- A) data type.
- B) number of records in the field.
- C) field size.
- D) default value.

Answer: <https://biology-forums.com/index.php?topic=280279>

Question 539

Computer simulations allow _____, so a student can see and understand potential relationships that are otherwise difficult or impossible to see.

- A) virtualities
- B) wizards
- C) macros
- D) visualization

Answer: <https://biology-forums.com/index.php?topic=279803>

Question 540

The Google Calendar's default view is the current _____.

- A) day
- B) week
- C) month
- D) year

Answer: <https://biology-forums.com/index.php?topic=281150>

Question 541

Sites such as Flickr, MySpace, Facebook, and YouTube are collectively referred to as

- A) archives.
- B) Web 1.0.
- C) Web 2.0.
- D) online learning communities.

Answer: <https://biology-forums.com/index.php?topic=278953>

Question 542

A computer may have a(n) _____ connection to a network-cables might connect it to other computers, printers, and devices in an office or student lab.

Answer: <https://biology-forums.com/index.php?topic=278874>

Question 543

_____ fiction is a story that allows readers some control over the plot.

Answer: <https://biology-forums.com/index.php?topic=281239>

Question 544

A(n) _____ chart is used by the systems analyst to plan the schedule deadlines and determine milestones for systems development.

Answer: <https://biology-forums.com/index.php?topic=281572>

Question 545

_____ is the term used for creation of worldwide businesses and markets.

Answer: <https://biology-forums.com/index.php?topic=281225>

Question 546

Adobe Flash is a program used to create designs on-screen for products ranging from computer chips to public buildings.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280069>

Question 547

For a program to be read by the CPU, it must be loaded into

- A) memory or random access memory (RAM).

- B) the hard disk.
- C) read-only memory (ROM).
- D) the BIOS.

Answer: <https://biology-forums.com/index.php?topic=279498>

Question 548

_____ technology allows users to use multifinger or multihand gestures to accomplish complex tasks quickly.

- A) Think pad
- B) Laser
- C) Multi-touch input device
- D) Wireless mouse

Answer: <https://biology-forums.com/index.php?topic=279372>

Question 549

A value chain's primary activities include all of the following EXCEPT:

- A) marketing and sales.
- B) technology development.
- C) operations.
- D) outbound logistics.

Answer: <https://biology-forums.com/index.php?topic=281254>

Question 550

The ethical guideline, most _____ action, states, "When deciding on an action, assume the worst possible consequence and act accordingly."

Answer: <https://biology-forums.com/index.php?topic=281360>

Question 551

A _____ is a hardware device that connects a computer to a telephone line.

- A) modem
- B) router
- C) network card
- D) hub

Answer: <https://biology-forums.com/index.php?topic=280452>

Question 552

Bringing a list of names and addresses from a spreadsheet into a database program is called _____ data.

Answer: <https://biology-forums.com/index.php?topic=280330>

Question 553

When a company negotiates a contract, they are making a(n) _____ decision.

- A) structured
- B) semistructured
- C) unstructured
- D) strategic

Answer: <https://biology-forums.com/index.php?topic=281284>

Question 554

Theft of computers is most common for desktop computers.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280950>

Question 555

Storage devices include all of the following EXCEPT:

- A) a recordable CD/DVD.
- B) RAM.
- C) a hard drive.
- D) USB device.

Answer: <https://biology-forums.com/index.php?topic=279033>

Question 556

The invention of the _____ has had the greatest impact on computers.

- A) CPU
- B) RAM chip
- C) microprocessor
- D) monitor

Answer: <https://biology-forums.com/index.php?topic=278901>

Question 557

An alternative to Paypal is Google _____.

Answer: <https://biology-forums.com/index.php?topic=281406>

Question 558

What is a computer that provides software and other resources to computers over a network?

- A) server
- B) workstation
- C) calculator
- D) supercomputer

Answer: <https://biology-forums.com/index.php?topic=278920>

Question 559

Combining other people's works in to one Web page is known as a podcast.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280767>

Question 560

Both viruses and _____ use computer hosts to replicate.

Answer: <https://biology-forums.com/index.php?topic=280976>

Question 561

Computer crime often goes unreported because businesses fear negative publicity.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280946>

Question 562

Businesses may pay an annual fee to a domain name _____ company for domain names that are related closely to their organization name.

Answer: <https://biology-forums.com/index.php?topic=280806>

Question 563

Guidelines for creating a first-rate PowerPoint presentation include all of the following EXCEPT:

- A) don't use all capital letters.
- B) focus each slide on one idea.
- C) limit yourself to seven lines per slide.
- D) use a large variety and quantity of fonts.

Answer: <https://biology-forums.com/index.php?topic=279972>

Question 564

As of December 2012, _____ users had created a Google+ profile.

Answer: <https://biology-forums.com/index.php?topic=281172>

Question 565

_____ is an iterative process in which the systems analyst uses a limited working system to show users how the completed system will work.

Answer: <https://biology-forums.com/index.php?topic=281564>

Question 566

In a database, a _____ field shows results of calculations performed on data in other numeric fields.

- A) configured
- B) concatenated
- C) key

D) computed

Answer: <https://biology-forums.com/index.php?topic=280174>

Question 567

Bill Gates was the original developer of the World Wide Web.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280751>

Question 568

The temporary area where a user can store text and other data that can be pasted to another location is known as

- A) the Clipboard.
- B) ROM.
- C) the hard disk.
- D) the printer.

Answer: <https://biology-forums.com/index.php?topic=278850>

Question 569

_____ television is seen as the next step in television, where social networks, smart remotes, and multiway video-conferencing will be tied to television shows.

Answer: <https://biology-forums.com/index.php?topic=281241>

Question 570

A bitmapped graphic is also called a(n) _____ graphic.

- A) vector
- B) raster
- C) animated
- D) digital

Answer: <https://biology-forums.com/index.php?topic=279964>

Question 571

Internet usage in this country will dramatically decline in the future.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=278988>

Question 572

Structured programming is generally less popular nowadays than object-oriented programming.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281520>

Question 573

_____ -room programming is a new experimental approach to software development that combines formal notation, proofs of correctness, and statistical quality control.

Answer: <https://biology-forums.com/index.php?topic=281582>

Question 574

One site that facilitates C2C commerce is

- A) eBay.
- B) Google.
- C) Walmart.
- D) United Airlines.

Answer: <https://biology-forums.com/index.php?topic=281368>

Question 575

Microsoft's Surface, a computer embedded in a table with a large touch-sensitive tabletop that serves as the monitor, is based on this type of technology

- A) historical.
- B) futuristic.
- C) multi-touch.
- D) laser-touch.

Answer: <https://biology-forums.com/index.php?topic=279373>

Question 576

During the _____ age, the U.S. educational system was developed.

- A) agricultural
- B) information
- C) mechanical
- D) industrial

Answer: <https://biology-forums.com/index.php?topic=281189>

Question 577

When both margins are ragged, the document contains

- A) left justification.
- B) center justification.
- C) full justification.
- D) right justification.

Answer: <https://biology-forums.com/index.php?topic=279737>

Question 578

An example of _____ analysis is calculating the best price to charge for a product.

Answer: <https://biology-forums.com/index.php?topic=281348>

Question 579

A Web _____ is functionally similar to a newsgroup but it's instead built on a Web application accessed through a Web browser.

Answer: <https://biology-forums.com/index.php?topic=280622>

Question 580

Creating form letters that appears to be personally addressed with customized content can be done using the _____ feature.

- A) mail merge
- B) database
- C) letter generator
- D) collaboration

Answer: <https://biology-forums.com/index.php?topic=279762>

Question 581

Printer fonts are stored in the

- A) RAM of the computer system.
- B) ROM of the computer system.
- C) hard drive.
- D) ROM of the printer.

Answer: <https://biology-forums.com/index.php?topic=279747>

Question 582

All of the following were items that helped move the market past the 2000 dot-com bust EXCEPT:

- A) technology better supports dialup connections.
- B) an increase of broadband into peoples homes.
- C) technology better supports instant feedback to customers.
- D) technology better supports media-rich Web sites.

Answer: <https://biology-forums.com/index.php?topic=281363>

Question 583

Three technological trends are already changing the way people think about and use computer peripherals:

- A) wireless technology, computer networks, and tablets.
- B) computer networks, FireWire and the Internet "cloud."
- C) wireless technology, SATA and the Internet "cloud."
- D) wireless technology, computer networks, and the Internet "cloud."

Answer: <https://biology-forums.com/index.php?topic=279354>

Question 584

Drum _____ are high-end devices that are used by museums and high-end publishing where image quality is critical.

Answer: <https://biology-forums.com/index.php?topic=279476>

Question 585

When the operating system requests an application program to be executed, it is temporarily stored in memory, also known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=279692>

Question 586

Painting software creates pixels on a screen using a keyboard.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280076>

Question 587

Transaction processing is a cyclical process involving entering data, processing data, storing and updating data, preparing documents and reports, and utilizing user _____.

Answer: <https://biology-forums.com/index.php?topic=281331>

Question 588

For a _____ network to learn to recognize a pattern, it goes through many trials, weakening the circuit pattern for incorrect guesses and strengthening circuit patterns for correct guesses.

- A) cerebral
- B) mesh
- C) neural
- D) robotic

Answer: <https://biology-forums.com/index.php?topic=281610>

Question 589

Early work in _____ focused on games such as checkers and chess.

Answer: <https://biology-forums.com/index.php?topic=281621>

Question 590

Resource _____ is the process of selecting the information system projects in which to invest time and money.

Answer: <https://biology-forums.com/index.php?topic=281353>

Question 591

Techniques that were used in films such as Up and Avatar have pioneered efforts in live action and

- A) augmented reality.
- B) virtual reality.
- C) 3-D animation.
- D) data compression.

Answer: <https://biology-forums.com/index.php?topic=280033>

Question 592

Spreadsheet programs are good at answering " _____ " questions, for example, "If B2 is greater than 60, pass, otherwise, fail."

- A) Why Not
- B) How Come
- C) What If
- D) Can I

Answer: <https://biology-forums.com/index.php?topic=279873>

Question 593

An advantage that impact printers have over nonimpact printers is that impact printers

- A) are quieter than nonimpact printers.
- B) can print multipart forms.
- C) are much less expensive.
- D) are smaller than nonimpact printers.

Answer: <https://biology-forums.com/index.php?topic=279305>

Question 594

_____ processing gathers data and processes it later.

- A) Real-time
- B) Transaction
- C) Batch
- D) Entry specific

Answer: <https://biology-forums.com/index.php?topic=281276>

Question 595

An artist can use _____ software to draw, rotate, stretch, and combine model objects inside a complex "walk through" environment.

- A) 3-D modeling
- B) presentation-graphics
- C) photo management
- D) vector graphics

Answer: <https://biology-forums.com/index.php?topic=279968>

Question 596

The visionary research at XEROX more than three decades ago defined many of the essential qualities of today's PCs. Who was the person responsible for this research?

- A) Wright
- B) Kay
- C) Edison
- D) Moore

Answer: <https://biology-forums.com/index.php?topic=278976>

Question 597

The process of the CPU accessing an instruction of a program is known as _____.

Answer: <https://biology-forums.com/index.php?topic=279667>

Question 598

The traditional QWERTY keyboard has been shown to cause

- A) relaxation-caused injuries.
- B) repetitive-related sores.
- C) ergonomic vein problems.
- D) repetitive-stress injuries.

Answer: <https://biology-forums.com/index.php?topic=279253>

Question 599

A recent development in the software industry is _____ software, which allows users to make up custom applications using only the features they will need.

Answer: <https://biology-forums.com/index.php?topic=281556>

Question 600

_____ is a mix of English and a computer language used to write algorithms.

Answer: <https://biology-forums.com/index.php?topic=281535>

Question 601

_____ is the name of the famous online encyclopedia that lets anyone with an Internet connection modify or add to its content.

Answer: <https://biology-forums.com/index.php?topic=280595>

Question 602

Data _____ uses artificial intelligence and statistical methods to find hidden predictive information, including trends and patterns, in databases.

Answer: <https://biology-forums.com/index.php?topic=280366>

Question 603

The storage area for email messages is also referred to as a(n)

- A) URL.

- B) mailbox.
- C) directory.
- D) hard disk.

Answer: <https://biology-forums.com/index.php?topic=278865>

Question 604

MIS specialists apply the theoretical concepts of computer science to real-world, practical business problems.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281527>

Question 605

The science of creating work environments that are safe and efficient for workers is known as

- A) ergocentric.
- B) ectonomics.
- C) ergonomics.
- D) environmental.

Answer: <https://biology-forums.com/index.php?topic=279318>

Question 606

Most successful B2C Web sites offer all of the following EXCEPT:

- A) personalization.
- B) customization.
- C) product support forums.
- D) product creation.

Answer: <https://biology-forums.com/index.php?topic=281380>

Question 607

When a person uses language such as ordinary English to query a database, it is known as a(n) _____ language query.

- A) low-level
- B) object-oriented
- C) natural
- D) XML

Answer: <https://biology-forums.com/index.php?topic=280229>

Question 608

_____ feasibility determines if the cost for the proposed system will be offset by the anticipated benefits.

Answer: <https://biology-forums.com/index.php?topic=281561>

Question 609

Match the following terms with their description.

- I. iOS device
- II. Podcast
- III. Cloud computing
- IV. Cloud storage
- V. Cloud
- A. Prerecorded radio- and TV-like shows
- B. Applications and services that are accessed over the Internet
- C. iPod, iPhone, or iPad
- D. The Internet
- E. You can access your data from different places or devices

Answer: <https://biology-forums.com/index.php?topic=281141>

Question 610

A CD-ROM drive is the oldest type of optical drive.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279424>

Question 611

A USB port allows a user to

- A) connect up to 126 devices.
- B) add hardware through more advanced expansion slots.
- C) install software in a matter of seconds.
- D) add an additional monitor and printer simultaneously.

Answer: <https://biology-forums.com/index.php?topic=279343>

Question 612

_____ are people who hijack legitimate Web pages and redirect users to other sites.

Answer: <https://biology-forums.com/index.php?topic=280991>

Question 613

Using Internet applications differs from using PC applications because the Internet is based on a _____ model.

- A) login
- B) distributed server
- C) digital server
- D) client/server

Answer: <https://biology-forums.com/index.php?topic=280687>

Question 614

Electronica is sequenced music that is designed from the ground up with _____ audio technology.

Answer: <https://biology-forums.com/index.php?topic=280132>

Question 615

A(n) _____ is a collection of related information stored electronically.

Answer: <https://biology-forums.com/index.php?topic=280316>

Question 616

Networks of zombie computers are also known as _____.

Answer: <https://biology-forums.com/index.php?topic=280993>

Question 617

A(n) _____ is a device or program used to push traffic through a series of networks.

Answer: <https://biology-forums.com/index.php?topic=280546>

Question 618

Controllers with force feedback, also known as _____ feedback, can receive signals from a computer and give tactile feedback—jolts, scrapes, and bumps—that matches the visual output of the game or simulation.

Answer: <https://biology-forums.com/index.php?topic=279483>

Question 619

The most widely used data recovery technique is making regular backups.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280958>

Question 620

Engelbart is widely recognized for his vision of a

- A) keyboard.
- B) mouse.
- C) monitor.
- D) multiprocessor system.

Answer: <https://biology-forums.com/index.php?topic=279812>

Question 621

The type of monitor used on laptop computers is a liquid _____ display.

Answer: <https://biology-forums.com/index.php?topic=279448>

Question 622

Match the following terms with their description.

- I. Word processor
 - II. Spreadsheet application
 - III. Three-dimensional spreadsheet
 - IV. DBMS
 - V. PIM
 - A. create, edit, and format text documents
 - B. Microsoft Outlook
 - C. Can have multiple worksheets that are linked together
 - D. Microsoft Access
 - E. Electronic worksheets composed of rows and columns
- Answer: <https://biology-forums.com/index.php?topic=281133>

Question 623

Which statement is NOT true regarding antivirus programs?

- A) They are designed to search for and remove viruses.
- B) They will notify users when a virus is found.
- C) They always detect every virus on a PC.
- D) They must be updated to remain effective.

Answer: <https://biology-forums.com/index.php?topic=280894>

Question 624

A(n) _____ information system has many components including an internal operations database, analytical models, and external databases.

Answer: <https://biology-forums.com/index.php?topic=281345>

Question 625

The _____ phase of the SDLC includes end-user education and training, equipment replacement, and file conversion.

- A) implementation
- B) maintenance
- C) development
- D) design

Answer: <https://biology-forums.com/index.php?topic=281498>

Question 626

The Outline View that is built into Microsoft Word could be seen as

- A) making tasks more time consuming.
- B) an idea processor.
- C) something to make mail merge easier.
- D) a collaboration tool.

Answer: <https://biology-forums.com/index.php?topic=279825>

Question 627

Connecting a computer to a telephone line requires a hardware device called a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=280562>

Question 628

Adobe Flash and Microsoft Silverlight both can be used to create media-rich Web components.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280764>

Question 629

The scrambling of code in an email message can be done using

- A) cryptography.
- B) programming.
- C) auditing.
- D) decryption.

Answer: <https://biology-forums.com/index.php?topic=280916>

Question 630

ASCII is a subset of this larger coding scheme:

- A) ASCII 2..
- B) lingo.
- C) EBCDIC.
- D) Unicode.

Answer: <https://biology-forums.com/index.php?topic=279089>

Question 631

Most publications in desktop publishing are printed using at least

- A) 600 dpi.
- B) 450 dpi.
- C) 900 dpi.
- D) 1,200 dpi.

Answer: <https://biology-forums.com/index.php?topic=279849>

Question 632

Most new computers do not come with

- A) CD-ROM drives.
- B) DVD drives.
- C) floppy drives.
- D) internal hard drives.

Answer: <https://biology-forums.com/index.php?topic=279328>

Question 633

The bulk of the production process for a book or magazine is done using _____ publishing software.

Answer: <https://biology-forums.com/index.php?topic=279897>

Question 634

A three-minute song takes about _____ of space on a compact disc.

- A) 5 gigabytes
- B) 30 megabytes
- C) 15 gigabytes
- D) 300 kilobytes

Answer: <https://biology-forums.com/index.php?topic=280058>

Question 635

Database technology increases privacy threats due to all of the following technologies EXCEPT:

- A) surveillance satellites.
- B) standalone computers.
- C) RFID chips.
- D) workplace monitoring.

Answer: <https://biology-forums.com/index.php?topic=280275>

Question 636

A(n) _____ TPS records employee work hours and produces paychecks.

Answer: <https://biology-forums.com/index.php?topic=281330>

Question 637

A company creates a(n) _____ barrier when it develops a new product that a competitor has difficulty imitating.

Answer: <https://biology-forums.com/index.php?topic=281349>

Question 638

The academic discipline of _____ includes programming, engineering, database management, graphic design, learning artificial intelligence, and creating and working with networks.

Answer: <https://biology-forums.com/index.php?topic=281578>

Question 639

The Internet is controlled by _____.

- A) the U.S. government
- B) IBM, Intel, and Microsoft

- C) no one in particular
- D) the U.S. taxpayers

Answer: <https://biology-forums.com/index.php?topic=280642>

Question 640

A business alliance linking systems of several companies who are in the same industry is called a(n) _____ network.

- A) ERP
- B) outsourced
- C) industrial
- D) transborder

Answer: <https://biology-forums.com/index.php?topic=281282>

Question 641

The following calculating tool had an immediate and profound effect on the human race:

- A) abacus
- B) mandrel
- C) handicraft
- D) lathe

Answer: <https://biology-forums.com/index.php?topic=278955>

Question 642

_____ servers store Web pages and send them to Web browsers as requested.

Answer: <https://biology-forums.com/index.php?topic=280804>

Question 643

Each still picture in a video, known as a(n) _____, is displayed by the computer in rapid succession to create the appearance of motion.

Answer: <https://biology-forums.com/index.php?topic=280120>

Question 644

If a word processor shows you the words on screen formatted almost exactly as they appear on the printed page, it has _____.

- A) WYSIWYG
- B) macros
- C) TrueType
- D) justification

Answer: <https://biology-forums.com/index.php?topic=279731>

Question 645

_____ are professionally designed documents included with a program.

Answer: <https://biology-forums.com/index.php?topic=279899>

Question 646

T1 and T3 connections are considered _____ connections.

- A) direct
- B) dial-up
- C) DSL
- D) slow-speed

Answer: <https://biology-forums.com/index.php?topic=280520>

Question 647

Popular page-layout software includes all of the following EXCEPT:

- A) QuarkXPress.
- B) PageMaker.
- C) PowerPoint.
- D) InDesign.

Answer: <https://biology-forums.com/index.php?topic=279772>

Question 648

Over _____ were spent by businesses and government to repair problems in regard to Y2K.

- A) 1 trillion dollars

- B) 100 million dollars
- C) 1 billion dollars
- D) 100 billion dollars

Answer: <https://biology-forums.com/index.php?topic=280936>

Question 649

Computers can threaten our privacy, security, and way of life.
[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=278990>

Question 650

_____ Corp. is responsible for manufacturing the Pentium family of processors.

Answer: <https://biology-forums.com/index.php?topic=279237>

Question 651

Unlike optical storage, magnetic tape is

- A) laser read.
- B) random.
- C) sequential.
- D) written with a laser beam.

Answer: <https://biology-forums.com/index.php?topic=279324>

Question 652

An intentionally disruptive program that spreads either from program-to-program or from disk-to-disk is known as a

- A) Trojan horse.
- B) virus.
- C) worm.
- D) botnet.

Answer: <https://biology-forums.com/index.php?topic=280868>

Question 653

In a data flow diagram, data flow is indicated by a(n)

- A) rectangle.
- B) square.
- C) circle.
- D) arrow.

Answer: <https://biology-forums.com/index.php?topic=281507>

Question 654

One function of information technology is _____, the process of sending data to various locations.

- A) acquisition
- B) processing
- C) transmission
- D) storage

Answer: <https://biology-forums.com/index.php?topic=281265>

Question 655

You can use a file-management utility to see the location of a file or folder in a storage device's hierarchy and view its pathname.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279646>

Question 656

_____ is a form of electronic commerce that focuses on handling activities that take place within an organization.

- A) B2C
- B) C2C
- C) B2B
- D) B2E

Answer: <https://biology-forums.com/index.php?topic=281379>

Question 657

An electronic _____ is a workplace where employees experience poor working conditions, low wages, and repetitive stress injuries.

Answer: <https://biology-forums.com/index.php?topic=281223>

Question 658

_____ -oriented databases do not store records in tables and hierarchies; they store instances of a class.

Answer: <https://biology-forums.com/index.php?topic=280368>

Question 659

_____ movies feature one or more characters or plot lines that are controlled by viewers.

Answer: <https://biology-forums.com/index.php?topic=281245>

Question 660

_____ is the standard query language that is used to find information in a database.

- A) SQL
- B) C++
- C) Assembly
- D) LISP

Answer: <https://biology-forums.com/index.php?topic=281483>

Question 661

Downloadable fonts are stored in the printer.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279877>

Question 662

Which of the following domains is restricted?

- A) .org
- B) .net
- C) .edu
- D) .info

Answer: <https://biology-forums.com/index.php?topic=280685>

Question 663

Internet-based companies are often referred to as

- A) CRMs.
- B) brick-and-mortar companies.
- C) SEOs.
- D) dot-coms.

Answer: <https://biology-forums.com/index.php?topic=281365>

Question 664

RAID is a collection of Internet-based disks that serve to back up a hard drive.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280960>

Question 665

Each unique Internet addresses had an applet.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280740>

Question 666

An example of an IP _____ might be 192.168.17.22.

Answer: <https://biology-forums.com/index.php?topic=280782>

Question 667

A search string such as "universities AND Mexico AND NOT New" is an example of _____ logic.

Answer: <https://biology-forums.com/index.php?topic=280816>

Question 668

_____ refers to how customers rate the output of an organization's value chain.

- A) Inventory
- B) Sales
- C) Procurement
- D) Effectiveness

Answer: <https://biology-forums.com/index.php?topic=281261>

Question 669

_____ are hardware devices or software programs that direct messages as they travel between networks.

- A) Routers
- B) Modems
- C) Satellites
- D) Ports

Answer: <https://biology-forums.com/index.php?topic=280423>

Question 670

Digital video can basically be reduced to a series of

- A) letters.
- B) numbers.
- C) streams.
- D) logistics.

Answer: <https://biology-forums.com/index.php?topic=280047>

Question 671

OCR is

- A) hardware.
- B) firmware.
- C) an output device.
- D) software.

Answer: <https://biology-forums.com/index.php?topic=279278>

Question 672

If the computer is on and the computer is running properly, the _____ must be active and running.

- A) BIOS instructions
- B) operating system
- C) large array of utility programs
- D) ROM

Answer: <https://biology-forums.com/index.php?topic=279539>

Question 673

In the value chain model, secondary activities include all of the following EXCEPT:

- A) procurement.
- B) management and administrative services.
- C) outbound logistics.
- D) technology development.

Answer: <https://biology-forums.com/index.php?topic=281262>

Question 674

A(n) _____-driven Web site can display dynamic content without having to constantly redesign pages due to an evolving database.

Answer: <https://biology-forums.com/index.php?topic=280824>

Question 675

A(n) _____ connects private networks from different companies, typically business partners, to remove communication barriers.

- A) intranet
- B) extranet
- C) Internet

D) LAN

Answer: <https://biology-forums.com/index.php?topic=281372>

Question 676

One part of the Internet is the World Wide _____, which contains interlinked documents made up of text and images.

Answer: <https://biology-forums.com/index.php?topic=278875>

Question 677

A(n) _____ is a collection of related information stored in a database program.

Answer: <https://biology-forums.com/index.php?topic=280320>

Question 678

In an object-oriented database, every object is an instance of a

- A) table.
- B) field.
- C) class.
- D) query.

Answer: <https://biology-forums.com/index.php?topic=280227>

Question 679

_____ means that the source code is published and made available to the public, enabling anyone to copy, modify, and redistribute it without paying fees.

Answer: <https://biology-forums.com/index.php?topic=281105>

Question 680

A program that enables users to work with one file at a time is a(n) _____ manager.

- A) personal information
- B) structure
- C) file
- D) transaction

Answer: <https://biology-forums.com/index.php?topic=280249>

Question 681

To make words, sentences, and paragraphs fit into the computer's binary only circuitry, programmers have devised codes that represent each letter, digit, and special character as a unique string of bits.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279137>

Question 682

B2B are B2C are two forms of electronic _____.

Answer: <https://biology-forums.com/index.php?topic=281219>

Question 683

Match the following terms with their description.

- I. Pixel
- II. Jaggies
- III. Image editor
- IV. Vector graphic program
- V. PostScript
- A. Seen at a high viewing level
- B. Sophisticated graphic program
- C. An automated page-description language
- D. A single point on a display screen
- E. Creates graphics that are math based

Answer: <https://biology-forums.com/index.php?topic=281137>

Question 684

A computer system is not complete without _____, which tells the hardware what to do.

Answer: <https://biology-forums.com/index.php?topic=279166>

Question 685

Laser and inkjet printers typically produce documents that have high-resolution output—usually 600 or more dots per inch.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279419>

Question 686

The typical mouse uses _____ to detect movement.

- A) microwave signals
- B) coaxial cable
- C) reflected light
- D) digital signals

Answer: <https://biology-forums.com/index.php?topic=279255>

Question 687

An organization's _____ increases when its primary and support activities produce desired output with lower costs.

- A) inventory
- B) personnel level
- C) efficiency
- D) expenses

Answer: <https://biology-forums.com/index.php?topic=281259>

Question 688

A(n) _____ translates one program statement at a time.

- A) compiler
- B) debugger
- C) parser
- D) interpreter

Answer: <https://biology-forums.com/index.php?topic=281465>

Question 689

MS-DOS stands for _____ Disk Operating System.

Answer: <https://biology-forums.com/index.php?topic=279696>

Question 690

An example of biodigital technology would be

- A) a computer chip embedded in a person's body.
- B) a chip embedded in a robot.
- C) a car with digital electronics.
- D) the use of a microscope for diagnosing a plant disease.

Answer: <https://biology-forums.com/index.php?topic=278971>

Question 691

Compilers and translators are one form of

- A) software.
- B) ROM.
- C) RAM.
- D) hardware.

Answer: <https://biology-forums.com/index.php?topic=279490>

Question 692

In an employee database, a field which multiplies an hours worked field by an hourly wage field can be calculated using a(n) _____ field.

Answer: <https://biology-forums.com/index.php?topic=280326>

Question 693

The _____ model represents transactions between end users facilitated by a third party.

- A) B2B
- B) B2C
- C) B2E

D) C2C

Answer: <https://biology-forums.com/index.php?topic=281371>

Question 694

A(n) _____ network is comprised of a few thousand simple processors working simultaneously.

Answer: <https://biology-forums.com/index.php?topic=281643>

Question 695

Companies that sell goods and services online generally have lower expenses.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281389>

Question 696

Bandwidth is measured in bits.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280528>

Question 697

All extranets are VPNs.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281390>

Question 698

With a simple _____ graphic, a single bit of computer memory represents each pixel.

- A) analog
- B) vector
- C) object-oriented
- D) bitmapped

Answer: <https://biology-forums.com/index.php?topic=279962>

Question 699

In the example <http://www.pccc.edu/cis/index.htm>, the part [/cis/index.htm](http://www.pccc.edu/cis/index.htm) is referred to as the _____ to the particular resource on the host.

Answer: <https://biology-forums.com/index.php?topic=280800>

Question 700

The main decision makers concerning enterprise computer systems and technology are known by the acronyms CTO and _____.

Answer: <https://biology-forums.com/index.php?topic=281214>

Question 701

Most sound cards have synthesizers on them.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279413>

Question 702

The wheel located between the two standard buttons on a mouse is used to

- A) click in Web pages.
- B) scroll.
- C) click and select items.
- D) jump to different Web pages.

Answer: <https://biology-forums.com/index.php?topic=279260>

Question 703

Which of the following statements is FALSE?

- A) VPNs encode information using a process called encapsulation.
- B) VPNs are less expensive than using a public network.
- C) VPNs use public networks to enable communication.
- D) A VPN is a type of extranet.

Answer: <https://biology-forums.com/index.php?topic=281377>

Question 704

As opposed to monospaced fonts, _____ spaced fonts enable more room for wide characters, such as Ws, than for narrow characters, such as Is.
Answer: <https://biology-forums.com/index.php?topic=278873>

Question 705

_____ applications combine audio, video, graphics, text, and interactivity all into one application.
Answer: <https://biology-forums.com/index.php?topic=278994>

Question 706

The _____ phase of the SDLC includes scheduling, hardware, software, and communications purchasing, documentation, and programming.
Answer: <https://biology-forums.com/index.php?topic=281565>

Question 707

The first computer language designed for developing system software (known by the acronym _____), was developed in 1960 when the U.S. government needed a new language oriented toward business data-processing problems.
Answer: <https://biology-forums.com/index.php?topic=281530>

Question 708

_____ errors are violations of the grammar rules of a programming language.
Answer: <https://biology-forums.com/index.php?topic=281545>

Question 709

In the Web address www.bbc.co.uk, "uk" is a(n) _____.
A) country code
B) protocol
C) domain name
D) file path
Answer: <https://biology-forums.com/index.php?topic=280682>

Question 710

Database technology has given us convenience in gathering data; however at the same time, many times it takes away
A) the ability to find trends in data.
B) security.
C) independence.
D) privacy.
Answer: <https://biology-forums.com/index.php?topic=280247>

Question 711

Psychologists are interested in the field known by the acronym _____ because it provides new insights into natural intelligence and the workings of the human brain.
Answer: <https://biology-forums.com/index.php?topic=281618>

Question 712

_____ produced the first 64-bit processor.
A) Pentium
B) Microsoft
C) AMD
D) Apple
Answer: <https://biology-forums.com/index.php?topic=279056>

Question 713

Which of these items is included in the guidelines of the ACM Code that might help you to decide how to "do the right thing" when faced with ethical dilemmas at school, at work, or at home?
A) Remember the golden rule.
B) It's okay if it's legal.
C) Someone else will be responsible.
D) When in doubt, don't do it.

Answer: <https://biology-forums.com/index.php?topic=278941>

Question 714

Match the following terms with their description.

- I. Query
- II. Form
- III. Report
- IV. Select query
- V. Data source
- A. Easy-to-read format suitable for printing
- B. Creates subsets of data to answer specific questions
- C. The objects from which a query selects its data
- D. A question formed in a manner that Access can answer
- E. Fields are laid out in an attractive format on the screen

Answer: <https://biology-forums.com/index.php?topic=281070>

Question 715

A spell checker may not find an error in the word "wood" when it should have been "would" because

- A) spell checkers do not find context errors.
- B) the two words are synonyms.
- C) the two words are proper nouns.
- D) the two words are not in the thesaurus.

Answer: <https://biology-forums.com/index.php?topic=279829>

Question 716

Amazon's e-book reader is known as the _____.

Answer: <https://biology-forums.com/index.php?topic=279905>

Question 717

All of the following are advantages of SQL EXCEPT:

- A) easy-to-understand statements.
- B) the ability to have code generated from DBMS GUIs.
- C) availability across many different DBMSs.
- D) the power and features are similar to C# and Java.

Answer: <https://biology-forums.com/index.php?topic=280259>

Question 718

Rules for the exchange of data between two devices are called _____.

Answer: <https://biology-forums.com/index.php?topic=280609>

Question 719

Virtual memory is broken into same-sized blocks called _____.

Answer: <https://biology-forums.com/index.php?topic=279691>

Question 720

The final phase of IT planning is

- A) IT infrastructure analysis.
- B) resource allocation.
- C) project planning.
- D) strategic planning.

Answer: <https://biology-forums.com/index.php?topic=281302>

Question 721

Sophisticated software that interprets pen movements as characters and words is called

- A) handwriting recognition.
- B) voice recognition.
- C) speech recognition.
- D) pen technology.

Answer: <https://biology-forums.com/index.php?topic=279833>

Question 722

When selling online which of the following items is not true?

- A) Don't show multiple views (pictures) of the same item.
- B) Offer varied payment options.
- C) Optimize your site so that search engines can find you.
- D) Factor the cost of transaction services into prices.

Answer: <https://biology-forums.com/index.php?topic=281383>

Question 723

A DSL connection can share signals with a telephone line.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280527>

Question 724

Organizing files in to different collections on a storage device is done by creating

- A) compression.
- B) folders.
- C) portfolios.
- D) extensions.

Answer: <https://biology-forums.com/index.php?topic=278855>

Question 725

A(n) _____ is a program that translates and transmits computer program statements one at a time.

Answer: <https://biology-forums.com/index.php?topic=281542>

Question 726

In automated factories, engineers use _____ software to design new products.

- A) CAD
- B) CBT
- C) CTO
- D) CAI

Answer: <https://biology-forums.com/index.php?topic=281009>

Question 727

The operating system is responsible for authentication and authorization.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279642>

Question 728

Each Web page has a unique address, referred to as a(n)

- A) hyperlink.
- B) uniform resource locator (URL).
- C) Web site.
- D) file name.

Answer: <https://biology-forums.com/index.php?topic=278861>

Question 729

Sectors on disk drives are grouped into

- A) clusters.
- B) cones.
- C) tracks.
- D) fragments.

Answer: <https://biology-forums.com/index.php?topic=279623>

Question 730

_____ formats rely on compression, low frame rates, and small image size to deliver your video over the Internet.

- A) AVI
- B) MPEG

- C) QuickTime
- D) Streaming video

Answer: <https://biology-forums.com/index.php?topic=281089>

Question 731

The following are considered basic components of a computer:

- A) analog and digital signals.
- B) motherboard, circuits, ports.
- C) bits and bytes.
- D) input devices, output devices, processors, memory, and storage devices.

Answer: <https://biology-forums.com/index.php?topic=279078>

Question 732

Mobile tickets, mobile coupons, and mobile purchases are examples of mobile _____ applications that will become increasingly common in the next few years.

Answer: <https://biology-forums.com/index.php?topic=281425>

Question 733

The Children's _____ of 1998 requires certain commercial Web sites to obtain parental consent before collecting, using, or disclosing personal information about children under 13.

- A) Online Privacy Protection Act
- B) Data Protection Directive
- C) Rights Bill
- D) Code of Ethics

Answer: <https://biology-forums.com/index.php?topic=281387>

Question 734

Periodic evaluation of the new system is part of the _____ phase of the SDLC.

- A) implementation
- B) maintenance
- C) development
- D) retirement

Answer: <https://biology-forums.com/index.php?topic=281500>

Question 735

The protocol used to transfer Web pages is _____.

- A) http
- B) ftp
- C) smtp
- D) dns

Answer: <https://biology-forums.com/index.php?topic=280700>

Question 736

Hardware or software designed to guard against unauthorized access to a computer network is known as a(n)

- A) router.
- B) firewall.
- C) antivirus.
- D) server.

Answer: <https://biology-forums.com/index.php?topic=280914>

Question 737

The primary output device for computers is a

- A) video monitor.
- B) printer.
- C) keyboard.
- D) mouse.

Answer: <https://biology-forums.com/index.php?topic=279026>

Question 738

Telecommuting does all of the following EXCEPT:

- A) increases the importance of geography.
- B) reduces pollution.
- C) saves time.
- D) increases productivity.

Answer: <https://biology-forums.com/index.php?topic=281180>

Question 739

The process of creating motion from still pictures is called

- A) sampling.
- B) 3-D modeling.
- C) transition.
- D) animation.

Answer: <https://biology-forums.com/index.php?topic=279977>

Question 740

Software for organizing storage and retrieval of information is a(n)

- A) record.
- B) database program.
- C) platform.
- D) data warehouse.

Answer: <https://biology-forums.com/index.php?topic=280161>

Question 741

What is it called when you can remove and replace devices without turning off your computer?

- A) Hot swapping
- B) Plug-N-Play
- C) Bay swap
- D) USB swapping

Answer: <https://biology-forums.com/index.php?topic=279340>

Question 742

The accessibility of graphics and image processing tools have brought about an increased need for

- A) visual communication skills.
- B) keyboarding skills.
- C) artistic skills.
- D) less expensive computers.

Answer: <https://biology-forums.com/index.php?topic=278981>

Question 743

A _____, also known as a PB, is the astronomical value that is equivalent to 1,024 terabytes, or 1 quadrillion bytes.

Answer: <https://biology-forums.com/index.php?topic=279230>

Question 744

Digital video technology is being replaced by analog video technology.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280084>

Question 745

_____ is a high-speed connection developed by Apple.

- A) Hot swap
- B) FireWire
- C) LAN
- D) USB

Answer: <https://biology-forums.com/index.php?topic=279345>

Question 746

Some businesses replace PCs with _____, which are low-cost, low-maintenance machines that can access network information but cannot function without a server.

- A) PDAs
- B) laptops
- C) thin clients
- D) Macs

Answer: <https://biology-forums.com/index.php?topic=281017>

Question 747

Handheld computers are also known as

- A) laptop computers.
- B) personal digital assistants.
- C) thin clients.
- D) subnotebooks.

Answer: <https://biology-forums.com/index.php?topic=278984>

Question 748

Microsoft Outlook is an example of a(n) _____, which is used to manage email, calendar, and tasks.

Answer: <https://biology-forums.com/index.php?topic=281102>

Question 749

A(n) _____ broadcasts messages to all devices connected to a LAN.

- A) switch
- B) port
- C) hub
- D) NIC

Answer: <https://biology-forums.com/index.php?topic=280393>

Question 750

Some popular _____ software extensions that add new features to Web browsers include Adobe Reader and Adobe Flash Player.

Answer: <https://biology-forums.com/index.php?topic=280823>

Question 751

All of the following are true of assembly language EXCEPT:

- A) it is a low-level language.
- B) it is used when speed and direct communication with hardware is essential.
- C) it can be used interchangeably on any machine.
- D) it is considered more difficult to write in than C++.

Answer: <https://biology-forums.com/index.php?topic=281469>

Question 752

Advanced speech recognition programs that are _____ have the ability to recognize speech without being trained by a speaker.

- A) OCR systems
- B) speaker independent
- C) digitized speech
- D) speech synthesizers

Answer: <https://biology-forums.com/index.php?topic=281606>

Question 753

The primary difference between RAM and secondary storage devices is

- A) the length of time data is stored.
- B) RAM is permanent, and secondary storage is temporary.
- C) RAM accepts input; secondary storage devices do not.
- D) the type of data that is stored in them.

Answer: <https://biology-forums.com/index.php?topic=279030>

Question 754

_____ is software for the home market combining education with entertainment.

Answer: <https://biology-forums.com/index.php?topic=281235>

Question 755

Automated factories pose the greatest threat to the employment of

- A) highly educated workers.
- B) office workers.
- C) blue-collar workers.
- D) white-collar workers.

Answer: <https://biology-forums.com/index.php?topic=281007>

Question 756

_____ that extend the functionality of mobile devices should be downloaded only from trusted sources.

Answer: <https://biology-forums.com/index.php?topic=281126>

Question 757

One main reason MySpace was created was to

- A) create personal Web sites.
- B) advertise.
- C) post photographs.
- D) hear music videos.

Answer: <https://biology-forums.com/index.php?topic=278888>

Question 758

During system design, the systems analyst uses a systems _____ with standard symbols to show the sequence of activities as well as the type of media or technology used in each step.

Answer: <https://biology-forums.com/index.php?topic=281573>

Question 759

Communicating with students in other countries and taking correspondence courses are part of

- A) CBT.
- B) telecommuting.
- C) courseware.
- D) distance education.

Answer: <https://biology-forums.com/index.php?topic=281199>

Question 760

Employees who reside in different parts of the country and need to meet regularly, can use computer technology known as

- A) video-display software.
- B) video digitizing.
- C) videoconferencing.
- D) video scanning.

Answer: <https://biology-forums.com/index.php?topic=279286>

Question 761

A _____ helps block unauthorized access to a computer.

- A) bridge
- B) VPN
- C) WEP
- D) firewall

Answer: <https://biology-forums.com/index.php?topic=280514>

Question 762

For a computer to recognize and understand analog data, it first must be

- A) sent to a mainframe for interpretation.
- B) analyzed by the ALU of the CPU.
- C) digitized.
- D) analyzed for viruses.

Answer: <https://biology-forums.com/index.php?topic=279291>

Question 763

Programs geared toward home markets that combine education and entertainment are called

- A) pointcasting.

- B) SOHO.
- C) edutainment.
- D) filtering.

Answer: <https://biology-forums.com/index.php?topic=281202>

Question 764

The project team finding the project is in violation of federal regulations are performing a(n) _____ feasibility study.

- A) organizational
- B) technical
- C) operational
- D) economic

Answer: <https://biology-forums.com/index.php?topic=281491>

Question 765

People who monitor discussions in newsgroups but do not contribute to conversation are known as _____.

Answer: <https://biology-forums.com/index.php?topic=280626>

Question 766

Facebook and MySpace users may encounter the following issues:

- A) online stalking.
- B) harassment.
- C) bullying incidents.
- D) all of the above.

Answer: <https://biology-forums.com/index.php?topic=278950>

Question 767

_____ refers to electronic trespassing or criminal hacking.

Answer: <https://biology-forums.com/index.php?topic=280984>

Question 768

One popular type of removable media is

- A) an internal hard disk.
- B) RAM.
- C) a DVD.
- D) a printer.

Answer: <https://biology-forums.com/index.php?topic=278837>

Question 769

Vacuum tubes were eventually replaced by

- A) calculating machines.
- B) laptops.
- C) chips.
- D) integrated circuits.

Answer: <https://biology-forums.com/index.php?topic=278896>

Question 770

These programs serve as tools for doing system maintenance and repairs that are not handled by the operating system:

- A) Control Panel.
- B) utility programs.
- C) Windows Explorer.
- D) user profile setters.

Answer: <https://biology-forums.com/index.php?topic=279609>

Question 771

Oracle offers support for multidimensional database products.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280314>

Question 772

In desktop publishing, the spacing between lines of text is called _____.

Answer: <https://biology-forums.com/index.php?topic=279948>

Question 773

Dial-up modem connections are sometimes called _____ connections because they don't offer much bandwidth when compared to other types of connections.

- A) narrowband
- B) smallband
- C) broadband
- D) minimal

Answer: <https://biology-forums.com/index.php?topic=280463>

Question 774

_____ photographs, drawings, text, or company logos should not be used without permission from the creator.

Answer: <https://biology-forums.com/index.php?topic=280104>

Question 775

The _____ name is the portion of an email address after the at sign (@).

Answer: <https://biology-forums.com/index.php?topic=278883>

Question 776

The following is an example of a _____ language:

Select Student_ID From Students Where Credits >= 46

- A) query
- B) Java
- C) HTML
- D) PHP

Answer: <https://biology-forums.com/index.php?topic=280192>

Question 777

A _____ compression system can usually achieve better compression than other types of compression, but it may lose some information in the process; the decompressed file isn't always identical to the original.

Answer: <https://biology-forums.com/index.php?topic=280127>

Question 778

The current Macintosh operating system is called _____ OS X.

Answer: <https://biology-forums.com/index.php?topic=279701>

Question 779

_____ cards are obvious candidates to replace magnetic-strip credit cards.

Answer: <https://biology-forums.com/index.php?topic=281243>

Question 780

Smart cards and biometrics are two ways companies may add physical security to computer systems.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280952>

Question 781

A form of digital paper that looks and feels somewhat like real paper is known as

- A) an e-book.
- B) e-paper.
- C) an iPad.
- D) e-sheet.

Answer: <https://biology-forums.com/index.php?topic=279784>

Question 782

The time for the processor to retrieve data from memory is measured in

- A) megabits.

- B) nanoseconds.
- C) milliseconds.
- D) terabytes.

Answer: <https://biology-forums.com/index.php?topic=279068>

Question 783

Copying software or data files to a client computer from a server is known as _____.

Answer: <https://biology-forums.com/index.php?topic=280577>

Question 784

Information travels between components on the motherboard through _____.

- A) buses
- B) transistors
- C) chips
- D) microprocessors

Answer: <https://biology-forums.com/index.php?topic=279127>

Question 785

_____ is a radio-based wireless standard which provides Wi-Fi style access with approximately 70 Mbps speeds to a 25-square mile area.

- A) 3G
- B) WiMAX
- C) Bluetooth
- D) Infrared

Answer: <https://biology-forums.com/index.php?topic=280487>

Question 786

Which of the following is NOT true about video game applications?

- A) Game software typically requires a lot of processing, memory, and video power to run well.
- B) Video game sales, which includes mobile apps, games for video game systems, and computer games, reached \$16.6 billion in the United States in 2011.
- C) Games and simulations are no more than just first-person actors in which you play the game from the perspective of the game character.
- D) The average age of a video game player is 32 to 35 years old, 20 percent are over 50, and about 40 percent are female.

Answer: <https://biology-forums.com/index.php?topic=281083>

Question 787

The first step in the transaction processing cycle is

- A) processing data.
- B) storing and updating data.
- C) data entry.
- D) user inquiry.

Answer: <https://biology-forums.com/index.php?topic=281272>

Question 788

Data records with errors (for example, spelling errors or incorrect values) are called

- A) classified data.
- B) dirty data.
- C) scrubbed data.
- D) cleansed data.

Answer: <https://biology-forums.com/index.php?topic=280265>

Question 789

The most commonly used productivity software used in business is a(n) _____.

- A) operating system
- B) application
- C) general purpose application
- D) office application suite

Answer: <https://biology-forums.com/index.php?topic=281073>

Question 790

All types of documents can be stored, viewed, and modified on a Mac or PC in PDF format using Adobe

- A) Acrobat.
- B) PageMaker.
- C) InDesign.
- D) Dreamweaver.

Answer: <https://biology-forums.com/index.php?topic=279778>

Question 791

Locating and identifying printed characters embedded in images is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281633>

Question 792

Which of the following is NOT a reason that integrated circuits replaced transistors?

- A) speed
- B) cost
- C) availability
- D) size

Answer: <https://biology-forums.com/index.php?topic=278968>

Question 793

When a Microsoft Word document or picture file is included along with an email message, it is known as a file _____.

Answer: <https://biology-forums.com/index.php?topic=280581>

Question 794

In the programming process, testing the algorithm checks the

- A) compiler.
- B) logic.
- C) syntax.
- D) pseudocode.

Answer: <https://biology-forums.com/index.php?topic=281456>

Question 795

The first step when creating a Web site should be to

- A) write the program.
- B) use HTML to write the code.
- C) offer links to popular Web sites.
- D) start with a plan.

Answer: <https://biology-forums.com/index.php?topic=280717>

Question 796

A modern automated factory may contain computer-controlled machines called _____.

Answer: <https://biology-forums.com/index.php?topic=281212>

Question 797

The general-interest _____ Web portals serve as entry points to many federal Web sites.

Answer: <https://biology-forums.com/index.php?topic=280835>

Question 798

When you use a digital camera, your photo is stored as a(n) _____ image.

- A) bitmapped
- B) vector
- C) raster
- D) animated

Answer: <https://biology-forums.com/index.php?topic=279984>

Question 799

A computer's overall performance is determined by

- A) Level 1 and Level 2 cache.
- B) CMOS and cache memory.

- C) peripheral and internal devices.
- D) clock speed, architecture, and wordsize.

Answer: <https://biology-forums.com/index.php?topic=279103>

Question 800

EULA stands for

- A) end-use license arrangement.
- B) environmental use licensing agreement.
- C) employee-use legal arrangement.
- D) end-user license agreement.

Answer: <https://biology-forums.com/index.php?topic=279522>

Question 801

For a complex procedure, a systems analyst uses a _____ to document if-then statements.

- A) data flow diagram
- B) system flowchart
- C) Gantt chart
- D) decision table

Answer: <https://biology-forums.com/index.php?topic=281509>

Question 802

Which of the following is a game console that also connects to the Internet?

- A) Xbox 360
- B) Second Life
- C) Vimeo
- D) Digg

Answer: <https://biology-forums.com/index.php?topic=278943>

Question 803

DSL, cable modems, and wireless connections are classified as _____ connections.

Answer: <https://biology-forums.com/index.php?topic=280786>

Question 804

The _____ is the most common input device.

- A) mouse
- B) keyboard
- C) monitor
- D) printer

Answer: <https://biology-forums.com/index.php?topic=279251>

Question 805

_____ is software that can be used to encrypt data.

- A) Malware
- B) Decrypting software
- C) PGP
- D) Forensic software

Answer: <https://biology-forums.com/index.php?topic=280928>

Question 806

All of the following are benefits of record matching EXCEPT:

- A) easier to establish reputations in getting credit for consumers.
- B) allows systems like the U.S. National Crime Information Center to function.
- C) easier to use credit cards around the world.
- D) data is more secure.

Answer: <https://biology-forums.com/index.php?topic=280273>

Question 807

Generally, logic errors are easier to detect than syntax errors.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281519>

Question 808

A(n) _____ network allows a message to jump from wireless device to wireless device until it finds the correct destination.

Answer: <https://biology-forums.com/index.php?topic=280548>

Question 809

A Web server receives incoming mail, stores it, and provides it to the email client program when requested.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280749>

Question 810

To display only the records where a value has been entered in a field, use _____ as the criteria.

Answer: <https://biology-forums.com/index.php?topic=281059>

Question 811

Hardware used to convert analog video into digital video is called a video

- A) analoger.
- B) digitizer.
- C) medium.
- D) converter.

Answer: <https://biology-forums.com/index.php?topic=279982>

Question 812

Worms execute until

- A) there is a lack of free memory or disk space.
- B) it reaches a certain time or date.
- C) a user pays a ransom.
- D) all of the above.

Answer: <https://biology-forums.com/index.php?topic=280881>

Question 813

A smart card can contain

- A) embedded circuits and some kind of input/output device.
- B) memory.
- C) memory and a small CPU.
- D) all of the above.

Answer: <https://biology-forums.com/index.php?topic=281201>

Question 814

The ability to capture a sequence of reusable steps is referred to as a

- A) wizard.
- B) formula.
- C) macro.
- D) template.

Answer: <https://biology-forums.com/index.php?topic=279862>

Question 815

The .gov domain might be used by _____.

- A) U.S. Army
- B) US Senate
- C) an Internet service provider
- D) eBay

Answer: <https://biology-forums.com/index.php?topic=280673>

Question 816

A light-weight, flat-screen, battery-powered computer that can be carried in a briefcase is known by many terms including portable computer, laptop computer, notebook computer, and _____.

Answer: <https://biology-forums.com/index.php?topic=279007>

Question 817

A(n) _____ is a binary digit.

Answer: <https://biology-forums.com/index.php?topic=279169>

Question 818

Basic image editing done on the Mac usually uses the software package _____, which is shipped as a part of the iLife suite.

Answer: <https://biology-forums.com/index.php?topic=280112>

Question 819

Some spreadsheet programs use _____ solvers that allow you to define a formula, enter target results, and solve for the missing values.

Answer: <https://biology-forums.com/index.php?topic=279933>

Question 820

The default circles include Friends, Family, Acquaintances, and _____.

Answer: <https://biology-forums.com/index.php?topic=281176>

Question 821

When software publishers release updates, these updates can address security holes or _____.

- A) codec
- B) jaggies
- C) machinima
- D) bugs

Answer: <https://biology-forums.com/index.php?topic=281100>

Question 822

The most widely used code for computer programming is _____ (an abbreviation) and represents each character as a unique 8-bit code.

Answer: <https://biology-forums.com/index.php?topic=279175>

Question 823

The CPU, all additional chips, and the electronic circuitry are all housed on the _____.

Answer: <https://biology-forums.com/index.php?topic=279182>

Question 824

As of December 2012, _____ users had created a Google+ profile.

- A) 5 million
- B) 500,000
- C) 50 million
- D) 500 million

Answer: <https://biology-forums.com/index.php?topic=281155>

Question 825

A(n) _____ table uses rows and columns to document rules and what happens when certain conditions occur.

Answer: <https://biology-forums.com/index.php?topic=281577>

Question 826

The _____ provides a manager with the information needed to make decisions regarding the firm's operational activities.

- A) EIS
- B) ES
- C) MIS
- D) EDI

Answer: <https://biology-forums.com/index.php?topic=281291>

Question 827

A complete expert system includes all of the following EXCEPT:

- A) a knowledge base.
- B) singularities.
- C) an inference engine.

D) a human interface.

Answer: <https://biology-forums.com/index.php?topic=281616>

Question 828

Downloadable fonts are also called

- A) serif fonts.
- B) soft fonts.
- C) hard fonts.
- D) PostScript fonts.

Answer: <https://biology-forums.com/index.php?topic=279816>

Question 829

Which input device resembles an upside-down mouse?

- A) touchpad
- B) trackpoint
- C) trackpad
- D) trackball

Answer: <https://biology-forums.com/index.php?topic=279265>

Question 830

Autofocusing cameras on human faces or piloting cruise missiles can be done using _____ analysis.

Answer: <https://biology-forums.com/index.php?topic=281638>

Question 831

In a company's customer table, all of the information for one specific customer (e.g. customer ID, name, address) would be stored in one _____.

Answer: <https://biology-forums.com/index.php?topic=280322>

Question 832

In a local area network, a _____ only transmits data to the destination node.

- A) switch
- B) port
- C) hub
- D) NIC

Answer: <https://biology-forums.com/index.php?topic=280395>

Question 833

An organization may develop a code of _____ to guide the behavior of its workers.

Answer: <https://biology-forums.com/index.php?topic=281357>

Question 834

The resolution of a screen measures the density of the _____ on the screen.

Answer: <https://biology-forums.com/index.php?topic=280101>

Question 835

In 2004, Google

- A) developed a set of open standards for mobile phones.
- B) offered shares of stock to the public.
- C) launched its first search engine.
- D) renamed itself from BackRub.

Answer: <https://biology-forums.com/index.php?topic=280241>

Question 836

A(n) _____ Web site is designed to collect confidential and sensitive information from visitors to the site.

Answer: <https://biology-forums.com/index.php?topic=280599>

Question 837

Donn B. Parker developed the ethical guideline, the _____ ethic, that states "You should take the action that achieves the greater good for everyone involved."

Answer: <https://biology-forums.com/index.php?topic=281358>

Question 838

Graphics software can store images as _____, or lines and shapes rather than individual pixels.

- A) vector graphics
- B) raster graphics
- C) bitmapped graphics
- D) presentation-graphics

Answer: <https://biology-forums.com/index.php?topic=279966>

Question 839

A(n) _____ printer, also known as an MFP, combines a scanner, a laser or inkjet printer, and a fax modem into one device.

Answer: <https://biology-forums.com/index.php?topic=279454>

Question 840

With colleagues at MIT in the 1960s, Seymour Papert developed a computer language called _____ for children to use.

- A) Pascal
- B) COBOL
- C) Alice
- D) LOGO

Answer: <https://biology-forums.com/index.php?topic=281195>

Question 841

This type of menu offers choices based on what object you have selected in a program:

- A) command line.
- B) GUI.
- C) context-sensitive menu.
- D) iconic.

Answer: <https://biology-forums.com/index.php?topic=279613>

Question 842

_____ preparation software works like a prefabricated worksheet.

Answer: <https://biology-forums.com/index.php?topic=279931>

Question 843

_____ -processing software removes unwanted reflections, eliminates "red eye", and brushes away blemishes.

Answer: <https://biology-forums.com/index.php?topic=280140>

Question 844

A typical problem for machine translation is

- A) tone inflection.
- B) the limited vocabulary of natural language.
- C) the use of accents.
- D) the amount of knowledge required to understand the meaning of words.

Answer: <https://biology-forums.com/index.php?topic=281590>

Question 845

Typical computer programming languages used today include all of the following EXCEPT:

- A) Visual Basic.
- B) C++.
- C) Java.
- D) machine language.

Answer: <https://biology-forums.com/index.php?topic=279505>

Question 846

A company doing e-commerce may develop a private TCP/IP network designed for outside use by its customers, clients, and business partners called a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=281217>

Question 847

A new experimental approach to software development in which each system is developed individually and quality is certified before it is integrated with other systems is called _____ programming.

- A) clean-room
- B) structured
- C) component
- D) object-oriented

Answer: <https://biology-forums.com/index.php?topic=281514>

Question 848

A _____ network is a tunnel through the Internet that uses encryption and other security measures to keep out unauthorized users.

- A) mesh
- B) virtual private
- C) peer-to-peer
- D) local area

Answer: <https://biology-forums.com/index.php?topic=280491>

Question 849

A desktop computer is also known as a(n)

- A) iPad.
- B) laptop.
- C) server.
- D) PC.

Answer: <https://biology-forums.com/index.php?topic=278828>

Question 850

Adobe Reader and Adobe Acrobat display PDF documents.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280755>

Question 851

This software is the bridge between your application software and the computer's hardware:

- A) virtual memory.
- B) freeware.
- C) operating system.
- D) virtual reality.

Answer: <https://biology-forums.com/index.php?topic=279603>

Question 852

_____ feasibility may determine whether the changes in work procedures required by the proposed system are acceptable or not.

- A) Technical
- B) Operational
- C) Economic
- D) Organizational

Answer: <https://biology-forums.com/index.php?topic=281489>

Question 853

In the early days of the Internet, a(n) _____ was known as a person who enjoyed learning details of computer systems and writing clever programs.

Answer: <https://biology-forums.com/index.php?topic=280985>

Question 854

Information is made up of discrete, countable units called _____, so it can be subdivided.

- A) digits.
- B) analog units.
- C) input.
- D) bytes.

Answer: <https://biology-forums.com/index.php?topic=279035>

Question 855

According to the FBI, how much identity theft begins with email?

- A) all
- B) one-half
- C) one-quarter
- D) two-thirds

Answer: <https://biology-forums.com/index.php?topic=280862>

Question 856

MS-DOS used a command-line _____ that required the user to type commands that the computer responded to.

Answer: <https://biology-forums.com/index.php?topic=279694>

Question 857

Assembly-language programming is considered _____ programming.

- A) macro language
- B) fourth-generation
- C) low-level
- D) high-level

Answer: <https://biology-forums.com/index.php?topic=281468>

Question 858

_____ translates the user's handwritten forms into computer-readable characters.

- A) Digitizers
- B) Scanners
- C) Optical mark readers
- D) Handwriting recognition software

Answer: <https://biology-forums.com/index.php?topic=279379>

Question 859

An advanced coding scheme that incorporates Arabic, Chinese, Hebrew, and Japanese is known as

- A) ASCII.
- B) World Wide Interchange (WWI).
- C) Worldcode.
- D) Unicode.

Answer: <https://biology-forums.com/index.php?topic=279045>

Question 860

Prior to Google, early search engines ranked Web pages by

- A) counting the number of times other Web pages linked to it.
- B) counting the number of times the key word or phrase appeared on the page.
- C) counting the number of hits the page had received from the linked page.
- D) having a human view and rate each page.

Answer: <https://biology-forums.com/index.php?topic=280277>

Question 861

An email message claiming your Facebook account has been hacked and you need to click on a link to restore your account is an example of a(n) _____ email.

Answer: <https://biology-forums.com/index.php?topic=280969>

Question 862

You can use _____ programs to create family trees or slideshows of your family photos, view timelines and maps, and search through millions of historical records on the Internet.

Answer: <https://biology-forums.com/index.php?topic=281108>

Question 863

Interaction between the application and the _____ of a computer is handled by the operating system.

Answer: <https://biology-forums.com/index.php?topic=279685>

Question 864

What is the name of an application program that gathers user information and sends it to someone through the Internet?

- A) worm
- B) spybot
- C) logic bomb
- D) botnet

Answer: <https://biology-forums.com/index.php?topic=280884>

Question 865

At the receiving end of a phone call, an analog signal must be converted back into a(n) _____ signal.

- A) auditory
- B) digital
- C) analog
- D) direct

Answer: <https://biology-forums.com/index.php?topic=280450>

Question 866

_____ programs are software tools that transform general-purpose computers into special-purpose tools.

Answer: <https://biology-forums.com/index.php?topic=279014>

Question 867

One example of a file created by application software is a(n)

- A) BIOS.
- B) hard copy.
- C) operating system.
- D) document.

Answer: <https://biology-forums.com/index.php?topic=278848>

Question 868

The phenomenon _____ allows for more freedom of purchasing choices for users and makes retailers less dependent upon hits.

Answer: <https://biology-forums.com/index.php?topic=281426>

Question 869

Microsoft Disk Operating System used a _____-line interface.

Answer: <https://biology-forums.com/index.php?topic=279711>

Question 870

Grace Murray Hopper is given credit for coining the term _____ to describe errors or defects in software code.

Answer: <https://biology-forums.com/index.php?topic=281533>

Question 871

When a college schedules courses for an upcoming semester, they are making a(n) _____ decision.

- A) unstructured
- B) semistructured
- C) structured
- D) strategic

Answer: <https://biology-forums.com/index.php?topic=281283>

Question 872

A person who maintains an online journal may also be called a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=280629>

Question 873

In a typical client/server environment, the client can be any of the following EXCEPT:

- A) a desktop computer.
- B) a mainframe.
- C) a smart phone.

D) a laptop.

Answer: <https://biology-forums.com/index.php?topic=280217>

Question 874

Bitmapped graphics are also called _____ graphics.

Answer: <https://biology-forums.com/index.php?topic=280096>

Question 875

Most mice have two or more buttons; the right mouse button is usually used for

- A) clicking and dragging.
- B) opening applications.
- C) dragging.
- D) issuing other commands.

Answer: <https://biology-forums.com/index.php?topic=279368>

Question 876

Wi-Fi technology can reach a range of 5 to 10 meters.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280540>

Question 877

This variation on keyboard design displays keys that react to touch or movement:

- A) one handed keyboards.
- B) laser projections.
- C) wireless keyboards.
- D) QWERTY keyboards.

Answer: <https://biology-forums.com/index.php?topic=279360>

Question 878

The Blogger Template Designer enables you to customize the appearance of your blog in a(n) _____ environment.

Answer: <https://biology-forums.com/index.php?topic=281171>

Question 879

A(n) _____ field shows results of a calculation done using values in other numeric fields.

Answer: <https://biology-forums.com/index.php?topic=280318>

Question 880

MMORPGs are

- A) a group of asynchronous communication methods.
- B) software standards for wireless technology.
- C) circuit boards for enhanced handling of multimedia.
- D) online role-playing games involving hundreds of thousands of players.

Answer: <https://biology-forums.com/index.php?topic=280506>

Question 881

In the e-mail address bowles@sou.edu, "sou" is the

- A) host computer in a business with the name "sou."
- B) host computer in an educational domain.
- C) client computer in a commercial business.
- D) client computer in an educational domain.

Answer: <https://biology-forums.com/index.php?topic=280679>

Question 882

The device that controls the workings of a PC system is the

- A) RAM.
- B) microprocessor.
- C) memory.
- D) hard disk.

Answer: <https://biology-forums.com/index.php?topic=278831>

Question 883

_____ is the use of computer communications to facilitate medical practice outside the hospital.

Answer: <https://biology-forums.com/index.php?topic=281211>

Question 884

In object-oriented programming, objects

- A) contain instructions, but not data.
- B) can only receive messages.
- C) can only send messages.
- D) can be reused.

Answer: <https://biology-forums.com/index.php?topic=281477>

Question 885

Software that is free to everyone is known as

- A) Microsoft Office.
- B) public domain software.
- C) public-access software.
- D) shareware.

Answer: <https://biology-forums.com/index.php?topic=279529>

Question 886

Processing information involves

- A) accepting information from the outside world.
- B) communication with another computer.
- C) performing arithmetic or logical operations on information that is input.
- D) All of these answers are forms of processing information.

Answer: <https://biology-forums.com/index.php?topic=279020>

Question 887

The process of turning specifications into an actual working system occurs during the _____ phase.

- A) design
- B) analysis
- C) development
- D) implementation

Answer: <https://biology-forums.com/index.php?topic=281496>

Question 888

Formatting a disk prepares it for storing files.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279650>

Question 889

_____ software turns a computer into a musical composing, recording, and editing machine.

Answer: <https://biology-forums.com/index.php?topic=280142>

Question 890

The typical hard disk consists of several

- A) platters.
- B) tapes.
- C) fragments.
- D) layers.

Answer: <https://biology-forums.com/index.php?topic=279401>

Question 891

TrueType fonts are more popular with general computer users because

- A) they are included with the Microsoft and Apple operating systems.
- B) they look better in documents.
- C) they are animated.

D) they are all the same size.

Answer: <https://biology-forums.com/index.php?topic=279820>

Question 892

Which of the following is NOT true about spreadsheets?

- A) Spreadsheets are quite useful for managing business expenses, payroll, and billing.
- B) Spreadsheets organize data so that it can be sorted, filtered, and rearranged, making them useful for things that do not involve calculations at all.
- C) In a spreadsheet, the intersection of a row and a column is called a cell.
- D) By using a spreadsheet application, you can create tables to represent data visually.

Answer: <https://biology-forums.com/index.php?topic=281077>

Question 893

When converting to the new system, a company uses the _____ approach by operating the old system along with the new system for a period of time.

- A) direct cutover
- B) phase-in
- C) pilot
- D) parallel systems

Answer: <https://biology-forums.com/index.php?topic=281499>

Question 894

Windows and Mac OS X systems have advanced energy-saver control panels that can be used to switch the monitor, hard drive, and CPU to lower-power _____ modes automatically after specified periods of inactivity.

Answer: <https://biology-forums.com/index.php?topic=279165>

Question 895

In _____ view, the database program shows the data one record at a time.

Answer: <https://biology-forums.com/index.php?topic=280328>

Question 896

A(n) _____ is a journal-like website that the owner updates regularly to share opinions, observations, or information.

Answer: <https://biology-forums.com/index.php?topic=281168>

Question 897

Documents can be saved in _____ format in order to be published to the Web.

Answer: <https://biology-forums.com/index.php?topic=279891>

Question 898

A(n) _____ list is used to send electronic messages to many people.

Answer: <https://biology-forums.com/index.php?topic=280585>

Question 899

In a customer database table, all information for one customer is kept in a

- A) batch.
- B) field.
- C) record.
- D) query.

Answer: <https://biology-forums.com/index.php?topic=280169>

Question 900

One example of a PIM is _____.

- A) Outlook
- B) SQL Server
- C) Access
- D) MapQuest

Answer: <https://biology-forums.com/index.php?topic=280194>

Question 901

Google _____ is a free application that enables users to store, create, edit, and share documents online by using their Google account.

Answer: <https://biology-forums.com/index.php?topic=281159>

Question 902

Magnetic disks are divided into

- A) heads and fragments.
- B) rays and cones.
- C) tracks and sectors.
- D) semi-reflective layers.

Answer: <https://biology-forums.com/index.php?topic=279404>

Question 903

The majority of computer crimes are committed by

- A) domestic hackers.
- B) company employees.
- C) foreign hackers.
- D) teenage computer geniuses.

Answer: <https://biology-forums.com/index.php?topic=280851>

Question 904

When an instructor writes on a(n) _____ whiteboard, all information can be sent to a PC, simplifying and streamlining the note-taking process for meetings and classes.

Answer: <https://biology-forums.com/index.php?topic=279434>

Question 905

One example of a synchronous method of communication is

- A) blogs.
- B) instant messaging.
- C) forums.
- D) email.

Answer: <https://biology-forums.com/index.php?topic=280502>

Question 906

Another name for the arrow keys on a keyboard is _____ keys.

- A) function
- B) cursor
- C) function
- D) alphanumeric

Answer: <https://biology-forums.com/index.php?topic=278841>

Question 907

Two methods to keep track of a project's schedule are PERT and CPM.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281318>

Question 908

The hard plastic anti-theft cards attached to clothes at department stores are called _____ tags.

Answer: <https://biology-forums.com/index.php?topic=279473>

Question 909

Text formatting commands apply to both characters and

- A) graphics.
- B) spreadsheets.
- C) paragraphs.
- D) margins.

Answer: <https://biology-forums.com/index.php?topic=279814>

Question 910

In 2005, MySpace was purchased by

- A) ABC.
- B) Microsoft.
- C) News Corp.
- D) Bill Gates.

Answer: <https://biology-forums.com/index.php?topic=278949>

Question 911

Which of the following statements about Web page authoring is FALSE?

- A) Web pages can be written without any special Web authoring tool.
- B) Microsoft Expression Web is an example of a Web authoring tool.
- C) Programs such as Microsoft Word cannot be used to author Web pages.
- D) Web authoring tools generate the underlying HTML code for a Web page.

Answer: <https://biology-forums.com/index.php?topic=280702>

Question 912

URLs uniquely identify _____.

- A) a Web site
- B) an email address
- C) a computer
- D) a Web page

Answer: <https://biology-forums.com/index.php?topic=280696>

Question 913

Computer _____ involves the study and integration of how hardware and software are coordinated into an integrated system.

Answer: <https://biology-forums.com/index.php?topic=281579>

Question 914

A(n) _____ provides a secure, private environment for communication between vendors and suppliers.

Answer: <https://biology-forums.com/index.php?topic=281414>

Question 915

In the context of business information systems, information technology performs functions such as processing and acquisition.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281319>

Question 916

Machine language uses

- A) numeric codes.
- B) English language codes.
- C) Java language.
- D) human instructions.

Answer: <https://biology-forums.com/index.php?topic=279503>

Question 917

In the value chain model, the primary activity _____ is concerned with finding customers and obtaining orders from them.

- A) marketing and sales
- B) operations
- C) service
- D) outbound logistics

Answer: <https://biology-forums.com/index.php?topic=281260>

Question 918

After an HTML document is written and then completed, it must be _____ to a Web server to be viewable on the Web.

Answer: <https://biology-forums.com/index.php?topic=280802>

Question 919

Relational databases may eventually be replaced by

- A) flat databases.
- B) object-oriented databases.

- C) external relational databases.
- D) hierarchical databases.

Answer: <https://biology-forums.com/index.php?topic=280267>

Question 920

_____ dimensional spreadsheets can have multiple worksheets that are linked together.

- A) One-
- B) Two-
- C) Three-
- D) Four-

Answer: <https://biology-forums.com/index.php?topic=281078>

Question 921

Amazon selling products to users shopping from home is an example of

- A) B2B.
- B) C2C.
- C) B2C.
- D) m-business.

Answer: <https://biology-forums.com/index.php?topic=281378>

Question 922

The AI technique called _____ is the process of looking at possibilities and choosing one that has the best chance of being successful.

Answer: <https://biology-forums.com/index.php?topic=281620>

Question 923

The following are all examples of broadband access EXCEPT _____.

- A) DSL
- B) cable
- C) satellite
- D) dial-up

Answer: <https://biology-forums.com/index.php?topic=280684>

Question 924

A(n) _____ combines data tables with demographic information.

- A) PIM
- B) DBMS
- C) SPSS
- D) GIS

Answer: <https://biology-forums.com/index.php?topic=280199>

Question 925

Increasing the clock speed of CPUs creates a negative side effect of

- A) loss of digits.
- B) slower performance.
- C) incompatibility.
- D) heat.

Answer: <https://biology-forums.com/index.php?topic=279105>

Question 926

A(n) _____ is a private space where contacts can chat or initiate a video call from inside Google+.

- A) site
- B) blog
- C) hangout
- D) wiki

Answer: <https://biology-forums.com/index.php?topic=281156>

Question 927

A(n) _____ committee, comprised of representatives from each functional area in a company, is responsible for deciding which IT project will be done first.

Answer: <https://biology-forums.com/index.php?topic=281559>

Question 928

What type of font looks fine on a monitor but is not smooth when printed?

- A) bitmapped
- B) TrueType
- C) OpenType
- D) unscalable

Answer: <https://biology-forums.com/index.php?topic=279745>

Question 929

Learning how to fly a jet through the use of a computer system is known as

- A) a computer simulation.
- B) a realistic simulation captivation.
- C) virtual reality.
- D) computer virtual space.

Answer: <https://biology-forums.com/index.php?topic=279801>

Question 930

Bar code readers use _____ to read universal product codes (UPCs), inventory codes, and other codes created from patterns of variable-width bars.

- A) light
- B) dark
- C) OCR
- D) lasers

Answer: <https://biology-forums.com/index.php?topic=279377>

Question 931

_____ IP addresses are commonly used for computers that are temporarily connected to the Internet.

Answer: <https://biology-forums.com/index.php?topic=280784>

Question 932

When a job is automated so that it requires less skill, it has been up-skilled.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281209>

Question 933

A(n) _____ is a set of steps used to solve a problem.

- A) syntax
- B) module
- C) prototype
- D) algorithm

Answer: <https://biology-forums.com/index.php?topic=281455>

Question 934

One example of a scripting language is PHP.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280757>

Question 935

Most online shopping sites are dynamic.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281395>

Question 936

Which of the following tips help to minimize your computer's impact on the environment?

- A) Use a laptop.
- B) Take advantage of energy-saving features.
- C) Avoid moving parts by saving to flash drives instead of a hard drive.

D) All of the above.

Answer: <https://biology-forums.com/index.php?topic=279064>

Question 937

A(n) _____ helps a manager make semistructured decisions by providing tools to help analyze information.

- A) EDI
- B) DSS
- C) TPS
- D) ES

Answer: <https://biology-forums.com/index.php?topic=281292>

Question 938

A(n) _____ is a single point on a display screen.

Answer: <https://biology-forums.com/index.php?topic=281113>

Question 939

A _____ is a single point on a display screen.

- A) pixel
- B) jaggies
- C) PostScript
- D) Page description language

Answer: <https://biology-forums.com/index.php?topic=281084>

Question 940

The multiuser operating system historically used by academic and government institutions is _____.

Answer: <https://biology-forums.com/index.php?topic=279699>

Question 941

All of the following are true of e-learning 2.0 EXCEPT:

- A) few schools can afford the hardware, software, and floor space.
- B) teachers have had no problem transitioning to this type of educational experience.
- C) students collaborate and use technology.
- D) school administrations prefer more orthodox methods of education because there is a focus on standardized test scores.

Answer: <https://biology-forums.com/index.php?topic=281191>

Question 942

With regard to privacy standards, the U.S. prefers a policy of self-_____, as opposed to legislation, because companies fear that legislation will quash e-commerce.

Answer: <https://biology-forums.com/index.php?topic=281424>

Question 943

To make short work of tasks that involve repetitive calculations, use _____ software.

- A) desktop publishing
- B) database
- C) spreadsheet
- D) presentation

Answer: <https://biology-forums.com/index.php?topic=279858>

Question 944

A(n) _____ engine is a tool used to locate Web pages which contain what a user is looking for on the Internet.

Answer: <https://biology-forums.com/index.php?topic=280808>

Question 945

The NSA has invested heavily in _____, a program to secure electronic communication from eavesdroppers while enabling the U.S. government to intercept CE signals.

Answer: <https://biology-forums.com/index.php?topic=281002>

Question 946

A supermarket that uses network technology to buy inventory items directly from manufacturers engaging in the B2C e-commerce model.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281388>

Question 947

Most professional typesetters use a minimum of _____ dpi for printing top-quality work.

- A) 600
- B) 1,200
- C) 1,800
- D) 4,800

Answer: <https://biology-forums.com/index.php?topic=279776>

Question 948

Cross-platform software can be used on PCs and Macs.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279648>

Question 949

A(n) _____ file is about one-tenth the size of a CD file.

- A) AAC
- B) WAV
- C) MP3
- D) MIDI

Answer: <https://biology-forums.com/index.php?topic=281087>

Question 950

In a(n) _____ database, changes in one table are automatically reflected in other tables.

Answer: <https://biology-forums.com/index.php?topic=280352>

Question 951

Two examples of a(n) _____ operating system are Novell's Netware and Microsoft Windows Server.

Answer: <https://biology-forums.com/index.php?topic=280557>

Question 952

When a user accesses a remote server and copies a file to his/her own personal computer, it is known as _____.

Answer: <https://biology-forums.com/index.php?topic=280793>

Question 953

When corporations set up _____, their employees can commute to smaller offices closer to their homes.

- A) satellite offices
- B) virtual offices
- C) electronic cottages
- D) e-commerce sites

Answer: <https://biology-forums.com/index.php?topic=281041>

Question 954

Producing paychecks twice a month is an example of _____ processing.

- A) interactive
- B) digitization
- C) real-time
- D) batch

Answer: <https://biology-forums.com/index.php?topic=280215>

Question 955

This software is responsible for the location of all programs and files in the computer's file system:

- A) application software.
- B) Web applications.
- C) operating system.
- D) virtual memory.

Answer: <https://biology-forums.com/index.php?topic=279605>

Question 956

The _____ of a computer monitor refers to the total number of pixels displayed on the screen.

Answer: <https://biology-forums.com/index.php?topic=279444>

Question 957

A _____ is a high-speed, high-end computer that shares data and other resources with client computers.

- A) server
- B) super computer
- C) client
- D) PDA

Answer: <https://biology-forums.com/index.php?topic=280475>

Question 958

Another term for e-learning 2.0 is computer-based training.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281208>

Question 959

When information is sent from the CPU to memory or some other device this is considered

- A) backflow.
- B) garbage collection.
- C) writeback.
- D) communication.

Answer: <https://biology-forums.com/index.php?topic=279123>

Question 960

PIMs are popular among people with

- A) physical disabilities.
- B) busy schedules.
- C) poor handwriting.
- D) poor Internet service in their area.

Answer: <https://biology-forums.com/index.php?topic=280255>

Question 961

Data mining is

- A) batch processing using files stored on a mainframe computer.
- B) finding and extracting hidden predictive information from the data in large databases.
- C) a specialized type of program that is used in the mining industry.
- D) creating a database warehouse from many smaller databases.

Answer: <https://biology-forums.com/index.php?topic=280223>

Question 962

A(n) _____ control structure starts with the first instruction and stops with the last instruction.

Answer: <https://biology-forums.com/index.php?topic=281538>

Question 963

Mailing lists and newsgroups use _____ communications so that the sender and recipient do not have to be logged on at the same time.

Answer: <https://biology-forums.com/index.php?topic=280589>

Question 964

_____ contain digitized data in the form of recorded live sounds or music.

Answer: <https://biology-forums.com/index.php?topic=281116>

Question 965

On Google's calendar, a single event can be shared with others by adding their _____ to the event.

Answer: <https://biology-forums.com/index.php?topic=281167>

Question 966

Optical computing is sometimes called photonic computing because it uses _____ instead of electrons to transmit bits.

- A) light wands
- B) electrons
- C) photons
- D) superconductors

Answer: <https://biology-forums.com/index.php?topic=279066>

Question 967

Bar-code readers use light to read

- A) UPCs.
- B) UPSs.
- C) POSSs.
- D) optical marks.

Answer: <https://biology-forums.com/index.php?topic=279270>

Question 968

An ordered list of selected records and fields printed in an easy-to-read format is known as a(n)

- A) query.
- B) sort.
- C) inquiry.
- D) report.

Answer: <https://biology-forums.com/index.php?topic=280186>

Question 969

An employee working from home is known as a

- A) CIO.
- B) remote employee.
- C) CAI.
- D) telecommuter.

Answer: <https://biology-forums.com/index.php?topic=281039>

Question 970

Bluetooth technology can reach a range of 10 meters.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280538>

Question 971

Experts predict growth in m-commerce, or _____ commerce, which is done by people who are on the move.

Answer: <https://biology-forums.com/index.php?topic=281222>

Question 972

Some programs have features that a user may need to learn how to utilize. One way to learn how to utilize features in software is

- A) hardware.
- B) tutorials.
- C) service packs.
- D) compartments.

Answer: <https://biology-forums.com/index.php?topic=279577>

Question 973

Problems that software users encounter can be solved by using the following EXCEPT:

- A) reference materials.
- B) help files.
- C) tutorials.
- D) lifelines.

Answer: <https://biology-forums.com/index.php?topic=279587>

Question 974

All of the following are examples of transactions in an information system EXCEPT:

- A) acquiring products from vendors.
- B) selling items.
- C) paying employees.
- D) storage of sales records.

Answer: <https://biology-forums.com/index.php?topic=281269>

Question 975

Match the following terms with their description.

- I. Field properties
- II. Truncated
- III. Primary key
- IV. Orientation
- V. Best Fit
- A. Shortened
- B. Uniquely identifies a record
- C. Control how the field displays
- D. Used to resize columns
- E. Portrait or Landscape

Answer: <https://biology-forums.com/index.php?topic=281068>

Question 976

_____ is the process of separating commerce into its component parts and outsourcing those parts that can better be handled somewhere else.

Answer: <https://biology-forums.com/index.php?topic=281448>

Question 977

Experts debate whether Internet addiction is a true addiction or simply a compulsion.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280769>

Question 978

If a computer user wishes to play music, the computer must include a(n) _____ card and speakers.

Answer: <https://biology-forums.com/index.php?topic=279458>

Question 979

All of the following are advantages of using a computer network EXCEPT that it

- A) reduces costs by sharing hardware.
- B) promotes independence so users have exclusive control over their own data and applications.
- C) increases efficiency when software is shared.
- D) increases communication and productivity.

Answer: <https://biology-forums.com/index.php?topic=280389>

Question 980

A dual-layer DVD can hold up to _____ GB of information.

Answer: <https://biology-forums.com/index.php?topic=279467>

Question 981

The development phase of the SDLC includes ongoing monitoring, evaluating, repairing, and enhancing the new system.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281524>

Question 982

Extra-light notebook computers are sometimes known as

- A) workstations.
- B) notebooks.
- C) tablets.
- D) laptops.

Answer: <https://biology-forums.com/index.php?topic=278923>

Question 983

A(n) _____ uses HTML and Web browsers to share information within an organization.

Answer: <https://biology-forums.com/index.php?topic=281216>

Question 984

What is the name of the storage technology that enables multiple hard disks to operate as single logical units?

- A) RAID
- B) DoS
- C) UPS
- D) PGP

Answer: <https://biology-forums.com/index.php?topic=280926>

Question 985

A bundle of bitmapped images that appear in a sequence is called an animated _____.

- A) TIFF
- B) GIF
- C) SWF
- D) JPG

Answer: <https://biology-forums.com/index.php?topic=280039>

Question 986

A systems _____ is an IT professional primarily responsible for developing and managing a system.

- A) designer
- B) engineer
- C) analyst
- D) manager

Answer: <https://biology-forums.com/index.php?topic=281486>

Question 987

When looking for a specific customer in a large credit card database, _____ is more efficient than browsing.

- A) surfing
- B) keying
- C) scrubbing
- D) querying

Answer: <https://biology-forums.com/index.php?topic=280181>

Question 988

_____ can be delivered to a PC through an email attachment and are can to do harm to a computer.

- A) Viruses
- B) Spam
- C) Cookies
- D) Phishing

Answer: <https://biology-forums.com/index.php?topic=278866>

Question 989

For a faxed document with text to be edited, it must be processed by _____ software.

- A) modem
- B) fax modem
- C) OCR
- D) Word

Answer: <https://biology-forums.com/index.php?topic=279313>

Question 990

The number of bits devoted to each pixel is called

- A) resolution.
- B) bit depth.
- C) byte depth.
- D) vector graphics.

Answer: <https://biology-forums.com/index.php?topic=279960>

Question 991

The difference between application programs and development tools is blurred through the use of _____ in databases.

- A) saved reports.
- B) stored queries.
- C) parameter queries.
- D) triggers.

Answer: <https://biology-forums.com/index.php?topic=280253>

Question 992

Software designed to allow several networked users to work on the same document at the same time is known as _____.

Answer: <https://biology-forums.com/index.php?topic=280579>

Question 993

The _____ driver functions as a behind-the-scenes intermediary whenever the user requests that a document be printed on a printer.

- A) device driver
- B) ROM
- C) printer
- D) Unix

Answer: <https://biology-forums.com/index.php?topic=279611>

Question 994

The last step in the programming process is maintenance.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281522>

Question 995

A printer and a monitor are the most common _____ devices.

Answer: <https://biology-forums.com/index.php?topic=279159>

Question 996

A keyboard and screen that has little, if any, local processing power is known as a

- A) supercomputer.
- B) mainframe computer.
- C) timesharing device.
- D) terminal.

Answer: <https://biology-forums.com/index.php?topic=278918>

Question 997

_____ is a type of erasable, reliable, and compact memory that is a viable alternative to disk storage.

- A) DVD
- B) RAM chip
- C) Flash memory
- D) CD-RW

Answer: <https://biology-forums.com/index.php?topic=279332>

Question 998

Navigation by browsing through the records in a database is the most efficient way to search for information.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280303>

Question 999

The wire groups that transfer data between components on the motherboard are known as the _____ buses.

Answer: <https://biology-forums.com/index.php?topic=279210>

Question 1000

A(n) _____ is a computer or shared peripheral attached to a network.

Answer: <https://biology-forums.com/index.php?topic=280552>

Question 1001

The acronym for a system that combines tables of data with demographic information is _____.

Answer: <https://biology-forums.com/index.php?topic=280344>

Question 1002

A virus that is programmed to destroy PC files on a specific date is known as what kind of virus?

- A) botnet
- B) macro virus
- C) time bomb
- D) spyware

Answer: <https://biology-forums.com/index.php?topic=280891>

Question 1003

Anything outside a system's boundary is referred to as the system's _____.

Answer: <https://biology-forums.com/index.php?topic=281325>

Question 1004

The number of sound snapshots the recording equipment takes each second is known as

- A) sampling rate.
- B) snapshot rate.
- C) digital count.
- D) recording rate.

Answer: <https://biology-forums.com/index.php?topic=280055>

Question 1005

Google is a play on the term googol, which means

- A) a 1 followed by 100 zeroes.
- B) a number more than can be counted.
- C) one trillion.
- D) infinity in the negative direction.

Answer: <https://biology-forums.com/index.php?topic=280239>

Question 1006

What utility do you use to transfer files and exchange messages?

- A) Email
- B) WWW
- C) Web browsers
- D) Hypertext

Answer: <https://biology-forums.com/index.php?topic=278929>

Question 1007

_____ is a video file format developed by Apple Computer.

Answer: <https://biology-forums.com/index.php?topic=281117>

Question 1008

Data _____ software can squeeze data out of movies so they can be stored in much smaller places.

Answer: <https://biology-forums.com/index.php?topic=280150>

Question 1009

The process of printing a term paper while entering data into a spreadsheet while also downloading clip art from the Internet is known as _____.

Answer: <https://biology-forums.com/index.php?topic=279688>

Question 1010

Personal _____ software can be used to keep track of your bank accounts, monitor investments, create and stick to a budget, and file income taxes.

- A) accounting

- B) finance
- C) budgeting
- D) tax preparation

Answer: <https://biology-forums.com/index.php?topic=281082>

Question 1011

A voice message must be converted to a(n) _____ signal so it can be stored on a computer's hard drive.

- A) Wi-Fi
- B) hardcoded
- C) digital
- D) analog

Answer: <https://biology-forums.com/index.php?topic=280444>

Question 1012

Which of the following are examples of primary activities directly related to producing a product?

- A) marketing and sales, operations, and outbound logistics
- B) inbound logistics, operations, and management
- C) marketing and sales, service, and human resource management
- D) technology development and procurement

Answer: <https://biology-forums.com/index.php?topic=281257>

Question 1013

The process of _____ would be used when sending data from a database to a word processor so that mailing labels could be produced.

- A) exporting
- B) sorting
- C) mining
- D) querying

Answer: <https://biology-forums.com/index.php?topic=280187>

Question 1014

Which of the following is NOT true about creating a blog?

- A) Blogs are created and maintained by individuals, businesses, and other groups.
- B) A blog can contain text, images, video, or links to other websites.
- C) Hangout is a popular free blogging service available by using a Google account.
- D) Often blogs provide a forum in which readers can comment on, or discuss, a topic.

Answer: <https://biology-forums.com/index.php?topic=281152>

Question 1015

An account that has additional access privileges is known as a system _____ account.

Answer: <https://biology-forums.com/index.php?topic=280997>

Question 1016

A Web _____ is an invisible piece of code that silently notifies the sender when a message was opened and may also report other information from the user's computer.

Answer: <https://biology-forums.com/index.php?topic=280583>

Question 1017

_____ is perusing data in a database as if looking through pages in a notebook.

- A) Browsing
- B) Keying
- C) Scrubbing
- D) Cleansing

Answer: <https://biology-forums.com/index.php?topic=280179>

Question 1018

Monitoring, evaluating, and enhancing a system are done throughout the _____ phase of the SDLC.

- A) design
- B) investigation
- C) maintenance

D) development

Answer: <https://biology-forums.com/index.php?topic=281501>

Question 1019

A(n) _____ is a larger, planned software update that addresses multiple problems or adds multiple features.

Answer: <https://biology-forums.com/index.php?topic=281131>

Question 1020

A logic bomb that was created to erupt on Michelangelo's birthday is an example of a

- A) malware.
- B) spyware.
- C) time bomb.
- D) macro virus.

Answer: <https://biology-forums.com/index.php?topic=280883>

Question 1021

_____ transactions account for the most online sales.

- A) C2C
- B) B2C
- C) C2B
- D) B2B

Answer: <https://biology-forums.com/index.php?topic=281035>

Question 1022

Most computer games are _____, containing replicas of objects, organisms, organizations, and processes.

- A) models.
- B) simulations created by younger adults.
- C) artificial.
- D) sport games.

Answer: <https://biology-forums.com/index.php?topic=279867>

Question 1023

Small files deposited on a visitor's hard disk that track activities are called _____.

Answer: <https://biology-forums.com/index.php?topic=280821>

Question 1024

Sometimes our legal system does not define what is right and wrong. The law is especially lenient in technology related areas, because

- A) there is a lack of evidence.
- B) the proof can be deleted.
- C) of limited technology knowledge by the legal system.
- D) technology changes too fast.

Answer: <https://biology-forums.com/index.php?topic=278975>

Question 1025

Which historical macro virus sent emails out to the first 50 names of a user's Outlook address book if they opened an email from an unknown sender?

- A) Samy
- B) Melissa
- C) rxbot
- D) Code Red

Answer: <https://biology-forums.com/index.php?topic=280876>

Question 1026

_____ scanners, also known as slide scanners, are used to scan slides and negatives.

Answer: <https://biology-forums.com/index.php?topic=279475>

Question 1027

For a customer database, a good choice of key field would be

- A) first name.
- B) customer ID.

- C) phone number.
- D) last name.

Answer: <https://biology-forums.com/index.php?topic=280205>

Question 1028

When a company develops a new service that competitors have difficulty imitating, that company has created a(n)

- A) competitive advantage.
- B) switching cost mechanism.
- C) entry barrier.
- D) market equality.

Answer: <https://biology-forums.com/index.php?topic=281296>

Question 1029

_____ delete files or folders on your PC , duplicate themselves and possibly cause harm to your computer.

Answer: <https://biology-forums.com/index.php?topic=278886>

Question 1030

When the operating system concurrently executes many programs, it is called

- A) BIOS instructions.
- B) multitasking.
- C) multithreading.
- D) authentication.

Answer: <https://biology-forums.com/index.php?topic=279542>

Question 1031

Examples of CSFs include all of the following EXCEPT:

- A) quality customer service.
- B) loose control of manufacturing costs.
- C) correct pricing of products and services.
- D) efficient use of employees.

Answer: <https://biology-forums.com/index.php?topic=281298>

Question 1032

When newer processors can process all of the instructions handled by earlier models, the processor is considered

- A) Core 2 Duo.
- B) backward compatible.
- C) Motorola.
- D) Apple.

Answer: <https://biology-forums.com/index.php?topic=279101>

Question 1033

From the ground, a GPS _____ interacts with signals from a satellite to determine its position.

- A) clock
- B) drive
- C) connector
- D) receiver

Answer: <https://biology-forums.com/index.php?topic=280435>

Question 1034

Creating strong computer security to prevent computer crime usually simultaneously helps protect privacy rights.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280965>

Question 1035

When you want to revisit a page more often, it is advisable to bookmark that page, also called making it a _____.

Answer: <https://biology-forums.com/index.php?topic=278881>

Question 1036

The system of satellites used to determine any position on the Earth is known as

- A) GPS.
- B) LAN.
- C) Wi-Fi.
- D) MAN.

Answer: <https://biology-forums.com/index.php?topic=280415>

Question 1037

The most basic kind of C2C site is the digital equivalent of a newspaper's classified ad section.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281394>

Question 1038

If you want to secure an email message, use a(n)

- A) decrypter.
- B) encryption key.
- C) encryption software package.
- D) cryptosystem.

Answer: <https://biology-forums.com/index.php?topic=280918>

Question 1039

The errors in the sentence "Their is a read house on this block" would be caught by the

- A) spelling checker.
- B) thesaurus.
- C) autocorrect checker.
- D) grammar and style checker.

Answer: <https://biology-forums.com/index.php?topic=279760>

Question 1040

The _____ setting is the default setting for documents on Google Docs.

Answer: <https://biology-forums.com/index.php?topic=281165>

Question 1041

The _____ encryption scheme improves the security of wireless networks.

- A) WPA
- B) phishing
- C) VPN
- D) WEP

Answer: <https://biology-forums.com/index.php?topic=280517>

Question 1042

The purpose of the _____ phase of the SDLC is to study an existing problem or opportunity and determine if a new system is feasible.

Answer: <https://biology-forums.com/index.php?topic=281560>

Question 1043

Which of the following is not an example of hardware?

- A) a CPU
- B) software
- C) an application
- D) a printer

Answer: <https://biology-forums.com/index.php?topic=278830>

Question 1044

_____ is the process of using automatically generated links from bogus sites to fool search engines into giving sites higher rankings than they deserve.

Answer: <https://biology-forums.com/index.php?topic=281408>

Question 1045

For computers, adding binary numbers is simpler than adding decimal numbers because

- A) there are fewer rules to remember.

- B) you must have a calculator to do it.
- C) all numeric values can be represented in two digits.
- D) binary numbers are longer.

Answer: <https://biology-forums.com/index.php?topic=279086>

Question 1046

All of the following are true about sharing documents on Google Docs EXCEPT _____.

- A) when you create a file by using Google Docs, it is available only to you unless you share the document
- B) when collaborating with others on a project, you should share your documents so that all parties can edit and update the project
- C) once you share your documents, all individuals who have access have full control of the document
- D) there are times when you may not want to share documents with others

Answer: <https://biology-forums.com/index.php?topic=281146>

Question 1047

Which two factors are important to a casual computer user when you choose a computer?

- A) speed and design
- B) monitor size and resolution
- C) compatibility and performance
- D) compatibility and peripherals

Answer: <https://biology-forums.com/index.php?topic=279024>

Question 1048

A _____ is a refrigerator-sized computer used by large organizations.

Answer: <https://biology-forums.com/index.php?topic=278999>

Question 1049

To speed up processing, CPUs obtain data that is likely to be used next from

- A) cache.
- B) CMOS.
- C) hard drive.
- D) USB port.

Answer: <https://biology-forums.com/index.php?topic=279111>

Question 1050

A special low-energy kind of RAM that can store small amounts of data for long periods of time on battery power is known as

- A) CPU.
- B) system clock.
- C) system buses.
- D) CMOS.

Answer: <https://biology-forums.com/index.php?topic=279071>

Question 1051

Successful expert systems were first developed in the field of

- A) insurance.
- B) medicine.
- C) accounting.
- D) law enforcement.

Answer: <https://biology-forums.com/index.php?topic=281599>

Question 1052

The permanently etched program that automatically begins executing the computer's instructions is stored in:

- A) TRANSDUCER.
- B) ROM.
- C) CMOS.
- D) RAM.

Answer: <https://biology-forums.com/index.php?topic=279070>

Question 1053

The fastest Ethernet devices today follow the _____ standard.

- A) 10Base-T Ethernet
- B) Fast Ethernet
- C) 100BASE-T
- D) Gigabit Ethernet

Answer: <https://biology-forums.com/index.php?topic=280430>

Question 1054

A grade book which calculates grades could best be created in a

- A) spreadsheet program.
- B) word processing program.
- C) desktop publishing program.
- D) database program.

Answer: <https://biology-forums.com/index.php?topic=279786>

Question 1055

To have a page number and chapter title appear in the _____ margin of every page, create a footer.

- A) top
- B) left
- C) bottom
- D) right

Answer: <https://biology-forums.com/index.php?topic=279734>

Question 1056

One company selling to another company is known as

- A) C2C.
- B) B2C.
- C) B2B.
- D) C2B.

Answer: <https://biology-forums.com/index.php?topic=281031>

Question 1057

In 1943, the founding father of IBM predicted that the world would not need more than

- A) 500 computers.
- B) 5 computers.
- C) 300,000 computers.
- D) 3 computers per business.

Answer: <https://biology-forums.com/index.php?topic=278970>

Question 1058

In relation to a computer's monitor, DPI stands for _____ per inch.

Answer: <https://biology-forums.com/index.php?topic=279446>

Question 1059

When using MIDI instruments, _____ is used to correct a musician's timing.

Answer: <https://biology-forums.com/index.php?topic=280133>

Question 1060

A(n) _____ uses laser beams rather than magnets to read and write bits of data on a reflective aluminum layer of the disc.

- A) optical disc drive
- B) magnetic tape drive
- C) USB drive
- D) floppy drive

Answer: <https://biology-forums.com/index.php?topic=279334>

Question 1061

A company using an intranet to conduct business is engaging in business-to-_____.

Answer: <https://biology-forums.com/index.php?topic=281403>

Question 1062

A(n) _____ system is designed based on the knowledge of a highly skilled professional in a particular field.

- A) EDI
- B) knowledge
- C) expert
- D) management information

Answer: <https://biology-forums.com/index.php?topic=281294>

Question 1063

With VoIP, phone calls are carried over the public phone network.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280533>

Question 1064

The most successful natural-language applications limit their _____, or affected area, so that rules can be clean and unambiguous.

Answer: <https://biology-forums.com/index.php?topic=281626>

Question 1065

_____ commerce is a new growing type of e-commerce using small computers, cellular phones, PDAs, and so forth connected to the Internet or an intranet.

Answer: <https://biology-forums.com/index.php?topic=281400>

Question 1066

_____ laws protect forms of literature, songs, paintings, and photographs.

Answer: <https://biology-forums.com/index.php?topic=279723>

Question 1067

You can view Web pages on your own PC through the use of an application software program called a(n)

- A) Web browser.
- B) operating system.
- C) search engine.
- D) ISP.

Answer: <https://biology-forums.com/index.php?topic=278860>

Question 1068

A data _____ is a catalog of all the data flowing through a system.

Answer: <https://biology-forums.com/index.php?topic=281576>

Question 1069

Each individual computer and networked peripheral attached to a LAN is a

- A) node.
- B) server.
- C) router.
- D) hub.

Answer: <https://biology-forums.com/index.php?topic=280401>

Question 1070

The moment when greater-than-human intelligence is created is called the _____.

Answer: <https://biology-forums.com/index.php?topic=281645>

Question 1071

The combination of CAD and CAM is called computer-integrated manufacturing.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280067>

Question 1072

Which of the following is true regarding supercomputers?

- A) Supercomputers are smaller in size and processing capability than mainframe computers.
- B) Supercomputers are common in the majority of U.S. households.
- C) Supercomputers are the fastest, most powerful computers made.
- D) Supercomputers are rarely used by researchers due to their lack of computing capacity.

Answer: <https://biology-forums.com/index.php?topic=278919>

Question 1073

Most spreadsheet software packages include predefined _____ such as getting the square root of a number or summing and averaging numbers.

Answer: <https://biology-forums.com/index.php?topic=279919>

Question 1074

What was the name of the worm that demonstrated that a system could be infected by email even if the mail wasn't opened?

- A) The Love Bug
- B) Melissa
- C) rxbot
- D) BubbleBoy

Answer: <https://biology-forums.com/index.php?topic=280900>

Question 1075

Which of the following techniques is NOT a data collection technique used as part of the SDLC?

- A) document review
- B) interviews
- C) sampling
- D) modeling

Answer: <https://biology-forums.com/index.php?topic=281502>

Question 1076

Microsoft Office includes a scripting variation of Visual Basic known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281555>

Question 1077

Graphical bodies used to represent a person in a virtual meeting place are known as

- A) agents.
- B) emulators.
- C) avatars.
- D) memes.

Answer: <https://biology-forums.com/index.php?topic=280504>

Question 1078

When customers of a Web site are unable to access it due to a bombardment of fake traffic, it is known as

- A) a virus.
- B) a Trojan horse.
- C) cracking.
- D) a denial-of-service attack.

Answer: <https://biology-forums.com/index.php?topic=280898>

Question 1079

In desktop publishing, the spacing between pairs of letter is called _____.

Answer: <https://biology-forums.com/index.php?topic=279949>

Question 1080

When students work together on collaborative, multimedia projects, this is referred to by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281234>

Question 1081

_____ language is functionally equivalent to machine language but it's easier for people to read, write, and understand.

Answer: <https://biology-forums.com/index.php?topic=281549>

Question 1082

Match the following terms with their description.

- I. Relationship
- II. One-to-many relationship
- III. Foreign key
- IV. Referential integrity
- V. Join line
- A. The most common type of relationship in Access
- B. Used to connect tables
- C. Displays between two tables in the Relationships window
- D. An association between two tables
- E. Ensures that the data between related tables is valid

Answer: <https://biology-forums.com/index.php?topic=281069>

Question 1083

A _____ is an application with which you can create, edit, and format text documents.

- A) spreadsheet application
- B) word processor
- C) presentation application
- D) database

Answer: <https://biology-forums.com/index.php?topic=281075>

Question 1084

The act of obtaining data about an individual and then using that data to impersonate them is known as

- A) identity theft.
- B) spam.
- C) data mining.
- D) phishing.

Answer: <https://biology-forums.com/index.php?topic=280231>

Question 1085

One of the things you can do you if a program freezes or your system crashes is reboot the system.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279655>

Question 1086

A system that combines transaction data from some or all of the company's TPS systems into a database or data warehouse is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281332>

Question 1087

PowerPoint is an example of

- A) presentation graphics software.
- B) image compression software.
- C) vector graphics software.
- D) 3-D modeling software.

Answer: <https://biology-forums.com/index.php?topic=279974>

Question 1088

The instruction execution cycle three-step rhythm is

- A) fetch the instruction, decode the compiler, and defer the specified task.
- B) fetch the instruction, increment the program counter, and defer the specified task.
- C) fetch the instruction, increment the program counter, and perform the specified task.
- D) fetch the instruction, decode the compiler, and store the result on the hard drive.

Answer: <https://biology-forums.com/index.php?topic=279583>

Question 1089

The acronym WORM stands for

- A) write-once, read-many.
- B) write only recordable memories.
- C) work overtime, reap money.
- D) write-office, read-most.

Answer: <https://biology-forums.com/index.php?topic=279397>

Question 1090

When a bank teller takes on more responsibilities because the job is computerized, that job has been

- A) up-skilled.
- B) reverse engineered.
- C) de-skilled.
- D) authenticated.

Answer: <https://biology-forums.com/index.php?topic=281182>

Question 1091

High-level language falls between natural human language and precise human language.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279636>

Question 1092

One example of video editing software is Adobe _____.

- A) Premiere
- B) Flash
- C) Dreamweaver
- D) Photoshop

Answer: <https://biology-forums.com/index.php?topic=279990>

Question 1093

All of the following are examples of pointing devices used in painting software EXCEPT:

- A) mouse.
- B) joystick.
- C) keyboard.
- D) stylus.

Answer: <https://biology-forums.com/index.php?topic=280017>

Question 1094

A collection of information stored in an organized form on a computer is a(n)

- A) database.
- B) query.
- C) operating system.
- D) utility.

Answer: <https://biology-forums.com/index.php?topic=280164>

Question 1095

This type of drive is popular for storing data files created on publicly used computers (such as at a school):

- A) hub.
- B) CD.
- C) PC card.
- D) USB flash drive.

Answer: <https://biology-forums.com/index.php?topic=279407>

Question 1096

Which of the following is an example of a subsystem?

- A) A LAN is a subsystem of a WAN.
- B) The environment is a subsystem of boundaries.
- C) Input is a subsystem of output.
- D) An information system is a subsystem of customers.

Answer: <https://biology-forums.com/index.php?topic=281249>

Question 1097

_____ programming addresses the problem of spaghetti code in computer programs.

Answer: <https://biology-forums.com/index.php?topic=281552>

Question 1098

Putting electronic marks on a disk as tracks and sectors is known as

- A) clustering.
- B) defragmenting.
- C) copying.
- D) formatting.

Answer: <https://biology-forums.com/index.php?topic=279573>

Question 1099

A system that gives a manager information they need to make decisions (typically, structured decisions) is known as a(n) _____ system.

- A) operational management
- B) ERP
- C) data warehousing
- D) management information

Answer: <https://biology-forums.com/index.php?topic=281289>

Question 1100

A secure private network physically attaches intranets to an extranet through

- A) coaxial cables.
- B) LANs.
- C) private leased phone lines.
- D) satellite transmissions.

Answer: <https://biology-forums.com/index.php?topic=281374>

Question 1101

The _____ commands are designed to help answer the common computer user's question, "Where's my stuff?"

- A) Locate and Open
- B) Open and Save
- C) Save and Save As
- D) Search and Find

Answer: <https://biology-forums.com/index.php?topic=279627>

Question 1102

Minor revisions in software are often reflected in the use of

- A) whole numbers.
- B) decimal numbers.
- C) version letters.
- D) upgrade code letters.

Answer: <https://biology-forums.com/index.php?topic=279517>

Question 1103

Every natural language has a(n) _____, a set of rules for constructing sentences from words.

Answer: <https://biology-forums.com/index.php?topic=281625>

Question 1104

Ron White, in *How Computers Work*, states that "The microprocessor that makes up your personal computer's central processing unit, or CPU, is the ultimate computer brain, messenger, ringmaster, and boss."

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279131>

Question 1105

What is the intersection of a column and a row in a spreadsheet called?

- A) label
- B) value

C) locator

D) cell

Answer: <https://biology-forums.com/index.php?topic=279788>

Question 1106

_____ is a set of rules that Access uses to ensure that the data between related tables is valid.

Answer: <https://biology-forums.com/index.php?topic=281050>

Question 1107

One type of 4GL is the _____ language that enables a user to request information from a database with English-like questions.

A) query

B) assembly

C) Java

D) C++

Answer: <https://biology-forums.com/index.php?topic=281482>

Question 1108

_____ looks for patterns in sound waves and interprets sounds by locating familiar patterns.

A) A voice recorder

B) Speech recognition software

C) A microphone

D) A Wacom tablet

Answer: <https://biology-forums.com/index.php?topic=279839>

Question 1109

Games such as Eve Online and World of Warcraft, which support hundreds of thousands of people playing games in an online virtual world, are commonly known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=280593>

Question 1110

All of the following are examples of transaction processing systems EXCEPT:

A) accounts receivable.

B) ticket reservations.

C) group decision support system.

D) inventory.

Answer: <https://biology-forums.com/index.php?topic=281273>

Question 1111

When you are looking for specific information on the Web, a search _____ can assist you in finding the information that you need.

Answer: <https://biology-forums.com/index.php?topic=278879>

Question 1112

Google _____ OS is a Linux-based OS designed for low-cost PCs, netbooks, and tablet devices.

Answer: <https://biology-forums.com/index.php?topic=279703>

Question 1113

Information stored in RAM is considered volatile, which means it is

A) stored there permanently.

B) not held permanently, only temporarily.

C) stored when the electricity is shut off.

D) stored permanently in the CPU device.

Answer: <https://biology-forums.com/index.php?topic=279065>

Question 1114

Slots and _____ enable the CPU to communicate with the outside world via peripheral devices.

Answer: <https://biology-forums.com/index.php?topic=279216>

Question 1115

Computer scientist Alan Kay has said, "The best way to predict the future is to _____ it."

Answer: <https://biology-forums.com/index.php?topic=279019>

Question 1116

_____ -authoring software is used to create and edit documents that can include graphics, text, video clips, and sounds.

Answer: <https://biology-forums.com/index.php?topic=280137>

Question 1117

A _____ stores a user's preferences for a particular Web site on the user's computer.

- A) cookie
- B) VPN file
- C) Web authoring tool
- D) WAV file

Answer: <https://biology-forums.com/index.php?topic=281381>

Question 1118

A type of computer called a _____, also known as a thin client, is a combination keyboard and monitor with little, if any, local power.

Answer: <https://biology-forums.com/index.php?topic=279004>

Question 1119

The most professional software for publishing a book is

- A) desktop publishing software.
- B) word processing software.
- C) a database program.
- D) presentation graphics software.

Answer: <https://biology-forums.com/index.php?topic=279768>

Question 1120

A query may be a simple search for a specific record (say, one containing information on a specific student) or a request to _____ (or choose) all records that match a set of criteria.

Answer: <https://biology-forums.com/index.php?topic=280334>

Question 1121

_____ is defined as any crime completed through the use of computer technology.

- A) Computer forensics
- B) Computer crime
- C) Phishing
- D) Cracking

Answer: <https://biology-forums.com/index.php?topic=280930>

Question 1122

Silicon Valley, where numerous microprocessor manufacturing companies are located, is in

- A) Oregon.
- B) California.
- C) Texas.
- D) Washington.

Answer: <https://biology-forums.com/index.php?topic=278903>

Question 1123

Buying and selling products through a computer network is known as _____ commerce.

- A) electronic
- B) virtual
- C) point-of-sale
- D) HTML

Answer: <https://biology-forums.com/index.php?topic=281027>

Question 1124

_____ is a secure electronic "tunnel" through the Internet that prevents unauthorized access or eavesdropping.

- A) WEP

- B) VPN
- C) Bluetooth
- D) Peer-to-peer

Answer: <https://biology-forums.com/index.php?topic=280519>

Question 1125

High contrast between font color and background improves _____.

Answer: <https://biology-forums.com/index.php?topic=280154>

Question 1126

_____ software is used to block users from viewing certain Web sites on the computer.

- A) Web browser
- B) Filtering
- C) Edutainment
- D) Monitoring

Answer: <https://biology-forums.com/index.php?topic=281204>

Question 1127

Match the following protocols with their function.

- I. 3-D
- II. 3-D rendering program
- III. Frame rate
- IV. Proprietary file
- V. Plug-in
- A. Protected and controlled by a single organization
- B. Shockwave Player and Flash Player
- C. Has all three spatial dimensions
- D. The results are strikingly realistic
- E. Images per second

Answer: <https://biology-forums.com/index.php?topic=281139>

Question 1128

Producing output involves

- A) accepting information from the outside world.
- B) communication with another computer.
- C) moving and storing information.
- D) communicating information to the outside world.

Answer: <https://biology-forums.com/index.php?topic=279021>

Question 1129

Wikipedia, a collection of Web pages that can be edited by anyone, is an example of a

- A) Web application.
- B) PC application.
- C) Mac OS application.
- D) Microsoft Office application.

Answer: <https://biology-forums.com/index.php?topic=279601>

Question 1130

The online community, Flickr, was originally founded

- A) to compete with MySpace.
- B) by a doctor in San Francisco.
- C) in 1999.
- D) to create a massive multiplayer Web game.

Answer: <https://biology-forums.com/index.php?topic=278951>

Question 1131

The elaborate, extensive network of networks that has changed how people work and communicate is known as the _____.

Answer: <https://biology-forums.com/index.php?topic=278887>

Question 1132

The field of _____ deals with the way hardware and software work together.

- A) MIS
- B) computer theory
- C) software engineering
- D) computer architecture

Answer: <https://biology-forums.com/index.php?topic=281512>

Question 1133

Unsolicited email is called _____.

Answer: <https://biology-forums.com/index.php?topic=280601>

Question 1134

Record matching is trivial and quick as long as

- A) a relational database is used.
- B) the DBMS is not Access.
- C) the tables in the database share a single unique field.
- D) the fields are the same data type.

Answer: <https://biology-forums.com/index.php?topic=280271>

Question 1135

A computer system that links two or more computers is known as a _____.

Answer: <https://biology-forums.com/index.php?topic=279011>

Question 1136

_____ is the quantity of information that can be transmitted through a communication medium in a given amount of time.

Answer: <https://biology-forums.com/index.php?topic=280567>

Question 1137

When radio or TV broadcasts are streaming at the same time they are happening, it is called

- A) real-time.
- B) plug-in.
- C) 3-D.
- D) RealOne.

Answer: <https://biology-forums.com/index.php?topic=280732>

Question 1138

The control structure used to make logical decisions is known as

- A) selection.
- B) pseudocode.
- C) sequence.
- D) repetition.

Answer: <https://biology-forums.com/index.php?topic=281462>

Question 1139

The branch of computer science where specialists apply the theoretical concepts of computer science to real-world, practical business problems are known as

- A) management information systems.
- B) computer theory.
- C) software engineering.
- D) computer architecture.

Answer: <https://biology-forums.com/index.php?topic=281511>

Question 1140

_____ is a technology applied to digital media files such as music, ebooks, and videos to impose restrictions on the use of these files.

Answer: <https://biology-forums.com/index.php?topic=281123>

Question 1141

The design that determines how individual components of the CPU are put together and work together on the chip is called the

- A) construction.
- B) detailed plan.
- C) motherboard.
- D) architecture.

Answer: <https://biology-forums.com/index.php?topic=279059>

Question 1142

A sensor is an example of a(n) _____ device for a robot.

- A) output
- B) input
- C) storage
- D) memory

Answer: <https://biology-forums.com/index.php?topic=281613>

Question 1143

Google's _____ is an electronic mail service accessible through a standard Web browser.

Answer: <https://biology-forums.com/index.php?topic=278882>

Question 1144

Hardware components are

- A) physical parts of a computer system.
- B) fully functional without computer software.
- C) impossible to add on after the initial purchase of a computer.
- D) the intangible parts of a computer system.

Answer: <https://biology-forums.com/index.php?topic=279022>

Question 1145

Wipe right animation gives audience members an opportunity to begin reading the text before it is completely written.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280082>

Question 1146

In a data flow diagram, a process is indicated by a(n)

- A) diamond.
- B) triangle.
- C) arrow.
- D) circle.

Answer: <https://biology-forums.com/index.php?topic=281505>

Question 1147

Small Java programs that are automatically downloaded onto a client computer are called _____.

Answer: <https://biology-forums.com/index.php?topic=280812>

Question 1148

Some database programs require users to type requests using a special and more precise query _____.

Answer: <https://biology-forums.com/index.php?topic=280377>

Question 1149

A network of many distributed, parallel computing systems is called a _____ network.

- A) neural
- B) cerebral
- C) mesh
- D) robotic

Answer: <https://biology-forums.com/index.php?topic=281608>

Question 1150

H&R Block At Home is an example of _____ software.

Answer: <https://biology-forums.com/index.php?topic=281107>

Question 1151

Advanced word-processing features include all of the following EXCEPT creation of

- A) alternate headers and footers.
- B) variable-width columns.
- C) detailed architectural drawings.
- D) styles.

Answer: <https://biology-forums.com/index.php?topic=279752>

Question 1152

Users of specialized database programs spend most of their time designing forms and file structures.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280310>

Question 1153

CPU stands for

- A) central production unit.
- B) central processing unit.
- C) computer processing unit.
- D) central printing unit.

Answer: <https://biology-forums.com/index.php?topic=279028>

Question 1154

A _____ is used to create a digital representation of typed text, handwritten text, graphics, and objects.

- A) scanner
- B) bar-code reader
- C) video digitizer
- D) videoconferencing device

Answer: <https://biology-forums.com/index.php?topic=279283>

Question 1155

_____ must be saved in HTML format.

- A) Web pages
- B) Word documents
- C) Excel spreadsheets
- D) Access databases

Answer: <https://biology-forums.com/index.php?topic=279780>

Question 1156

The legislations known by the acronyms ADA and _____ state every student should have equal access to school programs and services.

Answer: <https://biology-forums.com/index.php?topic=281229>

Question 1157

An integrated programming environment includes a text editor, a compiler, and a(n) _____ that locates and corrects errors.

Answer: <https://biology-forums.com/index.php?topic=281547>

Question 1158

To translate a program to machine language, we can use either a compiler or an interpreter.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281518>

Question 1159

Unlike the Web protocol, the _____ protocol is designed solely to allow files to be transferred from a server to a client.

- A) HTTP

- B) HTTPS
- C) SMTP
- D) FTP

Answer: <https://biology-forums.com/index.php?topic=280689>

Question 1160

The Code Red worm attacked servers running operating systems from the company _____.

Answer: <https://biology-forums.com/index.php?topic=280978>

Question 1161

Streaming transmission of radio or a concert is done via a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=280810>

Question 1162

Using SQL requires the user to learn a new language each time they work with new hardware and software systems.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280308>

Question 1163

Another word for synthesizing sound is

- A) morphing.
- B) animating.
- C) ripping.
- D) digitizing.

Answer: <https://biology-forums.com/index.php?topic=279996>

Question 1164

A Web _____ is a program that allows access to the WWW.

Answer: <https://biology-forums.com/index.php?topic=279010>

Question 1165

A file is an organized collection of information, such as a term paper or a set of names and addresses, stored in a computer-readable form.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279142>

Question 1166

To save a previously saved file to a different location or with a different name, you use the _____ menu option.

Answer: <https://biology-forums.com/index.php?topic=279679>

Question 1167

An encryption _____ is the secret numerical code a user will utilize to encrypt a message.

Answer: <https://biology-forums.com/index.php?topic=281000>

Question 1168

If a computer is locked up, you can force a _____ by holding down the power button on your computer for a few seconds.

Answer: <https://biology-forums.com/index.php?topic=279713>

Question 1169

EarthLink is an example of an ISP.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280746>

Question 1170

Types of charts that can be created in a spreadsheet program include all EXCEPT a _____ chart.

- A) pie
- B) scatter
- C) bar
- D) block

Answer: <https://biology-forums.com/index.php?topic=279794>

Question 1171

The typical CPU is divided into several functional units: control, arithmetic logic, decode, _____, and prefetch.

Answer: <https://biology-forums.com/index.php?topic=279155>

Question 1172

Match the following terms with their description.

- I. Database template
- II. Blank database
- III. Object
- IV. Navigation Pane
- V. Object tab
- A. The basic parts of a database
- B. A preformatted database
- C. Identifies and enables you to select the open object
- D. Displays the database objects
- E. Has no data and no database items

Answer: <https://biology-forums.com/index.php?topic=281066>

Question 1173

The World Wide Web Consortium, also known by the acronym _____, is an organization dedicated to helping evolve the Web in positive directions.

Answer: <https://biology-forums.com/index.php?topic=280092>

Question 1174

Neural networks can be used for all of the following EXCEPT:

- A) finding fraud in credit card use.
- B) analyzing the stock market.
- C) processing loans.
- D) communicating in natural-language.

Answer: <https://biology-forums.com/index.php?topic=281609>

Question 1175

The following are all high-level languages EXCEPT:

- A) C.
- B) assembly language.
- C) Java.
- D) BASIC.

Answer: <https://biology-forums.com/index.php?topic=281470>

Question 1176

Because most human decision making involves ambiguity, _____ logic allows for conclusions that are based on probabilities rather than certainties.

Answer: <https://biology-forums.com/index.php?topic=281632>

Question 1177

Electronic music studios are being replaced by virtual instruments.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280089>

Question 1178

_____ software uses shape, location in space, color, brightness, and motion to help us understand relationships that are invisible to us.

- A) Desktop publishing
- B) Technical drawing
- C) Statistical-analysis
- D) Scientific-visualization

Answer: <https://biology-forums.com/index.php?topic=279864>

Question 1179

A home having the necessary technology to enable working from home is known as an electronic _____.

Answer: <https://biology-forums.com/index.php?topic=281220>

Question 1180

A personal digital assistant (PDA) also has cell phone capabilities.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=278991>

Question 1181

This relatively new interface standard for connecting computers to most external peripherals is a

- A) Serial-ATA.
- B) FireWire.
- C) SCSI port.
- D) parallel port.

Answer: <https://biology-forums.com/index.php?topic=279338>

Question 1182

In 2005, Google agreed to allow the _____ government to censor certain searches made by their citizens.

- A) United States
- B) German
- C) Indian
- D) Chinese

Answer: <https://biology-forums.com/index.php?topic=280243>

Question 1183

_____ ink character readers can read those odd-shaped numbers printed with magnetic ink on checks.

Answer: <https://biology-forums.com/index.php?topic=279471>

Question 1184

A(n) _____ system gives managers access to the knowledge of professionals in a narrow area of interest.

Answer: <https://biology-forums.com/index.php?topic=281342>

Question 1185

ERP systems are generally simplistic.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281321>

Question 1186

The motherboard is the

- A) circuit board that contains a CPU and other chips.
- B) circuit board that houses peripheral devices.
- C) same as the CPU chip.
- D) the first chip that is accessed when the computer is turned on.

Answer: <https://biology-forums.com/index.php?topic=279050>

Question 1187

A(n) _____ is an example of output from an information system.

- A) printer
- B) payroll statement
- C) customer address change
- D) scanner

Answer: <https://biology-forums.com/index.php?topic=281266>

Question 1188

The programming language _____ was developed as an easy-to-learn, interactive alternative to FORTRAN for beginning programmers.

Answer: <https://biology-forums.com/index.php?topic=281531>

Question 1189

_____ -and-practice software is based on B.F. Skinner's principles of behaviorist psychology.

Answer: <https://biology-forums.com/index.php?topic=281227>

Question 1190

The most common MIDI controller for sequencing is a

- A) keyboard.
- B) guitar.
- C) bass guitar.
- D) drum.

Answer: <https://biology-forums.com/index.php?topic=280062>

Question 1191

According to _____ law, it is illegal to produce, distribute, or use technology that circumvents digital rights management.

- A) groggy
- B) copyright
- C) write enhanced
- D) copy protected

Answer: <https://biology-forums.com/index.php?topic=279593>

Question 1192

An expert system can perform all of the following tasks EXCEPT:

- A) help train new employees.
- B) reduce the number of human errors.
- C) develop a strong planning strategy.
- D) combine the knowledge of several experts.

Answer: <https://biology-forums.com/index.php?topic=281601>

Question 1193

The problem with disk drives and their moving parts is that they will eventually fail.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279426>

Question 1194

An integrated programming _____ includes a text editor, a compiler, a debugger, and many other utilities.

Answer: <https://biology-forums.com/index.php?topic=281543>

Question 1195

Many phone companies offer _____, a technology for bringing broadband connections to homes and small businesses by sharing the copper telephone lines that carry voice calls.

- A) DSL
- B) cable modem connections
- C) satellite connections
- D) wireless connections

Answer: <https://biology-forums.com/index.php?topic=280473>

Question 1196

These systems are helpful to people who cannot use their hands while they work:

- A) analog-to-digital converter.
- B) videoconferencing.
- C) speech recognition.
- D) OCR readers.

Answer: <https://biology-forums.com/index.php?topic=279386>

Question 1197

The main outcome of the early automatic language translation efforts was the realization that

- A) translation without understanding is impossible.
- B) automatic translation is more effective than humans.

C) computers had very few issues with automatic translation..
D) computers can accurately translate 99 percent of the text.
Answer: <https://biology-forums.com/index.php?topic=281588>

Question 1198

A _____ enables you to create electronic worksheets composed of rows and columns.
A) spreadsheet application
B) word processor
C) presentation application
D) database
Answer: <https://biology-forums.com/index.php?topic=281076>

Question 1199

Putting multiple CPUs on a single chip is defined as
A) clustering.
B) multitasking.
C) a multicore processor.
D) heat sinking.
Answer: <https://biology-forums.com/index.php?topic=279109>

Question 1200

If one attempts to send a message to an email address which does not exist, it will return to you, or _____.
A) bounce
B) backup
C) overload
D) export
Answer: <https://biology-forums.com/index.php?topic=280508>

Question 1201

All of the following are top-level domains EXCEPT _____.
A) .com
B) .mil
C) .army
D) .org
Answer: <https://biology-forums.com/index.php?topic=280665>

Question 1202

An easy way to keep computer documents organized is to create _____, which store files.
Answer: <https://biology-forums.com/index.php?topic=278870>

Question 1203

The following are tips for computer users to protect your health EXCEPT:
A) stretch during breaks.
B) rest your eyes 15 minutes for every 2 hours at your computer.
C) if you type a lot of text consider using voice recognition software.
D) choose equipment based on its color.
Answer: <https://biology-forums.com/index.php?topic=279400>

Question 1204

Information from the Internet to the subscriber, called _____ traffic, sometimes approaches speeds similar to a T1.
A) upstream
B) downstream
C) asynchronous
D) upload
Answer: <https://biology-forums.com/index.php?topic=280477>

Question 1205

The program counter keeps track of
A) the address of the next instruction.

- B) the next instruction.
- C) the address of the result.
- D) the compiler code.

Answer: <https://biology-forums.com/index.php?topic=279579>

Question 1206

When two processors are employed in a computer, it is known as

- A) double processing.
- B) parallel processing.
- C) multi-tasking.
- D) twin processing.

Answer: <https://biology-forums.com/index.php?topic=279057>

Question 1207

Before condensed files can be opened and used, they must be

- A) decompressed.
- B) zipped.
- C) upgraded.
- D) defragmented.

Answer: <https://biology-forums.com/index.php?topic=279994>

Question 1208

A programmer is _____ when he/she uses an algorithm to write programming language statements.

- A) debugging
- B) testing
- C) compiling
- D) coding

Answer: <https://biology-forums.com/index.php?topic=281457>

Question 1209

Programs now resemble _____ much more than in the past.

- A) natural language
- B) machine language
- C) low-level language
- D) compiler and translation software

Answer: <https://biology-forums.com/index.php?topic=279511>

Question 1210

Information on computers is _____, which means it can be made up of two values.

Answer: <https://biology-forums.com/index.php?topic=279222>

Question 1211

In the value chain model, the primary activity that refers to delivering the products or services to customers is

- A) marketing and sales.
- B) outbound logistics.
- C) procurement.
- D) inbound logistics.

Answer: <https://biology-forums.com/index.php?topic=281256>

Question 1212

_____ development is a problem-solving process that begins when someone recognizes a problem or opportunity and ends with evaluation of the solution.

Answer: <https://biology-forums.com/index.php?topic=281558>

Question 1213

Software's ability to recognize words without being trained by a specific speaker is known as A) GIGO.

- B) speaker independence.
- C) natural speak
- D) audio training.

Answer: <https://biology-forums.com/index.php?topic=279835>

Question 1214

In the early nineteenth century, Charles Babbage and Ada Lovelace conceived an idea for a mechanical computer that they referred to as a(n)

- A) Z1.
- B) ABC.
- C) Analytical Engine.
- D) calculator.

Answer: <https://biology-forums.com/index.php?topic=278956>

Question 1215

Which of the following statements is good advice when creating an attractive design using desktop publishing software?

- A) Use a minimum of five fonts for variety and to increase interest.
- B) Choose a simple format and use it throughout your document.
- C) Use at least one of each of the styles such as underlining, bold, all caps, small caps, and other styles for emphasis.
- D) Use as many colors as possible.

Answer: <https://biology-forums.com/index.php?topic=279843>

Question 1216

_____ are prerecorded radio- and TV-like shows that you can download and listen to or watch any time.

Answer: <https://biology-forums.com/index.php?topic=281122>

Question 1217

The first computers were designed to

- A) perform repetitive calculations and tasks.
- B) compose music.
- C) use punch cards.
- D) assist the U.S. government with defense.

Answer: <https://biology-forums.com/index.php?topic=278897>

Question 1218

Removable media devices are examples of secondary storage, otherwise known as _____ storage.

Answer: <https://biology-forums.com/index.php?topic=279160>

Question 1219

A _____ file is a file allocated to noncontiguous clusters.

- A) fragmented.
- B) tracked.
- C) blocked
- D) scattered

Answer: <https://biology-forums.com/index.php?topic=279575>

Question 1220

The ENIAC could calculate 500 times faster than the existing electromechanical calculators, which was about as fast as

- A) the Gloster Meteor.
- B) a current day Nascar winner.
- C) the Tonan Maru.
- D) a modern pocket calculator.

Answer: <https://biology-forums.com/index.php?topic=278965>

Question 1221

Project managers use CSF to keep track of a project's schedule.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281317>

Question 1222

_____ uses high-bandwidth connections to communicate multimedia over wireless networks, but lacks true broadband speed.

- A) 4G
- B) DSL

- C) 3G
- D) Wi-Fi

Answer: <https://biology-forums.com/index.php?topic=280467>

Question 1223

Small Java programs are called _____ because they're like tiny applications.

Answer: <https://biology-forums.com/index.php?topic=280827>

Question 1224

GUI refers to

- A) graphical user interaction.
- B) guaranteed user interface.
- C) graphical user interface.
- D) graphics utilized internally.

Answer: <https://biology-forums.com/index.php?topic=279562>

Question 1225

A database that stores data in "cubes" rather than tables is known as a(n) _____ database.

- A) flat
- B) multidimensional
- C) object-oriented
- D) relational

Answer: <https://biology-forums.com/index.php?topic=280283>

Question 1226

_____ Law is the prediction by a chairman of Intel in the 1960s that the number of transistors that can be packed into a silicon chip of the same price would double approximately every 18 months.

Answer: <https://biology-forums.com/index.php?topic=279002>

Question 1227

Nonprofit organizations' URLs typically end with .net.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280738>

Question 1228

Computer monitoring at work leads to all of the following EXCEPT:

- A) decrease in privacy.
- B) negative impact on morale.
- C) increase in quality of work.
- D) devalued skills.

Answer: <https://biology-forums.com/index.php?topic=281185>

Question 1229

Prototyping is used in the _____ phase of the SDLC.

- A) analysis
- B) development
- C) design
- D) investigation

Answer: <https://biology-forums.com/index.php?topic=281494>

Question 1230

A worldwide public newsgroup available on the Internet is

- A) TCP/IP.
- B) Usenet.
- C) Listserv.
- D) Blogger.

Answer: <https://biology-forums.com/index.php?topic=280498>

Question 1231

SQL Server and MySQL are two examples of a type of program known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=280342>

Question 1232

A special type of DSS that includes maps and demographic data is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281341>

Question 1233

The four basic computer functions are

- A) receive the kernel, process information, produce output, and store CMOS.
- B) receive input, process information, produce output, and store information.
- C) gather data, access memory, print, and store information.
- D) receive input, process information, produce terabytes, and store information.

Answer: <https://biology-forums.com/index.php?topic=279076>

Question 1234

OCR stands for

- A) optical coding recognizer.
- B) ostensibly characterized reader.
- C) optical character recognition.
- D) original character reader.

Answer: <https://biology-forums.com/index.php?topic=279276>

Question 1235

When a program assigns 8 bits to a pixel, that pixel can display up to _____ different shades of gray.

- A) 8
- B) 64
- C) 256
- D) 1,024

Answer: <https://biology-forums.com/index.php?topic=279956>

Question 1236

A computer doesn't understand words, numbers, pictures, musical notes, or even letters of the alphabet.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279146>

Question 1237

Data traveling from a home computer to the Internet is called

- A) downstream traffic.
- B) upstream traffic.
- C) T1 traffic.
- D) DSL traffic.

Answer: <https://biology-forums.com/index.php?topic=280481>

Question 1238

A company's CEO acts at the _____ level.

- A) tactical
- B) operational
- C) middle management
- D) strategic

Answer: <https://biology-forums.com/index.php?topic=281287>

Question 1239

Speech-recognition software is most popular for

- A) people with physical limitations.
- B) doctors to input patient notes.
- C) CEOs who then have less need for transcription by support staff.
- D) PDA users.

Answer: <https://biology-forums.com/index.php?topic=279766>

Question 1240

The display size of a monitor is measured

- A) diagonally.
- B) horizontally.
- C) vertically.
- D) from center to the furthest corner.

Answer: <https://biology-forums.com/index.php?topic=279293>

Question 1241

An automated factory is more efficient than a traditional factory for all the following reasons EXCEPT:

- A) it reduces complication.
- B) it reduces the amount of time materials and machines sit idle.
- C) it reduces raw materials.
- D) it reduces labor.

Answer: <https://biology-forums.com/index.php?topic=281013>

Question 1242

The future could bring the emergence of _____, computer chips embedded within human bodies.

- A) bio-electronic imaging
- B) human-scanning technology
- C) digital-assistance human-existence technology
- D) biodigital technology

Answer: <https://biology-forums.com/index.php?topic=278939>

Question 1243

_____ are compression algorithms that reduce the size of digital media files.

Answer: <https://biology-forums.com/index.php?topic=281112>

Question 1244

The primary permanent storage device for information is the _____ disk.

Answer: <https://biology-forums.com/index.php?topic=278867>

Question 1245

_____ intelligence is the branch of computer science that explores the use of computers in tasks that require intelligence, imagination, and insight.

Answer: <https://biology-forums.com/index.php?topic=278996>

Question 1246

When reading a program, the CPU _____ instructions from the program.

- A) runs and operates
- B) opens and reads
- C) fetches and executes
- D) executes and opens

Answer: <https://biology-forums.com/index.php?topic=279501>

Question 1247

ISP stands for Internet _____ provider.

Answer: <https://biology-forums.com/index.php?topic=280789>

Question 1248

_____ weapons are missiles that use computerized guidance systems to locate their targets.

Answer: <https://biology-forums.com/index.php?topic=281004>

Question 1249

If you are having problems with an application because it is frozen, you can use the system's _____ option to get the program to close.

- A) profiler
- B) disk defragmenter

- C) force quit
- D) power on self test

Answer: <https://biology-forums.com/index.php?topic=279615>

Question 1250

Programs, such as Microsoft Word, that allow a user to accomplish a task or goal are referred to as

- A) system software.
- B) applications.
- C) Web browsers.
- D) operating systems.

Answer: <https://biology-forums.com/index.php?topic=278845>

Question 1251

The syntax of a programming language is the

- A) kind of interpreter or compiler used.
- B) underlying meaning of the words and phrases in the language.
- C) special set of words that instruct the compiler to perform an action.
- D) set of rules for constructing sentences from words.

Answer: <https://biology-forums.com/index.php?topic=281591>

Question 1252

Match the following terms with their description.

- I. Datasheet view
- II. Design view
- III. Object window
- IV. Data type
- V. Title bar
- A. Displays the open item
- B. Displays the name and location of your database
- C. Displays the underlying design
- D. Defines what can be entered into a field
- E. Displays the data as columns and rows

Answer: <https://biology-forums.com/index.php?topic=281067>

Question 1253

To analyze their information requirements, many companies use _____ to define their IT infrastructure.

- A) organizational information requirements analysis
- B) spreadsheet modeling
- C) project planning
- D) cost-benefit analysis

Answer: <https://biology-forums.com/index.php?topic=281299>

Question 1254

Video projects normally start with an outline and a(n)

- A) digitizer.
- B) analog backup.
- C) digital feed.
- D) storyboard.

Answer: <https://biology-forums.com/index.php?topic=280043>

Question 1255

How is a magnetic disk drive read?

- A) randomly
- B) sequentially
- C) through a laser beam
- D) in sequential blocks

Answer: <https://biology-forums.com/index.php?topic=279326>

Question 1256

The physical components of a computer system are known as _____.

Answer: <https://biology-forums.com/index.php?topic=279157>

Question 1257

- An Mbit is equal to
- A) one million bytes.
 - B) 8 megabytes.
 - C) one million bits.
 - D) one million petabytes.

Answer: <https://biology-forums.com/index.php?topic=279093>

Question 1258

Narrowband is a network of newsgroups available worldwide through the Internet.
[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280535>

Question 1259

A _____ is a journal-like website that the owner updates regularly to share opinions, observations, or information.

- A) blog
- B) wiki
- C) hangout
- D) group

Answer: <https://biology-forums.com/index.php?topic=281151>

Question 1260

A field that contains formulas similar to those found in a spreadsheet is called a computed field.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280297>

Question 1261

Storage devices serve as short-term repositories for data.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279135>

Question 1262

The company that introduced PageMaker software to the desktop publishing world was

- A) Adobe.
- B) Aldus.
- C) Microsoft.
- D) Macromedia.

Answer: <https://biology-forums.com/index.php?topic=279840>

Question 1263

Machine language is often translated into _____, a number system with base 16.

Answer: <https://biology-forums.com/index.php?topic=281551>

Question 1264

_____ is the delivery of applications over the Internet.

- A) IaaS
- B) CPS
- C) SaaS
- D) PaaS

Answer: <https://biology-forums.com/index.php?topic=281099>

Question 1265

This device, when dragged across a line of printed text acts as an OCR and recognizes and stores the text to be transferred to your computer:

- A) pen scanner.
- B) yellow sticky pen.
- C) highlighter.
- D) POS terminal.

Answer: <https://biology-forums.com/index.php?topic=279375>

Question 1266

The _____ was the first smart phone to truly capture the imagination of consumers and software developers.

Answer: <https://biology-forums.com/index.php?topic=279162>

Question 1267

A family owned traditional restaurant is an example of a(n) _____ and mortar company.

Answer: <https://biology-forums.com/index.php?topic=281401>

Question 1268

A popular storage device which plugs in to a port on the computer is called a(n) _____ drive.

- A) floppy
- B) DVD
- C) USB
- D) network

Answer: <https://biology-forums.com/index.php?topic=278839>

Question 1269

A Blu-ray uses a blue-violet laser to pack almost six times as many bits on a disc as a DVD.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279422>

Question 1270

The term _____ was first coined to describe a shared virtual reality.

Answer: <https://biology-forums.com/index.php?topic=280847>

Question 1271

A graph showing the movement of data through a system is known as a

- A) data flow diagram.
- B) system flowchart.
- C) pseudocode.
- D) data dictionary.

Answer: <https://biology-forums.com/index.php?topic=281504>

Question 1272

ALU stands for arithmetic logistical unit.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279133>

Question 1273

The set of rules that allows hypertext documents to be linked across the Internet is

- A) HTML.
- B) HTTP.
- C) WWW.
- D) URL.

Answer: <https://biology-forums.com/index.php?topic=280015>

Question 1274

When computer software developed for one processor does not work on another processor, it is not _____.

Answer: <https://biology-forums.com/index.php?topic=279232>

Question 1275

The major difference between e-learning and e-learning 2.0 is collaboration.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281207>

Question 1276

Large organizations may operate a _____ network to connect its LANs and transmit data at more than 1 gigabit per second.

- A) node
- B) local area
- C) backbone
- D) mesh

Answer: <https://biology-forums.com/index.php?topic=280405>

Question 1277

A(n) _____ translates an entire program before passing it on to the computer for execution.

- A) parser
- B) debugger
- C) compiler
- D) interpreter

Answer: <https://biology-forums.com/index.php?topic=281464>

Question 1278

In 1951 there were approximately a dozen computers in the world that spent most of their time

- A) calculating census data.
- B) calculating taxes.
- C) doing military calculations.
- D) supporting business operations.

Answer: <https://biology-forums.com/index.php?topic=279808>

Question 1279

An iPod, iPhone, and iPad are examples of _____ devices.

Answer: <https://biology-forums.com/index.php?topic=281121>

Question 1280

On Google Docs, if a document is made _____, anyone who is granted permission to view the document must sign in to access it.

- A) Private
- B) Anyone with the link
- C) Public on the web
- D) Personal

Answer: <https://biology-forums.com/index.php?topic=281148>

Question 1281

Pixels are

- A) dots of ink from an inkjet printer.
- B) tiny dots on a computer screen arranged in rows.
- C) a set of tools on-screen.
- D) points on the end of a PDA handheld device.

Answer: <https://biology-forums.com/index.php?topic=279952>

Question 1282

_____ is useful when there isn't enough RAM to store all of the necessary data and instructions for currently running applications.

- A) Applications software
- B) RAM
- C) Virtual memory
- D) System software

Answer: <https://biology-forums.com/index.php?topic=279544>

Question 1283

A(n) _____ is a modeling tool that uses a tabular method of visualizing and specifying rules based on multiple factors.

- A) decision table
- B) system flowchart
- C) CASE
- D) data flow diagram

Answer: <https://biology-forums.com/index.php?topic=281508>

Question 1284

A reusable set of commands or steps saved by a user is called a

- A) macro.
- B) template.
- C) function.
- D) wizard.

Answer: <https://biology-forums.com/index.php?topic=279792>

Question 1285

The time period in which there was a shift from an industrial economy to an economy based on the value of information is known as the

- A) paradigm shift.
- B) agricultural age.
- C) industrial revolution.
- D) information age.

Answer: <https://biology-forums.com/index.php?topic=278934>

Question 1286

A system's _____ provides input resources to the system and uses the output from the system.

- A) environment
- B) functions
- C) subsystem
- D) processor

Answer: <https://biology-forums.com/index.php?topic=281252>

Question 1287

A networked computer that contains software and data for other computers is a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279005>

Question 1288

In the late 1940s and 1950s, which invention helped computers become more widely used by businesses as well as in science and engineering?

- A) transistors
- B) vacuum tubes
- C) CPUs
- D) RAM

Answer: <https://biology-forums.com/index.php?topic=278898>

Question 1289

When you visit certain Web sites, spyware may be automatically downloaded. This is called a

- A) botnet.
- B) spybot.
- C) logic bomb.
- D) drive-by download.

Answer: <https://biology-forums.com/index.php?topic=280887>

Question 1290

_____ developed the microprocessor.

- A) Intel
- B) IBM
- C) Microsoft
- D) Apple

Answer: <https://biology-forums.com/index.php?topic=278902>

Question 1291

_____ is the process of breaking problems into smaller and smaller problems.

- A) Reverse engineering
- B) Sub problem alteration
- C) Problem modification
- D) Stepwise refinement

Answer: <https://biology-forums.com/index.php?topic=281454>

Question 1292

Calculations that are performed on a group of records are called _____ functions.

Answer: <https://biology-forums.com/index.php?topic=281063>

Question 1293

PC stands for _____ computer.

Answer: <https://biology-forums.com/index.php?topic=279006>

Question 1294

The three major categories of software defined by your textbook are

- A) system software, software applications, and utility programs.
- B) system software, software applications, and shareware.
- C) system software, software applications, and hardware.
- D) compilers and translator programs, software applications, and system software.

Answer: <https://biology-forums.com/index.php?topic=279581>

Question 1295

The control structure that allows a program to loop until a condition is met is called

- A) repetition.
- B) sequence.
- C) synchronization.
- D) selection.

Answer: <https://biology-forums.com/index.php?topic=281463>

Question 1296

A storyboard serves as a guide for shooting and editing scenes.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280091>

Question 1297

The Electronic Numerical Integrator and Computer (ENIAC) broke down on average every

- A) half hour.
- B) 7 minutes.
- C) other day.
- D) hour.

Answer: <https://biology-forums.com/index.php?topic=278964>

Question 1298

Devices housed outside the system unit and connected via cable are known as

- A) input devices.
- B) storage devices.
- C) peripherals.
- D) diskettes.

Answer: <https://biology-forums.com/index.php?topic=278834>

Question 1299

A software robot that systematically searches the Web is a(n) _____.

- A) search engine
- B) indexer
- C) Web portal
- D) spider

Answer: <https://biology-forums.com/index.php?topic=280724>

Question 1300

_____ is the fear of technology.

Answer: <https://biology-forums.com/index.php?topic=281226>

Question 1301

If a document is made _____, anyone can access the document by using the Internet.

Answer: <https://biology-forums.com/index.php?topic=281163>

Question 1302

Linux is a(n)

- A) computer system.
- B) operating system.
- C) piece of application software.
- D) type of CPU device.

Answer: <https://biology-forums.com/index.php?topic=279052>

Question 1303

The digital divide separates people in the world with access to technology and digital information from those who do not.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280771>

Question 1304

A computer invented in 1939 that was capable of solving systems of linear equations was called the

- A) Atanasoff.
- B) ABC.
- C) IBM.
- D) Berry.

Answer: <https://biology-forums.com/index.php?topic=278962>

Question 1305

_____ enables you to create and format a blog easily, and then you can post to it from anywhere that you have an Internet connection.

- A) Orkut
- B) Blogger
- C) Hangout
- D) Group

Answer: <https://biology-forums.com/index.php?topic=281153>

Question 1306

In a spreadsheet, _____ are represented by letters.

Answer: <https://biology-forums.com/index.php?topic=279910>

Question 1307

_____ means that an organization uses servers in the cloud instead of purchasing and maintaining the servers on site.

- A) IaaS
- B) CPS
- C) SaaS
- D) PaaS

Answer: <https://biology-forums.com/index.php?topic=281098>

Question 1308

The simultaneous communication process between a mainframe and several users is known as

- A) timesharing.
- B) networking.
- C) serving.
- D) processing.

Answer: <https://biology-forums.com/index.php?topic=278917>

Question 1309

A typical commercial Web storefront costs _____ to build.

- A) \$10,000
- B) \$3,000
- C) \$500

D) \$1 million dollars

Answer: <https://biology-forums.com/index.php?topic=279854>

Question 1310

Several employees working on a document together is a good use of

- A) groupware.
- B) virtualization.
- C) thin clients.
- D) CAD software.

Answer: <https://biology-forums.com/index.php?topic=281021>

Question 1311

TCP/IP is the most famous protocol for computer networking.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280536>

Question 1312

"If in doubt, get permission before proceeding" is an example of which ethical guideline?

- A) code of ethics
- B) informed consent
- C) most restrictive action
- D) higher ethic

Answer: <https://biology-forums.com/index.php?topic=281308>

Question 1313

_____control software monitors and records computer transactions as they happen, so they can be traced and identify suspicious computer activity after the fact.

Answer: <https://biology-forums.com/index.php?topic=280996>

Question 1314

A common storage device on mainframe computers, but not common on PCs, is a

- A) tape drive.
- B) DVD.
- C) CD.
- D) hard drive.

Answer: <https://biology-forums.com/index.php?topic=279322>

Question 1315

A set of step-by-step procedures for accomplishing a task is known as a(n)

- A) hardware program.
- B) algorithm.
- C) software bug.
- D) firmware program.

Answer: <https://biology-forums.com/index.php?topic=279494>

Question 1316

A _____ is a professionally designed "empty" document that can be adapted to the user's needs.

- A) template
- B) file
- C) wizard
- D) user guide file

Answer: <https://biology-forums.com/index.php?topic=279774>

Question 1317

_____ is what allows a computer to function as a word processor, then a browser, and then a spreadsheet.

- A) Hardware
- B) Firmware
- C) Software
- D) Drivers

Answer: <https://biology-forums.com/index.php?topic=279488>

Question 1318

CD-RW stands for

- A) compact disc-rewritable.
- B) compact diskette, read, write.
- C) compact disc, read-only then write.
- D) compact diskette with random write capability.

Answer: <https://biology-forums.com/index.php?topic=279330>

Question 1319

_____ worlds create the illusion of immersion.

- A) Virtual
- B) Hypermedia
- C) Synthesized
- D) CIM

Answer: <https://biology-forums.com/index.php?topic=280011>

Question 1320

Network transmission speeds are measured in _____ per second.

- A) bits
- B) bytes
- C) binaries
- D) lines

Answer: <https://biology-forums.com/index.php?topic=280459>

Question 1321

A(n) _____ is a set of rules for exchange of data between devices.

Answer: <https://biology-forums.com/index.php?topic=280571>

Question 1322

Who is the founder of Facebook?

- A) Chris DeWolf
- B) Charles Babbage
- C) Tom Anderson
- D) Mark Zuckerberg

Answer: <https://biology-forums.com/index.php?topic=278891>

Question 1323

Match the following terms with their description.

- I. Multimedia
- II. Media
- III. Codecs
- IV. Desktop publishing program
- V. Paint program
- A. Graphics, video, animation, and sound
- B. Compression/decompression
- C. Integrates text and media
- D. Used to create bitmapped graphics
- E. Create documents that require unusual design

Answer: <https://biology-forums.com/index.php?topic=281136>

Question 1324

The acronym _____ is the standard interface that enables a computer to connect to different digital musical instruments.

Answer: <https://biology-forums.com/index.php?topic=280129>

Question 1325

_____ graphics, also known as object-oriented graphics, store pictures as a collection of lines and shapes.

Answer: <https://biology-forums.com/index.php?topic=280110>

Question 1326

What device is considered the "brains" of the computer?

- A) CPU
- B) RAM
- C) hard disk
- D) System unit

Answer: <https://biology-forums.com/index.php?topic=278832>

Question 1327

In the email address realgeorge999@aol.com, the host name is

- A) realgeorge999.
- B) aol.com.
- C) .com.
- D) @.

Answer: <https://biology-forums.com/index.php?topic=278864>

Question 1328

The smallest unit of information a computer can understand and process is known as a

- A) digit.
- B) byte.
- C) bit.
- D) kilobyte.

Answer: <https://biology-forums.com/index.php?topic=279036>

Question 1329

A _____ network is a configuration that allows every computer on the network to act as both a client and a server.

- A) client/server
- B) host system
- C) metropolitan area
- D) peer-to-peer

Answer: <https://biology-forums.com/index.php?topic=280479>

Question 1330

Which software is free to use for a trial period, but requires some minimal payment after the trial period?

- A) freeware
- B) open-source software.
- C) graphics program
- D) shareware

Answer: <https://biology-forums.com/index.php?topic=279531>

Question 1331

The Apple _____ is one example of a smart phone, which combines features of PDAs, Internet access devices, phones, digital cameras, and media players.

Answer: <https://biology-forums.com/index.php?topic=279015>

Question 1332

One example of a C2C site is the online auction site _____.

Answer: <https://biology-forums.com/index.php?topic=281404>

Question 1333

Operating systems and utility programs are in a class of software known as

- A) application software.
- B) system software.
- C) software suites.
- D) BIOS software.

Answer: <https://biology-forums.com/index.php?topic=279535>

Question 1334

When a customer shops online, a _____ email is sent to the customer once the transaction has been accepted.

Answer: <https://biology-forums.com/index.php?topic=281423>

Question 1335

The acronym for a programming tool used in interactive Web pages that relies on a combination of HTML, JavaScript, and XML is known as _____.

Answer: <https://biology-forums.com/index.php?topic=280833>

Question 1336

Legal and ethical behavior is also known as

- A) social responsibility.
- B) the higher ethic.
- C) a code of ethics.
- D) informed consent.

Answer: <https://biology-forums.com/index.php?topic=281305>

Question 1337

The _____ is the area below the ribbon that displays information such as security alerts.

Answer: <https://biology-forums.com/index.php?topic=281055>

Question 1338

Carpal _____ syndrome is a painful affliction of the wrist and hand that results from repeating the same movements over long periods.

Answer: <https://biology-forums.com/index.php?topic=279460>

Question 1339

The actual execution of instructions is usually carried out by the

- A) prefetch unit.
- B) decode unit.
- C) control unit.
- D) arithmetic logic unit.

Answer: <https://biology-forums.com/index.php?topic=279119>

Question 1340

PDA stands for

- A) personal digital assistant.
- B) personalized digital assistance.
- C) planned digital associate.
- D) practical digitized associate.

Answer: <https://biology-forums.com/index.php?topic=278926>

Question 1341

A company that sells directly to end users is engaging in business-to-_____ sales.

Answer: <https://biology-forums.com/index.php?topic=281402>

Question 1342

Information system projects are selected during the _____ phase of IT planning.

- A) IT infrastructure analysis
- B) resource allocation
- C) project planning
- D) strategic planning

Answer: <https://biology-forums.com/index.php?topic=281301>

Question 1343

Problems with the simulation approach to AI include all of the following EXCEPT:

- A) most people have trouble knowing and describing how they do things.
- B) the brain can perform parallel processing at a level the most powerful supercomputers can't approach.
- C) machines operate differently than the brain.
- D) machines cannot remember hundreds of numbers at the same time.

Answer: <https://biology-forums.com/index.php?topic=281584>

Question 1344

You can use _____ software to keep track of your bank accounts, monitor investments, create and stick to a budget, and file income taxes.

Answer: <https://biology-forums.com/index.php?topic=281106>

Question 1345

A _____ is an example of input for an information system.

- A) financial report
- B) screen display
- C) paycheck
- D) sales transaction

Answer: <https://biology-forums.com/index.php?topic=281264>

Question 1346

The challenging part of using databases is retrieving information in a

- A) timely manner.
- B) format readable on the Internet.
- C) file that can be exported to another program.
- D) cost effective manner.

Answer: <https://biology-forums.com/index.php?topic=280251>

Question 1347

A(n) _____ signal is represented by a continuous wave.

- A) analog
- B) digital
- C) bandwidth
- D) network

Answer: <https://biology-forums.com/index.php?topic=280432>

Question 1348

"Keep checkers in the king's row as long as possible" is an example of a(n) _____, or rule of thumb.

Answer: <https://biology-forums.com/index.php?topic=281619>

Question 1349

A flexible, portable, paperlike material that can display black-and-white text and images on its surface is _____ paper (also called e-paper).

Answer: <https://biology-forums.com/index.php?topic=279903>

Question 1350

Network transmission speeds are measured in _____ per second, and this term can be preceded by units such as kilo, mega or giga.

Answer: <https://biology-forums.com/index.php?topic=280564>

Question 1351

A(n) _____ control structure allows a series of steps to be repeated a number of times, usually until some condition is satisfied.

Answer: <https://biology-forums.com/index.php?topic=281540>

Question 1352

To enable customers to check their email using their laptop, a coffee shop may provide a _____, which is a publicly accessible wireless access point.

Answer: <https://biology-forums.com/index.php?topic=280603>

Question 1353

Research suggests that the cost of hardware and software for a PC is a small part of the total cost of _____.

Answer: <https://biology-forums.com/index.php?topic=281215>

Question 1354

The display screen is also called a

- A) monitor.
- B) resolution.

- C) DVD.
- D) pointing stick.

Answer: <https://biology-forums.com/index.php?topic=279297>

Question 1355

CTO stands for chief _____ officer.

Answer: <https://biology-forums.com/index.php?topic=281213>

Question 1356

Placing a phone call pretending to be someone else, in order to trick someone into doing something is also known as

- A) phishing.
- B) identity theft.
- C) spoofing.
- D) hacking.

Answer: <https://biology-forums.com/index.php?topic=280853>

Question 1357

Computers store important start-up information on chips that are commonly known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=279238>

Question 1358

The number of newspapers sold on May 30 would be kept in a _____ field.

- A) date
- B) numeric
- C) text
- D) key

Answer: <https://biology-forums.com/index.php?topic=280175>

Question 1359

Programs such as MapQuest and Google Maps are examples of _____ information systems.

Answer: <https://biology-forums.com/index.php?topic=280346>

Question 1360

Colors on a monitor are formed by adding different amounts of red, yellow, and blue.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279417>

Question 1361

The two primary companies developing OpenType font formats are Microsoft and

- A) Google.
- B) IBM.
- C) Apple.
- D) Adobe.

Answer: <https://biology-forums.com/index.php?topic=279744>

Question 1362

Which of the following is an example of social engineering?

- A) malware
- B) spoofing
- C) botnets
- D) spam

Answer: <https://biology-forums.com/index.php?topic=280858>

Question 1363

In the 1970s, Xerox developed _____, which continues to be a popular networking architecture.

- A) Wi-Fi
- B) the Internet
- C) extranet
- D) Ethernet

Answer: <https://biology-forums.com/index.php?topic=280417>

Question 1364

A program that lets a user copy, move, and rename files is called a file-_____ utility.

Answer: <https://biology-forums.com/index.php?topic=279676>

Question 1365

Bills, receipts, and packing lists are examples of _____ in a TPS.

- A) data warehouses
- B) batch processes
- C) action documents
- D) user inquiries

Answer: <https://biology-forums.com/index.php?topic=281274>

Question 1366

By setting up a(n) _____, Procter & Gamble computers see when their items are purchased at a Walmart.

- A) intranet
- B) extranet
- C) Long Tail
- D) CRM

Answer: <https://biology-forums.com/index.php?topic=281373>

Question 1367

A typical SQL statement filters the _____ of a database, presenting only those that meet the criteria given.

Answer: <https://biology-forums.com/index.php?topic=280336>

Question 1368

A(n) _____ is a computer-controlled machine designed to perform specific manual tasks.

Answer: <https://biology-forums.com/index.php?topic=281644>

Question 1369

DSL is slower than fiber-optic Internet.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280531>

Question 1370

In the classic _____ test, a computer is considered to be intelligent if it can successfully pose as a human being when replying to questions.

Answer: <https://biology-forums.com/index.php?topic=281617>

Question 1371

Input and output secondary storage devices include all of the following EXCEPT:

- A) magnetic tape drives.
- B) CD-ROM.
- C) RAM.
- D) USB

Answer: <https://biology-forums.com/index.php?topic=279320>

Question 1372

_____ is the measurement of things such as fingerprints and retinal scans used for security access.

- A) Biometrics
- B) DoS
- C) Computer security
- D) Computer forensics

Answer: <https://biology-forums.com/index.php?topic=280908>

Question 1373

This device, a tiny handle, located in the middle of a keyboard (usually on laptop computers) is called a

- A) trackpoint.

- B) trackball.
- C) mouse.
- D) trackpad.

Answer: <https://biology-forums.com/index.php?topic=279370>

Question 1374

The _____ primarily take(s) care of the behind-the-scenes details and manages the hardware.

- A) operating system
- B) application software
- C) peripheral devices
- D) hard disk

Answer: <https://biology-forums.com/index.php?topic=278847>

Question 1375

Most computer systems rely solely on _____ for authentication.

- A) logins
- B) passwords
- C) encryption
- D) lock and key

Answer: <https://biology-forums.com/index.php?topic=280932>

Question 1376

Match the following standard graphic file format with their description.

- I. GIF
- II. JPG
- III. PNG
- IV. BMP
- V. TIF
- A. Best suited for web use only
- B. Developed for Microsoft Windows
- C. A lossless graphic format used in publishing
- D. A graphic format that can store up to 16.7 million colors
- E. A 256-color graphic file format that uses lossless compression

Answer: <https://biology-forums.com/index.php?topic=281138>

Question 1377

According to the AMA, _____ U.S. companies engage in some kind of electronic surveillance of their employees.

- A) about one in four
- B) about fifty percent of
- C) more than three in four
- D) over ninety five percent of

Answer: <https://biology-forums.com/index.php?topic=281187>

Question 1378

Entering and editing text can be done most efficiently using a

- A) spreadsheet.
- B) desktop publishing program.
- C) database.
- D) word-processing program.

Answer: <https://biology-forums.com/index.php?topic=279729>

Question 1379

_____ is the ability to save, share, search, and audit electronic documents throughout their life cycle.

Answer: <https://biology-forums.com/index.php?topic=281103>

Question 1380

With respect to neural networks, all of the following are true EXCEPT:

- A) neural networks distribute knowledge throughout the network.
- B) neural networks store information in the same way as traditional computers.
- C) neural networks use distributed, parallel computing systems.

D) neural networks continue to function even if some of its neurons are destroyed.

Answer: <https://biology-forums.com/index.php?topic=281611>

Question 1381

_____ is the original video file format for Microsoft Windows.

Answer: <https://biology-forums.com/index.php?topic=281118>

Question 1382

Rebooting a computer in _____ mode may allow a user the chance to diagnose any software conflicts.

Answer: <https://biology-forums.com/index.php?topic=279715>

Question 1383

Bringing data from a word processing program into a database program is known as

- A) exporting.
- B) batch processing.
- C) importing.
- D) scrubbing.

Answer: <https://biology-forums.com/index.php?topic=280178>

Question 1384

A common compression utility program is

- A) Winamp.
- B) Stuffit.
- C) Macintosh.
- D) Photoshop.

Answer: <https://biology-forums.com/index.php?topic=278857>

Question 1385

A bit can be

- A) 0 or 1.
- B) any number from 0 through 9.
- C) any number or letter.
- D) any letter A through E.

Answer: <https://biology-forums.com/index.php?topic=279954>

Question 1386

In order to transmit and electronically store documents without formatting loss, one can use the standard by Adobe known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281218>

Question 1387

The equivalent of PPI for print media is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=280102>

Question 1388

An analog-to-digital converter (ADC) converts electrical charges into

- A) discrete values.
- B) analog clusters.
- C) midi files.
- D) .wav files.

Answer: <https://biology-forums.com/index.php?topic=279388>

Question 1389

The mathematical model known by the acronym _____ determines when a project's activities will be completed.

Answer: <https://biology-forums.com/index.php?topic=281355>

Question 1390

_____ applications are commonly used by people who work with numbers.

Answer: <https://biology-forums.com/index.php?topic=278993>

Question 1391

_____ are made up of the minimum hardware and software specifications required to run a software application.

Answer: <https://biology-forums.com/index.php?topic=281125>

Question 1392

A manager could use _____ to determine if an information system project is economically worthwhile.

- A) Gantt charts
- B) PERT diagrams
- C) cost-benefit analysis
- D) expert systems

Answer: <https://biology-forums.com/index.php?topic=281300>

Question 1393

_____ errors are mistakes that lead to the program behaving incorrectly.

Answer: <https://biology-forums.com/index.php?topic=281546>

Question 1394

The microprocessor, also known by the acronym _____ is considered the "brain" of the computer.

Answer: <https://biology-forums.com/index.php?topic=279221>

Question 1395

_____ contains instructions that tell the central processing unit what to do.

- A) A USB drive
- B) A monitor
- C) Software
- D) Peripheral devices

Answer: <https://biology-forums.com/index.php?topic=278846>

Question 1396

_____ analysis is used by a DSS to vary the value of key input variables systematically and project output as each input variable is changed.

Answer: <https://biology-forums.com/index.php?topic=281347>

Question 1397

Alpha testing is done in the _____ phase of the SDLC.

- A) implementation
- B) development
- C) design
- D) analysis

Answer: <https://biology-forums.com/index.php?topic=281497>

Question 1398

Most business reports arrange data in tables with columns for individual records and rows for selected fields.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280304>

Question 1399

Digital versions of books are also known as _____ books (also known as e-books).

Answer: <https://biology-forums.com/index.php?topic=279901>

Question 1400

_____ feasibility may find our systems do not have sufficient information-processing capacity to handle the number of people who will use the system.

- A) Organizational
- B) Operational
- C) Economic
- D) Technical

Answer: <https://biology-forums.com/index.php?topic=281490>

Question 1401

In client/server computing, connectivity software can also be called _____.

Answer: <https://biology-forums.com/index.php?topic=280361>

Question 1402

Stories that offer game players some control over the plot are called _____ fiction.

- A) MMORPG
- B) virtual
- C) interactive
- D) edutainment

Answer: <https://biology-forums.com/index.php?topic=281205>

Question 1403

An advantage of a downloadable font is

- A) that the curves and lines on the font are smooth.
- B) they are less expensive.
- C) they are easily moved to another computer.
- D) there are fewer pixels.

Answer: <https://biology-forums.com/index.php?topic=279818>

Question 1404

In modern integrated circuits, high and low electrical charges represent bits, but these circuits work as if they were really made up of tiny _____.

Answer: <https://biology-forums.com/index.php?topic=279206>

Question 1405

Modern PCs use _____ bits of memory to create photorealistic color.

- A) 8 or 16
- B) 64 or 128
- C) 32 or 64
- D) 24 or 32

Answer: <https://biology-forums.com/index.php?topic=280021>

Question 1406

The _____ operating system used a command-line interface.

- A) Windows
- B) MS-DOS
- C) Mac OS
- D) Linux

Answer: <https://biology-forums.com/index.php?topic=279564>

Question 1407

A system that uses a database to record customer preferences and purchases is known as a CRM system.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281397>

Question 1408

A(n) _____ is a database object that displays the fields and records in an easy-to-read format suitable for printing.

Answer: <https://biology-forums.com/index.php?topic=281053>

Question 1409

For software to run optimally it must be _____ with hardware.

- A) shared
- B) compatible
- C) co-authored
- D) multitasking

Answer: <https://biology-forums.com/index.php?topic=279591>

Question 1410

_____ and compilers translate high-level programs into machine language.

Answer: <https://biology-forums.com/index.php?topic=281529>

Question 1411

Which of the following is a popular scripting language for programming Web servers?

- A) XML
- B) ActiveX
- C) PHP
- D) JavaScript

Answer: <https://biology-forums.com/index.php?topic=280734>

Question 1412

A business organization's environment includes all of the following EXCEPT:

- A) competitors.
- B) employees.
- C) customers.
- D) stockholders.

Answer: <https://biology-forums.com/index.php?topic=281263>

Question 1413

_____ founded Amazon.com.

- A) Alan Kay
- B) Jeff Bezos
- C) Steve Jobs
- D) Andy Grove

Answer: <https://biology-forums.com/index.php?topic=281361>

Question 1414

RAM chips are usually grouped on small circuit boards called

- A) CMOS.
- B) ROM.
- C) DIMMs.
- D) RAM boards.

Answer: <https://biology-forums.com/index.php?topic=279069>

Question 1415

_____ provides custom newscasts and entertainment features aimed at one individual.

- A) Pointcasting
- B) Webcasting
- C) Podcasting
- D) Edutainment

Answer: <https://biology-forums.com/index.php?topic=281203>

Question 1416

A(n) _____ area network is a network of local area networks.

Answer: <https://biology-forums.com/index.php?topic=280544>

Question 1417

_____ law protects symbols, pictures, and sounds used by a business to identify goods.

Answer: <https://biology-forums.com/index.php?topic=279705>

Question 1418

Errors in a software program are referred to as

- A) software omissions.
- B) bugs.
- C) viruses.
- D) bad recipe.

Answer: <https://biology-forums.com/index.php?topic=279492>

Question 1419

The word size of a typical PC's CPU is

- A) 1 or 2 bytes.
- B) 32 or 64 bits.
- C) 32 or 64 bytes.
- D) 8 or 16 bits.

Answer: <https://biology-forums.com/index.php?topic=279055>

Question 1420

A(n) _____ is a machine controlled by a computer and designed to perform specific manual tasks.

- A) singularity
- B) expert system
- C) robot
- D) parser

Answer: <https://biology-forums.com/index.php?topic=281612>

Question 1421

In an automated environment, as the number of factory jobs declines, _____ jobs increase and play a more important role in the economy.

- A) office worker
- B) blue-collar
- C) physical laborer
- D) top management

Answer: <https://biology-forums.com/index.php?topic=281012>

Question 1422

When the output of one subsystem is used as input for another subsystem, the two systems have a shared subsystem.

[br]s is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281311>

Question 1423

When a browser needs to initiate a request before any information is delivered it's called _____ technology.

Answer: <https://biology-forums.com/index.php?topic=280838>

Question 1424

The CPU's ALU contains

- A) RAM spaces.
- B) registers.
- C) byte spaces.
- D) secondary storage space.

Answer: <https://biology-forums.com/index.php?topic=279060>

Question 1425

All of the following are standard features of word processors EXCEPT _____.

- A) Personal information manager
- B) Collaboration tools
- C) Content guides
- D) Statistics

Answer: <https://biology-forums.com/index.php?topic=281074>

Question 1426

A program which does calculations and allows users to create charts is in the category of _____ software.

Answer: <https://biology-forums.com/index.php?topic=279907>

Question 1427

CMOS stands for

- A) computer mouse operating system.
- B) cost per minute of semiconductor.

- C) conducting memory of systems.
- D) complementary metal-oxide semiconductor.

Answer: <https://biology-forums.com/index.php?topic=279129>

Question 1428

The World Wide Web was introduced in _____.

- A) 1969
- B) 1984
- C) 1991
- D) 2000

Answer: <https://biology-forums.com/index.php?topic=280693>

Question 1429

One way to describe resolution is by indicating the number of columns and rows of pixels, such as 1,024 x 768.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279415>

Question 1430

A computerized _____ is a good comparison to a database.

- A) file cabinet
- B) typewriter
- C) overhead projector
- D) calculator

Answer: <https://biology-forums.com/index.php?topic=280157>

Question 1431

Optical disc drives use _____ rather than magnets to read and write bits of data on a reflective aluminum layer of a disc.

- A) laser beams
- B) black light
- C) ultrasound
- D) electrical currents

Answer: <https://biology-forums.com/index.php?topic=279396>

Question 1432

A _____ CPU can (with the right software) divide the work load between processors, assigning multiple cores to labor-intensive tasks such as photo or video editing.

Answer: <https://biology-forums.com/index.php?topic=279228>

Question 1433

_____ means that the source code is published and made available to the public, enabling anyone to copy, modify, and redistribute it without paying fees.

- A) Cross platform
- B) Public software
- C) Open project
- D) Open source

Answer: <https://biology-forums.com/index.php?topic=281081>

Question 1434

Data transfer speed is measured in _____, or Mb, per second.

Answer: <https://biology-forums.com/index.php?topic=279178>

Question 1435

Open source fonts that work for both the Macintosh and Windows platforms are called _____.

Answer: <https://biology-forums.com/index.php?topic=279889>

Question 1436

_____ is an XML-based family of formats used to publish frequently updated documents, including blogs.

- A) Pull technology
- B) RSS

- C) Internet2
- D) Peer-to-peer file sharing

Answer: <https://biology-forums.com/index.php?topic=280730>

Question 1437

PayPal is an example of a modern electronic payment system.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281393>

Question 1438

Windows Phone _____ is a relatively new operating system for mobile phones.

- A) 2011
- B) XP
- C) 7
- D) Vista

Answer: <https://biology-forums.com/index.php?topic=279571>

Question 1439

Most wireless keyboards use this technology to send signals to the rest of the system:

- A) Bluetooth.
- B) Blu-ray.
- C) LAN.
- D) USB.

Answer: <https://biology-forums.com/index.php?topic=279358>

Question 1440

Text on a Web page that is usually underlined and shown in a different color is a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=278877>

Question 1441

A personal area network is possible because of the wireless technology known as

- A) USB.
- B) FireWire.
- C) Bluetooth.
- D) PDA.

Answer: <https://biology-forums.com/index.php?topic=280465>

Question 1442

In a company, the main decisions concerning enterprise computer systems and technology are made by the

- A) CIO and CTO.
- B) CEO and CTO.
- C) CEO and CIO.
- D) CFO and CEO.

Answer: <https://biology-forums.com/index.php?topic=281019>

Question 1443

A(n) _____ card physically resembles a credit card, but contains an embedded microprocessor and memory.

Answer: <https://biology-forums.com/index.php?topic=281232>

Question 1444

Many companies use intranets to facilitate collaboration within and among their departments.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281391>

Question 1445

A(n) _____ server stores programs such as Microsoft Office and makes them available to client programs that request them.

Answer: <https://biology-forums.com/index.php?topic=280796>

Question 1446

_____ software helps you to organize and complete projects, keep within budget, stay on schedule, and collaborate with team members.

Answer: <https://biology-forums.com/index.php?topic=281104>

Question 1447

A URL can specify the IP address of the Web _____ that houses a Web page.

- A) server
- B) client
- C) page
- D) email recipient

Answer: <https://biology-forums.com/index.php?topic=280671>

Question 1448

Microsoft SharePoint, KnowledgeTree, and Alfresco are examples of _____.

- A) document management systems
- B) presentation applications
- C) personal information managers
- D) project management software

Answer: <https://biology-forums.com/index.php?topic=281080>

Question 1449

With a VPN data is specially coded through a process called

- A) encapsulation.
- B) indexing.
- C) disaggregation.
- D) pagination.

Answer: <https://biology-forums.com/index.php?topic=281375>

Question 1450

A negative aspect of laptop computers is

- A) the low price, thus low quality.
- B) the relatively high price and upgrade difficulties.
- C) their nonportability because they all weigh at least 10 pounds.
- D) the unlikelihood that the same high quality software on desktop PCs can be loaded onto a portable.

Answer: <https://biology-forums.com/index.php?topic=278925>

Question 1451

A(n) _____ transaction processing system reports business income and expenses in monthly reports so that the financial health can be determined.

- A) general ledger
- B) accounts payable
- C) inventory control
- D) EDI

Answer: <https://biology-forums.com/index.php?topic=281278>

Question 1452

A DVD/CD-RW drive is known as a(n) _____ drive.

- A) magnetic
- B) USB
- C) optical
- D) floppy

Answer: <https://biology-forums.com/index.php?topic=278838>

Question 1453

A(n) _____ is a subsystem supporting the information needs of other business processes within the organization.

- A) information system
- B) infrastructure
- C) technology management system

D) procurement system

Answer: <https://biology-forums.com/index.php?topic=281268>

Question 1454

_____ is used to specify more than one condition in a query.

Answer: <https://biology-forums.com/index.php?topic=281062>

Question 1455

The internal clock of a computer system is the

- A) software that shows the time on the taskbar.
- B) timing device that processes all instructions input into the computer.
- C) timing device that produces electrical pulses to synchronize the computer's operations.
- D) device that is the newest and most modern in a computer system.

Answer: <https://biology-forums.com/index.php?topic=279053>

Question 1456

Engineering blueprints are typically printed on a

- A) laser printer.
- B) scanner.
- C) digitized tablet.
- D) plotter.

Answer: <https://biology-forums.com/index.php?topic=279311>

Question 1457

Common in today's software, _____ supplement(s) the help files that are available at the user's request.

- A) printed manuals
- B) read Me files
- C) help DVDs
- D) online help

Answer: <https://biology-forums.com/index.php?topic=279514>

Question 1458

A relational database requires one or more

- A) forms.
- B) tables.
- C) queries.
- D) reports.

Answer: <https://biology-forums.com/index.php?topic=280166>

Question 1459

_____ ensures that users have permission to perform a particular action on a multiuser system.

Answer: <https://biology-forums.com/index.php?topic=279686>

Question 1460

Vector graphics occupy less space than bitmapped graphics.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280071>

Question 1461

A(n) _____ is a larger, planned update that addresses multiple problems or adds multiple features.

- A) service pack
- B) patch
- C) update
- D) hotfix

Answer: <https://biology-forums.com/index.php?topic=281101>

Question 1462

The physical parts of a computer are known as

- A) hardware.

- B) software.
- C) firmware.
- D) the operating system.

Answer: <https://biology-forums.com/index.php?topic=278829>

Question 1463

An example of machine learning in a game-playing program is

- A) learning from a successful move.
- B) recognizing patterns in a game.
- C) looking ahead at the possibilities generated by each move.
- D) applying a rule of thumb to a move.

Answer: <https://biology-forums.com/index.php?topic=281587>

Question 1464

This is an open area in the system unit used to hold a disk drive:

- A) bay.
- B) port.
- C) sack.
- D) transducer.

Answer: <https://biology-forums.com/index.php?topic=279125>

Question 1465

ASCII stands for

- A) American Standard Code for Information Interface.
- B) American Standard Computer Interface Internet.
- C) American Standard Code for Information Interchange.
- D) Advanced Standard Code for Interface Interchange.

Answer: <https://biology-forums.com/index.php?topic=279043>

Question 1466

A public key is only available to the user originating a message.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280956>

Question 1467

A(n) _____ is an online public discussion on a particular subject.

Answer: <https://biology-forums.com/index.php?topic=280587>

Question 1468

If you type "recieve" instead of "receive," _____ will automatically change it.

- A) autocorrect
- B) autoedit
- C) spell check
- D) a macro

Answer: <https://biology-forums.com/index.php?topic=279753>

Question 1469

The memory that stores the computer's date, time, and calendar is the

- A) RAM.
- B) flash memory.
- C) register.
- D) CMOS.

Answer: <https://biology-forums.com/index.php?topic=279067>

Question 1470

To prevent loss of data during power failures, use a(n)

- A) encryption program.
- B) surge protector.
- C) firewall.

D) UPS.

Answer: <https://biology-forums.com/index.php?topic=280920>

Question 1471

_____ are groups linked by a common interest.

Answer: <https://biology-forums.com/index.php?topic=281175>

Question 1472

Managers use all of the following to identify scheduling problems in a project EXCEPT:

- A) Gantt chart.
- B) PERT diagram.
- C) CPM.
- D) EDI.

Answer: <https://biology-forums.com/index.php?topic=281303>

Question 1473

_____ help you work more efficiently and effectively on both personal and business-related documents.

- A) Operating systems
- B) Application software programs
- C) Productivity programs
- D) Office application suites

Answer: <https://biology-forums.com/index.php?topic=281072>

Question 1474

A workplace where hundreds of clerks use terminals in a massive, windowless room is called an electronic _____.

- A) factory
- B) cottage
- C) storefront
- D) sweatshop

Answer: <https://biology-forums.com/index.php?topic=281184>

Question 1475

When two systems share a boundary, the output of one subsystem is used as _____ for another subsystem.

- A) input
- B) bus
- C) storage
- D) memory

Answer: <https://biology-forums.com/index.php?topic=281250>

Question 1476

Robots are effective for all of the following activities EXCEPT:

- A) salvaging undersea wreckage.
- B) doing repetitive jobs.
- C) working long hours.
- D) calculating pay for thousands of employees.

Answer: <https://biology-forums.com/index.php?topic=281614>

Question 1477

The _____ made it illegal to remove DRM from protected files.

Answer: <https://biology-forums.com/index.php?topic=281124>

Question 1478

In the value chain model, the primary activity _____ is the process of creating products or services from raw materials.

- A) marketing and sales
- B) operations
- C) procurement
- D) inbound logistics

Answer: <https://biology-forums.com/index.php?topic=281258>

Question 1479

A(n) _____ is a contract distributed with a program that gives you the right to install and use the program on one or more computers.

Answer: <https://biology-forums.com/index.php?topic=281127>

Question 1480

A limitation of software that digitizes voice data is that it

- A) is not very reliable.
- B) must be trained to recognize individual voices.
- C) can only be used on high-end computers.
- D) cannot be used on laptop computers.

Answer: <https://biology-forums.com/index.php?topic=279289>

Question 1481

_____ rate refers to the number of sound "snapshots" the sound recording equipment takes each second.

Answer: <https://biology-forums.com/index.php?topic=280125>

Question 1482

Software companies use several methods to stop _____ because programming is difficult and software development is expensive.

- A) Web applications
- B) public domain software
- C) volume licenses
- D) software piracy

Answer: <https://biology-forums.com/index.php?topic=279597>

Question 1483

The main folder on the C drive, called the _____ directory, contains all the other files and folders kept on the disk.

Answer: <https://biology-forums.com/index.php?topic=279658>

Question 1484

The alignment of text on a line is referred to as

- A) spacing.
- B) alignment.
- C) justification.
- D) margin alignment.

Answer: <https://biology-forums.com/index.php?topic=279735>

Question 1485

_____ is connectivity software that hides the complex interaction between client and server computers and creates a three-tier design separating actual data from the programming logic used to access it.

- A) SQL
- B) Groupware
- C) Middleware
- D) Firmware

Answer: <https://biology-forums.com/index.php?topic=280221>

Question 1486

Disk drives that are not found inside the system unit and are instead connected with cables are called _____ drives.

Answer: <https://biology-forums.com/index.php?topic=278868>

Question 1487

When the title of a book consistently appears at the top of every page, the user has formatted a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279887>

Question 1488

The Intel Core 2 processor is used in

- A) PCs and servers
- B) high-end network controllers

- C) Game machines
- D) MP3 players

Answer: <https://biology-forums.com/index.php?topic=279062>

Question 1489

_____ is connecting different types of networks and computer systems.

Answer: <https://biology-forums.com/index.php?topic=280774>

Question 1490

Most database programs can import text files.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280299>

Question 1491

Following up on the feasibility studies, the steering committee decides whether to proceed with the _____ phase of the SDLC.

- A) investigation
- B) development
- C) analysis
- D) design

Answer: <https://biology-forums.com/index.php?topic=281492>

Question 1492

The _____-force technique rapidly repeats a simple operation until an answer is found.

Answer: <https://biology-forums.com/index.php?topic=281624>

Question 1493

The time it takes a processor to retrieve data from memory is called _____ time.

Answer: <https://biology-forums.com/index.php?topic=279241>

Question 1494

The Electronic Numerical Integrator and Computer (ENIAC)

- A) was the first general-purpose commercial computer built in the United States.
- B) could calculate 500 times faster than the existing electromechanical calculators.
- C) predicted that Eisenhower would win the election.
- D) was developed just before World War II.

Answer: <https://biology-forums.com/index.php?topic=278893>

Question 1495

During the _____ phase of the SDLC, the systems analyst may identify requirements by observing the current system in action.

- A) analysis
- B) development
- C) design
- D) investigation

Answer: <https://biology-forums.com/index.php?topic=281493>

Question 1496

The _____ function evaluates feedback data and accordingly adjusts the system's input and processing functions.

Answer: <https://biology-forums.com/index.php?topic=281324>

Question 1497

This IP address doesn't change every day:

- A) static IP address.
- B) dynamic IP address.
- C) unique IP address.
- D) common name and number.

Answer: <https://biology-forums.com/index.php?topic=280653>

Question 1498

XML is used to write small programs called applets.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280763>

Question 1499

PGP uses the popular RSA public key cryptosystem.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280961>

Question 1500

Utility programs make it easier to complete all of the following EXCEPT:

- A) write a letter.
- B) translate files.
- C) repair damaged data files.
- D) guard against viruses.

Answer: <https://biology-forums.com/index.php?topic=279553>

Question 1501

The abbreviation, TB, stands for _____ when referring to computer storage.

Answer: <https://biology-forums.com/index.php?topic=279176>

Question 1502

In a(n) _____, a manager uses three time estimates: an optimistic, a pessimistic, and a most likely time for completion of each activity.

- A) data flow diagram
- B) PERT diagram
- C) GDSS
- D) Gantt chart

Answer: <https://biology-forums.com/index.php?topic=281304>

Question 1503

A(n) _____ receivable TPS keeps records of amounts owed by customers.

Answer: <https://biology-forums.com/index.php?topic=281329>

Question 1504

Middle managers primarily manage at the _____ level.

- A) tactical
- B) operational
- C) top management
- D) strategic

Answer: <https://biology-forums.com/index.php?topic=281286>

Question 1505

When you discover a problem or mistake within a software program, you have found a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=279665>

Question 1506

In the value chain model, the _____ activities directly relate to producing the product.

Answer: <https://biology-forums.com/index.php?topic=281327>

Question 1507

Most email messages are junk email, also known as

- A) IM.
- B) a virus.
- C) spam.
- D) an avatar.

Answer: <https://biology-forums.com/index.php?topic=280511>

Question 1508

At the end of the development phase, _____ testing is done by potential end users.

Answer: <https://biology-forums.com/index.php?topic=281567>

Question 1509

A computer interprets _____ as a series of 0s and 1s.

- A) machine language
- B) assembly language
- C) high-level language
- D) pseudocode

Answer: <https://biology-forums.com/index.php?topic=281466>

Question 1510

Many laws and rules of organizations are reflections of

- A) requirements of specific people within organizations.
- B) moral principles.
- C) computer professionals.
- D) beliefs of individuals within the organization.

Answer: <https://biology-forums.com/index.php?topic=278973>

Question 1511

In 1999, researchers at Carnegie Mellon developed _____, an open source educational programming language written in Java.

Answer: <https://biology-forums.com/index.php?topic=281230>

Question 1512

A computer's clock speed is measured in

- A) gigabytes.
- B) bits.
- C) megahertz.
- D) gigahertz.

Answer: <https://biology-forums.com/index.php?topic=279054>

Question 1513

When a user has access to a high-end desktop computer with a large amount of processing power, he or she is using a

- A) server.
- B) workstation.
- C) supercomputer.
- D) terminal.

Answer: <https://biology-forums.com/index.php?topic=278921>

Question 1514

Flickr was purchased by

- A) MySpace.
- B) Caterina Fake.
- C) Yahoo.
- D) Facebook.

Answer: <https://biology-forums.com/index.php?topic=278952>

Question 1515

_____ costs are the time, effort, and money a customer or supplier would have to expend to change to a competitor's product or service.

Answer: <https://biology-forums.com/index.php?topic=281350>

Question 1516

MIDI would include all of the following EXCEPT _____.

- A) trumpet
- B) voices
- C) keyboard
- D) drum

Answer: <https://biology-forums.com/index.php?topic=280064>

Question 1517

Collecting personal information and effectively posing as another individual is known as the crime of

- A) spooling.
- B) identity theft.
- C) spoofing.
- D) phishing.

Answer: <https://biology-forums.com/index.php?topic=280860>

Question 1518

Not all software is compatible with every CPU.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279139>

Question 1519

SDLC is made up of the five phases a system passes through between the time it is conceived and the time it is phased out.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281523>

Question 1520

A challenge with high-tech weapons is that they reduce the amount of time people have to make life-and-death decisions.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280967>

Question 1521

A(n) _____ cable uses light waves to transmit multimedia and voice data.

- A) copper
- B) twisted-pair
- C) fiber-optic
- D) coaxial

Answer: <https://biology-forums.com/index.php?topic=280457>

Question 1522

These are designed to monitor physical conditions, such as temperature and humidity:

- A) punch cards.
- B) microphones.
- C) lock boxes.
- D) sensors.

Answer: <https://biology-forums.com/index.php?topic=279389>

Question 1523

Match the following terms with their description.

- I. Sound file
- II. Speech recognition software
- III. Video editor
- IV. Streaming video
- V. Screen capture software
- A. Formats rely on compression, low frame rates, and small image size
- B. Machinima is one creative use of this
- C. Digitized, recorded live sounds or music
- D. The more you use it, the better it becomes
- E. Can cost hundreds or even thousands of dollars

Answer: <https://biology-forums.com/index.php?topic=281140>

Question 1524

The software tools that enable a user to interact with a computer for specific purposes are known as

- A) hardware.
- B) networked software.
- C) shareware.

D) applications.

Answer: <https://biology-forums.com/index.php?topic=278935>

Question 1525

The encryption scheme providing security for data transmission on a wireless network is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=280605>

Question 1526

Compatibility, with regard to computers, refers to

- A) the software doing the right job for the user.
- B) being versatile enough to handle the job.
- C) the software being able to run on the computer.
- D) software that is likely to cause problems.

Answer: <https://biology-forums.com/index.php?topic=279349>

Question 1527

Most push technology outside of the corporate enterprise takes the form of notifications and _____.

Answer: <https://biology-forums.com/index.php?topic=280840>

Question 1528

A compiler is

- A) the same thing as a device driver.
- B) physically located in the CPU.
- C) English-like instructions.
- D) the most common type of translator program.

Answer: <https://biology-forums.com/index.php?topic=279510>

Question 1529

This device captures an analog video signal and converts it to a digital signal that can be stored in memory and displayed on a computer screen:

- A) video digitizer.
- B) synthesizer.
- C) midi port.
- D) video transducer.

Answer: <https://biology-forums.com/index.php?topic=279383>

Question 1530

Using software to search for and replace data that contains errors is called data cleansing or data _____.

Answer: <https://biology-forums.com/index.php?topic=280370>

Question 1531

A computer's overall performance is determined in part by the speed of its microprocessor's internal _____.

Answer: <https://biology-forums.com/index.php?topic=279152>

Question 1532

_____ software allows engineers, designers, and architects to create three-dimensional models with physical characteristics such as volume.

- A) CAD
- B) MIDI
- C) Image-processing
- D) Interpolation

Answer: <https://biology-forums.com/index.php?topic=280036>

Question 1533

Computer _____ integration links computers and telephones to increase productivity.

Answer: <https://biology-forums.com/index.php?topic=280542>

Question 1534

Match the following terms with their description.

- I. Table
- II. Record
- III. Field
- IV. Normalization
- V. Redundant
- A. The foundation of an Access database
- B. Duplicate data
- C. Column
- D. The process of applying design rules and principles
- E. Row

Answer: <https://biology-forums.com/index.php?topic=281065>

Question 1535

All of the following are types of menus found in Windows, EXCEPT:

- A) hierarchical menus.
- B) graphical menus.
- C) context-sensitive menus.
- D) pop-up menus.

Answer: <https://biology-forums.com/index.php?topic=279565>

Question 1536

In general, computer modeling is the use of computers to create

- A) clothing and accessories for sale over the Internet.
- B) replicas of engineering drawings.
- C) clay models for commercials.
- D) abstract models.

Answer: <https://biology-forums.com/index.php?topic=279799>

Question 1537

On multiuser systems, the _____ is responsible for authentication.

- A) compiler
- B) operating system
- C) large array of utility programs
- D) user

Answer: <https://biology-forums.com/index.php?topic=279546>

Question 1538

Color-_____ technology is advancing to fix inconsistencies in display colors between different operating systems and output devices.

Answer: <https://biology-forums.com/index.php?topic=279945>

Question 1539

Many output devices take bit patterns and turn them into nondigital movements or _____.

Answer: <https://biology-forums.com/index.php?topic=279481>

Question 1540

Java is referred to as a(n)

- A) high-level language.
- B) low-level language.
- C) programming mid-level language.
- D) hardware device driver.

Answer: <https://biology-forums.com/index.php?topic=279508>

Question 1541

_____ television is a broadcast television show that encourages user input via phone calls or text messages.

Answer: <https://biology-forums.com/index.php?topic=281240>

Question 1542

This is used to represent one character on a computer:

- A) byte.

- B) bit.
- C) digit.
- D) kilobyte.

Answer: <https://biology-forums.com/index.php?topic=279082>

Question 1543

In a client/server environment, the server

- A) processes a query from a client and then sends the answer back to the client.
- B) cannot be used to access a corporate data warehouse.
- C) must be a database system.
- D) must be in close proximity to all client computers in the network.

Answer: <https://biology-forums.com/index.php?topic=280219>

Question 1544

An extensive network of interconnected networks is known as

- A) the Internet.
- B) the World Wide Web.
- C) a firewall.
- D) a LAN.

Answer: <https://biology-forums.com/index.php?topic=278859>

Question 1545

In 1999, the Melissa virus was a widely publicized

- A) email virus.
- B) worm.
- C) Trojan horse.
- D) time bomb.

Answer: <https://biology-forums.com/index.php?topic=280870>

Question 1546

Tasks that have traditionally been performed by people but are now duplicated in an application are part of the software that is known as

- A) artificial intelligence.
- B) networking.
- C) artificial knowledge software.
- D) networking knowledgeable software.

Answer: <https://biology-forums.com/index.php?topic=278937>

Question 1547

Google _____ provides templates that can be customized to create an online presence for an individual, a class, or a family.

Answer: <https://biology-forums.com/index.php?topic=281177>

Question 1548

Digital cameras store bit patterns on _____.

- A) film
- B) flash memory cards or other digital storage media
- C) negatives
- D) audio files

Answer: <https://biology-forums.com/index.php?topic=279381>

Question 1549

Which of the following application types include features such as email, instant messaging, and Web browsing?

- A) multimedia
- B) network
- C) desktop publishing
- D) database

Answer: <https://biology-forums.com/index.php?topic=278944>

Question 1550

_____ commands can be interpreted by a variety of music synthesizers.

- A) DRM
- B) MIDI
- C) MP3
- D) AIFF

Answer: <https://biology-forums.com/index.php?topic=280004>

Question 1551

Which of the following statements about intranets is FALSE?

- A) Intranets require substantial user training.
- B) Intranets reduce hardware costs for an organization.
- C) Intranets support internal value-chain activities.
- D) Intranets allow users to increase collaboration.

Answer: <https://biology-forums.com/index.php?topic=281370>

Question 1552

CAD software is primarily used in

- A) engineering.
- B) software development.
- C) desktop publishing.
- D) accounting.

Answer: <https://biology-forums.com/index.php?topic=279969>

Question 1553

_____ uses computers to create abstract replicas of objects, organisms, and processes.

Answer: <https://biology-forums.com/index.php?topic=279923>

Question 1554

The way in which information is transmitted to multiple, Internet-connected devices is called

- A) Internet connectivity.
- B) domaining.
- C) multitasking.
- D) multicasting.

Answer: <https://biology-forums.com/index.php?topic=280659>

Question 1555

A(n) _____ is a private space where contacts can chat or initiate a video call from inside Google+.

Answer: <https://biology-forums.com/index.php?topic=281174>

Question 1556

The type of chart used in a spreadsheet to discover rather than display a relationship between two variables is a(n) _____ chart.

Answer: <https://biology-forums.com/index.php?topic=279935>

Question 1557

In addition to the three basic functions, a system has two additional functions: feedback and _____.

Answer: <https://biology-forums.com/index.php?topic=281323>

Question 1558

After data entry, the next step in the transaction process is

- A) document preparation.
- B) processing data.
- C) storing and updating data.
- D) user inquiry.

Answer: <https://biology-forums.com/index.php?topic=281271>

Question 1559

Also known as a selection control structure, a(n) _____ control structure tells a computer what to do based on whether a condition is true or false.

Answer: <https://biology-forums.com/index.php?topic=281539>

Question 1560

The most common misstatement of Moore's Law is that computer power doubles every 18 _____.

Answer: <https://biology-forums.com/index.php?topic=279018>

Question 1561

If a health care provider does not protect customer's medical records, they likely have violated the Health Information Portability and Accountability Act.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281396>

Question 1562

Creating a Web page that combines other people's multimedia is known as a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=280845>

Question 1563

_____ enable(s) users to control computers without having to think like programmers.

- A) Software applications
- B) Hardware devices
- C) CMOS
- D) Binary number systems

Answer: <https://biology-forums.com/index.php?topic=279585>

Question 1564

Common problems with Web publishing include all of the following EXCEPT:

- A) access is still somewhat limited.
- B) attracting people to the Web site.
- C) copyright protection.
- D) a Web site can be copied by anyone.

Answer: <https://biology-forums.com/index.php?topic=279782>

Question 1565

A database contains only facts, while a(n) _____ base also contains a system of rules for determining and changing relationships among those facts.

Answer: <https://biology-forums.com/index.php?topic=281628>

Question 1566

Database software can help alleviate

- A) the need to use spreadsheets.
- B) disk space issues.
- C) information overload.
- D) the need for validation of data.

Answer: <https://biology-forums.com/index.php?topic=280245>

Question 1567

To represent values larger than 255, processor designers combine bytes. Two bytes, with 16 bits, can represent all the numbers from 0 to _____.

- A) 100,000
- B) 65,535
- C) 256
- D) 1,000,000

Answer: <https://biology-forums.com/index.php?topic=279046>

Question 1568

System software is a type of software that includes the operating system and _____ programs.

Answer: <https://biology-forums.com/index.php?topic=279683>

Question 1569

_____ -processing software allows a photographer to manipulate digital photos and other high-resolution files with tools similar to those found in

paint programs.

Answer: <https://biology-forums.com/index.php?topic=280106>

Question 1570

A code of ethics should address all of the following EXCEPT:

- A) policy on privacy.
- B) permission to record personal information.
- C) intended use of recorded personal information.
- D) scalability.

Answer: <https://biology-forums.com/index.php?topic=281384>

Question 1571

In the email address bowles@sou.edu, "bowles" is the _____.

- A) password
- B) server name
- C) user name
- D) client computer

Answer: <https://biology-forums.com/index.php?topic=280675>

Question 1572

When a video, for example, is being displayed at the same time as it is being created, accessed, or imported, that means it's being displayed in _____ time.

- A) digital
- B) real
- C) quick
- D) batch

Answer: <https://biology-forums.com/index.php?topic=279986>

Question 1573

A feasibility study is part of the _____ phase.

- A) investigation
- B) analysis
- C) design
- D) development

Answer: <https://biology-forums.com/index.php?topic=281488>

Question 1574

A(n) _____ system combines text, numbers, graphics, animations, sound effects, music, and other media into hyperlinked documents.

Answer: <https://biology-forums.com/index.php?topic=280136>

Question 1575

_____ is the part of electronic business having to do with sales.

- A) Netware
- B) E-commerce
- C) Intranet
- D) Extranet

Answer: <https://biology-forums.com/index.php?topic=281364>

Question 1576

A _____ is a 256-color graphic file format that uses lossless compression and is best for simple images with large areas of solid color.

- A) GIF
- B) JPG
- C) TIF
- D) BMP

Answer: <https://biology-forums.com/index.php?topic=281086>

Question 1577

The top-level domains for countries consist of two letters.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280742>

Question 1578

Wi-Fi refers to

- A) wireless LAN connections.
- B) a new connection which uses fiber-optic cables to connect a PC to the Internet.
- C) a drive on a laptop that connects to the Internet.
- D) the bandwidth of the server to which a laptop connects.

Answer: <https://biology-forums.com/index.php?topic=280525>

Question 1579

To prevent children from seeing inappropriate content on the Web, _____ software can be installed.

Answer: <https://biology-forums.com/index.php?topic=280843>

Question 1580

A(n) _____ computer sends requests from the user to the server.

Answer: <https://biology-forums.com/index.php?topic=280572>

Question 1581

The access time for most memory is measured in _____ (billionths of a second).

Answer: <https://biology-forums.com/index.php?topic=279243>

Question 1582

Characters displayed on a monitor or printed on paper are simply a collection of dots.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279875>

Question 1583

A smart phone is a(n) handheld _____ input device.

- A) detachable
- B) analog
- C) multi-touch
- D) tablet

Answer: <https://biology-forums.com/index.php?topic=279279>

Question 1584

When you are using Google Docs, files are saved _____.

Answer: <https://biology-forums.com/index.php?topic=281160>

Question 1585

_____ is a function that may prevent the loss of information when an application freezes.

Answer: <https://biology-forums.com/index.php?topic=279718>

Question 1586

A(n) _____ describes the action, dialogue, and music for each scene of a video.

Answer: <https://biology-forums.com/index.php?topic=280124>

Question 1587

The World Wide Web has been around since the

- A) 1970s.
- B) 1980s.
- C) 2000s.
- D) 1990s.

Answer: <https://biology-forums.com/index.php?topic=278890>

Question 1588

Networks that use electrical lines are sometimes called _____.

- A) power-line networks
- B) electrical-line networks
- C) twisted pair networks
- D) power-line paired networks

Answer: <https://biology-forums.com/index.php?topic=280411>

Question 1589

The user-oriented macro language is also called a _____ language.

Answer: <https://biology-forums.com/index.php?topic=281554>

Question 1590

Another word for sites like Twitter, which allow users to post short status updates is _____-blogs.

Answer: <https://biology-forums.com/index.php?topic=280625>

Question 1591

The step in the problem-solving process that determines the resources that are available for a project is

- A) understanding the problem.
- B) devising a plan.
- C) evaluating.
- D) carrying out the plan.

Answer: <https://biology-forums.com/index.php?topic=281450>

Question 1592

The _____ settings dialog box displays a link that can be used to share the document, a list of individuals who have access, and the level of access each person has.

Answer: <https://biology-forums.com/index.php?topic=281162>

Question 1593

One example of software that can create visual aids for lectures, training sessions, and sales demonstrations is Microsoft _____.

Answer: <https://biology-forums.com/index.php?topic=280118>

Question 1594

The following are all examples of game controllers:

- A) joystick, cartridge, and remote control.
- B) touchpad, track point, console, and joystick.
- C) joystick, gamepad, and Nintendo Wii remote.
- D) touchpad, joystick, and stylus.

Answer: <https://biology-forums.com/index.php?topic=279364>

Question 1595

When you use a disk in several different computers on the same day, you are taking the chance of contracting a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=280971>

Question 1596

When entering currency values as criteria, do NOT type the _____.

Answer: <https://biology-forums.com/index.php?topic=281060>

Question 1597

Of the following, which one is NOT a way to protect yourself from identity theft?

- A) Be sure to use a secure Web site.
- B) Handle email with care.
- C) Make all online purchases with a debit card.
- D) Do not put bills in the trash.

Answer: <https://biology-forums.com/index.php?topic=280864>

Question 1598

Experts predict that a paperless office will replace all of the following EXCEPT:

- A) reference books.

- B) newspapers and periodicals.
- C) letters.
- D) flow of paper-based information.

Answer: <https://biology-forums.com/index.php?topic=281029>

Question 1599

Input, output, and storage devices are known as

- A) peripherals.
- B) secondary storage.
- C) firmware.
- D) hardware drivers.

Answer: <https://biology-forums.com/index.php?topic=279034>

Question 1600

Babel Fish is a(n)

- A) language translation program.
- B) robot.
- C) AI search engine.
- D) Turing test.

Answer: <https://biology-forums.com/index.php?topic=281589>

Question 1601

A business organization's environment includes all of the following EXCEPT:

- A) customers.
- B) suppliers.
- C) managers.
- D) competitors.

Answer: <https://biology-forums.com/index.php?topic=281253>

Question 1602

MySpace lost its "cool" to

- A) Facebook.
- B) Twitter.
- C) Email.
- D) Friendster.

Answer: <https://biology-forums.com/index.php?topic=278947>

Question 1603

A newer PC will likely have an Ethernet _____ on the main circuit board so it can directly connect to an Ethernet network.

- A) router
- B) cable
- C) port
- D) jack

Answer: <https://biology-forums.com/index.php?topic=280421>

Question 1604

A specialized vocabulary is associated with databases.

[br]Is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280295>

Question 1605

Reworking of songs using new instrumentation, rhythms, and audio samples is called _____.

Answer: <https://biology-forums.com/index.php?topic=280145>

Question 1606

The technology that recognizes individual characters on a printed page, so they can be stored and eventually edited, is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=279436>

Question 1607

Of the following, a(n) _____ language is the easiest to use and closest to natural English.

- A) first-generation
- B) object-oriented
- C) assembly
- D) fourth-generation

Answer: <https://biology-forums.com/index.php?topic=281481>

Question 1608

Condensing files so they can be stored in less space and transmitted over the Internet at a faster rate is known as data _____.

- A) downloading
- B) compression
- C) digitization
- D) defragmentation

Answer: <https://biology-forums.com/index.php?topic=279992>

Question 1609

If a word-processed document is straight on the right margin but ragged on the left, it is _____ aligned.

Answer: <https://biology-forums.com/index.php?topic=279884>

Question 1610

For patients living in remote places, doctors use the Web to practice

- A) anamorphic projection.
- B) remote imaging.
- C) telemedicine.
- D) automated surgery.

Answer: <https://biology-forums.com/index.php?topic=281005>

Question 1611

All of the following are true statements regarding data warehouses EXCEPT:

- A) data warehouses are large.
- B) data warehouses are inexpensive.
- C) data warehouses give users more direct access to enterprise data.
- D) data warehouses are centralized for convenience.

Answer: <https://biology-forums.com/index.php?topic=280263>

Question 1612

_____ was a pioneer in allowing users to share photographs on the Web.

Answer: <https://biology-forums.com/index.php?topic=280597>

Question 1613

The most common passwords in the United States or Britain include all EXCEPT:

- A) letmein.
- B) password.
- C) opensesame.
- D) 123456.

Answer: <https://biology-forums.com/index.php?topic=280911>

Question 1614

Mac OS is created by a company named

- A) Microsoft.
- B) Apple.
- C) Dell.
- D) Intel.

Answer: <https://biology-forums.com/index.php?topic=278844>

Question 1615

The fear of computers and technology is _____.

- A) webaphobia
- B) industraphobia
- C) computerphobia
- D) technophobia

Answer: <https://biology-forums.com/index.php?topic=281190>

Question 1616

_____ language is a low-level language in which instructions are represented in binary.

Answer: <https://biology-forums.com/index.php?topic=281548>

Question 1617

Educational software used specifically in a classroom setting is often referred to as

- A) edutainment.
- B) courseware.
- C) groupware.
- D) e-learning.

Answer: <https://biology-forums.com/index.php?topic=281192>

Question 1618

Computer modeling can be done with all the following EXCEPT:

- A) mathematical applications.
- B) spreadsheets.
- C) desktop-publishing software.
- D) standard programming languages.

Answer: <https://biology-forums.com/index.php?topic=279865>

Question 1619

Using deception to get individuals to reveal sensitive information is also known as a(n) _____ attack.

- A) social engineering
- B) hacking
- C) identity theft
- D) trojan horse

Answer: <https://biology-forums.com/index.php?topic=280857>

Question 1620

Augmented reality is the use of a computer display to add virtual information to a user's sensory perceptions.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280075>

Question 1621

"Since you bought x, we thought you might like y" would most likely be seen on a business-to-_____ Web site.

Answer: <https://biology-forums.com/index.php?topic=281405>

Question 1622

A(n) _____ system is a limited working system that gives users and management an idea of what the completed system will look like.

- A) prototype
- B) beta
- C) human interface
- D) development

Answer: <https://biology-forums.com/index.php?topic=281495>

Question 1623

A microprocessor used as a component of a larger system is called a(n) _____ system.

Answer: <https://biology-forums.com/index.php?topic=279017>

Question 1624

When collaborating with others on a project, it is helpful to _____ your documents so that all parties can edit and update the project.

Answer: <https://biology-forums.com/index.php?topic=281161>

Question 1625

The size and style of typeface is a(n)

- A) serif.
- B) margin.
- C) point size.
- D) font.

Answer: <https://biology-forums.com/index.php?topic=278852>

Question 1626

To arrange students in an university database table in alphabetical order on their last name, the user must perform a(n) _____ on the database.

Answer: <https://biology-forums.com/index.php?topic=280338>

Question 1627

_____ is a popular free blogging service available by using a Google account.

Answer: <https://biology-forums.com/index.php?topic=281169>

Question 1628

_____ processing is used when a college accumulates course registrations and processes them at the same time in one large set.

- A) Interactive
- B) Analog
- C) Real-time
- D) Batch

Answer: <https://biology-forums.com/index.php?topic=280211>

Question 1629

_____ is content that integrates text and media.

Answer: <https://biology-forums.com/index.php?topic=281111>

Question 1630

An internal company network available through a Web browser is known as a(n) _____.

Answer: <https://biology-forums.com/index.php?topic=281407>

Question 1631

Formatting a disk removes any information stored on a disk.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279652>

Question 1632

The agricultural age lasted until about two centuries ago, when advances in machine technology triggered what has come to be known as the

- A) digital age.
- B) technology age.
- C) industrial age.
- D) information age.

Answer: <https://biology-forums.com/index.php?topic=278933>

Question 1633

With a database, switching between organizational schemes can be done easily.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280291>

Question 1634

The most common pointing input device is the

- A) trackball.
- B) mouse.
- C) touchscreen.
- D) touchpad.

Answer: <https://biology-forums.com/index.php?topic=279258>

Question 1635

A decision _____ system helps a manager make semistructured decisions using both internal and external information.

Answer: <https://biology-forums.com/index.php?topic=281340>

Question 1636

Nearly all commercial software is

- A) trademarked.
- B) copyrighted.
- C) free for copying.
- D) shareware.

Answer: <https://biology-forums.com/index.php?topic=279527>

Question 1637

The typical CPU is divided into these functional units:

- A) control, arithmetic logic, decode, bus, and prefetch.
- B) presort, sort, process, export, and save.
- C) fetch, decode, execute, and shred.
- D) registers, prefetch, decode, and store.

Answer: <https://biology-forums.com/index.php?topic=279117>

Question 1638

The most common color printers are

- A) lasers.
- B) dot-matrix.
- C) inkjet.
- D) line printers.

Answer: <https://biology-forums.com/index.php?topic=279307>

Question 1639

Approximately 1,000 megabytes is a

- A) terabyte.
- B) kilobyte.
- C) petabyte.
- D) gigabyte.

Answer: <https://biology-forums.com/index.php?topic=279047>

Question 1640

When a business can legally copy software to all of the computers they own, the company has a _____ license.

- A) site
- B) company
- C) pirate
- D) sharing

Answer: <https://biology-forums.com/index.php?topic=280492>

Question 1641

When a user and a program react to one another within a modeling arena, it is known as a(n) _____ loop.

Answer: <https://biology-forums.com/index.php?topic=279925>

Question 1642

A drawing program such as Adobe Illustrator stores pictures as a collection of dots, or pixels.

[br]Is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280081>

Question 1643

_____ provides a programming environment to develop, test, and deploy custom web applications.

Answer: <https://biology-forums.com/index.php?topic=281130>

Question 1644

A company's information systems hardware, software, and telecommunications equipment are all parts of the IT _____.

Answer: <https://biology-forums.com/index.php?topic=281352>

Question 1645

Which of the following statements best describes a raster graphic?

- A) an allocation of color cartridges to the design group
- B) an image drawn using a vector graphics program
- C) a map showing how the pixels on the screen should be represented
- D) a computer image that uses an outline to define a shape

Answer: <https://biology-forums.com/index.php?topic=280020>

Question 1646

Gigahertz is a measure of the computer's clock speed and is a measure of _____ of clock cycles per second.

Answer: <https://biology-forums.com/index.php?topic=279186>

Question 1647

_____ allows direct computer-to-computer exchange of standardized, common business transaction documents such as invoices.

- A) EDI
- B) IOS
- C) ERP
- D) MIS

Answer: <https://biology-forums.com/index.php?topic=281275>

Question 1648

The acronym for a device that can pinpoint any location in the world is _____.

Answer: <https://biology-forums.com/index.php?topic=280558>

Question 1649

Match the following Blogger designer options with their description.

- I. Template
- II. Background
- III. Adjust width
- IV. Layout
- V. Advanced
- A. Displays suggested color theme choices
- B. Displays a menu of additional features
- C. Displays a variety of options from one to three columns each
- D. Includes a set of variations to customize further
- E. Displays a slider

Answer: <https://biology-forums.com/index.php?topic=281178>

Question 1650

When productivity increases due to the work of machines rather than the work of humans, it is known as

- A) workerless growth.
- B) unemployment accessible gains.
- C) electronic advancement.
- D) jobless growth.

Answer: <https://biology-forums.com/index.php?topic=281188>

Question 1651

A manager makes semistructured decisions when confronting a problem with some uncertainty, where they use judgment to fill the gaps.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281315>

Question 1652

TCP/IP protocols define how information can be transferred between machines and how machines on the network can be identified with _____ addresses.

- A) unique
- B) similar
- C) identical
- D) multiple

Answer: <https://biology-forums.com/index.php?topic=280655>

Question 1653

The typical computer criminal is a(n)

- A) young hacker.
- B) trusted employee with no criminal record.
- C) trusted employee with a long, but secret criminal record.
- D) experienced hacker.

Answer: <https://biology-forums.com/index.php?topic=280849>

Question 1654

Many laptops and handheld computers have _____ ports that can send and receive digital information over short distances (approximately 1 meter) without the use of cables.

Answer: <https://biology-forums.com/index.php?topic=280568>

Question 1655

A 3-D _____ program adds three-dimensional effects to graphic objects.

Answer: <https://biology-forums.com/index.php?topic=281114>

Question 1656

Apple launched a new product called a(an) _____, which is designed to bridge the shrinking gap between the smart phone and the notebook/netbook PC.

- A) Galaxy S
- B) Android
- C) iPad
- D) Blackberry

Answer: <https://biology-forums.com/index.php?topic=278930>

Question 1657

A typical knowledge base contains

- A) only facts.
- B) only a system of rules.
- C) neither facts nor a system of rules.
- D) both facts and a system of rules.

Answer: <https://biology-forums.com/index.php?topic=281594>

Question 1658

The rules for how data is exchanged between devices is known as a(n)

- A) protocol.
- B) algorithm.
- C) procedure.
- D) code.

Answer: <https://biology-forums.com/index.php?topic=280471>

Question 1659

A _____ preview of your blog displays how your blog will look on a computer and a mobile device.

- A) dashboard
- B) thumbnail
- C) screenshot
- D) design

Answer: <https://biology-forums.com/index.php?topic=281154>

Question 1660

In the value chain model, the primary activity _____ includes receiving, storing, and distributing raw materials.

- A) operations

- B) procurement
- C) service
- D) inbound logistics

Answer: <https://biology-forums.com/index.php?topic=281255>

Question 1661

Databases do not make it easy to print and distribute information in a number of different ways.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=280293>

Question 1662

A(n) _____ is an Access object with which you can enter, edit, or display data from a table or a query.

Answer: <https://biology-forums.com/index.php?topic=281052>

Question 1663

_____ databases spread data across networks on several different computers.

Answer: <https://biology-forums.com/index.php?topic=280359>

Question 1664

The first step in the problem-solving process is investigation.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=281515>

Question 1665

Which law was used to silence Professor Edward Felton in 2001?

- A) Digital Millennium Copyright Act of 1998
- B) Telecommunications Act of 1996
- C) USA Patriot Act
- D) CIPA

Answer: <https://biology-forums.com/index.php?topic=280934>

Question 1666

Most monitors fall into these two categories:

- A) video and analog.
- B) cathode-ray tube and liquid crystal display.
- C) video projectors and desktop.
- D) video projectors and non-gas plasma.

Answer: <https://biology-forums.com/index.php?topic=279392>

Question 1667

One email message from a mail list that includes all the postings from one day is called a _____.

Answer: <https://biology-forums.com/index.php?topic=280620>

Question 1668

_____ software, also known as compiler software, makes programming easier and less error prone.

Answer: <https://biology-forums.com/index.php?topic=279709>

Question 1669

Database programs can do all of the following EXCEPT:

- A) store and organize data.
- B) create graphics.
- C) communicate data.
- D) alleviate information overload.

Answer: <https://biology-forums.com/index.php?topic=280156>

Question 1670

In Google Sheets, the _____ is the horizontal axis in a two-dimensional chart.

- A) plot area

- B) z-axis
- C) y-axis
- D) x-axis

Answer: <https://biology-forums.com/index.php?topic=281144>

Question 1671

Computer users can customize their computers by inserting special-purpose circuit boards called _____ cards.

Answer: <https://biology-forums.com/index.php?topic=279245>

Question 1672

All of the following are one of the four basic models for software distribution EXCEPT _____.

- A) retail software
- B) freeware
- C) charityware
- D) shareware

Answer: <https://biology-forums.com/index.php?topic=281093>

Question 1673

The _____ is the top manager responsible for the overall planning of information systems within a company.

- A) CEO
- B) Controller
- C) CIO
- D) CFO

Answer: <https://biology-forums.com/index.php?topic=281288>

Question 1674

_____ refers to sharing information, developing and maintaining business relationships, and using telecommunications networks to conduct business.

- A) E-business
- B) CRM
- C) B2C
- D) SEO

Answer: <https://biology-forums.com/index.php?topic=281362>

Question 1675

What is the name of the operating system that is rarely found on personal computers or laptops but is used in servers and high-end workstations?

- A) UNIX
- B) Windows
- C) MS-DOS
- D) Mac OS

Answer: <https://biology-forums.com/index.php?topic=279568>

Question 1676

The IP protocol defines the _____ system of the Internet.

- A) packet
- B) browser
- C) addressing
- D) search engine

Answer: <https://biology-forums.com/index.php?topic=280661>

Question 1677

Backward compatibility means that

- A) a Core i7 chip can handle processing previously done by a Core 2 Duo.
- B) all hardware will work with other hardware.
- C) a mouse will work with more advanced hardware that comes out after the date the mouse was produced.
- D) all software will work on all other computer systems.

Answer: <https://biology-forums.com/index.php?topic=279051>

Question 1678

Software designed to be used by several people simultaneously is known as

- A) shareware.
- B) cluster software.
- C) groupware.
- D) cloudware.

Answer: <https://biology-forums.com/index.php?topic=279764>

Question 1679

In a study between NASA and the Eastern Virginia Medical School, it was found that students diagnosed with the disorder known by the acronym _____ were successfully treated by playing games on a PlayStation.

Answer: <https://biology-forums.com/index.php?topic=281244>

Question 1680

Binary means

- A) there are two possibilities, on and off.
- B) the same as a byte, 8 bits.
- C) there are three options; 0, 1, and 2.
- D) that computers really need to have three or more options.

Answer: <https://biology-forums.com/index.php?topic=279038>

Question 1681

In comparison to animated GIFs, vector graphics animations

- A) download slower.
- B) occupy more space.
- C) describe images in terms of objects and locations.
- D) describe images in terms of colored pixels.

Answer: <https://biology-forums.com/index.php?topic=279980>

Question 1682

All of the following are true of object-oriented programming EXCEPT:

- A) it is easy to use features from one program in another program.
- B) it was first used in the 1970s.
- C) it supports hierarchical categorization of objects so that a new object can inherit properties and methods of the object from which it descends.
- D) it cannot be used with databases.

Answer: <https://biology-forums.com/index.php?topic=281474>

Question 1683

This type of memory is located in the CPU and is used to store data that is likely to be used next:

- A) flash memory.
- B) Level 1 cache.
- C) Level 2 cache.
- D) virtual storage.

Answer: <https://biology-forums.com/index.php?topic=279113>

Question 1684

Every file and folder has a unique _____, which describes the nesting of folders containing it.

Answer: <https://biology-forums.com/index.php?topic=279663>

Question 1685

_____ systems are collections of people, machines, data, and methods organized to accomplish specific functions and solve specific problems.

Answer: <https://biology-forums.com/index.php?topic=281557>

Question 1686

Programmers can use _____ programming tools to draw pictures or choose objects shown on the screen.

Answer: <https://biology-forums.com/index.php?topic=281553>

Question 1687

Word processing applications are used for producing which of the following?

- A) slides

- B) email
- C) letters
- D) spreadsheets

Answer: <https://biology-forums.com/index.php?topic=278945>

Question 1688

How are the World Wide Web (WWW) and the Internet different?

- A) They aren't different; they are two different names for the same thing.
- B) The WWW is a vast tract of the Internet and makes the Internet accessible to just about anyone.
- C) The Internet is primarily used by businesses; the WWW can be used by home users.
- D) The WWW is faster than the more archaic Internet.

Answer: <https://biology-forums.com/index.php?topic=278931>

Question 1689

The ethical guideline, informed _____, states, "If in doubt about ethics or laws of a particular action, inform the people who might be effected by your action and obtain their consent before proceeding."

Answer: <https://biology-forums.com/index.php?topic=281359>

Question 1690

_____ in a spreadsheet, often text such as Quarter 1, Quarter 2, and Northwest District in the top row and far left column, are meaningless to the computer, but useful for the reader.

Answer: <https://biology-forums.com/index.php?topic=279916>

Question 1691

The acronym SOHO refers to

- A) one of the fastest growing computer markets today.
- B) software which assists students with disabilities.
- C) a computer programming language.
- D) a person who resists computer use.

Answer: <https://biology-forums.com/index.php?topic=281200>

Question 1692

Although using computer simulations for training have many advantages, a major disadvantage is

- A) the cost far outweighs any disadvantage.
- B) it is not reality.
- C) the time required for training.
- D) personnel needed to oversee the training.

Answer: <https://biology-forums.com/index.php?topic=279871>

Question 1693

The CPU and main memory are housed in _____ chips on the motherboard and other circuit boards inside the computer.

- A) storage
- B) silicon
- C) plastic
- D) peripheral

Answer: <https://biology-forums.com/index.php?topic=279115>

Question 1694

Computers have changed the way humans go about their day-to-day lives. Events and ideas radically change the way people work, live, and think.

This dramatic change is known as a(n)

- A) paradigm shift.
- B) industrial revolution within a country.
- C) shift in traditions.
- D) counterculture.

Answer: <https://biology-forums.com/index.php?topic=278932>

Question 1695

This unit of the CPU translates instructions for the CPU processing:

- A) prefetch unit.

- B) decode unit.
- C) ALU.
- D) Bus Interface Unit.

Answer: <https://biology-forums.com/index.php?topic=279121>

Question 1696

If a document is made available to _____, the link can be forwarded to anyone and they would then be able to access the document.

Answer: <https://biology-forums.com/index.php?topic=281164>

Question 1697

Optimistic, pessimistic, and most likely are the three time estimates incorporated into a(n) _____ diagram.

Answer: <https://biology-forums.com/index.php?topic=281356>

Question 1698

Java is a platform-neutral programming language that was developed by Sun Microsystems.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279631>

Question 1699

A(n) _____ is a database object that retrieves specific data from one or more database objects.

Answer: <https://biology-forums.com/index.php?topic=281051>

Question 1700

_____ are programs that you can carry with you and run from a flash drive.

Answer: <https://biology-forums.com/index.php?topic=281110>

Question 1701

Microsoft Office, Adobe Photoshop, and TurboTax are all types of _____.

- A) retail software
- B) freeware
- C) donationware
- D) shareware

Answer: <https://biology-forums.com/index.php?topic=281094>

Question 1702

Computer-based training offers all of the following advantages over workbooks EXCEPT:

- A) individualized learning.
- B) motivation.
- C) creativity.
- D) confidence.

Answer: <https://biology-forums.com/index.php?topic=281193>

Question 1703

The direct, computer-to-computer exchange of standard business transaction documents is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281335>

Question 1704

_____ is the best known example of open-source software.

Answer: <https://biology-forums.com/index.php?topic=279662>

Question 1705

Some software CDs and DVDs are _____ with digital rights management (DRM) technology to ensure that they can't be duplicated with conventional copying techniques.

- A) groggy
- B) copyright
- C) write enhanced
- D) copy protected

Answer: <https://biology-forums.com/index.php?topic=279595>

Question 1706

The creation of worldwide businesses and markets is called _____.

- A) electronic commerce
- B) globalization
- C) virtualization
- D) intranet

Answer: <https://biology-forums.com/index.php?topic=281186>

Question 1707

An example of a fourth-generation programming language is _____.

- A) machine language
- B) Java
- C) FORTRAN
- D) SQL

Answer: <https://biology-forums.com/index.php?topic=281480>

Question 1708

Most modern robots include _____ that accept new input enabling robots to correct or modify their actions based on feedback from the outside world.

Answer: <https://biology-forums.com/index.php?topic=281640>

Question 1709

A(n) _____ chart depicts a project schedule showing each step with its planned start and completion dates.

Answer: <https://biology-forums.com/index.php?topic=281354>

Question 1710

Specialized software such as medical billing, library cataloging, or auto parts purchasing, are applications known as vertical-market or _____ applications.

Answer: <https://biology-forums.com/index.php?topic=279681>

Question 1711

A(n) _____ could be used to replicate how a specialist diagnoses lung cancer.

- A) expert system
- B) Turing test
- C) artificial life
- D) knowledge base

Answer: <https://biology-forums.com/index.php?topic=281595>

Question 1712

A single fiber-optic cable can replace _____ copper telephone cables.

- A) 10,000
- B) 16,000
- C) 20,000
- D) 30,000

Answer: <https://biology-forums.com/index.php?topic=280433>

Question 1713

The primary difference between a LAN and a WAN is the

- A) speed.
- B) geographical area.
- C) variety of hardware devices.
- D) number of hardware devices.

Answer: <https://biology-forums.com/index.php?topic=280399>

Question 1714

Bars can be piled on top of one another in a(n) _____ chart that shows how proportions of a whole change over time.

Answer: <https://biology-forums.com/index.php?topic=279937>

Question 1715

The Children's Online Privacy Protection Act requires Internet-based businesses to obtain parental consent before collecting information from children _____ years of age and younger.

- A) 9
- B) 12
- C) 17
- D) 18

Answer: <https://biology-forums.com/index.php?topic=280233>

Question 1716

A popular compression file type for digital video is

- A) JPG.
- B) SWF.
- C) MPEG.
- D) MP3.

Answer: <https://biology-forums.com/index.php?topic=280027>

Question 1717

_____ are used to automate tasks that are repeated frequently.

- A) Pseudocodes
- B) Macros
- C) ROMs
- D) Templates

Answer: <https://biology-forums.com/index.php?topic=281479>

Question 1718

The person responsible for making key planning decisions for a company's information systems is known by the acronym _____.

Answer: <https://biology-forums.com/index.php?topic=281339>

Question 1719

In a customer database, a customer's surname would be keyed into a(n) _____ field.

- A) key
- B) text
- C) numeric
- D) computed

Answer: <https://biology-forums.com/index.php?topic=280172>

Question 1720

A transaction processing system which reduces the number of items in stock would be recorded in a(n) _____ system.

- A) EDI
- B) ERP
- C) accounts payable
- D) inventory control

Answer: <https://biology-forums.com/index.php?topic=281277>

Question 1721

A _____ manipulates data in a large collection of tables and cross references those tables.

- A) SPSS
- B) GIS
- C) PIM
- D) DBMS

Answer: <https://biology-forums.com/index.php?topic=280201>

Question 1722

Windows Explorer is an example of this type of utility:

- A) file management.
- B) defragmentation.
- C) Java.

D) BlackBerry.

Answer: <https://biology-forums.com/index.php?topic=279625>

Question 1723

A _____ program would analyze sentence structure and identify each word according to whether it was a subject, verb, or other part of speech.

Answer: <https://biology-forums.com/index.php?topic=281629>

Question 1724

Some people complain that when a job is automated, it is _____, requiring less expertise.

- A) up-skilled
- B) reverse engineered
- C) de-skilled
- D) authenticated

Answer: <https://biology-forums.com/index.php?topic=281181>

Question 1725

The _____ systems model represents an interorganizational information system in which a company handles transactions within its own value chain and other businesses and organizations.

- A) B2B
- B) B2C
- C) C2C
- D) B2E

Answer: <https://biology-forums.com/index.php?topic=281369>

Question 1726

_____ identifies objects and shapes in a photograph, drawing, video, or other visual images.

- A) An expert system
- B) Image analysis
- C) OCR
- D) Fuzzy logic

Answer: <https://biology-forums.com/index.php?topic=281605>

Question 1727

The _____ ratio is the fractional relationship between the width and height of a display.

Answer: <https://biology-forums.com/index.php?topic=279478>

Question 1728

The term for the largest storage value is

- A) kilobytes.
- B) terabytes.
- C) gigabytes.
- D) petabytes.

Answer: <https://biology-forums.com/index.php?topic=279048>

Question 1729

In what decade was ARPANET developed?

- A) 1950s
- B) 1960s
- C) 1970s
- D) 1980s

Answer: <https://biology-forums.com/index.php?topic=280638>

Question 1730

Match the following terms with their description.

- I. Software
- II. Application software
- III. Productivity program
- IV. Office application suite
- V. Presentation application

- A. Includes all the programs that direct the computer to carry out specific tasks
- B. Microsoft PowerPoint or Keynote
- C. The most commonly used productivity software used in business
- D. Tells the hardware how to perform a certain task
- E. The most popular general-purpose application

Answer: <https://biology-forums.com/index.php?topic=281132>

Question 1731

A(n) _____ scanner can capture and digitize images from photographic negatives and slides.

Answer: <https://biology-forums.com/index.php?topic=279438>

Question 1732

A key field must

- A) uniquely identify a record.
- B) be stored in its own separate table.
- C) be located in a minimum of three tables.
- D) be a text field.

Answer: <https://biology-forums.com/index.php?topic=280207>

Question 1733

The hardware device commonly referred to as the "brain" of the computer is the

- A) RAM chip.
- B) printer.
- C) CPU.
- D) secondary storage.

Answer: <https://biology-forums.com/index.php?topic=279027>

Question 1734

Most game machines and smart phones store their operating systems permanently in RAM.

[br]Is is [b>true[/b] or [b>false[/b]?[br][br]Thanks...

Answer: <https://biology-forums.com/index.php?topic=279640>

Question 1735

The Mark I computer proved its worth by

- A) helping IBM financially.
- B) counting the population in 1944.
- C) computing ballistics tables for the U.S. Navy.
- D) solving systems of linear equations.

Answer: <https://biology-forums.com/index.php?topic=278963>

Question 1736

This type of memory card is used in MP3 players, smart phones, and many other electronic devices:

- A) flash memory.
- B) CMOS.
- C) thumb.
- D) jump.

Answer: <https://biology-forums.com/index.php?topic=279409>

Question 1737

_____ combines virtual reality techniques with new vision technologies, allowing users to move around in shared virtual spaces, while keeping their unique points of view.

- A) Streaming
- B) Hypermedia
- C) Augmenting
- D) Tele-immersion

Answer: <https://biology-forums.com/index.php?topic=280014>

Question 1738

Web authoring software includes all of the following EXCEPT _____.

- A) Microsoft Expression Web
- B) Adobe Dreamweaver
- C) Apple's iWeb
- D) Adobe Acrobat

Answer: <https://biology-forums.com/index.php?topic=280706>
