- endorse a health compromising, illegal behaviour
- contribute to the spread of HIV/AIDS
- cost far more than the outcomes warrant
- help only a vulnerable portion of the population
- encourage others to engage in illegal behaviour

Answer: <https://biology-forums.com/index.php?topic=829849>

Question 10

The expected rise in sea level by the year 2100 is expected to be:

- Less than the IPCC projected
- About the same as the IPCC projections
- Greater than the IPCC projections
- Not enough information to support any position right now

Answer: <https://biology-forums.com/index.php?topic=829333>

Question 11

When using acupuncture for pain relief it has been found that the pain relief experience is dependent on the

- expertise of the person inserting the needles
- the type of needles used (e.g. steel, gold, or other metals)
- correct location of acupuncture points
- intensity of the stimulation
- social acceptance of the theory underlying its use

Answer: <https://biology-forums.com/index.php?topic=829738>

Question 12

Shelled creatures are in danger because ocean acidification reduces H⁺ ions that are needed for growth.

True or false?

Answer: <https://biology-forums.com/index.php?topic=829264>

Question 13

Which country recently planted a flag on the sea floor at the north pole as a symbolic claim to that territory?

- United States
- Russia
- Canada
- Norway

Answer: <https://biology-forums.com/index.php?topic=829342>

Question 14

Which of the following elements is NOT a basic building block of coral and coccolithophores?

- Hydrogen
- Oxygen
- Carbon
- Calcium

Answer: <https://biology-forums.com/index.php?topic=829050>

Question 15

Patients rely on physicians to provide information about the diagnosis, cause of the problem and methods of treatment. Generally, physicians _____ the amount of time they were engaged in information giving during an average 20 minute interview.

- drastically overestimate

- b. drastically underestimate
- c. realistically estimate
- d. slightly underestimate
- e. slightly overestimate

Answer: <https://biology-forums.com/index.php?topic=828905>

Question 16

Carbon cap and trade programs are already in place across the country on state and regional levels.

True or false?

Answer: <https://biology-forums.com/index.php?topic=829596>

Question 17
