

### Question 1

Questions that assess students' abilities to recall specific information are

- a. lower-order questions.
- b. retention building questions.
- c. critical thinking questions.
- d. higher-order questions.

Answer: <https://biology-forums.com/index.php?topic=826684>

### Question 2

Under which of the fundamental freedoms identified in the Charter of Rights and Freedoms 1982 might fall a situation involving censorship of school newspaper?

- a. Freedom of expression
- b. Freedom of religion
- c. Freedom of association
- d. Freedom of assembly

Answer: <https://biology-forums.com/index.php?topic=826221>

### Question 3

The concept of "civilization" used by early British and Canadian school administrators toward First Nations included all of the following views except

- a. superiority of European customs.
- b. respect for different cultures.
- c. need to be Christian.
- d. complex political structures.

Answer: <https://biology-forums.com/index.php?topic=826164>

### Question 4

Independent Schools are often referred to as

- a. Modal Units.
- b. Communal Schools.
- c. Private Schools.
- d. Semi-Private Schools.

Answer: <https://biology-forums.com/index.php?topic=826176>

### Question 5

Which of the following qualities reflects the importance of teachers being supportive of each other?

- a. Flexibility
- b. High energy level
- c. Sense of humour
- d. Collegiality

Answer: <https://biology-forums.com/index.php?topic=825970>

### Question 6

Performance-based teacher education is based on all of the following assumptions except

- a. outcomes are culminating demonstrations of what beginning teachers do in real classrooms.
- b. outcomes are demonstrations of learning.
- c. outcomes include a list of courses completed and teaching specializations.
- d. outcomes are performances that reflect the complexity of the teacher's role.

Answer: <https://biology-forums.com/index.php?topic=825959>

### Question 7

The theory Lawrence Kohlberg developed involves

- a. psychosocial crisis.
- b. psychosocial development.
- c. cognitive development.
- d. moral development.

Answer: <https://biology-forums.com/index.php?topic=826349>

### Question 8

Taking on one's first position involves most centrally

- a. moving from dependent to independent living.
- b. transition from student to professional teacher.
- c. moving from financial uncertainty to stability.
- d. transition from reflectiveness to certainty.

Answer: <https://biology-forums.com/index.php?topic=826601>

### Question 9

The board that issues licenses to teach may be any of the following except

- a. a local school board.
- b. the College of Teachers.
- c. the provincial department of education.
- d. the provincial teacher certification body.

Answer: <https://biology-forums.com/index.php?topic=825977>

### Question 10

According to the text, your behaviour as a teacher is strongly connected to your beliefs about all of the following except

- a. students.
- b. administrators.
- c. knowledge.
- d. what is worth knowing.

Answer: <https://biology-forums.com/index.php?topic=826037>

### Question 11

When asked how to be a good second grader, Emma responded "You have to be quiet, stay in your chair, and raise your hand if you want to talk."

This is an example of learning through the

- a. null curriculum.
- b. functional curriculum.
- c. hidden curriculum.
- d. explicit curriculum.

Answer: <https://biology-forums.com/index.php?topic=826462>

### Question 12

Jason, a third-grade teacher, believes that teachers should be concerned with developing themselves as persons so that they may function more effectively. His beliefs represent

- a. a personal-development view.
- b. a research-based view.
- c. a job-analysis view.
- d. an existentialist view.

Answer: <https://biology-forums.com/index.php?topic=825941>

### Question 13

The study of educational practices in other countries is called

- a. comparative education.
- b. international education.
- c. distance education.
- d. global awareness.

Answer: <https://biology-forums.com/index.php?topic=826707>

### Question 14

With regard to teaching strategies, effective teachers usually

- a. are consistent in using one method.
- b. choose a method endorsed by the administration.
- c. have developed a repertoire of teaching strategies.
- d. use one style with high achievers, a different style with low achievers.

Answer: <https://biology-forums.com/index.php?topic=826442>

### Question 15

According to the text, the most useful definition of curriculum is

- a. the academic offerings of the school.

- b. all the experiences in a child's life.
- c. the experiences, both planned and unplanned, that affect the education and growth of the child.
- d. all the educational experiences with the exception of the extracurricular program,

Answer: <https://biology-forums.com/index.php?topic=826456>

### Question 16

Trini is attempting to test his hypothesis of the positive impact of service learning on student achievement. This is an example of

- a. quantitative research.
- b. qualitative research.
- c. informal inquiry.
- d. action research.

Answer: <https://biology-forums.com/index.php?topic=826589>

### Question 17

Most teachers report their primary motivation for teaching was

- a. the value of education to society.
- b. the desire to work with young people.
- c. an interest in a particular subject.
- d. the influence of their own teachers.

Answer: <https://biology-forums.com/index.php?topic=825823>

### Question 18

Questions asking students to define, list, or name are

- a. lower-order questions.
- b. retention building questions.
- c. critical thinking questions.
- d. higher-order questions.

Answer: <https://biology-forums.com/index.php?topic=826687>

### Question 19

Why are certain teachers held to a higher standard of supervision than others?

- a. Increased risk of injury involved in the classes they teach
- b. Higher history of personal accident
- c. Larger number of students in their classes
- d. Greater risk of criminal activity in some school settings

Answer: <https://biology-forums.com/index.php?topic=826228>

### Question 20

Which of the following elements that Banks includes in the concept of inclusive education would relate most to lessons aimed at clarifying the assumptions underlying certain disciplinary fields?

- a. Knowledge construction
- b. Content integration
- c. Equity pedagogy
- d. An empowering school culture

Answer: <https://biology-forums.com/index.php?topic=826261>

### Question 21

According to Statistics Canada's report on the census of 2001, what percent of Canada's population was born in another country?

- a. 8
- b. 18
- c. 28
- d. 38

Answer: <https://biology-forums.com/index.php?topic=826285>

### Question 22

Not built into teacher contracts are

- a. defined roles and responsibilities.
- b. salary expectations.
- c. after-hours or extra assignments.
- d. medical benefits packages.

Answer: <https://biology-forums.com/index.php?topic=825870>

### Question 23

Curricular content where the emphasis is on the growth and development of students is called the

- a. subject-centred curriculum.
- b. null curriculum.
- c. student-centred curriculum.
- d. integrated curriculum.

Answer: <https://biology-forums.com/index.php?topic=826475>

### Question 24

Which of the following is not a component of the core curriculum?

- a. Character education
- b. Science
- c. Arts Education
- d. Health Education

Answer: <https://biology-forums.com/index.php?topic=826484>

### Question 25

The time teachers dedicate for instruction in various areas of the curriculum is called

- a. allocated time.
- b. time on task.
- c. curricular ratio.
- d. instruction ratio.

Answer: <https://biology-forums.com/index.php?topic=826429>

### Question 26

The following items impact employment opportunities except

- a. teaching specialty.
- b. shifts in enrolment due to population dispersal.
- c. financial well-being of provinces and school boards.
- d. age at the time of application.

Answer: <https://biology-forums.com/index.php?topic=826655>

### Question 27

Most research on between-class ability grouping suggests that it

- a. contributes to greater achievement.
- b. contributes to greater achievement for high achievers.
- c. contributes to greater achievement for low achievers.
- d. does not contribute to greater achievement.

Answer: <https://biology-forums.com/index.php?topic=826419>

### Question 28

Margaret is well known as an effective teacher who has the ability to analyze her actions and "discover" appropriate strategies to motivate her students to achieve. Donald Schon has labelled this behaviour as

- a. professional autonomy.
- b. implementing the professional knowledge base.
- c. reflection-in-action.
- d. professional mentoring.

•  
Answer: <https://biology-forums.com/index.php?topic=826566>

### Question 29

All of the following may be early indicators of students with learning disabilities except

- a. hyperactive behaviour, exhibited through excessive movement.
- b. impulsiveness.
- c. highly developed social skills.
- d. impulsiveness.

Answer: <https://biology-forums.com/index.php?topic=826380>

### Question 30

Of the total population, the number of students who are gifted and talented is about

- a. 3 to 5 percent.
- b. 5 to 7 percent.
- c. 7 to 10 percent.
- d. 10 to 12 percent.

Answer: <https://biology-forums.com/index.php?topic=826381>

### Question 31

Courses in inclusive education in Canadian teacher education programs focus on all of the following forms of diversity except

- a. ethnicity.
- b. giftedness.
- c. learning disabilities.
- d. differences in personality.

Answer: <https://biology-forums.com/index.php?topic=826011>

### Question 32

Students' developmental levels vary according to how well their biological and psychological needs have been satisfied. This is the basic premise of a theory developed by

- a. Erikson.
- b. Maslow.
- c. Gilligan.
- d. Piaget.

Answer: <https://biology-forums.com/index.php?topic=826354>

### Question 33

A place where instruction takes place over the internet rather than in a traditional classroom is known as

- a. distance learning networks.
- b. realtime chatrooms.
- c. virtual school.
- d. educational technology.

Answer: <https://biology-forums.com/index.php?topic=826518>

### Question 34

Which of the following non-teaching jobs would MOST enable a newly graduated teacher to use their skills and knowledge in curriculum and instruction?

- a. research foundation
- b. educational publisher's representative
- c. social service agency
- d. working with a professional teacher's organization

Answer: <https://biology-forums.com/index.php?topic=826654>

### Question 35

According to the text, all of the following new jobs will be created from dividing the traditional teaching job except

- a. researcher for software programs.
- b. curriculum designer.
- c. media-instruction producer.
- d. extra-curricular coach /leader.

Answer: <https://biology-forums.com/index.php?topic=826717>

### Question 36

In Maslow's model of a hierarchy of needs, the highest level of need is

- a. safety.
- b. security.
- c. self-actualization.
- d. survival.

Answer: <https://biology-forums.com/index.php?topic=826355>

### Question 37

When Aristotle described one of the possible aims of education as being "the higher knowledge," he most likely meant

- a. philosophy.
- b. history.
- c. law.
- d. poetry.

Answer: <https://biology-forums.com/index.php?topic=826336>

### Question 38

Piaget is known for his theory of

- a. psychosocial development.
- b. cognitive development.
- c. moral development.
- d. motor development.

Answer: <https://biology-forums.com/index.php?topic=826344>

### Question 39

What type of learning provides students with opportunities to inquire into subjects so that they "discover" knowledge for themselves?

- a. Mastery learning
- b. Inquiry learning
- c. Outcome-based learning
- d. Contingency learning

Answer: <https://biology-forums.com/index.php?topic=826450>

### Question 40

In mastery learning, students take diagnostic tests and then are

- a. tutored by a more advanced peer.
- b. guided to do corrective exercises or activities.
- c. instructed to be more attentive to instruction.
- d. provided with the assistance of a special education teacher.

Answer: <https://biology-forums.com/index.php?topic=826443>

### Question 41

The disadvantages of substitute teaching include all of the following except

- a. no benefits.
- b. lack of continuity in what you are teaching.
- c. lack of organized representation to improve working conditions.
- d. need for practicing a variety of classroom management techniques.

Answer: <https://biology-forums.com/index.php?topic=826017>

### Question 42

A tort is

- a. a civil wrong done by one person to another.
- b. not applicable in a school setting.
- c. legislation enacted by school administrators at the local school board level.
- d. does not include negligence or the assessment of fault.

Answer: <https://biology-forums.com/index.php?topic=826227>

### Question 43

Analysis of studies of the academic, psychological, and social effects of acceleration practices at the secondary level found all of the following practices to be effective except

- a. concurrent enrollment.
- b. tutorials.
- c. Advanced Placement (AP).
- d. credit by examination.

Answer: <https://biology-forums.com/index.php?topic=826385>

### Question 44

Ms. Baer spends an extensive amount of time planning lessons and making daily and weekly curriculum decisions. These are examples of

- present-oriented curriculum planning.
- time-oriented curriculum planning.
- future-oriented curriculum planning.
- functional curriculum planning.

Answer: <https://biology-forums.com/index.php?topic=826472>

### Question 45

Local school district boards vary in all of the following ways except

- number of school age children.
- operating budget.
- subject to provincial statute.
- legal title and powers.

Answer: <https://biology-forums.com/index.php?topic=826204>

### Question 46

The 2012 Nesta report, Decoding Learning: The Proof, Promise and Potential of Digital Education, indicates all the below except

- it is difficult to determine evidence of positive impact for digital innovations due to limiting factors.
- a wide range of teacher experience makes drawing conclusions about a positive impact for digital innovations difficult.
- learner ability means that too often the impact identified is relatively modest in scale.
- focus should not be on the pedagogical approach that underlies the technology, as this doesn't have much impact learning.

Answer: <https://biology-forums.com/index.php?topic=826541>

### Question 47

Which of the following dimensions of the system of public schooling established in Alberta and Saskatchewan represented a major difference from the system in Manitoba?

- Tax-supported
- Both elementary and secondary education
- Open to all children (note: separate schooling for First Nation children under treaty in the West)
- Recognized separate schools based upon religious affiliation

Answer: <https://biology-forums.com/index.php?topic=826140>

### Question 48

Which of the following is not a characteristic of an outstanding teacher of the gifted as noted in the research?

- Having an IQ of 140 or higher.
- Being a facilitator of other people as resources and learners.
- Being able to apply knowledge of theory to practice.
- Having a strong achievement orientation.

Answer: <https://biology-forums.com/index.php?topic=826383>

### Question 49

Which of the following statements would represent a caution on expectations about the educational benefits of incorporating computers in teaching?

- "You must eat the elephant one bite at a time."
- Technology is not the curriculum.
- Students are already teaching themselves on their computers.
- "We must educate our masters."

Answer: <https://biology-forums.com/index.php?topic=826512>

### Question 50

What was the primary goal of the Truth and Reconciliation Committee?

- Punishing the leaders of residential schools
- Creating curriculum related to residential school history
- Conducting research and collecting survivor stories
- Improving the relationship between the Canadian government and Indigenous people

Answer: <https://biology-forums.com/index.php?topic=826198>

### Question 51

Which of the following might be a behavioural indicator of emotional maltreatment requiring a teacher to report to child welfare authorities?

- Ulcers
- Speech disorders

- c. Lags in physical development
- d. Extremely aggressive or compliant

Answer: <https://biology-forums.com/index.php?topic=826240>

### Question 52

The way in which the Scottish tradition of education differed most from the English was that in Scottish schools

- a. boys and girls attended together.
- b. students came from all ranks of society.
- c. science and art were taught.
- d. both elementary and secondary subjects were taught.

Answer: <https://biology-forums.com/index.php?topic=826114>

### Question 53

All of the following are true about professionals except

- a. they are usually granted a high level of prestige.
- b. they are granted higher-than-average financial rewards.
- c. they usually possess an IQ over 120.
- d. they enjoy a high level of public trust.

Answer: <https://biology-forums.com/index.php?topic=826557>

### Question 54

Which of the following is a child who is not eligible for special education services?

- a. A child without a disability who is failing in school
- b. A child with a speech impairment
- c. A child with a learning disability
- d. A child with AIDS

Answer: <https://biology-forums.com/index.php?topic=826399>

### Question 55

- a. knowledge of psychology and secular humanism.
- b. achievement of society's expectations of them.
- c. experience with the enlightening effects of the classical works of western art and literature.
- d. achievement of their potential through self-actualization.

Answer: <https://biology-forums.com/index.php?topic=826090>

### Question 56

Which of the following statements about ethnicity is most problematic?

- a. Members distinguish themselves from others by physical and social attributes.
- b. Composition of the groups can change over time.
- c. Ethnicity and race are synonymous terms.
- d. There is often as much variability within groups as between them.

Answer: <https://biology-forums.com/index.php?topic=826297>

### Question 57

Questions that demand more critical thinking are

- a. lower-order questions.
- b. retention building questions.
- c. critical thinking questions.
- d. higher-order questions.

Answer: <https://biology-forums.com/index.php?topic=826685>

### Question 58

Epistemological questions focus on

- a. reality.
- b. values.
- c. courage to do the right thing.
- d. knowledge.

Answer: <https://biology-forums.com/index.php?topic=826048>

### Question 59

Which of the following basic guidelines for creating a gender-fair classroom relies most on the discovery by the child of the value of gender-fairness?

- a. Teach about sexism and sex-role stereotyping.
- b. Foster an atmosphere of collaboration between boys and girls.
- c. Become aware of differences in interactions with boys and girls.
- d. Promote boys' reading and girls' mathematics.

Answer: <https://biology-forums.com/index.php?topic=826325>

### Question 60

The point at which students need assistance in order to continue learning is called

- a. the focus point.
- b. a teachable moment.
- c. the zone of proximal development.
- d. an effective intervention strategy.

Answer: <https://biology-forums.com/index.php?topic=826446>

### Question 61

A teaching certificate is the equivalent for teaching of the legal requirement in all professions that one can only practice publicly as a professional in that field if one

- a. has taken a course of training.
- b. can afford the initiation fees.
- c. has a license to practice the profession.
- d. follows the code of professional ethics for that calling.

Answer: <https://biology-forums.com/index.php?topic=826602>

### Question 62

Lesbian, gay, and bisexual youth are

- a. not likely to attempt suicide.
- b. twice as likely to attempt suicide than their heterosexual peers.
- c. two to three times as likely to attempt suicide than their heterosexual peers.
- d. just as likely to attempt suicide as their heterosexual peers.

Answer: <https://biology-forums.com/index.php?topic=826339>

### Question 63

Children who require special education services to realize their full potential are referred to as

- a. handicapped students.
- b. gifted and talented students.
- c. exceptional learners.
- d. mainstreamed students.

Answer: <https://biology-forums.com/index.php?topic=826371>

### Question 64

In Atlantic Canada the jurisdiction where church operation of public schooling lasted the longest was

- a. Nova Scotia.
- b. Prince Edward Island.
- c. New Brunswick.
- d. Newfoundland and Labrador.

Answer: <https://biology-forums.com/index.php?topic=826130>

### Question 65

Computer-assisted instruction (CAI) relies on computer programs that provide students with

- a. in-school entertainment, e.g., games and puzzles.
- b. fast-paced study programs inappropriate to slow learners.
- c. a highly competitive and public learning environment.
- d. structured drill-and-practice exercises.

Answer: <https://biology-forums.com/index.php?topic=826532>

### Question 66

The element in successful therapy for individuals with learning disabilities that carries the greatest urgency for success of the others is

- specialized assessment.
- appropriateness to disability subtype.
- early identification.
- compensatory strategies.

Answer: <https://biology-forums.com/index.php?topic=826378>

### Question 67

Which Canadian company invested \$1 million in Solve for Tomorrow school technology grants to Canadian public education in 2014?

- Samsung Canada
- Best Buy
- Apple Canada
- Microsoft

Answer: <https://biology-forums.com/index.php?topic=826522>

### Question 68

Opponents of turning the operation of public schools over to private, for-profit companies claim that

- doing so might work and that would embarrass the public schools.
- these companies are placing academic demands on students that are too rigorous.
- public schools are already money-making enterprises.
- profit, rather than student achievement, is the real driving force behind such schools.

Answer: <https://biology-forums.com/index.php?topic=826701>

### Question 69

Ms. Delacruz, a social studies teacher, feels that it is her responsibility to address issues such as child abuse, AIDS, substance abuse, and poverty.

According to the text, her purpose is to

- provide equal educational opportunity.
- model a democratic perspective.
- raise the awareness of students about social problems and thereby make the world a better place.
- provide a diverse curriculum for all students.

Answer: <https://biology-forums.com/index.php?topic=826253>

### Question 70

According to the Learning Disabilities Association of Canada

- 1 in 100 Canadians has a learning disability.
- 1 in 50 Canadians has a learning disability.
- 1 in 25 Canadians has a learning disability.
- 1 in 10 Canadians has a learning disability.

Answer: <https://biology-forums.com/index.php?topic=826375>

### Question 71

Joyce, a secondary social studies teacher, is facilitating a passionate discussion with her seniors. She is responding to comments made by students, monitoring for signs of confusion or comprehension, and formulating questions to take the discussion to the next level. This is an illustration of

- preactive teaching.
- proactive teaching.
- direct teaching.
- interactive teaching.

Answer: <https://biology-forums.com/index.php?topic=825907>

### Question 72

Which of the following might be a physical indicator of sexual abuse requiring the teacher to report to child welfare authorities?

- Unwilling to participate in certain physical activities
- Difficulty walking or sitting
- Crying with no provocation
- Sexually provocative

Answer: <https://biology-forums.com/index.php?topic=826237>

### Question 73

Which of the following might be a physical indicator of emotional maltreatment requiring a teacher to report to child welfare authorities?

- Inappropriately infantile

- b. Inappropriately adult
- c. Speech disorders such as stuttering
- d. Very destructive

Answer: <https://biology-forums.com/index.php?topic=826239>

### Question 74

Students enter the school as raw material, move through the curriculum in a systematic way, and exit the school as a finished product. This is a metaphor describing schools as

- a. factories.
- b. banks.
- c. prisons.
- d. churches.

Answer: <https://biology-forums.com/index.php?topic=826254>

### Question 75

Which of the following risks facing Canadian adolescents is most likely to be lived through without any long-term harm?

- a. Bullying
- b. Fear of academic failure
- c. Drug abuse
- d. Criminal activity

Answer: <https://biology-forums.com/index.php?topic=826361>

### Question 76

The level of student diversity due to immigration is

- a. equal in rural and urban areas.
- b. declining with time.
- c. reflective of the many nations in Europe.
- d. most evident in large urban areas.

Answer: <https://biology-forums.com/index.php?topic=825884>

### Question 77

All of the following are challenges that must be met so that all students attend "high-end technology schools" except

- a. providing high-quality, continuous training in technology for teachers.
- b. providing broadband internet access for all schools.
- c. providing top of the line computers for all schools.
- d. obtaining quality educational digital tools.

Answer: <https://biology-forums.com/index.php?topic=826540>

### Question 78

Which of the following statements on inter-provincial and territorial freedom of movement for employment as a teacher in Canada is TRUE?

- a. Provinces recognize each other's certification.
- b. Certification requirements change annually.
- c. Teachers must apply for certification in each jurisdiction.
- d. Certification is provided by the professional teacher association in each jurisdiction.

Answer: <https://biology-forums.com/index.php?topic=826646>

### Question 79

Axiology highlights the fact that teachers have an interest not only in how much students learn, but also in

- a. the origin of student learning.
- b. the depth of student understanding.
- c. the quality of life that comes from knowledge.
- d. the nature of reality.

Answer: <https://biology-forums.com/index.php?topic=826054>

### Question 80

What was the name Erickson gave to his postulated ninth stage in the human life cycle?

- a. Transcendence
- b. Transitory
- c. Gerotranscendence
- d. Hypotransitional

Answer: <https://biology-forums.com/index.php?topic=826347>

### Question 81

The model of teacher training that provides the most opportunity for both academic and professional training is the

- a. concurrent program.
- b. eight-month post-degree program.
- c. twelve-month post-degree program.
- d. two-year post-degree program.

Answer: <https://biology-forums.com/index.php?topic=825984>

### Question 82

Which of the following might be a physical indicator of child abuse and neglect requiring the teacher to report to child welfare authorities?

- a. Unexplained bruises and welts on face, lips, or mouth
- b. Wary of adult contacts
- c. Destructive to self and others
- d. Afraid to go home

Answer: <https://biology-forums.com/index.php?topic=826234>

### Question 83

All of the following are suggested uses of portfolios except

- a. a tool for negotiating a higher salary.
- b. a way to establish a record of quantitative and qualitative performance and growth over time.
- c. a tool for reflection and goal setting.
- d. a way to present evidence of problem-solving skills.

Answer: <https://biology-forums.com/index.php?topic=826027>

### Question 84

The creation of a category #2 for teacher certification MOST likely represents a shortage of specialists in

- a. second language studies.
- b. science and mathematics.
- c. vocational and technical studies.
- d. special needs and multiculturalism.

Answer: <https://biology-forums.com/index.php?topic=826648>

### Question 85

According to the text, all of the following have been proposed definitions of intelligence except

- a. 100 or above on a standardized IQ test.
- b. problem-solving ability.
- c. memory access speed.
- d. goal-directed adaptive behaviour.

Answer: <https://biology-forums.com/index.php?topic=826363>

### Question 86

All of the following relate to mobile learning except

- a. mobile technologies can be used to enhance students' learning experiences.
- b. mobile devices provide ubiquitous access to learning resources and information.
- c. mobile devices are not reliable tools to find reputable information.
- d. mobile technologies mean students can learn anywhere, anytime.

Answer: <https://biology-forums.com/index.php?topic=826524>

### Question 87

In curricular planning, policy-level curricular decisions that affect large groups of students are considered

- a. target decisions.
- b. micro-level decisions.
- c. macro-level decisions.
- d. state-level decisions.

Answer: <https://biology-forums.com/index.php?topic=826471>

### Question 88

Which of the following is the MOST constructive benefit of comparative education studies between school systems in different countries?

- a. Show how school systems in other countries work.
- b. How Canadian students compare with students in other countries.
- c. Teachers can collaborate on global projects.
- d. Professionals in different countries can share information about practices that test results support.

Answer: <https://biology-forums.com/index.php?topic=826708>

### Question 89

Mentors from organizations such as Big Brothers of Canada assist males of school age who need

- a. financial assistance.
- b. academic tutoring.
- c. positive male role models.
- d. exposure to wealthy, older males.

Answer: <https://biology-forums.com/index.php?topic=826693>

### Question 90

Which of the following would be the highest legal authority for determining any disputed question of a teacher's legal responsibilities?

- a. Common law
- b. Constitutional law
- c. Federal and provincial statute law
- d. Youth Criminal Justice Act

Answer: <https://biology-forums.com/index.php?topic=826224>

### Question 91

The period where an individual has a quest for personal meaning that supersedes the regard of peers, moving one toward the establishment of a feeling of efficacy and a more integrated sense of identity is

- a. late adolescence.
- b. early adolescence.
- c. middle childhood.
- d. mature adulthood.

Answer: <https://biology-forums.com/index.php?topic=826360>

### Question 92

Which of the following is not a basic step in the action research cycle?

- a. problem-identification
- b. planning
- c. organization
- d. transformation

Answer: <https://biology-forums.com/index.php?topic=826590>

### Question 93

The approach to discipline that calls on teachers to establish firm, clear guidelines for student behaviour and to follow through with consequences for misbehaviour is

- a. the LEAST approach.
- b. assertive discipline.
- c. behaviour modification.
- d. reality therapy.

Answer: <https://biology-forums.com/index.php?topic=826436>

### Question 94

The common law principle that teachers stand "in loco parentis" toward their students permits teachers to

- a. act as a legal guardian.
- b. exercise discipline according to his own parenting values.
- c. act as a legal adviser.
- d. exercise discipline consistent with a reasonable parent.

Answer: <https://biology-forums.com/index.php?topic=826226>

### Question 95

One of your chief responsibilities as a teacher is to

- a. present and reinforce your point of view.
- b. deviate, when you can, from the prescribed curriculum.
- c. reinforce the ideals of Canadian democracy.
- d. be sensitive to how your instructional materials, strategies and classroom can be made more inclusive.

Answer: <https://biology-forums.com/index.php?topic=826307>

### Question 96

For each stage of Erik Erikson's model of psychosocial development, the central characteristic in the individual's emotional and social growth is

- a. mature love.
- b. preoperational thought.
- c. a psychosocial crisis.
- d. moral reasoning.

Answer: <https://biology-forums.com/index.php?topic=826345>

### Question 97

The schooling acquired by most ordinary Quebecers until late 18th century had all of the following qualities except

- a. co-educational facilities.
- b. basic literacy and numeracy.
- c. strong religious component.
- d. limited access outside urban communities.

Answer: <https://biology-forums.com/index.php?topic=826125>

### Question 98

Which of the following is an example of a metaphysical question?

- a. How do we know?
- b. What values are worthy of possession?
- c. What is real?
- d. What is value?

Answer: <https://biology-forums.com/index.php?topic=826045>

### Question 99

Which of the following characteristics of classrooms of high-performing teachers lies MOST in the hands of the teacher alone?

- a. Cooperative, respectful interactions among students
- b. Group cohesiveness
- c. High expectations
- d. Open, warm relationships

Answer: <https://biology-forums.com/index.php?topic=826405>

### Question 100

All the following are student-centred advantages of computer-assisted instruction (CAI) except

- a. motivating, high-interest content.
- b. savings in teachers instructional time.
- c. opportunities for individualized instruction.
- d. likelihood of higher achievement (remediation or enrichment).

Answer: <https://biology-forums.com/index.php?topic=826530>

### Question 101

Which of the following models of teacher education requires students to decide very early that teaching is their chosen profession?

- a. Concurrent program
- b. Eight-month post-degree program
- c. Twelve-month post-degree program
- d. Twelve-month post-degree program

Answer: <https://biology-forums.com/index.php?topic=825980>

### Question 102

What system contains descriptions of exemplary programs, the results of research and development efforts, and related information that can be used by teachers?

- a. PALS
- b. ERIC
- c. Psy Abstracts

d. INTASC

Answer: <https://biology-forums.com/index.php?topic=826582>

### Question 103

The key justification of teacher assessment according to research-based competencies is that the criteria are based on studies of

- a. the average performance of beginning teachers.
- b. the best performances of beginning teachers.
- c. what the most senior teachers do.
- d. what the most effective teachers do.

Answer: <https://biology-forums.com/index.php?topic=825945>

### Question 104

Tonya is a fifth grader attending her neighborhood elementary school. She is quadriplegic due to a spinal cord injury as a result of a car accident. Tonya receives all her special education services in the regular classroom including occupational therapy and learning disabilities assistance. Tonya's educational experience is an example of

- a. mainstreaming.
- b. reverse mainstreaming.
- c. full inclusion.
- d. due process.

Answer: <https://biology-forums.com/index.php?topic=826396>

### Question 105

An awareness of and ability to manage feelings is an example of

- a. emotional intelligence.
- b. learning styles.
- c. moral development.
- d. psychosocial intelligence.

Answer: <https://biology-forums.com/index.php?topic=826368>

### Question 106

Canada's large land mass provides challenges in terms of

- a. providing equitable educational services to small and isolated communities.
- b. attracting teachers to isolated communities.
- c. providing adequate support staff for teachers.
- d. establishing partnerships between school and business leaders.

Answer: <https://biology-forums.com/index.php?topic=825874>

### Question 107

A new way to link school restructuring and the reform of teacher education in Canada is the development of

- a. the Internet and World Wide Web.
- b. national inservice education programs.
- c. professional development schools.
- d. teacher centres.

Answer: <https://biology-forums.com/index.php?topic=826033>

### Question 108

What area of the curriculum is most tenuous?

- a. Computer technology
- b. Social studies
- c. Foreign language
- d. Arts

Answer: <https://biology-forums.com/index.php?topic=826502>

### Question 109

All of the following are influences on the culture of school except

- a. the surrounding community.
- b. the physical structure of the school.
- c. the availability of resources for instruction.
- d. the number of teachers with masters degrees.

Answer: <https://biology-forums.com/index.php?topic=826278>

### Question 110

The term used to describe how people use their long- and short-term memory to access information and solve problems is

- information processing.
- scaffolding.
- encoding.
- control processes.

Answer: <https://biology-forums.com/index.php?topic=826448>

### Question 111

Teacher leadership is defined as

- guidance for teachers by administrators.
- skills demonstrated by classroom teachers who have an influence beyond the classroom or school.
- teachers who hold formal leadership positions within a school system.
- teachers who represent their school or district beyond the classroom.

Answer: <https://biology-forums.com/index.php?topic=826593>

### Question 112

In the future, students will need to be able to analyze unfamiliar situations and use trial-and-error methods to gather and evaluate data. These skills are an example of

- global awareness.
- literacy in language, mathematics, and science.
- aesthetics awareness.
- moral and ethical orientation.

Answer: <https://biology-forums.com/index.php?topic=826671>

### Question 113

Constructivists believe all of the following except

- student knowledge is little influenced by previous experience.
- learning is active.
- learners make sense out of activities.
- teachers must understand students' understanding.

Answer: <https://biology-forums.com/index.php?topic=826101>

### Question 114

The difference in access to computers per student between poor and more affluent schools is known as the

- computer inventory gap.
- digital divide.
- digital disparity.
- educational technology dilemma.

Answer: <https://biology-forums.com/index.php?topic=826548>

### Question 115

The most active agency in providing some facilities for schooling in the thinly populated prairie region before 1869 was the

- Hudson's Bay Company.
- Protestant church.
- Catholic church.
- British Colonial Office.

Answer: <https://biology-forums.com/index.php?topic=826138>

### Question 116

The event that did most to accelerate the legislation to establish a public school system in British Columbia was the

- arrival of the Hudson's Bay Company.
- gold rush of 1858.
- entry into Confederation.
- completion of the transcontinental railroad.

Answer: <https://biology-forums.com/index.php?topic=826144>

### Question 117

Unpredictability in the classroom is

- a. not always bad.
- b. a major stumbling block for novice teachers.
- c. a dimension of teaching that should be avoided via careful lesson planning.
- d. a significant reason why teachers leave the profession.

Answer: <https://biology-forums.com/index.php?topic=825890>

### Question 118

Historically, teaching has been labelled as all of the following except

- a. semi-profession.
- b. emerging profession.
- c. imperiled profession.
- d. helping profession.

Answer: <https://biology-forums.com/index.php?topic=826554>

### Question 119

Technology support available in each school district

- a. is generally low.
- b. is uniform.
- c. is non-existent.
- d. varies.

Answer: <https://biology-forums.com/index.php?topic=826546>

### Question 120

During an interview with Mr. Fanning, he states that he is attracted to teaching because of a love of the teaching-learning process. Therefore, he enjoys the

- a. opportunity for teachers to have control over the lives of students.
- b. ability to apply the theoretical aspects of learning to teaching.
- c. live, spontaneous aspects of teaching.
- d. opportunity to pursue independent study in a discipline.

Answer: <https://biology-forums.com/index.php?topic=825835>

### Question 121

While there is widespread debate about what academic content the schools should teach, what is the public's position on teaching prosocial values?

- a. The public supports the teaching of prosocial values.
- b. The public opposes the teaching of prosocial values.
- c. The public supports the teaching of prosocial values in private schools only.
- d. The public supports the teaching of prosocial values if parent permission is given.

Answer: <https://biology-forums.com/index.php?topic=826247>

### Question 122

The assumption that virtually all students can learn material if given enough time and taught appropriately is based on the method of

- a. mastery learning.
- b. outcome based-education.
- c. standardized testing.
- d. direct instruction.

Answer: <https://biology-forums.com/index.php?topic=826444>

### Question 123

Which of the following is not true about labeling children with disabilities?

- a. Labeling children with disabilities is mandated for special education services.
- b. Classification labels help determine which students qualify for special programs.
- c. Labeling tends to evoke negative expectations from teachers.
- d. Research indicates that appropriately labeling students enhances their self-concept.

Answer: <https://biology-forums.com/index.php?topic=826400>

### Question 124

Teacher education programs that focus on demonstrations of learning are considered

- a. traditional.
- b. outcome-based.

- c. assessment-based.
- d. standardized.

Answer: <https://biology-forums.com/index.php?topic=825958>

### Question 125

Jan, a teaching veteran, is committed to the education profession. She is a member of several professional education associations and is constantly seeking updates in educational research. Jan uses educational research as

- a. general rules of thumb for her to follow in teaching.
- b. a set of steps for solving particular problems encountered in the classroom.
- c. a recipe for success.
- d. experiences of trial and error with her students.

Answer: <https://biology-forums.com/index.php?topic=826581>

### Question 126

The trend in early American curriculum that came to be the distinctive effect of the demands of frontier life was

- a. toward practical skills.
- b. toward intercultural knowledge.
- c. decreased literacy.
- d. decreased numeracy.

Answer: <https://biology-forums.com/index.php?topic=826113>

### Question 127

According to the text, curriculum planning should focus on the

- a. macro-level.
- b. micro-level.
- c. age and developmental level.
- d. macro and micro-levels.

Answer: <https://biology-forums.com/index.php?topic=826470>

### Question 128

STEAM education refers to

- a. the study of environmental science.
- b. the inclusion of the arts in STEM based learning.
- c. science, technology, engineering, and math.
- d. game based learning.

Answer: <https://biology-forums.com/index.php?topic=826501>

### Question 129

The areas of Western "civilization" that were most desired by First Nations for incorporation in schooling for their children that integrated Native and non-Native ways were

- a. technical and professional skills.
- b. ways of child rearing.
- c. methods of political decision-making.
- d. forms of religious and spiritual expression.

Answer: <https://biology-forums.com/index.php?topic=826165>

### Question 130

Using the phrase "teaching-learning process" illustrates that

- a. teaching is more important than learning.
- b. it is difficult to distinguish between teaching and learning.
- c. teaching and learning are synonymous.
- d. the process is based on a teacher-student partnership.

Answer: <https://biology-forums.com/index.php?topic=825895>

### Question 131

Which of these factors has most effect on the culture of a classroom?

- a. Socio-economic setting of the school
- b. Quality of classroom equipment
- c. Relationship of teacher and students
- d. Traditions of the school

Answer: <https://biology-forums.com/index.php?topic=826282>

### Question 132

Which of the following might be a behavioural indicator of child abuse requiring the teacher to report to child welfare authorities?

- a. Consistent lack of supervision
- b. Unexplained burns
- c. Begging, stealing food
- d. Unexplained lacerations

Answer: <https://biology-forums.com/index.php?topic=826243>

### Question 133

The qualities of the Scottish educational system that caused it to flourish in Canada's frontier environment included all of the following except

- a. broad curriculum.
- b. co-educational classrooms.
- c. strong emphasis upon the classics.
- d. strong democratic tradition.

Answer: <https://biology-forums.com/index.php?topic=826116>

### Question 134

All of the following will tend to reduce the autonomy of teachers over classroom curriculum except

- a. Essential Learning Outcomes.
- b. networks of teacher collaboration.
- c. externally designed exams.
- d. prescribed textbooks.

Answer: <https://biology-forums.com/index.php?topic=826568>

### Question 135

The way in which teachers structure their learning environment to prevent, or minimize, student behavioural problems is called

- a. classroom management.
- b. discipline.
- c. classroom control.
- d. environmental control.

Answer: <https://biology-forums.com/index.php?topic=826431>

### Question 136

When selecting materials for an inclusive classroom, which of the following recommendations by Banks most reflects a wish to have minority groups represented in a positive light?

- e. Factual materials should be historically accurate.
- f. The illustrations should be accurate and ethnically sensitive.
- g. Fictional works should have strong ethnic characters.
- h. Protagonists should face problems universal to all cultures.

Answer: <https://biology-forums.com/index.php?topic=826315>

### Question 137

Teen pregnancy, homelessness, poverty, family distress, child abuse, and suicide are examples of

- a. inner-city problems that primarily affect minority children and youth.
- b. socioeconomic problems that primarily affect low-income families.
- c. social problems that affect the lives and learning of children and youth.
- d. gender problems that most often affect the lives of females.

Answer: <https://biology-forums.com/index.php?topic=825866>

### Question 138

Open-source materials allow users to

- a. complete open-book tests easily.
- b. modify and redistribute software for free on the Internet.
- c. download free print and audio books.
- d. download free educational movies.

Answer: <https://biology-forums.com/index.php?topic=826526>

### Question 139

Which of the following statements is true with regards to educational practices in Canada?

- a. Educational bodies must seek Federal approval for changes in education.
- b. Educational practices have remained largely unchanged in the past 50 years.
- c. A Federal Board of Education is being considered.
- d. The provinces and territories are free to experiment with new educational practices.

Answer: <https://biology-forums.com/index.php?topic=826153>

### Question 140

Wise teachers and administrators monitor the "hidden curriculum" carefully because

- a. it is a powerful force that helps shape school climate.
- b. it can minimally influence how students feel about their school.
- c. it has a moderate impact on student learning.
- d. they know it has a marginal influence on shaping school climate.

Answer: <https://biology-forums.com/index.php?topic=826544>

### Question 141

Which of the following descriptions of the relationship between the legal and ethical requirements of teachers is most meaningful?

- a. Ethics goes beyond what is legally required to what one ought to do professionally.
- b. Above all, obey the law.
- c. Ethical behaviour is a matter of individual discretion.
- d. Ethics is essentially a matter of following one's conscience and heart.

Answer: <https://biology-forums.com/index.php?topic=826213>

### Question 142

With regards to schools and social class, some individuals believe that

- a. schools "reproduce" the existing society by presenting different curricula and educational experiences to students from different socioeconomic classes.
- b. schools are not affected by the differences in socioeconomic classes.
- c. schools do an adequate job in preparing students for roles in all socioeconomic classes.
- d. the experiences in school have little to do with preparing students for particular roles in the wider society.

Answer: <https://biology-forums.com/index.php?topic=826263>

### Question 143

"There has been a move from research on teachers to research with teachers and lately to research by teachers." This statement illustrates the emergence of

- a. theory into practice.
- b. practice into theory.
- c. application of educational research.
- d. emergence of the teacher-researcher.

Answer: <https://biology-forums.com/index.php?topic=826579>

### Question 144

The key legislation that has governed relations between the Canadian federal government and First Nations under treaty to the Crown has been the various forms of the

- a. Royal Proclamation 1763.
- b. Québec Act 1774.
- c. BNA Act 1867.
- d. Indian Act 1876.

Answer: <https://biology-forums.com/index.php?topic=826166>

### Question 145

Teachers of gifted students should be

- a. interested in cultural and intellectual matters.
- b. participate in sports activities.
- c. possess average intelligence.
- d. distant and impersonal.

Answer: <https://biology-forums.com/index.php?topic=826384>

### Question 146

In the future, teachers will continue to have a professional and moral obligation to

- a. focus on students who are gifted and talented.
- b. teach to the middle, trying to reach the majority.
- c. focus on students who are receiving special education.
- d. reach all learners.

Answer: <https://biology-forums.com/index.php?topic=826680>

### Question 147

. In a 2012 report called "A Shifting Landscape: Pedagogy, Technology, and the New Terrain of Innovation in a Digital World," author Pauline Beggs observes that the focus of school boards is on all of the following except

- a. technology that is more classroom-focused than lab-focused.
- b. increasingly wireless classrooms that are more cloud-based.
- c. allocation of funds for desktop computers.
- d. professional development for teachers with an emphasis on digital literacy and digital citizenship.

Answer: <https://biology-forums.com/index.php?topic=826508>

### Question 148

The social institution, aside from school, that is concerned with the maintenance and improvement of society through care for and training of the young is

- a. family.
- b. religion.
- c. market place.
- d. government.

Answer: <https://biology-forums.com/index.php?topic=826267>

### Question 149

One effect of the increasing diversity of Canadian society on teacher demand is

- a. need to develop curricula for the needs of all students.
- b. critical shortage of minority teachers.
- c. increased demand for language support programs in the immigrant community.
- d. critical shortage of learning materials for immigrant children.

Answer: <https://biology-forums.com/index.php?topic=826289>

### Question 150

Sex role socialization occurs to some degree in schools, just because one of the aims of schools is to

- a. promote academic achievement by all.
- b. support the family as an institution.
- c. socialize students to participate in society.
- d. encourage good manners.

Answer: <https://biology-forums.com/index.php?topic=826317>

### Question 151

The effects of bullying can lead to all of the following except

- a. behaviour problems.
- b. decreased interest in school.
- c. increased student achievement.
- d. increased dropout rates.

Answer: <https://biology-forums.com/index.php?topic=826338>

### Question 152

Programs that prepare students to take jobs in business and industry after graduation are called

- a. mentor programs.
- b. cooperative education programs.
- c. trade schools.
- d. technical schools.

Answer: <https://biology-forums.com/index.php?topic=826505>

### Question 153

In order for a person to receive a teaching certificate, all provinces require successful completion of

- a. at least four years of college.
- b. an approved teacher education program consisting of a minimum of 30 semester credit hours of course work and a practicum.
- c. an approved teacher education program with at least a master's degree.
- d. an approved teacher education program with a degree in progress.

Answer: <https://biology-forums.com/index.php?topic=826647>

### Question 154

Under which of the fundamental freedoms identified in the Charter of Rights and Freedoms 1982 might fall a situation involving release from school for a sacred festival?

- a. Freedom of expression
- b. Freedom of religion
- c. Freedom of association
- d. Freedom of assembly

Answer: <https://biology-forums.com/index.php?topic=826220>

### Question 155

All of the following are recommended materials for a teaching portfolio except

- a. a high school diploma.
- b. lesson plans.
- c. journal entries.
- d. a resume.

Answer: <https://biology-forums.com/index.php?topic=826021>

### Question 156

Most provinces in Canada endorse the Quality Daily Education program recommendation of daily physical activity of

- a. 30–60 minutes.
- b. an intramural program.
- c. 60–80 minutes.
- d. lifetime sports.

Answer: <https://biology-forums.com/index.php?topic=826504>

### Question 157

The minimum duration of field experience required in Canada for student teaching is

- a. five weeks.
- b. ten weeks.
- c. two months.
- d. three months.

Answer: <https://biology-forums.com/index.php?topic=825997>

### Question 158

Because teachers are continually shaping and reshaping the lessons, events, and experiences of their students, teaching is often considered a

- a. way of being.
- b. form of empowerment.
- c. creative endeavor.
- d. live performance.

Answer: <https://biology-forums.com/index.php?topic=825913>

### Question 159

Margaret's theories and beliefs about students and how they learn, her plans for teaching, and the decisions she makes while teaching are descriptors of

- a. teachers' thought processes.
- b. teachers' actions.
- c. teachers' observable effects.
- d. the constraints and opportunities of teaching.

Answer: <https://biology-forums.com/index.php?topic=825909>

### Question 160

Among which part of society would the public aim of schools to provide equality of educational opportunity be MOST important?

- a. Upper class
- b. Middle class
- c. Bourgeoisie
- d. Lower class

Answer: <https://biology-forums.com/index.php?topic=826265>

### Question 161

The predictable changes that all human beings undergo as they progress through the life span is referred to as

- a. the aging process.
- b. maturity.
- c. individual learning styles.
- d. development

Answer: <https://biology-forums.com/index.php?topic=826342>

### Question 162

In comparison to other developed countries, Canada's per student level of educational spending is

- a. one of the highest.
- b. the highest.
- c. one of the lowest.
- d. the lowest.

Answer: <https://biology-forums.com/index.php?topic=826178>

### Question 163

Sophie is captain of the volleyball team, president of the student council, and plays trombone for the school band. According to educational research, it is more likely that Sophie

- a. has a positive self-concept.
- b. is an "A" student.
- c. is an overachiever.
- d. comes from a low socioeconomic background.

Answer: <https://biology-forums.com/index.php?topic=826466>

### Question 164

Which of the following possible elements in a person's cultural identity is the only one with a biological base?

- e. Gender
- f. Language
- g. Income level
- h. Religious beliefs

Answer: <https://biology-forums.com/index.php?topic=826301>

### Question 165

All of the following are practical benefits of teaching except

- a. generous vacation time.
- b. rising salaries.
- c. teachers' hours.
- d. frequent promotions to administrative positions.

Answer: <https://biology-forums.com/index.php?topic=825845>

### Question 166

Which of the following governing bodies plans the curriculum that the students will actually experience?

- a. school boards
- b. classroom teachers
- c. provincial departments of education
- d. Canadian Council of Ministers of Education

Answer: <https://biology-forums.com/index.php?topic=826478>

### Question 167

An existentialist is most likely to believe that

- a. freedom has rules.
- b. students may do whatever they please.
- c. freedom to make life choices is impossible.
- d. students best self actualize through conformity with community standards.

Answer: <https://biology-forums.com/index.php?topic=826083>

### Question 168

Which of the following elements that Banks includes in the concept of inclusive education would relate most to lessons aimed at clarifying the assumptions underlying certain disciplinary fields?

- e. Knowledge construction
- f. Content integration
- g. Equity pedagogy
- h. An empowering school culture

Answer: <https://biology-forums.com/index.php?topic=826259>

### Question 169

A model of teaching that can strengthen students' interpersonal skills is

- a. behaviour modification.
- b. nondirective teaching.
- c. theory into practice.
- d. cooperative learning.

Answer: <https://biology-forums.com/index.php?topic=826422>

### Question 170

In schools around the country, teachers and principals are using an approach to leadership where the person who provides leadership for a school activity may or may not be the principal or administrator. What is this type of approach?

- a. empowerment approach
- b. hierarchical approach
- c. collaborative, emergent approach
- d. expansion approach

Answer: <https://biology-forums.com/index.php?topic=826597>

### Question 171

The concept of "civilization" was used to justify an educational policy toward Canadian First Nations of

- a. assimilation.
- b. integration.
- c. preservation.
- d. promotion.

Answer: <https://biology-forums.com/index.php?topic=826162>

### Question 172

The fact that only lawyers may practice law, only physicians may practice medicine, and only licensed teachers may teach in the public schools are examples of how

- a. professionals institutionalize a "monopoly" of essential knowledge and services.
- b. professionals adhere to a set of ethical standards about who may or may not practice the profession.
- c. very few people have the aptitude to learn the knowledge and skills needed in these professions.
- d. the government licenses these professions.

Answer: <https://biology-forums.com/index.php?topic=826561>

### Question 173

According to Daniel Goleman, the quality of intelligence that is essential for success in school, work, and private life is

- a. spatial intelligence.
- b. emotional intelligence.
- c. academic intelligence.
- d. numerical intelligence.

Answer: <https://biology-forums.com/index.php?topic=826251>

### Question 174

Teachers who leave the profession and return often state their primary reason for returning to teaching is due to

- a. a lack of promotional opportunities in their other vocation.
- b. their work outside of teaching lacked meaning or significance.
- c. the lure of vacation time in teaching.
- d. job stability in teaching.

Answer: <https://biology-forums.com/index.php?topic=825841>

### Question 175

An experience that causes a relatively permanent change in an individual's knowledge or behavior is called

- a. authentic change.
- b. learning.
- c. behavior modification.
- d. transition.

Answer: <https://biology-forums.com/index.php?topic=826688>

### Question 176

Essentialism is most accurately characterized as what kind of philosophy of education?

- a. Conservative
- b. Progressive
- c. Liberal
- d. Permissive

Answer: <https://biology-forums.com/index.php?topic=826072>

### Question 177

Differences among students in regard to gender, race, ethnicity, culture, and socioeconomic status are often referred to as

- a. student variability.
- b. student diversity.
- c. cultural diversity.
- d. gender fairness.

Answer: <https://biology-forums.com/index.php?topic=825827>

### Question 178

According to the Praxis framework, teachers must be proficient in all of the following except

- a. planning and preparation.
- b. structuring classroom environments.
- c. structuring instruction.
- d. treating all students similarly without regard to individual characteristics.

Answer: <https://biology-forums.com/index.php?topic=826455>

### Question 179

Those who oppose full inclusion maintain all of the following except that

- a. pull-out programs stigmatize participating students.
- b. many schools have inadequate support services.
- c. many classes are very large.
- d. teachers often lack training in meeting needs of exceptional students.

Answer: <https://biology-forums.com/index.php?topic=826397>

### Question 180

The grievance procedure in most collective agreements comes with all the following guarantees except

- a. teacher agreement with the settlement.
- b. protection against dismissal for filing the grievance.
- c. that the grievance be heard by a neutral third party.
- d. assistance from professional association with legal counsel.

Answer: <https://biology-forums.com/index.php?topic=826219>

### Question 181

According to "due process," parents have the right to

- a. disagree with an IEP for their child.
- b. help create an IEP for their child.
- c. place a child with a teacher of their choice.
- d. place their child in a school of their choice.

Answer: <https://biology-forums.com/index.php?topic=826391>

### Question 182

What is considered the MOST important advantage of the use of educational technology?

- a. It equips students for modern workplace environments.
- b. It provides resources beyond the capacity of in-school libraries.
- c. It provides learning experiences previously unavailable to the classroom.
- d. It enhances students' higher-order and problem-solving skills.

Answer: <https://biology-forums.com/index.php?topic=826509>

### Question 183

Which of the following elements that Banks includes in the concept of inclusive education would relate most to teachers using examples and content from a variety of cultures in their teaching?

- An empowering school culture
- Content integration
- An equity pedagogy
- Prejudice reduction

Answer: <https://biology-forums.com/index.php?topic=826311>

### Question 184

What do advocates of privatization in schools mean when they claim to be able to maximize "production"?

- a. Raise student academic achievement
- b. Increase class sizes
- c. Lengthen the school day
- d. Reduce costs of operation

Answer: <https://biology-forums.com/index.php?topic=826702>

### Question 185

The null curriculum includes

- a. those courses that have little impact on student achievement.
- b. the intellectual processes and content that schools do not teach.
- c. knowledge that is unintentionally learned by students.
- d. content not related to academics such as music, art, and physical education.

Answer: <https://biology-forums.com/index.php?topic=826463>

### Question 186

Which of the following powers of the provincial government underlies the others?

- a. Curriculum content
- b. School funding
- c. School structures
- d. Student testing

Answer: <https://biology-forums.com/index.php?topic=826201>

### Question 187

Which of the following challenges to the creation of a successfully Native-designed education system is most within the power of the Canadian government to help with?

- a. High dropout rate
- b. Shortage of First Nation teachers
- c. Fluency in Native languages
- d. School funding and equipment shortages

Answer: <https://biology-forums.com/index.php?topic=826170>

### Question 188

James Banks' concept of the "national macro-culture" in Canada contains all of the following elements except

- e. shared culture.
- f. common dimensions of culture.
- g. the cultural values to which most Canadians are committed.
- h. the total of all separate cultural ethnic identities.

Answer: <https://biology-forums.com/index.php?topic=826299>

### Question 189

According to Hargreaves and Lo (2000), teaching is charged with the “formidable task” of creating the human skills and capacities that will

- ensure all Canadians are fully literate.
- enable individuals to participate in a global society.
- ensure all students gain meaningful employment.
- enable societies to survive and succeed in the information age.

Answer: <https://biology-forums.com/index.php?topic=826559>

### Question 190

The beginning of tax-supported public schooling in Canada took place in Ontario in

- 1763.
- 1784.
- 1812.
- 1846.

Answer: <https://biology-forums.com/index.php?topic=826134>

### Question 191

Research has shown that there are five characteristics of successful schools. Which of the following is not a characteristic?

- Strong leadership
- High expectations
- Emphasis on basic skills
- A substantial funding base

Answer: <https://biology-forums.com/index.php?topic=826331>

### Question 192

Research on substitute teachers indicates all of the following except

- they receive little support.
- they typically have no specialized training.
- they are rarely evaluated.
- they will often times make as much money as regular teachers.

Answer: <https://biology-forums.com/index.php?topic=826015>

### Question 193

The four fundamental questions that must be answered in developing any curriculum or plan of instruction are known as

- Smith's questions.
- the critical planning process.
- the Tyler rationale
- curriculum rationale.

Answer: <https://biology-forums.com/index.php?topic=826468>

### Question 194

Which of the following concerns would outweigh the others for an opponent of character education in schools?

- Perceived increases in racism in society
- Intrusion into family matters
- Erosion of public decency
- Perceived increases in gang activity

Answer: <https://biology-forums.com/index.php?topic=826351>

### Question 195

A medium for subjectively exploring and reflecting on teaching as well as criticizing and guiding oneself is called

- interactive observation.
- journal writing.
- a reflective teaching log.
- an individual learning plan.

Answer: <https://biology-forums.com/index.php?topic=826005>

### Question 196

In 1999 Howard Gardner suggested that human beings may exhibit a ninth, existential intelligence that manifests itself in the ability to

- a. predict the future.
- b. pose questions about life, death, ultimate reality.
- c. answer questions about reality and knowledge.
- d. understand the meaning of intelligence.

Answer: <https://biology-forums.com/index.php?topic=826365>

### Question 197

If the economic disparities of Canadian society are less marked than those in the USA, which of the following statements about schools in less affluent areas would be less true of Canadian schools in less affluent areas?

- a. The school may be affected by social problems of the area.
- b. Middle class families would place their children in independent schools.
- c. The task of teaching may be professionally stimulating.
- d. Students tend to be from low-income backgrounds.

Answer: <https://biology-forums.com/index.php?topic=826272>

### Question 198

The Canadian public believes that all of the following values should be taught in public schools except

- a. civility and politeness.
- b. compassion for others.
- c. fairness in dealing with others.
- d. leisure activities.

Answer: <https://biology-forums.com/index.php?topic=826246>

### Question 199

All of the following are dimensions of Goleman's "emotional intelligence" except

- a. moral courage.
- b. motivation.
- c. empathy.
- d. self-awareness.

Answer: <https://biology-forums.com/index.php?topic=826249>

### Question 200

Students who are assigned to classes on the basis of ability or achievement are grouped according to

- a. within-class ability grouping.
- b. cross-age ability grouping.
- c. between-class ability grouping.
- d. standardized ability grouping

Answer: <https://biology-forums.com/index.php?topic=826417>

### Question 201

Theodore Brameld (1904-1987) believed all of the following except

- a. we live in a period of great crisis.
- b. humans have the capability of destroying civilization.
- c. humankind has the capability of creating a better world.
- d. students should avoid involvement with controversial ideas and causes.

Answer: <https://biology-forums.com/index.php?topic=826084>

### Question 202

According to the "personal development" view, teaching is seen as

- a. an authentic, growth-oriented encounter between teacher and students.
- b. the mechanical, craft-like implementation of specific procedures.
- c. meeting the individual and personal development needs of students.
- d. teaching to the defined outcomes of the educational system.

Answer: <https://biology-forums.com/index.php?topic=825942>

### Question 203

The key to successful classroom management is

- a. preventing problems before they occur.
- b. responding swiftly and decisively to misbehaviour in the classroom.
- c. accurately identifying misbehaving students.

d. seat arrangement.

Answer: <https://biology-forums.com/index.php?topic=826433>

### Question 204

As part of Nathan's field experiences, one of his assignments is to pay special attention to teachers' questioning strategies. Nathan is participating in

- a. microteaching.
- b. standardized assessment.
- c. inductive reasoning.
- d. focused observations.

Answer: <https://biology-forums.com/index.php?topic=825982>

### Question 205

Incorporating the culture and values of local communities is most urgent in schools located in

- a. inner city.
- b. city suburbs.
- c. rural hamlets.
- d. remote northern communities.

Answer: <https://biology-forums.com/index.php?topic=825880>

### Question 206

The ultimate aim of physical education is to

- a. assist in the development of athletics.
- b. provide a love of sports.
- c. cardiovascular endurance.
- d. develop a desire to maintain physical fitness for life.

Answer: <https://biology-forums.com/index.php?topic=826503>

### Question 207

The classroom-based study by teachers, individually or collaboratively, of how to improve instruction is called

- a. teacher effectiveness research.
- b. observational research.
- c. action research.
- d. interactive research.

Answer: <https://biology-forums.com/index.php?topic=826583>

### Question 208

Performance-based or outcome-based curriculum refers to

- a. "back to the basics curriculum implementation."
- b. adjustments made to teacher salaries based upon classroom performance.
- c. the mastery approach to student learning.
- d. a means in which all students learn and perform at high levels.

Answer: <https://biology-forums.com/index.php?topic=826485>

### Question 209

The stressful dimension of the classroom that can most be addressed by the teachers in their own classroom is

- a. high teacher-student ratio.
- b. high student mobility.
- c. social problems that affect learning.
- d. classroom management.

Answer: <https://biology-forums.com/index.php?topic=825856>

### Question 210

All of the following describe the additional features of various word prediction software programs except

- a. prediction window customizing.
- b. synthesized speech output.
- c. interactive simulations.
- d. keyboard sensitivity adjustment.

Answer: <https://biology-forums.com/index.php?topic=826537>

### Question 211

Which of the following is not an example of inquiry learning?

- a. Cooperative learning
- b. Problem-based learning
- c. Place-based learning
- d. Project-based learning

Answer: <https://biology-forums.com/index.php?topic=826452>

### Question 212

The recent surge in home-schooling has forced provincial/territorial Departments of Education to

- a. close some schools.
- b. increase funding to school boards.
- c. discourage the practice.
- d. develop new rules and regulations for those who wish to take part.

Answer: <https://biology-forums.com/index.php?topic=826180>

### Question 213

Maude will be teaching third grade in a suburban school in the fall. According to current trends, she will most likely be

- a. team teaching.
- b. in a self-contained classroom.
- c. in an open-space school.
- d. in a pull-out model.

Answer: <https://biology-forums.com/index.php?topic=826276>

### Question 214

Research on student learning should not be seen as a set of step-by-step procedures for ensuring teaching success. Instead, it is more akin to providing teachers with

- a. limited practical applications.
- b. rules of thumb to guide practice.
- c. cookbook-like strategies likely to yield success.
- d. facts that are of little importance to real teaching.

Answer: <https://biology-forums.com/index.php?topic=825935>

### Question 215

Jimmy has submitted a term paper that his teacher suspects was copied from the Internet. In deciding whether to give Jimmy a grade of "F" or have him attempt the assignment a second time, the teacher is confronted with

- a. a matter best left to a school administrator.
- b. an ethical dilemma.
- c. a matter for the local police.
- d. an unlikely problem in today's schools.

Answer: <https://biology-forums.com/index.php?topic=826056>

### Question 216

In order to promote a sense of competence in students, teachers can

- a. assign work that can be successfully performed while still being challenged.
- b. provide continuous reinforcement for effort rather than achievement.
- c. group by ability level.
- d. assign homework that is above age level.

Answer: <https://biology-forums.com/index.php?topic=826358>

### Question 217

In the design of "outcome-based" learning, it is assumed that the intended outcomes

- a. are discrete, simple behaviours.
- b. must occur in authentic settings.
- c. are college courses successfully completed.
- d. are lists of teaching specializations.

Answer: <https://biology-forums.com/index.php?topic=825951>

### Question 218

Ms. Duckworth, the adaptive physical education specialist, runs two miles every afternoon after school. Jason, a young boy with mild cerebral palsy, has been watching Ms. Duckworth for the past several weeks as she works out on the track. This afternoon Jason jogged two laps with Ms. Duckworth. This is an illustration of

- a. the inability to control the outcomes of a lesson.
- b. a teacher's power to influence others by example.
- c. the drama and immediacy of teaching.
- d. the difficulty of measurement.

Answer: <https://biology-forums.com/index.php?topic=825899>

### Question 219

"Schools teach much more—and much less—than they intend to teach. Although much of what is taught is explicit and public, a great deal is not." The preceding statement refers to the

- a. implicit curriculum.
- b. null curriculum.
- c. explicit curriculum.
- d. traditional curriculum.

Answer: <https://biology-forums.com/index.php?topic=826461>

### Question 220

Which of the following widespread qualities of rural schooling has been most impacted by developments in information technology?

- a. Family-like culture
- b. Cohesiveness
- c. Limited range of courses
- d. Community focus

Answer: <https://biology-forums.com/index.php?topic=826271>

### Question 221

What knowledge and skills will students need to succeed in the world of the future?

Answer: <https://biology-forums.com/index.php?topic=826718>

### Question 222

The underlying value of the notion of leadership is

- a. management.
- b. vision.
- c. change.
- d. administration.

Answer: <https://biology-forums.com/index.php?topic=826553>

### Question 223

Research suggests that parental involvement

- a. leads to improved achievement and attitudes toward school.
- b. leads to an increase in participation in extracurricular activities.
- c. affects the achievement level of males more than females.
- d. has little or no effect on student achievement.

Answer: <https://biology-forums.com/index.php?topic=825868>

### Question 224

Using technology to enhance student learning requires all the following except

- a. differentiating instruction and assessment.
- b. having a teacher-centred pedagogical focus.
- c. emailing students, parents and peers.
- d. designing inquiry-based lessons.

Answer: <https://biology-forums.com/index.php?topic=826549>

### Question 225

Several researchers have shown that learning is directly related to

- a. the competence of the teacher.

- b. time on task.
- c. the educational resources that are available.
- d. the gender of the child.

Answer: <https://biology-forums.com/index.php?topic=826426>

### Question 226

The term used for a group of individuals within a larger culture who share a self-defined cultural identity is a

- minority.
- ethnic group.
- socio-economic group.
- regional grouping.

Answer: <https://biology-forums.com/index.php?topic=826295>

### Question 227

Beginning teachers in inner-city schools in Toronto need to become familiar with research in family literacy of children in poverty because

- a. youth counselors are available from school boards.
- b. school-family-community partnerships are important for student success.
- c. hall monitors and attendance counselors are needed.
- d. there is a high turnover of teachers and administrators in these schools.

Answer: <https://biology-forums.com/index.php?topic=825864>

### Question 228

Ms. Fairbanks, the physical education teacher, has worked with the science, math, and home economics teachers to plan her unit in camping. Together they will be teaching concepts in mapping, cooking, and tree identification which is an example of the

- a. inclusionary curriculum.
- b. student-centred curriculum.
- c. integrated curriculum.
- d. subject-centred curriculum.

Answer: <https://biology-forums.com/index.php?topic=826476>

### Question 229

Mr. Norton loves English Literature, has a strong desire to learn more about the subject, and wants the opportunity to share that knowledge with students. He is drawn to teaching because of a love of

- a. the subject.
- b. students.
- c. the teaching life.
- d. the teaching-learning process.

Answer: <https://biology-forums.com/index.php?topic=825831>

### Question 230

The early American arrangements in schooling reflected English ideas by restricting which of the following to the upper classes as college preparatory schools?

- a. Dame schools
- b. Parish schools
- c. Latin grammar schools
- d. Normal schools

Answer: <https://biology-forums.com/index.php?topic=826112>

### Question 231

The success of the Finnish education system can be attributed to all of the following except

- a. All teachers are required to obtain a master's degree
- b. There are no mandated standardized tests
- c. There is no national core curriculum
- d. Homework is kept to a minimum

Answer: <https://biology-forums.com/index.php?topic=826713>

### Question 232

Stress within the family can have a significant negative effect on students and their ability to focus on learning while at school. All of the following are associated with stress except

- a. health problems.

- b. vocational choices.
- c. dropping out of school.
- d. failure to achieve.

Answer: <https://biology-forums.com/index.php?topic=826334>

### Question 233

The differences in provincial course subject requirements for teaching, even at the same division level, indicates

- a. failure of provinces to communicate.
- b. different fields of knowledge in different provinces.
- c. different resources in different provinces.
- d. failure of educators to agree on common program of training.

Answer: <https://biology-forums.com/index.php?topic=826604>

### Question 234

The manner in which teachers and students participate in common activities determines

- a. classroom ability groupings.
- b. the culture of the classroom.
- c. the time on task ratio.
- d. group sanctions.

Answer: <https://biology-forums.com/index.php?topic=826404>

### Question 235

The English tradition of education was based on the idea that class differences meant that

- a. school should promote social movement.
- b. education was a function of class.
- c. education was a function of merit.
- d. school should be provided free.

Answer: <https://biology-forums.com/index.php?topic=826110>

### Question 236

All the following questions should be addressed to ensure virtual students have quality online learning experiences except

- a. Should online courses be aligned with provincial curricular standards?
- b. Are online teachers trained effectively to teach via the internet?
- c. Should attendance be mandatory at certain community classrooms for these courses be required?
- d. Should parental approval be required before a child enrolls in an online course?

Answer: <https://biology-forums.com/index.php?topic=826519>

### Question 237

A collection of work that documents an individual's accomplishments in an area of professional practice is called

- a. a resume.
- b. an executive summary.
- c. a portfolio.
- d. a vita.

Answer: <https://biology-forums.com/index.php?topic=826019>

### Question 238

Base funding by governments for public school systems include all of the following categories except

- a. per student grant.
- b. student transportation.
- c. upkeep and repair.
- d. special needs students.

Answer: <https://biology-forums.com/index.php?topic=826179>

### Question 239

Logic is the area of philosophy that deals with

- a. questions of ultimate existence.
- b. the process of reasoning.
- c. matters related to final knowledge.
- d. issues of the origin of values

Answer: <https://biology-forums.com/index.php?topic=826059>

### Question 240

In every jurisdiction, teachers are bound by a professional code of conduct

- a. all the time.
- b. some of the time.
- c. none of the time.
- d. when it's possible to uphold it.

Answer: <https://biology-forums.com/index.php?topic=826659>

### Question 241

The relationships between teacher behaviour, student behaviour, and student achievement are

- a. competing.
- b. in conflict
- c. reciprocal.
- d. equal.

Answer: <https://biology-forums.com/index.php?topic=825912>

### Question 242

All of the following are characteristics of students at risk for dropping out of school except

- a. low grades.
- b. students are older than average because of previous retention.
- c. behaviour problems.
- d. performance at or above grade level.

Answer: <https://biology-forums.com/index.php?topic=826333>

### Question 243

Which of the following teachings within traditional forms of First Nation education encourages the use of cooperative learning strategies with First Nation children today?

- a. Unity of life
- b. Self-reliance
- c. Importance of sharing
- d. Survival skills

Answer: <https://biology-forums.com/index.php?topic=826156>

### Question 244

In developing curriculum that promotes equity and diversity, teachers should focus on all of the following except

- a. physical learning environment.
- b. materials and resources.
- c. instructional strategies.
- d. heroes and holidays.

Answer: <https://biology-forums.com/index.php?topic=826305>

### Question 245

All of the following are cautions about interpreting cross-national studies of educational achievement except

- a. few studies have focused on the unique values and strengths of each country's education.
- b. many studies' results have been affected by sampling biases.
- c. most studies are based on the assumption that school quality in each nation is equal.
- d. most of the studies' results were generated by differences in curricula.

Answer: <https://biology-forums.com/index.php?topic=826709>

### Question 246

Constructivism is based on the notion that

- a. learners and learning are constant over time.
- b. knowledge is constructed by learners.
- c. the old models of thinking and learning are the most dependable.
- d. that learning is essentially passive.

Answer: <https://biology-forums.com/index.php?topic=826098>

### Question 247

Psychological orientations to teaching are concerned primarily with understanding

- a. the conditions associated with effective learning.
- b. the conditions associated with effective teaching.
- c. the design of the curriculum.
- d. the design of classroom instruction.

Answer: <https://biology-forums.com/index.php?topic=826089>

### Question 248

A study by UNITE (Urban Network to Improve Teacher Education) concluded that the most important quality for successful teaching in urban schools was

- a. empathy.
- b. flexibility.
- c. a sense of humour.
- d. collegiality.

Answer: <https://biology-forums.com/index.php?topic=825965>

### Question 249

The psychological issue of adolescence according to Erickson's theory is

- a. independence.
- b. identity.
- c. autonomy.
- d. competence.

Answer: <https://biology-forums.com/index.php?topic=826356>

### Question 250

The authors' use of the term "patchwork quilt" to describe the differences in provincial requirements for teacher education in Canada implies

- a. approval.
- b. disapproval.
- c. objectivity.
- d. subjectivity.

Answer: <https://biology-forums.com/index.php?topic=825971>

### Question 251

According to the text, a profession is defined as

- a. an occupation that seeks to regulate itself by developing an organization such as the Ontario College of Teachers.
- b. an occupation that requires a high level of expertise, including advanced study in a specialized field, adherence to a code of ethics, and the ability to work without close supervision.
- c. an occupation that is guided by a systematic body of theory.
- d. an occupation that requires its members to swear an oath of allegiance to guide them on ethical issues.

Answer: <https://biology-forums.com/index.php?topic=826556>

### Question 252

The clause of the BNA Act of 1867 (renamed the Constitution Act in 1982) that assigned authority over education to the provinces was section

- a. 93
- b. 45
- c. 67
- d. 33

Answer: <https://biology-forums.com/index.php?topic=826188>

### Question 253

Schools that are often the focal point for community life and reflect values and beliefs that tend to be fairly conservative are typically

- a. rural schools.
- b. urban schools.
- c. suburban schools.
- d. community schools.

Answer: <https://biology-forums.com/index.php?topic=826269>

### Question 254

Concerning "choice theory," William Glasser believes that to persuade students to do quality schoolwork, teachers must do all of the following except

- a. establish warm, noncoercive relationships with students.

- b. teach students meaningful skills rather than asking them to memorize information.
- c. focus on large group instruction.
- d. move from teacher evaluation to student self-evaluation.

Answer: <https://biology-forums.com/index.php?topic=826430>

### Question 255

The position of Educational Technology Leader (ETL) is often

- a. a well-paid position.
- b. a position with mandatory release time.
- c. a voluntary position with no release time.
- d. a relatively well-paid position.

Answer: <https://biology-forums.com/index.php?topic=826547>

### Question 256

Which of the following qualities reflects the need for teachers to “make sure you take care of the whole you, emotionally, physically, personally, and manage your stress”?

- a. Empathy
- b. Respect for others
- c. Self-care
- d. Collegiality

Answer: <https://biology-forums.com/index.php?topic=825969>

### Question 257

The form of schooling that offers the greatest flexibility for the student is

- a. Montessori schools.
- b. Hutterite schools.
- c. home-schooling.
- d. virtual schools.

Answer: <https://biology-forums.com/index.php?topic=826183>

### Question 258

All of the following are standard elements in public school system collective agreements in Canada except

- a. salary grid based on training and experience.
- b. sick leave and maternity leave.
- c. extramural participation and supervision.
- d. sabbatical and study leave.

Answer: <https://biology-forums.com/index.php?topic=825848>

### Question 259

What is meant by “academic learning time”?

- a. The number of minutes in a school day.
- b. The number of minutes each day a student spends in academic courses.
- c. The time students spend working on academic tasks with 80% or more success.
- d. The time students spend in direct, meaningful contact with the classroom teacher.

Answer: <https://biology-forums.com/index.php?topic=826424>

### Question 260

Wagner (1998) cautions policymakers to examine the following questions in relation to the issue of school choice except

- a. will choice increase opportunities for all children to learn successfully?
- b. will choice increase parental involvement?
- c. will school choice result in a two-tiered educational system?
- d. will school choice inform us about successful practice that works?

Answer: <https://biology-forums.com/index.php?topic=826242>

### Question 261

The stage of group development where students are on their best behaviour is

- a. Stage 1.
- b. Stage 2.
- c. Stage 3.
- d. Stage 4.

Answer: <https://biology-forums.com/index.php?topic=826409>

### Question 262

Good citizenship includes all of the following except

- a. a knowledge of global awareness
- b. Internet safety
- c. being a good digital citizen when convenient
- d. respectful interactions with others

Answer: <https://biology-forums.com/index.php?topic=826678>

### Question 263

Students who spend a great deal of time learning by rote memorization likely have a teacher who views knowledge as

- a. universally interconnected.
- b. of little real consequence to learners.
- c. the sum total of small bits of subject matter.
- d. most valuable when constructed by students.

Answer: <https://biology-forums.com/index.php?topic=826041>

### Question 264

All of the following are examples of teacher leadership roles except

- a. mentoring new teachers.
- b. taking part in school decisions.
- c. becoming a vice-principal.
- d. implementing informal workshops for colleagues.

Answer: <https://biology-forums.com/index.php?topic=826594>

### Question 265

Encouraging student participation and communication and discouraging the formation of cliques is usually apparent in

- a. Stage 1.
- b. Stage 2.
- c. Stage 3.
- d. Stage 4.

Answer: <https://biology-forums.com/index.php?topic=826412>

### Question 266

In the 1980s, many provincial departments of education increased the number of required courses for graduation, or

- a. core curriculum.
- b. inquiry-based curriculum.
- c. progressive curriculum.
- d. relevancy-based curriculum.

Answer: <https://biology-forums.com/index.php?topic=826487>

### Question 267

According to the text, to solve problems of poverty, discrimination, violence, crime, and so forth, students will need to do all of the following except

- a. become socially aware.
- b. become politically active.
- c. become socially compliant.
- d. become skilled in conflict resolution strategies

Answer: <https://biology-forums.com/index.php?topic=826675>

### Question 268

A key value of using interactive virtual classrooms for training in classroom management is that students can improve their management skills and at the same time

- a. their computer skills.
- b. learn at the instructor's pace.
- c. learn in their own surroundings.
- d. do no harm to schoolchildren.

Answer: <https://biology-forums.com/index.php?topic=825995>

### Question 269

Contemporary family arrangements are more fluid than ever before. There are a larger number of all the following except

- a. single parent families
- b. same-sex families
- c. blended families
- d. traditional families

Answer: <https://biology-forums.com/index.php?topic=826681>

### Question 270

What is the broadest definition of educational technology?

- a. Inventions that enable teachers to reach their goals more effectively.
- b. Tools for projecting word and image.
- c. Networked information systems.
- d. Multimedia forms of information gathering.

Answer: <https://biology-forums.com/index.php?topic=826514>

### Question 271

The amount of time students are actively engaged in learning activities is known as

- a. time on task.
- b. academic learning time.
- c. allocated time.
- d. teaching-learning ratio.

Answer: <https://biology-forums.com/index.php?topic=826425>

### Question 272

In evaluating the role of public school, curriculum developers need to balance core curriculum academics with

- a. learning skills.
- b. social issues.
- c. fine arts programming.
- d. extracurricular/cocurricular programs.

Answer: <https://biology-forums.com/index.php?topic=826467>

### Question 273

Shortages in the availability of bilingual teachers means that most minority language students in Canada are required to master one of the official languages through

- a. pull-out programs.
- b. maintenance programs.
- c. immersion programs.
- d. transition programs.

Answer: <https://biology-forums.com/index.php?topic=826303>

### Question 274

The classroom should be a laboratory for collaborative decision-making and team building. What educational priority does this address?

- a. Aesthetics awareness.
- b. Moral and ethical orientation.
- c. Social awareness, communication skills, and team building.
- d. Lifelong, self-directed learning.

Answer: <https://biology-forums.com/index.php?topic=826676>

### Question 275

Which of the following federal departments serves public education by providing data and analysis about all aspects of education?

- a. Industry Canada
- b. Human Resources Development Canada
- c. Statistics Canada
- d. Social Sciences and Humanities Research Council

Answer: <https://biology-forums.com/index.php?topic=826194>

### Question 276

Tyrone, a physical education major, is preparing to do a microteaching episode with seven students. Which of the following steps is not included in his preparation?

- a. Identify a specific teaching skill
- b. Observe a master teacher demonstrating the skill
- c. Prepare a three to five-minute lesson
- d. Prepare an evaluation form for students to complete after the lesson

Answer: <https://biology-forums.com/index.php?topic=825992>

### Question 277

What particular approach to second-language instruction is favoured by those who wish students to achieve real-life fluency?

- a. Core language instruction
- b. French as a Second Language
- c. Dual stream language instruction
- d. Immersion programs

Answer: <https://biology-forums.com/index.php?topic=826498>

### Question 278

According to the text, the very core of teaching are the

- a. interactions between teachers and students.
- b. teaching skills of the teacher.
- c. different ability levels of students.
- d. resources that are available for teachers.

Answer: <https://biology-forums.com/index.php?topic=826407>

### Question 279

All of the following correspond to the intended richness of meaning in the required performance within outcome-based teacher education except

- a. drawing together different levels of learning
- b. competence in a discrete or specific pedagogic skill
- c. a matrix of required skills
- d. setting matches multidimensional classroom

Answer: <https://biology-forums.com/index.php?topic=825953>

### Question 280

Guidelines for using information processing ideas in the classroom include all of the following except

- a. make sure you have the students' attention.
- b. provide for repetition and review of information.
- c. focus on meaning, not memorization.
- d. present material in a random sequence, forcing students to develop a logical sequence of events.

Answer: <https://biology-forums.com/index.php?topic=826449>

### Question 281

Based on the 2014 Transition to Teaching Report

- a. one in six teachers remains in the supply role even after five years after graduation from a pre-service program.
- b. one in ten teachers remains in the supply role even after five years after graduation from a pre-service program .
- c. one in twenty teachers remains in the supply role even after five years after graduation from a pre-service program.
- d. one in fifty teachers remains in the supply role even after five years after graduation from a pre-service program.

Answer: <https://biology-forums.com/index.php?topic=826670>

### Question 282

Author Rebecca Greenberg has ascertained that students learn more when:

- a. they are validated.
- b. their opinions are integrated into classroom guidelines.
- c. their classes are satisfying, challenging, and friendly.
- d. they are instructed in a multi-teacher rotary system.

Answer: <https://biology-forums.com/index.php?topic=826415>

### Question 283

Students with disabilities include the following except

- a. English language learners.
- b. Students with speech or language impairments.

- c. Students with mental retardation.
- d. Students with hearing impairments.

Answer: <https://biology-forums.com/index.php?topic=826376>

### Question 284

If provincial legislatures act as the central authority in public education systems, the role of local control is exercised by

- a. school boards.
- b. regional offices of education.
- c. municipal authorities.
- d. locally elected politicians.

Answer: <https://biology-forums.com/index.php?topic=826203>

### Question 285

Each of the following are key dimensions of professionalism in teaching except

- a. reflective practice.
- b. compliant behaviour.
- c. lifelong learning.
- d. professional involvement.

Answer: <https://biology-forums.com/index.php?topic=826567>

### Question 286

The benefits of supervising student teachers include all of the following except

- a. teachers must rethink what they are doing to justify their behaviour.
- b. the supervision salary.
- c. learning new ideas from the student teachers.
- d. teachers gain an assistant in the classroom.

Answer: <https://biology-forums.com/index.php?topic=826035>

### Question 287

Which of the following statements is not true about altruism in the teaching profession?

- a. Altruistic teachers are inherently skilled in teaching.
- b. The opportunity to be altruistic is the reason many people endure teaching in demoralizing conditions.
- c. The altruistic dimension of teaching is at the heart of the motivation to teach.
- d. The altruistic dimension of teaching fuels teachers to improve their teaching.

Answer: <https://biology-forums.com/index.php?topic=825923>

### Question 288

All of the following represent groups which have been "marginalized" in schools through their "voices" not being sufficiently represented in curricular materials except

- a. visible minorities.
- b. gays and lesbians.
- c. low income.
- d. middle class.

Answer: <https://biology-forums.com/index.php?topic=826313>

### Question 289

Which of the following is MOST responsible for the charge of "dumbing down" that is sometimes leveled at textbooks?

- a. Avoiding bias in terms of gender, ethnicity and culture.
- b. Aiming to fit curricular requirements in several jurisdictions.
- c. Artificially lowered reading levels.
- d. Including controversial subjects and perspectives.

Answer: <https://biology-forums.com/index.php?topic=826483>

### Question 290

Cooperative learning suggests students should

- a. do seatwork, listen to teachers, and participate in whole class recitations.
- b. work in small groups or teams, share work and help one another on assignments.
- c. assess the effectiveness of the group dynamic.
- d. engage with group members when it a lesson permits.

Answer: <https://biology-forums.com/index.php?topic=826423>

### Question 291

Kohlberg's theory of moral development includes all of the following except

- a. formal operations.
- b. preconventional level.
- c. conventional level.
- d. postconventional level.

Answer: <https://biology-forums.com/index.php?topic=826348>

### Question 292

Which of the following might be a behavioural indicator of sexual abuse requiring the teacher to report to child welfare authorities?

- a. Sudden drop in school performance
- b. Bloody underclothing
- c. Venereal disease
- d. Difficulty in walking or sitting

Answer: <https://biology-forums.com/index.php?topic=826238>

### Question 293

Federal involvement in elementary and secondary education in Canada compared to other industrialized countries ranks

- a. the lowest.
- b. among the lowest.
- c. the highest.
- d. among the highest.

Answer: <https://biology-forums.com/index.php?topic=826197>

### Question 294

Connie, the secondary music teacher, was very excited about the upcoming day. She was taking the sophomore class to hear the orchestra perform.

After the performance, Connie was very disappointed in the behaviour of her students and lack of interest in the music. This example illustrates

- a. the limited value of field trips.
- b. the planning of an inappropriate lesson.
- c. the lack of exposure to culture for our secondary students.
- d. that the reactions of students to any given lesson cannot be guaranteed.

Answer: <https://biology-forums.com/index.php?topic=825892>

### Question 295

Ms. Sublett feels the pressure of being a teacher in that teachers are

- a. largely evaluated in terms of what their "clients" do.
- b. evaluated only in regard to what they do in the classroom.
- c. evaluated based on student input.
- d. evaluated based on feedback from parents in the community.

Answer: <https://biology-forums.com/index.php?topic=825897>

### Question 296

One approach to teaching values and moral reasoning that is receiving support in Canada from service clubs as well as school district boards is

- a. Renaissance Canada.
- b. character education.
- c. moral rearmament.
- d. reading clubs.

Answer: <https://biology-forums.com/index.php?topic=826350>

### Question 297

Learning objects are

- a. digital resources that are self-contained, reuseable, aggregated, and tagged with meta-data.
- b. manipulatives used in the math classroom to learn complex equations.
- c. a teacher's lesson plan objectives.
- d. programmable robots used for learning.

Answer: <https://biology-forums.com/index.php?topic=826525>

### Question 298

One of the primary purposes of schooling is for students to learn how to learn representing the educational priority of

- a. lifelong, self-directed learning.
- b. aesthetics awareness.
- c. critical thinking and creativity.
- d. team building and social awareness.

Answer: <https://biology-forums.com/index.php?topic=826679>

### Question 299

The concept that is based on the premise that teachers must use time to provide all students with challenging content, and use appropriate instructional strategies to help students learn that content, is known as

- a. challenge 2000.
- b. outcome based education (OBE).
- c. opportunity to learn (OTL).
- d. mastery learning.

Answer: <https://biology-forums.com/index.php?topic=826428>

### Question 300

The category of schools that are "charter schools" in Canadian school law are all of the following except

- a. independent.
- b. innovative.
- c. private.
- d. outcome-based.

Answer: <https://biology-forums.com/index.php?topic=826700>

### Question 301

Answers to questions such as "Why? What if?" are

- a. lower-order questions.
- b. retention building questions.
- c. critical thinking questions.
- d. higher-order questions.

Answer: <https://biology-forums.com/index.php?topic=826686>

### Question 302

Which of the following is not an example of a community-based partnership?

- a. Head Start
- b. Adult classes
- c. Varsity sports
- d. After-school programs

Answer: <https://biology-forums.com/index.php?topic=826692>

### Question 303

Because the majority of decision-making power is reserved for boards of education, teachers have had little or no say over what they teach, when they teach, whom they teach, and, in extreme instances, how they teach. This is an example of

- a. a lack of participation in professional governance.
- b. the result of providing essential services.
- c. lack of autonomy.
- d. lack of professional knowledge and skills.

Answer: <https://biology-forums.com/index.php?topic=826565>

### Question 304

The variety of student learning preferences strongly suggests

- a. teachers should train students to learn through lecture style.
- b. teachers should teach in the way they learn best.
- c. teachers should develop a broad range of instructional methodologies.
- d. teachers should teach students how to effectively take tests.

Answer: <https://biology-forums.com/index.php?topic=826369>

### Question 305

In regard to the level of trust that the public currently extends to teachers, it is most accurate to say that it is

- a. uniformly high.

- b. mixed.
- c. uniformly low.
- d. increasing steadily within the last decade.

Answer: <https://biology-forums.com/index.php?topic=826562>

### Question 306

According to Johnson and Johnson's analysis of classroom interactions, a group project in an elementary classroom to measure classroom furniture would be

- a. inappropriate for this grade level.
- b. an example of no interdependence.
- c. competitive interdependence.
- d. cooperative interdependence.

Answer: <https://biology-forums.com/index.php?topic=826406>

### Question 307

Which of the following metaphors would be most appropriate to describe a situation in which ethnic cultures would merge into one?

- a. Salad-bowl
- b. Rainbow
- c. Mosaic
- d. Melting pot

Answer: <https://biology-forums.com/index.php?topic=826292>

### Question 308

Teaching is full of surprises and classroom lessons regularly lead to unexpected questions and insights, or lessons fail despite careful planning.

Therefore, teaching can be considered a

- a. live performance.
- b. form of empowerment.
- c. way of being.
- d. creative endeavor.

Answer: <https://biology-forums.com/index.php?topic=825915>

### Question 309

Which of the following statements about school boards in Canada might be used by those who argue that cities deserve to have a special level of constitutional autonomy?

- a. School boards are corporations that can sue and be sued.
- b. School board elections are held in conjunction with municipal elections.
- c. School board meetings receive regular media coverage.
- d. The largest school boards have greater enrolment than the total population of the three territories.

Answer: <https://biology-forums.com/index.php?topic=826207>

### Question 310

All of the following are typical expectations of all teachers who will be working with exceptional learners except that they will

- a. serve as case manager for students with disabilities.
- b. evaluate academic abilities and disabilities.
- c. participate in writing individual education programs.
- d. participate in due process hearings and negotiations.

Answer: <https://biology-forums.com/index.php?topic=826394>

### Question 311

A short-term field-based experience that allows teacher education students to spend time observing and assisting in classrooms is called

- a. a practicum.
- b. student teaching.
- c. collateral experience.
- d. field experience.

Answer: <https://biology-forums.com/index.php?topic=825999>

### Question 312

Which form of schooling requires the greatest amount of parent commitment to ensure student success?

- a. Public school
- b. Home school

- c. Boarding school
- d. Video conferencing

Answer: <https://biology-forums.com/index.php?topic=826210>

### Question 313

Regardless of the actual structure of a provincial or territorial teachers' union, it is the case that

- a. membership is compulsory.
- b. annual fees are the same.
- c. all members must vote.
- d. male teachers tend to dominate.

Answer: <https://biology-forums.com/index.php?topic=826575>

### Question 314

The integration of all students with disabilities into general education classes and school life with the active support of special educators and other specialists is called

- a. integration.
- b. mainstreaming.
- c. reverse mainstreaming.
- d. inclusion.

Answer: <https://biology-forums.com/index.php?topic=826395>

### Question 315

It is a good idea to start thinking about your post-graduation job search while still in school because

- a. it guarantees a job on graduation.
- b. it looks good.
- c. there are resources and expertise available to you as a preservice student.
- d. most people do this, so it's good to keep pace with competition.

Answer: <https://biology-forums.com/index.php?topic=826651>

### Question 316

Caring Pedagogy refers to:

- a. creating or restoring self-confidence needed for participating in positive learning opportunities in the classroom.
- b. the experience teachers gather via practicum work and volunteer experience that helps prepare them for the rigors of the classroom.
- c. a school of thought developed by Social Psychologists that help guide student-teacher interactions.
- d. one of a four-step model of trust initiated by Carl Rogers.

Answer: <https://biology-forums.com/index.php?topic=826414>

### Question 317

All of the following are general purposes of the interview process except that it

- a. enables the district to gather more information.
- b. provides an opportunity for the district to determine race and areas of disability.
- c. enables the district to gather information on potential success.
- d. gives the person being interviewed the opportunity to ask questions.

Answer: <https://biology-forums.com/index.php?topic=826666>

### Question 318

The federal government discharged its responsibility for Native schooling by entering into arrangements with various church denominations for the operation of

- a. residential schools.
- b. reserve schools.
- c. Sunday schools.
- d. correspondence schools.

Answer: <https://biology-forums.com/index.php?topic=826167>

### Question 319

Mr. Berglund focuses on assessing students' mastery of learning goals or outcomes. He is implementing a

- a. core curriculum.
- b. performance-based curriculum.
- c. progressive curriculum.
- d. relevancy-based curriculum.

Answer: <https://biology-forums.com/index.php?topic=826488>

### Question 320

A systematic instructional method that focuses on the transmission of knowledge and skills from the teacher to the student is called

- mastery learning.
- direct instruction.
- modeling.
- contingent teaching.

Answer: <https://biology-forums.com/index.php?topic=826441>

### Question 321

Using Tyler's rationale for curriculum development, which of the following questions should be considered?

- What is appropriate for the age level of the student?
- What educational purposes should the school seek to attain?
- What are the state guidelines for curricula implementation?
- What resources are available for curriculum development?

Answer: <https://biology-forums.com/index.php?topic=826469>

### Question 322

Which of the following statements best characterizes the social studies curricula in Canada?

- The curriculum addresses a wide range of topics that are arranged in no particular order.
- Social studies curricula have been expanded in recent years to keep pace with societal trends in Canada.
- Social studies educators are in relative agreement regarding what should be included in the curriculum.
- Goals for the social studies curriculum are highly specific and usually followed by school districts.

Answer: <https://biology-forums.com/index.php?topic=826496>

### Question 323

According to the text, a common source of stress for children and young adults today is that they are

- afraid of nuclear war.
- forced to handle situations beyond their abilities.
- distracted from academics.
- encouraged to remain in childhood too long.

Answer: <https://biology-forums.com/index.php?topic=826359>

### Question 324

The best arrangement for due care of students with medical conditions is

- parent consultation on plan for administering medication.
- phone contact to closest medical clinic.
- work telephone number for contacting parents.
- certification in CPR.

Answer: <https://biology-forums.com/index.php?topic=826231>

### Question 325

Candidates attending job fairs should take a carefully prepared résumé and cover letter because of the following reasons except

- potential employers may have specific vacancies.
- potential employers may be prepared to offer a contract that day.
- potential employers may want to interview you then and there.
- potential employers have to collect a quota of résumés at each job fair.

Answer: <https://biology-forums.com/index.php?topic=826662>

### Question 326

John B. Watson (1878-1958) and B. F. Skinner (1904-1990) are most closely associated with which branch of psychology?

- Humanistic
- Reverse
- Behaviouristic
- School

Answer: <https://biology-forums.com/index.php?topic=826093>

### Question 327

Choice theory recognizes that humans make choices that enable them to

- a. create quality worlds that satisfy four basic needs.
- b. see the world through multiple perspectives.
- c. create their own meanings of text .
- d. integrate associated concepts.

Answer: <https://biology-forums.com/index.php?topic=826434>

### Question 328

Dimensions of the classroom such as order versus chaos, trust versus suspicion, or acceptance versus rejection refer to classroom

- a. organization.
- b. climate.
- c. norms.
- d. sanctions.

Answer: <https://biology-forums.com/index.php?topic=826410>

### Question 329

“Behavioural indicators” for research-based competencies are used by trained observers in teacher assessment to measure how much

- a. teachers exhibit the target behaviour.
- b. student research skills are being developed.
- c. student classroom behaviour is improving.
- d. teachers exhibit competence in subject matter.

Answer: <https://biology-forums.com/index.php?topic=825947>

### Question 330

When a group’s norms allow for a variety of individual learning styles to be expressed and accepted, the stage of group development is considered

- a. Stage 1.
- b. Stage 2.
- c. Stage 3.
- d. Stage 4.

Answer: <https://biology-forums.com/index.php?topic=826411>

### Question 331

Most teachers are still using technology

- a. to create multimodal assignments.
- b. as productivity tools.
- c. to differentiate instruction.
- d. to engage low performing students.

Answer: <https://biology-forums.com/index.php?topic=826550>

### Question 332

Early Euro-Canadian education was founded upon the cultural traditions of all of the following nations except

- a. France
- b. Germany
- c. England
- d. United States

Answer: <https://biology-forums.com/index.php?topic=826102>

### Question 333

A teaching method based on the thinking process that is designed to “teach” creativity through the use of metaphor and analogy is

- a. the Socratic method.
- b. critical analysis.
- c. reflective analysis.
- d. synectics.

Answer: <https://biology-forums.com/index.php?topic=826674>

### Question 334

According to the 2015 Horizon Report, what are four important developments in educational technology?

- a. bring your own device, makerspaces, 3D printing, digital badges
- b. makerspaces, 3D printing, robotics, digital badges
- c. bring your own device, adaptive learning technologies, robotics, video production

d. 3D printing, wearable technology, digital scanning, digital badges

Answer: <https://biology-forums.com/index.php?topic=826513>

### Question 335

Wayne Martino promotes all of the following pedagogical approaches to teaching both boys and girls except

- a. establish a gender-specific section in the resource centre.
- b. develop a research-based knowledge of gender reform policies.
- c. refuse to treat all boys or all girls as a homogenous group.
- d. create a safe learning environment in which gender, sexual, racial, and ethnic diversity is acknowledged and incorporated into the curriculum.

Answer: <https://biology-forums.com/index.php?topic=826319>

### Question 336

Which of the following aspects of the “feminization of teaching” that began in the early 1900s has remained most valid over time?

- a. Female teachers given less respect in community than male teachers.
- b. Female teachers are subjected to a high level of public scrutiny.
- c. Female teachers are expected to be of higher moral character than male teachers.
- d. There is a trend toward females making up the majority of public school teachers.

Answer: <https://biology-forums.com/index.php?topic=826149>

### Question 337

Ms. Bradham has always enjoyed school and embraced the environment that encourages a high regard for education and the life of the mind. She probably chose teaching as a profession because of a love of the

- a. teaching-learning process.
- b. teaching life.
- c. salary and associated benefits.
- d. students she teaches.

Answer: <https://biology-forums.com/index.php?topic=825833>

### Question 338

Which of the following opportunities for teachers to assume new leadership roles beyond the classroom MOST reflects the spread of school-based management?

- a. shared decision making on school budget allocations
- b. peer review
- c. mentor teaching programs for beginning teachers
- d. teacher networks

Answer: <https://biology-forums.com/index.php?topic=826595>

### Question 339

Hargreaves and Lo (2000) describe teaching as a(n)

- a. crucial undertaking.
- b. paradoxical profession.
- c. essential occupation.
- d. underappreciated profession.

Answer: <https://biology-forums.com/index.php?topic=826558>

### Question 340

The type of school that allows a group of teachers, parents, or others who share similar interests and views about education to organize and operate a school is a

- a. for-profit school.
- b. private school.
- c. charter school.
- d. technological school.

Answer: <https://biology-forums.com/index.php?topic=826699>

### Question 341

Which statement is true of MOST teacher associations?

- a. They belong to unions but not professional associations.
- b. They belong to professional associations but not unions.
- c. They belong to neither professional associations nor unions.
- d. They belong to both unions and professional associations.

Answer: <https://biology-forums.com/index.php?topic=826577>

### Question 342

The definition of curriculum depends on

- a. the situation and varies according to each student.
- b. educational level of teachers.
- c. gender of the student.
- d. student test scores.

Answer: <https://biology-forums.com/index.php?topic=826457>

### Question 343

The distinctive quality of category #3 for teacher certification is that it provides for

- a. in camera hearings.
- b. on-the-job training.
- c. sponsorship by existing teachers.
- d. case-by-case assessment.

Answer: <https://biology-forums.com/index.php?topic=826649>

### Question 344

Inventions that enable teachers to reach their goals more effectively, including chalkboards and overhead projectors, are known as

- a. educational technology.
- b. computers.
- c. teaching technology.
- d. multimedia.

Answer: <https://biology-forums.com/index.php?topic=826516>

### Question 345

According to the text, all of the following are major philosophical orientations to teaching except

- a. perennialism.
- b. essentialism.
- c. behaviourism.
- d. existentialism.

Answer: <https://biology-forums.com/index.php?topic=826060>

### Question 346

The teacher as researcher has

- a. remained constant over the past quarter century.
- b. fluctuated with changes in educational philosophy and pedagogy.
- c. emerged recently and is gaining momentum.
- d. garnered little attention in the profession.

Answer: <https://biology-forums.com/index.php?topic=826598>

### Question 347

Which province had the first self-regulating body for teachers in Canada?

- a. British Columbia
- b. Alberta
- c. Ontario
- d. Quebec

Answer: <https://biology-forums.com/index.php?topic=826564>

### Question 348

Teaching that is characterized by events that are rapidly-changing, multidimensional, and irregular is called

- a. preactive teaching.
- b. proactive teaching.
- c. direct teaching.
- d. interactive teaching.

Answer: <https://biology-forums.com/index.php?topic=825905>

### Question 349

All of the following are innovative approaches to meeting the educational needs of gifted students except

- a. individual education programs.
- b. college enrollment initiatives.
- c. independent study.
- d. self-directed study.

Answer: <https://biology-forums.com/index.php?topic=826386>

### Question 350

The difference between pedagogical content knowledge and extensive subject matter knowledge by itself lies in

- a. possession of broad general knowledge.
- b. thorough understanding of an academic discipline.
- c. a grasp of how knowledge is conveyed and learned.
- d. a grasp of early childhood theories of development.

Answer: <https://biology-forums.com/index.php?topic=825932>

### Question 351

Dr. George Gadanidis's research focuses on learning experiences in mathematics that offer

- a. drills and practice.
- b. opportunities to vlog.
- c. conceptual surprise and insight.
- d. direct instruction.

Answer: <https://biology-forums.com/index.php?topic=825886>

### Question 352

During most of the 20th century, the most successful strategy for tackling the logistical problem of providing expensive specialized school services in thinly populated rural regions has been

- a. recruitment of foreign teachers.
- b. distance education.
- c. school district consolidation.
- d. residential schools.

Answer: <https://biology-forums.com/index.php?topic=826151>

### Question 353

Parents who talk with their children, help with their homework, read to them and regularly attend teacher conferences

- a. have no real statistically significant impact on their child's development.
- b. can help enhance their child's ability to succeed in school.
- c. often interfere with their child's academic, social, and developmental progress.
- d. often interfere with a teacher's academic programming.

Answer: <https://biology-forums.com/index.php?topic=825887>

### Question 354

Social studies teachers have used technology for all of the following except

- a. to allow students to be floor traders on the Wall Street stock market.
- b. to give students something to do when the teachers haven't had time to prep for a lesson.
- c. to provide students with the opportunity to examine important primary source documents from different historical perspectives.
- d. to enable students to become a leader of state and understand how their political decisions affect the country they lead.

Answer: <https://biology-forums.com/index.php?topic=826529>

### Question 355

All of the following are true regarding the definitions of disabilities except

- a. definitions for disabilities are generalized.
- b. descriptors for disabilities are definite and fixed.
- c. perceptions of normalcy are influenced by cultural norms.
- d. definitions for disabilities are open to change.

Answer: <https://biology-forums.com/index.php?topic=826373>

### Question 356

What are the nine key areas of knowledge and skills that students will need to succeed in the world of the future?

Answer: <https://biology-forums.com/index.php?topic=826719>

### Question 357

The aspect of schooling whose perception by the public is most likely to be influenced by the general pattern of media reporting is

- violence.
- class size.
- curriculum.
- learning resources.

Answer: <https://biology-forums.com/index.php?topic=825854>

### Question 358

Integrating technology into the language arts classroom means all of the following for students except

- access to great works of literature and rare collections.
- a decrease in social and language skills.
- access to famous speeches.
- an increase in support for reading comprehension and writing skills.

Answer: <https://biology-forums.com/index.php?topic=826527>

### Question 359

Computer-managed instruction (CMI) is characterized by all of the following except

- it evaluates and diagnoses student needs.
- it increases record keeping responsibilities for teachers.
- it can enhance teacher-student interactions.
- it guides students through their learning activities.

Answer: <https://biology-forums.com/index.php?topic=826533>

### Question 360

The principles accepted by teacher-leaders include all of the following except

- only a few teachers in each school can be true teacher-leaders.
- teacher-leaders must increase the degree and quality of interaction with teachers, administrators, and staff members.
- they must be informed about the development of educational policies.
- teacher-leaders must shape the next generation of teachers.

Answer: <https://biology-forums.com/index.php?topic=826596>

### Question 361

**Textbook Title:** Calculus - A Complete Course

**Author(s):** Adam, Essex

**Publisher:** - - -

**Edition:** 9th

**Willing to Pay:** 25

**Extra Information:** Looking for the instructors solutions manual or test-bank

**Image URL of Textbook Cover:**

Answer: <https://biology-forums.com/index.php?topic=826230>

### Question 362

An organization established by society to maintain and improve its way of life is

- an institution.
- a government agency.
- the national welfare system.
- the supreme court.

Answer: <https://biology-forums.com/index.php?topic=826266>

### Question 363

Nathan has chosen teaching as a profession because of his tremendous dedication and concern for young people. The paycheck, the public regard, and the vacations have little to do with his decision. For Nathan, teaching is

- a way of being.
- a creative endeavor.
- a live performance.
- an opportunity to serve.

Answer: <https://biology-forums.com/index.php?topic=825924>

### Question 364

The saying "a lamp can never light another lamp unless it continues to burn its own flame" illustrates

- a. experiential learning.
- b. the teacher-student relationship.
- c. the process of teaching and learning.
- d. the importance of teachers modeling lifelong learning.

Answer: <https://biology-forums.com/index.php?topic=825903>

### Question 365

Jill created a portfolio during her final two years of her teacher education program. She could use her portfolio for all of the following cases except

- a. an interview tool.
- b. an expanded resume.
- c. an alternative to standardized testing.
- d. preparation for national, regional and provincial accreditation.

Answer: <https://biology-forums.com/index.php?topic=826028>

### Question 366

The dominant educational philosophy within the petites écoles of New France was based upon the traditions of the French

- a. National Academy.
- b. Enlightenment.
- c. Roman Catholic Church.
- d. coureurs du bois.

Answer: <https://biology-forums.com/index.php?topic=826105>

### Question 367

A technology-centred advantage of computer-assisted instruction (CAI) is

- a. the opportunity to learn for students with limited English proficiency.
- b. low-risk learning context for learners who are less able.
- c. consistent, reliable instruction independent of teacher, day/time/ or place.
- d. opportunities for individualized instruction.

Answer: <https://biology-forums.com/index.php?topic=826531>

### Question 368

Which of the following strategies teachers can use to create moral classroom communities would recognize that the family is the child's first and most important moral teacher?

- a. Create a democratic classroom environment.
- b. Teach conflict resolution.
- c. Recruit parents and community as partners.
- d. Act as a caregiver.

Answer: <https://biology-forums.com/index.php?topic=826353>

### Question 369

Which of the following program objectives proposed by the CTF (Canadian Teachers' Federation) is MOST concerned with the well-being of the individual student?

- a. Prepare students to be productive citizens
- b. Develop all the capacities of the student
- c. Provide opportunities to learn Canadian heritage
- d. Enable student to learn about Canada's place in the world

Answer: <https://biology-forums.com/index.php?topic=826481>

### Question 370

Advocates of the whole-language approach to reading believe that

- a. reading should be considered a separate entity.
- b. a reading period should occur during a designated work period.
- c. reading is an isolated skill.
- d. reading is a large part of general language development and is not an isolated skill.

Answer: <https://biology-forums.com/index.php?topic=826479>

### Question 371

Constructive assertiveness includes all of the following basic elements except

- a. statement of potential punishment.
- b. firm, unwavering insistence on appropriate behaviour.
- c. body language that is unambiguous.
- d. a clear statement of the problem or concern.

Answer: <https://biology-forums.com/index.php?topic=826435>

### Question 372

All of the following are reasons why the "monopoly" of services in the teaching profession is weakened except

- a. varied criteria is used for teaching in private schools.
- b. using temporary or emergency certification for teacher shortages.
- c. the fact that a great deal of teaching occurs in informal, nonschool settings by people who are not teachers.
- d. teachers will accept wages that are not in accordance with their educational attainment.

Answer: <https://biology-forums.com/index.php?topic=826563>

### Question 373

All of the following are true regarding a handicap except

- a. an inability to do something or a diminished capacity to perform.
- b. a disadvantage imposed on an individual.
- c. may be caused by a disability.
- d. may not be caused by a disability.

Answer: <https://biology-forums.com/index.php?topic=826372>

### Question 374

Metaphysics has important implications for education because

- a. instruction in values is essential to a happy life.
- b. the school curriculum is based on what we know about reality.
- c. the school curriculum is based on what we know about human learning.
- d. instruction in learning theory is central to teacher education.

Answer: <https://biology-forums.com/index.php?topic=826047>

### Question 375

In most jurisdictions the negotiations are conducted with

- a. the federal government.
- b. provincial governments.
- c. local school boards.
- d. specific schools.

Answer: <https://biology-forums.com/index.php?topic=826576>

### Question 376

After-school educational and recreational programs are designed to do all of the following except

- a. provide children with supervision when they might be involved in anti-social activities.
- b. provide carefully controlled experiences that inhibit socialization.
- c. provide enrichment experiences to widen children's perspectives.
- d. improve the academic achievement of children not achieving at their potential during regular school hours.

Answer: <https://biology-forums.com/index.php?topic=826696>

### Question 377

What country leads the world in parental involvement in education?

- a. United States
- b. Japan
- c. Germany
- d. Sweden

Answer: <https://biology-forums.com/index.php?topic=826714>

### Question 378

All of the following are significant barriers to the implementation of technology in schools except

- a. lack of effective training and support for teachers.
- b. lack of teacher confidence, comfort, and competence in using technology.
- c. lack of administrator support.
- d. lack of allocated time to learn and adopt new methods.

Answer: <https://biology-forums.com/index.php?topic=826511>

### Question 379

The effective school is a caring community of adults who attend to the academic, emotional and social needs of the children and youth entrusted to its care. This is a metaphor describing schools as

- a. gardens.
- b. mental hospitals.
- c. families.
- d. athletic teams.

Answer: <https://biology-forums.com/index.php?topic=826256>

### Question 380

The following is true of a résumé except

- a. it should be one to two pages maximum.
- b. it is a summary of an individual's professional experiences, education, and skills.
- c. there is one correct format to use when creating a résumé.
- d. key information that will help an employer determine your suitability should be emphasized.

Answer: <https://biology-forums.com/index.php?topic=826663>

### Question 381

By offering nutritional counseling, child care, job placement, or breakfast programs, schools are active in addressing

- a. social problems.
- b. social trends.
- c. revenue producing ventures.
- d. reform activities.

Answer: <https://biology-forums.com/index.php?topic=826332>

### Question 382

Knowledge based on "empiricism" is the same as "knowing" based on

- a. experience.
- b. formal school-based instruction.
- c. reading of classical works.
- d. study of Eastern philosophies.

Answer: <https://biology-forums.com/index.php?topic=826051>

### Question 383

A social reconstructionist curriculum would likely feature all of the following except

- a. field trips.
- b. study of the Great Books.
- c. community-based projects.
- d. interaction with persons beyond the classroom.

Answer: <https://biology-forums.com/index.php?topic=826086>

### Question 384

Mr. Onofrio is a ninth grade English teacher and a member of a team that is developing an Individualized Education Program (IEP) for Karen, a student with visual impairments. All of the following are mandated to be part of the IEP team except

- a. a special education teacher.
- b. Karen's mother.
- c. the county social worker.
- d. Mr. Onofrio's principal.

Answer: <https://biology-forums.com/index.php?topic=826390>

### Question 385

The teacher's responsibility to enable all students to feel comfortable in school and "connected to" their school experiences is because the school itself

- a. is overcrowded.
- b. has its own distinct culture.

- c. represents the most stable element in their life.
- d. contains faculty professionally trained in this area.

Answer: <https://biology-forums.com/index.php?topic=826274>

### Question 386

Students at McCartney High School are enrolled in different curriculum according to whether they plan to go to college or enter a trade or vocation. This high school most likely practises

- a. within-class ability grouping.
- b. between-class ability grouping.
- c. cross-age ability grouping.
- d. norm-referenced ability grouping.

Answer: <https://biology-forums.com/index.php?topic=826418>

### Question 387

One of the biggest barriers to learning in initial teacher education programs is

- a. unwillingness to learn educational theory.
- b. refusal to read educational research.
- c. prior assumptions about teaching.
- d. focus on the practical application over course work.

Answer: <https://biology-forums.com/index.php?topic=826560>

### Question 388

Our nation's schools will need to become more technologically rich and teachers more technologically sophisticated to fulfill the educational priority for

- a. new technological skills.
- b. lifelong, self-directed learning.
- c. conservation skills.
- d. critical thinking.

Answer: <https://biology-forums.com/index.php?topic=826672>

### Question 389

Teachers who focus on students' thinking about the material being learned and, through carefully orchestrated cues, prompts, and questions, help students arrive at a deeper understanding of the material are using

- a. contingent teaching.
- b. information processing.
- c. modeling.
- d. constructivist teaching.

Answer: <https://biology-forums.com/index.php?topic=826445>

### Question 390

Heather has been assigned to the fifth grade to teach three lessons to a small group of students. During her teaching, she will focus on improving her skill of positive reinforcement. Heather is participating in

- a. a teaching simulation.
- b. modeling.
- c. microteaching.
- d. cooperative group interactions.

Answer: <https://biology-forums.com/index.php?topic=825991>

### Question 391

According to Mills (2000), all of the following steps are part of developing an "action plan" except

- a. writing an area-of-focus statement.
- b. defining variables.
- c. employing the services of a trained researcher.
- d. describing negotiations that need to be undertaken.

Answer: <https://biology-forums.com/index.php?topic=826591>

### Question 392

In many other countries, teachers receive a level of societal support that

- a. surpasses that found in Canada.
- b. is less than that found in Canada.
- c. is equal to that found in Canada.

d. is higher for males than females.

Answer: <https://biology-forums.com/index.php?topic=826711>

### Question 393

The following is true about the Canadian Society for the Study of Education (CSSE) except

- a. it is Canada's largest organization of professors, students, researchers, and practitioners in education.
- b. it describes itself as the major national voice for those who create educational knowledge, prepare teachers and educational leaders, and apply research in the schools, classrooms, and institutions of Canada.
- c. you can only access its peer-reviewed journals in person at your local education-focused library.
- d. it serves as an umbrella organization for national constituent associations spanning a diverse range of topics.

Answer: <https://biology-forums.com/index.php?topic=826580>

### Question 394

The amount of time students work on learning tasks for which they experience a high degree of success (80% or higher) is known as

- a. allocated time.
- b. success ratio.
- c. time on task.
- d. academic learning time.

Answer: <https://biology-forums.com/index.php?topic=826427>

### Question 395

All of the following teacher behaviors indicate unequal treatment of low-achieving students except

- a. waiting less time for them to answer.
- b. giving less feedback.
- c. calling on them more often.
- d. providing less praise.

Answer: <https://biology-forums.com/index.php?topic=826683>

### Question 396

An essentialistic curriculum would most likely emphasize

- a. new thinking.
- b. contemporary social issues.
- c. basic skills.
- d. the project method.

Answer: <https://biology-forums.com/index.php?topic=826075>

### Question 397

Integrating technology into the science classroom has enabled teachers to

- a. mark multi-choice questions at a faster rate.
- b. take their students on virtual field trips.
- c. test their students with greater frequency.
- d. leave students to conduct experiments on their own in the lab.

Answer: <https://biology-forums.com/index.php?topic=826528>

### Question 398

The most common type of drug prescribed for treating students with ADD/ADHD in Canada is

- a. Advil.
- b. Tylenol.
- c. Ritalin or Adderall.
- d. Ventolin.

Answer: <https://biology-forums.com/index.php?topic=826379>

### Question 399

Which of the following statements about trends in Canadian education is true?

- a. Educational practices in Canada have stagnated.
- b. The mutual sharing of ideas is the most valuable trend within Canadian education.

- c. Education in Canada is far too reliant on European trends.
- d. Trends in American education continue to supersede our own.

Answer: <https://biology-forums.com/index.php?topic=826175>

#### Question 400

Which of the following groups is most concerned with proof that tax dollars are being spent on quality education programs?

- a. Educational theorists
- b. Minorities
- c. Taxpayers
- d. Students

Answer: <https://biology-forums.com/index.php?topic=826206>

#### Question 401

Anti-racist education eschews attention to surface culture like "heroes and holidays" because

- a. it promotes stereotypes by portraying groups in isolated ways.
- b. includes marginalized students.
- c. students already know most things about other cultures.
- d. it recognizes cultural diversity.

Answer: <https://biology-forums.com/index.php?topic=826306>

#### Question 402

Which of the following descriptive terms fails to match the current language use of emphasizing the concept of "people first"?

- a. child with special needs
- b. visually impaired child
- c. child with a visual impairment
- d. child who is visually challenged

Answer: <https://biology-forums.com/index.php?topic=826374>

#### Question 403

The federal government has responsibilities relating to the education of the following Native children:

- a. Registered First Nation
- b. Métis
- c. Non-status First Nation
- d. Non-treaty First Nation

Answer: <https://biology-forums.com/index.php?topic=826195>

#### Question 404

The following are characteristics of the categories that exist under the AIT except

- a. applicants who have completed a minimum of four years of post-secondary education and hold a degree completed at a university that is a member of the Association of Universities and Colleges of Canada.
- b. applicants who hold a degree or diploma in vocational, technical, or technological studies equivalent to the requirements of the receiving province or territory.
- c. applicants who hold a teaching credential based on academic or professional preparation outside the other categories.
- d. applicants who have a lot of informal teaching experience equivalent to the requirements of the receiving province or territory.

Answer: <https://biology-forums.com/index.php?topic=826645>

#### Question 405

In an interview for a teaching position, the search committee asked Christina to identify characteristics of successful schools. Which of the following characteristics that Christina provided is not one of a successful school?

- a. The majority of teachers have a master's degree.
- b. The emphasis is on basic skills of reading, writing and math.
- c. There is frequent, systematic evaluation of student learning.
- d. Teachers have high expectations of students.

Answer: <https://biology-forums.com/index.php?topic=826329>

#### Question 406

Ontario led the country in 1922 with legislation requiring children to attend school until

- a. 14.
- b. 15.
- c. 16.

d. 17.

Answer: <https://biology-forums.com/index.php?topic=826174>

### Question 407

According to Existentialistic Philosophy, teachers must

- a. guide students to set rules.
- b. allow students freedom of choice.
- c. structure activities and learning experiences in order to facilitate learning.
- d. follow the prescribed curriculum very closely.

Answer: <https://biology-forums.com/index.php?topic=826082>

### Question 408

As children develop physically, their bodies undergo numerous changes. As they develop cognitively, their mental capabilities expand so that they can use language and other symbol systems to solve problems. These are examples of

- a. individual learning styles.
- b. quality indicators.
- c. stages of development.
- d. the aging process.

Answer: <https://biology-forums.com/index.php?topic=826343>

### Question 409

In a classroom, the physical characteristics of the setting and the social dimensions of the group interact to shape

- a. the environmental press.
- b. classroom traditions.
- c. the classroom culture.
- d. a social / emotional context.

Answer: <https://biology-forums.com/index.php?topic=826281>

### Question 410

To promote and model digital citizenship and responsibility, teachers do all of the following except

- a. teach safe, legal and ethical use of digital information.
- b. promote and model digital etiquette and responsible online social interactions.
- c. teach conflict resolution skills for online social interactions.
- d. develop and model cultural understanding and global awareness.

Answer: <https://biology-forums.com/index.php?topic=826521>

### Question 411

Required instructional units on water conservation, teen pregnancy, and substance abuse are examples of

- a. federal mandates.
- b. religious agendas.
- c. values that affect curriculum development.
- d. political influences.

Answer: <https://biology-forums.com/index.php?topic=826480>

### Question 412

- a. Loyalists initially had the field to themselves.
- b. the Hudson's Bay Company had a monopoly.
- c. large numbers of Irish emigrated during the Potato Famines.
- d. administration occurred from New France.

Answer: <https://biology-forums.com/index.php?topic=826104>

### Question 413

Which of the following forms of Corporate-Education Partnerships are probably LEAST evident in Canada, compared to the United States?

- a. Release time for employees to visit schools
- b. Contribution of materials needed by school
- c. Student scholarship programs
- d. Construction of school buildings

Answer: <https://biology-forums.com/index.php?topic=826694>

### Question 414

Students of the future will need to be able to think rather than to remember. What educational priority does this address?

- a. Problem solving, critical thinking, and creativity.
- b. Aesthetics awareness.
- c. Conservation skills.
- d. Moral and ethical orientation.

Answer: <https://biology-forums.com/index.php?topic=826673>

### Question 415

The criticism by Dr. David MacKinnon that Atlantic Provinces Education Foundation's outcome-based curriculum was "a reductionist and anti-democratic exercise at increasing system accountability" would imply all of the following shortcomings except

- a. it is too narrow.
- b. it restricted teacher freedom.
- c. it is overly concerned with administrative control.
- d. it implies that teacher assessment was undesirable.

Answer: <https://biology-forums.com/index.php?topic=825957>

### Question 416

Schools are places where the young learn to participate intelligently and constructively in Canadian society, emphasizing education for

- a. achievement.
- b. socialization.
- c. personal growth.
- d. vocational attainment.

Answer: <https://biology-forums.com/index.php?topic=826248>

### Question 417

All of the following are reasons for teachers to be continuous, lifelong learners except

- a. the importance of "modelling" continuous learning for their students.
- b. the need to keep up-to-date on new developments in their subject areas.
- c. an openness to learning new, more effective teaching techniques.
- d. the possibility for increases in salary levels.

Answer: <https://biology-forums.com/index.php?topic=826569>

### Question 418

Critical reflective practice refers to

- a. producing reflective teacher-driven publications.
- b. preparing approved lesson planning documents.
- c. advocating with lawmakers on teacher issues.
- d. the ability of a teacher to delve into how their teaching is truly impacting their students.

Answer: <https://biology-forums.com/index.php?topic=826570>

### Question 419

Existential philosophy is unique in that it

- a. focuses on the experiences of the individual.
- b. focuses on the past experiences of the human race.
- c. brings students into contact with the great artist and literary works of the past.
- d. brings students to the realization that they can change the world.

Answer: <https://biology-forums.com/index.php?topic=826080>

### Question 420

A small, highly individualized school separate from the regular school is typically called

- a. a magnet school.
- b. an open school.
- c. a remedial school.
- d. an alternative school.

Answer: <https://biology-forums.com/index.php?topic=826340>

### Question 421

All of the following are examples of blended learning except

- a. distance learning.
- b. virtual field trips.
- c. guest lectures using Skype.
- d. use of blogs to extend classroom discussion.

Answer: <https://biology-forums.com/index.php?topic=826510>

### Question 422

The opportunity for teachers to become involved in school restructuring and curriculum reform is

- a. decreasing.
- b. increasing.
- c. increasing at the local level, decreasing at the national level.
- d. increasing at the national level, decreasing at the provincial level.

Answer: <https://biology-forums.com/index.php?topic=826572>

### Question 423

Measures of success for schools that are considered "successful" include all of the following except

- a. high graduation rates.
- b. steady improvement, rather than declining.
- c. fewer children in special education.
- d. documentation of literacy gains in reading, writing, and computation.

Answer: <https://biology-forums.com/index.php?topic=826327>

### Question 424

Which of the following is not a standard procedure after accepting an offer for a teaching position?

- a. Use that offer as a base of negotiation with other districts.
- b. Return the signed contract to the district.
- c. Return a letter of confirmation.
- d. Notify other districts to which you have applied that you have accepted a position elsewhere.

Answer: <https://biology-forums.com/index.php?topic=826667>

### Question 425

The school group whose rights have been most protected under the Canadian Charter of Rights and Freedoms is

- a. parents.
- b. teachers.
- c. students.
- d. principals.

Answer: <https://biology-forums.com/index.php?topic=826225>

### Question 426

In order for students to become proficient users, thoughtful critics, and creative producers of digital texts and tools, teachers need to

- a. religiously read computer programming manuals.
- b. know everything about all technology.
- c. ensure they are participating in on-going professional development.
- d. do nothing because the kids will teach themselves.

Answer: <https://biology-forums.com/index.php?topic=826551>

### Question 427

The fact that today Canada is one of the few developed countries in which there is no national system of education is due to

- a. the division of powers in the BNA Act of 1867.
- b. relatively late period of industrialization.
- c. presence of Indian, Métis, and Inuit peoples.
- d. policy of multiculturalism.

Answer: <https://biology-forums.com/index.php?topic=826145>

### Question 428

Piaget believed the "principal goal of education is to create [learners] who are capable of doing" what?

- a. Acquiring knowledge of the cultural past
- b. Memorizing massive quantities of information
- c. Accepting truth

d. New things

Answer: <https://biology-forums.com/index.php?topic=826346>

### Question 429

Computer-enhanced instruction (CEI) is different from CAL and CML in that

- a. it is far more structured.
- b. it relies more heavily on rote memorization of course content.
- c. is more inquiry-oriented.
- d. teachers play a less predominate role.

Answer: <https://biology-forums.com/index.php?topic=826534>

### Question 430

As beginning teachers, you

- a. definitely won't be able to participate in teacher-leadership roles.
- b. might have opportunities to participate in teacher-leadership roles.
- c. should probably work in isolation to first build up your own teaching resources.
- d. should, at first, avoid activities that enhance your leadership growth as you won't yet know the politics of the school.

Answer: <https://biology-forums.com/index.php?topic=826600>

### Question 431

In Ms. Hildebrandt's reading class, the students do not use textbooks but write stories and learn to read from their writing. This approach is known as the

- a. whole language movement.
- b. progressive curriculum.
- c. relevancy-based curriculum.
- d. literacy-based movement.

Answer: <https://biology-forums.com/index.php?topic=826490>

### Question 432

In response to the increasing number of at-risk students, many schools are also providing

- a. health and social services.
- b. extended programs for the gifted.
- c. financial incentives for families.
- d. greater emphasis on educating girls.

•

Answer: <https://biology-forums.com/index.php?topic=826697>

### Question 433

Perennialism views truth as

- a. relativistic.
- b. in a state of constant change.
- c. beyond human comprehension.
- d. constant.

Answer: <https://biology-forums.com/index.php?topic=826064>

### Question 434

Which of the following statements accurately reflects current thinking about the attitudes of general education teachers toward special education students?

- a. Special education students should be encouraged to excel in their own classes.
- b. The integration of special education students is appropriate in non-academic subjects.
- c. A supportive climate can significantly enhance student self-confidence.
- d. Strong teacher encouragement can heal mental deficiencies.

Answer: <https://biology-forums.com/index.php?topic=826398>

### Question 435

The term used to describe when high schools form partnerships with the private sector in the vocational area is

- a. collaborative training.
- b. cooperative learning.
- c. Goals 2000.
- d. school-to-work transitions.

Answer: <https://biology-forums.com/index.php?topic=826506>

### Question 436

All of the following areas of philosophy are of central concern to teachers except

- a. cosmology.
- b. metaphysics.
- c. epistemology.
- d. axiology.

Answer: <https://biology-forums.com/index.php?topic=826043>

### Question 437

As far as intellectual capacity, students

- a. begin with the same potential, but external influences affect development.
- b. develop based on their surroundings and support.
- c. are very diverse.
- d. are generally similar in nature.

Answer: <https://biology-forums.com/index.php?topic=826362>

### Question 438

Which of the following statements would BEST represent the view of those who oppose privatization?

- a. "We must educate our masters."
- b. "Education is too important to be left to the market-place."
- c. "Civilization is a race between chaos and education."
- d. "Education includes but goes beyond schooling."

•

Answer: <https://biology-forums.com/index.php?topic=826703>

### Question 439

One of the most interesting experiments in Canadian education during the last decade has been the development of

- a. technology schools.
- b. outcome-based schools.
- c. authentic teaching and learning.
- d. charter schools and for-profit schools.

Answer: <https://biology-forums.com/index.php?topic=826698>

### Question 440

Constraints to effective thought processes and actions can include all of the following except

- a. the physical selling of the classroom.
- b. the curriculum.
- c. salary levels of teachers.
- d. the community.

Answer: <https://biology-forums.com/index.php?topic=825911>

### Question 441

Mr. Fineday teaches in an elementary school where students do most of their work independently, with a number of teachers providing individual guidance as needed. His teaching area is also large and has movable walls and furniture that can be rearranged easily. Mr. Fineday teaches in

- a. a self-contained classroom.
- b. a performance-based school.
- c. an open-space school.
- d. an outcome-based school.

Answer: <https://biology-forums.com/index.php?topic=826280>

### Question 442

Instructional methods that incorporate authentic activities include all of the following except

- a. cooperative learning.
- b. field trips.
- c. experiments.
- d. worksheets.

•

Answer: <https://biology-forums.com/index.php?topic=826690>

### Question 443

The main impact upon schooling in Quebec of the settlement of British colonists after 1763 was

- a. the replacement of French by English institutions.
- b. the creation of two totally separate school systems.
- c. the blending of the two national traditions of schooling.
- d. the requirement that all teaching be in the English language.

Answer: <https://biology-forums.com/index.php?topic=826126>

### Question 444

The curriculum that draws from several different subject areas and focuses on a theme or concept rather than on a single subject is called the

- a. inclusionary curriculum.
- b. student-centred curriculum.
- c. integrated curriculum.
- d. subject-centred curriculum.

Answer: <https://biology-forums.com/index.php?topic=826477>

### Question 445

Educational research supports the fact that those who become teachers are more influenced by their teachers as

- a. subject-matter experts.
- b. coaches.
- c. disciplinarians.
- d. people.

Answer: <https://biology-forums.com/index.php?topic=825839>

### Question 446

Ho receives services from an itinerant teacher in the regular classroom for assistance in reading in Braille. What kind of services is Ho receiving?

- a. Social services
- b. Related services
- c. Regular education services
- d. Special education services

Answer: <https://biology-forums.com/index.php?topic=826388>

### Question 447

In comparison to other countries, teachers in Canada

- a. have about one hour or less per day for planning.
- b. teach longer hours per week.
- c. are paid less.
- d. have fewer fringe benefits.

Answer: <https://biology-forums.com/index.php?topic=826712>

### Question 448

All of the following statements reflects the view of inclusive educators except

- e. all students must have equal opportunities to learn.
- f. their culture predisposes students to learn in certain ways.
- g. current school practices provide all students with the same opportunities to learn.
- h. students do not learn in a vacuum.

Answer: <https://biology-forums.com/index.php?topic=826309>

### Question 449

- a. effective teaching is based on the notion of the constancy of human nature and truth.
- b. learning is essentially passive.
- c. that curricula in public schools should emphasize the Great Books of Western Civilization.
- d. public school curriculum should derive from students' interests and needs.

Answer: <https://biology-forums.com/index.php?topic=826076>

### Question 450

E-portfolios can be described in the following ways except

- a. they are known best as an assessment tool.
- b. they allow both teachers and students to track progress and growth.
- c. they include personal reflections and philosophy of life.
- d. they are very difficult to put together and students need to know HTML.

Answer: <https://biology-forums.com/index.php?topic=826523>

### Question 451

Under which of the fundamental freedoms identified in the Charter of Rights and Freedoms 1982 might fall a situation involving a student wishing to form a school club for gays and lesbians?

- a. Freedom of association
- b. Freedom of assembly
- c. Freedom of religion
- d. Freedom of expression

Answer: <https://biology-forums.com/index.php?topic=826223>

### Question 452

The primary purpose of the professional portfolio is to

- a. provide storage for all academic work.
- b. stimulate reflection and dialogue.
- c. prepare for your first job interview.
- d. provide documentation for provincial reviews.

Answer: <https://biology-forums.com/index.php?topic=826023>

### Question 453

By the turn of the 20th century all of the following factors created a need to move beyond the rural, multi-grade, one-room schoolhouse except

- a. industrialization required skilled workers.
- b. increased homesteading on the prairies.
- c. movement of population to urban centres.
- d. significant immigrant population in cities.

Answer: <https://biology-forums.com/index.php?topic=826147>

### Question 454

Which of the following statements about the role of parents in education most directly contributes to the success of their children?

- a. Supporting and encouraging the child's school activities
- b. Participating in school advisory councils
- c. Providing volunteer services
- d. Fund-raising

Answer: <https://biology-forums.com/index.php?topic=826209>

### Question 455

The curriculum that refers to what a school intends to teach students is called the

- a. implicit curriculum.
- b. explicit curriculum.
- c. null curriculum.
- d. functional curriculum.

Answer: <https://biology-forums.com/index.php?topic=826459>

### Question 456

Martha just completed her first week of teaching. The dimension of teaching that was most immediately evident to her was

- a. the power that she has as a teacher.
- b. the opportunity to reflect on her teaching.
- c. the ability to control the factors that determine the success of her students.
- d. her influence in curricular decisions.

Answer: <https://biology-forums.com/index.php?topic=825917>

### Question 457

Darcie will be starting her first day of teaching next week. All of the following are strategies experienced teachers would recommend for Darcie except

- a. planning carefully.
- b. establishing good management practices.
- c. following up on procedures established during the first day.

d. planning to have the principal talk with the students to demonstrate support by the administration.

Answer: <https://biology-forums.com/index.php?topic=826668>

### Question 458

All of the following are true of female and male involvement in suicide except

- a. female students are twice as likely to attempt suicide.
- b. lesbian and gay students are two to three times as likely as heterosexual students to attempt suicide.
- c. students in grade twelve are the most likely to attempt suicide.
- d. male students are more likely to actually commit suicide.

Answer: <https://biology-forums.com/index.php?topic=826341>

### Question 459

The four forms of essential knowledge are:

- a. self-knowledge, knowledge of behaviour, knowledge of integrating technology, and subject-knowledge
- b. knowledge of behaviour, self-knowledge, subject-knowledge, and knowledge of educational theory and research
- c. self and student knowledge, subject-knowledge, knowledge of educational theory and research, and knowledge of integrating technology
- d. self-knowledge, knowledge of educational technology, knowledge of behaviour, and knowledge of students

Answer: <https://biology-forums.com/index.php?topic=825926>

### Question 460

The branch of axiology known as aesthetics is concerned with

- a. sources of human knowledge.
- b. issues of classroom reality.
- c. questions of being.
- d. values related to beauty.

Answer: <https://biology-forums.com/index.php?topic=826058>

### Question 461

All of the following educational technology standards for teachers have been identified by ISTE except

- a. professional growth and leadership.
- b. digital age work and learning.
- c. digital citizenship and responsibility.
- d. systemic improvement.

Answer: <https://biology-forums.com/index.php?topic=826520>

### Question 462

A future direction of Canadian education should include

- a. core curriculum components.
- b. inquiry-based curriculum ideals.
- c. curriculum that both informs and educates future citizens who will contribute to Canadian society.
- d. curriculum that is relevancy-based.

Answer: <https://biology-forums.com/index.php?topic=826486>

### Question 463

In Ontario the movement to establish a tax-supported school system for all children gained support from all of the following settler groups except

- a. Family Compact.
- b. Loyalists.
- c. American settlers arriving in Ontario between the years 1783-1812.
- d. well-educated individuals with a high regard for schooling.

Answer: <https://biology-forums.com/index.php?topic=826132>

### Question 464

According to educational research, most people who decide to become teachers make that decision

- a. before college.
- b. during the first year of college.
- c. towards the end of their college career.
- d. after college.

Answer: <https://biology-forums.com/index.php?topic=825837>

### Question 465

Because a child's physical welfare may be further endangered when abuse is reported, it is important that

- there be no doubt of abuse having occurred.
- caution and sensitivity be employed.
- the teacher waits for permission from the principal.
- counselors should give their approval of the report.

Answer: <https://biology-forums.com/index.php?topic=826245>

### Question 466

Which of the following might be a physical indicator of child abuse requiring the teacher to report to child welfare authorities?

- Extreme withdrawal
- Unexplained burns
- Apprehensive when other children cry
- Cannot tolerate physical touch

Answer: <https://biology-forums.com/index.php?topic=826235>

### Question 467

Schools are using sophisticated home-school communication systems to

- save money on telephone charges.
- help teachers and parents communicate.
- communicate students' progress to the provincial Department of Education.
- protect the sanctity of students' official records.

Answer: <https://biology-forums.com/index.php?topic=826538>

### Question 468

Asking students to work with partners on an assignment is an example of

- positive interdependence.
- negative interdependence.
- homogeneous grouping.
- no interdependence.

Answer: <https://biology-forums.com/index.php?topic=826408>

### Question 469

The Great Books of the Western World curriculum is most closely associated with which of the following philosophies?

- Progressivism
- Perennialism
- Existentialism
- Behaviourism

Answer: <https://biology-forums.com/index.php?topic=826070>

### Question 470

Goleman believes that emotional intelligence includes all of the following components except

- self-awareness.
- handling emotions.
- physical coordination.
- social skills.

Answer: <https://biology-forums.com/index.php?topic=826252>

### Question 471

Which of the following factors may be the MOST difficult to gauge, when considering adopting educational practices from other countries?

- Impact upon existing program of studies
- Degree of in-servicing that would be required
- How to measure degree of impact on achievement
- How to measure relationship to the surrounding culture

Answer: <https://biology-forums.com/index.php?topic=826710>

### Question 472

Canadian law regulates all of following conditions of teaching except

- a. who can teach (certification).
- b. how teachers teach.
- c. grounds for dismissal.
- d. Duties and powers of teachers.

Answer: <https://biology-forums.com/index.php?topic=826218>

### Question 473

A speech synthesizer, a talking word processor, and television closed-captioning are all examples of

- a. the Internet.
- b. augmentative communication.
- c. inclusive technology.
- d. assistive technology.

Answer: <https://biology-forums.com/index.php?topic=826403>

### Question 474

In a country like Canada, with a strong aboriginal population, European immigrants dominated by English and French speakers, and recent immigration surges from visible minorities, one of the most active areas of schooling arrangements relates to

- a. language of instruction.
- b. location of new schools.
- c. standardized testing.
- d. per student funding.

Answer: <https://biology-forums.com/index.php?topic=826202>

### Question 475

Curriculum development in Mathematics in Canada has tended to draw from

- a. the National Council of Teachers of Mathematics
- b. the Canadian Protocol of Curriculum Design
- c. the Atlantic Council of Ministers
- d. the Northern Accord

Answer: <https://biology-forums.com/index.php?topic=826493>

### Question 476

Students who participate in extracurricular/cocurricular activities tend to have

- a. higher self-concepts.
- b. lower grades in core academic subjects.
- c. a greater chance of dropping out of school.
- d. regretted expending valuable school time in this way when they grow older.

Answer: <https://biology-forums.com/index.php?topic=826464>

### Question 477

According to the text, the most significant and dramatic criticism of group IQ tests is that

- a. they are timed.
- b. emotional factors of the student are not considered.
- c. they are culturally biased.
- d. the test is one-time, one sifting score.

Answer: <https://biology-forums.com/index.php?topic=826366>

### Question 478

What special status do English and French enjoy in Canada regarding second-language instruction in public schools?

- a. The child must be educated in language of parent.
- b. Many jobs in Canada require French.
- c. They are entrenched as Official Languages.
- d. Publicly funded education in either is available to all students.

Answer: <https://biology-forums.com/index.php?topic=826497>

### Question 479

An approach whereby a classroom teacher meets with one or more other professionals (i.e., a special educator, school psychologist, resource teacher) to focus on the learning needs of one or more students is called

- a. collaborative consultation.

- b. full inclusion.
- c. due process.
- d. site-based management.

Answer: <https://biology-forums.com/index.php?topic=826401>

### Question 480

The most direct form of assistance for a beginning teacher would be

- a. working with a mentor.
- b. additional coursework in management and discipline.
- c. a longer, more comprehensive student teaching experience.
- d. additional coursework in special education.

Answer: <https://biology-forums.com/index.php?topic=826029>

### Question 481

A key point in thinking about the mode of teaching referred to as "a form of empowerment" is to

- a. start out very strict and rigid in classroom management.
- b. be aware of your power and vow to do no harm with it.
- c. be consistent and prompt with reinforcements.
- d. treat everyone democratically and favor no one.

Answer: <https://biology-forums.com/index.php?topic=825919>

### Question 482

Learning that encourages students to work in small groups on problems that have many solutions is called

- a. open-ended learning.
- b. rote learning.
- c. drill and practice.
- d. problem-centred learning.

Answer: <https://biology-forums.com/index.php?topic=826494>

### Question 483

As an affiliate member you are also held to the same professional code

- a. all the time.
- b. as much as possible.
- c. never – you're not a professional teacher.
- d. when it's possible to uphold it.

Answer: <https://biology-forums.com/index.php?topic=826660>

### Question 484

The BNA Act of 1867 (renamed the Constitution Act in 1982) placed the following limitation on the exclusive power of provincial legislatures to make laws regarding education:

- a. Federal notwithstanding power
- b. Guarantee of any denominational schooling privilege at time of the Union
- c. Ability of premier and cabinet to override this authority
- d. Must provide equal opportunity for education in English, French, and Native languages

Answer: <https://biology-forums.com/index.php?topic=826190>

### Question 485

Which of the following is the condition for teachers applying force by way of correction under section 43 of the Criminal Code that is most open to judicial interpretation?

- a. Standing in the place of a parent.
- b. The pupil being under his/her care.
- c. Force does not exceed what is reasonable.
- d. Misbehaviour by the student.

Answer: <https://biology-forums.com/index.php?topic=826233>

### Question 486

Instruction that is designed to meet the needs of exceptional children is known as

- a. developmental education.
- b. remedial education.
- c. special education.

d. age-appropriate education.

Answer: <https://biology-forums.com/index.php?topic=826387>

### Question 487

Dr. David MacKinnon criticized the Atlantic Provinces Education Foundation outcome-based curriculum on the grounds that it

- a. confined assessment to what was observable and measurable.
- b. required being carried out in classroom-like settings.
- c. neglected the candidate's achievements in formal coursework.
- d. neglected teacher-training specializations.

Answer: <https://biology-forums.com/index.php?topic=825955>

### Question 488

Skinner's operant (or type R) conditioning advances all of the following ideas except

- a. satisfying responses are conditioned.
- b. teachers should withhold reinforcers until students have reflected on their behaviours.
- c. pleasant things have an energizing effect on human behaviour.
- d. pleasant things have a strengthening effect on human behaviour.

Answer: <https://biology-forums.com/index.php?topic=826096>

### Question 489

Tobias is a junior in high school and a member of the National Honor Society. He has spastic cerebral palsy, uses a wheelchair, but participates in regular education curriculum with his peers. Tobias is an example of

- a. discrimination.
- b. reverse discrimination.
- c. mainstreaming.
- d. due process.

Answer: <https://biology-forums.com/index.php?topic=826393>

### Question 490

Which of the following groups is most concerned to influence the shaping of school policies so as to ensure implementation of the best research into school improvement?

- a. Politicians
- b. Business
- c. Minorities
- d. Educational theorists

Answer: <https://biology-forums.com/index.php?topic=826216>

### Question 491

Course descriptions, curriculum guides, and lesson plans are examples of the

- a. explicit curriculum.
- b. implicit curriculum.
- c. functional curriculum.
- d. null curriculum.

Answer: <https://biology-forums.com/index.php?topic=826460>

### Question 492

The major national teachers' organization in Canada is the

- a. National Teachers Alliance.
- b. Canadian Association of Teachers.
- c. Canadian Teachers' Federation.
- d. National School Association.

Answer: <https://biology-forums.com/index.php?topic=826573>

### Question 493

Individuals who replace regular teachers who are absent due to illness, family responsibilities, or professional workshops and conferences are

- a. paraprofessionals.
- b. teacher assistants.
- c. substitute teachers.
- d. student support staff.

Answer: <https://biology-forums.com/index.php?topic=826013>

### Question 494

Mr. Evans, a fifth grade teacher in a suburban school, makes derogatory remarks to his class about inner city schools. In which of the following realities of teaching does Mr. Evans lack an understanding?

- a. The uniqueness of the teaching experience.
- b. The need for teacher-student partnership.
- c. The impact of teachers' attitudes.
- d. The unpredictability of outcomes.

Answer: <https://biology-forums.com/index.php?topic=825901>

### Question 495

According to a 2009 Statistics Canada survey, what percentage of Canadians aged 18-59 reported as gay, lesbian, or bisexual?

- a. 2%
- b. 5%
- c. 8%
- d. 11%

Answer: <https://biology-forums.com/index.php?topic=826322>

### Question 496

In the absence of a national office or ministry of education, the federal government is involved in funding, but not delivering, programs that promote such federal interests as the following except

- a. official languages.
- b. national defence.
- c. Canadian studies.
- d. multiculturalism.

Answer: <https://biology-forums.com/index.php?topic=826192>

### Question 497

Within-class ability grouping is often used for instruction in

- a. the arts.
- b. cross-curricular activities.
- c. reading and mathematics.
- d. split-level classrooms.

Answer: <https://biology-forums.com/index.php?topic=826420>

### Question 498

Jon is disturbed by the problems of contemporary North America—the erosion of the family, the increasing violence in our cities, and the hardships of poverty. To make a difference, Jon has chosen to pursue teaching as a profession. His primary reason for this choice is the

- a. desire to serve others.
- b. community support and admiration of others.
- c. availability of jobs.
- d. competitive salary.

Answer: <https://biology-forums.com/index.php?topic=825843>

### Question 499

Dimensions of teacher activity that are assessed for effective pedagogical behaviour include all of the following, except

- a. planning and preparation.
- b. effective classroom management.
- c. effective teacher–student ratio.
- d. verbal and non-verbal communication.

Answer: <https://biology-forums.com/index.php?topic=825949>

### Question 500

All of the following are student-centred advantages of computer-assisted instruction (CAI) except

- a. student's self-tasking and self-pacing of their learning.
- b. opportunities for individualized instruction.
- c. low-risk learning context for learners who are less able.
- d. the elimination of drill-and-practice exercises.

Answer: <https://biology-forums.com/index.php?topic=826535>

### Question 501

- The Apple Classroom of Tomorrow—Today project is an example of
- a successfully implemented student nutrition program.
  - an example of industry and the education sector working collaboratively.
  - a massive advertising campaign for Apple computers.
  - one of the most innovative new schools in recent history.

Answer: <https://biology-forums.com/index.php?topic=826542>

### Question 502

- The approach that typically will include mandatory assessments of students' performance at different age levels is
- the core curriculum.
  - outcome-based education.
  - relevancy-based education.
  - progressive education.

Answer: <https://biology-forums.com/index.php?topic=826489>

### Question 503

- What teachers believe students are like is based on
- school district policies.
  - the views of teaching peers.
  - their views of their own children.
  - their unique life experiences.

Answer: <https://biology-forums.com/index.php?topic=826040>

### Question 504

- As principals respond to increasing pressure to become more effective at facilitating collaborative, emergent approaches to leadership, teachers should receive
- greater degrees of self-governance.
  - higher salaries.
  - less control over the curriculum.
  - collective bargaining.

Answer: <https://biology-forums.com/index.php?topic=826592>

### Question 505

- The knowledge base that a teacher needs to teach well includes all of the following except
- provincial standards.
  - child and adolescent development.
  - research-based competencies.
  - personal development.

Answer: <https://biology-forums.com/index.php?topic=825937>

### Question 506

- Which of the following is not an outcome of effective teaching?
- Students acquire an understanding of the subject at hand
  - Students pass a basic competency exam
  - Students can apply what they have learned to new situations
  - Students have a desire to continue learning

Answer: <https://biology-forums.com/index.php?topic=826454>

### Question 507

- In Canada, the highest rates of teacher pay are offered in
- Alberta
  - Ontario
  - British Columbia
  - Northern Territories

Answer: <https://biology-forums.com/index.php?topic=825978>

### Question 508

According to Renzulli, gifted and talented persons exhibit all of the following characteristics except

- a. high ability.
- b. high grades.
- c. high creativity.
- d. high task orientation.

Answer: <https://biology-forums.com/index.php?topic=826382>

### Question 509

The increasing demand in Canada for teachers with personal experience in learning with disabilities or overcoming challenges of ethnic diversity arises from the importance of

- a. providing role models for students facing similar challenges.
- b. providing careers for groups historically under-employed.
- c. high turnover of teachers in such classrooms.
- d. high public interest in special education.

Answer: <https://biology-forums.com/index.php?topic=825851>

### Question 510

The lack of standardization in requirements for teacher certification in Canada results from education being constitutionally the responsibility of

- a. federal departments.
- b. municipal administrations.
- c. territorial jurisdictions.
- d. provincial governments.

Answer: <https://biology-forums.com/index.php?topic=825973>

### Question 511

To which philosophy of education would Aristotle's concept of "the useful in life" most likely apply?

- a. Progressivism
- b. Essentialism
- c. Behaviourism
- d. Existentialism

Answer: <https://biology-forums.com/index.php?topic=826337>

### Question 512

A student must be mainstreamed into a general education classroom whenever such integration is feasible and appropriate. This is called

- a. due process.
- b. least restrictive environment.
- c. diversity.
- d. special education initiative.

Answer: <https://biology-forums.com/index.php?topic=826392>

### Question 513

Many aboriginal students in urban schools in Canada feel marginalized because of

- a. increasing efforts at inclusive education.
- b. increasing urban Native population.
- c. inability to see reflection in ethnicity of teachers.
- d. inability to retain treaty or status rights.

Answer: <https://biology-forums.com/index.php?topic=825872>

### Question 514

Discuss how effective teachers provide equity for all students.

Answer: <https://biology-forums.com/index.php?topic=826720>

### Question 515

In Nova Scotia the group that most effectively campaigned for a non-denominational public school system were the

- a. Anglicans.
- b. Society for the Propagation of the Bible.
- c. Scots.
- d. Planters.

Answer: <https://biology-forums.com/index.php?topic=826129>

### Question 516

The current teaching strategies in Mathematics in Canada emphasize

- a. rote learning.
- b. problem solving, student connections and the use of technology.
- c. teacher-focused delivery.
- d. one-on-one student assistance.

Answer: <https://biology-forums.com/index.php?topic=826492>

### Question 517

The oppressive and sometimes cruel conditions of many residential mission schools in the past have given rise to call by Native organizations for

- a. increased funding to the missions.
- b. increased number of church schools.
- c. greater Native control of education.
- d. greater federal control of education.

Answer: <https://biology-forums.com/index.php?topic=826169>

### Question 518

In preparation of seeking employment, it is a good idea to do all of the following except

- a. determine the additional materials you will need to submit with each application.
- b. determine the geographical location you would like to teach.
- c. create a list of school boards/employment services you will check regularly.
- d. wait to update your résumé and materials until a job is posted.

Answer: <https://biology-forums.com/index.php?topic=826661>

### Question 519

Across all aspects of school curriculum, which academic area has held the most insecure position?

- a. Language arts
- b. Arts
- c. Mathematics
- d. Social studies

Answer: <https://biology-forums.com/index.php?topic=826499>

### Question 520

Which of the following is LEAST likely as a marketing decision of Canadian textbook publishers?

- a. Avoiding bias in terms of gender, ethnicity and culture.
- b. Including controversial subjects and perspectives.
- c. Attentiveness to most populous provinces.
- d. Aiming to fit curricular requirements in several jurisdictions.

Answer: <https://biology-forums.com/index.php?topic=826482>

### Question 521

Ms. Wong has been identified as a successful urban teacher. According to the research, Ms. Wong most likely has all of the following characteristics except a(n)

- a. quiet soft-spoken style of teaching.
- b. acceptance and understanding of different cultures and religions.
- c. view of success based on effort rather than ability.
- d. belief that education will provide students with a chance to "make it" in life.

Answer: <https://biology-forums.com/index.php?topic=825962>

### Question 522

All of the following are important conditions that support and enhance teacher leadership development except

- a. dedicated time with colleagues for discussion, planning, and development.
- b. meaningful professional development opportunities.
- c. structured opportunities for deliberate collaborations, projects, and research with others.
- d. regular assessment and monitoring by administration.

Answer: <https://biology-forums.com/index.php?topic=826599>

### Question 523

Which of the following is not part of Alexis Juurlink's strategy to address disruptive behaviour?

- a. Social skills lessons on attentive listening using role play and discussion.
- b. Increasing positive reinforcement through PEBS "Hi-Notes" and verbal praise.
- c. Teacher workshops for students to help them plan for more acceptable ways of behaving.
- d. Student self-monitoring of attentive listening during whole-class discussions.

Answer: <https://biology-forums.com/index.php?topic=826437>

### Question 524

During Erikson's school-age stage, children should be playing seriously, mastering new skills, producing products, being workers, and developing a sense of

- a. responsibility.
- b. social being.
- c. maturity.
- d. industry.

Answer: <https://biology-forums.com/index.php?topic=826357>

### Question 525

Effective classroom management is difficult because of all of the following except

- a. high teacher-student ratios.
- b. lack of administrative support.
- c. overcrowding.
- d. student-mobility rates.

Answer: <https://biology-forums.com/index.php?topic=825860>

### Question 526

The view whereby the student is at the centre of the curriculum is considered education for

- a. personal growth.
- b. social change.
- c. equal education opportunity.
- d. centralized achievement.

Answer: <https://biology-forums.com/index.php?topic=826250>

### Question 527

Action research is primarily

- a. research conducted by teachers in their respective classrooms.
- b. school board-sponsored research programming.
- c. a provincial initiative that assesses teacher competencies.
- d. a National Research Initiative headed by the CTF.

•

Answer: <https://biology-forums.com/index.php?topic=826588>

### Question 528

Dr. Torres is using a teaching strategy that involves providing opportunities for students to analyze teaching situations that are presented on videotape. This technique is called

- a. virtual reality technology.
- b. teaching simulations.
- c. distance learning.
- d. microteaching.

Answer: <https://biology-forums.com/index.php?topic=825993>

### Question 529

A letter indicating your interest in a particular position and your qualifications for that job is a

- a. letter of application.
- b. letter of intent.
- c. letter of inquiry.
- d. letter of interest.

Answer: <https://biology-forums.com/index.php?topic=826665>

### Question 530

An individual who provides moral support, guidance, and feedback to students at various stages of professional preparation is

- a. an administrator.
- b. an expert teacher.
- c. a teacher supervisor.
- d. a mentor.

Answer: <https://biology-forums.com/index.php?topic=826031>

### Question 531

Answer: <https://biology-forums.com/index.php?topic=826182>

### Question 535

According to a large-scale MediaSmarts survey conducted in 2014, what percentage of grade 11 students use smartphones and other devices to stay connected?

- a. 96%
- b. 85%
- c. 79%
- d. 91%

Answer: <https://biology-forums.com/index.php?topic=826507>

### Question 536

Information from the most recent Transition to Teaching Report (2014) indicates

- a. some mid-career teachers in Ontario have left the profession for a variety of reasons, including government policy changes, funding, and student enrolment.
- b. the output of graduates from teacher education programs won't have a large impact on employment opportunities.
- c. most employment opportunities won't be the result of retirement.
- d. most new teaching positions will be full-time, long-term positions.

Answer: <https://biology-forums.com/index.php?topic=826650>

### Question 537

According to this text, which of the following factors is most important in influencing teachers' choice of profession?

- a. Love of teaching and learning.

- b. Professional status and income.
- c. Love of teaching and children.
- d. Professional mobility and variety.

Answer: <https://biology-forums.com/index.php?topic=825829>

### Question 538

Most schooling in New France was delivered by all of the following church groups except

- a. parish priests.
- b. Jesuits.
- c. Ursulines.
- d. Oblates.

Answer: <https://biology-forums.com/index.php?topic=826108>

### Question 539

All of the following are uses of home-school communication systems except

- a. absence and tardy parent notification.
- b. invitations to school events.
- c. teacher reminders for assignments/activities.
- d. posting of grades on the Internet.

Answer: <https://biology-forums.com/index.php?topic=826539>

### Question 540

Mr. Chen, a high school teacher, is chairperson of the Curriculum Development Committee in Math. His focus is on providing the facts, law, and principles of math. He will most likely be advocating

- a. a student-centred curriculum.
- b. a college curriculum.
- c. a subject-centred curriculum.
- d. an integrated curriculum.

Answer: <https://biology-forums.com/index.php?topic=826473>

### Question 541

A perennialistic curriculum should stress

- a. students' intellectual growth in the arts and sciences.
- b. students' appreciation of issues of being.
- c. existentialistic values.
- d. world-wide social change.

Answer: <https://biology-forums.com/index.php?topic=826068>

### Question 542

Which of the following is not included on a résumé?

- a. honors and offices held
- b. references
- c. birthdate
- d. activities and interests

Answer: <https://biology-forums.com/index.php?topic=826664>

### Question 543

The body formed in 1967 to try to act as the national voice of education in Canada was the

- a. National Research Centre.
- b. Council of the Provinces.
- c. Canadian Teachers Federation.
- d. Council of Ministers of Education, Canada.

Answer: <https://biology-forums.com/index.php?topic=826199>

### Question 544

At SBM (school-based management) schools, the decision-making body consists of all of the following except

- a. parents.
- b. a principal.
- c. students.
- d. teachers.

Answer: <https://biology-forums.com/index.php?topic=826211>

### Question 545

Collective bargaining laws include

- a. placing teachers in specific grade designations.
- b. negotiating contracts with teacher organizations.
- c. the establishment of school budgets and the allocation of resources.
- d. input from concerned parental organizations.

Answer: <https://biology-forums.com/index.php?topic=826217>

### Question 546

What type of instruction is used when students are presented with a situation to which they "react and discover basic conflicts among their attitudes, ideas, and modes of perception"?

- a. group investigation
- b. discovery learning
- c. inquiry learning
- d. mastery learning

Answer: <https://biology-forums.com/index.php?topic=826451>

### Question 547

Which of the following statements about school-based management represents a rationale for the other three?

- a. Teachers can become directly involved in budget decisions.
- b. Decisions formerly made by the board are made by the school.
- c. Parents are actively consulted in development of school policies.
- d. Decisions are best made at the level closest to the school itself.

Answer: <https://biology-forums.com/index.php?topic=826208>

### Question 548

The highly centralized control of the content of student learning by provincial departments of education is carried out through all of the following except

- a. authorization of textbooks.
- b. development of curriculum guides.
- c. provincial student testing.
- d. funding for First Nations children off reserve.

Answer: <https://biology-forums.com/index.php?topic=826200>

### Question 549

Under which of the fundamental freedoms identified in the Charter of Rights and Freedoms 1982 might fall a situation involving student protest of political issues during school time?

- a. Freedom of expression
- b. Freedom of religion
- c. Freedom of association
- d. Freedom of assembly

Answer: <https://biology-forums.com/index.php?topic=826222>

### Question 550

Progressive educational philosophy contends that

- a. truth is constant and revealed in nature.
- b. knowledge is acquired through self-discipline and hard work.
- c. what is true in the present may not be true in the future.
- d. knowledge is a harmony of faith and reason.

Answer: <https://biology-forums.com/index.php?topic=826078>

### Question 551

Of the following strategies to find out about teaching vacancies, the least effective is

- a. Education Canada Network.
- b. Canada Employment Centres.
- c. personal networking.
- d. Apply to Teach Network.

Answer: <https://biology-forums.com/index.php?topic=826652>

### Question 552

An approach that emphasizes positive, caring relationships with students and encourages students to take responsibility for their behaviour is

- the acceptance approach.
- behaviour modification.
- moral development.
- a problem-solving conference.

Answer: <https://biology-forums.com/index.php?topic=826438>

### Question 553

All of the following are principles of initial teacher education except

- envisions teachers as professionals who observe, discern, critique, assess, and act accordingly.
- offers a specific formula for teaching students with special needs.
- promotes diversity, inclusion, understanding, acceptance, and social responsibility.
- ensures sound knowledge of subject matter.

Answer: <https://biology-forums.com/index.php?topic=826552>

### Question 554

In 1919, following World War 1, the federal government offered major funding to the provinces to develop school facilities for

- fine arts.
- technical/vocational programs.
- commercial/business programs.
- education research.

Answer: <https://biology-forums.com/index.php?topic=826172>

### Question 555

Some of the "essential design principles" in the Apple Classrooms of Tomorrow—Today project include all of the following except

- understanding of 21st century skills and outcomes.
- a culture of innovation and creativity.
- standardized computer testing.
- social and emotional connections with students.

Answer: <https://biology-forums.com/index.php?topic=826543>

### Question 556

Your success in your first year of teaching will be determined by

- change in test scores of students.
- evaluations by your principal.
- feedback by colleagues.
- relationships you develop with students, families, and the school community.

Answer: <https://biology-forums.com/index.php?topic=826669>

### Question 557

Research indicates that all students learn best when they are

- working individually and closely monitored.
- involved in drill and practice.
- actively involved in authentic activities.
- working in cooperative groups.

•  
Answer: <https://biology-forums.com/index.php?topic=826689>

### Question 558

It is most accurate to say that learning preferences

- do not change as an individual matures.
- come to reflect a greater need for structure as an individual matures.
- can change as the individual matures.
- come to reflect a greater need for spontaneity as an individual matures.

Answer: <https://biology-forums.com/index.php?topic=826370>

### Question 559

Which of the following groups is most concerned to influence the shaping of school policies so as to ensure improved working conditions and terms of employment?

- a. Teachers
- b. Taxpayers
- c. Minorities
- d. Parents

Answer: <https://biology-forums.com/index.php?topic=826184>

### Question 560

Which of these large questions about education had to be answered by "everybody" in order to create a public school system?

- a. Who could attend and who would pay for it?
- b. What would it teach and to whom?
- c. Who would run it and teach in it?
- d. Who could leave it?

Answer: <https://biology-forums.com/index.php?topic=826120>

### Question 561

The four curricula that all students experience are

- a. implicit, explicit, hidden, and traditional.
- b. explicit, null, traditional, and functional.
- c. explicit, extracurricular/cocurricular programs, null, and functional.
- d. null, extracurricular/cocurricular programs, explicit, and hidden.

Answer: <https://biology-forums.com/index.php?topic=826458>

### Question 562

The four ethical standards established by the Ontario College of Teachers include all of the following except

- a. care.
- b. respect.
- c. equity.
- d. integrity.

Answer: <https://biology-forums.com/index.php?topic=826212>

### Question 563

Which of the following might be a physical indicator of child abuse requiring the teacher to report to child welfare authorities?

- a. Unexplained fractures
- b. Unattended medical problems
- c. Unexplained lacerations
- d. Wears clothing that covers body, when not appropriate

Answer: <https://biology-forums.com/index.php?topic=826241>

### Question 564

Concerning the teaching of students from backgrounds different from your own, you may assume all of the following except

- a. it is difficult to know a great deal about the 100 or more ethnic groups. represented in Canadian schools.
- b. your students will likely represent the poor, gifted, and challenged.
- c. students will understand your background as well you understand theirs.
- d. it is challenging but essential that teachers be sensitive to differences among students.

Answer: <https://biology-forums.com/index.php?topic=826009>

### Question 565

The term used for the procedures that protect a teacher from being treated arbitrarily by those in authority is

- a. collective agreement.
- b. right of association.
- c. due process.
- d. grievance.

Answer: <https://biology-forums.com/index.php?topic=826215>

### Question 566

The principal Canadian critic of the increasing presence of large corporations in Canadian schools has been

- a. Ralph Nader.
- b. Maude Barlow.

- c. Kenneth Galbraith.
- d. Michael Moore.

Answer: <https://biology-forums.com/index.php?topic=826695>

### Question 567

Educational research indicates that students are less likely to participate in extracurricular/cocurricular programs in

- a. smaller school districts.
- b. rural schools.
- c. certain geographic regions.
- d. larger schools.

Answer: <https://biology-forums.com/index.php?topic=826465>

### Question 568

The professional who assists children by helping them prepare for everyday living is a

- a. school psychologist.
- b. resource-room teacher.
- c. occupational therapist.
- d. consulting teacher.

Answer: <https://biology-forums.com/index.php?topic=826402>

### Question 569

Which of the following terms used to describe the problematic professional status of teachers suggests that its status is strengthening with time?

- a. uncertain
- b. emerging
- c. endangered
- d. semi-

Answer: <https://biology-forums.com/index.php?topic=826555>

### Question 570

Research has documented that the characteristics of successful schools include all of the following except

- a. strong leadership at the administrative level.
- b. school boards with representation from the student body.
- c. an environment that is orderly and safe.
- d. teachers, administrators, and staff work well together

Answer: <https://biology-forums.com/index.php?topic=826330>

### Question 571

The curriculum that places primary emphasis on the logical order of the discipline students are to study is called the

- a. subject-centred curriculum.
- b. null curriculum.
- c. student-centred curriculum.
- d. integrated curriculum.

Answer: <https://biology-forums.com/index.php?topic=826474>

### Question 572

In the progressively-oriented classroom, the teacher serves as

- a. the active provider of information to an essentially passive audience.
- b. a guide whose primary responsibility is to facilitate student learning.
- c. an instructor charged with explaining the great axioms of the human experience.
- d. a facilitator to help students discover meaning in existence.

Answer: <https://biology-forums.com/index.php?topic=826079>
