Answer: <https://biology-forums.com/index.php?topic=596536>

Question 4

All of these drugs are combination drugs used to treat osteoporosis. Which one is available as a transdermal patch?

- A) Activella
- B) Femhrt
- C) ClimaraPro
- D) Prempro

Answer: <https://biology-forums.com/index.php?topic=596166>

Question 5

The cause of fibromyalgia is _____.

- A) muscle spasms in the neck, back, and hips
- B) overproduction of prostaglandins
- C) wear and tear in the joints
- D) unknown

Answer: <https://biology-forums.com/index.php?topic=596163>

Question 6

The psychotic symptoms of delusions, hallucinations, and bizarre behaviors are based on _____.

- A) a decreased level of dopamine
- B) hypersensitivity of dopamine receptors
- C) overproduction of dopamine
- D) B and C

Answer: <https://biology-forums.com/index.php?topic=596669>

Question 7

Drugs that block H1 receptors are known as _____ drugs.

Answer: <https://biology-forums.com/index.php?topic=595827>

Question 8

_____ is also known as degenerative joint disease.

- A) Fibromyalgia
- B) Osteoarthritis
- C) Rheumatoid arthritis
- D) Osteoporosis

Answer: <https://biology-forums.com/index.php?topic=596159>

Question 9

Hydantoin drugs for epilepsy prevent the neurons from sending out impulses too rapidly or repeatedly by _____.

- A) inhibiting the conduction of nerve impulses in the cerebral cortex and motor areas of the brain
- B) depressing the motor cortex of the brain and raising the seizure threshold
- C) affecting the flow of sodium in and out of the cell
- D) acting on different types of receptors throughout the body

Answer: <https://biology-forums.com/index.php?topic=596589>

Question 10

Cimetidine (Tagamet) was the first H2 blocker prescription drug to be approved by the FDA for over-the-counter use.

Is this statement true (A) or false (B)?

Answer: <https://biology-forums.com/index.php?topic=596057>

Question 11

The contraceptive drug Ortho Evra is in the form of a _____.

- A) T-shaped intrauterine device
- B) vaginal ring
- C) pill pack
- D) transdermal patch

Answer: <https://biology-forums.com/index.php?topic=596403>

Question 12

Hydantoin drugs act on the cell membrane of neurons in the motor cortex of the brain.

- A) True
- B) False

Answer: <https://biology-forums.com/index.php?topic=596629>

Question 13

In addition to being used to treat hypertension and angina pectoris, the beta-blocker drug propranolol (Inderal) is also used to do all of the following, EXCEPT _____.

- A) treat digitalis drug toxicity
